*Residential – Business Planned Development No. 64, As Amended*

*Plan Of Development Statements.*

1. The area delineated herein as Residential-Business Planned Development Number 64 (the "Property") consists of approximately four hundred fifty-eight thousand nine hundred forty-one (458,941) net square feet (ten and fifty-four hundredths (10.54) acres) of property. The Property boundaries are depicted on the attached Planned Development Boundary and Property Line Map. The Property is owned by POAH Grove Parc Apartments L.L.C. ("POAH") and its related entities. RBPd No. 64, as amended, is controlled for zoning purposes by POAH. The applicant is Grove Parc Venture Partners, LLC (the "Applicant").
2. All applicable official reviews, approvals or permits are required to be obtained by the Applicant. Any dedication or vacation of streets, alleys or easements or any adjustments of rights-of-way shall require a separate submittal on behalf of the Applicant, its successors, assignees or grantees and approval by the City Council.
3. The requirements, obligations and conditions contained within this planned development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and if different than the Applicant, the legal titleholder and any ground lessors and ground lessees. Furthermore, pursuant to the requirements of Section 17-8-400, of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this planned development are made, shall be under single ownership or under single designated control. "Single designated control" for purposes of this paragraph shall mean that any application to the City for any amendment to this planned development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners of the Property and any ground lessors. For purposes of this planned development, where improvements located on the Property (or applicable portions thereof) have been submitted to the Illinois Condominium Property Act and/or are otherwise submitted to similar types of regimes of common restrictions and easements, the term "owner" shall be deemed to refer solely to the condominium association and/or other applicable association(s) of the owners of such improvements and not to the individual unit owners therein. Nothing herein shall prohibit or in any way restrict the alienation, sale or any other transfer of all or any portion of the Property or any rights, interests or obligations therein. Upon any alienation, sale or any other transfer of all or any portion of the Property or the rights therein (other than an assignment or transfer of rights pursuant to a mortgage or otherwise as collateral for any indebtedness) and solely with respect to the portion of the Property so transferred, the term "the Applicant" shall be deemed amended to apply to the transferee thereof (and its beneficiaries if such transferee is a land trust) and the seller or transferor thereof (and its beneficiaries if such seller or transferor is a land trust) shall thereafter be released from any and all obligations or liability hereunder. An agreement among different owners of the Property, or a covenant binding owners of the Property, may designate the parties

authorized to apply for future amendments, modifications or other changes to the planned development.

4. This planned development consists of these nineteen (19) statements; a Bulk Regulations and Data Table; an Existing Zoning Map; a Surrounding Land-Use Map; a Planned Development Boundary and Property Line Map; the following plans pertaining to the Grove Parc Venture Partners, LLC project (the "GPVP Project") prepared by Manhard Consulting, LTD. and Camburas & Theodore, LTD dated June 19, 2017: Detailed Site Plan, North Elevation, South Elevation, East Elevation and West Elevation; and the following POAH development plans (collectively, the "POAH Development Plans"): an Overall Site Plan; Site Plans for Buildings A, B1, B2, B3, B4, C1, C2, C3, C4, C5, and M1; and Elevations for Buildings A (63rd Street and Cottage Grove); A (North and East); B1, B2, B3, B4, C1 (East and North); C1 (West and South); C2, C3 (South Cottage Grove and North), C3 (West and South), C4, C5; and M1; all prepared by Landon Bone Baker Architects, revised June 17, 2010; and a Site Plan and Elevations for Building C1 prepared by Nagle Hartray Danker Kagan Penney. Full-sized copies of the Development Plans are on file with the Department of Zoning and Land Use Planning (the "Department"). This planned development conforms to the intent and purpose of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, and all requirements thereof, and satisfies the established criteria for approval as a planned development.

In addition, the following uses shall be permitted: dwelling units on the ground floor, community centers, indoor and outdoor participant sport uses, recreation centers and similar assembly uses.
6. On-premises signs and temporary signs such as construction and marketing signs shall be permitted subject to the review and approval of the Department. Off-premise signs shall not be permitted in the planned development.
7. Any service drive or other ingress or egress shall be adequately designed and paved, in accordance with the regulations of the Department of Transportation in effect at the time of construction and in compliance with the Municipal Code of the City of Chicago, to provide ingress and egress for motor vehicles, including emergency vehicles. There shall be no parking within emergency areas. Any changes to ingress and egress shall be subject to the review and approval of the Department of Transportation and the Department. All work proposed in the public way must be designed and constructed in accordance with the Chicago Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago.
8. The maximum heights of improvements on the Property shall be as designated on the Development Plans and the Bulk Regulations and Data Table attached hereto. In addition to the maximum heights of the buildings and any appurtenances attached thereto prescribed in this planned development, the height of any improvements also shall be subject, if applicable, to height limitations as approved by the Federal Aviation Administration.

9. For purposes of floor area ratio ("F.A.R.") calculations, the definitions in the Chicago Zoning Ordinance shall apply.
10. The improvements on the Property related to Buildings B3, B4 and C4 shall be designed, constructed and maintained in substantial conformance with the Development Plans relating thereto, and the improvements on the Property related to the remaining buildings shall be designed, constructed and maintained in a manner generally consistent with the Development Plans relating thereto and shall be subject to site plan approval as set forth in Statement 11. Notwithstanding anything in the Development Plans to the contrary, all improvements on the Property shall be designed, constructed and maintained in accordance with the parkway tree and vehicle use area landscaping provisions of the Chicago Zoning Ordinance and corresponding regulations and guidelines.
11. Prior to issuance by the Department of Zoning and Land Use Planning of a determination pursuant to Section 17-13-0610 of the Chicago Zoning Ordinance ("Part II approval") for any future development within this planned development other than Buildings B3, B4 and C4, Site Plans for proposed development shall be submitted to the Commissioner of the Department of Zoning and Land Use Planning (the "Commissioner") for Site Plan approval. All future proposals for development shall be subject to the provisions of this planned development and all relevant ordinances and City policies in effect at the time of submittal. Site Plan approval is intended to assure that specific development proposals conform with this planned development, as well as relevant ordinances and City policies, and to assist the City in monitoring on-going development. A Site Plan may be submitted for any portion of this planned development. No Part II approval shall be granted until an applicable Site Plan has been approved.

A Site Plan shall, at a minimum, provide the following information:

- (a) boundaries of development parcel or parcels;
- (b) building footprint or footprints;
- (c) dimensions of all setbacks;
- (d) location and depiction of all parking spaces (including relevant dimensions);
- (e) location and depiction of all loading berths (including relevant dimensions);
- (f) all drives, roadways, and vehicular routes;
- (g) all landscaping (including species and size);
- (h) all pedestrian circulation routes and points of ingress/egress (including sidewalks); and
- (i) all site statistics applicable to the development parcel or parcels, including:
  - (i) floor area and floor area ratio as represented on submitted drawings;
  - (ii) number of parking spaces provided;
  - (iii) number of loading berths provided;
  - (iv) uses of development of parcel; and

(j) parameters of the building envelope, including:

- (i) all building elevations with indications of heights and materials; and
- (ii) setbacks and vertical setbacks, required and provided.

A Site Plan shall include such other information as may be necessary to illustrate conformance with the applicable provisions of this planned development and any City ordinances or policies in effect at the time of submission of the Site Plan.

Following approval by the Commissioner, the approved Site Plan(s) shall be kept on permanent file with the Department of Zoning and Land Use Planning and shall be deemed to be an integral part of this planned development. The approved Site Plans may be changed or modified pursuant to the minor change provisions of Section 17-13-0611 of the Chicago Zoning Ordinance.

12. (a) Existing nonconforming buildings and demolition of such buildings may result in a parking deficit in the planned development on a phase-by-phase basis, provided that at full build-out the project shall comply with the parking ratios set forth on the bulk regulations and data table on an overall basis.

(b) It is acknowledged that Building C1 as shown on the Overall Site Plan is anticipated to contain participant sports and recreation uses, office and retail uses. Parking for these and other uses in Building C 1 may be provided off-site within the planned development without the need for further approvals. Such parking may be provided on a shared basis with other uses in the planned development without the need for such other uses to provide additional parking beyond that which is otherwise required by this planned development.

(c) Loading berths shall be provided as required by the Chicago Zoning Ordinance as applied to the B3-3 District on a building-by-building basis; provided that single buildings that are treated as more than one building under applicable area limitations in the building code shall also be treated as more than one building for purposes of applicable loading requirements and exemptions therefrom.

13. Upon Part II Review, a Part II Review fee shall be assessed by the Department of Zoning and Land Use Planning pursuant to Section 17-13-0610 of the Chicago Zoning Ordinance. The fee as determined by the Department staff at that time is final and binding on the Applicant and must be paid to the Department prior to the issuance of any Part II approval.

14. The terms, conditions and exhibits of this planned development may be modified administratively by the Commissioner of the Department upon the application for such a modification by the owner or ground lessor of the Property and a determination by the Commissioner of the Department that such modification is minor, appropriate and consistent with the nature of the improvements contemplated by this planned development and the purposes underlying the provisions hereof. Any such modification of the requirements of the planned development by the Commissioner of the Department shall be

deemed to be a minor change in the planned development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance.

15. The Applicant acknowledges that it is in the public interest to design, construct and renovate all buildings in a manner that provides healthier environments, reduces operating costs and conserves energy and resources. The Applicant shall design, construct and maintain all new buildings located within the Property in a manner generally consistent with the requirements of the City of Chicago's Sustainable Development Policy in effect as of the date of Site Plan approval and on a building-by-building basis. GPVP shall construct the GPVP Project in accordance with the DPD 2016 Sustainable Development Policy Matrix.
16. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
17. Off-street parking and loading facilities shall be provided in compliance with this planned development. A minimum of two percent (2%) of all parking spaces provided pursuant to this planned development shall be designated and designed for parking for the handicapped.
18. The Applicant will comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioner of Streets and Sanitation, the Commissioner of Environment and the Commissioner of Buildings under Section 13-32-125 of the Municipal Code of Chicago or any other provision of that Code.
19. Unless substantial construction of the proposed improvements for the GPVP Project as contemplated in this amended planned development has commenced within six (6) years following adoption of this amended planned development, and diligently pursued, then this 2017 planned development amendment shall expire as to the uncompleted portion and the zoning of the Property shall automatically revert to immediately preceding Planned Development Number 64. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance.
