2 COMMISSIONER KRIMBEL: Well,
3 currently, we have a commission put together.
4 As I said earlier, it is with our Department,
5 Department of Transportation, the Mayor's Office
6 of People with Disabilities, as well as the
7 Mayor's office. /And we have been benchmarking
8 12 different cities.

9 I can tell you right now that
10 we - not counting tips. If you just count the
11 meter rate, our meter rate is second from the
12 bottom. It is the lowest. The only one lower
13 is Washington, D.C. If you add in the surcharge
14 for gasoline, which is the 50 cents and the
15 dollar, it brings it up to fourth from the
16 bottom out of the twelve cities that we looked
T7 at.

18 Also, in that same data set,
19 the cost of gasoline, we are No. 1 across the
20 country. So as you can see, the economics of
21 this industry needs to be looked at and we need
22 to do it right.
