PROJECT NARRATIVE

Turnstone Development Corporation, a not-for-profit and 501(c)(3) corporation, was created to facilitate the construction and preservation of affordable housing, specifically to carry out the U.S. Department of Housing and Urban Development's (HUD) Housing Choice Voucher Program and to assist with mixed-finance and low-income housing tax credit developments. Turnstone Development regularly provides support to Public Housing Authorities in their effort to create and preserve affordable housing opportunities for low-income families in Illinois and throughout the United States. Since 1998, Turnstone Development has developed over 1,300 affordable housing units for families and seniors.

The instant project involves the construction of affordable senior housing on the campus of The Moody Bible Institute of Chicago on the block at 301-315 W. Oak Street and 300-314 W. Walton Street, just to the east of the elevated train tracks. The proposed building is a 7-story (78 feet high), 106 dwelling unit, senior residence building. The site will have 46 parking spaces. The plan is to have the new building L.E.E.D. certified. The goal is to transfer the existing HUD Housing Assistance Payments Contract / Housing Choice Voucher Program at Jenkins Hall to the new building.

Also on Moody's campus, Jenkins Hall is an existing 14-story apartment building that houses students and approximately 90 senior citizens. It is Moody's desire to convert Jenkins Hall to house only students, and to relocate the senior citizens to the new development.

The new site is located in a planned development that allows student housing, but which does not allow senior housing. Therefore, an amendment to the planned development is being sought to allow senior housing as a permitted use and to approve the proposed building.
