COURT, AND 401-429 EAST OHIO STREET**

Pursuant to the provisions of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Housing, and Economic Development hereby submits this report and recommendation on a proposed Institutional Planned Development for your review and recommendation to the Chicago City Council. The Department of Housing and Economic Development also submits for your review and approval proposed Lake Michigan and Chicago Lakefront Protection Ordinance Application No. 604. The application for the Chicago Zoning Ordinance was introduced into the City Council on July 28, 2011. Proper legal notice of the public hearing on the application was published in the Chicago Sun-Times on, November 30, 2011. The Applicant was separately notified of this hearing.

The Lake Michigan and Chicago Lakefront Protection Ordinance application was submitted to the Department of Housing and Economic Development on November 16, 2011. The subject site is located within the Private Use Zone of the Lake Michigan and Chicago Lakefront Protection District; therefore, the proposed development of the site is regulated by Section 16-4-150 of the Lake Michigan and Chicago Lakefront Protection Ordinance. Notice of the public hearing was published in the Chicago Sun-Times on November 30, 2011. The applicant was separately notified of this public hearing.

SITE AND AREA DESCRIPTION

The site is located in the Private Use Zone of the Lakefront Protection District and currently zoned DX -12. The area consists of mixed-use buildings, office buildings, retail, and other commercial uses. The project site is currently used as a surface parking lot and will be removed upon project commencement. The immediate neighborhood is predominantly high-rise residential use with limited retail at grade level. To the north of the site are two high-rise condominium buildings. To the east of the site is a high-rise apartment building atop a three level parking deck with ground floor retail. To the south of the site on the south

side of Grand Avenue is a high-rise condominium building. To the west of the site is a high-rise apartment building.

The site is immediately accessible via public transit from CTA's No. 2 Hyde Park Express, No. 29 State, No. 65 Grand, No. 120 Ogilvie Wacker Express, and No.124 Navy Pier bus Lines. The site is also served by the CTA's Grand Avenue Red Line station located approximately one-half mile from the site.

PROJECT DESCRIPTION

The 45-story residential tower is located at the south end of the site along Grand Avenue and contains 35-levels of apartments set atop an 8-level podium (490 units including the podium); with resident amenities located on the 9th floor and the 45th floor will be improved with a rooftop pool. The highest residential floor is the 44th floor. Professional and medical office space totaling 61,000 square feet is located at the north end of the site along Ohio Street on four floors above the ground floor. Covering most of the site is a podium containing eight levels of parking (296 spaces), all above the ground floor, and which consists of residential, office lobbies, three retail spaces totaling 8,500 square feet, management offices, loading docks, garage ramps as well as building support space. Apartment units along Grand Avenue and office space along Ohio Street shield most of the public parking garage from view. The underlying zoning has an FAR of 12. As proposed, the development has an FAR of 11.34.

DESIGN

The building will be clad predominantly in a high performance glass and aluminum wall system. A precast concrete or masonry/stone cladding are located at the ground floor around the storefront areas, and a painted patterned concrete wall along the parking structure and ground floor at the interior lot lines of the site as well as at the penthouses.

ACCESS and CIRCULATION

The building is proposed to be set back 5.6 feet from the property line along East Grand Avenue to allow for a 9-foot clear sidewalk with trees set in sidewalk grates along East Grand Avenue. All of the streets within the immediate area have sidewalks on both sides. The building is set back along McClurg Court between 20 feet and 30 feet to create a landscaped open space along McClurg Court and a mid-block dual lane drop off in front of the tower entrance. The pedestrian access point to the residential tower is directly accessible from North McClurg Court. Vehicular access parking for the 42-story residential building is located on East Ohio Street towards the west end of the site. The residential lobby entrance is located mid-block on North McClurg Court.

Loading occurs at a grade-level enclosed dock containing four berths, with a one-way through-block connection internal to the building. Service and delivery vehicles enter from East Ohio Street and exit onto East Grand Avenue. Parking garage entrance drives are located as far away from McClurg Court on both East Ohio Street and East Grand Avenue as the site allows, with a single exit drive onto Grand.

LANDSCAPING / SUSTAINABILITY

Landscaping will be provided on all street frontages in substantial conformance with the City of Chicago Landscape Ordinance. The roof will be at least 50% green, and areas of the amenity level terrace will be heavily planted. The project will achieve LEED certification and has at least a 50% green (22,674 square feet) roof to complying with the City of Chicago Sustainable Development Policy.

USE/ BULK / DENSITY

The proposed Planned Development would be consistent in bulk, density and Floor Area Ratio (F.A.R.) The project conforms to the underlying zone in height, density and FAR by adhering to an FAR of 11.34. This project would have similar uses as the surrounding area, which includes residential, commercial, and accessory parking.

RECOMMENDATION

The Department of Housing and Economic Development has reviewed the project materials submitted by the applicant and has concluded that the proposed Residential Business Planned Development application would be appropriate for the site and that the project meets the review criteria for planned developments set forth in the Zoning Ordinance (Section 17-13-0900).

1. The project complies with the Standards and Guidelines for Planned Developments in the Zoning Ordinance (Section 17-8-0900).
 - a. Compliance with Zoning. The proposed Planned Development would be consistent in bulk, density and Floor Area Ratio (F.A.R.) The project conforms to the underlying zone in height, density and FAR by adhering to an FAR of 11.34. This project would have similar uses as the surrounding area, which includes residential, commercial, and accessory parking.
 - b. Transportation, Traffic Circulation and Parking. The pedestrian access point to the residential tower is directly accessible form North McClurg Court. Vehicular access parking for the 45-story residential building are located on East Ohio Street towards the west end of the site. The residential lobby entrance is located mid-block on North McClurg Court. Loading is accessible mid block of East Ohio Street via four internal loading berths. Trucks will then exit to East Grand Avenue. The project site plan has received preliminary approval from CDOT and any comments received have been incorporated into the revised application.

 - c. Pedestrian Orientation. The proposed project will allow unimpeded pedestrian flow on North McClurg Court. The entire street frontage of the building is enlivened by a glass facade looking directly onto the street frontage.
 - d. Urban and Building Design. The building will have a modern design with an architectural vocabulary accentuated with a glass and aluminum wall system.

The building's design emphasizes the contrast among the various types of architectural vocabulary along both East Ohio Street and North Grand Avenue.

2. The proposed development is compatible with the character of the surrounding area in terms of uses, density, and building scale.
 - a. The proposed Planned Development would be consistent in bulk, density and Floor Area Ratio (F.A.R.) The project conforms to the underlying zone in height, density and FAR by adhering to an FAR of 11.34. This project will have similar uses as the surrounding area, which includes residential, commercial, and accessory parking.
3. The public infrastructure facilities and city services will be adequate to serve the proposed development at the time of occupancy.
 - a. The proposed Planned Development has been reviewed by the Chicago Department of Transportation's Project Review Committee and all requested changes have been made. Copies of this application have been circulated to other City departments and agencies and all comments that have been received have been addressed in the revised application.

Also, the Department of Housing and Economic Development has reviewed the proposal with regard to the requirements of the Lake Michigan and Chicago Lakefront Protection Ordinance and have concluded that the proposed development would be in compliance with the applicable Policies of the Lakefront Plan of Chicago and the Purposes of the Lake Michigan and Chicago Lakefront Protection Ordinance as they apply to development in the Private Use Zone, particularly:

1. Policy No. 3 (Continue to improve the water quality and ecological balance of Lake Michigan) and Purpose No. 3 (To maintain and improve the quality of the waters of Lake Michigan). A vegetated ("green") roof system and on-site storm water retention systems will reduce storm water run-off. All sanitary and storm water runoff will be directed to the City's sewer system and will not enter Lake Michigan.
2. Policy No. 10 (Ensure a harmonious relationship between the lakeshore parks and the community edge, but in no instance will further private development be permitted east of Lake Shore Drive). ~~The proposed project will provide an active frontage along North McClurg Court, East Ohio Street and East Grand Avenue by providing an uninterrupted pedestrian flow along all three previously mention public rights-of-way allowing pedestrian to connect to the Lakefront Park system.~~
3. Policy No. 14 (Coordinate all public and private development within the water, park, and community zones). The public infrastructure facilities and city services will be adequate to serve the proposed development at the time of occupancy. The proposed development has been reviewed by the Chicago Department of

Transportation and all requested changes have been made. The Department of Housing and Economic Development has circulated copies of this application to other City departments and agencies and all comments received have been addressed.

With respect to the Policies and Purposes not enumerated here, the Department of Housing and Economic Development has determined that they are either not applicable to development in the Private Use Zone or that the proposed project will not have a detrimental affect on the Lake Michigan shoreline or any wildlife habitats therein. In addition, no new roadways are proposed as part of this project.

Based on the foregoing, it is the recommendation of the Department of Housing and Economic Development that the revised application for a Residential Business Planned Development be approved and the recommendation to the City Council Committee on Zoning, Landmarks and Building Standards be "As-Revised, Passage Recommended"

Further, based on the findings in this report, it is also the recommendation of the Department of Housing and Economic Development that the Chicago Plan Commission approve Lake Michigan and Chicago Lakefront Protection Ordinance Application No. 604, as revised, as being in conformance with the provisions of the Lake Michigan and Chicago Lakefront Protection Ordinance subject to the terms of the corresponding Planned Development.

There's also no EDS for ALCION 630 INC., which holds a 75% interest in GH-630 MCCLURG LLC, which is one of three managers of the Applicant. Honestly, I'm not sure whether an EDS is required. The ownership and management structure for this project is really complicated. Can you please provide an ownership/ management matrix? I've attached what I've been able to figure out so far, but the applicant should do this.

Also, Lee Golub signed five EDSs as Executive Vice President. I assume he's signing as executive vice-president of Golub Real Estate Corp., which is part of the management/ownership structure of each of these five entities. Please fix the signature blocks so they properly identify the signatory's position with respect to each.

The same is true of the five EDSs that Eugene Delfavero signed as Chief Financial Officer. Is he the chief financial officer of each of these entities, or is he signing as chief financial officer of another entity that has an ownership or management roles in the other entities? Please review and revise these signature blocks as necessary.

You need to provide some evidence that the pension fund is exempt from the city's disclosure requirements.

I have requested it and I am working on it. Attached hereto is a print out of the Summary Screen from the Massachusetts Secretary of State showing that Harvard Private Capital Realty, Inc. is a non-for-profit corporation and therefore there will be no further individual or legal entity owners of the Applicant through Harvard Private Capital Realty, Inc. The Summary Screen also identifies all of its officers and Directors. It is my understanding that Harvard Private Capital Realty, Inc is some type of fund raising or endowment entity for Harvard University.

I do not know how fast they will turn the EDS form around. I am sure I will have before any City Council action on this matter but I do not know if I will have it before Thursday, although I am trying.

Please advise me if we can go ahead with the Plan Commission of Thursday without the EDS form.

In response to your request for evidence that the California State Teachers Retirement System is exempt from filing an EDS form. As you know the EDS rules issued by the City of Chicago provides that "An entity that is any unit of the United States federal, state or local government or any agency or instrumentality thereof shall not be required to file an EDS." The California State Teachers Retirement System as the teachers public pension fund for the State of California is an agency or instrumentality of the State of California. I am not sure what kind of evidence that you are looking for but I went to the

California State Teachers Retirement System's web site www.calstrs.com and printed off a couple of pages for your review. CalSTRS at a Glance indicates that the Teachers' Retirement Board is made of 12 members, five of which are appointed by the Governor of California, and four other members are elected and appointed public officials of the State of California, namely the State Treasurer, State Controller, Director of Finance, and Superintendent of Public Instruction. The other attachment is a Release of the Governor's Pension Reform Proposal concerning the California State Teachers Retirement System.

Please advise me if you have need anything further with respect to the California State Teachers Retirement System. If so, please advise me of what you are looking for.

Thank you.
