15. The Applicant acknowledges and agrees that the rezoning of a portion of the Property from the DX-5 Downtown Mixed-Use District to the DX-7 Downtown Mixed-Use District for this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance" or "AHO"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). The Applicant further acknowledges and agrees that this Planned Development is subject to Section 17-4-1004-D of the Zoning Code, which also requires on-site affordable housing or payment of a fee in lieu of providing affordable housing for rezonings in DC, DX and DR districts that increase the base floor area ratio. If a planned development is subject to the requirements of both sections (2-45-110 and 17-4-1004-D), the developer may elect to satisfy the AHO requirements by complying with the affordable housing floor area bonus provided for in Section 17-4-1004. Applicant has elected to comply with Section 17-4-1004. Pursuant to Section 17-4-1004-B of the Zoning Ordinance, the Applicant has requested an increase in the floor area ratio for the Property, as set forth in the bonus worksheet required under Section 17-4-1003-D and attached hereto as Exhibit [] ("Bonus Worksheet"). In accordance with the formulas set forth in Section 17-4-1004-C and the Bonus Worksheet, the Applicant acknowledges and agrees that it must provide either a minimum of 10,621.75 square feet of floor area (the "Affordable Units") in the building receiving the affordable housing floor area bonus ("Eligible Building"), with an affordable unit mix comparable to the overall mix and approved by DPD's density bonus project manager prior to issuance of the first building permit, or make a cash payment in lieu of providing affordable housing in the amount of \$1,461,552.80 ("Cash Payment"), or \$100,000 per unit ("Pro Rata Amount"). Prior to the issuance of any building permits for the Eligible Building, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment or provide a performance bond or other security in the amount of the Cash Payment ensuring construction of the Affordable Units. If the Applicant elects to construct the Affordable Units, it must also enter into an Affordable Housing Agreement with the City pursuant to Section 17-4-1004-E9 prior to the issuance of any building permits for the Eligible Building, including, without limitation, excavation or foundation permits. The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Eligible Building and will constitute a lien against each Affordable Unit in an amount equal to the Pro Rata Amount. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. In addition to the Affordable Housing Agreement, the Applicant acknowledges and agrees that, pursuant to Section 17-4-1003-D3, the Bonus Worksheet will serve as an official record of bonuses and amenities. The Applicant must

comply with the applicable affordable housing standards and requirements set forth in Section 17-4-1004, the terms of which are incorporated herein by this reference. Notwithstanding anything to the contrary contained in Section 17-4-1003-E, the Commissioner of the Department of Planning and Development may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

16. Pursuant to the Transit Infrastructure Improvements Bonus provisions of Section 17-4-1020 of the Zoning Ordinance, the Applicant has requested an increase in the floor area permitted on the Property based on a cash contribution for public transit infrastructure improvements. The Applicant shall make a cash contribution in the amount of \$1,169,228, which corresponds to a floor area bonus of 1.40. Pursuant to Section 17-4-1020-A of the Zoning Ordinance, the Applicant must enter into an agreement with the agency undertaking the improvements providing for such cash contribution. The Applicant must provide evidence that such cash contribution has been paid by the Applicant as a condition to issuance of any Part II approvals.
17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of DPD shall initiate a Zoning Map Amendment to rezone the property to the DX-7 Downtown Mixed-Use District.

DEPARTMENT OF PLANNING AND DEVELOPMENT

NOVEMBER 19, 2015

FOR APPROVAL: PROPOSED TECHNICAL AMENDMENT TO PLANNED
DEVELOPMENT #1288 (APPLICATION NO. 18537)

APPLICANT: 215 HUBBARD, LLC.

LOCATION: 201-223 WEST HUBBARD STREET

Pursuant to the provisions of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Planning and Development hereby submits this report and recommendation on a proposed technical amendment to Planned Development #1288 for your review and recommendation to the Chicago City Council. The application was introduced to the Chicago City Council on September 24, 2015. Notice of this public hearing was published in the Chicago Sun-Times on November 4, 2015. The Applicant was separately notified of this public hearing.

This request is being submitted an amendment to an existing planned development, pursuant to Section 17-13-0611.

PROJECT BACKGROUND AND DESCRIPTION

The Applicant and Owner, 215 Hubbard LLC, has filed this amendment to planned development #1288 to rectify an error in the bulk table, the original publication stated a total number of dwelling units of 193 and subsequent discussions and negotiations of the planned development had the number of dwelling units varying between 180 and 195 units. The planned development was inadvertently published with the number of 180 units and in fact the ultimate desired number and agreed upon maximum number of allowed dwelling units is 195. All other aspects of the proposed development will remain as previously passed. The applicant is proposing a planned development to be comprised of two Sub-Areas. Sub-Area A is contemplated to be improved with a 270'-0" tall, 195 dwelling unit residential building which will have retail and restaurant uses proposed for the ground floor. Sub-Area B is contemplated to be improved with a 152'-0" tall office building which will be improved with restaurant and retail uses on the ground floor. Access to (2) two loading berths would be provided from the east-west alley to the south of the buildings, and access to the indoor parking

garage stalls would be from the north-south alley between the two proposed buildings

SITE AND AREA DESCRIPTION

The subject property is located at the intersection of West Hubbard Street and North Wells Street and is located adjacent to a mix of land uses. Immediately east of the subject site is a parcel of land zoned residential business planned development #761 and is currently improved with a podium containing retail and commercial uses and a parking garage as well as residential tower. South of the site are parcels zoned DX-5 Downtown Mixed-Use District and just across Kinzie to the south of that is the Merchandise Mart on land zoned DC-16 Downtown Core District. West of the site are properties zoned DX-5, Downtown Mixed-Use District and Residential Business Planned Development #371. Directly north of the site is property zoned DX-5 Downtown Mixed-Use District. The site is also not in the Lake Michigan and Chicago Lakefront Protection District. The site is not located within a designated Tax Increment Financing (TIF) District.

Immediately to the north of the office building are the elevated tracks operated by the Chicago Transit Authority, the planned development proposes activated space to be used by the first floor tenants underneath these tracks which then gives way to plaza space open to the sky above on the north east corner of the development.

The CTA's bus route # 22 (Clark), route #36 (Broadway), route #37 (Sedgwick), route #65 (Grand), #125 (Water Tower Express) and route # 156 (LaSalle) all run on streets within a half-mile of the site. The Merchandise Mart station on the CTA's Brown Line and Purple Line sits within a one-half mile radius from the site.

DESIGN

The subject site is comprised of two proposed buildings each of the buildings is to be constructed of similar finishes. The proposed materials are to be primarily a metal panel system and a glazing system which will be featured on all four elevations of both buildings. The office building that is proposed for Sub-Area B will have an accentuated curve that follows the line of the elevated Chicago Transit Authority tracks that run immediately adjacent to the buildings front facade.

LANDSCAPING

The project is restricted from planting street trees at the perimeter due to the presence of the elevated CTA train structure. The applicant intends to install a public plaza at the northeast corner of the development which will be improved with various planter boxes and a public art piece. The entire planned development will be compliant with the requirements of the Chicago Landscape Ordinance.

ACCESS / CIRCULATION

All required parking stalls will be provided within the proposed building located in Sub-Area A. The parking will be accessed from the north-south alley to the east of the proposed building. The subject site also has two loading berths which will be located in the proposed building in Sub-Area A and these are accessed from the east-west alley located to the south of the proposed building.

Hubbard Street is currently a two-way roadway and Wells Street currently operates as a one-way southbound street. The project does not propose any change to the existing traffic patterns around the subject site.

SUSTAINABILITY

The subject site will be designed to be in compliance with the current City of Chicago Sustainable Development policy as set forth in the Department of Housing and Economic Development's Green Matrix.

The buildings will provide 50% green roof equivalent to a total of 6,024 square feet in area. In addition the buildings will obtain LEED certification.

BULK / USE / DENSITY

The current maximum allowable Floor Area Ratio (FAR) for the proposed underlying zoning district (DX-7) is 7.0; the proposed planned development will use this base 7.0 FAR along with an affordable housing bonus equivalent to 1.75 FAR and a CTA Infrastructure Transit Bonus equivalent to 1.40 FAR to obtain a total FAR for the Planned Development of 10.15. The Minimum Lot Area (MLA) per unit in the Dash 7 zoning designation would be 145 square feet, by taking the affordable housing bonus the applicant is allowed to reduce this MLA by 15%, this results in a required MLA of 124.25 square feet per unit and the applicant is providing an MLA of 124.5 square feet per unit. All remaining bulk, use and density items will be in substantial compliance with the stipulations of Section 17-4-0400 for DX-7 zoning districts, per section 17-8-0901.

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant and compared this proposal to the requirements of the Chicago Zoning Ordinance and existing development in the community. The area around this project is a diverse mix of commercial, residential and planned development uses and is accessible from numerous forms of public transit. Based on that analysis, DPD has concluded that this proposal is appropriate for this site and supports this development for the following reasons:

1. Promotes unified planning and development (per 17-8-0102), as evidenced through the site design which coordinates the development of two buildings containing different sets of uses while also creating a shared atmosphere between the building users in the form of a shared

parking garage to be located in Sub-Area A and a shared public plaza to be located in Sub-Area B all the while maintaining buildings that are in context and character with the neighboring area;

2. Promotes economically beneficial development patterns that are compatible with the character of existing neighborhood (per 17-8-0103), as evidenced by the design, massing and proposed uses being in context with the character and needs of the immediate community;
3. Ensure a level of amenities appropriate to the nature and scale of the project (per 17-8-0104), as evidenced by provisions provided to the residential units in the project plans as well as by the retail and office options being provided to the area residents while being in accordance with the requirements of the Chicago Zoning Ordinance;
4. Promotes a flexible application of selected bulk, use and development standards to provide a creative, urban design (per 17-8-0105), as evidenced through elevation details and material selections;
5. Promotes transit, pedestrian and bicycle use, ensures accessibility for persons with disabilities and minimizes conflicts with existing traffic patterns in the vicinity (per 17-8-0904-1-2, 3 & 4), as evidenced through the site's close proximity to various methods of public transit, the accessibility accommodations made on-site for the building residents as well as for the retail users, pedestrian and bicycle ingress and egress options provided to the building residents and retail uses, and lastly the design of the building to fit current existing traffic patterns at the site.
6. Provides buildings abutting the sidewalk with doors windows and active use adjacent to it (per 17-8-0905-B-1), as evidenced by the site plan provided showing the building edge immediately adjacent to the public sidewalk on the western portion of the site and continuing along the CTA track frontage as the site proceeds to the east and that the ground floors in both buildings will be improved with uses which will provide windows, door and active uses adjacent to the public sidewalk.
7. Provides structures that allow for pedestrian entrance from the surrounding sidewalks (per 17-8-0905-B-2), as evidenced by the construction to the edges of the site's property lines and the use of distinct materials to highlight the entrance points of the building.
8. All sides and areas of the buildings that are visible to the public should be treated with materials, finishes, and architectural details that are of high-quality and appropriate for use on primary public-right-of-way-facing façade (per 17-8-0907-A-4), as evidenced through the information contained within this report, the materials as called out on the elevations in the exhibits to this planned development, and the corresponding proposal renderings;
9. Promotes environmentally sustainable development practices (per 17-9-0908-A), as evidenced by the project providing a 50% green roof and committing to obtain LEED certification.

The project meets the purpose and criteria set forth in the Chicago Zoning Ordinance and its adoption would not have any adverse impact on the public's health, safety or welfare:

1. Per 17-13-0308-C, the proposed development is compatible with surrounding commercial, institutional and residential development in terms of land use, as well as, the density and scale of the physical structure.
2. Per 17-13-0308-D, the proposed underlying zoning for this planned development (DX-7) is consistent with other downtown mixed-use zoning districts , both adjacent to this site and in the immediate area.
3. Per 17-13-0308-E, the public infrastructure facilities and City services will be adequate to serve the proposed development at the time of occupancy and the project will comply with the requirements for access in case of fire and other emergencies. The proposed project has been reviewed by the Mayor's Office for People with Disabilities and the Department of Transportation and all requested changes have been made. Copies of this application have been circulated to other City departments and agencies and no comments have been received which have not been addressed in the application.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that this application for the establishment of a Planned Development be approved and that the recommendation to the City Council Committee on Zoning Landmarks and Building Standards be "Passage Recommended".
