ESTIMATED PRODUCT B.O.M. PER SIGN:  
 925 Each VL Plus White 6500K Short Modules - 370'  
 PN: 701269-WVLS-MB  
 7 Each Modular 60 Power Supplies 12VDC  
 1 Each 100' Roll of Jacketed Cable

- 1) This design and drawing are proprietary and the property of SloanLED. Any reproduction or use without prior written approval is prohibited.
- 2) ChannelLED modules and power supply quantities are ESTIMATES ONLY and are based on the supplied information and drawings. Channel letter depth, lens color, material and thickness can vary, which may lead to an increase or decrease in product at the time of installation. To ensure accurate product requirements, it is recommended that product is tested using customer's specific lens material and letter configuration.
- 3) SloanLED highly recommends applying Light Enhancement Paint (LEP) or Light Enhancement Film (LEF) inside channel letters for optimal illumination.
- 4) Jacketed cable estimated assumes maximum run length of 15' per leg of the power supply.
