9. The Applicant acknowledges and agrees that the rezoning of the Property from the Air Rights Waterway Business Residential Planned Development 1426, to the Air Rights Waterway Business Residential Planned Development 1426, as amended (PD), is an “entitlement” that triggers the requirements of Section 2-44-085 of the Municipal Code of Chicago (the “ARO”). The PD is located in a downtown district within the meaning of the ARO and permits the construction of 6,000 dwelling units in Subarea B and C. The Applicant intends to construct a rental building/development.

Developers of rental projects in downtown districts must provide 20% of the units in the project as affordable housing at a weighted average of 60% of the AMI, as described in subsection (F)(2) of the ARO. Regardless of the applicable percentage of affordable units in the rental project, developers must construct at least 25% of the affordable units on-site and another 25% on-site or off-site (collectively, the “Required Units”), and may satisfy the balance of their affordable housing obligation through: (a) the establishment of additional on-site or off-site affordable units; (b) payment of a fee in lieu of the establishment of on-site or off-site affordable units; or (c) any combination thereof. All on-site affordable units must be accessible dwelling units, as required under subsection (W)(10) of the ARO, and developers must give preference in leasing accessible units to people with disabilities, as specified in the ARO rules. All off-site affordable units must have at least two bedrooms and must be located in a downtown district, inclusionary housing area, or community preservation area. Whether on-site or off-site, developers must give preference in leasing affordable units of two bedrooms or more to multi-person households, as specified in the ARO rules. If a residential project is located in a transit-served location, off-site units must be located in a substantially comparable transit-served location.

The Applicant has elected the 20% option as set forth in the chart in subsection (F)(2) of the ARO. As a result, the Applicant’s affordable housing obligation is 1200 affordable units (20% of 6,000) and half of those affordable units are Required Units. The Applicant has agreed to satisfy its affordable housing obligation by providing all TBD affordable units in the rental buildings in the PD, as set forth in the Affordable Housing Profile (AHP) attached

hereto. The Applicant agrees that the affordable rental units must be affordable to households with a range of incomes averaging 60% of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually, provided that (x) the maximum income level for any affordable unit may not exceed 80% of the AMI, (y) at least one-third (or 198 units) must be affordable to households at or below 50% of the AMI, of which one-sixth (or 33 of the 198 units) must be affordable to households at or below 40% of the AMI, and (z) all income levels must be multiples of 10% of the AMI.

If the Applicant requests any material change to its method of compliance with the ARO, such as locating affordable units off-site instead of on-site or changing the target affordability level after the passage of this PD, DOH may adjust the AHP as requested, in accordance with the ARO, without amending the PD, provided however, the Applicant must update and resubmit the revised AIIP to DOH for review and approval and, at DOH's request, provide an informational presentation to Plan Commission on such change. Prior to the issuance of any building permits for any residential building in the PD, including, without limitation, excavation or foundation permits, the Applicant must execute and record an Inclusionary Housing Agreement ("IHA") in accordance with subsection (N) of the ARO. The terms of the IHA and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the IHA will be recorded against the applicable Subarea / Parcel of the PD, and will constitute a lien against such property. The Commissioner of DOH may enforce remedies for any breach of this Statement 9, including any breach of any IHA, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the PD.

This statement does not include all ARO requirements and options. It is intended to provide an overview of the application of the ARO to this PD. In the event of any conflict between this statement and the terms and conditions of the ARO, the ARO shall govern.

10. The Applicant acknowledges the importance of the Chicago River as a resource for both commerce and recreation and acknowledges the City's goals of improving the appearance, quality and accessibility of the river, as contained in the waterway planned development guidelines in the Zoning Ordinance (Section 17-8-0912) and the Chicago River Corridor Design Guidelines and Standards or as amended. The Applicant also acknowledges the river development Design Guidelines of the North Branch Framework Plan that builds upon the North Branch Industrial Corridor's unique natural and built environment. To further these goals, the Applicant agrees, as set forth in the Public Open Space Plans, to: (a) provide, a river setback with an average width of at least 30 ft with a continuous 16-ft wide multi-purpose riverwalk as shown in the Public Open Space Plan and General Landscape Plan, and where at no point is the river setback less than 30-foot; (b) provide a variety of active uses and river overlooks as indicated on said Plans; (c) permit the connection of such riverwalk under Chicago Avenue and under Grand Avenue to the riverwalk of adjacent properties when adjacent properties are similarly improved; and (d) permit the future placement of a pedestrian bridge along the riverwalk in the general area of the former Erie Street bridge abutment over the Chicago River to connect to Montgomery Ward Park.

All improvements within the river setback for each development parcel must be substantially complete prior to receipt of Certificate of Occupancy for the first principal building located on the east side of Jefferson Street within each parcel as shown on the Development Phasing Diagram. Planting may be delayed, if consistent with good landscape practice, but not longer than one year following receipt of the occupancy certificate.

11. Upon review and determination, Part II Review, pursuant to Section 17-13-0610, a Part II Review Fee shall be assessed by the Department of Planning and Development. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.

Prior to the issuance by the Department of Planning and Development of a determination pursuant to Section 7-13-0610 of the Chicago Zoning Ordinance ("Part II approval") for development or redevelopment of any development parcels within the Planned Development, other than alterations to existing buildings which, unless otherwise permitted by the Department of Planning and Development, do not increase their height or alter their footprints, a site plan for the proposed development, including parking areas and related information ("Site Plan Submittal"), shall be submitted to the Commissioner of the Department of Planning and Development for approval. Review and approval of the Site Plan Submittal by the Commissioner is intended to assure that specific development proposals conform with the Planned Development, are consistent with the intent of the Design Guidelines and to ensure coordination of any public improvements required by this Planned Development.

No Part II approval for work for which a Site Plan Submittal is required hereunder shall be granted until the Site Plan Submittal has been approved by the Commissioner and reviewed by the Chicago Plan Commission at a Public hearing. The hearing conducted by the Plan Commission shall be for review purposes only and no approval or recommendation shall be required in order for the Commissioner to issue an approval of the Site Plan Submittal. Further, all Part II submittals shall be in compliance with the Chicago Landscape Ordinance. In order to encourage architectural diversity and excellence in design, the Applicant will also ensure that each Site Plan Submittal substantially complies with the North Branch Framework and Design Guidelines (NBF) as part of the Part II Review process. Revisions and modifications to any previously approved site plan, landscape plan or building elevations must be substantially consistent with the NBF. Furthermore, Applicant its request, may continue to evolve the design of the building elevations within the PD. Changes to such elevations, if any, shall, if mutually agreed, be approved by the Department administratively as a Minor Change.

14. The Applicant acknowledges the potential alignments for a multi-modal trail, transit-way and other potential transportation improvements ("Transportation Improvements") through and adjacent to the Property. The Applicant has identified a conceptual location of the Transportation Improvements on the Transit Way Accommodation Plan attached hereto and agrees to provide an easement on, across and through such area of the Property as necessary to accommodate the Transportation Improvements as provided herein. The Applicant and the City of Chicago agree to cooperate on the final location of the Transportation Improvements through the Planned Development site. The Transportation Improvements are meant to improve connectivity and access to the Planned Development site and to other development sites near the Planned Development. The Transportation Improvements shall not adversely affect operations, security of the buildings or diminish the development rights within the Planned Development. In the event that the Transportation Improvements are incorporated into any of the right of ways being dedicated to the public as part of this Planned Development, the Applicant shall be permitted to recapture the square footage of such portion of right of way previously or to be dedicated and increase the net site area of the Planned Development. approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

18. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance. The method of compliance must include sustainable strategies that are consistent with the North Branch Design Guidelines.

19. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of (i) 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

20. The Applicant acknowledges that the Property is located in the North Branch Industrial Corridor Conversion Area, and is undergoing a "rezoning" within the meaning of Chapter 16-8 of the Municipal Code (the "Industrial Corridor System Fund Ordinance"). As a result of this rezoning, the Planned Development is subject to the conversion fee provisions of the Industrial Corridor System Fund Ordinance. The purpose of the conversion fee is to mitigate the loss of industrial land and facilities in conversion areas by generating funds for investment in receiving industrial corridors in order to preserve and enhance the City's industrial base, support new and expanding industrial uses, and ensure a stable future for manufacturing and industrial employment in Chicago. For purposes of this Planned Development, the North Branch Industrial Corridor shall be deemed a receiving industrial corridor. The Applicant is required to pay the conversion fee in full prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the conversion fee may be paid on a pro rata basis upon issuance of the building permit for each subsequent new building or phase of construction. The amount of the conversion fee due upon to the issuance of a building permit shall be calculated based on the fee rate in effect at the time of payment. The Applicant shall record a notice against the Property to ensure that the requirements of the Industrial Corridor System Fund Ordinance are enforced in accordance with Sec. 16-8-100.
21. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Provided, however, this Planned Development shall not lapse and shall remain in full force and effect provided that the provisions of Section 17-13-0612-A are satisfied for any single development parcel within this Planned Development. Should this Planned Development ordinance lapse, the Zoning Administrator of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the property back to the Air Rights Waterway Business Residential Planned Development 1426, dated October 31, 2018. Provided, however, if Owner remains in title to the Property, the Commissioner of the Department of Planning and Development shall, upon written request by Owner, including providing a sworn statement that the Applicant's option to purchase the Property has expired or has been terminated by Owner, file and diligently process a Zoning Map Amendment to rezone the Property back to the Air Rights Waterway Business Residential Planned Development No. 1426 that existed prior to the adoption of this Planned Development.
