Resolution

Type:

Title:

Call for hearing(s) on newly mandated state fire regulations

Committee(s) Assignment:

Joint Committee: Public Safety; Zoning, Landmarks and
Building Standards

**RESOLUTION CALLING FOR HEARINGS AND TESTIMONY
ON NEWLY MANDATED STATE FIRE REGULATIONS**

WHEREAS, On July 15, 2013, the Illinois State Fire Marshal, Larry Matkaitis, proposed that the city adopt the National Fire Prevention Association Standard 101 Rules and Regulations. This would mandate that sprinkler systems be installed in all residential high-rise buildings, including those constructed before 1975, within 12 years, with 25% of the installations to be completed every three years; and

WHEREAS, The proposed changes to the fire code will have an enormous financial impact on homeowners, condo associations, building owners, and businesses. Retrofitting sprinkler systems in existing buildings require an enormous investment and is a large undertaking in any structure; and

WHEREAS, The State Fire Marshal's office appears to be overextending its rule-making authority as the Illinois General Assembly did not authorize him to mandate rules for municipalities who constitutionally qualify as a home rule unit of government or evaluate those municipality's fire codes; now therefore

BE IT RESOLVED, that we, the undersigned members of the City of Chicago City Council urge that a joint committee of buildings and public safety be convened to expeditiously hold a public hearing calling for testimony from the Illinois State Fire Marshal and all appropriate authorities to present justification for adoption of such onerous and expensive regulations.

BE IT FURTHER RESOLVED That copies of this resolution be prepared and presented to Illinois State Fire Marshal Larry Matkaitis, the Honorable Ray Suarez, chairman of the building committee and the Honorable James A. Balcer, chairman of the public safety committee.
