The Honorable Rey Colón
Alderman, 35th Ward
2710 N. Sawyer Ave.
Chicago, IL 60647

RE: Modified Boulevard Parking Ordinances

Dear Alderman Colón:

The Chicago Department of Transportation (CDOT) has received your request to modify the existing parking ordinances on several segments of Logan, Kedzie, and Humboldt Boulevards to allow parking during church activities. CDOT understands this request stems from several church communities' concerns regarding parking citations issued during church hours. The specific street segments are as follows:

- 2450-3000 W Logan Blvd.
- 2300-2600 N Kedzie Blvd.
- 1900-2200 N Humboldt Blvd.

Logan, Kedzie, and Humboldt Boulevards are all four-lane minor arterial roadways with parking currently prohibited on all segments. These roadways have an accompanying service drive in both directions, typically wide enough for one travel lane and one lane of residential permit parking. CDOT understands that this request is to allow on-street parking on the outer lane of the main boulevard roadways during church activities.

CDOT conducted a site visit during the evening peak hour on Thursday, September 16th, and at noon on Saturday and Sunday, October 2nd and 3rd. Some church-goers already park (illegally) on the aforementioned road segments, and drivers seemed accustomed to the parked vehicles. Traffic volumes were moderate during the field observations. In some instances, small bottlenecks were created where drivers encountered a parked vehicle and were required to merge into a single travel lane. These bottlenecks quickly dissipated and traffic flow returned to normal.

Based on our observations that show that traffic operates in a safe and organized manner with church parishioners currently parking on the boulevards, CDOT would support amending the existing parking ordinances to allow parking during certain hours of the week on particular segments of the boulevard roadways. It is recommended that your office amend the existing ordinances to read the following:

RMS #27,681

Logan Boulevard

“No Parking – Tow Zone, except Wednesday 7:00 PM – 9:00 PM, Saturday and Sunday 7:00 AM – 9:00 PM, W. Logan Boulevard (outer lane of main boulevard roadway), north and south sides, from a point 80 feet east of N. Sacramento Avenue to a point 80 feet west of N. California Avenue, from a point 80 feet east of N. California Avenue to N. Maplewood Avenue.”

“No Parking – Tow Zone, except Wednesday 7:00 PM – 9:00 PM, Saturday and Sunday 7:00 AM – 9:00 PM, W. Logan Boulevard (outer lane of main boulevard roadway), south side, from N. Maplewood Avenue to N. Campbell Avenue.”

Kedzie Boulevard

“No Parking – Tow Zone, except Thursday and Friday 7:00 PM – 11:00 PM, Saturday and Sunday 7:00 AM – 11:00 PM, N. Kedzie Boulevard (outer lane of main boulevard roadway), east and west sides, from W. Linden Place to a point 20 feet north of the mid-block crosswalk north of W. Altgeld Street (W. Albany Avenue), from W. Altgeld Street (W. Albany Avenue) to a point 80 feet north of W. Fullerton Avenue, and from a point 80 feet south of W. Fullerton Avenue to W. Belden Avenue.”

Humboldt Boulevard

“No Parking – Tow Zone, except Monday thru Saturday 7:00 PM – 11:00 PM, Sunday 7:00 AM – 11:00 PM, N. Humboldt Boulevard (outer lane of main boulevard roadway), east and west sides, from a point 120 feet south of W. Shakespeare Avenue (W. Palmer Street) to a point 90 feet north of W. Armitage Avenue, and from a point 90 feet south of W. Armitage Avenue to a point 120 feet north of W. Cortland Street.”

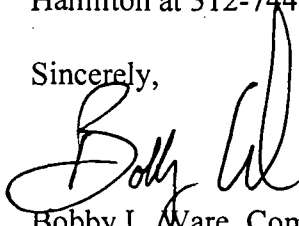

It should be noted that CDOT does not support permitting parking on the north side of Logan Boulevard, between Maplewood Avenue and Campbell Avenue. Given the curved nature of Logan Boulevard just east of this segment, allowing parked vehicles immediately following the curve could present a potential safety hazard if westbound drivers are not expecting any parked vehicles.

Additionally, CDOT does not support permitting parking on weekdays between the typical peak hours of 7:00-9:00 AM and 4:00-7:00 PM due to traffic congestion and driver expectations. The original request included parking permitted during these hours; therefore, parking shall not be allowed before 7:00 PM on a weekday.

CDOT recommends installing “No Parking” corner clearance signs at all unsignalized locations of boulevard roadways in the study area to improve intersection sight distance. A signage plan will be sent to the Division of Signs under a separate cover to be installed pending passage of the aforementioned ordinances.

If you have any questions regarding these recommendations, please contact Luann Hamilton at 312-744-1987.

Sincerely,

Bobby L. Ware, Commissioner
Department of Transportation
