(2) To achieve the aspirational goals and the contract specific goals, the eChief pProcurement eOfficer shall undertake, in addition to the other measures provided herein, the following measures:

(a) (Reserved)

(b) Include with the bid specifications for each competitively bid contract a list of certified M.B.E.s and W.B.E.s that are available to perform the work required by the specifications or otherwise make such a list available to potential contractors.

(c) Insert within specifications for each contract let through competitive bidding with an estimated value in excess of \$10,000.00 for which contract specific goals have been established:

(i) a description of this article and the program, including the requirement of an approved compliance plan; the requirements related to achieving the goals and counting M.B.E. or W.B.E. participation towards meeting the goals; if goals are not met, the requirement of documentation of the contractor's good faith efforts to achieve the goals, including the good faith efforts of M.B.E.s and W.B.E.s to achieve the goal for which they do not qualify; and a requirement that the contractor commit to the expenditure of at least the dollar value of the contract specific goals with one or more M.B.E.s and one or more W.B.E.s, or make good faith efforts to do so. This commitment may be met by the contractor's status as a M.B.E. or W.B.E., a joint venture with one or more M.B.E.s or W.B.E.s as prime contractor (to the extent of the M.B.E.'s or W.B.E.'s participation in such joint venture), subcontracting a portion of the work to one or more M.B.E.s or W.B.E.s, purchasing materials or services for the work from one or more M.B.E.s or W.B.E.s, or by any combination of the foregoing;

(ii) a requirement that prime contractors on city City construction contracts notify M.B.E.s and W.B.E.s utilized on those contracts about opportunities on contracts without affirmative action contracting goals;

(iii) a requirement that where the contractor cannot achieve the contract specific goals it must document its good faith efforts to do so. In determining whether the contractor has made such good faith efforts, the performance of other contractors in meeting the goals may be considered. The eChief pProcurement eOfficer shall consider, at a minimum, the contractor's efforts to do the following:

(A) Soliciting through reasonable and available means the interest of M.B.E.s or W.B.E.s that have the capability to perform the work of the contract. The contractor must solicit this interest within sufficient time to allow the M.B.E.s or W.B.E.s to respond. The contractor must take appropriate steps to follow up initial solicitations with interested M.B.E.s or W.B.E.s.

(B) Providing interested M.B.E.s or ~~W.E.B.s~~ W.B.E.s with adequate information about the plans, specifications and requirements of the contract, including addenda, in a timely manner to assist them in responding to the solicitation.

(C) Negotiating in good faith with interested M.B.E.s or W.B.E.s that have submitted bids. Documentation of negotiation must include the names, addresses and telephone numbers of M.B.E.s or W.B.E.s that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with M.B.E.s or W.B.E.s to perform the work. That there may be some additional costs involved in soliciting and using M.B.E.s and ~~W.E.B.s~~ W.B.E.s is not a sufficient reason for a contractor's failure to meet the goals, as long as such costs are reasonable.

(D) Not rejecting M.B.E.s or W.B.E.s as being unqualified without sound reasons based on a thorough investigation of their capabilities. The M.B.E.s' or W.B.E.s' standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals.

(E) Making a portion of the work available to M.B.E. or W.B.E. subcontractors and suppliers and to select those portions of the work or material consistent with the available M.B.E. or W.B.E. subcontractors and suppliers, so as to facilitate meeting the goals.

(F) Making good faith efforts, despite the ability or desire of a contractor to perform the work of a contract with its own organization. A contractor who desires to self-perform the work of a contract must demonstrate good faith efforts unless the goals have been met.

(G) Selecting portions of the work to be performed by M.B.E.s or W.B.E.s in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate M.B.E. or W.B.E. participation, even when the contractor might otherwise prefer to perform these work items with its own forces.

(H) Making efforts to assist interested M.B.E.s or W.B.E.s in obtaining bonding, lines of credit or insurance as required by the city City or contractor.

(I) Making efforts to assist interested M.B.E.s or W.B.E.s in obtaining necessary equipment, supplies, materials or related assistance or services, including participation in a city City-sponsored mentor-protégée program; and

(J) Effectively using the services of the city City; minority or women community organizations; minority or women contractors' groups; local, state and federal minority or women business assistance offices; and other organizations to provide assistance in the recruitment and placement of M.B.E.s or W.B.E.s.

(a) include uniform provisions permitting the termination of the contract by the city City upon the disqualification of the contractor as a M.B.E. or W.B.E., if the contractor's status as M.B.E. or W.B.E. was a factor in the award of the contract and such status was misrepresented by the contractor;

(b) include uniform provisions permitting termination of the contract by the e~~C~~ity upon the disqualification of any M.B.E. or W.B.E. if the subcontractor's or supplier's status as a M.B.E. or W.B.E. was a factor in the award of the contract and the status of the subcontractor or supplier was misrepresented by the contractor. This provision shall be in addition to, and not a substitute for, any other provision allowing inspection of the contractor's records by any officer or official of the e~~C~~ity for any purpose;

(d) review each proposed contract modification request that, by itself or aggregated with previous modification requests, increases the contract value by ten percent of the initial contract value or \$50,000.00 whichever is less, for opportunities to increase participation of M.B.E.s or W.B.E.s already involved in the contract,

(e) insert in each contract containing a commitment to M.B.E. ~~and/or~~ and W.B.E. participation:

(i) a requirement of periodic reporting by the contractor to the chief ~~procurement officer~~ Contracting Equity officer on all expenditures made to achieve compliance with the foregoing provisions. Such reports, which the ~~chief procurement officer~~ Contracting Equity officer shall publish on the Internet, shall include the name and business address of each subcontractor and supplier actually involved in the contract, a description of the work performed ~~and/or~~ and product or service supplied by each such subcontractor or supplier, the date and amount of each expenditure, and such other information as may assist the ~~chief procurement officer~~ Contracting Equity officer in determining the contractor's compliance with the foregoing provisions;

(ii) a requirement that the contractor cannot make changes to its contractual M.B.E. and W.B.E. commitments or substitute such M.B.E. or W.B.E. subcontractors without the prior written approval of the ~~chief procurement officer~~ Contracting Equity officer. Unauthorized changes or substitutions, including performing the work designated for a subcontractor with the contractor's own forces, shall be a violation of this article and a breach of the contract with the city City, and may cause termination of the executed contract for breach, and/or subject the contractor to contract remedies or other sanctions. The facts supporting the request must not have been known nor reasonably should have been known by the parties prior to entering into the subcontract.

The ~~chief procurement officer~~ Contracting Equity officer shall prepare a report of the closeout and file it with the ~~eCity eCouncil and the eChief pProcurement eOfficer~~. If the ~~eChief pProcurement eOfficer~~ determines that good faith efforts to meet the M.B.E. or W.B.E. commitments were not made, so that the M.B.E. or W.B.E. participation commitments have not been met, or that fraudulent misrepresentations have been made, a remedy or sanction may be imposed. Such remedies or sanctions for failure to make good faith efforts, or for making any fraudulent misrepresentations, may include disqualification from contracting or subcontracting on additional ~~eCity~~ City contracts for a period of up to three years, or the amount of the discrepancy between the amount of the commitment, as such amount may be amended through change orders or otherwise over the term of the contract, and the achieved amount may be imposed upon the contractor. SECTION 1. Section 11-12-310 of the Municipal Code of Chicago is hereby amended by adding the language underscored, and by deleting the language struck through, as follows:

11-12-310 Metered service.

The rate for metered water shall be ~~determined as of January 1st of the year indicated~~ \$30.79 per thousand cubic feet of water as of June 1, 2021, subject to increase pursuant to Section 11-12-315.

2011	2012	2013	2014	2015
\$15.00	\$18.75	\$21.56	\$24.80	\$28.52

Payments shall be made to the department of finance, or its agent, or by any other means established by the department of finance. A late payment penalty assessed at a monthly rate of one and one-fourth percent shall be imposed on all water charges in excess of \$10.00 for which payment in full is not received within 24 calendar days from the date the bill therefor was sent as shown by the records of the department of finance. Where the correctness of a bill is disputed and where complaint of such incorrectness has been made prior to the time a late penalty would be imposed, and where the adjusting of such complaint requires additional time, the penalty may be held in abeyance up to and including the tenth day succeeding the resending of such bill. The late payment penalty established pursuant to this section shall not be imposed upon persons who are 65 years or older, who own and reside in their own residence and who have a separate water meter or water assessment.

In such cases, charge and payment shall be made on an estimate prepared by the ~~comptroller~~ Comptroller based on the average of 12 preceding readings of such meter, excluding excessive or deficient readings.

Where such meter has been installed for a lesser period than one year, or where less than 12 competent readings exist, such estimate may be based on a lesser number than 12 readings taken preceding or subsequent to such incorrect or stopped registration.
