ARTICLE 2

CONCESSION PREMISES, OFFICE PREMISES AND STORAGE PREMISES; RIGHTS OF TENANT AND SUBTENANTS

Premises.

(a) Grant of Premises. Subject to the terms and conditions contained herein, the City hereby leases to Tenant and Tenant hereby accepts from the City, the Premises for the Term and at the Rent herein described and hereby grants to Tenant the right to act as the exclusive developer and manager of the Terminal's Concession Program solely in the Premises pursuant

to the terms and provisions of this Lease and for the Permitted Uses as described below.

(i) The Premises shall include the area from above the floor slab on which the space is located, to beneath the slab of the floor (or roof) above the space, and shall include the inner surfaces of the perimeter walls of the space, perimeter doors and windows but shall not include the land under or adjacent to the Terminal, the roof or any utility or telecommunications lines, antennas, mains, shafts pipes, conduits, ducts, wires or other building systems running through and not exclusively serving the Premises.

(ii) Subject to those rules and regulations promulgated by the Commissioner, Tenant and the Subtenants shall have such rights of ingress and egress to and from the Premises over the Terminal's Common Areas and other public areas of the Airport as may be reasonably necessary for Tenant, the Subtenants and their respective employees, agents, and Contractors and for each of their equipment and vehicles. Tenant and its Subtenants shall control all of their respective vehicular traffic on the Airport, take all precautions as may be reasonably necessary to promote the safety of passengers, customers, business visitors and other persons, and employ such means as may be reasonably necessary to direct movements of any such vehicular traffic.

(iii) Tenant agrees that the City retains the right to place in, through or over the Premises utility lines, mains, telecommunication lines, antennas, shafts, pipes, ducts, conduits, wires, and the like for the use and benefit of the City and other tenants and occupants of the Airport and to replace and maintain, repair and relocate such lines, antennas, mains, shafts, pipes, ducts, conduits, wires and the like, in, over and upon the Premises. When exercising its rights under this Section, the City agrees to use reasonable efforts not to materially interfere with Tenant's or its Subtenants' use of the Premises. Any such lines, antennas, mains, pipes, shafts, ducts, conduits, wires and the like in, through, or over the Premises shall not be deemed to be a part of the Premises.

(b) City's Delivery of the Premises/Shell and Core. The City is responsible for providing the Premises in its current AS-IS WHERE-IS condition. The City makes no warranty, either express or implied, as to the design or condition of the Premises, including the Shell and Core, or the suitability of the Premises, including the Shell and

13

Core, for the Tenant's purposes or needs. The City is not responsible for any patent or latent defect, and Tenant must not, under any circumstances, withhold any amounts payable to the City under this Lease on account of any defect in the Premises, including the Shell and Core. If feasible, the City will assign to Tenant any warranties obtained from the City's contractor for the Shell and Core and/or the right to enforce City's rights under its contract for the Shell and Core.

(c) Tenant's Redevelopment Obligations. Pursuant to Article 8 hereof and as further described in Exhibit F, Tenant shall be responsible for the redevelopment of the Concession Program which shall consist of the following: (i) the relocation of the security checkpoint, (ii) removal of four travelators (moving sidewalks), (iii) demolition of one of the existing pre-security restrooms and reconfiguration of the other existing pre-security restrooms (half for ladies and half for men), (iv) re-demising of all Subtenant Concession Premises, (v) the remodel, tit out and furnishing of all common food court seating areas and providing power feeds from existing base building electrical rooms and panels to the Concession Premises as well as extending water and gas utilities lines and facilities from existing base building connection points within the Terminal as needed (the "Redevelopment"). Tenant, or the Subtenants shall be solely responsible for any and all costs and expenses associated with any utility use and consumption increases required by the Redevelopment, including extending any required utility lines within the Terminal from the existing base building connection points to the Premises. Except as expressly set forth in this Lease, in no event shall Tenant be reimbursed for its costs and expenses in connection with the Redevelopment. The Redevelopment requires, the complete realignment of the existing Transportation Security Agency ("TSA") security checkpoints and the City shall be responsible for obtaining the TSA approval of the Redevelopment as well as the approval of the airlines operating in the Terminal. Tenant shall provide assistance to the City in obtaining such approvals. All such approvals shall be obtained in a timely manner by the City so as not to adversely impact the Construction Phasing and Opening Schedule as set forth in Exhibit F. Should the City not obtain such approvals on a timely basis or should the City fail to obtain all necessary approvals, the Parties shall meet in good faith to mutually agree on appropriate adjustments to both the scope of work of the Redevelopment that may be reasonably necessary in order to obtain all required approvals and the Construction Phasing and Opening Schedule shall be appropriately adjusted to reflect any such delays incurred or changes in the scope.

Tenant shall be responsible for the identification of any Hazardous Materials that may be encountered during the construction for the Redevelopment and shall report any such Hazardous Materials so encountered to the Department and the City. The City, at the City's sole cost and expense, shall be responsible for the remediation and/or removal of any such Hazardous Materials and shall also be responsible for obtaining the approval of any inspections or certifications related to any such Hazardous Materials which may be required by applicable laws in order for Tenant to perform the

construction of the Base Building Improvements for the Redevelopment and for the Subtenants to perform the construction of the Subtenant Fixed Improvements for the New Concession Premises.

14

(d) New Concession Premises. Upon the completion of the Redevelopment by Tenant and the completion of the construction of the New Concession Premises by the Subtenants, the New Concession Premises, the Storage Premises and the Office Premises shall be re-measured pursuant to BOMA standards and the approximate square footage set forth in Article 1 hereof shall be adjusted accordingly to reflect the actual measurement and be reflected in an amendment to this Lease. Thereafter, if at any time during the Term of this Lease, the New Concession Premises is reduced by the City to an area that is less than seventy-seven percent (77%) of the area of the actual New Concession Premises as measured pursuant to this Section, the Minimum Annual Guarantee shall be automatically and equitably adjusted retroactively to the initial date in which the Concession Premises were so reduced in accordance with the following formula: the then current Minimum Annual Guarantee shall be multiplied by a fraction, the numerator of which is the total Gross Receipts generated from the remaining New Concession Premises during the 12 month period immediately following the reduction of the New Concession Premises and the denominator of which is the total Gross Receipts generated from the existing New Concession Premises during the 12 month period immediately prior to the reduction of the New Concession Premises. Any overpayments of the Minimum Annual Guarantee made by Tenant until such determination of the equitable adjustment shall be made shall be credited against Rent due and owing to the City from Tenant until the full amount of the credit has been applied against Rent.

Further, the City hereby guarantees to Tenant that during the Term, the New Concession Premises shall be no less than 16,000 square feet. The City hereby agrees that in the event that the New Concession Premises be additionally reduced by the City to less than 16,000 square feet at any time during the Term, in addition to the equitable adjustment of the Minimum Annual Guarantee per Actual Enplaned Passenger set forth in this Section, Tenant shall automatically be granted an additional five (5) year option to extend the Term as provided in Article 4 and shall have the right to pursue any other rights and remedies it might have at law or in equity.

Additional Concession Premises. During the Term, the Commissioner shall have the right, but not the obligation, in his/her absolute and sole discretion, to add square feet of space to the Concession Program for additional concession operations ("Additional Concession Premises") and Tenant shall have the exclusive right to exercise its option to add the Additional Concession Premises to the Concession Program pursuant to the terms of this Section. In event that the Commissioner determines to make Additional Concession Premises available to Tenant, the Commissioner will send written notice to Tenant to advise Tenant of the following:

- a. size and location, including a lease outline drawing of the Additional Concession Premises;
- b. whether the Additional Concession Premises are being offered as food and beverage, duty free, news, specialty retail or service concessions; and
- c. the City's Shell and Core obligations and Tenant's (or its Subtenants)

15

Improvement obligations for the Additional Concession Premises.

Within ninety (90) days after receiving the written notice from the Commissioner, Tenant must notify the Commissioner if it accepts or rejects the Additional Concession Premises. Upon notification from Tenant to the Commissioner that Tenant accepts the Additional Concession Premises, the Additional Concession Premises will be added to the Premises as of the Date of Beneficial Occupancy for such Additional Concession Premises, as applicable, under this Lease and Exhibit A shall be modified accordingly. Upon notification from Tenant to the Commissioner that it rejects the Additional Concession Premises or if Tenant fails to notify the Commissioner within ninety (90) days that it accepts the Additional Concession Premises, the offer will terminate and the Commissioner may offer the Additional Concession Premises to any other third parties. Nothing set forth above requires the Commissioner to offer any Additional Concession Premises to Tenant.

Notwithstanding anything to contrary contained herein, in the event Additional Concession Premises are added to this Lease as provided in this Section, Tenant shall first cause the New Concession Premises to be completely occupied and subleased to Subtenants and the following Percentage Rent rates will be applicable for each new location within the Additional Concession Premises leased for the operation of each of the following types of concessions: (1) Specialty Retail - eleven percent (11%); (2) Food & Beverage - ten percent (10%); (3) Newsstands and News & Gifts - fifteen percent (15%); (4) Duty Free - twenty three percent (23%); and (5) Services - ten percent (10%). Notwithstanding the foregoing, should a vacancy in the New Concession Premises be of a different concession category type than the proposed use for the Additional Concession Premises, Tenant shall be permitted to enter into Subleases for any such

locations within the Additional Concession Premises in accordance with the rates specified above without first subleasing the vacancy in the New Concession Premises.

Relocation Space. The Commissioner may at any time during the Term require Tenant to vacate or to cause its Subtenants to vacate any portion of the Premises and relocate a Subtenant's operations in those affected portions of the Premises to another location within the Terminal ("Relocation Space") when, in the sole discretion of the Commissioner, the portion of the Premises to be relocated is necessary for other Airport or airline operational purposes or with respect to Airport security requirements. In such an event:

(i) The Commissioner will notify Tenant in writing within a reasonable period of time prior to the date that the affected portion of the Premises need to be vacated and the affected Subtenants* operations moved to the Relocation Space. Such notice will be not less than one hundred twenty (120) days in advance of the proposed relocation. To the extent practicable, the City will endeavor not to require Tenant or its applicable Subtenant to move from the affected Concession Premises being vacated before the City completes the construction and Improvements to the Relocation Space and the Relocation Space is ready to be

16

open for business to the public, but the portion of the Premises being vacated may be needed for other Airport operational purposes prior to the completion of Improvements in the Relocation Space.

(ii) The Department shall use its best efforts to provide Relocation Space which is a comparable location in terms of size, exposure to Actual Enplaned Passengers, and the ability to generate the same level of Subtenant Gross Receipts as existed in the portion of the Concession Premises to be vacated. If the affected Premises are Concession Premises and the Relocation Space is not acceptable in Tenant's (or its applicable Subtenant's) reasonable good faith business judgment, Tenant may reject the Relocation Space by notifying the Commissioner in writing no later than thirty (30) days after Tenant receives the Commissioner's notice. If Tenant (or any of its affected Subtenants) reject the Relocation Space, then Tenant shall terminate the Sublease for the affected portion of the Premises on the date for the relocation set forth in the Commissioner's notice. If Tenant (or its applicable Subtenant) rejects the Relocation Space, Tenant shall be issued a credit, equal to the unamortized portion of Tenant's Certified Construction Costs, and if applicable, its Subtenant's, Certified Construction Costs, as determined under Article 8, and as approved by the Commissioner, for the portion of the Premises being vacated, against Rent due and owing to the City from Tenant until the full amount of the credit has been applied against Rent. Such Certified Construction Costs shall not include costs for Tenant's or its Subtenant's Operating Equipment or other personal property or any portion of the Improvements not specifically designed due to unique characteristics for the vacated Premises that can reasonably be moved and used by Tenant or its Subtenant in the Relocation Space or in other locations as determined in Tenant's or its Subtenant's sole but reasonable discretion.

(iii) Except when Tenant (or its applicable Subtenant) rejects Relocation Space and is reimbursed by the City for the unamortized portion of Tenant's Certified Construction Costs and if applicable, its Subtenant's Certified Construction Costs pursuant to (ii) above, the City is responsible, at its sole cost and expense, for all costs incurred in the relocation or replication of the Improvements in the portion of the Premises being vacated, including the cost of moving Tenant's or its Subtenants' Operating Equipment, other items of personal property and merchandise, inventory and the cost of constructing replacement Improvements in the Relocation Space comparable to the Improvements in the portion of the Premises being vacated as of the date of relocation, to the extent comparable Improvements do not already exist in the Relocation Space. In the case of a relocation, Tenant or its Subtenants must promptly vacate the portion of the Premises required to be vacated and as to which this Lease is being terminated on the date specified in the Commissioner's notice and return that portion of the Premises in as good condition as existed as of the date that the City gave Tenant possession of the Premises being vacated normal wear and tear and damage by casualty excepted, unless the Commissioner otherwise agrees in writing. Because

17

the City is replacing Improvements in kind, Tenant is not entitled to any credit for unamortized Improvement Costs for the portion of the Premises being vacated, and the unamortized Improvement Costs for the portion of the Premises being vacated will deemed to be the unamortized Improvement Costs for the Relocation Space and continue to be amortized on the same schedule as the portion of Premises being vacated.

(iv) In the event the Relocation Space is rejected by Tenant or its applicable Subtenant and the Lease is terminated as to the affected portion of the Concession Premises pursuant to (ii) above, then the Minimum Annual Guarantee as of such date will be automatically and equitably adjusted retroactive to the date in which the Concession Premises was required to be vacated in accordance with the following formula: the then current Minimum Annual Guarantee shall be multiplied by a fraction, the numerator of which is the total Gross Receipts generated from the remaining portion of the Concession

Premises during the twelve (12) month period immediately following the surrender of the affected portion of Concession Premises and the denominator of which is the total Gross Receipts generated from the Concession Premises during the twelve (12) month period immediately prior to the surrender of the affected portion of the Concession Premises. Any overpayments of the Minimum Annual Guarantee made by Tenant until such determination of the equitable adjustment shall be made shall be credited against Rent due and owing to the City from Tenant until the full amount of the credit has been applied against Rent.

2.4 Permitted Uses. The Premises shall be used only for the purposes of redeveloping, marketing, managing, and subleasing the Premises for the operation of Concession Program in the Terminal which shall include, but not be limited to, the following types of concessions: specialty retail, food & beverage, newsstand, news & gifts, duty free and miscellaneous services ("Permitted Uses") in accordance with the provisions specified herein, and for no other purpose whatsoever.

2.5 Prohibited Uses. Tenant shall not use the Premises for any use not specifically granted herein without the prior written approval of the Commissioner, which approval may be granted or withheld by the Commissioner, in its sole and absolute discretion. Prohibited uses expressly agreed to include the following: (a) foreign currency exchange services; (b) banking and other financial services; (c) automated teller machines; (d) display of revenue generating advertising by Tenant or its Subtenants in a manner inconsistent with the City's advertising program then in effect; (e) luggage cart services; (f) luggage services; (g) public telephone and communication or coin-operated telephone services; (h) WI-FI internet services/access; (i) parking; (j) ground transportation services; (k) catering (both in-flight and for airline clubs); (l) in-flight duty-free retailing; and (m) coin operated vending machines (collectively, the "Prohibited Uses"). With respect to advertising, the foregoing shall not prohibit Tenant from marketing and promoting the Concession Program within the Terminal (including, but not limited to concession directories, maps and brochures) as well as the Subtenants advertising within the

18

Subtenant Premises.

2.6 Appurtenant Rights. Tenant, its Subtenants and their respective employees, agents and contractors shall have the right as appurtenant to the Premises, subject, however, to Tenant's compliance with the terms and conditions of this Lease, including, without limitation, Tenant's maintenance and repair obligations set forth in Section 8.3, Tenant's insurance and indemnification obligations set forth in Article 11, the limitations on Tenant's use set forth in Article 6, and Tenant's compliance with all applicable nondiscriminatory rules and regulations established from time to time by the City including those set forth herein, to the non-exclusive use, in common with others, of the Common Areas (those which are not a part of the Premises), subject to the exclusive control and management thereof at all times by the City, for the purposes of moving to and from the Premises to engage in the uses of the Premises permitted in this Lease, provided that the City reserves the right to make any changes which it deems appropriate to said Common Areas, including without limitation, relocation or elimination of all or any part of said Common Areas in the City's sole discretion, to assure public safety and convenience or to assure efficient operation of the Terminal and/or the Airport. The City shall use reasonable efforts so as to not prevent access and/or substantially impair access to the Premises in connection with any such changes to the Common Areas.

2.7 Rights Regarding Personal Property in the Premises. Tenant and its Subtenants shall retain title and ownership to all of Tenant's and its Subtenants' personal property in the Premises except in the event of deemed abandonment. The City owns all other property at the Premises, including the Shell and Core and Improvements and all base building utility facilities and associated infrastructure but Tenant and its Subtenants shall have a leasehold interest in all Improvements so constructed by Tenant and its Subtenants during the Term of this Lease.

ARTICLE 3

SUBLEASING TO SUBTENANTS

3.1. Nature of Subtenants. It is the intention of the parties hereto that Tenant shall enter into Subleases with approved Subtenants in accordance with the terms of this Lease. Subtenants shall be capable of running a first-class operation and servicing international customers, and shall include a mix of nationally and regionally recognized and local entities.

3.2 Selection of Initial Operators. The City hereby consents to Tenant's proposed list of the Subtenants set forth in Exhibit B as the "Initial Operators" of those Concession Program operations listed therein, identified as to type and location. Any replacement of a Subtenant or change in the character of a Subtenant's business is subject to the prior approval of the Commissioner, such approval to be determined on a commercially reasonable basis. The City also consents to the existing operators and any Initial Operators who may operate concessions in the Transition Premises during the Redevelopment.

19

Selection of Other Subtenants. With the exception of the Initial Operators and existing operators, all Subtenants shall be selected by Tenant from a list of qualified Subtenants developed by Tenant from time to time. Selection of such qualified Subtenants shall be based on a merit-based qualification system involving a fair competitive evaluation process managed by Tenant (such process shall not be required to be a public request for proposal process) or pursuant to terms otherwise approved in the Commissioner's sole but reasonable discretion. It is understood and agreed that names of prospective Subtenants may be added to or deleted from said list from time to time and that the inclusion of any given party on said list shall not provide any assurance that said party will in fact be selected as a Subtenant. The Commissioner's consent to any given Subtenants shall not exempt said Subtenants from the foregoing qualification process with respect to any additional space other than the space then subleased to said Subtenants (other than expansion space added pursuant to an expansion option contained in said Subtenant's Sublease), or with respect to any extension or renewal of the term of said Subtenant's Sublease beyond the initial term of said-Subtenant's original term and any renewal periods contained therein. The selection process, the proposed type of business and all Subtenants are subject to prior written approval by the Commissioner, which approval shall not be unreasonably withheld, conditioned or delayed taking into / consideration both the goals of the City and the goals of Tenant, and the purpose of this Lease. Tenant shall obtain and provide copies of any required Economic Disclosure Statements from prospective Subtenants as part of the Commissioner's approval process.

Standard Sublease Agreement.

(a) Tenant shall prepare a standard sublease agreement ("Sublease") in accordance with the terms and conditions of this Lease. The Sublease shall not prejudice or conflict with any of the City's rights under this Lease, or applicable laws, rules or regulations. To the extent that Tenant is required under this Lease to cause any Concession Program operations to be operated in a certain manner or wherever, in order to give effect to Tenant's obligations hereunder, it shall be necessary or desirable to impose corresponding obligations directly upon the Subtenants, said obligations shall be incorporated in the Sublease as may be determined from time to time in the sole discretion of Tenant.

(b) The Sublease shall provide that each Sublease is and shall be subject and subordinate to this Lease and in the event of any conflicts between the terms and provisions of any Sublease and this Lease, this Lease shall be controlling. In the event any approved Sublease shall extend (either by virtue of its term or by virtue of holding over with City consent) beyond the expiration or earlier termination of this Lease, Tenant shall all assign of its right, title and interest in and to all of the Subleases to the City or such third party designated by the Commissioner as of the effective date of any such expiration or termination of this Lease and the City or such third party designated by the Commissioner may assume such right, title and interest in and to all of such Subleases as of the date thereof pursuant to a mutually satisfactory assignment and assumption agreement between the Parties. Further, if this Lease is terminated due to a default by

20

Tenant under this Lease, prior to expiration of the term of the Subleases (the date of such termination is referred to herein as the "Termination Date"), then Tenant shall be required to assign all of the Subleases to the City or any other third party selected by the City, to assume the rights and obligations of Tenant under such Subleases. In such event, the rights and obligations of Tenant under each such Sublease shall be deemed to have been assigned and transferred to the City or such other third party designated by the Commissioner as of such Termination Date and said Subtenant shall be deemed to have made full and complete attornment to the City or such other third party for the balance of the term of such Sublease without any action or confirmation from Subtenants and, further, in such event, upon request from the Commissioner, said Subtenants shall enter into a new Sublease with the City or such other third party on the same terms and conditions as the Sublease that has been transferred.

(c) The Sublease shall also provide that, if the City assumes the rights and obligations of Tenant under any Sublease, the City shall have the right at any time, by providing written notice thereof to the Subtenants, to assign its rights, title and interest under such Sublease to a third party selected by the City, and from and after the effective date of such assignment, the City shall no longer have any obligation or liability under the Sublease.

(d) The Sublease shall further provide that, in no event shall the City or such other third party designated by the Commissioner to assume Tenant's rights and obligations under the Sublease Agreement be liable for (i) any prior acts or defaults of Tenant under the Sublease, (ii) completion of any improvements relating to said Subtenant's Premises, or (iii) return of any security deposits of said Subtenant except to the extent said sums (specified as such with specific reference to the Sublease pursuant to which it was deposited) have been transferred to the City or such other third party.

(e) Tenant agrees that it shall not require any Subtenants to pay the monthly rental or license payments under its Sublease more than two (2) months in advance of its respective due date. The Sublease shall provide for the obligation of the Subtenants to pay the greater of: (A) a minimum annual guarantee fee (each such fee being referred to herein as a

"Subtenant's Guarantee Fee"), or (B) a Percentage Rent ("Subtenant Percentage Rent") based on the Gross Receipts of the applicable Subtenant Premises, and shall contain restrictions similar to the restrictions on Transfers set forth in this Lease or as provided for otherwise in an approved Sublease. The Sublease may provide for the pass-through of Operating Costs to Subtenants and Subtenants' contributions to the capital improvements costs to be incurred by Tenant for the Redevelopment (also known as "key money" contributions in the industry), if any, which shall be retained by Tenant and not considered to be Rent hereunder. Those additional charges which Tenant shall be entitled to include in Operating Costs shall include:

(i) Marketing Fee. A Marketing Fee in the amount of one-half of one percent (0.5%) of each Subtenant's monthly Gross Receipts (the "Marketing Fee") for the purposes of advertising, publicity, promotional materials, events, directories,

customer service training and other activities appropriate for marketing the Concession Program at the Terminal as determined by Tenant from time to time (the "Marketing Program") shall be collected by Tenant from each Subtenant and shall be retained by Tenant for such use. Tenant shall prepare and submit an annual budget and plan for the Marketing Program which shall be subject to the prior written consent of the City, such consent not to be unreasonably, withheld, conditioned or delayed. Tenant shall have the right to negotiate specific contributions for any Subtenant as long as the amount contributed does not exceed one-half of one percent (0.5%) of monthly Gross Receipts.

(ii) CAM Fund. A pro rata share of Common Area maintenance costs and real estate taxes associated with any common areas of the Premises not sublet to Subtenants as well as any centralized charges for services rendered by third party vendors which Tenant may determine to have provided for all Subtenants for items such as storefront cleaning, trash removal, pest control, grease trap cleaning and other miscellaneous services (the "CAM Fund"). To the extent there is a shortfall in the CAM Fund following any annual reconciliations of the each Subtenants share of the total costs and expenses incurred, such shortfall shall be Tenant's sole responsibility. Tenant may require the Subtenants in the food court to perform the cleaning and maintenance thereof in lieu of charging such Subtenants a pro rata share of such costs for the CAM Fund.

(iii) Utilities. Subtenants shall be required to pay for the installation of separate meters or check meters for the Subtenant Premises and for the consumption of all utilities used in connection with the operations of the Subtenant in the Subtenant Premises.

(iv) Impositions. A pro rata share of Impositions that may be levied or assessed from time to time with respect to the Premises, Tenant's or the Subtenants leasehold interests in the Premises and with respect to the conduct of any operations under this Lease.

(v) City Charges. A pro rata share of any other sums charged by the City to Tenant pursuant to this Lease such as costs for security badges and any logistical support or distribution fees, for example.

Tenant shall negotiate the terms of the respective Subleases in such a manner that the obligations to pay for all pass-through items shall be apportioned on an equitable basis among similarly-situated Subtenants, to the extent that such items are not metered and billed separately to said Subtenants. Tenant shall not charge a separate management fee to the Subtenants separate from the Subtenant rent.

(f) The Sublease shall also grant to the City the direct right to enforce the provisions of the Sublease in the event of an emergency or if the same involves life safety or Airport security issues at the Commissioner's election in the place and stead of Tenant.

3.5 Documentation of Agreement with Subtenants. All agreements with Subtenants shall be made in the form of the Sublease approved by the Commissioner. Any material modifications to the form of the Sublease negotiated with a particular Subtenant shall be subject to the Commissioner's prior approval, such approval not to be unreasonably withheld, conditioned or delayed, prior to Tenant entering into a such a Sublease with a Subtenant. The Commissioner's approval of all of the proposed terms and conditions of the Sublease, including without limitation, the proposed rent, term, the nature of the proposed Subtenant's business and the compatibility of the proposed use with the other Concession Program operations at the Terminal and with the objective of achieving an appropriate mix of Concession Program operations, shall be granted, withheld or conditioned by the Commissioner on a commercially reasonable basis. The amortization period applicable to any given Sublease shall be equal to either: (i) the term of the Sublease, or (ii) the useful life of the asset, whichever period is shorter. Tenant may make immaterial modifications to the Sublease without the approval of the Commissioner but shall identify in writing all such modifications to the Commissioner when the Sublease is submitted for approval. In order to facilitate the Commissioner's review process, Tenant shall furnish the Commissioner with drafts of all proposed Subleases, marked to identify all variations, if any, from the standard form of Sublease and the Commissioner shall indicate his or her approval or disapproval to Tenant within thirty (30) days. Should the

Commissioner fail to approve or disapprove the Sublease within such thirty (30) day period, then the Sublease shall be deemed approved and Tenant shall be permitted to enter into such Sublease. Tenant shall furnish the Commissioner with a copy of all such executed Subleases, and no such Sublease shall be amended to modify the Subtenant's rent, the permitted use, Subtenant's responsibilities and operating hours, ACDBE participation or any other material provisions of the Sublease without the prior written consent of the Commissioner, determined in his or her sole and absolute discretion. Other proposed non-material amendments shall also be subject to the prior written consent of the Commissioner, such approval not to be unreasonably withheld, conditioned or delayed.

3.6 Defaults Under Subleases. Tenant shall promptly notify the Commissioner of any default by any Subtenant involving the failure of such Subtenant to pay any sums when due under its Sublease or any other material events which, with the passage of time or the giving of notice, or both, would constitute a default on the part of any Subtenant under its Sublease, including but not limited to failure to comply with the ACDBE Special Conditions. Tenant shall provide the Commissioner with copies of all notices of default delivered to any Subtenant promptly following the delivery of any such notice to Subtenant. Tenant shall utilize commercially reasonable and diligent efforts to enforce Subtenant's obligations under said Sublease.

3.7 Providing Continuous Concession Program Operations.

(a) In the event a Subtenant ceases operating for any reason, Tenant shall use commercially reasonable efforts to provide for interim operation of the affected

23

Concession Premises such that said Concession Premises are re-opened as soon as reasonably possible under the circumstances (taking into consideration the level of Actual Enplaned Passengers in the Terminal at the time of any such cessation), but in any event within sixty (60) days unless Tenant reasonably demonstrates to the Commissioner's satisfaction that the level of Actual Enplaned Passengers does not justify operations in that location. Tenant may, but shall in no event be obligated to, conduct such concession operations on an interim basis not to exceed six (6) months, during which time Tenant shall act diligently to procure a suitable substitute Subtenant. Alternatively, Tenant is entitled to have a Subtenant who already is operating at the Premises or any other suitable third party to operate such Concession Premises on an interim basis not to exceed one (1) year, during which time Tenant shall act diligently to procure a suitable substitute permanent Subtenant (which may include the Subtenant or other suitable third party conducting the interim operations). All such interim operations of such Concession Premises shall be subject and subordinate to the terms and provisions of this Lease and shall be in writing, the form and content of which is subject to the prior approval of the Commissioner, such approval not to be unreasonably withheld.

(b) In the event a Subtenant's Premises are operated on an interim basis, the permanent replacement Subtenant shall be selected in accordance with this Lease. The occurrence of a default by any Subtenant under its Sublease, or the termination by a Subtenant of its concession operations, shall not release Tenant from any of its responsibilities hereunder, including, without limitation, those regarding compensation to the City and using good faith efforts to maintain ACDBE compliance.

(c) In the event: (a) Tenant fails use commercially reasonable efforts to enforce Subtenants' obligations to continuously provide concession operations pursuant to the Sublease, or (b) the interim agreements described in this paragraph last for a period in excess of one (1) year without the consent of the Commissioner, the parties have agreed that if any portion of the Concession Premises is not being thereafter operated during the term of this Lease in accordance with this Lease, then, Tenant shall pay the City, as liquidated damages, and not as a penalty, the amount of \$300.00 per day. Such liquidated damage payment shall continue from the date concession operations cease until the earlier of (i) the date concession operations resume, or (ii) the date of termination of this Lease. Said liquidated damages shall be paid monthly in arrears and shall be deemed Additional Rent.

(d) Notwithstanding anything to the contrary herein contained, in the case of the cessation of concession operations by any Subtenant for any reason during the tinal three (3) years of the Term, Tenant's failure to procure a suitable permanent Subtenant in accordance with this Section shall not constitute a breach of Tenant's obligations under this Lease provided Tenant shall have made, and shall continue to make, a commercially reasonable and diligent effort to procure a suitable Subtenant in accordance with this Lease and shall continue to cause concession operations to be conducted in the Concession Premises in question.

ARTICLE 4

TERM

Term.

(a) Primary Term. This Lease is in full force and effect upon the Effective Date. The term of this Lease ("Term") commences on the Effective Date and expires at 11:59 p.m. on the day that is the 20th anniversary of the Latest Date of Beneficial Occupancy of the New Concession Premises set forth herein as shown on Exhibit A unless this Lease is terminated earlier in accordance with its terms. The Term shall not be extended beyond the expiration or earlier termination of this Lease due to the inclusion of any Additional Concession Premises which may be added from time to time during the Term. Once the Latest Date of Beneficial Occupancy is determined, the City and Tenant shall enter into a letter agreement confirming the Latest Date of Beneficial Occupancy and the expiration date of this Lease.

(b) Option to Extend. Upon mutual agreement of the Commissioner and Tenant, this Lease may be extended for one (1) additional period of five (5) years ("Extended Term"), on the same terms and conditions as set forth in this Lease. Should either Party not be in agreement to so extend the Term, such Party must give notice of its intent no later than twenty-four (24) months prior to the Expiration Date. If this Lease is not so extended and the City has not executed a new management agreement with a new manager before the Expiration Date, Tenant and the City shall negotiate in good faith to have Tenant continue to provide concession management services on a mutually agreeable fee basis until such new manager is in place.

(c) Automatic Extensions. Tenant shall automatically be entitled to the Extended Term as determined in Tenant's sole discretion upon the occurrence of any of the following events. In such event, Tenant shall provide written notice of exercise of the Extended Term to the Commissioner within a reasonable period of time following the occurrence of any of the such events:

(i) Reduction of New Concession Premises - Should the New Concession Premises be reduced by the Department to be less than 16,000 square feet at any time during the Term;

(ii) Reduction in Actual Enplaned Passengers - Following the MAG Effective Date, if the Actual Enplaned Passengers in a Lease Year are five percent (5%) less than the Minimum Enplanement Threshold for a period of three (3) consecutive years at any time during the Term; or

(iii) Restriction/Prohibition of Key Duty Free Products - The sale of either tobacco, liquor, perfumes and/or cosmetics (the "Key Duty Free Products") on a duty free basis in the United States is materially impacted due to legislative

25

requirements, changes in law, rules or regulations regarding the sale of any category of such Key Duty Free Products on a duty free basis, or to the extent the sale of any category of such Key Duty Free Products on a duty free basis in the Terminal is either prohibited or restricted at any time during the Term for a period in excess of twelve (12) consecutive months.

All of the terms and provisions of this Lease shall be applicable during the Extended Term and unless the context otherwise specifically requires, all references in this Lease to "Term" shall also include the Extended Term.

4.2 Termination. Unless earlier terminated in accordance with its terms, this Lease shall terminate on the Expiration Date specified in Section 1.1, without the necessity of notice, and Tenant hereby waives all rights to any notice to terminate, vacate or quit the Premises except as may otherwise be expressly provided for in this Lease. Tenant hereby waives any and all rights of redemption, granted by or under any present or future Law (as hereinafter defined) in the event it is lawfully evicted or dispossessed for any lawful cause, or in the event the City obtains possession of the Premises in any other lawful manner. Such termination of the Lease, as provided herein, and the removal, restoration and surrender obligations of Tenant shall in no way give rise to any claims for or rights to payment to Tenant by the City, including without limitation, (i) any and all awards in the nature of land damages under applicable Laws, and (ii) any and all rights under the terms of this Lease, and (iii) incidental, consequential or severance damages on account of Tenant's occupancy and/or abandonment of the Premises; and (iv) any reimbursement to Tenant or its Subtenants for any Improvements.

4.3 Holding Over.

(a) Without Commissioner Objection. Except as provided in (b), any holding over following expiration or termination shall constitute a tenancy from month-to-month on the same terms and conditions as this Lease, including payment of the Rent attributable to the portion of the Premises Tenant and its Subtenants continue to occupy. Tenant and its Subtenants must surrender and vacate any portion of the Premises no later than thirty (30) days following written notice from the Commissioner that the month-to-month tenancy is being terminated.

(b) Despite Commissioner Objection. If the Commissioner notifies Tenant in writing that holding over is not allowed, or if the Commissioner notifies Tenant that any holdover month-to-month tenancy is being terminated as to any portion of the Premises, and Tenant continues to hold over after receipt of such written notice, Tenant must thereafter pay Rent at one hundred fifty percent (150%) the annual rate of the Rent payable, on a per diem basis, during that portion of the last calendar year falling within the Term of this Lease.

(c) No occupancy of the Premises by Tenant after the expiration or earlier termination of this Lease (in its entirety or as to the portion of the Premises in question) extends the

26

Term of this Lease with respect to the portion of the Premises, except as a holdover tenancy. Tenant and its Subtenants shall be required to vacate and surrender any portion of the Premises during the holdover tenancy in accordance with notices from the Commissioner from time to time to accommodate any of the City's replacement tenant's construction and commencement of operations. In the event of any unauthorized and willful occupancy after such expiration or termination, Tenant must indemnify the City against all damages arising out of the retention of occupancy, and all insurance policies and letters of credit required to be obtained and maintained by Tenant as set forth in this Lease must continue in effect.

4.4 Surrender.

(a) At the termination or expiration of this Lease as to any portion of the Premises, Tenant and its Subtenants shall promptly, peaceably, quietly and in good order quit, deliver up and return the Premises (or that portion as to which the Lease has terminated, in the case of a partial termination) in good condition and repair, ordinary wear and tear and damage by fire or other casualty excepted. Except as provided below, Tenant and its Subtenants must remove all of Tenant's personal property from the Premises or the affected portions of the Premises within three (3) days following the date of termination or expiration of this Lease. All Improvements installed by or for Tenant and each of its Subtenants shall remain in the Premises and shall in no event shall be required to be removed by Tenant or its Subtenants. Tenant shall or shall cause its Subtenants to repair any damage to the Concession Premises caused by Tenant's or its Subtenant's removal of personal property, trade fixtures and other items which Tenant or its Subtenants are permitted to remove. All the removal and repair required of Tenant under this Section are at Tenant's sole or its Subtenant's cost and expense.

(b) If Tenant or its Subtenants fail to perform any of their obligations, then the Commissioner may cause the obligations to be performed and Tenant shall pay the cost of the performance, together with interest thereon at the Default Rate from and after the date the costs were incurred until receipt of full payment therefor. Tenant shall be permitted to pass through any such costs and expenses to applicable Subtenants as the case may be. Any property of Tenant not or its Subtenants removed by Tenant or its Subtenant's in accordance herewith is deemed abandoned and the Commissioner may dispose of it as she sees fit, without any liability to Tenant or any other person.

(c) Any Improvements remaining in the Premises shall become property of the City, except that all of Tenant's or its Subtenant's trade dress, service marks, trademarks and trade names must be removed, obliterated or painted out in a commercially reasonable manner at Tenant's or its Subtenant's cost, within three (3) days following the expiration or termination of the Term.

4.5 *Intentionally omitted.*

4.6 Termination Due to Change in Airport Operations. This Lease is subject to termination

27

by either party on sixty (60) days written notice in the event of any action by the Federal Aviation Administration ("FAA"), the TSA or any other governmental entity or the issuance of an order by any court of competent jurisdiction which prevents or restrains the use of the Airport, the Terminal or a portion thereof for commercial aviation purposes that renders performance under this Lease by either Party impossible, and which governmental action or court order remains in force and is not stayed by way of appeal or otherwise, for a period of at least ninety (90) days, so long as the action or order is not the direct and specific result of any Event of Default of Tenant.

ARTICLE 5 RENT, REPORTS AND AUDITS

Rent

(a) Rent. In consideration of Tenant's use of the Premises and the right to develop sublease, market and manage the Concession Program in the Terminal and the associated rights and privileges granted in this Lease, Tenant shall pay to City as Rent for each Lease Year the following:

(i) During the period commencing on the Earliest Date of Beneficial Occupancy through and including the MAG Effective Date, the Rent shall be equal to the Percentage Rent.

(ii) From and after the MAG Effective Date, the Rent shall be equal to the Premises Rent, as may be adjusted from time to time in accordance with this Lease.

The Minimum Annual Guarantee applicable to the first and last Lease Year shall be prorated if less than a full twelve (12) calendar months.

(b) Notwithstanding the foregoing, following the MAG Effective Date, if the total number of Actual Enplaned Passengers in any single Lease Year is five percent (5%) less than the Minimum Enplanement Threshold for a period of two (2)

consecutive Lease Years, the Minimum Annual Guarantee shall be temporarily abated in its entirety until such time as there have been Actual Enplaned Passengers in excess of the Minimum Enplanement Threshold for a period of two (2) consecutive Lease Years. During any period when the Minimum Annual Guarantee is temporarily abated, Tenant shall pay the Percentage Rent and if applicable, the Additional Concession Percentage Rent.

(c) Further and notwithstanding the foregoing, if at any time during the Term, the sale of either tobacco, liquor, perfumes and/or cosmetics (the "Key Duty Free Products") on a duty free basis in the United States is materially impacted due to legislative requirements, changes in law, rules or regulations regarding the sale of any category of such Key Duty Free Products on a duty free basis, or to the extent the sale of

28

/

any category of such Key Duty Free Products on a duty free basis in the Terminal is either prohibited or restricted at any time during the Term, the Percentage Rent rate of sixteen percent (16%) shall be automatically and equitably adjusted retroactive to the initial date in which the sale of one or more of the categories of such Key Duty Free Products were prohibited or restricted in accordance with the following formula: the Percentage Rent rate of sixteen percent (16%) shall be multiplied by a fraction, the numerator of which is total Gross Receipts generated from the duty free locations during the twelve (12) month period immediately following the date when prohibition or restriction "went into effect with respect to the sale of any of the categories of the Key Duty Free Products and the denominator of which is total Gross Receipts generated from the duty free locations during the twelve (12) month period immediately preceding the date when prohibition or restriction went into effect with respect to the sale of any of the categories of the Key Duty Free Products. In addition, should the Subtenants operating the duty free locations demonstrate to Tenant's and the City's satisfaction that the restriction or prohibition on the sale of Key Duty Free Products has had a material adverse impact on their profit margins and as a result, has requested rent relief, then the City and Tenant shall negotiate in good faith for a similar equitable adjustment to the then current Minimum Annual Guarantee for both Tenant and the applicable Subtenants.

(d) Additional Rent. The following items shall be considered as Additional Rent hereunder:

(i) Distribution Fee. During the Term of this Lease, the City shall have the right, but not the obligation, to establish a central receiving and distribution facility for Subtenant concession operations at the Airport. In the event such central facility is established, Tenant shall require Subtenants to pay their proportionate share of the costs of developing, operating and maintaining such facility and the costs of transporting such deliveries from the facility to one or more designated locations within the Terminal (the "Distribution Fee"). To the extent there is a shortfall in the amount collected by Tenant from the Subtenants to cover such proportionate share following any annual reconciliations of the amount of the Distribution Fee, such shortfall shall be Tenant's sole responsibility to pay to the City.

(ii) Impositions. Tenant must timely pay, as and when due, any and all taxes, assessments, fees, and charges levied, assessed or imposed by a governmental unit upon this Lease, the Premises, Tenant's leasehold or upon Tenant's personal property, including but not limited to all permit fees and charges of a similar nature for Tenant's conduct of any business or undertaking in the Premises (collectively, "Impositions"). Tenant must provide Commissioner a copy of all notices relating to leasehold taxes on the Premises within thirty (30) days after receipt and must provide the Commissioner with a receipt indicating payment of leasehold taxes on the Premises when due. Nothing in this Lease precludes Tenant from contesting the amount of an Imposition, including those taxes or charges enacted or promulgated by City; but Tenant must not contest the

29

applicability of an Imposition in connection with the Premises. Failure of Tenant to pay any Imposition when due, except to the extent that Tenant is contesting the amount of the Imposition, will constitute an Event of Default. Tenant shall include this provision in all Subleases.

(iii) Any other amounts expressly identified as Additional Rent in this Lease.

Tenant shall be entitled to charge a proportionate share of Additional Rent to its Subtenants in an equitable and non-discriminatory manner.

5.2 Time of Payments.

(a) Commencing on the Earliest Date of Beneficial Occupancy, Tenant shall pay to the City on or before twentieth (20th) day following the expiration the preceding calendar month commencing with the second (2nd) month following the Earliest Date of Beneficial Occupancy:

1

(i) Percentage Rent for the preceding calendar month; and

(ii) the Additional Rent attributable to the preceding calendar month;

Tenant shall also pay Impositions if and when due following the Earliest Date of Beneficial Occupancy to the appropriate governmental agencies and shall continue to pay Impositions throughout the Term of this Lease.

(b) Commencing on the MAG Effective Date, Tenant shall pay to the City:

(i) the Minimum Annual Guarantee, in equal consecutive monthly installments equal to one-twelfth ($1/12^{\text{th}}$) of the Minimum Annual Guarantee, which shall be due and payable on or before the first (1^{st}) day of each month. The Minimum Annual Guarantee shall be prorated for any partial calendar month;

(ii) the amount, if any, by which the actual Percentage Rent and Additional Concession Percentage Rent (if any) for the preceding calendar month exceeds the monthly installment of the Minimum Annual Guarantee for such month, which shall be due and payable on or before twenty (20) days following the expiration of the preceding calendar month; and

(iii) the Additional Rent attributable to the preceding calendar month which shall be due and payable on or before twenty (20) days following the expiration of the preceding calendar month.

5.3 No Waiver or Setoff Payment of Rent other than Impositions by Tenant to the City shall not be considered to be a tax and shall be in addition to and exclusive of all license fees,

30

taxes, or franchise fees which Tenant may now or in the future be obligated to pay to the City. Tenant's obligations to pay Rent hereunder is independent of each and every other covenant and agreement contained in this Lease and Tenant shall pay all Rent without any setoff, abatement, counterclaims or deduction whatsoever except as otherwise expressly provided in this Lease. Tenant's obligation to pay Rent shall be absolute and unconditional. Acceptance by the City of any payment or partial payment of Rent, liquidated damages or other fees or charges shall not constitute a waiver of any right on the part of the City. No such payment shall be deemed to be other than a payment on account of the earliest Rent then due, nor shall any endorsement of any check or payment be deemed an accord and satisfaction unless specifically agreed to in writing by the City, and the City may accept such check or payment without prejudicing in any way its right to recover the balance of such Rent.

5.4 Material Underpayment or Late Payment. Without waiving any other remedies available to the City, if: (i) Tenant underpaid Rent due in any calendar year by more than 5%; or (ii) Tenant failed to make any Rent payments within ten (10) days following notice of such nonpayment from the City, then, in either such event, Tenant shall pay, in addition to the amount due the City as Rent, interest on the amount of underpayment or late payment at the Default Rate. Interest on the amount underpaid accrues from the date on which the original payment was due until paid in full and shall be considered Additional Rent. The provision for the payment of interest does not constitute an authorization by the City of underpayment or late payment.

5.5 Security Deposit

(a) Form of Security Deposit.

(i) Tenant must provide the City no later than the one hundred twenty (120) days following the execution of this Lease with an irrevocable, unconditional sight draft Letter of Credit in favor of the City in the amount equal Five Hundred Thousand Dollars (\$500,000.00). Effective on the Latest Date of Beneficial Occupancy, this Letter of Credit shall be amended to reflect an amount equal to three (3) months of the first Lease Year's Minimum Annual Guarantee. The Letter of Credit and any replacements or renewals of it must be issued with an expiry date of at least one (1) year after the respective dates of issuance or renewal and must be maintained by Tenant, through and including the date that is ninety (90) days after the expiration of the Term. The Letter of Credit must be in the form set forth in Exhibit G or as otherwise approved by the City's Corporation Counsel.

(ii) In lieu of the Letter of Credit, Tenant may provide cash or a cashier's check in the same amount for immediate deposit in the City's accounts. The Letter of Credit, cash or cashier's check, as applicable, is¹ referred to in this Lease as the "Security." The Security secures the faithful performance by Tenant of all of Tenant's obligations under this Lease. The Commissioner is entitled to draw on

31

any such Letter of Credit unless proof of renewal of the Letter of Credit or a replacement Letter of Credit in form and substance satisfactory to the Corporation Counsel has been furnished to the Corporation Counsel at least thirty (30) days before its expiration date. The City will hold the proceeds as a cash Security to secure the full and faithful performance of Tenant's obligations under this Lease. The Commissioner is not obligated to pay or credit Tenant with interest on any Security.

(iii) The Commissioner also is entitled to draw on the Letter of Credit in whole or in part upon the occurrence of an Event of Default, in which event the Commissioner is entitled to apply all or any part of the proceeds of it or any cash or other

Security deposited by Tenant and held by the City for the payment of any obligation of Tenant arising before or after the Event of Default.

(iv) The Letter of Credit must provide that the Commissioner may draw upon the Letter of Credit in whole or in part upon the delivery by the Commissioner to the issuer of the Letter of Credit of a demand for payment, purportedly signed by the Commissioner, together with a written statement that the Commissioner is entitled to draw upon the Letter of Credit under the terms of this Lease. If amounts are drawn upon the Letter of Credit or amounts of a cash Security are applied by the Commissioner in accordance with the terms of this Lease, Tenant must reinstate the Letter of Credit or cash Security to its full amount required in this Lease within ten (10) days following receipt of written notification by the Commissioner of the City's draw upon the Letter of Credit or use of the cash Security. The rights reserved to the Commissioner or the City under the Letter of Credit or any cash Security are in addition to any rights they may have under this Lease or under law.

(b) Qualified Issuers. The Letter of Credit called for in this Lease must be issued by companies or financial institutions having a rating of "A" or better as determined by Standard and Poor's or by Moody's Investors Service, Inc., or a net worth of at least \$500,000,000.00 unless otherwise approved in writing by the Commissioner. If any draw requires personal appearance by a City representative, such shall occur at a location in Chicago or, if the issuer does not have an office in Chicago, the City shall be entitled to draw on the Letter of Credit for any travel expenses incurred by the City.

(c) Right to Require Replacement of Letter of Credit. If the financial condition of the institution issuing the Letter of Credit materially and adversely changes, the Commissioner may, at any time, require that the Letter of Credit be replaced with a Letter of Credit from another institution and in accordance with the requirements set forth in this Section.

(d) No Excuse from Performance. None of the provisions contained in this Lease nor in the Letter of Credit required under this Lease excuse Tenant from faithfully performing in accordance with the terms and conditions of this Lease or limit the liability

32

of Tenant under this Lease for any and all damages in excess of the amounts of the Letter of Credit.

(e) Non-Waiver. Notwithstanding anything to the contrary contained in this Lease, the failure of the Commissioner to draw upon the Letter of Credit required under this Lease or to require Tenant to replace the Letter of Credit at any time or times when the Commissioner has the right to do so under this Lease does not waive or modify the Commissioner's rights to draw upon the Letter of Credit and to require Tenant to maintain or, as the case may be, replace the Letter of Credit, all as provided in this Article 5.

Reports.

(a) Monthly. Tenant must furnish to the Commissioner on or before the twentieth (20th) day of each calendar month falling wholly or in part within the Term of this Lease a complete statement, certified by a authorized representative of Tenant, showing in all reasonable detail, the amount of Gross Receipts derived from each Subtenant's Concession Premises and by category of concession during the preceding month and the Minimum Annual Guarantee, Percentage Rent and Additional Concession Percentage Rent due from Tenant for the preceding calendar month (the "Monthly Certified Statement").

(b) Annually.

(i) Tenant also must furnish to Commissioner no later than one hundred twenty (120) days following the end of each Lease Year and within one hundred twenty (120) days after the expiration or termination of this Lease, a complete statement of the amount of Premises Rent payable by Tenant for such Lease Year certified by an independent certified public accountant engaged by Tenant, showing in all reasonable detail the amount of the Minimum Annual Guarantee, Percentage Rent and Additional Concession Percentage Rent due from Tenant for the preceding Lease Year (the "Annual Certified Statement"). The Commissioner may, from time to time, reasonably require upon not less than thirty (30) days prior written notice to Tenant, copies of all Subtenant returns and other information filed with respect to Illinois sales and use taxes as well as such copies of the respective annual certified statements received from Subtenants, and other reasonable financial and statistical reports as requested.

(ii) Tenant's Annual Certified Statement must include a breakdown of Subtenant Gross Receipts generated by the Concession Program for each Subtenant by location. Tenant's Annual Certified Statement shall include a standard non-qualified opinion of an independent certified public accountant as to the accuracy of the Annual Certified Statement.

(iii) Tenant shall require each Subtenant's annual certified statement to be opined by an independent certified public accountant which shall include the following language, or language of similar purport:

"We, a firm of independent certified public accountants, have examined the accompanying financial statement of

[Subtenant] for the year ended relating to its operations at the Terminal pursuant to a Sublease dated __, 20__. Our examination was made

in accordance with generally accepted accounting principles and, accordingly and, includes such tests of the accounting records and such other procedures as we considered necessary in the circumstances.

In our opinion, the accompanying financial statement presents accurately the amount of [Subtenant] Gross Receipts and the total Rentals due as defined in the Sublease for the year ended _."

(c) All such reports and statements described in this Article 5 shall be prepared on a form approved by the Commissioner, such approval not to be unreasonably withheld. If Tenant fails to timely furnish to the Commissioner any Monthly Certified Statement or Annual Certified Statement required under this Lease or if the independent certified public accountant's opinion is qualified or conditioned in any material manner, the Commissioner has the right (but is not obligated) without notice, to conduct an audit of Tenant's and, as needed, Subtenants' books and records and to prepare the statements at Tenant's sole cost and expense. Tenant must also provide the Commissioner with such other reasonable financial or statistical reports and information concerning the Concession Program or any part thereof, in the form as may be reasonably required from time to time by the Commissioner.

Adjustments Based Upon Annual Certified Statements. In the event that the Annual Certified Statement required under Article 5 indicates an underpayment for any Lease Year or portion thereof of the Term, Tenant shall pay the difference between the amounts paid under Article 5 and the amount due based on the Annual Certified Statement and if such underpayment is in excess of two percent (2%), Tenant shall also pay interest thereon at the Default Rate from the date or dates when such amounts were originally due. Such payment shall be made no later than fifteen (15) days from the time that the Annual Certified Statement is due. In the event that the Annual Certified Statement indicates an overpayment for any Lease Year or portion thereof during the Term, the City, upon approval of such Annual Certified Statement, shall reimburse Tenant, for the difference between the amounts paid by Tenant under Article 5 and the amount due based upon the Annual Certified Statement or as a credit against future payments of Rent hereunder until fully applied. In the event that this Lease is terminated in accordance with the terms hereof, such reimbursement shall be made as a lump sum payment within ninety (90) days after the expiration or earlier termination of this Lease.

34

Books, Records and Audits.

(a) Except as provided below, Tenant shall cause its Subtenants to prepare and maintain at their respective principal business offices located in the United States and to make the same available for inspection in Chicago full, complete and proper books, records and accounts in accordance with generally accepted accounting procedures relating to and setting forth the Gross Receipts, both for cash and on credit, and must require and cause its operations personnel to prepare and keep books, source documents, records and accounts sufficient to substantiate those kept by the Subtenants. The books and source documents to be kept by the Subtenants shall include true copies of all federal, state and local tax returns and reports, daily receipts from all sales and other pertinent original sales records and records of any other transactions conducted in or from the Concession Premises by anyone conducting business in or from the Concession Premises. Pertinent original sales records for Subtenants are to include: (i) cash register tapes, including tapes from temporary registers; (ii) sequentially numbered transactions; (iii) original records indicating that merchandise returned by customers was purchased at each Subtenant Premises by the customers; (v) detailed original records of any exclusions or deductions from Gross Receipts; (vi) sales tax records; and (viii) such other sales records, if any, that would normally be examined by an independent accountant under accepted auditing standards in performing an audit of the Gross Receipts. Tenant or its Subtenants (as the case may be) must maintain any such books, records, and source documents in a secure location for a period of five (5) years following the expiration of each Lease Year during this Lease and for the same period following the final Lease Year.

(b) Tenant shall cause each of its Subtenants to record at the time of each sale or other transaction, in the presence of the customer, all receipts from the sale or other transaction, whether for cash, credit or otherwise, in a POS System having a cumulative total that must be sealed in a manner approved by the Commissioner and that must possess such other features as reasonably required by the Commissioner. The books, records and accounts, including any sales tax reports that Tenant and its Subtenants may be required to furnish to any government or governmental agency, must at all reasonable times be open to the inspection (including the making of copies or extracts) of the Commissioner, the Commissioner's auditor or other authorized representative or agent at Tenant's or the applicable Subtenant's principal business office located in the United States (with copies thereof to be made available for inspection within the City of Chicago, if so requested by the Commissioner) for a period of at least three (3) years after the expiration of each calendar year falling wholly or in part

within the Term. All of the costs and expenses incurred in any such examination or inspection by the City shall be at the City's sole cost and expense except as otherwise provided in this Lease. Tenant shall conduct audits of the books and records of its Subtenants from time to time as Tenant deems necessary or desirable and shall conduct such an audit of each Subtenant at least once every three (3) Lease Years. Notwithstanding the foregoing, Tenant shall not be required to audit the books and records of any Subtenant more often than once per Lease Year and not more often than two (2) times over a period of three (3) Lease Years.

35

(c) The acceptance by the Commissioner of payments of any Premises Rent is without prejudice to the Commissioner's right to conduct an examination of the Tenant's books and records related to Rent and/or its Subtenant's books and records relating to Gross Receipts at the Concession Premises, in order to verify the amount of Rent due hereunder and to verify the amount of Gross Receipts made in and from the Concession Premises.

(d) After providing Tenant at least three (3) days prior written notice, the Commissioner may inspect the books and records of any Subtenant but shall provide five (5) days prior written notice in the case of inspection of Tenant's books and records. Further, at its option, the Commissioner may at any reasonable time, upon no less than ten (10) days prior written notice to Tenant cause a complete audit to be made of Tenant's entire records relating to the Concession Premises for the period covered by any statement issued by Tenant as above set forth. If the audit discloses that Tenant's statement of Rent is understated to the extent of:

(i) Three percent (3%) or more, Tenant must promptly pay the City the cost of the audit in addition to the deficiency (and any interest on the deficiency at the Default Rate), which deficiency is payable in any event; and if

(ii) Five percent (5%) or more due to Tenant's fraudulent or willful misconduct, an Event of Default is considered to have occurred, and the City shall have in addition to all other remedies available under this Lease, at law, or in equity, the Commissioner has the right to terminate this Lease immediately upon giving notice to Tenant, without any opportunity for Tenant to cure.

In addition to the foregoing, and in addition to all other remedies available to the City, if Tenant or the City's auditor schedules a date for an audit of Tenant's records and Tenant fails to be available or otherwise fails to comply with the reasonable requirements for the audit, Tenant must pay all reasonable costs and expenses associated with the scheduled audit.

5.9 Lien. In addition to any liens as may arise under Illinois law, the City has a contractual lien under this Lease on all property, including Tenant's personal property located on the Premises, as security for non-payment of any Rent due.

ARTICLE 6 TRANSFERS OTHER THAN SUBLEASES

6.1 City.

The City expressly reserves the right to sell, assign or otherwise transfer all or any part of

36

its interest under this Lease, at any time and to any third party. Upon the effective date of such a sale, assignment or transfer, the City is forever relieved, from and after such date of any and all obligations arising under or out of this Lease, to the extent such obligations are assumed by the buyer, assignee or transferee.

6.2 Tenant.

(a) Transfers. Except as expressly provided elsewhere in this Lease, neither this Lease nor any interest of Tenant in this Lease or the leasehold created hereby shall be directly or indirectly sublet, sold, assigned, transferred, mortgaged, pledged or otherwise disposed of or encumbered (each considered a "Transfer") without the express written consent of the City. A change in ownership or control of Tenant, either directly or indirectly, shall be deemed a Transfer.

(b) City Consent. Whenever City consent is required, a Transfer of all of Tenant's interest in this Lease or the leasehold created hereby shall require consent of the City Council of the City of Chicago, which may be withheld in the sole discretion of the City Council, and a Transfer of less than all of Tenant's interest shall require consent of the Commissioner. In determining whether or not to consent to a Transfer, City will take into account, without limitation, the promotion of a competitive environment at the Airport in light of the then-existing circumstances, the proposed use of the Premises by any transferee, the balanced utilization of the Airport facilities, operational considerations relating to the characteristics of the proposed transferee, the financial condition of the proposed transferee and the impact on City's ability to exercise control over the Airport. Consent by City to any type of Transfer shall not in any way be construed to relieve Tenant from obtaining further authorization from City for any subsequent Transfer of any nature whatsoever.

(c) Transfers not requiring City Consent..

(i) Transfers to Affiliates. Tenant may effect a Transfer to an Affiliate of Tenant without City consent with sixty (60) days' prior notice to the City, provided that: (i) the proposed transferee Affiliate is in compliance with all of the legal

requirements of this Lease, (ii) the proposed transferee Affiliate is sufficiently financially responsible, experienced and capable to perform Tenant's obligations under this Lease, (iii) the proposed transferee Affiliate assumes all of Tenant's obligations under this Agreement, (iv) in the Commissioner's reasonable opinion, the Transfer will not have a material adverse effect upon the Airport or operation of the Terminal, (v) no Event of Default then exists and (vi) the transferee Affiliate executes the City's EDS form and certifies therein compliance with all laws and ordinances referenced.

(ii) Transfers Due to Trading on a National or International Exchange. Transfers that are changes in ownership of Tenant due to trading in or issuance of a parent company's stock or other forms of ownership interests on a national or international exchange shall not be subject to City consent; however, Tenant shall promptly notify the City of any

37

such change in ownership which would require disclosure of a new owner or disclosure of other changes in percentage ownership on the then-current version of the City's EDS form, and Tenant shall submit revised EDS form(s) accordingly. As used in this provision, "national or international exchange" means the New York Stock Exchange, the American Stock Exchange, or their foreign equivalent.

(d) Tenant to Remain Primarily Liable. Notwithstanding any Transfer, with or without City consent, Tenant shall remain fully liable for the payment of all of its fees and fully responsible for the performance of all of its other obligations hereunder, except where the City Council consents to the Transfer and expressly relieves Tenant of such liability and responsibility.

(e) Requests for City Consent. Any and all requests by Tenant for City consent to a Transfer shall be made in writing to City. Upon request by City, Tenant shall provide copies of the proposed documents of Transfer. Requests for City consent to a Transfer shall completely disclose any and all monetary and non-monetary considerations made or to be made to Tenant for said Transfer and shall include completed EDSs from the proposed transferee. Any or all of the requests by Tenant for consents under this Section must be made in writing and provided to the Commissioner, (a) at least 60 days prior to the proposed Transfer if the Commissioner's consent is required; and (b) at least 120 days prior to a proposed Transfer if the City Council's consent is required, unless the City determines that more time is required.

(f) City's Right to Collect from Transferee. If any Transfer shall occur, with or without City consent, City may collect fees and other sums to be paid under the Lease from any assignee, sublessee or other transferee of Tenant, and in such event shall apply the net amount collected to the fees and other sums payable by Tenant hereunder without such action by City releasing Tenant from any of his obligations hereunder. If any Transfer requiring City consent shall occur without City consent, and if City collects fees and other sums from the transferee and applies the net amount collected in the manner described in the preceding sentence, such actions by City shall not be deemed to be a waiver of the consent requirement or constitute acceptance of such transferee.

(g) Transfers Without City Consent Void. Any Transfer requiring City consent made without such City consent shall be void and of no effect. Further, any such Transfer shall constitute an Event of Default subject to all remedies, including termination of this Lease at the City's option, and does not relieve Tenant of any of its obligations under this Lease for the balance of the Term. This Section applies to prohibit a Transfer, such as an assignment by a receiver or trustee in any federal or state bankruptcy, insolvency or other proceedings or by operation of law. Under no circumstances will any failure by the Commissioner to act on or submit any request by Tenant or any Subtenant to City Council or to take any other action as provided in this Lease be deemed or construed to constitute consent to the Tenant's or any Subtenant's request by the Commissioner or by the City Council.

38

(h) Excess Rent. In the event of a permitted Transfer of all or any portion of the Premises or Transfer of all or any portion of the Term, where the fees or rent payable to Tenant exceed the Rent or pro rata portion of the Rent payable by Tenant to City under this Lease, as the case may be, for the Premises or Term, Tenant must pay the City monthly, as Additional Rent, at the same time as the monthly installments of other Rent under this Lease that are payable in monthly installments, the excess of the fees or rent payable to Tenant pursuant to the Transfer over the Rent payable to the City under this Lease.

(i) City Expenses. All reasonable costs and expenses actually incurred by the City in connection with processing its consent to a proposed Transfer shall be payable, to the City as Additional Rent.

(j) Subleases. Although Subleases are not considered Transfers for purposes of this Article, similar restrictive provisions on Transfers will be included in every Sublease so that Subtenants may not Transfer their Subleases or their interests in them without Tenant and City consent.

ARTICLE 7

CONCESSION MANAGEMENT AND OPERATIONS

7.1 Concession Plan. Tenant shall develop, market, manage and sublease the Concession Program so as to provide a first-class, high-quality customer service oriented Concession Program in accordance with the Concession Plan. The initial Concession Plan shall be deemed to be the plan for operation of the Terminal's concessions as contained in the Tenant's Proposal. Tenant may propose amendments or modifications to the Concession Plan from time to time, subject to the approval of the City which may be granted or withheld in its sole and absolute discretion. Further, the City shall have the right to direct Tenant to alter or modify the Concession Plan as it deems reasonably necessary or appropriate to meet the demonstrated needs of Actual Enplaned Passengers in the Terminal.

- (g) Continuously manage the Concession Plan and Concession Program and cause its Subtenants to continuously operate in accordance with this Lease;

- (l) Attend meetings at the request of the Commissioner with respect to Tenant's obligations under this Lease and issues related to the Concession Plan and Concession Program. Tenant shall cause members of its Operational Staff as defined below or senior employees or staff (and, if needed, Subtenant representatives) to attend such meetings as may be reasonably requested by the Commissioner;
- (m) Provide the City with such data and information with respect to the Concession Plan and Concession Program as the City may reasonably request from time to time, including sales forecasts; and
- (n) Oversee, manage, and use diligent efforts to enforce all obligations by Subtenants with the provisions of this Lease and the respective Subleases. Tenant shall not unjustly

40

discriminate among Subtenants in the enforcement of their Subleases.

7.3 Service to the Public. Tenant acknowledges and agrees that the Concession Program v operations are an important service to users of the Terminal and vital for the economic

development of the City, and that therefore Tenant and the Subtenants shall conduct themselves in a first-class, businesslike, efficient, courteous and accommodating manner. Tenant shall, and shall cause the Subtenants to, render those public services generally performed by parties providing concession operations at the Airport, including, without limitation, making reasonable change, giving directions, welcoming and assisting international travelers and assisting the public generally. Tenant shall have the authority to manage and administer the Concession Program, subject to the rights of the City specified herein to direct Tenant in order to ensure that the Airport operates in the most effective and efficient way possible, and to supervise the performance of Tenant and the Subtenants as provided in this Lease.

7.4 Maximization of Business. Tenant covenants to take all reasonable measures to maintain, develop and facilitate the increase of the business conducted by the Subtenants and, in addition, shall provide quality services to the public in accordance with the pricing policies set forth in this Lease. Tenant further covenants that it will not divert or cause or allow to be diverted any business from the Concession Premises to other locations outside of the Terminal.

7.5 Obligation to Discontinue. Tenant agrees to promptly discontinue or remedy any practice of the Concession Program operations, or the sales of any items or the offering of any services which are objectionable to the Commissioner and shall use commercially reasonable efforts cause the Subtenants to do likewise. Live entertainment in the Terminal is prohibited without the advance written approval of the Commissioner.

7.6 Annual Marketing Plan. Tenant shall no later than forty-five (45) days prior to the expiration of each Lease Year of the Term, present an annual marketing plan describing the Tenant's strategy for concession operations for the subsequent Lease Year ("Annual Marketing Plan") to the Commissioner for review and approval which approval shall not be unreasonably withheld, conditioned or delayed. Such Annual Marketing Plan shall contain a summary on proposed advertising events, sales promotions, public relations, customer service training for Subtenants and results of Subtenant secret shops and Subtenant employee incentive contests and other items.

7.7 Standards of Service. Tenant shall comply with the following standards of service in the management of the Concession Program.

(a) Staffing/Personnel. Tenant shall employ a full-time trained professional staff ("Operating Staff") at all times during the Term of this Lease of sufficient size, expertise, ability, suitability, and experience in retail, customer service and lease management to carry out all of its obligations and responsibilities under this Lease and Tenant shall maintain a sufficient number of Operating Staff on-site at the Premises

41

during the normal business hours of 8:30 am to 5:30 pm local time (but such Operating Staff shall be available at other times as provided below) in accordance with the staffing plan submitted by Tenant (the "Staffing Plan"). Such Staffing Plan, upon approval by the City, shall be modified upon the reasonable request of the City. The Parties hereby agree that the Staffing Plan reflects that Tenant's Operating Staff shall be limited to a General Manager, Assistant General Manager - Marketing and Operations and an administrative assistant unless otherwise mutually agreed to in writing by the Parties. Tenant shall cause its Subtenants to maintain a sufficient number of personnel including, without limitation, cashiers, management and supervisory personnel to fully meet the needs of customers during the Service Hours. Tenant's Operating Staff on the Premises shall be available by telephone and/or such other communication device as the City may require during the Service Hours.

(b) . Service Hours. The Airport is open for business every day, three hundred sixty-five (365) days per year and is busy during non-traditional working and shopping hours. Accordingly, "Service Hours" shall include the hours the Concession Program shall be open as directed by the City from time to time, including without limitation, the hours necessary to provide service for the earliest daily incoming and outgoing flights (including the provision of service to passengers who arrive in advance of same) and the latest daily incoming and outgoing flights, including non-scheduled activity by charter airlines. To that end, Tenant shall cause its Subtenants to open and operate the Concession Program, during hours directed by the City; provided that, if passenger traffic conditions, flight scheduling, flight delays or other considerations make it necessary, in the reasonable opinion of the City, the Concession Program shall be open at times not then scheduled. The City reserves the right to direct Tenant to change or adjust the Service Hours, and Tenant agrees and covenants to cause the Subtenants to open and adequately staff the Concession Program during the hours directed by the City. The City shall give Tenant at least thirty (30) days notice of any permanent adjustment in Service Hours. In addition, in an emergency, as determined by the City, Tenant shall use commercially reasonable efforts to cause the Subtenants operating essential concessions (such as newsstands and food & beverage concessions) to open or keep open the Concession Program or portions thereof upon two (2) hours prior verbal notice. The Service Hours and the need for flexibility as described herein shall be included in all Subleases.

(c) Customer Service. Tenant's and Subtenant's employees shall provide a high level of customer service consistent with a first class concession program. Tenant's and its Subtenant employees shall be courteous, neat in appearance, appropriately attired and shall use skill and diligence in the conduct of business. Tenant's and Subtenant's employees shall have sufficient knowledge of the Terminal and of the Airport to promptly and courteously direct and assist passengers in and around the Terminal and the Airport, including, without limitation, to airlines, Gates, customer information booths or customer information personnel, baggage carts, ATMs, other concession locations, telephones, rest rooms, escalators and elevators, exits and access to other terminals and ground transportation. No employee of Tenant or its Subtenants shall act in a loud, offensive or

42

otherwise objectionable manner or in a manner detrimental to the best interests of the City. Each Concession Premises shall accept all major credit cards and shall provide change-making services without charge upon request. Tenant shall provide initial and ongoing customer service training to its and its Subtenants employees in order to ensure compliance with the specific Service and Performance Operating Standards and to provide a high level of customer service, consistent with a first class food and beverage operation in general. All costs and expenses associated therewith shall be paid from the Marketing Fund.

(d) Concession Premises Facilities and Equipment. Tenant shall cause its Subtenants to operate the Concession Premises in a well-organized, safe, professional, clean and attractive manner and condition. All Operating Equipment shall be maintained in good condition and repair.

(e) Customer Complaints. In the event that Tenant or any of its Subtenants receive any written complaint concerning the Concession Program or any concession operations therein, Tenant shall within twenty-four (24) hours of receipt of such complaint by Tenant forward a copy of the complaint to the Commissioner and Tenant shall or shall cause its Subtenants to respond to such complaint in writing within three (3) days after receipt thereof and shall make a good faith effort to explain, resolve or rectify the cause of such complaint. Tenant shall submit a copy of its response to complaint to the Commissioner upon issuance of said response if from Tenant or upon receipt of said response if from a Subtenant. If the City receives a written complaint regarding the Concession Program or any concession operations therein, the City shall forward a copy of the same to Tenant and Tenant shall respond as set forth herein.

(f) Resident General Manager/Emergency Contact. In order to assure compliance with the terms, covenants and conditions of this Lease, Tenant shall retain a qualified competent manager suitably experienced and acceptable to the City to provide on-site management of the Concession Program on a full-time basis to manage all of Tenant's obligations and responsibilities under this Lease (the "Resident General Manager"). Tenant shall notify the City of the identity of its Resident General Manager and of any changes in such identity. Tenant shall assure that the Resident General Manager or his or her designee, acceptable to the City, is available, by telephone and such other communication device as the City may require, on a 24 hour per day, seven (7) days per week basis to respond to the City on day to day issues and in the event of emergencies. Tenant shall notify the City of the name and telephone number of such representative and shall update such information as necessary. If any Resident General Manager, in the City's reasonable judgment, does not perform up to standards consistent with the fulfillment of Tenant's obligation and responsibilities under this Lease, Tenant, in good faith, shall promptly take steps to remedy any such failure in performance.

(g) Continuous Operation. As provided in Article 3, Tenant hereby covenants that it shall continuously sublease, market, and manage any available Concession Premises pursuant to the terms of this Lease and shall from and after the Latest Date of Beneficial

43

Occupancy cause its Subtenants to continuously and uninterruptedly occupy and use the Concession Premises for the Concession Program and shall keep the Concession Program open for business during the Service Hours, except as may otherwise be permitted under this Lease or to the extent Tenant or any of its Subtenants may be prevented therefrom by Force Majeure, or occasioned by the City's negligence or willful misconduct. Tenant acknowledges that the Concession Program are essential services at the Terminal and Tenant's failure to cause its Subtenants to provide 'continuous operation of the Concession Program or any portion thereof will result in damages to the City that are difficult to quantify in light of airport operational and customer service factors. Therefore, in addition to any other remedies set forth herein, the City may assess, and if so assessed, Tenant shall pay to the City as liquidated damages and not as a penalty, the amount of Three Hundred Dollars (\$300.00) each day the Concession Program is not continuously operated.

Concession Monitoring.

Performance Standards and Audits. Tenant acknowledges the desire of the City to provide first class, customer service oriented concessions to the traveling public and other customers of the Terminal, consistent with the provisions of this Lease. Tenant shall use commercially reasonable efforts to cause its Subtenants to maintain the Concession Premises in a clean, neat, sanitary and safe condition in accordance with the service and operating standards which have been reviewed and approved by the City and attached hereto as Exhibit M ("Service and Performance Operating Standards") and in accordance with the provisions of this Lease. Tenant shall work with its Subtenants to achieve and maintain compliance with such requirements, including but not limited to, conducting daily walk through inspections and periodic meetings with Subtenants on an as needed basis.

In addition, Tenant shall conduct formal performance audits of a selection of the Concession Premises on a quarterly basis and more frequently as needed, without notice to any Subtenant, to ensure that all requirements of this Lease and the

Subleases are met. Such audits shall be conducted by Tenant or by consultants hired by Tenant, at no expense to the City, but payments for any third party consultants shall be permitted from the Marketing Fund contributions from the Subtenants. The City reserves the right to participate in such audits, at its discretion and at its own expense, to conduct its own audits in accordance with the provisions hereof; without notice to any Subtenant and to request that Tenant conduct an audit at a time not then scheduled. The City may enter any Concession Premises for the purposes described hereunder, at any time, without notice to Tenant or any Subtenant.

Tenant shall notify each Subtenant of any deficiencies and of any failure to meet a Minimum Performance Standard (as defined in the Service and Operating Performance Standards) and shall use commercially reasonable efforts to cause the Subtenant to correct the deficiency and Tenant shall assess and collect the appropriate liquidated damages. Tenant may, in its reasonable business judgment and in light of the

44

circumstances then present in the Terminal, use such judgment and circumstances in determining whether liquidated damages shall be assessed and collected whenever a Minimum Performance Standard is not met. Such deficiencies and the amount of the liquidated damages imposed shall be reported to the City. If the deficiency is not corrected within the applicable grace period. Tenant may impose and collect the appropriate additional liquidated damages or Tenant may pursue other remedies provided in the Sublease or available at law or in equity. If assessed, liquidated damages imposed for failure to correct a deficiency within the applicable grace period or for failing to meet a Minimum Performance Standard shall accrue on a daily basis until the deficiency is corrected and shall be reported by Tenant to the City. All liquidated damages collected under this Section shall be retained by Tenant to cover its overhead administrative expenses. If the City determines that a Subtenant has failed to properly correct any deficiency after receiving notice from Tenant, the City shall have the right, but not the obligation, to so notify the Tenant in writing as to the steps to be taken by Tenant and Subtenant and Tenant shall thereafter pursue any and all other appropriate remedies available pursuant to the Sublease, and at law or in equity.

The City expressly reserves the right to establish its own concession monitoring program and Tenant agrees to comply with and to cause its Subtenants to comply with the provisions of the City's concession monitoring program following sixty (60) days prior written notice to Tenant by the City.

Street Pricing. Tenant shall provide in the Subleases that Subtenants shall not be permitted to charge prices in excess of one hundred and ten percent (110%) of Street Prices, as hereinafter defined, for all types of merchandise sold and services rendered by Subtenants from the Concession Premises. The Street Price shall be determined as follows:

- (a) If a Subtenant conducts business in non-Airport locations, the Street Price is the price charged for the same merchandise or service at the nearest non-Airport location (provided, however, if a Subtenant operates in downtown Chicago, then any such location shall be used for comparison and such pricing shall prevail over other Subtenant prices), excluding short-term promotional and other sale prices.
- (b) If a Subtenant does not operate in non-Airport locations, the Street Price for all and the same merchandise and services (except as provided in subsection
- (c) of this Section with respect to food and beverages sold for immediate consumption by restaurant, snack bar or other food and beverage concessions), is the average price charged for such goods and services by three (3) comparable businesses in the metropolitan Chicago area where comparable merchandise or services are sold. Notwithstanding subsection (c) of this Section, this subsection (b) is intended to govern the Street Price of packaged food including, without

45

limitation, candy, gum, pre-packaged snack items and other food and beverages sold for consumption off Premises.

- (c) If a Subtenant does not operate in non-Airport locations, the Street Price for all food and beverage merchandise (including alcoholic beverages) sold for immediate consumption by any restaurant, snack bar, or other food and beverage concession shall be based on menu prices or price lists of three (3) comparable businesses or restaurants operating in the Chicago metropolitan area (as mutually and reasonably agreed to by Tenant and the City, taking into account variations in quality, service, portion size and ambiance at such comparable establishments).

- (d) If the product or service offered is neither sold by the Subtenant in non-Airport locations nor readily available from comparable businesses in the Chicago metropolitan area, and does not fall within any other category described in this Section, the Street Price shall be based on reasonable comparisons mutually agreed to by the Parties.

- (e) If the Subtenant sells duty free merchandise, then the Street Price of such duty free merchandise shall be based on reasonable comparisons with other duty free airport concessions operating in large urban airports located in major cities (top twenty in total population) in the United States.

From time to time but not less than once per year, Tenant shall conduct a sampling survey of Subtenants' prices to determine a Subtenant's compliance with this Section and the costs of such surveys shall be paid from the Marketing Fund.

7.10 Other Pricing Policy. The Commissioner may adopt other reasonable pricing policies, with which Tenant and Subtenants shall comply, to restrict overcharging and price gouging by Subtenants due to their dominant market position and any exclusive rights granted, but in no event shall the Commissioner require prices lower than the Street Prices.

7.11 Subtenant Sales. Tenant shall monitor the sales activity of each and every Subtenant and shall develop an action plan (with respect to merchandising, management and marketing efforts) for Subtenants who do not meet sales projections and work with Subtenants to improve performance. Tenant shall inform the City of such failures and shall propose corrective action to be taken and the time frame during which such steps shall be taken to improve Subtenants' sales performance for the City's approval. The City may modify, alter or amend such corrective action plan and may direct Tenant to take other reasonable measures if the Subtenant's performance does not improve within such time frame as permitted under the Sublease, and at law or in equity. The foregoing shall not be applicable if the failure of a Subtenant to meet its sales projections results primarily due to factors beyond the Subtenant's control, such as a decrease in airlines operating from the Terminal or a decrease in the Actual Enplaned Passengers in the Terminal, for example.

46

7.12 Vendors. Suppliers and Contractors. Except as otherwise provided herein, Tenant and its Subtenants shall have the right to obtain supplies or services from suppliers, vendors or contractors of their own choice for their operations at the Airport, provided that the City reserves the right to license and regulate all persons or companies doing business on the Airport and to prohibit persons from engaging in aeronautical activities, the provision of ground transportation services or any commercial activities at the Airport except in accordance with this Lease and agreements, concession contracts, permits or operating agreements entered into between the City and said persons.

7.13 Access for Delivery and Removal. Tenant shall not and shall not allow its Subtenants to receive or remove supplies, material, equipment, rubbish or debris through any Common Areas or service areas or otherwise utilize said areas, except at such times and in such manner and by such route as may from time to time be designated by the City. In connection with the Redevelopment and the new Concession Program, Tenant shall upon request submit to the City a plan for the removal of rubbish and for the delivery and removal of supplies, material and equipment, subject to approval by the City in its sole and absolute discretion. The City reserves the right to require Tenant and its Subtenants to participate in the City's recycling program.

7.14 Efficient Use of Space. Tenant acknowledges that a portion of the Concession Premises is to be used by the traveling public. Tenant shall make and shall cause its Subtenants to make available such space to the traveling public on a nondiscriminatory basis and shall coordinate its activities and operations with abutting tenants and the City so as to maximize efficient use of available space.

7.15 No Waste or Nuisance. Tenant covenants and agrees that it shall not and shall not allow its Subtenants to injure, deface or otherwise harm the Premises or use the Premises in any manner that will constitute waste, and that it shall not cause or permit any unlawful conduct, unreasonable annoyance or nuisance to exist on the Premises, nor permit any activity or omission which constitutes or results in unlawful conduct, unreasonable annoyance or nuisance nor permit the emission of any objectionable noise, vibration or odor nor overload the floor of the Premises, nor permit any use of the Premises which will invalidate or increase the premiums on any of the City's insurance.

7.16 Signs/Corporate Identification/Promotional Materials. Tenant shall not place or allow its Subtenants to place on the exterior walls of the Premises (including both interior and exterior surfaces of windows and doors) or on any part of the Terminal outside the Premises, any signs, symbols, advertisements or the like visible from outside of the Premises without the prior written consent of the City in accordance with the City approval process, which consent may be withheld in the City's sole and absolute discretion. Tenant acknowledges that a separate contract for advertising at all of the City's facilities is in effect, and that all signage, including promotional material and activities of Tenant and Subtenants may be restricted by and subject to its provisions.

7.17 Cleaning. Janitorial and Pest Control. Tenant shall or shall cause its Subtenants to

47

provide cleaning, janitorial and pest control services to the Concession Premises. Tenant shall be entitled to retain an independent third party to provide such cleaning, janitorial and pest control services and charge the actual costs incurred, without any administrative mark-up or profit to Tenant, proportionately to all Subtenants as Operating Costs.

7.18 Revenue Control.

(a) Upon the request of the Commissioner, Tenant shall use commercially reasonable efforts to make available monthly

sales data by causing its Subtenants to provide sales and activity data reporting and statistical analysis on a calendar month basis and by providing electronic cash control systems for each Concession Premises ("Point of Sale Data"), relecting the amount of each sales transaction, items sold per transaction, time and date of the transaction, and specifying the sales category applicable to each item sold.

(b) At such time, if any, as computerized Point of Sale Data systems ("POS Systems") have been developed to a point where there is an industry standard and the City installs infrastructure compatible with such industry standard, then Tenant shall upon request use commercially reasonable efforts to require each of its Subtenants, and at the Subtenants' own expense, to install such a POS system in the Subtenant Premises or, if it already uses such a system, must use reasonable efforts to promptly cause the system to conform to the City's POS Systems and permit the City to connect the City's POS System to each Subtenant's POS System using fiber optic cable or otherwise.

ARTICLE 8

CONSTRUCTION, MAINTENANCE AND REPAIR

8.1 City Improvements. On May 1, 2011, the City shall deliver the Premises in its AS-IS Condition and the City shall also permit Tenant to take over the responsibility for the overall management of the existing concessions in the Transition Premises including management of existing concession operators with respect to the operation of any concessions which shall continue to operate during the transition of the Concession Program and prior to the Redevelopment. The City shall not be obligated to make or cause to be made any improvements of any nature to the Premises except as and only to the extent expressly set forth in the Scope of Work. In the event that the City makes or causes any improvements to be made ("City Improvements"), the City shall own and maintain said City Improvements, unless otherwise agreed to in writing.

8.2 City Maintenance and Repair. The City shall repair and maintain in good condition the Common Areas, the exterior and the structural portions of the Premises and the Terminal, including the roofs and any building systems not required to be maintained by Tenant pursuant to this Article 8 as well as the overall Airport property including the Landing Area.

8.3 Tenant and Subtenant Improvements.

48

(a) General. All Tenant Base Building Improvements and Subtenant Fixed Improvements shall: (i) be constructed in accordance with Plans and Specifications approved in writing by the City; (ii) be constructed by Contractors pursuant to written construction contracts entered into between Tenant or Subtenants and the Contractor named therein; (iii) be constructed and installed in a good and workmanlike manner using only new (or recycled sustainable) materials; (iv) be constructed in compliance with all applicable statutes, ordinances, building codes, codes and rules, regulations, and directives of any local, state or federal entity having jurisdiction and all generally applicable procedures and requirements of the City including the City's TDCPM; (v) be constructed at Tenant's or Subtenant's sole expense and at such times and in such manner as the City may from time to time reasonably designate without unreasonable interference with or disruption of the operations of tenants or other occupants of the Terminal and the Airport; and (vi) become part of the Premises unless the City elects otherwise in accordance with the TDCPM.

All of such Plans and Specifications shall be submitted for approval by the City in accordance with the City approval process prior to the commencement of any construction. The City shall use its best efforts to notify Tenant in writing of its approval, disapproval or comments upon any Plans and Specifications submitted in accordance with the City approval process within thirty (30) days of its receipt. The City shall notify Tenant in writing of its

approval, disapproval or comments upon any request submitted in accordance with the TDCPM then in effect

49

The City's approval of any Plans and Specifications shall not be deemed or be construed to indicate or demonstrate adequacy of the design, construction or safety of the proposed improvement, structure, alteration, modification, sign or addition. Upon completion of the proposed improvement, structure, alteration, modification, sign or addition, Tenant shall or shall cause its Subtenants to deliver "as-built" drawings to the Commissioner.

(a) Tenant shall make and shall cause its Subtenants to make any construction or renovation of any proposed improvement, structure, alteration, modification, sign or addition in conformance with the City's TDCPM. (b) Tenant shall or shall cause its Subtenants to, at their own expense, remove from the Premises all trash and debris which may accumulate in connection with Tenant's and Subtenant's construction activities and, should Tenant fail to do so, the City may, in addition to any other right or remedy of the City, remove such trash and debris following one (1) days' notice to Tenant, at Tenant's expense, and the expenses so incurred by the City shall be due and payable by Tenant, as Additional Rent on demand. Tenant expressly acknowledges and agrees that Tenant shall be responsible for obtaining or causing its Subtenants to obtain all necessary permits, approvals and variances and for compliance with all applicable laws and regulations. Tenant shall be entitled to pass through such expenses for any Subtenants who fail to comply with this provision.

(c) All contracts for the construction or installation of Tenant's Base Building Improvements and each Subtenant's Fixed Improvements shall require:

(i) all regulations and directives now or later promulgated by the FAA or TSA pertaining to Airport security, as such regulations and directives may be amended or modified from time to time during the Term of this Lease;

(ii) all federal, State of Illinois, and City laws, rules, regulations and ordinances, including all building, zoning and health codes and all Environmental

50

Laws; and

(iii) the TDCPM and the Airport Concession Program Handbook.

Tenant and its Subtenants must complete or cause to be completed all of Tenant's Base Building Improvements and the Subtenant Fixed Improvements in accordance with all rules, regulations and standards, including the TDCPM, and the approved Construction Documents for any Improvements. If there is a conflict between work requirements stated in this Lease and those set forth in the TDCPM, the terms and provisions of the TDCPM shall control. No construction must take place until the Commissioner has approved the Construction Documents.

Tenant and Subtenants Construction Costs.

(a) Tenant Base Building Improvements. Within one hundred eighty (180) days of the completion of Tenant's Base Building Improvements, Tenant shall furnish the City with a statement certified by an officer of Tenant subject to audit by the City, detailing the actual costs expended for the construction of Tenant's Base Building Improvements, along with documentation of such expenditures, invoices and evidence of payment of such invoices and any other documentation the City shall reasonably request. Upon approval by the City, in accordance with the terms of this Lease, the approved amount shall be deemed for all purposes of this Lease as the "Tenant Certified Construction Costs".

(b) Subtenant Fixed Improvements. In connection with the Subtenants' obligations to construct and install the Subtenant Fixed Improvements and Operating Equipment in the Subtenant Premises, Tenant shall cause the Subtenants to spend, in the aggregate, as to all of the Subtenant Premises, not less than the following amounts per square foot for such Subtenant Fixed Improvements and Operating Equipment hereafter set forth in accordance with the TDCPM and the Construction Documents: (a) In-Line - Three Hundred Fifty Dollars (\$350.00) per square foot, and (b) Kiosks - Two Hundred Dollars (\$200.00) per square foot; provided that for all kiosks, the initial minimum investment shall not be less than Forty Thousand Dollars (\$40,000.00) per unit. Within one hundred eighty (180) days of the completion of each Subtenant's

Subtenant Fixed Improvements, Tenant shall cause its Subtenants to furnish Tenant with a statement certified by an officer of each Subtenant subject to audit by Tenant and the City, detailing the actual costs expended for the construction of each Subtenant's Subtenant Fixed Improvements, along with documentation of such expenditures, invoices and evidence of payment of such invoices and any other documentation the City shall reasonably request. Following review and approval of the Subtenant invoices by Tenant, Tenant shall furnish all such information to the City. Upon approval by the City, in accordance with the terms of this Lease, the approved amount shall be deemed for all purposes of this Lease as the "Subtenant Certified Construction Costs".

(c) Only the following items shall be included in the Tenant Certified Construction

51

Costs and Subtenant Certified Construction Costs:

- (i) directly contracted construction, installation and fabrication costs with respect to Tenant's Base Building Improvements and the Subtenant Fixed Improvements;
- (ii) furniture, fixtures, decorative treatments and Operating Equipment purchased for and used in the Premises;
- (iii) architectural, design, engineering and construction management costs, not to exceed twenty percent (20%) of the total approved cost of the items as defined in (A) and (B) above. The City reserves the right to require Tenant and Subtenants to provide a list of selected architects, interior designers, and construction managers for prior written approval by the City, which approval shall be timely and shall not be unreasonably withheld.

No Mechanics' Liens. Tenant or its Subtenants must not permit any mechanics' lien for labor or materials furnished or alleged to have been furnished to it to attach to any portion of the Premises, any Subtenant Premises, the Terminal or the Airport, Tenant's leasehold interest, and Subtenant's leasehold interest or this Lease in any way relating to any work performed by or at the direction of Tenant or Subtenant. Upon making payments to Contractors, Tenant shall use commercially reasonable efforts to obtain from each Contractor a waiver or mechanics' liens against any portion of the Premises, any Subtenant Premises, the Airport, Tenant's leasehold interest, and Subtenant's leasehold interest or this Lease arising out of any work done by the Contractor and each and every of the Contractor's materialmen and workmen. If, nonetheless, any such mechanics' lien is filed upon any portion of the Premises, any Subtenant Premises, the Terminal or the Airport, Tenant's leasehold interest, any Subtenant's leasehold interest, or this Lease, Tenant, or its Subtenants, as the case may be, shall indemnify, protect, defend and save harmless the City against any loss, liability or expense whatsoever by reason of it and must promptly and diligently proceed with or defend, at its own expense, the action or proceedings as may be necessary to remove the lien. Tenant must deliver notice to the Commissioner of any such lien or claim within fifteen (15) days after Tenant has knowledge of it. Tenant or its Subtenants, as the case may be, may permit the mechanics' to remain undischarged and unsatisfied during the period of the contest and appeal; provided that, if requested by the Commissioner, Tenant or its Subtenant must within thirty (30) days following the Commissioner's request post a bond with the City equal to 100% of the amount of the lien. If the lien is stayed and the stay later expires or if by nonpayment of any lien any portion of the Premises, any Subtenant Premises, the Terminal or the Airport, Tenant's leasehold interest, any Subtenant leasehold interest or this Lease will be, or is claimed to be, subject to loss or forfeiture, then Tenant or its Subtenants must immediately pay and cause to be satisfied and discharged the lien. If Tenant or its Subtenants fails to do so, the Commissioner may, in her sole discretion, draw on the bond and make such payment. If the Commissioner has not requested a bond, then the Commissioner may, in her sole discretion, make such payment out of

52

legally available Airport funds and, in such event, the amount paid shall immediately be payable by Tenant or its Subtenants as Additional Rent. Failure to post a bond when requested by the Commissioner or pay such Additional Rent shall be an Event of Default.

City Resident Construction Worker Employment Requirement.

(a) Use of Residents. In connection with and during the construction of the Work, Tenant, its Subtenants and their respective Contractors must comply with the provisions of §2-92-330 of the Municipal Code of the City of Chicago ("Municipal Code"), as amended from time to time concerning the minimum percentage of total construction worker hours performed by qualified actual residents of the City. At least 50% of the total construction worker hours worked by persons on the site of the Work must be performed by actual residents of the City. Tenant or its Subtenants may request a reduction or waiver of this minimum percentage level of Chicagoans in accordance with standards and procedures developed by the Chief Procurement Officer of the City. In addition to complying with this percentage, Tenant, its Subtenants and any of their respective Contractors are required to make good faith efforts to utilize qualified actual residents of the City in both unskilled and skilled labor positions. "Actual residents of the City" means persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home. Tenant, its Subtenants and

each of their respective Contractors (for purposes of this subsection, "Employer") must provide for the maintenance of adequate employee residency records to ensure that actual Chicago residents are employed. Each Employer will maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

(b) Certified Payroll Reports. In connection with and during the construction of the Work, weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) must be submitted to the Commissioner in triplicate and must identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be written in after the employee's name.

(c) Inspection of Records. In connection with and during the construction of the Work, each Employer must provide full access to its employment records to the Chief Procurement Officer, the Commissioner, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. Each Employer must maintain all relevant personnel data and records for a period of at least three (3) years after final acceptance of the Work. At the direction of the Commissioner, affidavits and other supporting documentation may be required of each Employer to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

(d) Level of Effort. Efforts on the part of each Employer to provide utilization of actual Chicago residents that are not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the City's Chief Procurement

53

. Officer will not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

(e) Shortfalls; Liquidated Damages. When the Work is completed, in the event that the City has determined that Tenant has failed to ensure the fulfillment of the requirement of this Section concerning the worker hours performed by actual residents of the City or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1% of the aggregate hard construction costs of the improvement Costs (the product of .0005 x such aggregate hard construction costs) (as evidenced by approved contract value for the actual contracts) must be surrendered by Tenant to the City as liquidated damages, and not as a penalty, in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly will result in the surrender of the entire liquidated damages as if no actual residents of the City were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject Tenant, its Subtenants and/or the Contractors to prosecution. The City may draw against the Security any amounts that appear to be due to the City under this provision pending the City's determination as to the full amount of liquidated damages due on completion of the Work.

(f) Nothing set forth in this Section acts as a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Lease or related documents, as applicable.

(g) Inclusion in Contracts. Tenant and its Subtenants must cause or require the provisions of this Section to be included in all construction Contracts related to the Work.

8.8 Licensing of General Contractor. This Lease is subject to Chapter 4-36 of the Municipal Code which requires all persons acting as a general contractor (as defined in Chapter 4-36) to be licensed as a general contractor by the City. Tenant's failure to ensure that any general contractor working on Tenant's Base Building Improvements complies with Chapter 4-36 of the Municipal Code will be an Event of Default under this Lease. Tenant shall also include a similar provision in the Subleases to reflect that a Subtenant's failure to ensure that any general contractor working on the Subtenant Fixed Improvements complies with Chapter 4-36 of the Municipal Code will be a default by the Subtenants under the Subleases.

8.9 Prevailing Wages. In connection with the construction, repair, and maintenance of Improvements, Tenant must comply with the applicable provisions of 820 ILCS 130/0.01 et seq., regarding the payment of prevailing wages, and the most recent Illinois Department of Labor schedule of prevailing wages, and any successors to them. Tenant

54

and its Subtenants must insert appropriate provisions in all Contracts covering construction work under this Lease to ensure compliance of all construction Contractors with the foregoing wage statutes and regulations.

8.10 Contractor Certifications. Tenant and its Subtenants must require all Contractors performing Work in connection

with this Lease to be bound by the following provision and Tenant must cooperate fully and shall cause its Subtenants to cooperate fully with the City in exercising the rights and remedies described below or otherwise available at law or in equity:

In addition to any other rights or remedies available to the City at law or in equity, Contractor acknowledges that any breach or failure to conform to this certification may, at the option and direction of the City, result in the withholding of payments otherwise due to Contractor for services rendered in connection with the Lease and, if the breach or failure is not resolved to the City's satisfaction within a reasonable time frame specified by the City in writing, may result in the offset of any such indebtedness against the payments otherwise due to Contractor and/or the termination of Contractor for default (in which case Contractor will be liable for all excess costs and other damages resulting from the termination.)"

8.11 Project Manager. Tenant shall act as the project manager for the Tenant's Base Building Improvements and the Subtenant Fixed Improvements, including design and construction and any other Subtenant construction and shall coordinate same with the City pursuant to the City approval process. Tenant acknowledges that during construction of the Improvements, the Terminal will be operating and other tenants, the traveling public and others will be conducting business in and using the Terminal. Upon termination of Tenant's or any of its Subtenant's occupancy of the Premises or the expiration of the Term, Tenant shall or shall cause its Subtenants, upon request of the City, to remove any Operating Equipment and personal property repair any damage to the Premises caused by such removal, reasonable wear and tear and damage by casualty excepted. If Tenant does not promptly remove or cause the removal of such Operating Equipment and personal property upon request of the City, the City may, without any obligation to do so, enter the Premises and remove such Operating Equipment and personal property, hold the same for the owners thereof or may place the same in a public warehouse, all at the expense and risk of Tenant and/or the Subtenants, as the case may be. (the "Copyright Act"). The waiver must include, but is not limited to, the right to prevent the removal, storage, relocation, reinstallation, or transfer of the Artwork. Tenant or its Subtenants shall acknowledge and will cause the artist to acknowledge that such removal, storage, relocation, reinstallation or transfer of the Artwork may result in the destruction, distortion, mutilation or other modification of the Artwork. (b) Major Damage.

(i) "Major Damage" means any damage or destruction that, based on reasonable estimates made by the Department within sixty (60) days after the occurrence of the damage or destruction, in order to be repaired to the condition existing before the damage or destruction:

a. would cost, with respect to the Improvements, in excess of
60

fifty percent (50%) of the replacement cost value of all Improvements; or, if within the last five (5) years of the Term, in excess of twenty-five percent (25%) of such replacement cost; and

b. would cost, with respect to the Shell and Core, in excess of fifty percent (50%) of the replacement cost of the Shell and Core, or would require, in the sole judgment of the Commissioner, more than nine (9) months to complete.

If the Commissioner notifies Tenant of the Commissioner's election not to repair the Major Damage, this Lease will terminate as to the affected Premises effective as of the date of the Major Damage, all Rent due under this Lease must be prorated to the date of termination, and Tenant must surrender the affected portion of the Premises to the City.

If sufficient insurance proceeds are available to repair the damage and the damage can be repaired and the Improvements restored before the Term expires, then Tenant or its Subtenants, as the case may be, may elect to repair the damage and restore the Improvements. If Tenant determines in its reasonable business judgment not to elect to perform the repair and restoration, then Tenant shall pay to the City all insurance proceeds received as a result of such Major Damage and then this Lease terminates as to the impacted portion of the Premises as of the date of the Major Damage. The City shall have the right to restore and thereafter lease any such locations to other third parties.

(iv) If this Lease is not terminated in accordance with paragraphs (b)(ii) or (iii) and a casualty has damaged or destroyed any portion of the Shell and Core involving the Premises, the City will restore the Shell and Core to the condition existing on when possession was delivered by the City to Tenant, according to the original as-built plans and specifications. Upon completion of the City's Shell and Core restoration work, if any, Tenant and Subtenant shall proceed to rebuild the Improvements as nearly as possible to the character of Improvements existing immediately before the occurrence.

(v) Before beginning to replace, repair, rebuild or restore Improvements, Tenant and its Subtenant must deliver to the Commissioner a

61

report of an independent consultant acceptable to the Commissioner setting forth:

a. an estimate of the total cost of the Work;

b. the estimated date upon which the Work will be substantially completed; and

c. a statement to the effect that insurance proceeds are projected to be sufficient to pay the costs of the Work.

(vi) The Commissioner will use commercially reasonable efforts to provide suitable temporary Relocation Space during the period of restoration subject to the reasonable approval of Tenant or its Subtenants. Tenant or its Subtenants must relocate impacted operations to the temporary Relocation Space, and the costs associated with any such relocation, including moving expenses and the cost of reconstructing the Improvements in the temporary Relocation Space, shall be borne by Tenant and its Subtenants but only to the extent insurance covers any such costs.

(c) Tenant's Option. If the Concession Premises or a portion of it is subject to Major Damage during the final three (3) years of the Term, Tenant has the right, for a period of sixty (60) days beginning on the date of the occurrence, to elect not to restore the affected Improvements as otherwise required under this Lease by giving the Commissioner written notice of the election, in which event this Lease will, as to the portion of the Premises, terminate upon the notice. If Tenant desires to rebuild the affected Premises, it may do so only upon the written approval of the Commissioner. If approved, Tenant will receive the unamortized Improvement Cost of the restoration upon termination or expiration of the Term, with amortization being calculated on a straight-line basis over a period of time equivalent to the original Term.

(d) Insufficient Insurance. In no event will the City, Tenant or any of its Subtenants be obligated to repair, alter, replace, restore, or rebuild any Improvements, or any portion of them, nor to pay any of the costs or expenses for them. If available insurance proceeds are not sufficient to cover the cost of the restoration as required under this Article 8, then this Lease shall terminate with respect to the portion of the Premise so damaged.

ARTICLE 9

UTILITIES

Utilities to Premises.

(a) The City shall allow Tenant and its Subtenants access to the various base building utility systems as they exist in the Terminal for those types of utilities which are necessary for the operation of the Concession Program. These include natural gas,

62

water, sewage, telephone and data transmission and electricity. The amount and capacity of the various utilities for each of the New Concession Premises which the City shall provide is as set forth on the utilities matrix attached hereto as Exhibit N.

(b) Tenant or its Subtenants must pay for natural gas, water, sewage, telephone and data transmission and electricity furnished to the Premises, and Subtenants will be required to install separate meters or check meters in the Subtenant Premises to properly measure the consumption of all utilities. All other utilities shall be provided without charge to the Tenant or its Subtenants.

(c) Tenant or its Subtenant must maintain utility lines to the Premises or Subtenant Premises as the case may be as follows:

where the utility lines, including gas, electrical, telephone and data transmission, hot and cold water, fire sprinkler, gas, and sewer serve the Premises and other areas of the Terminal, Tenant or its Subtenants shall only be obligated to maintain those branch lines and facilities that are exclusively serving the Premises, whether located within or outside the Premises but only up to the connection point to the main lines or facilities; and

where the utility lines are solely for the use of the Premises, Tenant or its Subtenants shall be obligated to maintain the utility lines from the Premises up to the main entry point to the Terminal. Alternatively, the City may, at the Commissioner's sole discretion, maintain the lines and charge Tenant the reasonable cost of the maintenance. Tenant or its Subtenants must maintain all electrical cables, conduits, wiring, fire alarm systems, electrical panels and associated equipment exclusively serving the Premises.

(d) Telephone/Telecommunications. The City shall have no obligation to provide telephone or data communication services to the Premises but shall provide Tenants and Subtenants access to such services as they exist within the Terminal.

9.2 Tenant's Acts. Tenant shall not and shall not allow its Subtenants to do or permit to be done anything which may interfere with the effectiveness or accessibility of any drainage and sewerage system, water system, ventilation, air-conditioning and heating systems, communications systems, key card access systems, elevators and escalators, electrical system, fire-protection system, sprinkler system, alarm system, fire hydrants and hoses and other utility and other systems, if any, installed or located on, under, in or adjacent to the Premises now or in the future.

9.3 No Constructive Eviction. The City shall make diligent efforts to supply Tenant with utility services as specified above; however, if the City makes such diligent efforts but fails to provide said utility services, said failure shall not constitute a constructive

0)

(ii)

63

eviction, and the City shall not be liable to Tenant in damages, nor shall Tenant be entitled to any reduction in Rent except as otherwise provided herein, or otherwise: (i) if any utility shall become unavailable from any public utility company, public authority or any other Person or entity supplying or distributing such utility, or (ii) for any interruption in any

service hereunder (including, without limitation, any heating, ventilation or air-conditioning) caused by the making of any necessary repairs or improvements, or (iii) by any cause beyond the reasonable control of the City which is not attributable solely to the negligence or willful misconduct of the City. In no event shall the City be liable to Tenant for indirect or consequential damages.

9.4 Energy Conservation. The City shall have the right to institute such policies, programs and measures as may be reasonably necessary or desirable, in the City's discretion, for the conservation and/or preservation of energy or energy related services, or as may be required to comply with any applicable codes, rules and regulations, whether mandatory or voluntary.

ARTICLE 10 ENVIRONMENTAL

10.1 Environmental Laws. Tenant shall observe, obey and cause its Subtenants, employees, agents, Contractors, and licensees to observe and obey all applicable Environmental Laws.

10.2 Hazardous Substances. Tenant must not use or allow the Premises to be used for the release, storage, use, treatment, disposal or other handling of any hazardous substance, as defined in any Environmental Laws, except in full compliance with all Environmental Laws. Tenant must not use or allow the Premises to be used for the storage of any such hazardous substances except small amounts of cleaning fluids, business equipment materials (such as copy machine toner) and other small amounts of such hazardous substances customarily handled or used in connection with the concession operations, all of which must be stored and used in compliance with all applicable Environmental Laws. Upon the expiration or termination of this Lease, Tenant must surrender the Premises to the City free from the presence and contamination of any hazardous substances which were placed therein as a result of actions by Tenant or its Subtenants.

10.3 Environmental Representations and Warranties. Tenant hereby represents and warrants to the City as follows:

(a) Except as may be permitted by and only in compliance with applicable laws, including, without limitation Environmental Laws, Tenant shall not allow any Hazardous Materials to exist or be stored, located, discharged, possessed, managed, processed, or otherwise handled on the Premises, and shall strictly comply with and cause its Subtenants to strictly comply with all Environmental Laws affecting the Premises, including, without limitation, those laws regarding the generation, storage, disposal,

64

release and discharge of Hazardous Materials. Without limiting the generality of the foregoing, Tenant has not been, is not, and will not become involved in or allow its Subtenants to become involved in operations at the Premises involving Hazardous Materials, except as expressly permitted by and only in compliance with applicable Environmental Laws. Tenant expressly warrants, represents and covenants that Tenant, its Subtenants, employees, agents, Contractors, and licensees shall strictly comply with the requirements of all Environmental Laws affecting the Premises and shall immediately notify the City of any release or threat of release of Hazardous Materials at, upon, under or within the Premises.

(b) No activity shall be undertaken on the Premises that would cause (i) the Premises to be considered a hazardous waste treatment, storage or disposal facility as defined under any Environmental Laws; (ii) a release or threatened release of Hazardous Materials into any watercourse, surface or subsurface water or wetlands; or (iii) the discharge into the environment of any Hazardous Materials in each case requiring a permit under any Environmental Laws and for which no such permit has been issued.

(c) Tenant shall immediately notify the City in writing of (i) any release or threatened release of Hazardous Materials or the occurrence of any other environmental problem or liability with respect to the Premises which could subject Tenant or the Premises to a claim under any Environmental Laws or to any restriction in ownership, occupancy, transferability or use of the Premises under any Environmental Laws; (ii) any lien tiled, action taken or notice given of the nature described in subparagraph (b) above; (iii) any notice given to Tenant from any Subtenant or other occupant of the Premises authorized by the City pursuant to the terms of this Lease or any notice from any governmental authority with respect to any release or threatened release of Hazardous Materials; or (iv) the commencement of any litigation or any information relating to any threat of litigation relating to any alleged unauthorized release of any Hazardous Materials or other environmental contamination, liability or problem caused by Tenant or its Subtenants with respect to or arising out of or in connection with the Premises.

(d) Tenant shall not be responsible or liable in any manner to the City or otherwise for any remediation or removal of any Existing Contamination or for the release or threatened release of any Hazardous Materials (whether located within the Premises or elsewhere) unless such release or threatened release of Hazardous Materials is caused by the action, omission to act, negligence or willful misconduct of Tenant, its Subtenants and their respective agents, employees, Contractors or licensees.

10.4 Notices. Tenant shall provide the City with copies of any notices of release of Hazardous _ Materials which are given by or on behalf of Tenant or any Subtenant to any federal, state or local agencies or authorities with respect to the Premises in accordance with Article 18. Such copies shall be sent to the City concurrently with their being mailed or delivered to the governmental agencies or authorities. Tenant also shall provide the City with copies of any notices of responsibility or any other notices received by or on behalf of Tenant or any Subtenant from any such agencies or authorities concerning any non-

65

/

compliance with Environmental Laws on or about the Premises, including but not limited to notices regarding Hazardous Materials or substances located on/or about the Premises. In addition, in connection with any litigation or threat of litigation affecting the Premises, Tenant shall deliver to the City any documentation or records as the City may reasonably request in connection with all such notices, inquiries and communications, and shall give written notice to the City of any subsequent developments.

10.5 No Illegal Dumping. In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Tenant warrants and represents that it has not violated and is not in violation of the following sections of the Municipal Code (collectively, the "Waste Sections"):

7-28-390 Dumping on public way-Violation-Penalty;

7-28-440 Dumping on real estate without permit;

11-4-1410 Disposal in waters prohibited;

11-4-1420 Ballast tank, bilge lank or other discharge;

11-4-1450 Gas manufacturing residue;

11-4-1500 Treatment and disposal of solid or liquid waste;

11-4-1530 Compliance with rules and regulations required;

11-4-1550 Operational requirements;

11-4-1560 Screening requirements; and

any other sections listed in Section 11-4-1600(e), as it may be amended from time to time.

During the period while this Lease is executory, Tenant's violation of the Waste Sections, whether or not relating to the performance of this Lease constitutes a breach of and an Event of Default under this Lease, for which the opportunity to cure, if curable, will be granted only at the sole discretion of the Commissioner. Such breach and Event of Default entitles the City to all remedies under the Lease, at law or in equity. This Section does not limit the Tenant's duty to comply with all Environmental Laws, in effect now or later, and whether or not they appear in this Lease. Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Lease, and may further affect the Tenant's eligibility for future City agreements.

10.6 Sustainable Airport Practices. The City encourages Tenant and its Subtenants to incorporate sustainable design practices in the redevelopment of the Terminal's Concession Program. The Sustainable Airport Manual attached hereto as Exhibit O

66

("SAM") should be considered in every aspect of the Redevelopment and concession operations. Tenant and Subtenants should include a LEED (Leadership in Energy and Environmental Design) accredited professional on their respective design teams and should consider as part of their main objectives for sustainable design to avoid resource depletion of energy, water, and raw materials; prevent environmental degradation caused by facilities and infrastructure throughout their life cycle; and create built environments that are comfortable, safe and productive. Subtenants shall be encouraged to use recycled or recyclable materials for the packaging of products sold at the Airport. This shall include bags and boxes that are provided to customers at the time of sale. Further, Subtenants are encouraged to use recycled or recyclable materials for the pre-packaging of products and any temporary display materials used at the Airport.

ARTICLE 11 INSURANCE AND INDEMNITY

11.1 Tenant's and Subtenants' Insurance.

Tenant shall, and shall cause its Subtenants to, at their respective sole expense, procure and maintain at all times during the Term of this Lease, and during any time period following expiration or termination of this Lease during which Tenant or Subtenant is holding over or Tenant is required to return to the Premises for any reason whatsoever, the types of insurance set forth in Exhibit P covering all operations under this Lease, with insurance companies authorized to do business in the State of Illinois.

11.2 Indemnification.

(a) Except where this indemnity clause would be found to be inoperative or unenforceable under the Construction Contract Indemnification for Negligence Act, 740 ILCS 35/0.01 et seq. ("Anti-Indemnity Act"), Tenant must defend, indemnify, keep and hold harmless the City, its officers, representatives, elected and appointed officials, agents and employees, from and against any and all Losses, except for any Losses which are the result of the negligence or willful misconduct of the City, its employees, agents, contractors and subcontractors.

(b) "Losses" means, individually and collectively, liabilities of every kind, including losses, damages, and reasonable costs, payments and expenses (such as, but not limited to, court costs and reasonable attorneys' fees and disbursements), claims, demands, actions, suits, proceedings, judgments or settlements, any or all of which in any way arise out of or relate to the acts or omissions of Tenant, its Subtenants and their respective employees, agents, and Contractors.

(c) At the City Corporation Counsel's option, Tenant shall defend all suits brought upon all such Losses and must pay all costs and expenses incidental to them, but the City has the right, at its option, to participate, at its own cost, in the defense of any suit, without relieving Tenant of the foregoing indemnity obligations under this Section.

67

Tenant must not make any settlement without the prior written consent to it by the City Corporation Counsel if the settlement requires any action on the part of the City or in any way involving the Airport.

(d) To the extent permissible by law, Tenant waives any limits to the amount of its obligations to indemnify, defend or contribute to any sums due under any Losses, including any claim by any employee of Tenant that may be subject to the Workers' Compensation Act, 820 ILCS 305/1 et seq or any other related law or judicial decision (such as, *Kolecki v. Cyclops Welding Corporation*, 146 Ill. 2d 155 (1991)). The waiver, however, does not require Tenant to indemnify the City for the City's own negligence or willful misconduct. The City, however, does not waive any limitations it may have on its liability under the Worker's Compensation Act or under the Illinois Pension Code.

(e) The indemnities contained in this Section survive the expiration or earlier termination of this Lease, for matters occurring or arising during the Term of this Lease or as the result of or during the holding over of Tenant beyond the Term. Tenant acknowledges that the requirements set forth in this Section to indemnify, keep and save harmless and defend the City are apart from and not limited by the Tenant's duties under this Lease, including the insurance and Security requirements.

ARTICLE 12

COMPLIANCE WITH LAWS

12.1 Compliance with Laws. Tenant shall, and shall cause its Subtenants, at all times observe and comply with all applicable laws, statutes, ordinances, rules, regulations, court orders and executive or administrative orders and directives of the federal, state and local government, now existing or later in effect (whether or not the law also requires compliance by other parties), including the Americans with Disabilities Act and Environmental Laws, that may in any manner affect the performance of this Lease (collectively, "Laws"), and must not use the Premises, or allow the Premises to be used, in violation of any Laws or in any manner that would impose liability on the City, Tenant or the Subtenants under any Laws. Tenant must notify the City within ten (10) days of receiving notice from a competent governmental authority that Tenant, its Subtenants or any of their respective Contractors may have violated any Laws. Provisions required by any Law to be inserted in this Lease are deemed inserted in this Lease whether or not they appear in this Lease or, upon application by either party, this Lease will be amended to make the insertion; however, in no event will the failure to insert the provisions before or after this Lease is signed prevent its enforcement. Without limiting the foregoing, Tenant covenants that it will comply with all Laws, including but not limited to those Laws identified in this Article 12.

12.2 Economic Disclosure Statements and Affidavits. In connection with Section 2-92-320 of the Municipal Code, Tenant has executed an Economic Disclosure Statement and Affidavit which is attached to this Lease as Exhibit H and which contains a certification

68

as required under the Illinois Criminal Code, 720 ILCS 5/33E, and under the Illinois Municipal Code, 65 ILCS 5/8-10-1 et seq. Ineligibility under Section 2-92-320 of the Municipal Code continues for 3 years following any conviction or admission of a violation of Section 2-92-320. For purposes of Section 2-92-320, when an official, agent or employee of a business entity has committed any offense under the section on behalf of such an entity and under the direction or authorization of a responsible official of the entity, the business entity is chargeable with the conduct. If, after Tenant and any Subtenant enters into a contractual relationship with a Contractor, it is determined that the contractual relationship is in violation of this subsection, Tenant and its Subtenant, if applicable, must immediately cease to use the Contractor. All Contracts must provide that Tenant is entitled to recover all payments made by it to the Contractor if, before or subsequent to the beginning of the contractual relationship, the use of the Contractor would be violative of this

Section.

12.3 Inspector General and Legislative Inspector General. It is the duty of Tenant and all officers, directors, agents, partners, and employees of Tenant to cooperate with the Inspector General and the Legislative Inspector General of the City in any investigation or hearing undertaken under Chapter 2-55 or Chapter 2-56 of the Municipal Code. Tenant understands and will abide by all provisions of Chapter 2-55 and Chapter 2-56 of the Municipal Code. Tenant must inform all Subtenants and Contractors of this provision and require under each Sublease and Contract compliance herewith by each Subtenant and Contractor all of their respective officers, directors, agents, partners and employees.

12.4 Section 2-92-586 of the Municipal Code. The City encourages Tenant to use Contractors that are firms owned or operated by individuals with disabilities, as defined by Section 2-92-586 of the Municipal Code of the City of Chicago, where not otherwise prohibited by federal or state law.

12.5 Airport Security.

(a). This Lease is expressly subject to the airport security requirements of Title 49 of the United States Code, Chapter 449, as amended ("Airport Security Act"), the provisions of which govern airport security, including the rules and regulations promulgated under it. Tenant is subject to, and further must conduct with respect to its Contractors and the respective employees of each, such employment investigations, including criminal history record checks, as the Commissioner, the TSA or the FAA may deem necessary. Further, in the event of any threat to civil aviation, as defined in the Airport Security Act, Tenant must promptly report any known information in accordance with those regulations promulgated by the United States Department of Transportation, the TSA and by the City. Tenant must, notwithstanding anything contained in this Lease to the contrary, at no additional cost to the City, perform under this Lease in compliance with those guidelines developed by the City, the TSA and the FAA with the objective of maximum security enhancement. The drawings, plans, and specifications provided by Tenant and its Subtenants under this Lease must comply with those guidelines for airport security developed by the City, the TSA and the FAA and in effect at the time of their

69

submission.

(b) Further, Tenant shall comply with, and require compliance by its Contractors, suppliers of materials and furnishers of services and employees with all present and future laws, rules, regulations, or ordinances promulgated by the City, the TSA or the FAA, or other governmental agencies to protect the security and integrity of the Airport, and to protect against access by unauthorized persons. Tenant shall adopt procedures to control and limit access to the Airport and the Premises by Tenant and its Contractors, suppliers of materials and furnishers of services, employees, in accordance with all present and future City, TSA and FAA laws, rules, regulations, and ordinances. At all times during the Term, Tenant must have in place and in operation a security program for the Premises that complies with all applicable laws and regulations.

(c) Gates and doors located on the Premises, if any, that permit entry into restricted areas at the Airport must be kept locked by Tenant or its Subtenants at all times when not in use. Gate or door malfunctions must be reported to the Commissioner or the Commissioner's designee without-delay and must be kept under constant surveillance by Tenant or the applicable Subtenant, as the case may be, until the malfunction is remedied.

(d) In connection with the implementation of its security program, Tenant may receive, gain access to or otherwise obtain certain knowledge and information related to the City's overall Airport security program. Tenant acknowledges that all such knowledge and information is of a highly confidential nature. Tenant covenants that no person will be permitted to gain access to such knowledge and information, unless the person has been approved by the Commissioner in advance in writing.

(e) To the extent any of Tenant's employees require identification badges or security clearance for access at the Terminal, Tenant shall be responsible at its expense for securing such badges or clearance. Tenant will cause Subtenants to be similarly responsible for their personnel under the Subleases, and will monitor compliance by Subtenants with required badging and security clearances and the screening of Subtenant goods, products, equipment, materials and supplies to the extent required in the Terminal. Subtenants will deliver any badge applications for Subtenant employees to Tenant which shall forward them to the Department. Tenant will apply fines, penalties or default remedies under Subleases as required to remedy violations or other deficiencies by Subtenants, but shall not have any other responsibility or liability with respect to security issues relating to such Subtenant employee badging and security clearance requirements and the screening of any such Subtenant goods, products, equipment materials and supplies. Subtenants shall be billed directly by the City for all costs for such badging of personnel and security clearances. The City acknowledges that Tenant has no obligation to conduct screening or inspection of goods, products, equipment, materials or supplies brought to the Terminal, Premises or Airport by or on behalf of Subtenants.

(f) Tenant further must indemnify, hold harmless and defend the City from and against any and all claims, reasonable

costs, reasonable expenses, damages and liabilities,

70

)

including all reasonable attorney's fees and costs, resulting directly from the breach of Tenant's covenants and agreements as set forth in this Section.

12.6 Prohibition on Certain Contributions (Mayoral Executive Order No. 05-1). Unless extended by his successor, this provision expires upon the end of the term of Mayor Richard M. Daley:

(1) Tenant, any person or entity who directly or indirectly has an ownership or beneficial interest in Tenant of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Tenant's Contractors, any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (Tenant and all the other preceding classes of persons and entities are together, the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fund-raising committee (i) after execution of this bid, proposal or Agreement by Tenant, (ii) while this Lease or any Other Contract is executory, (iii) during the term of this Lease or any Other Contract between Tenant and the City, or (iv) during any period while an extension of this Lease or any Other Contract is being sought or negotiated.

(2) Tenant represents and warrants that since the date of public advertisement of the specification, request for qualifications, request for proposals or request for information (or any combination of those requests) or, if not competitively procured, from the date the City approached the Tenant or the date the Tenant approached the City, as applicable, regarding the formulation of this Lease, no Identified Parties have made a contribution of any amount to the Mayor or to his political fund-raising committee.

(3) Tenant agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fund-raising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fund-raising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fund-raising committee.

(4) Tenant agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 05-1 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 05-1.

(5) Tenant agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order No. 05-1 constitutes a breach and default under this Lease, and under any Other Contract for which no opportunity to cure will be granted. Such breach and default entitles the City to all remedies (including without limitation termination for default) under this Lease, under Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

\

71

(6) If Tenant violates this provision or Mayoral Executive Order No. 05-1 prior to award of the Agreement resulting from this specification, the Chief Procurement Officer may reject Tenant's bid.

(7) For purposes of this provision:

"Bundle" means to collect contributions from more than one source which are then delivered by one person to the Mayor or to his political fund-raising committee.

"Other Contract" means any other agreement with the City of Chicago to which Tenant is a party that is (i) formed under the authority of chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the city council.

"Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

Individuals are "Domestic Partners" if they satisfy the following criteria: (a) they are each other's sole domestic partner, responsible for each other's common welfare; and (b) neither party is married; and (c) the partners are not related by blood closer than would bar marriage in the State of Illinois; and (d) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and (e) two of the following four conditions exist for the partners: (i) The partners have been residing together for at least 12 months; (ii) The partners have common or joint ownership of a residence; (iii) The partners have at least two of the following arrangements: a joint ownership of a

motor vehicle; b. a joint credit account; c. a joint checking account; d. a lease for a residence identifying both domestic partners, as Tenants; (iv) Each partner identifies the other partner as a primary beneficiary in a will.

"Political fund-raising committee" means a "political fund-raising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

12.7 City Ethics Ordinance. Tenant covenants that no payment, gratuity or offer of employment must be made in connection with this Lease by or on behalf of any Contractors or higher tier Contractors or anyone associated with them as an inducement for the award of a Subcontract or order; and Tenant further acknowledges that any agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 of the Municipal Code is voidable as to the City.

12.8 Business Relations with Elected Officials. Pursuant to Section 2-156-030(b) of the Municipal Code, it is illegal for any elected official of the city, or any person acting at the

72

direction of such official, to contact, either orally or in writing, any other city official or employee with respect to any matter involving any person with whom the elected official has a business relationship, or to participate in any discussion in any city council committee hearing or in any city council meeting or to vote on any matter involving the person with whom an elected official has a business relationship. Violation of §2-156-030(b) by any elected official with respect to this Lease is grounds for termination of this Lease. Section 2-156-080 defines a "business relationship" as any contractual or other private business dealing of an official, or his or her spouse, or of any entity in which an official or his or her spouse has a financial interest, with a person or entity which entitles an official to compensation or payment in the amount of \$2,500 or more in a calendar year; provided, however, a financial interest will not include: (1) any ownership through purchase at fair market value or inheritance of less than one percent of the share of a corporation, or any corporate subsidiary, parent or affiliate thereof, regardless of the value of or dividends on such shares, if such shares are registered on a securities exchange pursuant to the Securities Exchange Act of 1934, as amended; (2) the authorized compensation paid to an official or employee for his office or employment; (3) any economic benefit provided equally to all residents of the city; (4) a time or demand deposit in a financial institution; or (5) an endowment or insurance policy or annuity contract purchased from an insurance company. A "contractual or other private business dealing" will not include any employment relationship of an official's spouse with an entity when such spouse has no discretion concerning or input relating to the relationship between that entity and the City.

12.9 Eligibility to do Business with the City. Failure by the Tenant or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of this Lease.

12.10 Office of Compliance. It is the duty of Tenant, and all officers, directors, agents, partners and employees of Tenant to cooperate with the Office of Compliance in any investigation or audit pursuant to Chapter 2-26 of the Municipal Code of Chicago. Tenant understands and will abide by all provisions of Chapter 2-26 of the Municipal Code of Chicago. All Subleases will inform Subtenants and all Contracts will inform Contractors of this provision and require understanding and compliance with it.

ARTICLE 13

RETAINED RIGHTS OF CITY

13.1 Right to Enter, Inspect and Repair. The City, its authorized employees, agents, contractors, subcontractors and other representatives shall have the right upon forty-eight (48) hours prior notice to Tenant, which notice may be verbal followed by confirming written notice (except in the case of emergency as determined by the City when no notice shall be required), to enter upon the Premises without abatement of Rent, for the

73

following purposes:

(a) To inspect the Premises during regular business hours upon reasonable advance notice (or at any time in the case of emergency, in which case no notice shall be required) to ascertain the condition of the Premises and to determine Tenant's compliance with the terms of this Lease. The right of inspection shall impose on the City no duty to inspect and shall impart no liability upon the City for failure to inspect.

(b) To perform any obligation, to perform maintenance and make repairs and replacements in any event where Tenant is obligated to do so under this Lease and has failed to perform such obligation following any applicable notice and cure periods provided for in this Lease or to initiate such repairs and maintenance within the time periods provided for in this Lease, if applicable, or, if no time period is provided, within thirty (30) days after written notice from the City, and thereafter to diligently complete such obligations, repairs or replacements, or at any time with or without written notice,

in the event that the City, in its sole discretion, deems that it is necessary or prudent to do so to preserve all or any part of the Terminal from damage or to correct any condition likely to lead to injury or damage.

(c) To perform any obligation of the City under this Lease and to make additions, alterations, maintenance and repairs to the Terminal and any other areas on the Airport.

In the event such entry is made during non-operating hours, a representative of Tenant or a representative of Tenant's applicable Subtenant shall be present, except the case of an emergency when no such representatives shall be required to be present. Nothing contained in this Section shall prohibit, or diminish the right of, the City to enter the Premises at any time and conduct, without notice to Tenant or any Subtenant, inspections or audits as set forth in Article 7 of this Lease to determine any Subtenant's compliance with the Service and Performance Operating Standards as set forth in Article 7 of this Lease.

13.2 Accommodation of Airport Construction.

(a) Tenant acknowledges that from time to time the City may undertake construction, repair or other activities related to the operation, maintenance and repair of the Terminal or the Airport that will require temporary accommodation by Tenant and its Subtenants. The City agrees to use reasonable efforts to minimize disruption in Tenant's and its Subtenants' business operations during such period of construction. Without limiting the generality of the foregoing, the City may temporarily or permanently close, alter, change, modify and/or relocate any entrances, passageways, doors and doorways, corridors, elevators, escalators or other parts of the Common Areas or the Terminal (other than the Premises); and the City may at any time and from time to

The City will endeavor to give Tenant advance notice of such work whenever possible (except in the case of an emergency, in which case no notice shall be required).

(b) Tenant further acknowledges that such improvements may require substantial construction work in the Terminal during normal business hours, which may disrupt Tenant's and its Subtenant's business operations and create noise, dust and other concomitants of construction work. Tenant agrees that it shall have no right except as expressly provided herewith, to any abatement of Rent, Additional Rent or other compensation or to any claim of breach of the City's covenant of quiet enjoyment (express or implied) or an actual or constructive eviction or for loss of business or inconvenience, or in any event for consequential damages on account of any such construction work, and without incurring any liability to Tenant or otherwise affecting Tenant's obligations under this Lease. Tenant agrees to accommodate and shall cause its Subtenants to accommodate the City in such activities even though the Tenant's and its , Subtenants' own operations may be inconvenienced or partially impaired.

(8) An default by Tenant or any Affiliate under any other agreement it may presently have or may enter into with the City during the Term of this Lease and failure to cure such default within any applicable cure period.

86

(9) Tenant does any of the following and the action affects Tenant's ability to carry out the terms of this Lease: (i) becomes insolvent, as the term is defined under Section , 101 of the United States Bankruptcy Code as amended from time to time; or (ii) fails to pay its debts generally as they mature; or (iii) seeks the benefit of any present or future federal, state or foreign insolvency statute; or (iv) makes a general assignment for the benefit of creditors, or (v) files a voluntary petition in bankruptcy or a petition or answer seeking an arrangement of its indebtedness under the United States Bankruptcy Code or under any other law or statute of the United States or of any State or any foreign jurisdiction; or (vi) consents to the appointment of a receiver, trustee, custodian, liquidator or other similar official, of all or substantially all of its property, which remains in effect for a period in excess of sixty (60) days.

(10) An order for relief is entered by or against Tenant under any chapter of the Bankruptcy Code or similar law in any foreign jurisdiction and is not stayed or vacated within sixty (60) days following its issuance.

(11) Tenant is dissolved.

(12) A violation of law that results in a guilty plea, a plea of nolo contendere, guilty finding, or conviction of a criminal offense, by Tenant, or any of its directors, officers, partners or key management employees directly or indirectly relating to this Lease, and that may threaten, in the sole judgment of Commissioner, Tenant's performance of this Lease in accordance with its terms.

(13) Subject to Force Majeure, any failure to perform, act, event or omission that is specifically identified as an Event of Default elsewhere in this Lease.

17.2 Remedies.

If an Event of Default occurs and is not cured by Tenant in the time allowed, in addition to any other remedies provided for in this Lease, including the remedy of Self-help as provided in Section 17.3, the City through the Commissioner or other appropriate City official may exercise any or all of the following remedies.

(a) Terminate this Lease with respect to all or a portion of the Premises and exclude Tenant from that part of the Premises affected by the termination. If the Commissioner elects to terminate this Lease, the Commissioner may, at the Commissioner's sole option, serve notice upon Tenant that this Lease ceases and expires and becomes absolutely void with respect to the Premises or that part identified in the notice on the date specified in the notice, to be no less than five (5) days after the date of the notice, without any right on the part of Tenant after that to save the forfeiture by payment of any sum due or by the performance of any term, provision, covenant, agreement or condition broken. At the expiration of the time limit in the notice, this Lease and the Term of this Lease, as well as the right, title and interest of Tenant under this Lease, wholly ceases and expires and becomes void with respect to the Premises identified in such notice in the same manner

87

and with the same force and effect (except as to Tenant's liability) as if the date fixed in the notice were the date in this Lease stated for expiration of the Term with respect to the Premises identified in such notice.

(b) Recover all Rent, including Additional Rent and any other amounts due that have accrued and are then due and payable and also all damages available at law or under this Lease. If this Lease is terminated, whether in its entirety or with respect to a part of the Premises, the damages will include damages for the balance of the scheduled Term, based upon any and all amounts that Tenant would have been obligated to pay for the balance of the Term with respect to the Premises, or if this Lease is terminated with respect to a portion of the Premises, that portion of the Premises affected by the termination, calculated as provided in this Lease or, if not fixed, as reasonably estimated and prorated among the

various portions of the Premises. In determining the amount of damages for the period after termination, the Commissioner may make the determination based upon the sum of any future payments that would have been due to the City, for the full Lease Year immediately before the Event of Default. All amounts that would have been due and payable after termination for the balance of the Term with respect to all or a portion of the Premises must be discounted to present value at a rate deemed to be commercially reasonable for such purposes as of the date of termination. To the extent permitted by law, the Commissioner may declare all amounts to be immediately due and payable. Notwithstanding the foregoing, the City shall use its best efforts to mitigate its damages by finding a replacement Tenant for the Premises being terminated paying comparable Rent.

(c) At any time after the occurrence of any uncured Event of Default, whether or not this Lease has been terminated, reenter and repossess the Premises and/or any part of it with or without process of law, so long as no undue force is used, and the City has the option, but not the obligation, to re-lease all or any part of the Premises. The City, however, is not required to accept any tenant proposed by Tenant or to observe any instruction given the City about such a re-lease. The failure of the City to re-lease the Premises or any part or parts of it does not relieve or affect Tenant's liability under this Lease nor is the City liable for failure to re-lease. Reentry or taking possession of the Premises does not constitute an election on the City's part to terminate this Lease unless a written notice of the election by the Commissioner is given to Tenant. Even if the City re-leases without termination, the Commissioner may at any time after that elect to terminate this Lease for any previous uncured Event of Default. For the purpose of releasing, the Commissioner may decorate or make repairs, changes, alterations or additions in or to the Premises to the extent deemed by the Commissioner to be necessary to re-let the Premises, and the cost of the decoration, repairs, changes, alterations or additions will be charged to and payable by Tenant as Additional Rent under this Lease. Any sums collected by the City from any new tenant obtained on account of Tenant will be credited against the balance of the Rent due under this Lease. Tenant must pay the City monthly, on the days when payments of Rent would have been payable under this Lease, the amount due under this Lease less the amount obtained by the City from the new tenant, if any.

88

(d) Enter upon the Premises, distrain upon and remove from it all inventory, equipment, machinery, trade fixtures and personal property of any kind or nature, whether owned by Tenant or by others, and to proceed without judicial decree, writ of execution or assistance or involvement of constables or the City's and Tenant's officers, to conduct a private sale, by auction or sealed bid without restriction. Tenant waives the benefit of all laws, whether now in force or later enacted, exempting any of Tenant's property on the Premises or elsewhere from distraint, levy or sale in any legal proceedings taken by the City to enforce any rights under this Lease.

(e) Seek and obtain specific performance, a temporary restraining order or an injunction, or any other appropriate equitable remedy.

(f) Seek and obtain monetary damages.

(g) Deem Tenant and Affiliates non-responsible in future contracts or concessions to be awarded by the City.

(h) Declare Tenant and Affiliates in default under any other existing contracts or agreements they might have with the City and to exercise any remedies available under those other contracts or agreements.

(i) Assume the assignment of any and all Subleases between Tenant and Subtenants.

(j) Require Tenant to terminate a Sublease or a Contract that is causing an Event of Default under this Lease which has not been cured.

17.3 Commissioner's Right to Perform Tenant's Obligations.

(a) Upon the occurrence of an Event of Default that Tenant has failed to cure in the time provided, the Commissioner may, but is not obligated to, make any payment or perform any act required to be performed by Tenant under this Lease in any manner deemed expedient by the Commissioner for the purpose of correcting the condition that gave rise to the Event of Default ("Self-help"). The Commissioner's inaction never constitutes a waiver of any right accruing to the City under this Lease nor do the provisions of this Section or any exercise by the Commissioner of Self-help under this Lease cure any Event of Default. Any exercise of Self-help does not limit the right of any other City department or agency to enforce applicable City ordinances or regulations.

(b) The Commissioner, in making any payment that Tenant has failed to pay:

(i) relating to taxes, may do so according to any bill, statement or estimate, without inquiry into the validity of any tax, assessment, sale, forfeiture, tax lien or title or claim;

89

(ii) for the discharge, compromise or settlement of any lien, may do so without inquiry as to the validity or amount of any claim for lien that may be asserted; and

(iii) in connection with the completion of construction, furnishing or equipping of the Premises or the licensing, operation or management of the Premises or the payment of any of its Operating Costs, may do so in such amounts and to such persons as the Commissioner may deem appropriate.

Nothing contained in this Lease requires the Commissioner to advance monies for any purpose.

(c) If Tenant fails to perform its obligations under this Lease to maintain the Premises or to manage the Concession Program in accordance with specified standards within sixty (60) days following written notice from the Commissioner, or in the event of a serious health or safety concern or in an emergency (in which case no notice is required) the Commissioner may, but is not obligated to, direct the Department to perform or cause the performance of any such obligation in any manner deemed expedient by the Commissioner for the purpose of correcting the condition in question.

(d) All sums paid by the City under the provisions of this Section and all necessary and incidental costs, expenses and reasonable attorneys' fees in connection with the performance of any such act by the Commissioner, together with interest thereon at the Default Rate, from the date of the City's payment until the date paid by Tenant, are deemed Additional Rent under this Lease and are payable to the City within ten (10) days after demand therefor, or at the option of the Commissioner, may be added to any Rent then due or later becoming due under this Lease, and Tenant covenants to pay any such sum or sums with interest at the Default Rate.

17.4 Effect of Default and Remedies.

(a) The City's waiver of any one right or remedy provided in this Lease does not constitute a waiver of any other right or remedy then or later available to the City under this Lease or otherwise. A failure by the City or the Commissioner to take any action with respect to any Event of Default or violation of any of the terms, covenants or conditions of this Lease by Tenant will not in any respect limit, prejudice, diminish or constitute a waiver of any rights of the City to act with respect to any prior, contemporaneous or later violation or Event of Default or with respect to any continuation or repetition of the original violation or Event of Default. The acceptance by the City of payment for any period or periods after an Event of Default or violation of any of the terms, conditions and covenants of this Lease does not constitute a waiver or diminution of, nor create any limitation upon any right of the City under this Lease to terminate this Lease for subsequent violation or Event of Default, or for continuation or repetition of the original violation or Event of Default. Tenant has no claim of any kind against the City by reason of the City's exercise of any of its rights as set forth in this

90

)

Lease or by reason of any act incidental or related to the exercise of rights.

(b) All rights and remedies of the City under this Lease are separate and cumulative and none excludes any other right or remedy of the City set forth in this Lease or allowed by law or in equity. No termination of this Lease or the taking or recovery of the Premises or any portion thereof deprives the City of any of its remedies against Tenant for Rent, including Additional Rent or other amounts due or for damages for the Tenant's breach of this Lease. Every right and remedy of the City under this Lease arising out of Tenant's default or indemnification obligations survives the expiration of the Term or the termination of this Lease.

17.5 Tenant's Right to Perform City Obligations.

In the event that the City fails to perform its obligations as landlord (and not as Airport operator or municipality) with respect to the Premises under this Lease, the Tenant may send City written notice citing the Lease provision at issue and the facts surrounding the alleged non-performance. If the City does not respond to such notice within sixty (60) days and take timely corrective action as appropriate under the circumstances, Tenant may perform such obligation on behalf of the City. Tenant's reasonable and actual costs in performing may be offset against the following month's Rent.

ARTICLE 18 GENERAL PROVISIONS

18.1 Entire Lease. This Lease contains all the terms, covenants, conditions and agreements between the City and Tenant relating in any manner to the use and occupancy of the Premises and otherwise to the subject matter of this Lease. No prior or other agreement or understandings pertaining to these matters are valid or of any force and effect. This Lease supersedes all prior or contemporaneous negotiations, undertakings, and agreements between the parties. No representations, inducements, understandings or anything of any nature whatsoever made, stated or represented by the City or anyone acting for or on the City's behalf, either orally or in writing, have induced Tenant to enter into this Lease, and Tenant acknowledges, represents and warrants that Tenant has entered into this Lease under and by virtue of Tenant's own independent investigation.

18.2 Counterparts. This Lease may be comprised of several identical counterparts and may be fully executed by the parties in separate counterparts. Each such counterpart is deemed to be an original, but all such counterparts together must constitute but one and the same Agreement.

18.3 Amendments. Except as otherwise expressly provided in this Lease, the provisions of this Lease may be amended only by a written agreement signed by the City and Tenant. No review or approval by the Commissioner, including approval of Construction Documents, constitutes a modification of this Lease (except to the extent that the review or approval expressly provides that it constitutes such a modification or it is apparent on its face that

91

the review or approval, if made in writing, modifies terms or provisions of this Lease that are within the express powers of the Commissioner under this Lease to modify), nor excuse Tenant from compliance with the requirements of this Lease or of any applicable laws, ordinances or regulations. Amendments must be signed by the Mayor, provided that the Commissioner alone may sign amendments to the Exhibits.

18.4 Severability. Whenever possible, each provision of this Lease must be interpreted in such a manner as to be effective and valid under applicable law. However, notwithstanding anything contained in this Lease to the contrary, if any provision of this Lease is under any circumstance prohibited by or invalid under applicable law, the provision is severable and deemed to be ineffective, only to the extent of the prohibition or invalidity, without invalidating the remaining provisions of this Lease or the validity of the provision in other circumstances.

18.5 Covenants in Subleases and Contracts. All obligations imposed on Tenant under this Lease pertaining to the maintenance and operation of the Premises and compliance with the ACDBE and M/WBE goals contained in this Lease are deemed to include a covenant by Tenant to insert appropriate provisions in all Subleases and Contracts covering work under this Lease and to use its commercially reasonable efforts to enforce compliance of all Subtenants and contractors with the requirements of those provisions.

18.6 Governing Law. This Lease is deemed made in the state of Illinois and governed as to performance and interpretation in accordance with the laws of Illinois. Tenant irrevocably submits itself to the original jurisdiction of those courts located within Cook County, Illinois, with regard to any controversy arising out of, relating to, or in anyway concerning the execution or performance of this Lease. Tenant consents to service of process on Tenant, at the option of the City, by registered or certified mail addressed to the applicable office as provided for in this Lease, by registered or certified mail addressed to the office actually maintained by Tenant, or by personal delivery on any officer, director, or managing or general agent of Tenant. If any action is brought by Tenant against the City concerning this Lease, the action can only be brought in those courts located within Cook County, Illinois.

18.7 Approvals. This Lease shall be subject to the approval of the (i) Aviation Committee of the City Council of the City of Chicago and the full City Council (the "City Approvals"); and (ii) to the Members of Tenant (the "Tenant Approvals") and shall not be valid and enforceable until such City Approvals have been granted and the Tenant Approvals have been obtained.

18.8 Notices. Any notices or other communications pertaining to this Lease must be in writing and are deemed to have been given by a party if sent by nationally recognized commercial overnight courier or registered or certified mail, return receipt requested, postage prepaid and addressed to the other party. Notices are deemed given on the date of receipt if by personal service, or one (1) day after deposit with a nationally recognized commercial overnight courier, three (3) days after deposit in the U.S. mails sent by

92

certified mail, return receipt requested, postage prepaid, or otherwise upon refusal of receipt. Unless otherwise directed by Tenant in writing, all notices or communications from City to Tenant will sent to Tenant's notice address as set forth in this Lease. All notices or communications from Tenant to the City must be addressed to:

and with a copy to: Managing Deputy Commissioner of Concessions, Real Estate and Planning at the same address.

If the notice or communication relates to payment of Rent or other payments to the City or relates to the insurance requirements, a copy must be sent to:

If the notice or communication relates to a legal matter or the indemnification requirements, a copy must be sent to:

City of Chicago, Department of Law

Aviation, Environmental and Regulatory Section

30 North LaSalle Street, Suite 900

Chicago, Illinois 60602

Attn: Deputy Corporation Counsel

Either party may change its address or the individual to whom the notices are to be given by a notice given to the other party in the manner set forth above.

18.9 Successors and Assigns; No Third Party Beneficiaries. This Lease inures to the exclusive benefit of, and be binding upon, the parties and their permitted successors and assigns; nothing contained in this Section, however, constitutes approval of an assignment or other transfer by Tenant not otherwise permitted in this Lease. Nothing in this Lease, express or implied, is intended to confer on any other person, sole proprietorship, partnership, corporation, trust or other entity, other than the parties and their successors and assigns, any right, remedy, obligation, or liability under, or by reason of, this Lease unless otherwise expressly agreed to by the parties in writing. No benefits, payments or considerations received by Tenant for the performance of services associated and pertinent to this Lease must accrue, directly or indirectly, to any employees, elected or

93

appointed officers or representatives, or to any other person or persons identified as agents of, or who are by definition an employee of, the City. Neither this Lease nor any rights or privileges under this Lease are an asset of Tenant or any third party claiming by or through Tenant or otherwise, in any bankruptcy, insolvency or reorganization proceeding.

18.10 Subordination.

(a) This Lease is subordinate to the provisions and requirements of any existing or future agreements between the City and the United States government or other governmental authority, pertaining to the development, operation or maintenance of the Airport, including agreements the execution of which have been or will be required as a condition precedent to the granting of federal or other governmental funds for the development of the Airport. If the United States government requires modifications, revisions, supplements or deletions of any of the terms of this Lease, then Tenant consents to the changes to this Lease. In the event that any such modifications, revisions, supplements or deletions result in either a material increase to Tenant's obligations and liabilities under this Lease or a material decrease in Tenant's rights under this Lease or have a material adverse effect on the operation of the Concession Program, then Tenant shall have the right to terminate this Lease upon prior written notice within ninety (90) days following written notification from the City of the required amendment.

(b) This Lease and all rights granted to Tenant under this Lease are expressly subordinated and subject to the International Terminal Use Agreement and the Use Agreement with any airline utilizing the Airport, including the Terminals, and any existing agreement with any airline consortium pertaining to the operation of the Airport, including the Terminals.

(c) To the extent of a conflict or inconsistency between this Lease and any agreement described in paragraphs (a) and (b) above, those provisions in this Lease so conflicting must be performed as required by those agreements referred to in paragraphs (a) and (b) except to the extent that any such conflicts or inconsistencies requiring Tenant to perform as required under such other agreements result in either a material increase to Tenant's obligations and liabilities under this Lease or a material decrease in Tenant's rights under this Lease or have a material adverse effect on the operation of the Concession Program.

18.11 Conflict. In the event of any conflict between the terms and provisions of this Lease and the terms and provisions of any Sublease or contract between Tenant and its Subtenants, Contractors and any other third party, the terms and provisions of this Lease govern and control.

18.12 Offset by Tenant. Whenever in this Lease the City is obligated to pay Tenant an amount, then the City Comptroller may elect to require Tenant to offset the amount due against Rent or other payments owed by Tenant to the City, in lieu of requiring the City to pay such amount. Tenant shall have no right to offset any amount due to City under this

94

Lease against amounts due to Tenant by City unless so directed in writing by the City Comptroller.

18.13 Waiver Remedies. No delay or forbearance on the part of any party in exercising any right, power or privilege must operate as a waiver of it, nor does any waiver of any right, power or privilege operate as a waiver of any other right, power or privilege, nor does any single or partial exercise of any right, power or privilege preclude any other or further exercise of it or of any other right, power or privilege: No waiver is effective unless made in writing and executed by the party to be bound by it. The rights and remedies provided for in this Lease are cumulative and are not exclusive of any rights or remedies that the parties otherwise may have at law, in equity or both, except that the City will not be liable to Tenant for any consequential damages whatsoever related to this Lease.

18.14 Authority of Commissioner. Unless otherwise expressly stated in this Lease, any consents and approvals to be given by the City under this Lease may be made and given by the Commissioner or by such other person as may be duly

authorized by the City Council, unless the context clearly indicates otherwise.

18.15 Estoppel Certificate. From time to time upon not less than fifteen (15) days prior request by the other party, a party or its duly authorized representative having knowledge of the following facts, will execute and deliver to the requesting party a statement in writing certifying as to matters concerning the status of this Lease and the parties' performance under this Lease, including the following:

- (a) that this Lease is unmodified and in full force and effect (or if there have been modifications, a description of the modifications and that the Agreement as modified is in full force and effect);
- (b) the dates to which Rental, including Additional Rental, have been paid and the amounts of the Rental most recently paid;
- (c) that the requesting party is not in default under any provision of this Lease, or, if in default, the nature of it in detail;
- (d) that, to its knowledge, the requesting party has completed all required improvements in accordance with the terms of this Lease, and Tenant is in occupancy and paying Rental on a current basis with no offsets or claims; and
- (e) in the case of the City's request under this Lease, such further matters as may be reasonably requested by the City, it being intended that any such statement may be relied upon by third parties.

18.16 No Personal Liability. Neither City nor Tenant, shall charge any elected or appointed official, agent, or employee of the City or Tenant personally or seek to hold him or her

95

personally or contractually liable for any liability or expenses of defense under any provision of this Lease or because of any breach of its provisions or because of his or her execution, approval, or attempted execution of this Lease:

18.17 Limitation of City's Liability. Tenant, its Subtenants and Contractors must make no claims against the City for damages, charges, additional costs or fees or any lost profits or costs incurred by reason of delays or hindrances by the City in the performance of its obligations under this Lease. All Tenant, Subtenant, and Contractor personal property upon the Premises or upon any other part of the Airport, is at the risk of Tenant, Subtenant, or Contractor respectively only, and the City is not liable for any loss or damage to it or theft of it or from it. The City is not liable or responsible to Tenant, its Subtenants or Contractors, and Tenant waives, and will cause its Subtenants and Contractors likewise to waive, to the fullest extent permitted by law, all claims against the City for any loss or damage or inconvenience to any property or person or any lost profits any or all of which may have been occasioned by or arisen out of any event or circumstance, including theft, fire, act of God, public enemy, injunction, riot, strike, insurrection, war, court order, requisition or order of governmental body or authority, or water leakage, steam, excessive heat or cold, falling plaster, or broken glass; or any act or neglect of the City or any occupants of the Airport, including the Terminal or the Premises, or repair or alteration of any part of the Airport, or failure to make any such repairs or any other thing or circumstance, whether of a like nature or a wholly different nature. If the City fails to perform any covenant or condition of this Lease that the City is required to perform and, notwithstanding the foregoing, Tenant recovers a money judgment against the City, the judgment must be satisfied only out of credit against the Rent and other monies payable by Tenant to the City under this Lease, and the City is not liable for any deficiency except to the extent provided in this Lease and to the extent that there are legally available Airport funds.

18.18 Joint and Several Liability. If Tenant, or its successors or assigns, if any, is comprised of more than one individual or other legal entity (or a combination of them), then in that event, each and every obligation or undertaking stated in this Lease to be fulfilled or performed by Tenant is the joint and several obligation or undertaking of each such individual or other legal entity.

18.19 Non-Recordation. Tenant must not record or permit to be recorded on its behalf this Lease or a memorandum of this Lease, in any public office.

18.20 Survival. Any and all provisions set forth in this Lease that, by its or their nature, would reasonably be expected to be performed after the expiration or termination of this Lease survive and are enforceable after the expiration or termination. Any and all liabilities, actual or contingent, that have arisen in connection with this Lease, survive any expiration or termination of this Lease. Any express statement of survival contained in any section must not be construed to affect the survival of any other section, which must be determined under this Section.

96

18.21 Force Majeure. Neither party is liable for non-performance of obligations under this Lease due to Force Majeure. As a condition to obtaining an extension of the period to perform its obligations under this Lease, the party seeking such extension due to a Force Majeure must notify the other party within twenty (20) days after the occurrence of the Force Majeure. The notice must specify the nature of the delay or interruption and the period of time contemplated or necessary for performance. The foregoing notwithstanding, however, in no

event will Tenant be entitled to an extension of more than ninety (90) days due to a Force Majeure, without the express written consent of the Commissioner.

4. Indemnifying Officers or Directors

During or since the end of the financial year, an entity within the wholly-owned group has given an indemnity, or entered into an agreement to indemnify, or paid or agreed to pay insurance premiums as follows:

The wholly-owned group entity pays premiums in respect of directors and officers' liability insurance for all of its operations globally. These policies insure persons who are directors or officers of the parent entity and its controlled entities against certain liabilities incurred in their capacity as officers of entities in the wholly-owned group. The premium has not been determined on an individual entity, director or executive officer basis, but provides a total indemnity cover of US\$300,000,000.

The liabilities insured are costs and expenses that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of the entities within the wholly-owned group. The insurance contract does not cover circumstances where the claim is based on any deliberately dishonest or fraudulent act or omission by the officer, or where there is a personal profit or advantage to which the officer is not legally entitled. The insurance cover is limited to liability or loss which is permissible to cover at law.

Compliance with Australian Accounting Standards ensures that the financial statements and notes of the company comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB)

(d) Revenue

Revenue is measured at the fair value of the consideration received or receivable.

(i) Interest Revenue

Interest revenue is recognised on an accrual basis using the effective interest rate method.

(ii) Administration Services Revenue

Administration services fees are recognised when the service is provided and the outcome to the transaction can be measured reliably.

(e) Income Tax

The charge for current income tax expense is based on the profit for the year adjusted for any non-assessable or non-deductible items. It is calculated using the tax rates that have been enacted or are substantially enacted by the balance date.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

J.P. Morgan Nominees Australia Limited

Notes to the Financial Statements For the Year Ended 31 December 2009

1 Statement of Significant Accounting Policies continued (e) Income Tax continued Tax Consolidation

J.P. Morgan Australia Group Pty Limited and its wholly-owned Australian subsidiaries have implemented the tax consolidation legislation.

The head entity, J.P. Morgan Australia Group Pty Limited and the controlled entities in the tax consolidated group account for their own current and deferred tax amounts. These tax amounts are measured as if each entity in the tax consolidated group continues to be a stand-alone taxpayer in its own right.

In addition to its own current and deferred tax amounts, J.P. Morgan Australia Group Pty Limited also recognises the current tax liabilities (or assets) and the deferred tax assets arising from the unused tax losses and the unused tax credits assumed from controlled entities in the tax consolidation group. Expenses and revenues arising under the tax sharing agreement, between the company and J.P. Morgan Australia Group Pty Limited, are recognised as a component of income tax expense (see note 5 for further information).

Tax Consolidation Reserve

The tax consolidation reserve records the impact of the funding arrangements adopted under the tax consolidation regime.

When the company makes tax losses which are recognised as an asset and then derecognised on assumption by the parent for nil consideration, the amount thereof is debited to this reserve. Where the company makes tax losses which are not recognised as an asset, and are then assumed by the parent entity for nil consideration, no entry is recognised on assumption of tax losses by the parent entity.

Where the funding required by the parent of the company with respect to the company's current tax liability is less than the amount of current tax liability allocated to the company (as a result of tax losses available to the parent), the amount thereof is credited to this reserve. The balance of the reserve is only available for the payment of cash dividends in limited circumstances when permitted by law.

of cash and cash equivalents in financial statements must be determined by:

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash, and bank overdrafts.

(g) Trade and other receivables

Receivables from entities within the wholly-owned group are unsecured and are settled periodically, usually within 30 days of recognition. Receivables are initially measured at fair value and subsequently carried at amortised cost using the effective interest rate method and less, where applicable, any provisions for doubtful debts. Collectability of receivables is reviewed on an ongoing basis. Debts which are known to be uncollectable are written off in the period in which they are identified, and a provision for doubtful debts is established when there is objective evidence that the company will not be able to collect all amounts due.

(h) Trade and other payables

Payables comprise related party and external payables, which are unsecured and usually settled within 30 days of recognition.

Payables are initially measured at fair value and subsequently measured at amortised cost using the effective interest rate method and plus, where applicable, any accrued interest.

(i) Beneficial Ownership of Assets

In the course of its business, the company holds securities in its name on behalf of its clients. As the beneficial ownership of these assets remains with the client, these items are not disclosed in the Balance Sheet.

(j) Foreign Currency Translation and Presentation Currency

(i) Functional and Presentation Currency

Items included in the financial statements of the entity are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in Australian dollars, which is J.P. Morgan Nominees Australia Limited's functional and presentational currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit and loss, except when they are deferred in equity as qualifying cash flow hedges and qualifying net investment hedges or are attributable to part of the net investment in a foreign operation.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equities held at fair value through profit and loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equities classified as available-for-sale financial assets are included in the fair value reserve in equity.

(k) Rounding of Amounts

The company has applied the relief available to it under ASIC Class Order 98/100 and accordingly amounts in the financial report and directors' report have been rounded off to the nearest thousand dollars or, in certain cases, the nearest dollar.

0) Critical Accounting Estimates and Judgements

The directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

Critical Accounting Estimates and Judgements continued

There are no judgements that management has made in the process of applying the company's accounting policies that have a significant effect on the amounts recognised in the financial statements, nor any key assumptions concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

11 Risk Management

The activities of the J.P. Morgan group in Australia and New Zealand expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The J.P. Morgan group in Australia and New Zealand undertakes financial risk management functions on a group basis within the location, in line with the global policy & procedure framework of the global JPMorgan Chase & Co. Group. The JPMorgan Chase & Co.'s ("The Firm"), risk management model is based around global risk management policies, procedures and systems. These are assessed at a regional and location level to ensure that the risks faced by each location are adequately and appropriately identified, quantified, monitored and reported while permitting each location to utilise global systems and expertise to effectively manage these risks.

Risk Management Model Global Approach

The Firm's risk management framework and governance structure is intended to provide comprehensive controls and ongoing management of the major risks inherent in its business activities. The Firm's ability to properly identify, measure, monitor and report risk is critical to its stability and profitability.

* Risk Identification: The Firm identifies risk by dynamically assessing the potential impact of internal and external factors on transactions and positions. The Firm's exposure to risk is aggregated through the Firm's risk management infrastructure. In addition, individuals who monitor risks, particularly those that are complex, are responsible for identifying and estimating potential losses that could arise from specific or unusual events, which may not be captured in other models, and those risks are communicated to senior management.

* Risk Measurement: The Firm measures risk using a variety of methodologies, including calculating probable loss, unexpected loss and value at risk ("VaR"), and by conducting stress tests and making comparisons to external benchmarks. Measurement models and related assumptions are routinely reviewed with the goal of ensuring that the Firm's risk estimates are reasonable and reflective of underlying positions.

Risk Monitoring/Control: The Firm's risk management policies and procedures incorporate risk mitigation strategies and include approved limits by customer, product, industry and business. These limits are monitored on a daily, weekly and monthly basis as appropriate.

Risk Reporting: Risk reporting covers all lines of business ("LOBs") and is provided to management on a daily, weekly and monthly basis as appropriate.

The Firm's risk governance structure is built upon the premise that each global LOB is responsible for managing the risks inherent in its business activity. Each LOB has a close alignment to Risk Management, primarily through a Chief Risk Officer ("CRO"), and has a Risk Committee co-chaired by the head of the LOB and the CRO, which is responsible for decisions related to risk strategy, policies and control.

Overlying risk management within each LOB are the corporate functions of Treasury, the Chief Investment Office, Risk Management, Legal and Compliance and Internal Audit.

- Treasury and the Chief Investment Office are responsible for measuring, monitoring, reporting and managing the Firm's liquidity, interest rate and foreign exchange risk.

- Corporate Risk Management, under the direction of the Firm's CRO, who reports to the Chief Executive Officer ("CEO") and is a member of the Firm's Operating Committee, provides an independent firm-wide function for control and management of risk. Within Risk Management are those units responsible for Credit Risk, Market Risk, Operational Risk and Private Equity Risk.

Australian Risk Management Oversight continued

LOB committees are primarily responsible for the governance and control of their businesses, with the Australian & New Zealand Operating Committee having oversight for the consolidated operating environment of the location, and the Australian & New Zealand Executive Committee providing strategic direction and positioning of the Firm in Australia.

In addition, J.P. Morgan Australian legal entities that hold an Australian Financial Services Licence (AFSL) have Boards who are ultimately responsible for the oversight of risk management systems, supporting their licensed activities.

Liquidity Risk Management

The ability to maintain a sufficient level of liquidity is crucial to financial services companies as failures predominantly result from the inability to maintain liquidity during periods of adverse conditions. The Firm's overall objective and general funding strategy seeks to ensure liquidity and diversity of funding sources to meet actual and contingent liabilities through stable and adverse conditions.

The Firm uses a centralised approach for liquidity risk management, which maximises liquidity access, minimises funding costs and permits global identification and co-ordination on liquidity risk.

Liquidity is managed by a variety of both short-term and long-term instruments, including deposits, government and corporate debt securities held, bank notes and commercial paper, repurchase agreements, and medium and long-term debt. In addition, JPMC Australia has access to diverse global funding sources, which includes access to JPMC's consolidated financial resources.

Global Approach Identification and Measurement

The Asset and Liability Committee approves the Firm's liquidity policy and Contingent Funding Plan.

Treasury is responsible for formulating the Firm's liquidity policies including liquidity guidelines and strategies, understanding the Firm's on and off-balance sheet liquidity obligations, providing policy guidance and monitoring policy adherence, developing and maintaining contingency planning, stress testing and monitoring internal and external liquidity warning signals to permit timely detection of liquidity issues.

The Contingent Funding Plan considers temporary and long-term situations where availability of funding is severely limited or non-existent. The plan forecasts potential funding needs and sources, taking into account both on and off-balance sheet exposures, and separately evaluates access to funds by both JPMC and also specifically JPMorgan Chase Bank N.A. ("JPMC Bank"). The goal is to ensure:

- Maintenance of appropriate liquidity during normal and stress periods;
- Measurement and projection of funding requirements under multiple stress situations; and
- Management of access to funding sources.

Monitoring/Control and Reporting

Treasury monitors historical liquidity trends, tracks historical and prospective on-and-off balance sheet liquidity obligations, identifies and measures internal and external liquidity warning signals to permit early detection of liquidity issues, and manages contingency planning. Various tools are used to monitor and manage liquidity, including analysis of the timing of liquidity sources versus liquidity uses over periods ranging from overnight to one year, management of debt and capital issuances, and assessment of the Firm's capacity to raise incremental unsecured and secured funding.

Liquidity Risk Management continued

The primary measures of liquidity monitored by the Firm are: Holding Company

- Holding Company Long-term Excess Liquidity - A measure that assumes the Holding Company is unable to generate funds from debt or equity issuance, receives no dividend income from subsidiaries and pays no undeclared dividends to shareholders while continuing to generate cash flows needs to maintain operations and repayment of contractual obligations owed by the Holding Company and its affiliates.
- Funding Gaps - Short-term liquidity is managed to ensure that the Holding Company has sufficient liquidity or access to liquidity to cover its on-balance sheet and contingent funding obligations over the next 120 days. Gaps are measured against available collateral capacity.
- Maturity Concentration - Maturities are staggered such that no more than a pre-defined amount of all Holding Company long-term debt matures within any quarter.

Bank Chain

■ Short Term Unsecured Wholesale Funding Reliance - Defined as Short Term Unsecured Wholesale Funding vs. Total Liabilities. This measure shows what percentage of the Firm's total liabilities is made up of borrowings in the short term unsecured wholesale market.

• Global Cash and Sovereign Liquidity Coverage Ratio - Defined as Cash and Sovereign/Agency as a percentage of Overnight Unsecured Wholesale Funding. This measure shows the Bank chain sources of high quality stored liquidity, including cash and Sovereign G10 obligations, Sovereign Agency and Agency MBS.

• Global Liquidity Reserve Ratio - Defined as Global Liquidity Reserve vs. Short Term Unsecured Wholesale Funding. This measure compares the Firm's available liquidity through cash and collateral (including equities and corporate securities) to its unsecured wholesale funding needs through 1 year.

• Deposit to Loan Ratio

• Funding Gaps - Short-term liquidity is managed to ensure that the Firm's principal bank subsidiaries have sufficient liquidity or access to liquidity to cover their on-balance sheet and contingent funding obligations over the next 120 days; Stress scenario liquidity gaps are monitored to ensure they do not exceed U.S. Federal Reserve Discount Window borrowing capacity.

Maturity Concentration - Maturities are staggered such that no more than a pre-defined amount of all Bank long-term debt (exclusive of structured notes instruments) matures within any quarter.

Credit risk management Global Model

Credit risk is the risk of loss from obligor or counterparty default. Credit risk management is overseen by the Chief Risk Officer and implemented within the lines of business. The Firm's credit risk management governance consists of the following functions:

- Establishing a comprehensive credit risk policy framework;
- Monitoring and managing credit risk across all portfolio segments, including transaction and line approval;
- Assigning and managing credit authorities in connection with the approval of all credit exposure;
- Managing criticized exposures; and
- Calculating the allowance for credit losses and ensuring appropriate credit risk-based capital management. Risk Identification

The Firm is exposed to credit risk through lending and capital markets activities. The credit risk management organisation works in partnership with the business segments in identifying and aggregating exposures across all lines of business.

11 Risk Management continued

Credit risk management continued Risk Measurement

To measure credit risk, the Firm employs several methodologies for estimating the likelihood of obligor or counterparty default. Methodologies for measuring credit risk vary depending on several factors, including type of asset, risk measurement parameters and risk management and collection processes. Credit risk measurement is based upon the amount of exposure should the obligor or the counterparty default, the probability of default and the loss severity given a default event. Based upon these factors and related market-based inputs, the Firm estimates both probable and unexpected losses for the wholesale and consumer portfolios. Probable losses, reflected in the provision for credit losses, are based primarily upon statistical estimates of credit losses as a result of obligor or counterparty default. Unexpected losses, reflected in the allocation of credit risk capital, represent the potential volatility of actual losses relative to the probable level of losses. Risk measurement for the wholesale portfolio is assessed primarily on a risk-rated basis. For portfolios that are risk-rated, probable and unexpected loss calculations are based upon estimates of probability of default and loss given default. Probability of default is the expected default calculated on an obligor basis. Loss given default is an estimate of losses given a default event and takes into consideration collateral and structural support for each credit facility. Calculations and assumptions are based upon management information systems and methodologies which are under continual review. Risk ratings are assigned to differentiate risk within the portfolio and are reviewed on an ongoing basis by credit risk management and revised, if needed, to reflect the borrowers' current risk profiles and the related collateral and structural positions.

Risk monitoring

The Firm has developed policies and practices that are designed to preserve the independence and integrity of the approval and decision making of extending credit and are intended to ensure credit risks are assessed accurately, approved properly, monitored regularly and managed actively at both the transaction and portfolio levels.

The policy framework establishes credit approval authorities, concentration limits, risk-rating methodologies, portfolio review parameters and guidelines for management of distressed exposure. Wholesale credit risk is monitored regularly on both an aggregate portfolio level and on an individual customer basis.

Management of the Firm's wholesale exposure is

accomplished through a number of means including loan syndication and participations, loan sales, securitizations, credit derivatives, use of master netting agreements and collateral and other risk-reduction techniques.

] Risk reporting

j To enable monitoring of credit risk and decision-making, aggregate credit exposure, credit quality forecasts, concentration levels and risk profile changes are reported regularly to senior credit risk management. Detailed portfolio reporting of industry, customer and geographic concentrations occurs monthly, and the appropriateness of the allowance for credit losses is reviewed by senior management at least on a quarterly basis. Through the risk reporting and governance structure, credit risk trends and limit exceptions are provided regularly to, and discussed with, senior management.

Market Risk Management

Global Model

I Risk Management Process

Market Risk Management ("MRM") is an independent corporate risk governance function that identifies, measures, monitors and controls market risk. Market risk seeks to facilitate efficient risk/reward decisions, reduce volatility in operating performance and make the Firm's market risk profile transparent to senior management, the Board of Directors, and Regulators. MRM's control structure consists of the following primary functions:

11 Risk Management continued

Market Risk Management continued

- Establishment of a comprehensive market risk policy framework;
- Independent measurement, monitoring and control of LOB market risk;
- Definition, approval and monitoring of limits; and
- Performance of stress testing and qualitative risk assessments.

Identification

MRM works in partnership with the LOBs to identify market risk, and to define and monitor market risk policies and procedures. All LOBs are responsible for comprehensive identification and verification of market risk within their businesses. In addition, risk taking businesses have functions that act independently from trading personnel to verify and monitor the risk exposures the businesses take. Market risk is also responsible for identifying exposures which may not be large within the individual location LOB, but which may be large for the Firm in aggregate. Regular meetings are held between MRM and the Heads of risk-taking LOBs to discuss and decide on risk exposures in the context of the market environment and client flows.

Measurement

Because no single risk statistic can reflect all aspects of market risk, the Firm utilises several statistical and non-statistical risk measures. Combining the two approaches is key to enhancing the stability of revenues from market risk taking activities because, taken together, these risk measures provide a more comprehensive view of market risk exposure than any single measure. JPMC uses the following risk measures:

- Value-at-Risk (Statistical)

VaR gauges the potential loss from adverse market moves in an ordinary market environment and provides a consistent cross-business measure of risk profiles and levels of risk diversification. VaR is used for comparing risks across relevant LOBs, monitoring limits, one-off approvals and as an input to economic capital calculations. VaR provides risk transparency in a normal trading environment.

VaR calculations are performed for all material trading and investment portfolios daily. The VaR methodology used is based on historical simulation, which assumes that actual observed historical changes in market indices, such as interest rates, foreign exchange rates, and equity and commodity prices, reflect possible future changes.

Historical simulation permits consistent and comparable measurement of risk across instruments and portfolios.

All statistical models have a degree of uncertainty associated with the assumptions employed. The use of historical simulation for VaR calculations is not as dependent on assumptions about the distribution of portfolio losses, as are other VaR methodologies, which are parameter based. Since the VaR methodology is dependent on the quality of available market data, diagnostic information is used to continually evaluate the reasonableness of the VaR model. This information includes the calculation of statistical confidence intervals around the daily VaR estimate and daily "back testing" of VaR against actual financial results. For the day-to-day risk management purpose, VaR is calculated with a 95% confidence interval since the third quarter of 2008.

- Stress Testing (Non Statistical)

While VaR reflects (the risk of loss due to adverse changes in normal markets, stress testing captures the Firm's exposure to unlikely but plausible events in abnormal markets. The Firm conducts economic-value stress tests for both its trading and non-trading activities at least every two weeks using multiple scenarios where credit spreads widen significantly, equity prices decline and interest rates change in the major currencies. Additional scenarios focus on the risks predominant in individual business segments and include scenarios that focus on the potential for adverse moves in complex portfolios. Periodically, scenarios are reviewed and updated to reflect changes in the Firm's risk profile and economic events.

11 Risk Management continued

Market Risk Management continued

Along with VaR, stress testing is important in measuring and controlling risk. Stress testing enhances the understanding of the Firm's risk profile and loss potential, and stress losses are monitored against limits. Stress testing is also utilised in one-off approvals and cross-business risk measurement, as well as an input to economic capital allocation. Stress-test results, trends and explanations are provided at least every two weeks to the Firm's and LOBs senior management, to help them better measure and manage risks and to understand event risk-sensitive positions.

Some material risks may escape detection through VaR, stress testing and the non-statistical risk measures described above. The Firm identifies these potential earnings vulnerabilities through the Risk Identification for Large Exposures ("RIFLE") methodology. Individuals who manage risk positions use this system to identify potential "worst case" losses and estimate the probability of loss which in turn is routed via RIFLE to the appropriate level of management.

Monitoring/Control and Reporting

Market risk is primarily controlled through a series of limits, which reflect the Firm's risk appetite in the context of the market environment and business strategy. Risk limits are set according to a number of criteria, including market volatility, product liquidity, business trends and management experience. MRM regularly reviews and updates risk limits. Senior management, including the CEO and CRO, are responsible for reviewing and approving risk limits at least once a year.

VaR limits are established at the aggregate corporate and LOB levels. The Firm complements VaR with restrictions on overall portfolio size and the amount of value a portfolio can lose as measured by hypothetical stress test scenarios. Additional types of limits may apply to LOBs. LOBs are responsible for adhering to established limits, against which exposures are monitored and reported. Limit breaches are reported in a timely manner to senior management, and the LOB is responsible for immediately reducing exposure to a level within the limit. When this is not possible within an acceptable timeframe, MRM with the LOB senior management will jointly decide on the appropriate method to reduce the exposure.

Non-statistical exposures, value-at-risk, loss advisories and limit excesses are reported daily for each trading and non-trading business. Market risk exposure trends, value-at-risk trends, profit and loss changes, and portfolio concentrations are reported weekly. Stress test results are reported at least every two weeks to business and

senior management.

MRM also performs periodic reviews as necessary of both businesses and products with exposure to market risk to assess the ability of the businesses to control their market risk. Strategies, market conditions, product details and risk controls are reviewed, and specific recommendations for improvements are made to management.

J.P. Morgan Nominees Australia Limited Specific Risk Management Procedures

These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report. Our procedures include reading the other information in the Annual Report to determine whether it contains any material inconsistencies with the financial report.

Our audit did not involve an analysis of the prudence of business decisions made by directors or management.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2010

1. Corporate Information

The financial report of National Nominees Limited for the year ended 30 September 2010 was authorised for issue in accordance with a resolution of the directors on 9 December 2010.

2. Principal Accounting Policies

2. Principal Accounting Policies

(a) Basis of preparation

The financial report is a general-purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001 and Australian Accounting Standards. The financial report has been prepared on a historical cost basis.

The financial report is presented in Australian dollars and all values are rounded to the nearest thousand dollars (\$'000) unless otherwise stated under the option available to the Company under ASIC Class Order 98/0100.

(b) Statement of Compliance

The financial report complies with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards (AIFRS). Compliance with AIFRS ensures that the financial report, comprising the financial statements and notes thereto, complies with International Financial Reporting Standards (IFRS).

The accounting policies adopted are consistent with those of the previous financial year except as follows:

The Company has adopted the following new and amended Australian Accounting Standards and AASB Interpretations as of 1 October 2009.

- AASB 101 "Presentation of Financial Statements" (AASB 101) supersedes the previous version of AASB 101 and makes changes to nomenclature and content of the financial statements, including the presentation of a statement of comprehensive income;

- AASB 2007-08 "Amendments to Australian Accounting Standards arising from AASB 101" (AASB 2007-08) and AASB 2007-10 "Further Amendments to Australian Accounting Standards arising from AASB 101" (AASB 2007-10) both amend numerous standards arising from the application of AASB 101.

- AASB 2009-2 Amendments to Australian Accounting Standards - Improving Disclosures about Financial Instruments [AASB 4, AASB 7, AASB 1023 and AASB 1038]. The amendments to AASB 7 require enhanced disclosures about fair value measurements and liquidity risk. In particular, the amendments:

(a) clarify that the existing fair value disclosure requirements in AASB 7 must be made separately for each class of financial instrument;

(b) require disclosure of any change in a method for determining fair value and the reasons for the change;

(c) introduce a three-level hierarchy for making fair value measurements, as follows:

level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities; level 2 - inputs, other than quoted prices included within level 1, that are observable for the asset or liability; and

level 3 - inputs for the asset or liability that are not based on observable market data (unobservable inputs);

(d) require disclosure about the relative reliability of each fair value measurement in the statement of financial position;

(e) clarify that the current maturity analysis for non-derivative financial instruments should include issued financial guarantee contracts; and

Page 9

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2010

(f) requires maturity analysis of derivative liabilities based on either how the entity manages the liquidity risk, or its contractual maturity if it is essential for an understanding of the timing of the cash flows (e.g. interest rate swap in a cash flow hedge or loan commitments).

The AASB issued new standards, amendments and interpretations that are not mandatory for the 30 September 2010 reporting period. In some cases, these amendments relate to items which are not applicable to the Company. The amendment which is applicable and which is likely to have an impact on the Company's disclosures but has not yet been applied by the Company in preparing this report is:

- AASB 2010-4 Further amendments to Australian Accounting Standards arising from the Annual Improvements Project [AASB 1, AASB 7, AASB 101, AASB 134 and Interpretation 13]. The amendments emphasise the interaction between quantitative and qualitative AASB 7 disclosures and the nature and extent of risks associated with financial instruments. They also clarify that an entity will present an analysis of other comprehensive income for each component of equity, either in the statement of changes in equity or in the notes to the financial statements.

The initial impact of this standard is not expected to have an impact on the financial results of the Company.

(c) Revenue Recognition: Interest Income

Revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Fee Income

Fee revenue is recognised when the fee in respect of services provided is receivable. (6) Leases

Operating lease payments are recognised as an expense in the statement of comprehensive income on a straight-line basis over the lease term. Lease incentives are recognised in the statement of comprehensive income as an integral part of the total lease expense.

(e) Cash and cash equivalents

Cash and short-term deposits in the statement of financial position comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

The carrying amounts of cash and cash equivalents approximate net fair value. (i) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

NATIONAL NOMINEES LIMITED A.B.N. 51 004 278 899

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2010

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to the taxation authority, are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

(g) Foreign currency translation

Both the functional and presentation currency of National Nominees Limited is Australian dollars (\$). Each branch determines its own functional currency and items included in the financial statements of each branch are measured using that functional currency.

Transactions in foreign currencies are initially recorded in the functional currency by applying the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of the initial transaction.

Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

The functional currency of the Company's New Zealand branch operations is New Zealand dollars (NZD).

As at the reporting date the assets and liabilities of the New Zealand branch are translated into the presentation currency of National Nominees Limited at the rate of exchange ruling at the balance sheet date and their statements of comprehensive income are translated at the weighted average exchange rate for the year.

The exchange differences arising on the translation are taken directly to a separate component of equity, (h) Property, plant and equipment

Plant and equipment is stated at cost less accumulated depreciation and any accumulated impairment losses. Such cost includes the cost of replacing parts that are eligible for capitalisation when the cost of replacing the parts is incurred.

Depreciation is calculated on a straight-line basis over the estimated useful life of the asset.

The assets' residual values, useful lives and amortisation methods are reviewed, and adjusted if appropriate, at each financial year end.

(i) Impairment

The carrying values of plant and equipment are reviewed for impairment at each reporting date, with recoverable amount being estimated when events or changes in circumstances indicate that the carrying value may be impaired.

The recoverable amount of plant and equipment is the higher of fair value less costs to sell and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the

in assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For an asset that does not generate largely independent cash flows, recoverable amount is determined for the cash-generating unit to which the asset belongs, unless the asset's value in use can be estimated to be close to its fair value.

Page 11

NATIONAL NOMINEES LIMITED A.B.N. 51 004 278 899

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2010

Impairment exists when the carrying value of an asset or cash-generating unit exceeds its estimated recoverable amount. The asset or cash-generating unit is then written down to its recoverable amount.

For plant and equipment, impairment losses are recognised in the statement of comprehensive income.

(ii) Derecognition and disposal

An item of property, plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal.

Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset; is included in profit or loss in the year the asset is derecognised.

(l) Deposits and other borrowings

Deposits and other borrowings include interest bearing deposits. These items are brought to account at the gross value of the outstanding balance.

(j) Employee leave benefits - salaries, annual leave and sick leave

Liabilities for salaries, including non-monetary benefits and annual leave expected to be settled within 12 months of the reporting date are recognised in provisions in respect of employees' services up to the reporting date. They are measured at the amounts expected to be paid when the liabilities are settled.

(k) Income Tax

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date.

Deferred income tax is provided on all temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognised for all taxable temporary differences except:

- when the deferred income tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; or
- when the taxable temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, and the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets are recognised for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry-forward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; or
- when the deductible temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, in which case a deferred tax asset is only recognised to the extent that it is probable that the temporary difference will reverse in the foreseeable future and taxable profit will be available against which the temporary difference can be utilised.

NATIONAL NOMINEES LIMITED A.B.N. 51 004 278 899

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2010

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Unrecognised deferred income tax assets are reassessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Income taxes relating to items recognised directly in equity are recognised in equity and not in profit or loss.

National Australia Bank Limited is the head entity in the tax consolidated group comprising the National Australia Bank Limited and all of its Australian wholly owned subsidiaries.

The National Australia Bank Limited as head entity recognises all of the current and deferred tax assets and liabilities of the tax consolidated group (after elimination of intra group transactions). National Nominees Limited is a member of the tax consolidated group and has entered into a tax funding agreement that requires it to make contributions to National Australia Bank Limited for its tax liabilities as the head entity of the tax consolidated group. Under the tax funding agreement, the contributions are calculated on a 'stand alone basis' so that the contributions are equivalent to the tax balances generated by transactions entered into by National Nominees Limited.

The National Australia Bank Limited has agreed to reimburse National Nominees Limited for current and deferred tax assets arising at the date of entering tax consolidations and that arise from the actions and operations of National Nominees Limited following formation of the tax consolidated group. National Nominees Limited has agreed to reimburse the National Australia Bank Limited for deferred tax liabilities arising at the date of entering tax consolidations and that arise from the actions and operations of National Nominees Limited following formation of the tax consolidated group. Ongoing assets and liabilities arising under the tax funding agreement are recognised by National Nominees Limited as intercompany assets and liabilities with a corresponding charge to income tax expense.

(l) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of comprehensive income net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects the risks specific to the liability.

When discounting is used, the increase in the provision due to the passage of time is recognised as a borrowing cost.

4. Indemnifying Officers or Directors

During or since the end of the financial year, an entity within the wholly-owned group has given an indemnity, or entered into an agreement to indemnify, or paid or agreed to pay insurance premiums as follows:

The wholly-owned group entity pays premiums in respect of directors and officers' liability insurance for all of its operations globally. These policies insure persons who are directors or officers of the parent entity and its controlled entities against certain liabilities incurred in their capacity as officers of entities in the wholly-owned group. The premium has not been determined on an individual entity, director or executive officer basis, but provides a total indemnity cover of US\$300,000,000.

The liabilities insured are costs and expenses that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of the entities within the wholly-owned group. The insurance contract does not cover circumstances where the claim is based on any deliberately dishonest or fraudulent act or omission by the officer, or where there is a personal profit or advantage to which the officer is not legally entitled. The insurance cover is limited to liability or loss which is permissible to cover at law.

(d) Revenue

Revenue is measured at the fair value of the consideration received or receivable.

(i) Interest Revenue

Interest revenue is recognised on an accrual basis using the effective interest rate method.

(ii) Administration Services Revenue

Administration services fees are recognised when the service is provided and the outcome to the transaction can be measured reliably.

(e) Income Tax

The charge for current income tax expense is based on the profit for the year adjusted for any non-assessable or non-deductible items. It is calculated using the tax rates that have been enacted or are substantially enacted by the balance date.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

Notes to the Financial Statements For the Year Ended 31 December 2009

I Statement of Significant Accounting Policies continued (e) Income Tax continued Tax Consolidation

J.P. Morgan Australia Group Pty Limited and its wholly-owned Australian subsidiaries have implemented the tax consolidation legislation.

The head entity, J.P. Morgan Australia Group Pty Limited and the controlled entities in the tax consolidated group account for their own current and deferred tax amounts. These tax amounts are measured as if each entity in the tax consolidated group continues to be a stand alone taxpayer in its own right.

In addition to its own current and deferred tax amounts, J.P. Morgan Australia Group Pty Limited also recognises the current tax liabilities (or assets) and the deferred tax assets arising from the unused tax losses and the unused tax credits assumed from controlled entities in the tax consolidation group. Expenses and revenues arising under the tax sharing agreement, between the company and J.P. Morgan Australia Group Pty Limited, are recognised as a component of income tax expense (see note 5 for further information).

Tax Consolidation Reserve

The tax consolidation reserve records the impact of the funding arrangements adopted under the tax consolidation regime.

When the company makes tax losses which are recognised as an asset and then derecognised on assumption by the parent for nil consideration, the amount thereof is debited to this reserve. Where the company makes tax losses which are not recognised as an asset, and are then assumed by the parent entity for nil consideration, no entry is recognised on assumption of tax losses by the parent entity. Where the funding required by the parent of the company with respect to the company's current tax liability is less than the amount of current tax liability allocated to the company (as a result of tax losses available to the parent), the amount thereof is credited to this reserve. The balance of the reserve is only available for the payment of cash dividends in limited circumstances when permitted by law.

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash, and bank overdrafts.

(g) Trade and other receivables

Receivables from entities within the wholly-owned group are unsecured and are settled periodically, usually within 30 days of recognition. Receivables are initially measured at fair value and subsequently carried at amortised cost using the effective interest rate method and less, where applicable, any provisions for doubtful debts.

Collectability of receivables is reviewed on an ongoing basis. Debts which are known to be uncollectable are written off in the period in which they are identified, and a provision for doubtful debts is established when there is objective evidence that the company will not be able to collect all amounts due.

(h) Trade and other payables

Payables comprise related party and external payables, which are unsecured and usually settled within 30 days of recognition.

Payables are initially measured at fair value and subsequently measured at amortised cost using the effective interest rate method and plus, where applicable, any accrued interest.

(i) Beneficial Ownership of Assets

In the course of its business, the company holds securities in its name on behalf of its clients. As the beneficial ownership of these assets remains with the client, these items are not disclosed in the Balance Sheet.

(j) Foreign Currency Translation and Presentation Currency

(i) Functional and Presentation Currency

Items included in the financial statements of the entity are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in Australian dollars, which is J.P. Morgan Nominees Australia Limited's functional and presentational currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit and loss, except when they are deferred in equity as qualifying cash flow hedges and qualifying net investment hedges or are attributable to part of the net investment in a foreign operation.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equities held at fair value through profit

Itnd loss are recognised in profit or loss as pan of the fair value gain or loss and translation differences on non-monetary assets such as equities classified as available-for-sale financial assets are included in the fair value reserve in equity.

(k) Rounding of Amounts

The company has applied the relief available to it under ASIC Class Order 98/100 and accordingly amounts in the financial report and directors' report have been rounded off to the nearest thousand dollars or, in certain cases, the nearest dollar.

(l) Critical Accounting Estimates and Judgements

The directors evaluate estimates and judgments incorporated into the financial rpon based on historical knowledge and best available current information. Estimates assume a reasonable expectaion of future events - and are based on current trends and economic data, obtained both externally and within the company.

II Risk Management

The activities of the J.P. Morgan group in Australia and New Zealand expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The J.P. Morgan group in Australia and New Zealand undertakes financial risk management functions on a group basis within the location, in line with the global policy & procedure framework of the global JPMorgan Chase & Co. Group.

The JPMorgan Chase & Co.'s ("The Firm") risk management model is based around global risk management policies, procedures and systems. These are assessed at a regional and location level to ensure that the risks faced by each location are adequately and appropriately identified, quantified, monitored and reported while permitting each location to utilise global systems and expertise to effectively manage these risks.

Risk Management Model Global Approach

The Firm's risk management framework and governance structure is intended to provide comprehensive controls and ongoing management of the major risks inherent in its business activities. The Firm's ability to properly identify, measure, monitor and report risk is critical to its stability and profitability.

- Risk Identification: The Firm identifies risk by dynamically assessing the potential impact of internal and external factors on transactions and positions. The Firm's exposure to risk is aggregated through the Firm's risk management infrastructure. In addition, individuals who monitor risks, particularly those that are complex, are responsible for identifying and estimating potential losses that could arise from specific or unusual events, which may not be captured in other models, and those risks are communicated to senior management.

- Risk Measurement: The Firm measures risk using a variety of methodologies, including calculating probable loss, unexpected loss and value at risk ("VaR"), and by conducting stress tests and making comparisons to external benchmarks. Measurement models and related assumptions are routinely reviewed with the goal of ensuring that the Firm's risk estimates are reasonable and reflective of underlying positions.

Risk Monitoring/Control: The Firm's risk management policies and procedures incorporate risk mitigation strategies and include approved limits by customer, product, industry and business. These limits are monitored on a daily, weekly and monthly basis as appropriate.

- Risk Reporting: Risk reporting covers all lines of business ("LOBs") and is provided to management on a daily, weekly and monthly basis as appropriate.

The Firm's risk governance structure is built upon the premise that each global LOB is responsible for managing the risks inherent in its business activity. Each LOB has a close alignment to Risk Management, primarily through a Chief Risk Officer ("CRO"), and has a Risk Committee co-chaired by the head of the LOB and the CRO, which is responsible for decisions related to risk strategy, policies and control.

Overlaying risk management within each LOB are the corporate functions of Treasury, the Chief Investment Office, Risk Management, Legal and Compliance and Internal Audit.

- Treasury and the Chief Investment Office are responsible for measuring, monitoring, reporting and managing the Firm's liquidity, interest rate and foreign exchange risk.

Corporate Risk Management, under the direction of the Firm's CRO, who reports to the Chief Executive Officer ("CEO") and is a member of the Firm's Operating Committee, provides an independent firm-wide function for control and management of risk. Within Risk Management are those units responsible for Credit Risk, Market Risk, Operational Risk and Private Equity Risk.

- Legal and Compliance has oversight for legal and fiduciary risk.

Internal Audit is an independent risk assessment function established within the organisation to evaluate, test and report on the adequacy and effectiveness of the systems of internal control.

Internal audit ("JPAC Audit") reports directly to the Board of Directors through the Audit Committee.

In addition, overseeing the global LOB risk committees are the Firm's primary risk control bodies, including:

- The Operating Committee ("OC"): The Operating Committee of the Firm reviews risk issues, including the overall risk appetite of the Firm, as part of its normal course of business.

The Risk Working Group: A sub-group of the Operating Committee, the Risk Working Group is headed by the CRO, and includes the Chief Financial Officer ("CFO"), the Head of Legal and a Secretary from Risk Management Services, as well as the CROs from the LOBs and CIO.

The Risk Working Group is responsible for reviewing:

- Risk Policy

- Risk Methodology

- Basel II

- Regulatory issues

- Issues referred to it by a LOB risk committee or the CRO.

- The Market Meeting: Chaired by the CEO, the Market Meeting convenes weekly to review and determine appropriate courses of action with respect to significant risk matters, including, but not limited to, credit, market and operational risk, large risk transactions, hedging and reputation risk, conflicts of interest, reserve adequacy, and issues referred to it by the CRO and LOBs.

- Asset and Liability Committee ("ALCO"): The ALCO monitors the overall interest rate risk position and liquidity risk of the Firm, and makes recommendations to the OC regarding capital allocations and balance sheet usage of the LOBs. The committee has responsibility for the following risk functions:

Approval

Funds transfer pricing and liquidity premium policy;

- Interest rate and liquidity management policies.

Review

- Earnings at risk;

- Overall interest rate risk position of the Firm;

- Funding requirements and strategy; Securitisation program;

- Applicable Regulatory Supervisory letter, and responses when appropriate; Margin projections and balance sheet trends;

- Duration of equity assumptions.

Investment Committee ("IC"): The IC ensures appropriate management of new investment proposals and the existing portfolio of investments. The committee is chaired by the CFO.

- Global Counterparty Committee (GCC): The GCC recommends to the Chief Risk Officer of the Firm designation of Global Market Counterparties with which the Firm may trade at exposure levels above normal thresholds. The committee meets quarterly to review total exposures with these counterparties.

All LOB risk committees have decision-making authority, with major policy decisions and risk exposures subject to ratification by the Operating Committee.

The Board of Directors exercises oversight of risk management as a whole through the Board's Audit Committee and the Risk Policy Committee.

- Audit Committee: The Audit Committee is responsible for oversight of guidelines and policies that govern the process by which risk assessment and management is undertaken, and reviews with management the system of internal controls and financial reporting that is relied upon to provide reasonable assurance of compliance with the Firm's operational risk management processes.

Risk Policy Committee: The Risk Policy Committee oversees senior management risk related responsibilities, including reviewing management policies and performance against these policies and related benchmarks.

Both committees are also responsible for oversight of reputation risk. In addition, regional Reputation Risk Committees have been introduced to assess potential reputational issues arising from transacting securities, derivatives and other Investment Banking business in their relevant regions focusing on appropriateness and client valuations. The Reputation Risk Committees are overseen by the Policy Review Office, which reports to the General Counsel for the Firm.

Australian Risk Management Oversight

Location management is responsible for ensuring that proper governance and control exists for all activities conducted and supported in Australia in accordance with the global governance model and local regulatory requirements. All business initiatives are assessed locally to ensure they are consistent with local infrastructure capabilities and regulations, and that local legal entity issues and the discharge of the Firm's responsibilities to local regulators are properly addressed. To facilitate the execution of those responsibilities, a formal local committee structure exists. The committees consist of:

- The Australia & New Zealand Executive Committee;
- The Australia & New Zealand Operating Committee;
- The Australia & New Zealand Intermediary Approval Committee;
- The Australia & New Zealand New Business Initiatives Approval Committee;
- The Asset and Liability Committee;
- The Australia & New Zealand Appointments Committee;

Australian Risk Management Oversight continued

LOB committees are primarily responsible for the governance and control of their businesses, with the Australian & New Zealand Operating Committee having oversight for the consolidated operating environment of the location, and the Australian & New Zealand Executive Committee providing strategic direction and positioning of the Firm in Australia.

In addition, J.P. Morgan Australian legal entities that hold an Australian Financial Services Licence (AFSL) have Boards who are ultimately responsible for the oversight of risk management systems, supporting their licensed activities.

Liquidity Risk Management

The ability to maintain a sufficient level of liquidity is crucial to financial services companies as failures predominantly result from the inability to maintain liquidity during periods of adverse conditions. The Firm's overall objective and general funding strategy seeks to ensure liquidity and diversity of funding sources to meet actual and contingent liabilities through stable and adverse conditions.

The Firm uses a centralised approach for liquidity risk management, which maximises liquidity access, minimises funding costs and permits global identification and co-ordination on liquidity risk.

Liquidity is managed by a variety of both short-term and long-term instruments, including deposits, government and corporate debt securities held, bank notes and commercial paper, repurchase agreements, and medium and long-term debt. In addition, JPMC Australia has access to diverse global funding sources, which includes access to JPMC's consolidated financial resources.

Global Approach identification and Measurement

The Asset and Liability Committee approves the Firm's liquidity policy and Contingent Funding Plan.

Treasury is responsible for formulating the Firm's liquidity policies including liquidity guidelines and strategies, understanding the Firm's on and off-balance sheet liquidity obligations, providing policy guidance and monitoring policy adherence, developing and maintaining contingency planning, stress testing and monitoring internal and external liquidity warning signals to permit timely detection of liquidity issues.

The Contingent Funding Plan considers temporary and long-term situations where availability of funding is severely limited or non-existent. The plan forecasts potential funding needs and sources, taking into account both on and off-balance sheet exposures, and separately evaluates access to funds by both JPMC and also specifically JPMorgan Chase Bank N.A. ("JPMC Bank").

The goal is to ensure:

- Maintenance of appropriate liquidity during normal and stress periods;
- Measurement and projection of funding requirements under multiple stress situations; and
- Management of access to funding sources.

Monitoring/Control and Reporting

Treasury monitors historical liquidity trends, tracks historical and prospective on-and-off balance sheet liquidity obligations; identifies and measures internal and external liquidity warning

signals to permit early detection of liquidity issues, and manages contingency planning. Various tools are used to monitor and manage liquidity, including analysis of the timing of liquidity sources versus liquidity uses over periods ranging from overnight to one year, management of debt and capital issuances, and assessment of the Firm's capacity to raise incremental unsecured and secured funding.

Liquidity Risk Management continued

The primary measures of liquidity monitored by the Firm are:

Holding Company

Holding Company Long-term Excess Liquidity - A measure that assumes the Holding Company is unable to generate funds from debt or equity issuance, receives no dividend income from subsidiaries and pays no undeclared dividends to shareholders while continuing to generate cash flows needs to maintain operations and repayment of contractual obligations owed by the Holding Company and its affiliates.

Funding Gaps - Short-term liquidity is managed to ensure that the Holding Company has sufficient liquidity or access to liquidity to cover its on-balance sheet and contingent funding obligations over the next 120 days. Gaps are measured against available collateral capacity.

Maturity Concentration - Maturities are staggered such that no more than a pre-defined amount of all Holding Company long-term debt matures within any quarter. Bank Chain

• Short Term Unsecured Wholesale Funding Reliance - Defined as Short Term Unsecured Wholesale Funding vs. Total Liabilities. This measure shows what percentage of the Firm's total liabilities is made up of borrowings in the short term unsecured wholesale market.

• Global Cash and Sovereign Liquidity Coverage Ratio - Defined as Cash and Sovereign/Agency as a percentage of Overnight Unsecured Wholesale Funding. This measure shows the Bank chain sources of high quality stored liquidity, including cash and Sovereign GIO obligations. Sovereign Agency and Agency MBS.

• Global Liquidity Reserve Ratio - Defined as Global Liquidity Reserve vs. Short Term Unsecured Wholesale Funding. This measure compares the Firm's available liquidity through cash and collateral (including equities and corporate securities) to its unsecured wholesale funding needs through 1 year.

• Deposit to Loan Ratio

• Funding Gaps - Short-term liquidity is managed to ensure that the Firm's principal bank subsidiaries have sufficient liquidity or access to liquidity to cover their on-balance sheet and contingent funding obligations over the next 120 days; Stress scenario liquidity gaps are monitored to ensure they do not exceed U.S. Federal Reserve Discount Window borrowing capacity.

• Maturity Concentration - Maturities are staggered such that no more than a pre-defined amount of all Bank long-term debt (exclusive of structured notes instruments) matures within any quarter.

Credit risk management Global Model

Credit risk is the risk of loss from obligor or counterparty default. Credit risk management is overseen by the Chief Risk Officer and implemented within the lines of business. The Firm's credit risk management governance consists of the following functions:

- Establishing a comprehensive credit risk policy framework;
- Monitoring and managing credit risk across all portfolio segments, including transaction and line approval;
- Assigning and managing credit authorities in connection with the approval of all credit exposure;
- Managing criticized exposures; and
- Calculating the allowance for credit losses and ensuring appropriate credit risk-based capital management. Risk Identification

The Firm is exposed to credit risk through lending and capital markets activities. The credit risk management organisation works in partnership with the business segments in identifying and aggregating exposures across all lines of business.

II Risk Management continued

Credit risk management continued Risk Measurement

To measure credit risk, the Firm employs several methodologies for estimating the likelihood of obligor or counterparty default. Methodologies for measuring credit risk vary depending on several factors, including type of asset, risk measurement parameters and risk management and collection processes. Credit risk measurement is based upon the amount of exposure should the obligor or the counterparty default, the probability of default and the loss severity given a default event. Based upon the factors and related market-based inputs, the Firm estimates both probable and unexpected losses for the wholesale and consumer portfolios. Probable losses, reflected in the provision for credit losses, are based primarily upon statistical estimates of credit losses as a result of obligor or counterparty default. Unexpected losses, reflected in the allocation of credit risk capital, represent the potential volatility of actual losses relative to the probable level of losses. Risk measurement for the wholesale portfolio is assessed primarily on a risk-rated basis. For portfolios that are risk-rated, probable and unexpected loss calculations are based upon estimates of probability of default and loss given default. Probability of default is the expected default calculated on an obligor basis. Loss given default is an estimate of losses given a default event and takes into consideration collateral and structural support for each credit facility. Calculations and assumptions are based upon management information systems and methodologies which are under continual review. Risk ratings are assigned to differentiate risk within the portfolio and are reviewed on an ongoing basis by credit risk management and revised, if needed, to reflect the borrowers' current risk profiles and the related collateral and structural positions.

Risk monitoring

The Firm has developed policies and practices that are designed to preserve the independence and integrity of decision approval and decision making of extending credit and are intended to ensure credit risks are assessed accurately, approved properly, monitored regularly and managed actively at both the transaction and portfolio levels. The policy framework establishes credit approval authorities, concentration limits, risk-rating methodologies, portfolio review parameters and guidelines for management of distressed exposure. Wholesale credit risk is monitored regularly on both an aggregate portfolio level and on an individual customer basis. Management of the Firm's wholesale exposure is accomplished through a number of means including loan syndication and participations, loan sales, securitizations, credit derivatives, use of master netting agreements and collateral and other risk-reduction techniques.

Risk reporting

To enable monitoring of credit risk and decision-making, aggregate credit exposure, credit quality forecasts, concentration levels and risk profile changes are reported regularly to senior credit risk management. Detailed portfolio reporting of industry, customer and geographic concentrations occurs monthly, and the appropriateness of the allowance for credit losses is reviewed by senior management at least on a quarterly basis. Through the risk reporting and governance structure, credit risk trends and limit exceptions are provided regularly to, and discussed with, senior management.

Market Risk Management

Global Model

Risk Management Process

Market Risk Management ("MRM") is an independent corporate risk governance function that identifies, measures, monitors and controls market risk. Market risk seeks to facilitate efficient risk/return decisions, reduce volatility in operating performance and make the Firm's market risk profile transparent to senior management, the Board of Directors, and Regulators. MRMs control structure consists of the following primary functions:

23

Page 29 of 39 DocId: 026534531 ACN :002 899 961

Notes to the Financial Statements For the Year Ended 31 December 2009

II Risk Management continued

Market Risk Management continued

- Establishment of a comprehensive market risk policy framework;
- Independent measurement, monitoring and control of LOB market risk;
- Definition, approval and monitoring of limits; and
- Performance of stress testing and qualitative risk assessments.

Identification

MRM works in partnership with the LOBs to identify market risk, and to define and monitor market risk policies and procedures. All LOBs are responsible for comprehensive identification and verification of market risk within their businesses. In addition, risk taking businesses have functions that act independently from trading personnel to verify and monitor the risk exposures

the businesses take. Market risk is also responsible for identifying exposures which may not be large within the individual location LOB, but which may be large, for the Firm in aggregate. Regular meetings are held between MRM and the Heads of risk-taking LOBs to discuss and decide on risk exposures in the context of the market environment and client flows.

Measurement

Because no single risk statistic can reflect all aspects of market risk, the Firm utilises several statistical and non-statistical risk measures. Combining the two approaches is key to enhancing the stability of revenues from market risk taking activities because, taken together, these risk measures provide a more comprehensive view of market risk exposure than any single measure.

JPMC uses the following risk measures:

• Value-at-Risk (Statistical)

VaR gauges the potential loss from adverse market moves in an ordinary market environment and provides a consistent cross-business measure of risk profiles and levels of risk diversification.

VaR is used for comparing risks across relevant LOBs, monitoring limits, one-off approvals and as an input to economic capital calculations. VaR provides risk transparency in a normal trading environment.

VaR calculations are performed for all material trading and investment portfolios daily. The VaR methodology used is based on historical simulation, which assumes that actual observed historical changes in market indices, such as interest rates, foreign exchange rates, and equity and commodity prices, reflect possible future changes. Historical simulation permits consistent and comparable measurement of risk across instruments and portfolios.

All statistical models have a degree of uncertainty associated with the assumptions employed. The use of historical simulation for VaR calculations is not as dependent on assumptions about the distribution of portfolio losses, as are other VaR methodologies, which are parameter based. Since the VaR methodology is dependent on the quality of available market data, diagnostic information is used to continually evaluate the reasonableness of the VaR model. This information includes the calculation of statistical confidence intervals around the daily VaR estimate and daily "back testing" of VaR against actual financial results. For the day-to-day risk management purpose, VaR is calculated with a 95% confidence interval since the third quarter of 2008.

• Stress Testing (Non Statistical)

While VaR reflects the risk of loss due to adverse changes in normal markets, stress testing captures the Firm's exposure to unlikely but plausible events in abnormal markets.

The Firm conducts economic-value stress tests for both its trading and non-trading activities at least every two weeks using multiple scenarios where credit spreads widen significantly, equity prices decline and interest rates change in the major currencies. Additional scenarios focus on the risks predominant in individual business segments and include scenarios that focus on the potential for adverse moves in complex portfolios. Periodically, scenarios are reviewed and updated to reflect changes in the Firm's risk profile and economic events.

Market Risk Management continued

Along with VaR, stress testing is important in measuring and controlling risk. Stress testing enhances the understanding of the Firm's risk profile and loss potential, and stress losses are monitored against limits. Stress testing is also utilised in one-off approvals and cross-business risk measurement, as well as an input to economic capital allocation. Stress-test results, trends and explanations are provided at least every two weeks to the Firm's and LOBs senior management, to help them better measure and manage risks and to understand event risk-sensitive positions.

Some material risks may escape detection through VaR, stress testing and the non-statistical risk measures described above. The Firm identifies these potential earnings vulnerabilities through the Risk Identification for Large Exposures ("RIFLE") methodology. Individuals who manage risk positions use this system to identify potential "worst case" losses and estimate the probability of loss which in turn is routed via RIFLE to the appropriate level of management.

Monitoring/Control and Reporting

Market risk is primarily controlled through a series of limits, which reflect the Firm's risk appetite in the context of the market environment and business strategy. Risk limits are set according to a number of criteria, including market volatility product liquidity, business trends and management experience. MRM regularly reviews and updates risk limits. Senior management, including the CEO and CRO, are responsible for reviewing and approving risk limits at least once a year.

VaR limits are established at the aggregate corporate and LOB levels. The Firm complements VaR with restrictions on overall portfolio size and the amount of value a portfolio can lose as measured by hypothetical stress test scenarios. Additional types of limits may apply to LOBs LOBs are responsible for adhering to established limits, against which exposures are monitored and reported. Limit breaches are reported in a timely manner to senior management, and the LOB is responsible for immediately reducing exposure to a level within the limit. When this is not possible within an acceptable timeframe, MRM with the LOB senior management will jointly decide on the appropriate method to reduce the exposure.

Non-statistical exposures, value-at-risk, loss advisories and limit excesses are reported daily for each trading and non-trading business. Market risk exposure trends, value-at-risk trends, profit and loss changes, and portfolio concentrations are reported weekly. Stress test results are reported at least every two weeks to business and senior management.

MRM also performs periodic reviews as necessary of both businesses and products with exposure to market risk to assess the ability of the businesses to control their market risk. Strategies, market conditions, product details and risk controls are reviewed, and specific recommendations for improvements are made to management.

HSBC CUSTODY NOMINEES (AUSTRALIA) LIMITED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2009

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies which have been adopted in the preparation of this financial report are:

(a) Statement of compliance

The financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards ("AASBs") adopted by the Australian Accounting Standards Board ("AASB") and the Corporations Act 2001.

The financial report was authorised for issue by the directors on 15 April 2010.

(b) Basis of preparation

The financial report is presented in Australian dollars. The financial report is prepared on the historical cost basis.

The preparation of a financial report in conformity with AASBs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The accounting policies set out below have been applied consistently to all periods presented in the financial report.

(c) Income tax

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

(d) Impairment of assets

The carrying amounts of the Company's assets, other than deferred tax assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated.

HSBC CUSTODY NOMINEES (AUSTRALIA) LIMITED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2009

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued) (e) Share capital

Shares are classified as equity when there is no contractual obligation to transfer cash or other financial assets. Incremental costs directly attributable to the issue of equity instruments are shown in equity as a deduction from the proceeds, net of tax. Incremental costs directly attributable to the issue of equity instruments as consideration for the acquisition of a business are included in the cost of acquisition.

Dividends are recognised as a liability in the period in which they are declared. (f) Segment reporting

The Company operates in one geographical segment, being the country of Australia and one business segment, being trustee services. A segment is a distinguishable component of the company that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

(g) New standards and interpretations not yet adopted

The following standards, amendments to standards and interpretations are available for early adoption at 31 December 2009, but have not been applied in preparing these financial statements:

• AASB 2008-8 'Amendments to Australian Accounting Standard - Eligible Hedged Items' is applicable for annual reporting periods beginning on or after 1 July 2009. The amendment clarifies how the existing principles underlying hedge accounting should be applied. The company does not expect adoption of AASB 2008-8 to have a significant effect on the company's financial statements.

• AASB 9 Financial Instruments, issued in December 2009 as part of phase I of the IASB's Comprehensive project to replace AASB 139, deals with classification and measurement of financial assets. The requirements of this standard represent a significant change from the existing requirements of AASB 139 in respect of financial assets. The standard contains two primary measurement categories for financial assets: amortised cost and fair value. A financial asset would be measured at amortised cost if it is held within a business model whose objective is to hold assets in order to collect contractual cash flows, and the asset's contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. All other financial assets would be measured at fair value. The standard eliminates the existing AASB 139 categories of held to maturity, available for sale and loans and receivables. For an investment in an equity instrument which is not held for trading, the standard permits an irrevocable election, on initial recognition on an individual share-by-share basis, to present all fair value changes from the investment in other comprehensive income. No amount recognised in other comprehensive income would ever be reclassified to profit or loss at a later date. However dividends on such investments are recognised in profit or loss, rather than other comprehensive income unless they clearly represent a partial recovery of the cost of the investment. Investments in equity instruments in respect of which an entity does not elect to present fair value changes in other comprehensive income would be measured at fair value with changes in fair value recognised in profit or loss.

The standard requires that derivatives embedded in contracts with a host that is a financial asset within the scope of the standard are not separated; instead the hybrid financial instrument is assessed in its entirety as to whether it should be measured at amortised cost or fair value.

The standard is effective for annual periods beginning on or after 1 January 2013. Early application is permitted.

The company does not expect adoption of AASB 9 to have a significant effect on the financial statements.

6. ADDITIONAL FINANCIAL INSTRUMENT DISCLOSURES

(a) Risk management

All activities undertaken by the company involve analysing, evaluating, accepting and managing some degree of risk or combination of risks. The most important types of risks are credit risk and market risk. Market risk is interest rate and equity price risk.

The company's risk management policies are designed to identify and analyse these risks, to set appropriate risk limits and controls, and to monitor the risks and adherence to limits by means of reliable and up-to-date administrative and information systems. The company regularly reviews its risk management policies and systems to reflect changes in markets, products and emerging best practice.

Individual responsibility and accountability, instilled through training, are designed to deliver a disciplined, conservative and constructive culture of risk management and control.

(b) Market Risk Disclosures

Market risk is the risk that movements in market risk factors, including interest rates and equity prices will reduce the company's income or the value of its portfolios. The objective of HSBC's market risk management is to manage and control market risk exposures in order to optimise return on risk while maintaining a market profile consistent with the Group's status as a premier provider of financial products and services.

(c) Credit Risk Disclosures

Credit risk is the risk of financial loss if a customer or counterparty fails to meet an obligation under a contract. It arises principally from lending, trade finance and Treasury. Credit risk also arises when issuers of debt securities are downgraded and, as a result, the value of the company's assets falls. The company has implemented standards, policies and procedures dedicated to controlling and monitoring risk from all such activities.

Credit exposure

The following table presents the maximum exposure to credit risk of financial instruments, before taking into account of any collateral held or other credit enhancements unless such credit enhancements meet the offsetting requirements. For financial assets recognised on the balance sheet, the exposure to credit risk equals their carrying amount.

Directors' responsibility for the financial report

The directors of the Company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

I
We performed the procedures to assess whether in all material respects the financial report presents fairly, in accordance with the Corporations Act 2001 and Australian Accounting Standards (including the Australian Accounting Interpretations), a view which is consistent with our understanding of the Company's financial position and of its performance.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
