Proposed Sale of 1.28 +/- Acres of Land to Trinity 95<sup>th</sup> & Cottage Grove Planned Community Development Series, LLC

Dear Mr. Charity:

This letter refers to the interest of TRINITY 95TH & COTTAGE GROVE PLANNED COMMUNITY DEVELOPMENT SERIES, LLC (hereinafter referred to as "Offeror") in acquiring from NORFOLK SOUTHERN RAILWAY COMPANY (hereinafter referred to as "Railroad") a certain parcel of property located in Chicago, Cook County, Illinois (hereinafter referred to as "Premises").

The Railroad will consider an offer from Offeror to purchase the Premises, subject to the approval of its Management, based on the following:

- (1) The purchase price is TWO HUNDRED EIGHTY THOUSAND AND NO/100 DOLLARS (\$280,000.00) for 1.28 acres, more or less, of land as shown on the attached drawing dated September 2, 2014 and marked as Exhibit A. The purchase price shall be tendered to the Railroad in cash or by cashier's or certified check at the time of closing.
- (2) Within sixty (60) days of the date of this written offer (the "Offer"), Offeror shall furnish the Railroad with two copies of a survey and legal description prepared by a land surveyor registered in the State of Illinois (unless such requirement is waived by the Railroad's Engineering Department). The survey shall be certified to the Railroad. The Offeror shall pay all costs associated with the same. (However, if the Railroad does not accept this Offer, the Railroad agrees to reimburse the Offeror for their reasonable surveying costs upon receipt of an invoice reflecting said costs.) The survey and legal description shall comply with the requirements indicated on the attached Exhibit B (Railroad's requirements), be in a format acceptable for recording in the County or City

where the Premises are located and subject to the approval of the Railroad. The Railroad may elect to use the survey in its preparation of the conveyance documents.

- (3) The conveyance shall be by Quitclaim Deed. If there are existing signboards or existing fiber optic lines, poles, pipes, wires, communications and signal facilities and facilities of like character used in the operation of a railroad located on the premises, the Quitclaim Deed shall include an exclusive reservation of easement by the Railroad (which for purposes of this paragraph, includes the Railroad's successors, assigns, licensees, and lessees) for the existing signboards and the existing fiber optic lines, poles, pipes, wires, communications and signal facilities and facilities of like character used in the operation of a railroad. The Quitclaim Deed shall also provide that the conveyance is subject to any and all other conditions, restrictions, reservations, easements, licenses, and leases, whether or not of record.
- (4) Offeror shall secure any title insurance commitment it may require and shall pay all costs associated with the same.
- (5) All property taxes, assessments and rentals shall be prorated between Offeror and Railroad as of the date of closing. Railroad shall be responsible for preparation of the deed and obtaining any necessary mortgage releases. All closing costs, including but not limited to transfer taxes, shall be the responsibility of the Offeror.
- (6) Offeror shall take possession of the Premises at closing.
- (7) Any and all required permits, licenses, approvals, zoning, subdivision compliance and financing shall be obtained by the Offeror at its sole effort and expense.
- (8) It is agreed that no real estate commissions are due or owed by Railroad with respect to this transaction. Offeror hereby agrees to hold harmless Railroad from and against any and all claims and liabilities for real estate or brokerage fees arising out of this transaction which are made by any broker or real estate agent claiming to have represented the Offeror.
- (9) The Premises will be sold "as is" and "where is" without any express or implied representation or warranty with respect to its habitability, condition or suitability for any purpose, including but not limited to, the condition of the soil, the presence of hazardous materials, substances, wastes or other environmentally regulated substances, whether known or unknown, and the presence of underground storage tanks and other physical characteristics. Offeror shall

perform at its own expense and the Offeror shall rely solely on its own independent investigation concerning the physical condition of the Premises (including but not limited to environmental assessments) and the Premises' compliance with any applicable law and regulation. If, as part of its independent investigation, Offeror desires to perform a Phase 2 environmental study or otherwise perform any intrusive sampling, it shall execute a separate Right of Entry Agreement with Railroad on a form to be provided by the Railroad. In the event that Offeror's investigation shall disclose the presence of any hazardous material, substances, wastes or other environmentally regulated substances or other physical characteristics at the site which render the Premises unusable, Offeror, at its option, shall either (a) furnish Railroad with a written statement of said characteristics affecting the suitability of the Premises for Offeror's purposes or which give rise to possible liability under federal, state or local environmental laws and regulations or (b) withdraw its offer and receive a refund of its earnest money deposit. If Offeror does not withdraw its offer, Railroad shall have thirty (30) days, after receipt of such written statement, to remedy such conditions, but shall be under no obligation so to do or Railroad may terminate this offer letter and refund Offeror's earnest money deposit. If Railroad fails to remedy such conditions within the prescribed time and does not terminate this Offer, then, at Offeror's option, evidenced by written notice to Railroad, Offeror may either (i) withdraw its offer and receive a refund of the earnest money deposit or (ii) waive any or all objections not cured by Railroad and proceed to close hereunder without diminution in price. If Offeror consummates the purchase of the Premises in accordance with this offer letter, Offeror shall assume all responsibility for the environmental conditions of the Premises, including but not limited to, the presence of underground storage tanks, regardless of cause, and Offeror shall hold Railroad harmless from any and all liability arising out of such conditions. Further, Offeror shall be deemed to have waived any and all claims against the Railroad relative to such conditions, including but not limited to those arising under Sections 107 and 113 of CERCLA, other comparable federal or state laws or common law. In the event Offeror withdraws its offer to purchase as provided in this paragraph, Offeror shall promptly provide Railroad with copies of all reports, including but not limited to, environmental reports, secured in connection with its investigation of the Premises.

- (10) If this Offer is accepted by the Railroad's Management, the terms and conditions contained herein shall ripen into a contract and said contract shall survive delivery of the deed and closing. The parties acknowledge that the Premises to be acquired from the Railroad in accordance with this Offer will be included, together with a larger tract of land owned or controlled by the Offeror, into a single tract of land (the "Project Site") which is to be rezoned from a M1-2 Light Manufacturing/Business Park District to a C2-1 Neighborhood Commercial

District and then to a Business Residential Institutional Planned Development in order to accommodate the development by the Offeror of a mixed use development comprised of commercial, residential and institutional uses (the "Project"). The Railroad's written consent is required in order for the Offeror to include the Premises in its application to the City of Chicago for such rezoning. As such, the Railroad hereby consents to the inclusion of the Premises in the Offeror's application to the City of Chicago for such rezoning. The Offeror expects to file its application to rezone the Project Site immediately upon the receipt of a fully executed copy of this Offer and the written approval of the Railroad's Management as required below. The Offeror expects to complete the rezoning of the Project Site within 90 days thereafter. The Offeror expect to secure financing for the first phase of the Project within 90 days following the completion of the rezoning.

- (11) Closing shall occur contemporaneously with the closing of the Offeror's financing for the first phase of the Project, but no later than two hundred ten (210) days after the acceptance of this Offer by the Railroad's Management.
- (12) If this Offer is accepted by the Railroad's Management and ripens into a contract, Offeror may not assign its interest in the contract without first obtaining the express written consent of the Railroad. Offeror understands that such consent may be withheld for any reason.
- (13) In the event this transaction or any part of it requires regulatory approval by any State Public Service Utility Commission or similar agency, Railroad shall proceed with said approval process, and the closing date shall be adjusted to within thirty (30) days after Railroad has received all appropriate regulatory approvals. If Railroad is unable to secure the approval within six (6) months of the date on which the request is submitted to the appropriate agency, this Offer and contract shall terminate and Offeror shall receive a refund of any earnest money deposit.

Please be advised that the undersigned does not have the corporate authority to legally bind the Railroad in connection with this proposed transaction. Further, the recommendation of the undersigned may be approved, modified or rejected by Railroad's duly authorized management. Accordingly, your offer shall not, under any circumstances, be deemed accepted until you have been advised in writing that the Railroad's Management has approved this transaction.

If you wish to submit an offer, please arrange for the appropriate acknowledgment in the space provided below and return one original counterpart of this letter to me, together with a check made payable to NORFOLK SOUTHERN RAILWAY COMPANY, in the amount of \$28,000.00, representing the earnest money deposit, within ten (10) days from the date hereof.

Sincerely,
