WHEREAS, the conveyance of the City Property by the City to Heartland in connection with the Project may qualify under the Donation Tax Credit Program as an eligible donation, and may generate certain additional proceeds which HED would like to make available to the Project, but the receipt of such donation and proceeds is not a condition to the City providing the City Funds (as defined in the Redevelopment Agreement) to the Developer for the Project; and

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO, AS FOLLOWS:

SECTION 1. The above recitals are incorporated herein and made a part hereof.

SECTION 4. The Commissioner of HED, the Deputy Commissioner of HED, or a designee of either (the "Authorized HED Officer") is each hereby authorized, with the approval of the City's Corporation Counsel as to form and legality, to negotiate, execute and deliver the Redevelopment Agreement and such other supporting documents as may be necessary to carry out and comply with the provisions of such agreements, with such changes, deletions and insertions as shall be approved by the persons executing such agreements. The Redevelopment Agreement shall be in substantially the form attached hereto as **Exhibit D** and made a part hereof and hereby approved with such changes therein as shall be approved by the Authorized HED Officer executing the same, with such execution to constitute conclusive evidence of such officer's approval of any changes or revisions from the form of Redevelopment Agreement attached to this ordinance.

The Mayor or his proxy is authorized to execute, and the City Clerk or Deputy Clerk to attest, a quitclaim deed conveying to Heartland the City Property for the consideration described therein and otherwise in accordance with and subject to the terms of the Redevelopment Agreement.

SECTION 8. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the other provisions of this ordinance.

SECTION 10. In connection with the conveyance of the City Property under the Donation Tax Credit Program and completion of the Project in accordance with the Redevelopment Agreement, the City shall waive those certain fees, if applicable, imposed by the City with respect to the Project as more fully described in **Exhibit E** attached hereto and made a part hereof. The Project shall be deemed to qualify as "Affordable Housing" for purposes of Chapter 16-18 of the Municipal Code of Chicago. Section 2-45-110 of the Municipal Code of Chicago shall not apply to the Project or the City Property.

Redevelopment Plan

**Central West
Redevelopment Area Project and Plan**

Amendment No. 1

**City of Chicago
Richard M. Daley, Mayor**

December 28, 2007

Introduction

To induce redevelopment pursuant to the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 *et seq.*, as amended from time to time (the "Act"), the City Council of the City of Chicago (the "City") adopted three ordinances on February 16, 2000, approving the Central West Redevelopment Project Area Tax Increment Finance Program Redevelopment Plan and Project, designating the Central West Redevelopment Project Area (the "Original Project Area") as a redevelopment project area under the Act, and adopting tax increment allocation financing for the Original Project Area.

The Central West Tax Increment Finance Redevelopment Area Project and Plan, dated October 26, 1999, adopted by the City of Chicago on February 16, 2000, will herein be referred to as the "Original Plan." The Original Plan, as amended, shall be referred to herein as the "Redevelopment Plan" or the Central West Redevelopment Plan." The Original Project Area as amended shall be referred to herein as the "Central West RPA" or the "Central West RPA as Amended."

The Original Plan is being amended to:

- 1) Expand the Project Area to include an additional 144 tax parcels;
- 2) Update plan language and budget line items to incorporate recent amendments to the Act;
- 3) Update the budget for the Central West RPA; and
- 4) Change the future land use of one block from institutional to mixed-use.

Modifications to Original Plan

Each change to the Original Plan is detailed below following the format of the Original Plan.

I. EXECUTIVE SUMMARY

The last sentence in the first paragraph is replaced with the following:

This area shall be referred to as the "Original Central West RPA," or the "Original RPA."
This report contains the Redevelopment Plan and Project for the Original Central West RPA.

In the second paragraph, the phrase "Central West RPA" is replaced with the following:

"Original Central West RPA."

The following paragraph is inserted after the second paragraph of this section:

In 2006, *S. B. Friedman & Company* was engaged by the City to conduct a study of certain properties south of the Original Central West RPA to determine whether these properties

would qualify as a "blighted area" and/or "conservation area" under the Act, in order to be incorporated into the Central West RPA. This report details the eligibility factors found within the Central West RPA Expansion Area (the "Expansion Area") in support of its designation as a "conservation area" as defined above, and in support of its addition into the Central West RPA. This report also contains the Redevelopment Plan and Project for the Central West RPA Expansion Area.

The Expansion Area contains 144 tax parcels on seven blocks and contains approximately 76 acres of land.

The combined Original Central West RPA and Central West RPA Expansion Area shall be referred to as the "Central West RPA," or the "RPA."

Determination of Eligibility

In the first paragraph, the phrase "Central West RPA" is replaced with the following:

"Original Central West RPA".

In the second paragraph, the phrase "Central West RPA" is replaced with the following:

"Original Central West RPA".

The following is inserted at the end of this section:

This report also concludes that the Central West RPA Expansion Area is eligible for TIF designation as a "conservation area" because 50% or more of the structures in the area have an age of 35 years or more and because the following eligibility factors have been found to be present to a major extent:

- Deterioration;
- Presence of Structures Below Minimum Code Standards;
- Excessive Land Coverage and Overcrowding of Structures;
- Inadequate Utilities; and
- Obsolescence.

Additionally, three other eligibility factors are present to a minor extent and demonstrate that the Central West RPA Expansion Area is in a state of gradual decline through disinvestment. These factors are:

- Deleterious Land Use and Layout;
- Excessive Vacancy; and
- Lack of Growth in EAV.

Redevelopment Plan Goal, Objective and Strategies

The second paragraph starting with “Objectives” and the associated bullet points are replaced with the following:

Objectives. Eleven (11) broad objectives support the overall goal of area-wide revitalization of the Central West RPA. These include:

1. Facilitate the assembly, preparation, and marketing of vacant and underutilized sites for new retail, commercial, residential and public/institutional development, as well as off-street parking areas;
2. Remediate environmental problems to provide additional land for new retail, commercial, residential and public/institutional development and redevelopment, as appropriate;
3. Facilitate the preservation and/or rehabilitation of residential, commercial, industrial, public/institutional and architecturally or historically significant buildings and encourage the adaptive re-use of vacant, underutilized, and obsolete buildings, where appropriate;
4. Promote the expansion of the Illinois Medical District as a center of employment, research and medical care for the Chicago area;
5. Support the development of a variety of housing types to meet the needs of households with a wide range of income levels;
6. Replace or repair infrastructure, including sidewalks, streets, curbs, gutters, and underground water and sanitary systems, to improve the overall image of the neighborhood and support new retail, commercial, and residential redevelopment;
7. Provide resources for streetscaping, landscaping, and screening/buffering elements to visually link the area’s diverse land uses and create a distinct identity for the area;
8. Facilitate the improvement and expansion of existing public facilities as needed, such as schools and parks, and facilitate the development of new public facilities in appropriate locations throughout the RPA as needed and in accordance with the Redevelopment Plan;
9. Support and complement the goals and objectives of other underlying redevelopment plans and planning studies, including the Central West Redevelopment Area, Madison-Western Redevelopment Area, the Madison-Racine Redevelopment Area, Enterprise Zone 4, West Side Empowerment Zone, the Near West SNAP, and the Near West Side Area Land Use Plan, and coordinate available federal, state, and local resources to further the goals of this redevelopment plan;
10. Provide opportunities for women-owned, minority-owned, and locally-owned

businesses to share in the job and construction opportunities associated with the redevelopment of the Central West RPA; and

11. Support job training programs and increase employment opportunities for area residents.

The third and fourth items associated with the third paragraph starting with Strategies, are replaced with the following:

3. **Encourage Private Sector Activities and Support New Development.** The City may provide financial and other assistance to encourage the private and non-profit sectors to undertake redevelopment and rehabilitation projects within the RPA. In order to facilitate private investment, the City may enter into agreements within the limits of the Act to facilitate and support projects that support the goals, objectives, and strategies of this Redevelopment Plan.
4. **Facilitate Property Assembly, Demolition, and Site Preparation.** Assistance may be provided to private developers in order to undertake projects supportive of this Redevelopment Plan.

Required Findings

In the second and third paragraphs, the phrase "Central West RPA" is replaced with the following:

"Original Central West RPA"

and the word "RPA" is replaced with the following:

"Original RPA".

The following is inserted after the third paragraph:

In addition, the Central West RPA Expansion Area has seen minimal private investment during between the years 2002 and 2006. The Equalized Assessed Value (EAV) of taxable properties within the Central West RPA Expansion Area have not kept pace with that of the balance of the City of Chicago for four of the previous five years. During the period from 2001-2006, the EAV of the RPA Expansion Area grew at a compound annual growth rate of 7.13 percent. This rate of growth is 33 percent lower than the compound annual growth rate for the balance of the City, which was 10.61 percent. This indicates that private investment in the RPA Expansion Area has been low relative to the rest of the City of Chicago.

Construction activity within the RPA expansion area has also largely been limited to the remediation of code violations and deficiencies. According to records obtained from the Department of Buildings, the total value of building permits issued for projects within the RPA Expansion Area was \$46.5 million during the five-year period between December

2001 and December 2006. During this period, Rush University Medical Center spent approximately \$22.6 million to correct code violations and deficiencies identified during an audit conducted by the Center for Medicare and Medicaid Services. In addition, Cook County spent approximately \$3.6 million to correct life safety and issues relating to life safety and accessibility for persons with disabilities. The remaining construction activity (\$20.3 million) represents renovations and minor expansions of RUMC facilities, as well as maintenance on privately-owned buildings within the Amendment RPA. This level of investment is insignificant relative to the redevelopment needs of the area, and does not allow for a substantive expansion of medical services or other economic activity within the area.

In the fourth paragraph the last sentence is replaced with the following:

But for creation of the Original Central West RPA and its amendment to include the Central West RPA Expansion Area, these types of projects, which would contribute substantially to area-wide redevelopment, are unlikely to occur.

2. INTRODUCTION

In the first, second, third, fourth and fifth paragraphs the phrases "Central West Redevelopment Project Area" and "Central West RPA" are replaced with the following:

"Original Central West RPA"

and the word "RPA" is replaced with the following:

"Original RPA".

The following is inserted after the fifth paragraph:

In 2006, *S. B. Friedman & Company* was engaged by the City to conduct a study of certain properties south of the Original Central West RPA to determine whether these properties would qualify as a "blighted area" and/or "conservation area" under the Act, in order to be incorporated into the original Central West RPA. This area, referred to as the "Central West RPA Expansion Area," is composed of 144 tax parcels on seven blocks. The Central West RPA Expansion Area is irregularly shaped and is roughly bounded by W. Van Buren Street on the north; S. Ashland Avenue on the east; W. Polk Street on the south; and Hoyne Avenue on the west.

The community context of the Central West RPA Expansion Area is also detailed on Map 1.

Map 2 details the boundary of the Central West RPA Expansion Area which includes only those contiguous parcels of real property that are expected to substantially benefit from the Redevelopment Plan improvements discussed herein. The boundaries encompass the historic core of the Illinois Medical District, and include institutional and residential uses.

The area as a whole suffers from deteriorated buildings and infrastructure, the presence of multiple buildings which are below minimum code standards, and inadequate utilities. In addition, multiple buildings in the Central West RPA Expansion Area are obsolescent or excessively vacant, and a number of incompatible land use relationships exist within the area. Given these conditions, the Expansion Area has a negative impact on surrounding neighborhoods, and is becoming ill-suited for modern medical research and patient care. Without a comprehensive redevelopment plan to address these issues, the area is at risk for falling further into disrepair.

In the seventh paragraph, the phrase "Eligibility Study" is replaced with the following:

"Eligibility Study: Original Central West RPA".

The following is inserted after the seventh paragraph:

The "Eligibility Study: Central West RPA Expansion Area" covers events and conditions that exist and that were determined to support the designation of the Central West RPA Expansion Area as a "conservation area" under the Act at the completion of our research on April 9, 2007 and not thereafter. These events or conditions include, without limitation, governmental actions and additional developments.

The last paragraph of this section is replaced with the following:

The Eligibility Study and Redevelopment Plan summarize the analyses and findings of the *S. B. Friedman & Company's* work, which, unless otherwise noted, is the responsibility of *S. B. Friedman & Company*. The City is entitled to rely on the findings and conclusions of this Plan in designating the Redevelopment Project Area as a redevelopment project area under the Act. *S. B. Friedman & Company* has prepared this Plan and the related eligibility study with the understanding that the City would rely: 1) on the findings and conclusions of the Plan and the related eligibility study in proceeding with the designation of the Original RPA, the amendment of the Original RPA to include the Expansion Area, and the adoption and implementation of the Plan, and 2) on the fact that the Consultant has obtained the necessary information so that the Plan and the related eligibility studies will comply with the Act.

Maps 1 and 2 of the original plan are replaced with Maps 1 and 2 shown on the next two pages of this amendment document.

Existing Land Use: Amendment Area

A new section is inserted after the section entitled "Existing Land Use: Original Central West RPA," but before Chapter 3. This section is entitled "Existing Land Use: Central West RPA Expansion Area." The following is inserted in this new section:

Based upon *S. B. Friedman & Company's* research, two (2) land use patterns have been identified within the Central West RPA Expansion Area:

- Residential; and
- Public/Institutional.

The existing land use pattern in the Central West RPA Expansion Area is shown in Map 3. This map represents the predominant land use in the area on a block-by-block basis.

The Central West RPA Expansion Area is primarily composed of public/institutional uses. Interstate 290 stretches across the northern portion of the RPA, between Van Buren and Congress Streets. The southeast portion of the RPA Expansion Area, between Ashland Avenue and Wood Street, is composed of Rush University Medical Center facilities. The historic core of the Rush campus, known as the "Superblock," is located north of Harrison Street. Cook County Hospital is located west of the Rush University campus, and occupies the entire block between Wood Street and Ogden Avenue. The remainder of the RPA Expansion Area is composed of a small public park (Pasteur Park), the Stroger Hospital Helipad, and two residential apartment buildings along Ogden Avenue.

Historically Significant Structures

A new section is inserted after the section entitled "Existing Land Use: Amendment Area," but before Chapter 3. This section is entitled "Historically Significant Structures." The following is inserted in this new section:

The portion of the Near West Side covered by the Central West RPA contains many buildings which are significant to the City's architectural and cultural history. To identify architecturally and/or historically significant buildings located within the LaSalle Central RPA, *S. B. Friedman & Company* obtained data from the Chicago Historic Resources Survey (the "CHRS"). The CHRS identifies over 17,000 Chicago properties and contains information on buildings that may possess architectural and/or historical significance. Structures are classified according to a color-based coding system. Designation as "red" indicates that a structure is architecturally or historically significant in the context of the City of Chicago, State of Illinois, or the United States of America; designation as "orange" indicates that a structure is potentially significant in the context of the community in which it is located. Approximately 300 structures were designated as red by CHRS, and 9,600 were designated as orange.

S. B. Friedman & Company identified 142 buildings within the Original Central West RPA and Central West RPA Amendment Area which were designated as red or orange by CHRS. These buildings are identified in Appendix 2 of this document.

In addition, *S. B. Friedman & Company* also identified buildings within the Central West RPA which have been designated Chicago Landmarks by the Commission on Chicago Landmarks. A total of 217 buildings in the City of Chicago have been individually designated as Chicago Landmarks. The following two buildings within the Central West RPA have been individually designated as Chicago Landmarks:

- Union Park Congregational Church, 60 N Ashland Avenue; and
- Third Church of Christ Scientist, 2149 W Washington Boulevard

3. ELIGIBILITY ANALYSIS

The title of this chapter is changed to "3A. Eligibility Analysis: Original Central West RPA."

In this section the phrases "Central West Redevelopment Project Area" and "Central West RPA" are replaced with the following:

"Original Central West RPA"

and the word "RPA" is replaced with the following:

"Original RPA".

A new chapter is inserted after chapter 3 and before chapter 4. This chapter is entitled "3B.

Eligibility Analysis: Central West RPA Expansion Area.” The following is inserted in this new chapter:

3B. ELIGIBILITY ANALYSIS: CENTRAL WEST RPA EXPANSION AREA

Provisions of the Illinois Tax Increment Allocation Redevelopment Act

Based upon the conditions found within the Central West RPA Expansion Area at the completion of *S. B. Friedman & Company's* research, it has been determined that the Central West RPA Expansion Area meets the eligibility requirements of the Act, as amended in 1999, as a conservation area. The following text outlines the provisions of the Act to establish eligibility.

Under the Act, two primary avenues exist to establish eligibility for an area to permit the use of tax increment financing for area redevelopment: declaring an area as a “blighted area” and/or a “conservation area.”

“Blighted areas” are those improved or vacant areas with blighting influences that are impacting the public safety, health, morals, or welfare of the community, and are substantially impairing the growth of the tax base in the area. “Conservation areas” are those improved areas which are deteriorating and declining and may become blighted if the deterioration is not abated.

The statutory provisions of the Act specify how a district can be designated as a “conservation” and/or “blighted area” district based upon an evidentiary finding of certain eligibility factors listed in the Act. The eligibility factors for each designation are identical for improved property. A separate set of factors exists for the designation of vacant land as a “blighted area.” There is no provision for designating vacant land as a conservation area.

Factors for Improved Property

For improved property to constitute a “blighted area,” a combination of five or more of the following thirteen eligibility factors listed at 65 ILCS 5/11-74.4-3 (a) and (b) must meaningfully exist and be reasonably distributed throughout the RPA Expansion Area. “Conservation areas” must have a minimum of fifty percent (50%) of the total structures within the area aged 35 years or older, plus a combination of three or more of the 13 eligibility factors which are detrimental to the public safety, health, morals, or welfare and which could result in such an area becoming a blighted area.

Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration including but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

Presence of Structures Below Minimum Code Standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

Illegal Use of Individual Structures. The use of structures in violation of the applicable Federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

Excessive Vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

Lack of Ventilation, Light or Sanitary Facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

Inadequate Utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

Excessive Land Coverage and Overcrowding of Structures and Community Facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and

service.

Deleterious Land Use or Layout. The existence of incompatible land use relationships, buildings occupied by inappropriate mixed uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

Environmental Contamination. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or Federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

Lack of Community Planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

Lack of Growth in Equalized Assessed Value. The total equalized assessed value of the proposed redevelopment project area has declined for three of the last five calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for three of the last five calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for three of the last five calendar years prior to the year in which the redevelopment project area is designated.

Methodology Overview and Determination of Eligibility

Analysis of eligibility factors was done through research involving an extensive field survey of all property within the Central West RPA Expansion Area, and a review of building and property records and real estate industry data. Building and property records include building code violation citations, building permit data, assessor information, and information on the age and condition of sewer and water lines within the study area. Our survey of the area established that there are 24 primary structures and 144 tax parcels within the Central West RPA Expansion Area. Ancillary structures are excluded from this total. Ancillary structures include a single story building which houses electrical switchgear for Cook County Hospital, and the Chicago Transit Authority's Illinois Medical District Rapid Transit station.

The Central West RPA Expansion Area was examined for qualification factors consistent

with either the “blighted area” or “conservation area” requirements of the Act. Based upon these criteria, the property within the Central West RPA Expansion Area qualifies for designation as a “conservation area” as defined by the Act.

To arrive at this designation, *S. B. Friedman & Company* calculated the number of eligibility factors present, and analyzed the distribution of the eligibility factors on a building-by-building and/or parcel-by-parcel basis and analyzed the distribution of the eligibility factors on a block-by-block basis. When appropriate, we calculated the presence of eligibility factors on infrastructure and ancillary properties associated with the structures. The eligibility factors were correlated to buildings and/or parcels using structure-base maps, property files created from field observations, record searches, and field surveys. This information was then graphically plotted on a parcel map of the Central West RPA Expansion Area by block to establish the distribution of eligibility factors, and to determine which factors were present to a major extent.

Major factors are used to establish eligibility. These factors are present to a meaningful extent and reasonably distributed throughout the RPA Expansion Area. Minor factors are supporting factors present to a meaningful extent on some of the parcels or on a scattered basis. Their presence suggests that the area is at risk of experiencing more extensive deterioration and disinvestment.

To reasonably arrive at this designation, *S. B. Friedman & Company* documented the existence of qualifying eligibility factors and confirmed that a sufficient number of factors were present within the Central West RPA Expansion Area and reasonably distributed.

Although it may be concluded under the Act that the mere presence of the minimum number of the stated factors may be sufficient to make a finding of the RPA Expansion Area as a conservation area, this evaluation was made on the basis that the conservation area factors must be present to an extent that indicates that public intervention is appropriate or necessary.

Conservation Area Findings

As required by the Act, within a conservation area, at least fifty percent (50%) of the buildings must be 35 years of age or older, and at least three of the 13 eligibility factors must be found present to a major extent within the Central West RPA Expansion Area.

Establishing that at least 50 percent of the Central West RPA Expansion Area buildings are 35 years of age or older is a condition precedent to establishing the area as a conservation area under the Act. Based on information provided by the Cook County Assessor’s office, we have established that of the 24 buildings located within the Central West RPA Expansion Area, 16 (67 percent) are 35 years of age or older.

In addition to establishing that Central West RPA Expansion Area meets the age requirement, our research has revealed that the following five factors are present to a major extent:

1. Deterioration;
2. Presence of Structures Below Minimum Code Standards;
3. Excessive Land Coverage and Overcrowding of Structures;
4. Inadequate Utilities; and
5. Obsolescence.

The following three factors are also present to a minor extent:

6. Deleterious Land Use and Layout;
7. Excessive Vacancy;
8. Lack of Growth in EAV.

Based on the presence of these factors, the RPA Expansion Area exceeds the minimum requirements of a "conservation area" under the Act,

Nearly half of buildings within the Expansion Area are deteriorated or served by deteriorated infrastructure, including cracked sidewalks and crumbling curbs. Nearly three quarters of buildings within the Expansion Area are below minimum code standards, including standards defined by the Chicago Building Code, Chicago Zoning Ordinance, the Americans with Disabilities Act and regulatory agencies governing hospitals and patient care facilities. Excessive overcrowding is also evidenced in 63 percent of buildings, further limiting the usefulness of these facilities for medical purposes. Obsolescence also affects a number of buildings within the Expansion Area, as many of the hospital facilities in the area date to the late-19th and early-20th centuries, and are difficult to adapt to meet modern standards for patient treatment. The Expansion Area is also serviced by inadequate utilities, particularly sewer lines which are overdue for repair/replacement, and deleterious land use and layout impact nearly 40 percent of buildings in the area, owing to the presence of major transportation infrastructure. Excessive vacancy affects a number of buildings within the Expansion Area, especially the former Cook County Hospital complex. Finally, while the Expansion Area is overwhelmingly composed of tax-exempt parcels, the growth in equalized assessed value of those parcels which are taxable has fallen behind that of the balance of the City for each of the previous five years. Together, the presence of these factors is an indication that facilities within the Expansion Area are obsolete and are consequently falling into disuse and disrepair. Without intervention, the Expansion Area is at risk for becoming a blighting influence on surrounding neighborhoods, and may negatively impact the ability of the Illinois Medical District to remain a center for cutting-edge medical research and patient care.

Maps 4G through 4O illustrate the presence and distribution of these eligibility factors on a block-by-block basis within the Expansion Area. The following sections summarize our field research as it pertains to each of the identified eligibility factors found within the Central West RPA Expansion Area.

MAJOR FACTORS

1. Deterioration

Deterioration of building components is evident throughout the Central West RPA Expansion Area. The façades of several older structures within the RPA Expansion Area, including Cook County Hospital, Cook County Children's Hospital and buildings within the Rush Superblock, are composed of terra cotta or limestone which has become loose, worn, cracked or crumbling. This poses a safety hazard and has in some cases necessitated the use of metal brackets and netting to protect pedestrians from falling stone. In addition, the façades and structural components of several newer concrete structures within the area, including the Rush University Medical Center Parking Garage, exhibit spalling. This also poses a safety hazard, necessitating the erection of canopies to protect pedestrians, as well as the expenditure of several million dollars in recent years on concrete slab re-construction and repair of post-tensioning structural elements.

In addition, deterioration of infrastructure is a problem within the Expansion Area, and is evidenced in cracked sidewalks, crumbling curbs and potholes. This is particularly problematic on the bridges which cross Interstate 290 and link the Expansion Area with Chicago Transit Authority Rapid Transit stations. It is also evidenced in the sidewalks and curbs surrounding Pasteur Park.

Of the 24 buildings within the Central West RPA Expansion Area, 11 buildings (or 46 percent) are affected by deterioration of building components or public infrastructure. Deterioration of public infrastructure also impacts Pasteur Park and the public right-of-way adjacent to and crossing over Interstate 290.

2. Presence of Structures below Minimum Code Standards

Structures below minimum code standards are those which do not meet applicable standards of zoning, subdivision, building, fire, and other governmental codes. The principal purpose of such codes is to protect the health and safety of the public. While such codes may not mandate corrective action for buildings constructed prior to the adoption of the code, these buildings may still pose a health or safety hazard to the public, or may become disused due to changes in market expectations which are prompted by the new code.

In order to determine whether structures within the Expansion Area are below minimum code standards, *S. B. Friedman & Company* analyzed data provided by the City's Department of Buildings regarding building code violation citations for structures within the Expansion Area. Where available, Plans for Compliance with the City's Life Safety and High Rise Sprinkler Ordinance were also reviewed to determine if structures meet contemporary standards for fire safety. Compliance with the Americans with Disabilities Act and the Chicago Zoning Ordinance was assessed through fieldwork and interviews with facilities maintenance staff at institutions within the Expansion Area. Finally, various planning documents were reviewed to determine whether facilities meet the minimum standards set by the Joint Council on Accreditation of Healthcare Organizations and Center for Medicare and Medicaid Services for hospital facilities.

Based on the research described above, it was determined that eight buildings within the RPA Expansion Area failed to meet the minimum standards of the Life Safety and High Rise Sprinkler Ordinance, and eleven buildings received citations from the City of Chicago Department of Buildings. In addition, ten buildings were identified as deficient according to the standards of the Joint Council on Accreditation of Healthcare Organizations and the Center for Medicare and Medicaid Services. Issues identified in these facilities included:

- Insufficient fire suppression systems, including sprinklers and rolling shutters;
- Improper firestopping between floors and around floor penetrations;
- Corridors lacking proper egress (i.e., "dead-end" corridors);
- Failure to provide areas of rescue assistance and proper emergency lighting;
- Missing handrails in staircases;
- Defective safety valves in HVAC systems;
- Defective elevator equipment;
- Holes and cracks in interior walls and ceilings; and
- Leaking water.

Altogether, 17 of 24 buildings within the Expansion Area (71 percent) qualify as being below minimum code standards. This factor was found to be prevalent on five of seven blocks (71 percent of blocks) within the Expansion Area.

3. Excessive Land Coverage and Overcrowding of Structures

Excessive land coverage and overcrowding of structures refers to the over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Excessive overcrowding of structures may result in a lack of natural light and ventilation for building users or increased threat of spread of fire. It may also result in inadequate provision for loading and service, and may exacerbate parking difficulties in an area.

Within the Expansion Area, excessive overcrowding is evidenced primarily in the Rush University Medical Center's Superblock. Buildings in this area are separated by narrow light wells despite heights in excess of sixty feet, and several buildings share load-bearing walls. The current emergency room driveway, which is located along Wood Street, requires emergency vehicles to exit by driving backwards into the public right-of-way, disrupting traffic and blocking access for other emergency vehicles. In addition, the loading dock for these facilities (i.e., "the Wood Street Dock") is too small for modern delivery vehicles, with the result that the dock is largely disused. Finally, access to off-street parking is limited for these facilities. The Rush University Medical Center Parking Garage, which is located at the corner of Harrison and Paulina Streets, is the primary source of off-street parking for the Superblock complex. This facility is nearly 1,200 feet (or nearly two blocks) from certain buildings in the Superblock. Excessive overcrowding of facilities is also exhibited in other portions of the Expansion Area, particularly the Cook County Hospital building and attendant facilities, due to the failure to provide adequate loading facilities and off-street parking.

Of the 24 buildings within the RPA Expansion Area, 15 buildings (63 percent) were determined to suffer from excessive overcrowding of structures. The factor was found to be present to a meaningful extent on three of the seven blocks (43 percent of blocks) within the RPA Expansion Area.

4. Inadequate Utilities

A review of the City's water and sewer atlases found that inadequate underground utilities affect 23 (or 96 percent) of the 24 buildings in the Central West RPA Expansion Area. This is due primarily to the number of antiquated sewer lines in the RPA Expansion Area, many of which have surpassed their 100-year service lives and are in need of replacement.¹

Due to the age and condition of the sewer and water lines, inadequate utilities was found to be present to a meaningful extent on all seven blocks within the Central West RPA Expansion Area.

5. Obsolescence

Obsolescence refers to the condition or process of falling into disuse, and occurs when structures have become ill-suited to their original use. Obsolescence is often the result of building design. Features such as low ceiling heights, impenetrable floors or interior load-bearing walls and columns can inhibit attempts to rehabilitate or modernize a property.

¹ The City of Chicago Department of Water Management defines the projected service life as 100 years.

Obsolescence is most often evidenced by excessively high or increasing vacancy rates. It may also be evidenced by declining rents or use of space for marginal purposes, such as storage.

Within the Rush University Medical Center Superblock, several facilities exhibit obsolescence. Reviews conducted by the Joint Council on Accreditation of Healthcare Organizations and the Center for Medicare and Medicaid Services identify a number of deficiencies which suggest that these buildings are becoming ill-suited for modern medical use. These deficiencies include insufficient life safety systems and a lack of accessibility for persons with disabilities. Other building features, such as narrow hallways, internal staircases and antiquated HVAC systems, limit the ability to transport patients and provide a comfortable patient care environment within these buildings. However, the presence of clay tile floors and interior load-bearing columns in these buildings inhibits the reconfiguration of these facilities to improve internal circulation, and low ceiling heights make the installation of modern HVAC systems impossible. As a result, significant portions of these former patient care facilities are now dedicated to storage.

In addition, the Cook County Department of Public Health vacated Cook County Hospital and attendant facilities in 2002, due to the condition of the facilities and the high cost of rehabilitating them. The specialized configuration of the facility, including its narrow pavilions and large ground floorplate, make the facility difficult to adapt to non-hospital uses, and have contributed to the persistent vacancy of the building.

Of the 24 buildings within the Expansion Area, nine buildings (38 percent) were determined to exhibit obsolescence. Obsolescence was found to be present a meaningful extent on three of the seven blocks (43 percent of blocks) within the Expansion Area.

MINOR SUPPORTING FACTORS

6. Deleterious Land Use and Layout

Deleterious land use and layout refers to the existence of incompatible land use relationships within an area. The presence of incompatible land uses in close proximity to one another can detract from the marketability or usability of properties, and can lead to the disuse or abandonment of facilities in the long-run.

The Expansion Area contains within it several pieces of transportation infrastructure which are incompatible with surrounding uses. The Chicago Transit Authority's Elevated Pink Line traverses the area just west of Paulina Avenue. Several Rush University Medical Center facilities have been built over or in very close proximity to this rapid transit line, which generates a great deal of noise pollution and negatively impacts the patient care environment. In addition, the Stroger Hospital Helipad is located at the intersection of Harrison and Wolcott Streets, adjacent to two buildings containing residential units. Such infrastructure is also a major source of noise pollution, and creates an adverse impact on neighboring properties.

Overall, deleterious land use and layout affects nine of the 24 buildings (38 percent of buildings) within the Expansion Area. This factor was found to be present to a meaningful extent on three of the seven blocks (43 percent of blocks) within the Expansion Area.

7. Excessive Vacancies

Excessive vacancies are evidenced in the Cook County Hospital, Children’s Hospital and Power Station buildings. These buildings are completely unoccupied, and have been vacant since Cook County relocated hospital operations to Stroger Hospital in 2002. Together, the properties total nearly one million square feet of space, reach 110 feet in height, and occupy nearly two City blocks. The persistent vacancy of such large facilities has a substantially adverse impact on surrounding properties.

Overall, excessive vacancies were found to be exhibited on three of the 24 buildings within the RPA Expansion Area (13 percent). This factor was found to be present to a meaningful extent on one of seven blocks within the Expansion Area.

8. Lack of Growth in Equalized Assessed Value (EAV)

Because the Expansion Area is composed primarily of hospital and educational facilities, the majority of parcels within the area are tax-exempt. As a result, in 2006 only nine of the 144 parcels in the Expansion Area had a non-zero EAV. These nine parcels are concentrated on the three blocks containing the Medical Center Apartments, the Rush University Professional Building and a small mixed-use building at 1911 W Ogden. During four of the previous five years, the total growth in EAV of these taxable parcels has not kept pace with that of the balance of the City of Chicago. This lack of growth in EAV is an indication that the Expansion Area suffers from a lack of private investment as compared to the balance of the City of Chicago.

4. REDEVELOPMENT PROJECT AND PLAN

The last sentence of the second paragraph is replaced with the following:

Currentiy, the Central West RPA is characterized by deteriorated infrastmcture, conflicting land uses, vacant and undemtilized parcels, depreciated and deteriorated buildings, and obsolete stmctures.

Goals, Objectives and Strategies

The third paragraph starting with "Objectives" and the associated bullet points are replaced with the following:

Objectives. Eleven (11) broad objectives support the overall goal of area-wide revitaiization of the Central West RPA. These include:

1. Facillitate the assembly, preparation, and marketing of vacant and undemtlized sites for new retail, commercial, residential and publlc/institmional development, as well as off-street parking areas;
2. Remediate environmental problems to provide additional land for new retail, commercial, residential and publlc/institutional development and redevelopment, as appropriate;
3. Facillitate the preservation and/or rehabllitation of residential, commercial, industrial, publlc/institutional and architecturally or historically significant buildings and encourage the adaptive re-use of vacant, undemtilized, and obsolete buildings, where appropriate;
4. Promote the expansion of the Ilhnois Medical District as a center of employment, research and medical care for the Chicago area;
5. Support the development of a variety of housing types to meet the needs of households with a wide range of income levels;
6. Replace or repair infrastmcture, including sidewalks, streets, curbs, gutters, and underground water and sanitary systems, to improve the overall image of the neighborhood and support new retail, commercial, and residential redevelopment;
7. Provide resources for streetscaping, landscaping, and screening/buffering elements to visually link the area's diverse land uses and create a distinct identity for the area;
8. Facillitate the improvement and expansion of existing public facilities as needed, such as schools and parks, and facilltate the development of new public facihties in appropriate locations throughout the RPA as needed and in accordance with the Redevelopment Plan;

9. Support and complement the goals and objectives of other underlying redevelopment plans and planning studies, including the Central West Redevelopment Area, Madison-Western Redevelopment Area, the Madison-Racine Redevelopment Area, Enterprise Zone 4, West Side Empowerment Zone, the Near West SNAP, and the Near West Side Area Land Use Plan, and coordinate available federal, state, and local resources to further the goals of this redevelopment plan;
10. Provide opportunities for women-owned, minority-owned, and locally-owned businesses to share in the job and construction opportunities associated with the redevelopment of the Central West RPA; and
11. Support job training programs and increase employment opportunities for area residents.

The third and fourth items associated with the fourth paragraph starting with "Strategies" through the end of this section are replaced with the following:

3. **Encourage Private Sector Activities and Support New Development.** The City may provide financial and other assistance to encourage the private and non-profit sectors to undertake redevelopment and rehabilitation projects within the RPA. In order to facilitate private investment, the City may enter into agreements within the limits of the Act to facilitate and support projects that support the goals, objectives, and strategies of this Redevelopment Plan.
4. **Facilitate Property Assembly, Demolition, and Site Preparation.** Assistance may be provided to private developers in order to undertake projects supportive of this Redevelopment Plan.

To meet the goals and objectives of this Plan, the City may acquire and assemble property throughout the RPA. Land assemblage by the City may be by purchase, exchange, donation, lease, eminent domain or through the Tax Reactivation Program and may be for the purpose of (a) sale, lease or conveyance to private developers, or (b) sale, lease, conveyance or dedication for the construction of public improvements or facilities. Furthermore, the City may require written redevelopment agreements with developers before acquiring any properties. As appropriate, the City may devote acquired property to temporary uses until such property is scheduled for disposition and development.

In connection with the City exercising its power to acquire real property, including the exercise of the power of eminent domain, under the Act in implementing the Plan, the City will follow its customary procedures of having each such acquisition recommended by the Community Development Commission (or any successor commission) and authorized by the City Council of the City. Acquisition of such real property as may be authorized by the City Council does not constitute a change in the nature of this Plan.

Redevelopment Plan Elements

In the first sentence of the first sub-paragraph entitled "Site Assembly, Demolition, and Preparation" of the second paragraph, the following words are deleted:

"on page 31".

In the third sub-paragraph entitled "Public Improvements" of the second paragraph, the following is inserted after the third bullet point:

- Highway on-ramp and off-ramp improvements;

The last paragraph of this section is replaced with the following:

The City may enter into redevelopment agreements or intergovernmental agreements with private entities or public entities to construct, rehabilitate, renovate or restore private or public improvements on one or several parcels (collectively referred to as "Redevelopment Projects").

The City requires that developers who receive TIF assistance for market rate housing set aside 20 percent of the units to meet affordability criteria established by the City's Department of Housing or any successor agency. Generally, this means the affordable for-sale units should be priced at a level that is affordable to persons earning no more than 100 percent of the area median income, and affordable rental units should be affordable to persons earning no more than 60 percent of the area median income.

Proposed Future Land Use

The second paragraph of this section is deleted and replaced with the following:

These proposed future land uses are detailed on Map 5.

Map 6 is replaced with the map on the next page of this amendment document (Map 5).

Housing Impact and Related Matters

This section is deleted in its entirety and replaced with a new section entitled "Analysis of Housing Impact." The following is inserted as part of this new section.

As set forth in the Act, if the redevelopment plan for a redevelopment project area would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and a municipality is unable to certify that no displacement will occur, the municipality must prepare a housing impact study and incorporated the study in the redevelopment project plan.

The Project Area contains 5,444 inhabited residential units. The Plan provides for the development or redevelopment of several portions of the RPA that may contain occupied residential units. As a result, it is possible that by implementation of this Plan, the displacement of residents from 10 or more inhabited residential units could occur.

The results of the housing impact study section are described in a separate report which presents certain factual information required by the Act. The report, prepared by the Consultant, is entitled *Central West Redevelopment Project Area Tax Increment Financing Housing Impact Study*, and is attached as Appendix 3 to this amendment document.

5. FINANCIAL PLAN

Eligible Costs

All paragraphs in this section are deleted and replaced with the following:

The various redevelopment expenditures that are eligible for payment or reimbursement under the Act are reviewed below. Following this review is a list of estimated redevelopment project costs that are deemed to be necessary to implement this Plan (the "Redevelopment Project Costs.")

In the event the Act is amended after the date of the approval of this Plan by the City Council of Chicago to (a) include new eligible redevelopment project costs, or (b) expand the scope or increase the amount of existing eligible redevelopment project costs (such as, for example, by increasing the amount of incurred interest costs that may be paid under 65 ILCS 5/11-74.4-3(q)(11)), this Plan shall be deemed to incorporate such additional, expanded or increased eligible costs as Redevelopment Project Costs under the Plan, to the extent permitted by the Act. In the event of such amendment(s) to the Act, the City may add any new eligible redevelopment project costs as a line item in Table 1 or otherwise adjust the line items in Table 1 without amendment to this Plan, to the extent permitted by the Act. In no instance, however, shall such additions or adjustments result in any increase in the total Redevelopment Project Costs without a further amendment to this Plan.

Redevelopment project costs include the sum total of all reasonable or necessary costs

incurred, estimated to be incurred, or incidental to this Plan pursuant to the Act. Such costs may include, without limitation, the following:

- 1) Costs of studies, surveys, development of plans and specifications, implementation and administration of the Plan including but not limited to, staff and professional service costs for architectural, engineering, legal, financial, planning or other services (excluding lobbying expenses), provided that no charges for professional services are based on a percentage of the tax increment collected;
- 2) The costs of marketing sites within the Project Area to prospective businesses, developers and investors;
- 3) Property assembly costs, including but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;
- 4) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the costs of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;
- 5) Costs of the construction of public works or improvements subject to the limitations in Section 11-74.4-3(q)(4) of the Act;
- 6) Costs of job training and retraining projects including the cost of "welfare to work" programs implemented by businesses located within the Project Area and such proposals feature a community-based training program which ensures maximum reasonable opportunities for residents of the Near West Side Community Area with particular attention to the needs of those residents who have previously experienced inadequate employment opportunities and development of job-related skills including residents of public and other subsidized housing and people with disabilities;
- 7) Financing costs including, but not limited to, all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued thereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for a period not exceeding 36 months following completion and including reasonable reserves related thereto;
- 8) To the extent the City by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Plan.

- 9) Relocation costs to the extent that the City determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law or by Section 74.4-3(n)(7) of the Act (see Relocation section);
- 10) Payment in lieu of taxes, as defined in the Act,
- 11) Costs of job training, retraining, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs; (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in the Project Area; and (ii) when incurred by a taxing district or taxing districts other than the City, are set forth in a written agreement by or among the City and the taxing district or taxing districts, which agreement describes the program to be undertaken including but not limited to, the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40, and 3-40.1 of the Public Community College Act, 110 ILCS 805/3-37, 805/3-38, 805/3-40 and 805/3-40.1, and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code, 105 ILCS 5/10-22.20a and 5/10-23.3a;
- 12) Interest costs incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:
- a) such costs are to be paid directly from the special tax allocation fund established pursuant to the Act;
 - b) such payments in any one year may not exceed 30 percent of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
 - c) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this provision, then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
 - d) the total of such interest payments paid pursuant to the Act may not exceed 30 percent of the total: (i) cost paid or incurred by the redeveloper for such redevelopment project; (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by the City pursuant to the Act; and
 - e) up to 75 percent of the interest cost incurred by a redeveloper for the financing of

rehabilitated or new housing for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act.

- 13) Unless explicitly provided in the Act, the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost;
- 14) An elementary, secondary, or unit school district's increased costs attributable to assisted housing units will be reimbursed as provided in the Act;
- 15) Instead of the eligible costs provided for in (12) b, d and e above, the City may pay up to 50 percent of the cost of construction, renovation and/or rehabilitation of all low- and very low-income housing units (for ownership or rental) as defined in Section 3 of the Illinois Affordable Housing Act. If the units are part of a residential redevelopment project that includes units not affordable to low- and very low-income households, only the low- and very low-income units shall be eligible for benefits under the Act; and
- 16) The costs of daycare services for children of employees from low-income families working for businesses located within the Project Area and all or a portion of the cost of operation of day care centers established by Project Area businesses to serve employees from low-income families working in businesses located in the Project Area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80 percent of the City, county or regional median income as determined from time to time by the United States Department of Housing and Urban Development.

If a special service area has been established pursuant to the Special Service Area Tax Act, 35 ILCS 235/0.01 *et seq.*, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act may be used within the redevelopment project area for the purposes permitted by the Special Service Area Tax Act as well as the purposes permitted by the Act.

The Notes to Table 1, as shown in the Original Plan, are as follows:

Notes:

(1) This category also may include the reimbursement of capital costs of taxing districts including schools resulting from the redevelopment project necessarily incurred in the furtherance of the objectives of the Redevelopment Project Area Plan and Project to the extent the City by written agreement accepts and approves such costs.

(2) All costs are in 1999 dollars and may be increased by the rate of inflation reflected in the National Consumer Price Index. In addition to the above stated costs, each issue of obligations issued to finance a phase of the Redevelopment Project may include an amount of proceeds sufficient to pay customary and reasonable charges associated with the issuance of such obligations, including interest costs.

(3) Certain costs included in this line item will be eligible costs as of November 1, 1999 pursuant to an amendment to the Act.

These above Notes are replaced with the following Amended Notes for Amended Table 1:

Amended Notes:

[1] This category may also include paying for or reimbursing (i) an elementary, secondary or unit school district's increased costs attributed to assisted housing units, and (ii) capital costs of taxing districts impacted by the redevelopment of the Project Area. As permitted by the Act, to the extent the City by written agreement accepts and approves the same, the City may pay, or reimburse all, or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Redevelopment Plan.

[2] Total Redevelopment Project Costs exclude any additional financing costs, including any interest expense, capitalized interest and costs associated with optional redemptions. These costs are subject to prevailing market conditions and are

in addition to Total Redevelopment Project Costs.

[3] The amount of the Total Redevelopment Costs that can be incurred in the Project Area will be reduced by the amount of redevelopment project costs incurred in contiguous redevelopment project areas, or those separated from the Project Area only by a public right-of-way, that are permitted under the Act to be paid, and are paid, from incremental property taxes generated in the Project Area, but will not be reduced by the amount of redevelopment project costs incurred in the Project Area which are paid from incremental property taxes generated in contiguous redevelopment project areas or those separated from the Project Area only by a public right-of-way.

[4] Increases in estimated Total Redevelopment Project Costs of more than five percent, after adjustment for inflation from the date of the Redevelopment Plan adoption, are subject to the Redevelopment Plan amendment procedures as provided under the Act.

Additional funding from other sources such as federal, state, county, or local grant funds may be utilized to supplement the City's ability to finance the Redevelopment Project Costs identified above.

Phasing and Scheduling of the Redevelopment

There are no changes to this section.

Sources of Funds to Pay Costs

This section is deleted in its entirety and is replaced with the following:

Funds necessary to pay for Redevelopment Project Costs and secure municipal obligations issued for such costs are to be derived primarily from Incremental Property Taxes. Other sources of funds which may be used to pay for Redevelopment Project Costs or secure municipal obligations are land disposition proceeds, state and federal grants, investment income, private financing and other legally permissible funds the City may deem appropriate. The City may incur redevelopment project costs which are paid for from funds of the City other than incremental taxes, and the City may then be reimbursed from such costs from incremental taxes. Also, the City may permit the utilization of guarantees, deposits and other forms of security made available by private sector developers. Additionally, the City may utilize revenues, other than State sales tax increment revenues, received under the Act from one redevelopment project area for eligible costs in another redevelopment project area that is either contiguous to, or is separated only by a public right-of-way from, the redevelopment project area from which the revenues are received.

The Central West RPA as Amended is contiguous to the Midwest, Near West and Kinzie Industrial Redevelopment Project Areas and may become contiguous to or separated by only a public right-of-way from other redevelopment project areas created under the Act. The City may utilize net incremental property taxes received from the RPA to pay eligible redevelopment project costs, or obligations issued to pay such costs, in other contiguous redevelopment project areas or project areas separated only by a public right-of-way, and vice versa. The amount of revenue from the RPA, made available to support such contiguous redevelopment project areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible Redevelopment Project Costs within the RPA, shall not at any time exceed the total Redevelopment Project Costs described in this Plan.

The Central West RPA may be or become contiguous to, or be separated only by a public right-of-way from, redevelopment project areas created under the Industrial Jobs Recovery Law (65 ILCS 5/11-74.6-1, et seq.). If the City finds that the goals, objectives and financial success of such contiguous redevelopment project areas or those separated only by a public right-of-way are interdependent with those of the RPA, the City may determine that it is in the best interests of the City and the furtherance of the purposes of the Plan that net revenues from the RPA be made available to support any such redevelopment project areas, and vice versa. The City therefore proposes to utilize net incremental revenues received from the RPA to pay eligible redevelopment project costs (which are eligible under the Industrial Jobs Recovery Law referred to above) in any such areas and vice versa. Such revenues may be transferred or loaned between the RPA and such areas. The amount of revenue from the RPA so made available, when added to all amounts used to pay eligible Redevelopment Project Costs within the RPA or other areas as described in the preceding paragraph, shall not at any time exceed the total Redevelopment Project Costs described in Table 1 of this Plan.

Issuance of Obligations

This section is deleted in its entirety and is replaced with the following:

The City may issue obligations secured by Incremental Property Taxes pursuant to Section 11-74.4-7 of the Act. To enhance the security of a municipal obligation, the City may pledge its full faith and credit through the issuance of general obligations bonds. Additionally, the City may provide other legally permissible credit enhancements to any obligations issued pursuant to the Act.

The redevelopment project shall be completed, and all obligations issued to finance redevelopment costs shall be retired, no later than December 31, 2024. Also, the final maturity date of any such obligations which are issued may not be later than 20 years from their respective dates of issue. One or more series of obligations may be sold at one or more times in order to implement this Plan. Obligations may be issued on a parity or subordinated basis.

In addition to paying Redevelopment Project Costs, Incremental Property Taxes may be used for the scheduled retirement of obligations, mandatory or optional redemptions, establishment of debt service reserves and bond sinking funds. To the extent that Incremental Property Taxes are not needed for these purposes, and are not otherwise required, pledged, earmarked or otherwise designated for the payment of Redevelopment Project Costs, any excess Incremental Property Taxes shall then become available for distribution annually to taxing districts having jurisdiction over the RPA in the manner provided by the Act.

Most Recent Equalized Assessed Valuation of Properties in the Original RPA and Expansion Area

In the first sentence of this paragraph, the phrase "Central West RPA" is replaced with the phrase "Central West RPA Expansion Area."

The second sentence through the end of the paragraph is replaced with the following:

The base EAV as certified by the Cook County Clerk of the Original Central West RPA is \$62,116,168. The 2006 EAV of all taxable parcels in the Central West RPA Expansion Area is approximately \$23,365,400. This total EAV amount by PIN is summarized in Appendix 4. The estimated base EAV of the Central West RPA as Amended is therefore estimated to be \$85,481,600. The EAV is subject to verification by the Cook County Clerk. After verification, the final figure shall be certified by the Cook County Clerk, and shall become the Certified Initial EAV from which all incremental property taxes in the Redevelopment Project Area will be calculated by Cook County. If the 2007 EAV shall become available prior to the date of adoption of Amendment No. 1 by the City Council, the City may update the Redevelopment Plan by replacing the 2006 EAV with the 2007 EAV without further City Council action.

Anticipated Equalized Assessed Valuation

This section is deleted in its entirety and is replaced with the following:

By 2023, the EAV for the Central West RPA will be approximately \$471,000,000. This estimate is based on several key assumptions, including: 1) the 2006 EAV of parcels in the Original RPA and Expansion Area; 2) an inflation factor of 2.50% per year on the EAV of all properties within the Central West RPA, with its cumulative impact occurring in each triennial reassessment year; and 3) an equalization factor of 2.7076.

6. REQUIRED FINDINGS AND TESTS

Lack of Growth and Private Investment

The title of this section is changed to "Lack of Growth and Private Investment: Original Central West RPA."

In this section the phrase "Central West RPA" is replaced with the following:

"Original Central West RPA"

and the word "RPA" is replaced with the following:

"Original RPA".

In the fifth paragraph the phrase "Redevelopment Project Area (Central West RPA)" is replaced with the following:

"Original Redevelopment Project Area".

A new section entitled "Lack of Growth and Private Investment: Central West RPA Expansion Area" is inserted after the section entitled "Lack of Growth and Private Investment: Original Area." The following is inserted in this new section:

Lack of Growth and Private Investment: Central West RPA Expansion Area

In order to assess the level of private investment within the Central West RPA Expansion Area, *S. B. Friedman & Company* analyzed data obtained from a number of sources. This data includes the assessed values of taxable properties within the RPA Expansion Area, building permit records obtained from the City of Chicago Department of Buildings for projects within the RPA Expansion Area, and financial and planning documents obtained from Cook County and Rush University Medical Center.

As discussed in the Eligibility Study above, the Equalized Assessed Value (EAV) of taxable properties within the Central West RPA Expansion Area have not kept pace with that of the balance of the City of Chicago for four of the previous five years. During this time period, the EAV of the RPA Expansion Area grew at a compound annual growth rate of 7.13 percent. This rate of growth is 33 percent lower than the compound annual growth rate for the balance of the City, which was 10.61 percent. This indicates that private investment in the RPA Expansion Area has been low relative to the rest of the City of Chicago.

In addition, construction activity within the RPA expansion area has largely been limited to the remediation of code violations and deficiencies. According to records obtained from the Department of Buildings, the total value of building permits issued for projects within the RPA Expansion Area was \$46.5 million during the five-year period between December 2001 and December 2006. Approximately \$42.1 million (90.6 percent) was attributable to projects undertaken by Rush University Medical Center ("RUMC"), and \$4.2 million (9 percent) was attributable to projects undertaken by Cook County. During this period, RUMC spent approximately \$22.6 million to correct code violations and deficiencies identified during an audit conducted by the Center for Medicare and Medicaid Services. In addition, Cook County spent approximately \$3.6 million to correct life safety and issues relating to life safety and accessibility for persons with disabilities. The remaining construction activity (\$20.3 million) represents renovations and minor expansions of RUMC facilities, as well as maintenance on privately-owned buildings within the Amendment RPA. This level of investment is insignificant relative to the redevelopment needs of the area, and does not allow for a substantive expansion of medical services or other economic activity within the area.

A review of audited financials for the Rush University Medical Center Obligated Group ("RUMCOG"), which includes Rush University Medical Center, Rush North Shore Medical Center and Rush-Copley Medical Center, supports this conclusion. Capital expenditures made by RUMCOG in recent years have been insufficient to keep pace with normal depreciation of building value. Between 2002 and 2005, RUMCOG incurred capital expenses totaling \$258 million, as compared to incurred depreciation of

approximately \$290 million. This investment represents only 88.8 percent of replacement value for Rush's hospital facilities, and is an indication of underinvestment by area institutions.

The redevelopment needs of the RPA Expansion Area are significant. According to a Certificate of Need Application filed by Rush University Medical Center in February 2006, the total cost of correcting outstanding deficiencies at RUMC and modernizing existing facilities is \$460 million. This estimate does not allow for any expansion of services. Similarly, in 2003 the total cost of rehabilitating the Cook County Hospital building and adapting it for private use was estimated to be \$85 million by the Landmarks Preservation Council of Illinois. The cost of conducting this work is likely to have increased since 2003. In addition, there are significant infrastructure needs within the area, such as sidewalk, curb and bridge repairs, which are not currently being addressed.

Based on recent financial performance, it is not likely that RUMCOG or Cook County will have the financial capacity to make the required investments in the RPA Expansion Area. RUMCOG has a history of negative operating margins, having experienced net operating losses during each year between 2000 and 2004. In addition, Cook County has faced budget shortfalls during each of the previous three years, including a budget shortfall of approximately \$500 million in 2007. Given these financial constraints, as well as the high cost of rehabilitating the area's obsolescent facilities, it is unlikely that the conditions which qualify the Central West RPA Expansion Area as a conservation area will be remedied without public intervention like that envisioned in this Redevelopment Plan and Project.

But For...

In the second paragraph the last sentence is replaced with the following:

Accordingly, but for creation of the Original Central West RPA and its expansion to include the Central West RPA Expansion Area, these projects, which would contribute substantially to area-wide redevelopment, are unlikely to occur without TIF designation and expansion of the Original Central West RPA.

Demand on Taxing District Services and Program to Address Financial and Service Impact

The first, second and third paragraphs of this section, and all attendant bullet points, are replaced with the following:

The Act requires an assessment of any financial impact of the RPA on, or any increased demand for services from, any taxing district affected by the Plan and a description of any program to address such financial impacts or increased demand. The City intends to monitor development in the Project Area and with the cooperation of the other affected taxing districts will attempt to ensure that any increased needs are addressed in connection with any particular development. The following major taxing districts presently levy taxes on properties located within the Central West RPA and maintain the listed facilities within the boundaries of the RPA, or within close proximity (three to four blocks) to the RPA boundaries:

- = those facilities located within the boundaries of the RPA
- = those facilities located within close proximity (but outside the boundaries) of the RPA

Map 6 illustrates the locations of facilities operated by the above listed taxing districts within or in close proximity to the Central West RPA. The anticipated nature of increased demands for services on these taxing districts, and the proposed activities to address increased demand are described below.

Map 7 is replaced with the map on the following page (Map 6).

The eighth paragraph of this section (after "Chicago Board of Education and Associated Agencies") is replaced with the following.

It is likely that some families who purchase housing or rent new apartments in the Central West RPA will send their children to public schools, putting increased demand on area school districts. However, it is unlikely that the scope of new residential construction would exhaust existing capacity. Many of the new home owners or renters may come from the immediate neighborhood or may send their children to private schools, which would not impact the public school system. Existing absorption capacity was verified through data provided by the Department of School Demographics and Planning at the Chicago Public Schools (CPS). These data reveal that for all the public schools that serve the area immediately surrounding the Central West RPA for which capacity data was available, existing enrollment is at approximately 56% of existing capacity. The range of enrollment levels is wide, ranging from 27% to 91%. Overall, enrollment at area elementary and middle schools is approximately 47% of total design capacity, while enrollment at area high schools is approximately 73% of total design capacity. This means that an increase in the number of students in the area can be supported. The City intends to monitor development in the Central West RPA and, with the cooperation of the Board of Education, will attempt to ensure that any increased demands for the services and capital improvements provided by the Board of Education are addressed in connection with each new residential project.

7. PROVISIONS FOR AMENDING ACTION PLAN

There are no changes to this chapter.

8. COMMITMENT TO FAIR EMPLOYMENT PRACTICES AND AFFIRMATIVE ACTION PLAN

This chapter is replaced with the following:

- A. The assurance of equal opportunity in all personnel and employment actions, with respect to the Redevelopment Project, including, but not limited to hiring, training, transfer, promotion, discipline, fringe benefits, salary, employment working conditions, termination, etc., without regard to race, color, sex, age, region, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status, source of income, or housing status.
- B. Redevelopers must meet the City's standards for participation of 24 percent Minority Business Enterprises and 4 percent Woman Business Enterprises and the City Resident Construction Worker Employment Requirement as required in redevelopment agreements.

C. This commitment to affirmative action and nondiscrimination will ensure that all members of the protected groups are sought out to compete for all job openings and promotional opportunities.

D. Redevelopers will meet City standards for any applicable prevailing wage rate as ascertained by the Illinois Department of Labor to all project employees.

The City shall have the right in its sole discretion to exempt certain small businesses, residential property owners and developers from the above.

Appendix 3: Central West RFA as Amended Assessment of Housing Impact

The purpose of this section is to conduct a housing impact study for the Central West RPA and Central West Amendment RPA as set forth in the Tax Increment Allocation Redevelopment Act (the "Act"). The Act, as amended in 1999, states that, if the redevelopment plan for a redevelopment project area would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and the City is unable to certify that no displacement of residents will occur, the municipality shall prepare a housing impact study and incorporate the study in the separate feasibility report required by the subsection (a) of Section 11-74.4-5 (sic) [Section 11.74-4-4.1], which for the purposes hereof shall also be the "Central West Tax Increment Financing Redevelopment Project and Plan."

Because the Central West RPA was established prior to the amendment of the Tax Increment Allocation Redevelopment Act in 1999, a Housing Impact Study was not prepared as part of the original Redevelopment Project and Plan. The primary goals of the Redevelopment Plan include the creation of new retail, commercial, public/institutional and residential development on vacant and underutilized sites, the rehabilitation of existing residential buildings, and the development of a variety of housing types to meet the needs of households with a wide range of income levels. It is not the City's intent to displace existing residential units, and it is unlikely that any inhabited residential units will be removed. However, the City has elected to prepare a Housing Impact Study in order to assess the potential impact of the Amended Redevelopment Plan on residents of the Central West RPA and Central West Amendment RPA.

As set forth in the Act, Part I of the housing impact study shall include:

- (i) Data as to whether the residential units are single family or multi-family units;
- (ii) The number and type of rooms within the units, if that information is available;
- (iii) Whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 of the Act is passed; and
- (iv) Data as to the racial and ethnic composition of the residents in the inhabited residential units, which data requirement shall be deemed to be fully satisfied if based on data from the most recent federal census.

Part II of the housing impact study identifies the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify:

- i. The number and location of those units that will be or may be removed;

- ii. The municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residencies are to be removed;
- iii. The availability of replacement housing for those residents whose residences are to be removed, and identification of the type, location, and cost of the replacement housing; and
- iv. The type and extent of relocation assistance to be provided.

This information is presented below.

PART I

(i) Number and Type of Residential Units

The number and type of residential buildings in the area was identified during the building condition and land use survey conducted as part of the eligibility analysis for the area. This survey, completed on February 21, 2007, revealed that the Central West RPA as amended contain 902 residential or mixed-use residential buildings containing a total of 5,757 units. The number of residential units by building type is illustrated in the table below.

	# of Buildings	# of Units
Single Family	458	458
Two-, Three- and Four-Unit Buildings	370	1,057
Multi-Unit Buildings (5+ Units)	72	4,042
Single-Room Occupancy Hotels	2	200
Total	902	5,757

(ii) Number and Type of Rooms within Units

In order to describe the distribution of residential units by number and type of rooms within the Central West RPA as amended, *S. B. Friedman & Company* analyzed 2000 Census data. These data show the distribution of units by the number of rooms within each unit and by bedroom type. The distribution of apartment sizes and bedroom types from the 2000 Census was then applied to the total number of units identified by the survey. The estimated distribution of units by bedroom type and number of rooms is summarized in the tables below.

Units by Number of Rooms	Percent, 2000 Census	Current Estimate for Central West RPA & Amendment RPA
1 room	9.7%	557
2 rooms	21.4%	1,230
3 rooms	21.5%	1,238
4 rooms	19.2%	1,103
5 rooms	13.3%	765
6 rooms	8.4%	482
7 rooms	2.5%	146
8 rooms	1.1%	66
9 or more rooms	3.0%	170
Total	100.0%	5,757

Units by Number of Bedrooms	Percent, 2000 Census	Current Estimate for Central West RPA as Amended
No bedroom	12.6%	723
1 bedroom	38.3%	2,205
2 bedrooms	27.0%	1,552
3 bedrooms	16.2%	935
4 bedrooms	3.9%	223
5 or more bedrooms	2.1%	119
Total	100.0%	5,757

(iii) Number of Inhabited Units

According to data compiled from the survey completed by *S. B. Friedman & Company* on February 21, 2007, the Central West RPA as amended contain an estimated 5,757 residential units of which 313 (5.4%) are believed to be vacant. Therefore, there are approximately 5,444 total inhabited units within the redevelopment area. As required by the Act, this information was ascertained as of February 21, 2007, which is a date not less than 45 days prior to the date that the resolution required by subsection (a) of Section 11-74.4-5 of the Act was or will be passed (the resolution setting the public hearing and Joint Review Board meeting dates).

(iv) Race and Ethnicity of Residents

According to ESRI, a national provider of demographic data, there were an estimated 9,278 residents living within the boundaries of the Central West RPA in 2006. The race and ethnic composition of these residents is described below, per ESRI estimates.

Race	Percent, 2000 Census	Current Estimate for Central West RPA & Amendment RPA
Black or African-American Alone	83.2%	7,716
White Alone	6.9%	636
Asian Alone	7.4%	686
American Indian or Alaskan Native Alone	0.2%	15
Some Other Race Alone	1.5%	137
Two or More Races	0.9%	88
Total	100.0 %	9,278

Hispanic Origin	Percent, 2000 Census	Current Estimate for Central West RPA & Amendment RPA
Hispanic	3.3%	303
Non-Hispanic	96.7%	8,975
Total	100.0 %	9,278

In addition, the distribution of moderate-, low-, very low-, and very, very low-income households residing in the Central West RPA as amended was estimated using data provided by ESRI. As determined by HUD, the definitions of the above-mentioned income categories, adjusted for family size, are as follows:

- i. A very, very low-income household has an adjusted income of less than 30% of the area median income;
- ii. A very low-income household earns between 30% and 50% of the area median income;
- iii. A low-income household earns between 50% and 80% of the area median; and
- iv. A moderate-income household earns between 80% and 120% of the area median.

The estimated distribution of households by income category is summarized below.

Income Range	Percent of Households (ESRI)	Number of Households	Household Income Range (3-Person Households)
Very, very low (up to 30% AMI)	51%	2,788	\$0 - \$20,350
Very low (30% to 50% AMI)	14%	758	\$20,351 - \$33,350
Low (50% to 80% AMI)	11%	602	\$33,351 - \$53,650
Moderate (80% to 120% AMI)	10%	523	\$53,651 - \$81,480
Over 120% AMI	14%	773	\$81,481+
Total	100%	5,444	

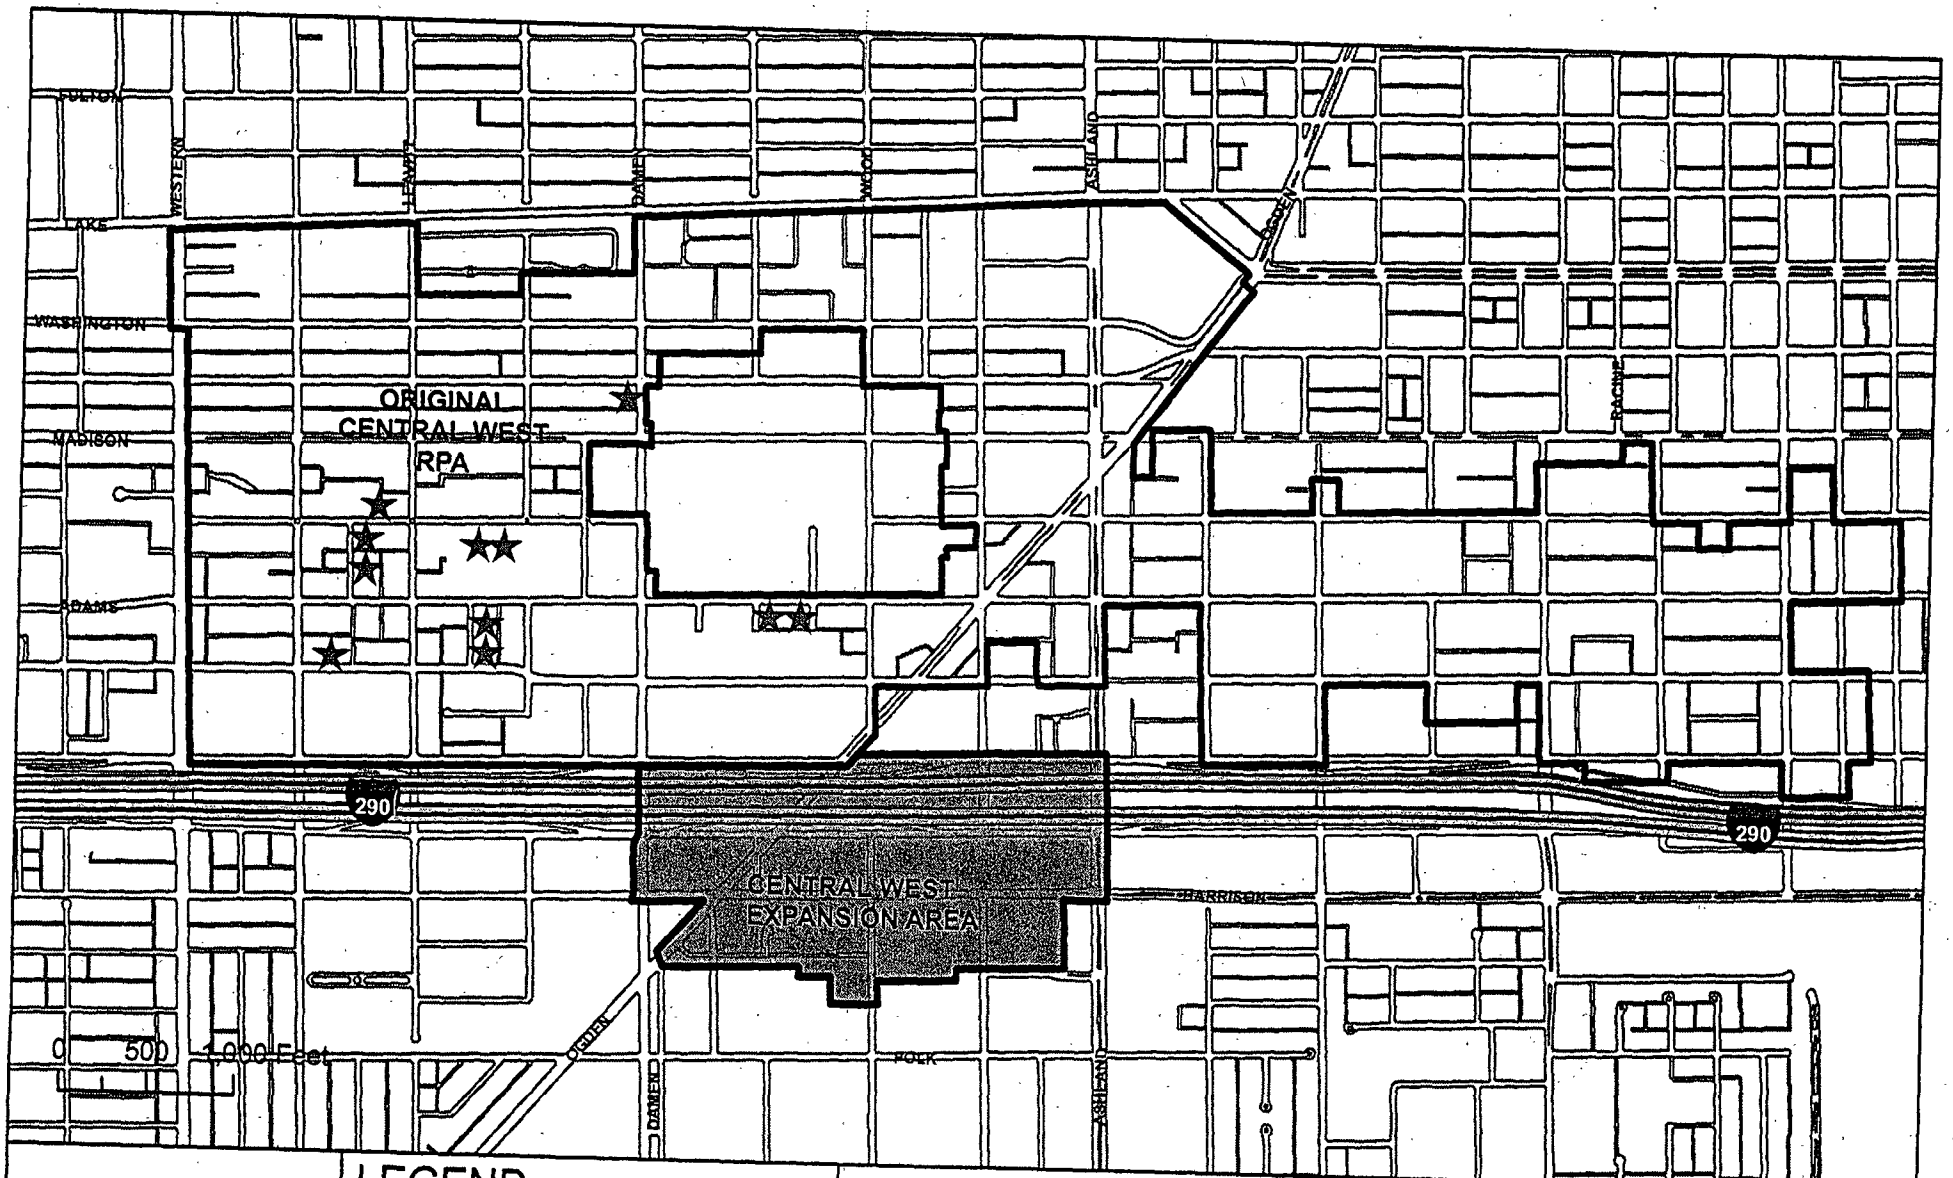

PART II**(i) Number and Location of Units to be Removed**

The primary goals of the Redevelopment Plan include the creation of new development on vacant and underutilized sites, the rehabilitation of existing residential buildings, and the development of new housing for households with a wide range of incomes. Because of this, it is unlikely that displacement of inhabited residential units will take place. However, it is conceivable that during the remaining 16-year life of the RPA, some displacement may occur that is not anticipated at this time. Therefore, *S. B. Friedman & Company* employed the following three-step methodology to estimate the number of inhabited units that could potentially be removed due to redevelopment or new development over the remaining 16-year life of the Central West RPA as amended.

- i. Step one counts all inhabited residential units identified on any acquisition lists or maps included in the Central West Redevelopment Plan. No active acquisition list was identified within the Central West RPA. Therefore, it was assumed that no inhabited residential units are likely to be removed due to City acquisitions.
- ii. Step two counts the number of inhabited residential units located in buildings that are dilapidated or seriously deteriorated as defined by the Act. A survey of the Central West RPA completed in February 2007 identified nine inhabited buildings which were dilapidated or seriously deteriorated. These buildings contained a total of 17 residential units. Therefore it is possible that 17 residential units may be removed due to demolition or rehabilitation of dilapidated or seriously deteriorated buildings.
- iii. Step three counts the number of inhabited residential units that exist where the future land use indicated by the Redevelopment Plan will not include residential uses. After reviewing the Proposed Future Land Use for the Central West RPA as amended, we determined that no units will be impacted by changes to existing land uses. Therefore, the number of inhabited residential units that may be removed due to future land use change is zero.

Based on the methodology described above, *S. B. Friedman & Company* estimates that up to 17 inhabited residential units may be removed as a result of redevelopment projects that are undertaken in accordance with the Redevelopment Plan. The location of these units is illustrated in Map A-1 on the following page.

Based on the income distributions in and around the RPA, it is reasonable to assume that approximately 86% of households that may be displaced during the remaining life of the RPA are of moderate, low, very low, or very, very low income (i.e., 15 households). However, it is possible that up to 100% of potentially displaced households be within these income brackets. Part II, subpart (ii) of this section discusses in detail the availability of replacement housing for households of low income or lower.

(ii) Relocation Plan

The City's plan for relocation assistance for those qualified residents in the Central West RPA and Central West Amendment RPA whose residences may be removed shall be consistent with the requirements set forth in Section 11-74.4-3(n)(7) of the Act. The terms and conditions of such assistance are described in subpart (iv) below. No specific relocation plan has been prepared by the City as of the date of this report.

(iii) Replacement Housing

In accordance with Subsection 11-74.4-3(n)(7) of the Act, the City shall make a good faith effort to ensure that affordable replacement housing located in or near the Central West RPA as amended is available for any qualified displaced residents.

To promote development of affordable housing, the Redevelopment Plan requires that developers who receive tax increment financing assistance for market-rate housing are to set aside at least 20 percent of the units to meet affordability criteria established by the City's Department of Housing. Generally, this means that income-restricted rental units should be affordable to households earning no more than 60 percent of the area median income (adjusted for family size) and for-sale units should be affordable to households earning no more than 100 percent of area median income. If, during the remaining 16-year life of the Central West RPA and Central West Amendment RPA, the acquisition plans change, the City shall make every effort to ensure that appropriate replacement housing will be found in the Redevelopment Project Area or the surrounding Near West Side, West Town, Lower West Side and East Garfield Park Community Areas.

In order to determine the availability of replacement housing for those residents who may potentially be displaced by redevelopment activity, *S. B. Friedman & Company* examined several data sources, including vacancy data from the 2000 U.S. Census, apartment listings from local newspapers, and housing sales data from Multiple Listing Service.

Vacancy Data

According to the 2000 Census, the 29 Block Groups surrounding and encompassing the Central West RPA as amended contained 5,320 housing units, of which 529 (9.9%) were vacant. Of these, approximately 228 were for-sale or for-rent, and 168 were rented or sold but unoccupied. For the purposes of this analysis, the term "RPA Vicinity" refers to these Block Groups. The following table shows the distribution of vacant residential units in the RPA by vacancy status, as compared to the City of Chicago as a whole.

Vacancy Status	Share of All Housing Units (RPA Vicinity)	Citywide Percentage
For rent	3.8%	3.4%
For sale	0.5%	0.8%
Rented/sold, not occupied	3.2%	0.9%
Seasonal/recreational/occasional/migrant	0.0%	0.5%
Other	2.5%	3.0%
TOTAL VACANT UNITS	9.9%	8.6%

The percentage of residential units that are vacant and awaiting rental in the RPA Vicinity is slightly more than that of the City of Chicago (3.8% vs. 3.4%), suggesting that a reasonable supply of replacement rental housing exists in the RPA Vicinity. The percentage of ownership housing units that are vacant and awaiting sale in the RPA Vicinity is comparable to that of the City as a whole, while the overall rate of residential vacancy in the RPA is slightly more than that of the City.

Replacement Rental Housing

According to information obtained from the City of Chicago by *S. B. Friedman & Company*, there are no current projects located within the Central West RPA as amended that will result in a loss of housing units. However, the possibility remains that some existing units may be removed in the future as a result of redevelopment activity over the remaining 16-year life of the RPA. Therefore, our firm has defined a sample of possible replacement rental housing units located within the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas.

The location, type, and cost of this sample were determined through the examination of classified advertisements from the *Chicago Tribune*, *Chicago Sun Times* and *Chicago Reader* during late February and early March 2007. It is important to note that the Chicago metro-area has a rental cycle where apartments turn over at a greater rate on May 1 and October 1 of each year. These higher turnover times would likely reflect a wider variety of rental rates, unit sizes, and locations than those available in the months surveyed for this study.

The range of maximum affordable monthly rents, according to HUD standards, is shown in the following table in comparison with the advertised rents found in the above-mentioned newspaper listings.

Number of Bedrooms	Implied Family Size*	Maximum Monthly Rent (Including Utilities) Affordable to Income Bracket				Observed Range**	Units in Sample

*Derived from the number of bedrooms using HUD formulas.

**Based on a random sample of apartments located in the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas and advertised in the *Chicago Tribune*, *Sun Times* and *Reader* during late February and early March, 2007.

The table on the following page provides a detailed summary of the apartment listings found in the *Chicago Tribune*, *Chicago Sun Times* and *Chicago Reader* during late February and early March 2007. Since HUD affordability standards state that monthly rent, including utilities, should equal no more than 30% of gross household income, *S.B. Friedman & Company* has adjusted the monthly rents listed below to include utility payments using Section 8 utility cost estimates for various apartment unit sizes developed by the Chicago Housing Authority.

The sample collected by *S. B. Friedman & Company* contains a greater proportion of two-bedroom apartments than expected based on 2000 Census data. Approximately 53% of apartments in the sample above contain two bedrooms, as compared to 27% in the RPA Vicinity in 2000. The sample also contains fewer studios and one-bedroom apartments (29%) than expected based on the 2000 Census (51%). Overall, the sample indicates that many of these units are not affordable to very, very low-income households.

S. B. Friedman & Company has also researched the availability of subsidized and income-restricted housing in and near the Central West RPA as amended. According to data provided by the Illinois Housing Development Authority (IHDA), there are at least 1,668 units of income-restricted housing in the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas.

Replacement For-Sale Housing

In order to determine the availability of replacement for-sale housing for those home owners who may potentially be displaced, *S. B. Friedman & Company* reviewed data available from the Multiple Listing Service (MLS) of Northern Illinois which lists most of the currently active for-sale properties in the Northern Illinois region, as well as historical data listing housing sales within the region over the past three years. The following table summarizes housing sales for detached and attached (condominium and town home) residential units within the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas since January 1, 2005. As the table illustrates, the number of units recently sold in or near the Central West RPA as Amended far exceeds the number of potentially displaced units calculated above.

Year	Completed Sales	
	Detached	Attached
2005	270	3,481
2006	246	3,792
2007	53	902
Total	569	8,175

In addition, *S. B. Friedman & Company* researched those properties which are currently listed for sale through the MLS of Northern Illinois in the same Community Areas identified above. Detail regarding the asking price for these units is provided in the table below:

Price Range	Currently Active Properties (as of May 8, 2007)	
	Detached	Attached
\$50,000-\$99,999	1	2
\$100,000-\$149,999	3	9
\$150,000-\$199,999	3	61
\$200,000-\$249,999	7	236
\$250,000-\$299,999	23	385
\$300,000-\$349,999	16	355
\$350,000-\$399,999	18	351
\$400,000-\$449,999	15	256
\$450,000-\$499,999	16	169
\$500,000+	143	334
Total	245	2,158

Based on the available data, it appears that there are a wide range of for-sale housing options available at a variety of price points in the immediate vicinity of the Central West RPA as Amended. Therefore, it can be reasonably assumed that the rental and for-sale residential markets

for the Community Areas in and around the Central West RPA as amended should be adequate to furnish needed replacement housing for those residents that may potentially be displaced because of redevelopment activity within the RPA. There are no planned redevelopment projects that will reduce the number of residential units within the RPA, and those types of mixed-use projects which might be proposed in accordance with the Redevelopment Plan may include new residential units. Therefore, it is assumed that any displacement caused by activities as part of the Redevelopment Plan could potentially occur simultaneously with the development of new housing, either rental or for-sale. As a result, there could potentially be a net gain of residential units within the RPA. Furthermore, it is likely that any displacement of units would occur incrementally over the remaining 16-year life of the RPA as individual development projects are initiated.

(iv) Relocation Assistance

In the event that the implementation of the Plan results in the removal of residential housing units in the Project Area occupied by low-income households or very low-income households, or the displacement of low-income households or very low-income households from such residential housing units, such households shall be provided affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations hereunder, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. The City shall make a good faith effort to ensure that this affordable housing is located in or near the Project Area.

As used in the above paragraph, "low-income households," "very low-income households," and "affordable housing" have the meanings set forth in Section 3 of the Illinois Affordable Housing Act, 310 ILCS 65/3 et seq., as amended. As of the date of this study, these statutory terms are defined as follows:

- (i) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is more than 50% but less than 80% of the median income of the area of residence, adjusted for family size, as such adjusted income and median income are determined from time to time by the United States Department of Housing and Urban Development ("HUD") for purposes of Section 8 of the United States Housing Act of 1937;
- (ii) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is not more than 50% of the median income of the area of residence, adjusted for family size, as so determined by HUD; and
- (iii) "Affordable housing" means residential housing that, so long as the same is occupied by low-income households or very low-income households, requires payment of monthly housing costs, including utilities other than telephone, of no more than 30% of the maximum allowable income for such households, as applicable.

The City of Chicago will make a good faith effort to relocate these households to affordable

housing located in or near the Central West RPA as amended, and will provide relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Policies Act of 1970.

The City shall have no obligation to cure title defects; provided, however, if there are exceptions for general real estate tax liens attributable to taxes due and payable prior to the Closing Date with respect to the Property, the City shall submit to the County a tax abatement letter and/or file a motion to vacate a tax sale in the Circuit Court of Cook County, seeking the exemption or waiver of such pre-closing tax liabilities, but shall have no further duties with respect to any such taxes. The Developer shall furnish the City with three (3) copies of the survey at Developer's sole cost and expense.

- i. Subject to the terms and conditions of this Agreement, including but not limited to this Section 4.03 and Section 5 hereof, the City hereby agrees to provide City funds in an amount not to exceed Three Million Eight Hundred Seventy-Six Thousand Six Hundred Seventy-Three Dollars and 00/100 (\$3,876,673) (the "City Funds") from Available Incremental Taxes to pay for and/or reimburse Heartland for the costs of the TIF-Funded Improvements in the amounts determined under Section 4.03(c).
- ii. The City's financial commitment to provide Available Incremental Taxes for such purposes is subject to the Prior TIF Financings. The City retains the right to fund other projects within the Redevelopment Area using Available Incremental Taxes so long as such funding would not, based upon the City's projections and uses of Available Incremental Taxes at the time the City agrees to provide such funding, result in the amount of Available Incremental Taxes being insufficient to fund the City's obligations under this Agreement.
- iii. Subject to the terms and conditions of this Agreement, payments of the City Funds shall be made to Heartland in installments (each, an "Installment") in accordance with the terms of the Escrow Agreement and upon Heartland's

submission of a draw request (the "Requisition Form") in accordance with Section 4.03(c). Such Installments shall be in the amount set for in Section 4.03(c); provided, however, that the total amount of City Funds expended for TIF-Funded Improvements shall be an amount not to exceed \$3,876,673.

- iv. City Funds derived from Incremental Taxes and available to pay such costs and allocated for such purposes shall be paid in accordance with the terms of this Agreement and the Escrow Agreement only so long as no Event of Default or condition for which the giving of notice or the passage of time, or both, would constitute an Event of Default exists under this Agreement or the Escrow Agreement.

The Developer acknowledges and agrees that the City's obligation to pay any City Funds is contingent upon the conditions set forth in parts (i), (ii), (iii) and (iv) above, as well the Developer's satisfaction of all other applicable terms and conditions of this Agreement, including, without limitation, compliance with the covenants in Section 8.20. In the event that such conditions are not fulfilled, the amount of Lender Financing and/or Equity to be contributed by the Developer pursuant to Section 4.01 hereof shall be increased, as necessary, to complete the Project.

(c) Payment Amount. (i) The Installments, to be paid pursuant to a draw request in accordance with the Escrow Agreement and upon submission of a Requisition Form, shall be as follows:

<u>Installment</u>	<u>Payment Trigger</u>	<u>Payment Amount</u>
One	On the Closing Date	Not to Exceed \$500,000
Two	Upon 50% completion	\$1,688,337
Three	Upon 75% completion	\$844,168
Four	Certificate of Completion Issued Pursuant to <u>Section 7.01</u> herein	\$ 844,168*

* Installment Four shall be increased to include any amount less than \$500,000 not paid in Installment One.

(ii) Any delay in the construction completion date greater than six (6) months from the date set forth in Section 3.01(ii) shall result in the City no longer being obligated to reserve Available Increment in anticipation of paying Installments in accordance with Section 4.03(c)(i).

(iii) To the extent that the actual Project costs are less than the budgeted Project costs as set forth in Project Budget (such amount being a "Surplus"), the City Funds can be reduced or reimbursed to the City (as the case may be) by the amount of the Surplus, if and as provided for in accordance with the terms of the Escrow Agreement.

4.04 Construction Escrow. The City, the Developer, the Title Company, the General Contractor and Lenders, if any, shall enter into an Escrow Agreement. All disbursements of City Funds shall be made through the funding of draw requests with respect thereto pursuant to the Escrow Agreement and this Agreement. In case of any conflict between the terms of this Agreement and the Escrow Agreement with respect to the payment of City Funds hereunder, the terms of this Agreement shall control. The City shall receive copies of any draw requests and

related documents submitted to the Title Company for disbursements under the Escrow Agreement and disbursements shall be approved in accordance with Section 4.07 hereof, and in accordance with the Escrow Agreement.

4.05 Treatment of Prior Expenditures and Subsequent Disbursements.

(a) Prior Expenditures. Only those expenditures previously paid [or accrued by] Heartland with respect to the Project prior to the Closing Date, evidenced by documentation satisfactory to HED and approved by HED as satisfying costs covered in the Project Budget, shall be considered previously contributed Equity or Lender Financing hereunder (the "Prior Expenditures"). HED shall have the right, in its sole discretion, to disallow any such expenditure as a Prior Expenditure. Exhibit I hereto sets forth the prior expenditures approved by HED as of the date hereof as Prior Expenditures. Prior Expenditures made for items other than TIF-Funded Improvements shall not be paid to Heartland but shall increase the amount of Equity and/or Lender Financing required to be contributed by the Developer pursuant to Section 4.01 hereof.

(b) Subsequent Disbursements. Disbursements of City Funds for expenditures related to TIF-Funded Improvements may be allocated to and charged against the appropriate line only, with transfers of costs and expenses from one line item to another, without the prior written consent of HED, being prohibited, subject to the terms of Section 3.04. HED shall not unreasonably withhold its consent to such transfers so long as the Corporation Counsel has advised HED that an expenditure qualifies as an eligible cost under the Act.

(c) City Fee. Annually, the City may allocate an amount not to exceed ten percent (10%) of the Incremental Taxes for payment of costs incurred by the City for the administration and monitoring of the Redevelopment Area, including the Project (the "City Fee"). Such fee shall be in addition to and shall not be deducted from or considered a part of the City Funds, and the City shall have the right to receive such funds prior to any payment of City Funds hereunder.

4.06 Cost Overruns. If the aggregate cost of the TIF-Funded Improvements exceeds City Funds available pursuant to Section 4.03 hereof, or if the cost of completing the Project exceeds the Project Budget, the Developer shall be solely responsible for such excess cost, and shall hold the City harmless from any and all costs and expenses of completing the TIF-Funded Improvements in excess of City Funds and of completing the Project.

4.07 Preconditions of Disbursement. As a condition to the disbursement of City Funds hereunder, Heartland shall submit, at the time of submission of the Requisition Form in accordance with Section 4.03(c), supporting documentation regarding the applicable expenditures to HED, which shall be satisfactory to HED in its sole discretion. Delivery by Heartland to HED of any request for disbursement of City Funds hereunder shall, in addition to the items therein expressly set forth, constitute a certification by the Developer to the City, as of the date of such request for disbursement, that:

(a) the actual amount paid to the General Contractor and/or subcontractors who have performed work on the Project, and/or their payees is equal to or greater than the total amount of the disbursement request;

(b) all amounts shown as previous payments on the current Requisition Form have been paid to the parties entitled to such payment;

(c) the Developer has approved all work and materials for the current Requisition Form, and such work and materials conform to the Plans and Specifications;

(d) the representations and warranties contained in this Agreement are true and correct and the Developer is in compliance with all covenants contained herein;

(e) the Developer has received no notice and has no knowledge of any liens or claim of lien either filed or threatened against the Property except for the Permitted Liens and/or liens bonded by the Developer or insured by the Title Company; and

(f) no Event of Default or condition or event which, with the giving of notice or passage of time or both, would constitute an Event of Default exists or has occurred.

The City shall have the right, in its discretion, to require the Developer to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and any disbursement by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Developer. In addition, the Developer shall have satisfied all other preconditions of disbursement of City Funds for each disbursement, including but not limited to requirements set forth in, any tax credit regulatory agreements, the TIF Ordinances, this Agreement and/or the Escrow Agreement.

4.08 Conditional Payment of City Funds. The City Funds being provided hereunder are being provided to Heartland on a conditional basis, subject to the Developer's compliance with the provisions of this Agreement. The City Funds are subject to being reimbursed if number of Units at the Facility ceases to be utilized as affordable rental housing in accordance with Section 8.19 hereof during the Term of the Agreement. The payment of City Funds is subject to being terminated and/or reimbursed, as provided for in Section 15.

SECTION 5. CONDITIONS PRECEDENT

The following conditions have been complied with to the City's satisfaction on or prior to the Closing Date:

5.10 Evidence of Prior Expenditures. The Developer has provided evidence satisfactory to HED in its sole discretion of the Prior Expenditures in accordance with the provisions of Section 4.05 hereof.

5.11 Financial Statements. Heartland has provided Financial Statements to HED for its most recently completed fiscal year, and audited, if any, or unaudited interim financial statements for the period after the end of the most recently completed fiscal year. Viceroy has provided or shall provide a balance sheet reviewed by a certified public accountant to HED on or before the Closing Date. Following receipt of the Certificate, Viceroy shall provide to HED complete, audited financial statements prepared by a certified public accountant in accordance with generally accepted accounting principles.

SECTION 6. AGREEMENTS WITH CONTRACTORS

6.01 Bid Requirement for General Contractor and Subcontractors. The City has approved the Developer's selection of _____, a [STATE][ENTITY TYPE], as the General Contractor. The Developer shall submit copies of the Construction Contract to HED in accordance with Section 6.02 below. Photocopies of all subcontracts entered or to be entered into in connection with the TIF-Funded Improvements shall be provided to HED within five (5) business days of the execution thereof. The Developer shall ensure that the General Contractor shall not (and shall cause the General Contractor to ensure that the subcontractors shall not) begin

work on the Project until the Plans and Specifications have been approved by HED and all requisite permits have been obtained.

6.02 Construction Contract. Prior to the execution thereof, the Developer shall deliver to HED a copy of the proposed Construction Contract with the General Contractor selected to handle the Project in accordance with **Section 6.01** above, for HED's prior written approval, which shall be granted or denied within ten (10) business days after delivery thereof. 6.03 Performance and Payment Bonds. Prior to the commencement of any portion of the Project which includes work on the public way, the Developer shall require that the General Contractor be bonded for its payment by sureties having an A rating or better using a bond (American Institute of Architect's Form No. A311 or its equivalent) or a letter of credit. The City shall be named as obligee or co-obligee on any such bonds.

6.04 Employment Opportunity. The Developer shall contractually obligate and cause the General Contractor and each subcontractor to agree to the provisions of **Section 10** hereof.

6.05 Other Provisions. In addition to the requirements of this **Section 6**, the Construction Contract and each contract with any subcontractor shall contain provisions required pursuant to **Section 3.04** (Change Orders), **Section 8.07** (Employment Profile), **Section 8.08** (Prevailing Wage), **Section 10.01(e)** (Employment Opportunity), **Section 10.02** (City Resident Employment Requirement), **Section 10.03** (MBE/WBE Requirements, as applicable), **Section 12** (Insurance) and **Section 14.01** (Books and Records) hereof. SECTION 7. COMPLETION OF REHABILITATION

7.01 Certificate of Completion.

(a) Upon (i) satisfaction of the conditions set forth in **Section 7.01(c)** hereof, and (ii) upon Developer's written request, HED shall issue to the Developer a Certificate in recordable form certifying that the Developer has fulfilled its obligation to complete the Project in accordance with the terms of this Agreement.

(b) HED shall respond to the Developer's written request for a Certificate within forty-five (45) days by issuing either a Certificate or a written statement detailing the ways in which the Project does not conform to this Agreement or has not been satisfactorily completed, and the measures which must be taken by the Developer in order to obtain the Certificate. The Developer may resubmit a written request for a Certificate upon completion of such measures.

(c) Developer acknowledges that the City will not issue a Certificate until the following conditions have been met:

(i) the Developer has given the City written notification that the Project, including all of the TIF-Funded Improvements, has been completed;

(ii) the Developer has provided HED with evidence acceptable to HED showing that Developer has completed the Project in compliance with the plans and specifications and all building permit requirements, including, without limitation, receipt of certificate(s) of occupancy for one hundred percent (100%) of the Units of the Project;

(iii) the City's monitoring unit has determined in writing that the Developer is in complete compliance with all requirements of Section 8.08 (Prevailing Wage) and Section 10 (Developer's Employment Obligations);

(iv) the Developer has provided documentation acceptable to HED showing that the Developer's Part Three application has been submitted and approved by the Illinois Historic Preservation Agency. If there is a lack of approval of Developer's Part Three submission, and such lack of approval (A) is the sole requirement not met for issuance of the Certificate by HED pursuant to this Agreement, and (B) has not resulted in any reduction of funds in order to complete the Project in accordance with the scope of work approved by HED and Landmarks in accordance with Sections 3.02 and 3.04 hereof, then HED, may, but shall not be obligated to, in the HED Commissioner's sole discretion, issue the Certificate; and

(v) the Developer has provided documentation satisfactory to the City (including written verification from the Developer's architect) that it has (A) satisfied the environmental requirements of the Project, (B) submitted its enrollment application for participation in the Chicago Green Homes Program, and (C) completed rehabilitation of the Project in a manner sufficient to qualify for the Chicago Green Homes 2 Star designation in accordance with the Chicago Green Homes Program requirements and Program Guide version 2.0 published April 2009, as amended from time to time.

(d) Developer acknowledges that the City will not issue a Certificate if there exists an Event of Default under Section 15.01 which has not been cured pursuant to Section 15.03 or Section 15.04.

7.02 Effect of Issuance of Certificate; Continuing Obligations. The Certificate relates only to the rehabilitation of the Project, and upon its issuance, the City will certify that the terms of the Agreement specifically related to the Developer's obligation to complete such activities have been satisfied. After the issuance of a Certificate, however, all executory terms and conditions of this Agreement and all representations and covenants contained herein will continue to remain in full force and effect throughout the Term of the Agreement as to the parties described in the following paragraph, and the issuance of the Certificate shall not be construed as a waiver by the City of any of its rights and remedies pursuant to such executory terms.

Those covenants specifically described at Sections 8.02, 8.18, 8.19, 8.20, 8.21 and 11.04 as covenants that run with the land are the only covenants in this Agreement intended to be binding upon any transferee of the Property (including an assignee as described in the following sentence) throughout the Term of the Agreement notwithstanding the issuance of a Certificate; provided, that upon the issuance of a Certificate, the covenants set forth in Section 8.02 shall be deemed to have been fulfilled. The other executory terms of this Agreement that remain after the issuance of a Certificate shall be binding only upon the Developer or a permitted assignee of the Developer who, pursuant to Section 18.15 of this Agreement, has contracted to take an assignment of the Developer's rights under this Agreement and assume the Developer's liabilities hereunder.

7.03 Failure to Complete. If the Developer fails to complete the Project in accordance with the terms of this Agreement, then the City has, but shall not be limited to, any of the following rights and remedies:

(a) the right to terminate this Agreement and cease all disbursement of City Funds not yet disbursed pursuant hereto;

(b) the right (but not the obligation) to complete those TIF-Funded Improvements that are public improvements and to pay for the costs of such TIF-Funded Improvements (including interest costs) out of City Funds or other City monies. In the event that the aggregate cost of completing such TIF-Funded Improvements exceeds the amount of City Funds available pursuant to **Section 4.01**, the Developer shall reimburse the City for all reasonable costs and expenses incurred by the City in completing such TIF-Funded Improvements in excess of the available City Funds; and

(c) the right to seek reimbursement of the City Funds from the Developer.

7.04 Notice of Expiration of Term of Agreement. Upon the expiration of the Term of the Agreement, HED shall provide the Developer, at the Developer's written request, with a written notice in recordable form stating that the Term of the Agreement has expired.

SECTION 8. COVENANTS/REPRESENTATIONS/WARRANTIES OF THE DEVELOPER.

8.01 General. The Developer represents, warrants and covenants, as of the date of this Agreement and as of the date of each disbursement of City Funds hereunder, that:

(a) Viceroy is an Illinois limited partnership and Heartland is an Illinois not-for-profit corporation, each duly organized, validly existing, qualified to do business in Illinois, and each licensed to do business in any other state where, due to the nature of its activities or properties, such qualification or license is required;

(b) each of Viceroy and Heartland has the right, power and authority to enter into, execute, deliver and perform this Agreement, as applicable hereto;

(c) the execution, delivery and performance by the Developer of this Agreement has been duly authorized by all necessary action, and does not and will not violate (as applicable) its Articles of Organization, by-laws or partnership agreement as amended and supplemented, any applicable provision of law, or constitute a breach of, default under or require any consent under any agreement, instrument or document to which the Developer is now a party or by which the Developer is now or may become bound;

(d) unless otherwise permitted or not prohibited pursuant to or under the terms of this Agreement, Viceroy (following the sale and conveyance of the Property by Heartland to Viceroy) shall maintain good, indefeasible and merchantable fee simple title to the Property (and all improvements thereon) free and clear of all liens (except for the Permitted Liens and/or liens bonded by the Developer or insured by the Title Company, Lender Financing as disclosed in the Project Budget and Non-Governmental Charges that the Developer is contesting in good faith pursuant to **Section 8.14(b)** hereof);

(e) the Developer is now and for the Term of the Agreement shall remain solvent and able to pay its debts as they mature;

(f) there are no actions or proceedings by or before any court, governmental commission, board, bureau or any other administrative agency pending, threatened or affecting the Developer which would impair its ability to perform under this Agreement;

(g) the Developer has and shall maintain all government permits, certificates and consents (including, without limitation, appropriate environmental approvals) necessary to conduct its business and to construct, complete and, following the City's issuance of all applicable certificates of occupancy, operate the Project;

(h) the Developer is not in default with respect to any indenture, loan agreement, mortgage, deed, note or any other agreement or instrument related to the borrowing of money to which the Developer is a party or by which the Developer is bound;

(i) the Financial Statements are, and when hereafter required to be submitted will be, complete, correct in all material respects and accurately present the assets, liabilities, results of operations and financial condition of the Developer, and there has been no material adverse change in the assets, liabilities, results of operations or financial condition of the Developer since the date of the Developer's most recent Financial Statements;

(j) prior to the issuance of the Certificate pursuant to Section 7.01, the Developer shall not do any of the following without the prior written consent of HED, which consent shall be in HED's sole discretion: (1) be a party to any merger, liquidation or consolidation; (2) sell (including, without limitation, any sale and leaseback), transfer, convey, lease (except the lease of the Facility's Units to tenants in accordance with Section 8.19 herein and the Commercial Space in the ordinary course of Viceroy's operation of the Project) or otherwise dispose of all or substantially all of its assets or any portion of the Property (including but not limited to any fixtures or equipment now or hereafter attached thereto); (3) enter into any transaction outside the ordinary course of the Developer's business; (4) assume, guarantee, endorse, or otherwise become liable in connection with the obligations of any other person or entity (excluding any guaranty or other liability undertaken by Heartland on its own behalf [or on behalf of its affiliates] relating to the development and operation of affordable housing in the City so long as such guaranty or liability does not materially adversely affect completion of the Project); or (5) enter into any transaction that would cause a material and detrimental change to the Developer's financial condition;

(k) the Developer has not incurred, and, prior to the issuance of the Certificate pursuant to Section 7.01, shall not, without the prior written consent of the Commissioner of HED, allow the existence of any liens against the Property (or improvements thereon) other than the Permitted Liens and/or liens bonded by the Developer or insured by the Title Company; or incur any indebtedness, secured or to be secured by the Property (or improvements thereon) or any fixtures now or hereafter attached thereto, except Lender Financing disclosed in the Project Budget;

(l) has not made or caused to be made, directly or indirectly, any payment, gratuity or offer of employment in connection with the Agreement or any contract paid from the City treasury or pursuant to City ordinance, for services to any City agency ("City Contract") as an inducement for the City to enter into the Agreement or any City Contract with the Developer in violation of Chapter 2-156-120 of the Municipal Code of the City;

(m) neither the Developer nor any affiliate of the Developer is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. For purposes of this subparagraph (m) only, the term "affiliate," when used to indicate a relationship with a specified person or entity, means a person or entity that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with such specified person or entity, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise; and

(n) Developer agrees that Developer, any person or entity who directly or indirectly has an ownership or beneficial interest in Developer of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Developer's contractors (i.e., any person or entity in direct contractual privity with Developer regarding the subject matter of this Agreement) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (Developer and all the other preceding classes of persons and entities are together, the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fundraising committee (i) after execution of this Agreement by Developer, (ii) while this Agreement or any Other Contract (as defined below) is executory, (iii) during the term of this Agreement or any Other Contract between Developer and the City, or (iv) during any period while an extension of this Agreement or any Other Contract is being sought or negotiated.

Developer represents and warrants that from the later of (i) February 10, 2005, or (ii) the date the City approached the Developer or the date the Developer approached the City, as applicable, regarding the formulation of this Agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Developer agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Developer agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 2011-4.

Developer agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order No. 2011-4 constitutes a breach and default under this Agreement, and under any Other Contract for which no opportunity to cure will be granted unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including without limitation termination for default) under this Agreement, under any Other Contract,

at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Developer intentionally violates this provision or Mayoral Executive Order No. 2011-4 prior to the closing of this Agreement, the City may elect to decline to close the transaction contemplated by this Agreement.

For purposes of this provision:

"Bundle" means to collect contributions from more than one source which are then delivered by one person to the Mayor or to his political fundraising committee.

"Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

Individuals are "Domestic Partners" if they satisfy the following criteria:

- (B) neither party is married; and
- (C) the partners are not related by blood closer than would bar marriage in the State of Illinois; and
- (D) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and
- (E) two of the following four conditions exist for the partners:
 - 1. The partners have been residing together for at least 12 months.
 - 2. The partners have common or joint ownership of a residence.
 - 3. The partners have at least two of the following arrangements:
 - a. joint ownership of a motor vehicle;
 - b. a joint credit account;
 - c. a joint checking account;
 - d. a lease for a residence identifying both domestic partners as tenants.
 - 4. Each partner identifies the other partner as a primary beneficiary in a will.

"Other Contract" means any other agreement with the City of Chicago to which Developer is a party that is (i) formed under the authority of chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council of the City of Chicago.

"Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

8.02 Covenant to Redevelop. Upon HED's approval of the Project Budget, the Scope Drawings and Plans and Specifications as provided in Sections 3.02 and 3.03 hereof, and the Developer's receipt of all required building permits and governmental approvals, the Developer shall redevelop the Property in accordance with this Agreement and all Exhibits attached hereto, the TIF Ordinances, the Scope Drawings, Plans and Specifications, Project Budget and all amendments

thereto, and all Laws applicable to the Project, the Property and/or the Developer, including, without limitation, all Environmental Laws. The covenants set forth in this Section shall run with the land and be binding upon any transferee, but shall be deemed satisfied upon issuance by the City of the Certificate with respect thereto.

8.03 Redevelopment Plan. The Developer represents that the Project is and shall be in compliance with all of the terms of the Redevelopment Plan.

8.04 Use of City Funds. City Funds disbursed to Heartland shall be used by Heartland solely to pay for (or to reimburse Heartland for its payment for) the TIF-Funded Improvements as provided in this Agreement.

8.05 Reserved.

8.06 Employment Opportunity; Progress Reports. The Developer covenants and agrees to abide by, and contractually obligate and use reasonable efforts to cause the General Contractor, and, as applicable, to cause the General Contractor to contractually obligate each subcontractor to abide by the terms set forth in **Sections 8.08 and 10** hereof. The Developer shall deliver to the City written progress reports detailing compliance with the requirements of **Sections 8.08, 10.02 and 10.03** of this Agreement. Such reports shall be delivered to the City monthly. If any such reports indicate a shortfall in compliance, the Developer shall also deliver a plan to HED which shall outline, to HED's satisfaction, the manner in which the Developer shall correct any shortfall.

8.07 Employment Profile. The Developer shall submit, and contractually obligate and cause the General Contractor or any subcontractor to submit, to HED, from time to time, statements of its employment profile upon HED's request.

8.08 Prevailing Wage. Unless required to pay federal "Davis-Bacon" wages pursuant to the terms of the Lender Financing or project-based section 8 federal rental subsidy for the Project, the Developer covenants and agrees to pay, and to contractually obligate and cause the General Contractor and each subcontractor to pay, the prevailing wage rate as ascertained by the Illinois Department of Labor (the "Department"), to all Project employees. All such contracts shall list the specified rates to be paid to all laborers, workers and mechanics for each craft or type of worker or mechanic employed pursuant to such contract. If the Department revises such prevailing wage rates, the revised rates shall apply to all such contracts. Upon the City's request, the Developer shall provide the City with copies of all such contracts entered into by the Developer or the General Contractor to evidence compliance with this **Section 8.08**.

8.09 Arms-Length Transactions. Unless the City has given its prior written consent with respect thereto as set forth in this Agreement, no Affiliate of the Developer may receive any portion of City Funds, directly or indirectly, in payment for work done, services provided or materials supplied in connection with any TIF-Funded Improvement. The Developer shall provide information with respect to any entity to receive City Funds directly or indirectly (whether through payment to the Affiliate by the Developer and reimbursement to the Developer for such costs using City Funds, or otherwise), upon HED's request, prior to any such disbursement.

8.10 Conflict of Interest. Pursuant to **Section 5/11-74.4-4(n)** of the Act, the Developer represents, warrants and covenants that, to the best of its knowledge, no member, official, or employee of the City, or of any commission or committee exercising authority over the Project, the Redevelopment Area or the Redevelopment Plan, or any consultant hired by the City with respect

thereto, owns or controls, has owned or controlled or will own or control any interest, and no such person shall represent any person, as agent or otherwise, who owns or controls, has owned or controlled, or will own or control any interest, direct or indirect, in the Developer's business, the Property or any other property in the Redevelopment Area.

8.11 Disclosure of Interest. The Developer's counsel has no direct or indirect financial ownership interest in the Developer, the Property or any other aspect of the Project.

8.12 Financial Statements. Heartland shall obtain and provide to HED Financial Statements, and Viceroy shall provide a balance sheet, for the Developer's fiscal year ended December 31, 2010 and for each year thereafter the Developer shall obtain and provide HED Financial Statements within 90 days after the end of such fiscal year for the Term of the Agreement. 8.13 Insurance. The Developer, at its own expense, shall comply with all provisions of **Section 12** hereof.

8.14 Non-Governmental Charges. (a) **Payment of Non-Governmental Charges.** Except for the Permitted Liens and/or liens bonded by the Developer or insured by the Title Company, the Developer agrees to pay or cause to be paid when due any Non-Governmental Charge assessed or imposed upon the Project, the Property or any fixtures that are or may become attached thereto, which creates, may create, or appears to create a lien upon all or any portion of the Property or Project; **provided however**, that if such Non-Governmental Charge may be paid in installments, the Developer may pay the same together with any accrued interest thereon in installments as they become due and before any fine, penalty, interest, or cost may be added thereto for nonpayment. The Developer shall furnish to HED, within thirty (30) days of HED's written request, official receipts from the appropriate entity, or other proof satisfactory to HED, evidencing payment of the Non-Governmental Charge in question.

(b) **Right to Contest.** The Developer has the right, before any delinquency occurs:

(i) to contest or object in good faith to the amount or validity of any Non-Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charge, prevent the imposition of a lien or remove such lien, or prevent the sale or forfeiture of the Property (so long as no such contest or objection shall be deemed or construed to relieve, modify or extend the Developer's covenants to pay any such Non-Governmental Charge at the time and in the manner provided in this **Section 8.14**); or

(ii) at HED's sole option, to furnish a good and sufficient bond or other security satisfactory to HED in such form and amounts as HED shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charge and all interest and penalties upon the adverse determination of such contest.

8.15 Developer's Liabilities. The Developer shall not enter into any transaction that would materially and adversely affect its ability to perform its obligations hereunder or to repay any material

liabilities or perform any material obligations of the Developer to any other person or entity. The Developer shall immediately notify HED of any and all events or actions which may materially affect the Developer's ability to carry on its business operations or perform its obligations under this Agreement or any other documents and agreements.

8.16 Compliance with Laws.

(a) **Representation.** To the best of the Developer's knowledge, after diligent inquiry, the Property and the Project are and shall be in compliance with all applicable Laws pertaining to or affecting the Project and the Property. Upon the City's request, the Developer shall provide evidence satisfactory to the City of such compliance.

(b) **Covenant.** Developer covenants that the Property and the Project will be operated and managed in compliance with all applicable Federal, State and local laws, statutes, ordinances, rules, regulations, executive orders and codes. Upon the City's request, Developer will provide evidence to the City of its compliance with this covenant.

8.17 Recording and Filing. The Developer shall cause this Agreement, certain exhibits (as specified by Corporation Counsel), all amendments and supplements hereto to be recorded and filed against the Property on the date hereof in the conveyance and real property records of the county in which the Project is located. This Agreement shall be recorded prior to any mortgage made in connection with Lender Financing or the mortgages securing any loans made by Heartland to Viceroy. The Developer shall pay all fees and charges incurred in connection with any such recording. Upon recording, the Developer shall immediately transmit to the City an executed original of this Agreement showing the date and recording number of record.

8.18 Real Estate Provisions.

(a) Governmental Charges.

(i) **Payment of Governmental Charges.** The Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are assessed or imposed upon the Developer, the Property or the Project, or become due and payable, and which create, may create, a lien upon the Developer or all or any portion of the Property or the Project. "Governmental Charge" shall mean all federal, State, county, the City, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances (except for those assessed by foreign nations, states other than the State of Illinois, counties of the State other than Cook County, and municipalities other than the City); including any/all penalties, fees, and interest associated thereto, relating to the Developer, the Property or the Project including but not limited to real estate taxes.

(ii) **Right to Contest.** The Developer has the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition of a lien or the sale or forfeiture of the Property. No such contest or objection shall be deemed or construed in any way as relieving, modifying or extending the Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless the Developer has given prior written notice to HED of the

Developer's intent to contest or object to a Governmental Charge and, unless, at HED's sole option,

(i) the Developer shall demonstrate to HED's satisfaction that legal proceedings instituted by the Developer contesting or objecting to a Governmental Charge shall conclusively operate to prevent or remove a lien against, or the sale or forfeiture of, all or any part of the Property to satisfy such Governmental Charge prior to final determination of such proceedings; and/or

(ii) the Developer shall furnish a good and sufficient bond or other security satisfactory to HED in such form and amounts as HED shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.

(b) Developer's Failure To Pay Or Discharge Lien. If the Developer fails to pay any Governmental Charge or to obtain discharge of the same, the Developer shall advise HED thereof in writing, at which time HED may, but shall not be obligated to, and without waiving or releasing any obligation or liability of the Developer under this Agreement, in HED's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which HED deems advisable. All sums so paid by HED, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, shall be promptly disbursed to HED by the Developer. Notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. Additionally, if the Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require the Developer to submit to the City audited Financial Statements at the Developer's own expense.

(c) Real Estate Taxes.

(i) Acknowledgment of Real Estate Taxes. The Developer agrees that for the purpose of this Agreement, the minimum assessed value of the Property ("Minimum Assessed Value") is shown on Exhibit K attached hereto and incorporated herein by reference.

(ii) Real Estate Tax Exemption. With respect to the Property or the Project, neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of this Agreement, seek, or authorize any exemption (as such term is used and defined in the Illinois Constitution, Article IX, Section 6 (1970)) for any year that the Redevelopment Plan is in effect; provided, however, nothing contained in this provision shall preclude Developer from applying for and receiving any reduction in the amount of real estate taxes payable for the Project or the Property, subject to the provisions of clause (iii) below.

(iii) No Reduction in Real Estate Taxes. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of this Agreement, directly or indirectly, initiate, seek or apply for proceedings in order to lower the assessed value of all or any portion of the Property or the Project below the amount of the Minimum Assessed Value as shown in Exhibit K; provided,

however, the Developer is permitted to apply for a [Class 9 or similar designation] from Cook County even if such designation with respect to the Property would result in an assessed value below the Minimum Assessed Value shown on Exhibit K.

(iv) No Objections. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer, shall object to or in any way seek to interfere with, on procedural or any other grounds, the filing of any Underassessment Complaint or subsequent proceedings related thereto with the Cook County Assessor or with the Cook County Board of Appeals, by either the City or any taxpayer. The term "Underassessment Complaint" as used in this Agreement shall mean any complaint seeking to increase the assessed value of the Property up to (but not above) the Minimum Assessed Value as shown in Exhibit K; provided, however, the Developer is permitted to apply for a [Class 9 or similar designation] from Cook County.

(v) Covenants Running with the Land. The parties agree that the restrictions contained in this Section 8.18(c) are covenants running with the land and this Agreement shall be recorded by the Developer as a memorandum thereof, at the Developer's expense, with the Cook County Recorder of Deeds on the Closing Date. These restrictions shall be binding upon the Developer and its agents, representatives, lessees, successors, assigns and transferees from and after the date hereof; provided however, that the covenants shall be released when the Redevelopment Area is no longer in effect. The Developer agrees that any sale (including, without limitation, any sale and leaseback), lease, conveyance, or transfer of title to all or any portion of the Property or Redevelopment Area from and after the date hereof, including the transfer of title from Heartland to Viceroy, shall be made explicitly subject to such covenants and restrictions. Notwithstanding anything contained in this Section 8.18(c) to the contrary, the City, in its sole discretion and by its sole action, without the joinder or concurrence of the Developer, its successors or assigns, may waive and terminate the Developer's covenants and agreements set forth in this Section 8.18(c).

8.19 Affordable Housing Covenant. The Developer agrees and covenants to the City that, prior to any foreclosure of the Property by a Lender and during the Term of this Agreement, the provisions of that certain Donation Tax Credit Agreement executed by and between the Developer and HED as of the date hereof shall govern the terms of the Developer's obligation to provide affordable housing. Following foreclosure, if any, and from the date of such foreclosure through the Term of the Agreement, the following provisions shall govern the terms of the obligation to provide affordable housing under this Agreement:

(a) The Facility shall be operated and maintained solely as residential rental housing;

(b) All of the Units in the Facility shall be available for occupancy to and be occupied solely by one or more persons qualifying as Low Income Families (as defined below) upon initial occupancy; and

(c) All of the Units in the Facility have monthly rents, payable by the respective tenant, at or below 60% of the Chicago-area median income in accordance with the rules specified in Section 42(g)(2) of the Internal Revenue Code of 1986, as amended; provided, however, that for any unit occupied by a Family (as defined below) that no longer qualifies as a Low Income Family due to an increase in such Family's income since the date of its initial occupancy of such unit, the maximum monthly rent for such unit shall not exceed thirty percent (30%) of such Family's monthly income.

(d) As used in this Section 8.19, the following terms has the following meanings:

(i) "Family" shall mean one or more individuals, whether or not related by blood or marriage; and

(ii) "Low Income Families" shall mean Families whose annual income does not exceed sixty percent (60%) of the Chicago-area median income, adjusted for Family size, as such annual income and Chicago-area median income are determined from time to time by the United States Department of Housing and Urban Development, and thereafter such income limits shall apply to this definition.

(e) The covenants set forth in this Section 8.19 shall run with the land and be binding upon any transferee.

(f) The City and the Developer may enter into a separate agreement to implement the provisions of this Section 8.19.

8.20 Occupancy; Permitted Uses.

For each Reporting Period, the Developer shall deliver as part of it's Annual Report, documentation regarding occupancy of the Units, to the satisfaction of the City, which shall include a certified tenant rent roll along with such other information as the City shall request (the "Occupancy Report"), demonstrating, among other things, compliance with Section 8.19 hereof. Developer shall cause the Facility to be used in accordance with Section 8.19 hereof and the Redevelopment Plan. The covenants contained in this Section 8.20 shall run with the land and be binding upon any transferee for the term of this Agreement.

8.21 Annual Report. Developer shall provide to HED an Annual Report consisting of (a) a letter from the Developer itemizing all ongoing requirements including references to all the relevant Sections of this Agreement, and (b) sufficient documentation and certifications to evidence that all ongoing requirements have been satisfied during the preceding reporting period. The Annual Report shall be submitted each year, for ten (10) years, on the yearly anniversary of the issuance of the Certificate of Completion (each such year being a "Reporting Period"). Failure by the Developer to submit the Annual Report shall constitute an Event of Default under Section 15.01 hereof, without notice or opportunity to cure pursuant to Section 15.03 hereof. The covenants contained in this Section 8.21 shall run with the land and be binding upon any transferee for the term of this Agreement.

8.22 Survival of Covenants. All warranties, representations, covenants and agreements of the Developer contained in this Section 8 and elsewhere in this Agreement shall be true, accurate and complete at the time of the Developer's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and (except as provided in Section 7 hereof upon the issuance of a Certificate) shall be in effect throughout the Term of the Agreement.

SECTION 9. COVENANTS/REPRESENTATIONS/WARRANTIES OF CITY

9.01 General Covenants. The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder.

9.02 Survival of Covenants. All warranties, representations, and covenants of the City contained in this **Section 9** or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

SECTION 10. DEVELOPER'S EMPLOYMENT OBLIGATIONS

10.01 Employment Opportunity. The Developer, on behalf of itself and its successors and assigns, hereby agrees, and shall contractually obligate its or their various contractors, subcontractors or any Affiliate of the Developer operating on the Property (collectively, with the Developer, the "Employers" and individually an "Employer") to agree, that for the Term of this Agreement with respect to Developer and during the period of any other party's provision of services in connection with the rehabilitation of the Project or occupation of the Property:

(a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq., Municipal Code, except as otherwise provided by said ordinance and as amended from time to time (the "Human Rights Ordinance"). Each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Employers, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

(b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City and preferably of the Redevelopment Area; and to provide that contracts for work in connection with the rehabilitation of the Project be awarded to business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Area.

(c) Each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

(d) Each Employer, in order to demonstrate compliance with the terms of this Section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) Each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any Affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or Affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this Section 10.01 shall be a basis for the City to pursue remedies under the provisions of Section 15.02 hereof.

10.02 City Resident Construction Worker Employment Requirement. The Developer agrees for itself and its successors and assigns, and pursuant to any City rider to the Construction Contract, shall contractually obligate its General Contractor and shall cause the General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the rehabilitation of the Project they shall comply with the minimum percentage of total worker hours performed by actual residents of the City as specified in Section 2-92-330 of the Municipal Code of Chicago (at least 50 percent of the total worker hours worked by persons on the site of the Project shall be performed by actual residents of the City); provided, however, that in addition to complying with this percentage, the Developer, its General Contractor and each subcontractor shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.

The Developer may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Chief Procurement Officer of the City.

"Actual residents of the City" shall mean persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

The Developer, the General Contractor and each subcontractor shall provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the Project. Each Employer shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) shall be submitted to the Commissioner of HED in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be written in after the employee's name.

The Developer, the General Contractor and each subcontractor shall provide full access to their employment records to the Chief Procurement Officer, the Commissioner of HED, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. The Developer, the General Contractor and each subcontractor shall maintain all relevant personnel data and records for a period of at least three (3) years after final acceptance of the work constituting the Project.

At the direction of HED, affidavits and other supporting documentation will be required of the Developer, the General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the Developer, the General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a

waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

When work at the Project is completed, in the event that the City has determined that the Developer has failed to ensure the fulfillment of the requirement of this Section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent (0.0005) of the aggregate hard construction costs set forth in the Project budget (the product of .0005 x such aggregate hard construction costs) (as the same shall be evidenced by approved contract value for the actual contracts) shall be surrendered by the Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer, the General Contractor and/or the subcontractors to prosecution. Any retainage to cover contract performance that may become due to the Developer pursuant to Section 2-92-250 of the Municipal Code of Chicago may be withheld by the City pending the Chief Procurement Officer's determination as to whether the Developer must surrender damages as provided in this paragraph.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.

The Developer shall cause or require the provisions of this Section 10.02 to be included in all construction contracts and subcontracts related to the Project.

10.03. MBE/WBE Commitment. The Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the General Contractor to agree that during the Project:

(a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code of Chicago (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code of Chicago (the "Construction Program," and collectively with the Procurement Program, the "MBE/WBE Program"), and in reliance upon the provisions of the MBE/WBE Program to the extent contained in, and as qualified by, the provisions of this Section 10.03, during the course of the Project, at least the following percentages of the MBE/WBE Budget (as set forth in Exhibit G-2 hereto) shall be expended for contract participation by MBEs and by WBEs

- (1) At least twenty-four percent (24%) by MBEs.
- (2) At least four percent (4%) by WBEs.

(b) For purposes of this Section 10.03 only, the Developer (and any party to whom a contract is let by the Developer in connection with the Project) shall be deemed a "contractor" and

this Agreement (and any contract let by the Developer in connection with the Project) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code of Chicago, the Developer's MBE/WBE commitment may be achieved in part by the Developer's status as an MBE or WBE (but only to the extent of any actual work performed on the Project by the Developer) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of (i) the MBE or WBE participation in such joint venture or (ii) the amount of any actual work performed on the Project by the MBE or WBE), by the Developer utilizing a MBE or a WBE as the General Contractor (but only to the extent of any actual work performed on the Project by the General Contractor), by subcontracting or causing the General Contractor to subcontract a portion of the Project to one or more MBEs or WBEs, or by the purchase of materials or services used in the Project from one or more MBEs or WBEs, or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to the Developer's MBE/WBE commitment as described in this Section 10.03. In accordance with Section 2-92-730, Municipal Code of Chicago, the Developer shall not substitute any MBE or WBE General Contractor or subcontractor with a non MBE/WBE General Contractor or subcontractor without the prior written approval of HED.

(d) The Developer shall deliver quarterly reports to the City's monitoring staff during the Project describing its efforts to achieve compliance with this MBE/WBE commitment. Such reports shall include, inter alia, the name and business address of each MBE and WBE solicited by the Developer or the General Contractor to work on the Project, and the responses received from such solicitation, the name and business address of each MBE or WBE actually involved in the Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining the Developer's compliance with this MBE/WBE commitment. The Developer shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the Project for at least five years after completion of the Project, and the City's monitoring staff shall have access to all such records maintained by the Developer, on five business days' notice, to allow the City to review the Developer's compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the Project.

(e) Upon the disqualification of any MBE or WBE General Contractor or subcontractor, if such status was misrepresented by the disqualified party, the Developer shall be obligated to discharge or cause to be discharged the disqualified General Contractor or subcontractor, and, if possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.

(f) Any reduction or waiver of the Developer's MBE/WBE commitment as described in this Section 10.03 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable.

(g) Prior to the commencement of the Project, the Developer shall be required to meet with the City's monitoring staff with regard to the Developer's compliance with its obligations under this Section 10.03. The General Contractor and all major subcontractors shall be required to attend this pre-construction meeting. During said meeting, the Developer shall demonstrate to the City's monitoring staff its plan to achieve its obligations under this Section 10.03, the sufficiency of which

shall be approved by the City's monitoring staff. During the Project, the Developer shall submit the documentation required by this Section 10.03 to the City's monitoring staff, including the following: (i) subcontractor's activity report; (ii) contractor's certification concerning labor standards and prevailing wage requirements; (iii) contractor letter of understanding; (iv) monthly utilization report; (v) authorization for payroll agent; (vi) certified payroll; (vii) evidence that MBE/WBE contractor associations have been informed of the Project via written notice and hearings; and (viii) evidence of compliance with job creation/job retention requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that the Developer is not complying with its obligations under this Section 10.03, shall, upon the delivery of written notice to the Developer, be deemed an Event of Default. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to the Developer to halt the Project, (2) withhold any further payment of any City Funds to the Developer or the General Contractor, or (3) seek any other remedies against the Developer available at law or in equity.

SECTION 11. ENVIRONMENTAL MATTERS

11.01 "AS IS" SALE. THE DEVELOPER ACKNOWLEDGES THAT IT HAS HAD ADEQUATE OPPORTUNITY TO INSPECT AND EVALUATE THE STRUCTURAL, PHYSICAL AND ENVIRONMENTAL CONDITION AND RISKS OF THE PROPERTY AND ACCEPTS THE RISK THAT ANY INSPECTION MAY NOT DISCLOSE ALL MATERIAL MATTERS AFFECTING THE PROPERTY. THE DEVELOPER AGREES TO ACCEPT THE PROPERTY IN ITS "AS IS," "WHERE IS" AND "WITH ALL FAULTS" CONDITION AT CLOSING WITHOUT ANY COVENANT, REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, OF ANY KIND, AS TO THE STRUCTURAL, PHYSICAL OR ENVIRONMENTAL CONDITION OF THE PROPERTY OR THE SUITABILITY OF THE PROPERTY FOR ANY PURPOSE WHATSOEVER. THE DEVELOPER ACKNOWLEDGES THAT IT IS RELYING SOLELY UPON ITS OWN INSPECTION AND OTHER DUE DILIGENCE ACTIVITIES AND NOT UPON ANY INFORMATION (INCLUDING, WITHOUT LIMITATION, ENVIRONMENTAL STUDIES OR REPORTS OF ANY KIND) PROVIDED BY OR ON BEHALF OF THE CITY OR ITS AGENTS OR EMPLOYEES WITH RESPECT THERETO. THE DEVELOPER AGREES THAT IT IS THE DEVELOPER'S SOLE RESPONSIBILITY AND OBLIGATION TO PERFORM ANY ENVIRONMENTAL REMEDIATION WORK AND TAKE SUCH OTHER ACTION AS IS NECESSARY TO PUT THE PROPERTY IN A CONDITION WHICH IS SUITABLE FOR ITS INTENDED USE.

11.02 The Developer hereby represents and warrants to the City that the Developer has performed a Phase I environmental site assessment of the Property in accordance with the requirements of the ASTM E1527-05 standard ("Phase I") and other environmental studies sufficient to conclude that the Project may be rehabilitated, completed and operated in accordance with all Environmental Laws and this Agreement and all Exhibits attached hereto, the Scope Drawings, Plans and Specifications and all amendments thereto and the Redevelopment Plan. The Developer agrees to deliver to the City a copy of each report prepared by or for the Developer regarding the environmental condition of the Property.

11.03 Environmental Remediation. Notwithstanding the foregoing or any other provision to the contrary contained in this Agreement, DOE shall have the right to review and approve the Phase I and any other reports prepared for the Property. Upon DOE's request, the Developer shall perform additional studies and tests for the purpose of determining whether any environmental or

health risks would be associated with the development of the Project, including, without limitation, updating or expanding the Phase I and performing initial or additional Phase II testing. The Developer shall enroll the Property in the IEPA's SRP Program and take all necessary steps to obtain a Final NFR Letter. The Developer must limit its rehabilitation activities (including, but not limited to, asbestos, lead-based paint, and mold abatement, as well as improvements to wall, floors, fixtures, etc.) at the Facility to the upper floors (i.e., all floors but the first floor) of the Facility, until the IEPA and DOE approve the Developer's RAP. The prohibition set forth in the preceding sentence does not preclude the Developer from removing the underground storage tank on the Property prior to the IEPA's and DOE's approval of the Developer's RAP. After the IEPA and DOE approve the Developer's RAP, the Developer covenants and agrees to complete all investigation, sampling, monitoring, testing, removal, response, disposal, storage, remediation, treatment and other activities necessary to obtain a Final NFR Letter for the Property in accordance with the requirements of the IEPA and all applicable Laws, including, without limitation, all applicable Environmental Laws ("Environmental Remediation"). If Environmental Remediation is required on the Property, the Developer acknowledges and agrees that the City will not issue a Certificate until the IEPA has issued, and the City has approved, a Final NFR Letter for the Property, which approval shall not be unreasonably withheld. The City shall have the right to approve the ROR, RAP and RACR for the Property and any changes or modifications thereto, which approval shall not be unreasonably withheld. The Developer shall bear sole responsibility for all aspects of the Environmental Remediation and any other investigative and cleanup costs associated with the Property and any improvements, facilities or operations located or formerly located thereon, including, without limitation, the removal and disposal of all Hazardous Materials, debris and other materials excavated during the performance of the Environmental Remediation. The Developer shall promptly transmit to the City copies of any written communications received from the IEPA or other regulatory agencies with respect to the Environmental Remediation.

11.04 Release and Indemnification. The Developer, on behalf of itself and anyone claiming by, through or under it, hereby releases, relinquishes and forever discharges the City, its officers, agents and employees, from and against any and all Losses which the Developer ever had, now have, or hereafter may have, whether grounded in tort or contract or otherwise, in any and all courts or other forums, of whatever kind or nature, whether known or unknown, arising out of or in any way connected with, directly or indirectly (a) any environmental contamination, pollution or hazards associated with the Property or any improvements, facilities or operations located or formerly located thereon, including, without limitation, any release, emission, discharge, generation, transportation, treatment, storage or disposal of Hazardous Materials, or threatened release, emission or discharge of Hazardous Materials; (b) the structural, physical or environmental condition of the Property, including, without limitation, the presence or suspected presence of Hazardous Materials in, on, under or about the Property or the migration of Hazardous Materials from or to other property; (c) any violation of, compliance with, enforcement of or liability under any Environmental Laws, including, without limitation, any Losses arising under CERCLA, and (d) any investigation, cleanup, monitoring, remedial, removal or restoration work required by any federal, state or local governmental agency or political subdivision or other third party in connection or associated with the Property or any improvements, facilities or operations located or formerly located thereon (collectively, "Released Claims"). Furthermore, the Developer shall defend, indemnify, and hold the City harmless from and against any and all Losses which may be made or asserted by any third parties arising out of or in any way connected with, directly or indirectly, any of the Released Claims.

11.05 Release Runs with the Land. The covenant of release in Section 11.04 shall run with the Property, and shall be binding upon all successors and assigns of the Developer with respect to the Property, including, without limitation, each and every person, firm, corporation, limited liability company, trust or other entity owning, leasing, occupying, using or possessing any portion of

the Property under or through the Developer following the date of the Deed. The Developer acknowledges and agrees that the foregoing covenant of release constitutes a material inducement to the City to enter into this Agreement, and that, but for such release, the City would not have agreed to convey the Property to the Developer. It is expressly agreed and understood by and between the Developer and the City that, should any future obligation of the Developer, or any of the Developer, arise or be alleged to arise in connection with any environmental, soil or other condition of the Property, neither the Developer, nor any of its current or former officers, directors, employees, agents, predecessors, successors or assigns, will assert that those obligations must be satisfied in whole or in part by the City because Section 11.04 contains a full, complete and final release of all such claims.

11.06 Survival. This Section 11 shall survive the Closing or any termination of this Agreement (regardless of the reason for such termination).

The Developer must submit evidence of insurance on the City of Chicago Insurance Certificate Form (copy attached) or equivalent prior to closing. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence from Developer is not a waiver by the City of any requirements for the Developer to obtain and maintain the specified coverages. The Developer shall advise all insurers of the Agreement provisions regarding insurance. Non-conforming insurance does not relieve Developer of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Agreement, and the City retains the right to stop work and/or terminate agreement until proper evidence of insurance is provided.

The insurance must provide for 60 days prior written notice to be given to the City in the event coverage is substantially changed, cancelled, or non-renewed by the insurer; provided, however, 10 days prior written notice shall be given to the City in the event that coverage is cancelled for non-payment of insurance premiums.

Any insurance or self insurance programs maintained by the City of Chicago do not contribute with insurance provided by the Developer under the Agreement.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.

If Developer is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a named insured.

The Developer must require Contractor and subcontractors to provide the insurance required herein, or Developer may provide the coverages for Contractor and subcontractors. All Contractors and subcontractors are subject to the same insurance requirements of Developer unless otherwise specified in this Agreement.

If Developer, any Contractor or subcontractor desires additional coverages, the party desiring the additional coverages is responsible for the acquisition and cost.

The City of Chicago Risk Management Department maintains the right to modify, delete, alter or change these requirements.

SECTION 13. INDEMNIFICATION

13.01 General Indemnity. Developer agrees to indemnify, pay, defend and hold the City, and its elected and appointed officials, employees, agents and affiliates (individually an "Indemnitee," and collectively the "Indemnitees") harmless from and against, any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, claims, costs, expenses and disbursements of any kind or nature whatsoever (and including without limitation, the reasonable fees and disbursements of counsel for such Indemnitees in connection with any investigative, administrative or judicial proceeding commenced or threatened, whether or not such Indemnitees shall be designated a party thereto), that may be imposed on, suffered, incurred by or asserted against the Indemnitees in any manner relating or arising out of:

(i) the Developer's failure to comply with any of the terms, covenants and conditions contained within this Agreement; or

(ii) the Developer's or any contractor's failure to pay General Contractors, subcontractors or materialmen in connection with the TIF-Funded Improvements or any other Project improvement; or

(iii) the existence of any material misrepresentation or omission in this Agreement, any offering memorandum or information statement or the Redevelopment Plan or any other

document related to this Agreement that is the result of information supplied or omitted by the Developer or any Affiliate or any of their respective agents, officers, directors, equity holders, employees, contractors or persons acting under the control or at the request of Developer or any Affiliate;

(iv) the Developer's failure to cure any misrepresentation in this Agreement or any other agreement relating hereto; or

(v) any act or omission by Developer or any Affiliate.

provided, however, that Developer shall have no obligation to an Indemnitee arising from the wanton or willful misconduct of that Indemnitee. To the extent that the preceding sentence may be unenforceable because it is violative of any law or public policy, Developer shall contribute the maximum portion that it is permitted to pay and satisfy under the applicable law, to the payment and satisfaction of all indemnified liabilities incurred by the Indemnitees or any of them. The provisions of the undertakings and indemnification set out in this Section 13.01 shall survive the termination of this Agreement.

SECTION 14. MAINTAINING RECORDS/RIGHT TO INSPECT

14.01 Books and Records. The Developer shall keep and maintain separate, complete, accurate and detailed books and records necessary to reflect and fully disclose the total actual cost of the Project and the disposition of all funds from whatever source allocated thereto, and to monitor the Project. All such books, records and other documents, including but not limited to the Developer's loan statements, if any, General Contractors' and contractors' sworn statements, general contracts, subcontracts, purchase orders, waivers of lien, paid receipts and invoices, shall be available at the Developer's offices for inspection, copying, audit and examination by an authorized representative of the City, at the Developer's expense. The Developer shall incorporate this right to inspect, copy, audit and examine all books and records into all contracts entered into by the Developer with respect to the Project.

14.02 Inspection Rights. Upon three (3) business days' notice, any authorized representative of the City has access to all portions of the Project and the Property during normal business hours for the Term of the Agreement.

SECTION 15. DEFAULT AND REMEDIES

15.01 Events of Default. The occurrence of any one or more of the following events, subject to the provisions of Section 15.03, shall constitute an "Event of Default" by the Developer hereunder:

(a) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under this Agreement or any related agreement;

(b) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under any other agreement with any person or entity (after any applicable notice and cure period) if such failure may have a material

adverse effect on the Developers' ability to perform, keep or observe any of its conditions, promises or obligations hereunder;

(c) the making or furnishing by the Developer to the City of any representation, warranty, certificate, schedule, report or other communication within or in connection with this Agreement or any related agreement which is untrue or misleading in any material respect;

(d) except as otherwise permitted hereunder, the creation (whether voluntary or involuntary) of; or any attempt to create, any lien or other encumbrance upon the Property, including any fixtures now or hereafter attached thereto, other than the Permitted Liens and/or liens bonded by the Developer or insured by the Title Company, or the making or any attempt to make any levy, seizure or attachment thereof;

(e) the commencement of any proceedings in bankruptcy by or against the Developer or for the liquidation or reorganization of the Developer, or alleging that the Developer is insolvent or unable to pay its debts as they mature, or for the readjustment or arrangement of the Developer's debts, whether under the United States Bankruptcy Code or under any other state or federal law, now or hereafter existing for the relief of debtors, or the commencement of any analogous statutory or non-statutory proceedings involving the Developer; provided, however, that if such commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such proceedings are not dismissed within sixty (60) days after the commencement of such proceedings;

(f) the appointment of a receiver or trustee for the Developer, for any substantial part of the Developer's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of the Developer; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within sixty (60) days after the commencement thereof;

(g) the entry of any judgment or order against the Developer that impacts the Developers' ability to perform, keep or observe any of its conditions, promises or obligations hereunder which remains unsatisfied or undischarged and in effect for sixty (60) days after such entry without a stay of enforcement or execution;

(h) the occurrence of an event of default under any Lender Financing, which default is not cured within any applicable cure period;

(i) the dissolution of the Developer or the death of any natural person who owns a material interest in the Developer;

(j) the institution in any court of a criminal proceeding (other than a misdemeanor) against the Developer or any natural person who owns a material interest in the Developer, which is not dismissed within thirty (30) days, or the indictment of the Developer or any natural person who owns a material interest in the Developer, for any crime (other than a misdemeanor); or

(k) the sale or transfer of a majority of the ownership interests of the Developer without the prior written consent of the City; provided however, transfers of partnership interests of the limited partner in accordance with Viceroy's partnership agreement to any affiliate of _____ shall require only notice to the City.

For purposes of Sections 15.01(i) and 15.01(i) hereof, a natural person with a material interest in the Developer shall be one owning in excess of ten percent (10%) of Viceroy's partnership interests.

15.02 Remedies. Upon the occurrence of an Event of Default, the City may terminate this Agreement and all related agreements, and may suspend payment of and/or seek reimbursement of the City Funds. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to injunctive relief or the specific performance of the agreements contained herein. To the extent permitted by law, the City may also lien the Property.

15.03 Curative Period. In the event the Developer shall fail to perform a monetary covenant which the Developer is required to perform under this Agreement, except as set forth elsewhere in this Agreement, an Event of Default shall not be deemed to have occurred unless the Developer has failed to perform such monetary covenant within ten (10) days of its receipt of a written notice from the City specifying that it has failed to perform such monetary covenant. In the event the Developer shall fail to perform a non-monetary covenant which the Developer is required to perform under this Agreement, except as set forth elsewhere in this Agreement, an Event of Default shall not be deemed to have occurred unless the Developer has failed to cure such default within sixty (60) days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such sixty (60) day period, the Developer shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such sixty (60) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured; provided, further, notwithstanding anything to the contrary contained herein, the City hereby agrees that any cure of any default made or tendered by one of Viceroy's limited partners shall be deemed to be a cure by the Developer and shall be accepted or rejected on the same basis as if made or tendered by Developer.

15.04 Right to Cure by Lender. In the event that an Event of Default occurs under this Agreement, and if, as a result thereof, the City intends to exercise any right or remedy available to it that could result in termination of this Agreement and all related agreements, or the suspension, cancellation, reduction or reimbursement of City Funds disbursed hereunder, the City shall prior to exercising such right or remedy, send notice of such intended exercise to the Lender and the Lender shall have the right (but not the obligation) to cure such Event of Default as follows:

(a) if the Event of Default is a monetary default, the Lender may cure such default within 30 days after the later of: (i) the expiration of the cure period, if any, granted to the Developer with respect to such monetary default; or (ii) receipt by the Lender of such notice from the City; and

(b) if any Event of Default is of a non-monetary nature, the Lender shall have the right to cure such default within 30 days after the later of: (i) the expiration of the cure period, if any, granted to the Developer with respect to such non-monetary default; or (ii) receipt by the Lender of such notice from the City; and

(c) Notwithstanding the provisions of Section 15.04(b) hereof, if such non-monetary default is an Event of Default set forth in Section 15.01(e), (f), (g), (h), (i) or (j) hereof or Event of Default by the Developer of a nature so as not reasonably being capable of being cured within such 30 day period (each such default being a "Personal Developer Default"), the Lender shall provide written notice to the City within 30 days of receipt of, notice of such Personal Developer Default

stating that it shall cure such Personal Developer Default by the assignment of all of the Developer's rights and interests in this Agreement to the Lender or any other party agreed to in writing by both the Lender and the City. Upon receipt by the City of such notice from the Lender, the cure period shall be extended for such reasonable period of time as may be necessary to complete such assignment and assumption of Developer's rights hereunder; provided, however, that no payment of City Funds shall occur until such time as such Personal Developer Default is cured.

SECTION 16. MORTGAGING OF THE PROJECT

All mortgages or deeds of trust in place as of the date hereof with respect to the Property or any portion thereof are listed on Exhibit F hereto (including but not limited to mortgages made prior to or on the date hereof in connection with Lender Financing) and are referred to herein as the "Existing Mortgages." Any mortgage or deed of trust that the Developer may hereafter elect to execute and record or permit to be recorded against the Property or any portion thereof is referred to herein as a "New Mortgage." Any New Mortgage that the Developer may hereafter elect to execute and record or permit to be recorded against the Property or any portion thereof with the prior written consent of the City is referred to herein as a "Permitted Mortgage." It is hereby agreed by and between the City and the Developer as follows:

(a) In the event that a mortgagee or any other party shall succeed to the Developer's interest in the Property or any portion thereof pursuant to the exercise of remedies under a New Mortgage (other than a Permitted Mortgage), whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of the Developer's interest hereunder in accordance with Section 18.15 hereof, the City may, but shall not be obligated to, attorn to and recognize such party as the successor in interest to the Developer for all purposes under this Agreement and, unless so recognized by the City as the successor in interest, such party shall be entitled to no rights or benefits under this Agreement, but such party shall be bound by those provisions of this Agreement that are covenants expressly running with the land.

(b) In the event that any mortgagee shall succeed to the Developer's interest in the Property or any portion thereof pursuant to the exercise of remedies under an Existing Mortgage or a Permitted Mortgage, whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of the Developer's interest hereunder in accordance with Section 18.15 hereof, the City hereby agrees to attorn to and recognize such party as the successor in interest to the Developer for all purposes under this Agreement so long as such party accepts all of the obligations and liabilities of "the Developer" hereunder; provided, however, that, notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed that if such party accepts an assignment of the Developer's interest under this Agreement, such party has no liability under this Agreement for any Event of Default of the Developer which accrued prior to the time such party succeeded to the interest of the Developer under this Agreement, in which case the Developer shall be solely responsible. However, if such mortgagee under a Permitted Mortgage or an Existing Mortgage does not expressly accept an assignment of the Developer's interest hereunder, such party shall be entitled to no rights and benefits under this Agreement, and such party shall be bound only by those provisions of this Agreement, if any, which are covenants expressly running with the land.

(c) Prior to the issuance of the Certificate pursuant to Section 7.01 hereof, no New Mortgage shall be executed with respect to the Property or any portion thereof without the prior written consent of the Commissioner of HED.

SECTION 18. MISCELLANEOUS

18.01 Amendment. This Agreement and the Exhibits attached hereto may not be amended or modified without the prior written consent of the parties hereto; provided, however, that the City, in its sole discretion, may amend, modify or supplement Exhibit D hereto without the consent of any party hereto. It is agreed that no material amendment or change to this Agreement shall be made or be effective unless ratified or authorized by an ordinance duly adopted by the City Council. The term "material" for the purpose of this Section 18.01 shall be defined as any deviation from the terms of the Agreement which operates to cancel or otherwise reduce any developmental,

construction or job-creating obligations of Developer (including those set forth in Sections 10.02 and 10.03 hereof) by more than five percent (5%) or materially changes the Project site or character of the Project or any activities undertaken by Developer affecting the Project site, the Project, or both, or increases any time agreed for performance by the Developer by more than ninety (90) days.

18.02 Entire Agreement. This Agreement (including each Exhibit attached hereto, which is hereby incorporated herein by reference) constitutes the entire Agreement between the parties hereto and it supersedes all prior agreements, negotiations and discussions between the parties relative to the subject matter hereof.

18.03 Limitation of Liability. No member, elected or appointed official or employee or agent of the City shall be individually, collectively or personally liable to Developer or any successor in interest to Developer in the event of any default or breach by the City or for any amount which may become due to Developer or any successor in interest, from the City or on any obligation under the terms of this Agreement.

18.04 Further Assurances. The Developer agrees to take such actions, including the execution and delivery of such documents, instruments, petitions and certifications as may become necessary or appropriate to carry out the terms, provisions and intent of this Agreement.

18.05 Waiver. Waiver by the City or the Developer with respect to any breach of this Agreement shall not be considered or treated as a waiver of the rights of the respective party with respect to any other default or with respect to any particular default, except to the extent specifically waived by the City or the Developer in writing. No delay or omission on the part of a party in exercising any right shall operate as a waiver of such right or any other right unless pursuant to the specific terms hereof. A waiver by a party of a provision of this Agreement shall not prejudice or constitute a waiver of such party's right otherwise to demand strict compliance with that provision or any other provision of this Agreement. No prior waiver by a party, nor any course of dealing between the parties hereto, shall constitute a waiver of any such parties' rights or of any obligations of any other party hereto as to any future transactions.

18.06 Remedies Cumulative. The remedies of a party hereunder are cumulative and the exercise of any one or more of the remedies provided for herein shall not be construed as a waiver of any other remedies of such party unless specifically so provided herein.

18.07 Disclaimer. Nothing contained in this Agreement nor any act of the City shall be deemed or construed by any of the parties, or by any third person, to create or imply any relationship of third-party beneficiary, principal or agent, limited or general partnership or joint venture, or to create or imply any association or relationship involving the City.

18.08 Headings. The paragraph and section headings contained herein are for convenience only and are not intended to limit, vary, define or expand the content thereof.

18.09 Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute one and the same agreement.

18.10 Severability. If any provision in this Agreement, or any paragraph, sentence, clause, phrase, word or the application thereof, in any circumstance, is held invalid, this Agreement shall be construed as if such invalid part were never included herein and the remainder of this Agreement shall be and remain valid and enforceable to the fullest extent permitted by law.

18.11 Conflict. In the event of a conflict between any provisions of this Agreement and the provisions of the TIF Ordinances such ordinance(s) shall prevail and control.

18.12 Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Illinois, without regard to its conflicts of law principles.

18.13 Form of Documents. All documents required by this Agreement to be submitted, delivered or furnished to the City shall be in form and content satisfactory to the City.

18.14 Approval. Wherever this Agreement provides for the approval or consent of the City, HED or the Commissioner, or any matter is to be to the City's, HED's or the Commissioner's satisfaction, unless specifically stated to the contrary, such approval, consent or satisfaction shall be made, given or determined by the City, HED or the Commissioner in writing and in the reasonable discretion thereof. The Commissioner or other person designated by the Mayor of the City shall act for the City or HED in making all approvals, consents and determinations of satisfaction, granting the Certificate or otherwise administering this Agreement for the City.

Redevelopment Area Project and Plan**

Amendment No. 1

City of Chicago
Richard M. Daley, Mayor

December 28, 2007

Introduction

To induce redevelopment pursuant to the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 *et seq.*, as amended from time to time (the "Act"), the City Council of the City of Chicago (the "City") adopted three ordinances on February 16, 2000, approving the Central West Redevelopment Project Area Tax Increment Finance Program Redevelopment Plan and Project, designating the Central West Redevelopment Project Area (the "Original Project Area") as a redevelopment project area under the Act, and adopting tax increment allocation financing for the Original Project Area.

The Central West Tax Increment Finance Redevelopment Area Project and Plan, dated October 26, 1999, adopted by the City of Chicago on February 16, 2000, will herein be referred to as the "Original Plan." The Original Plan, as amended, shall be referred to herein as the "Redevelopment Plan" or the Central West Redevelopment Plan." The Original Project Area as amended shall be referred to herein as the "Central West RPA" or the "Central West RPA as Amended."

The Original Plan is being amended to:

- 1) Expand the Project Area to include an additional 144 tax parcels;
- 2) Update plan language and budget line items to incorporate recent amendments to the Act;
- 3) Update the budget for the Central West RPA; and
- 4) Change the future land use of one block from institutional to mixed-use.

Modifications to Original Plan

Each change to the Original Plan is detailed below following the format of the Original Plan.

I. EXECUTIVE SUMMARY

The last sentence in the first paragraph is replaced with the following:

This area shall be referred to as the "Original Central West RPA," or the "Original RPA."
This report contains the Redevelopment Plan and Project for the Original Central West RPA.

In the second paragraph, the phrase "Central West RPA" is replaced with the following:

"Original Central West RPA."

The following paragraph is inserted after the second paragraph of this section:

In 2006, *S. B. Friedman & Company* was engaged by the City to conduct a study of certain properties south of the Original Central West RPA to determine whether these properties

would qualify as a "blighted area" and/or "conservation area" under the Act, in order to be incorporated into the Central West RPA. This report details the eligibility factors found within the Central West RPA Expansion Area (the "Expansion Area") in support of its designation as a "conservation area" as defined above, and in support of its addition into the Central West RPA. This report also contains the Redevelopment Plan and Project for the Central West RPA Expansion Area.

The Expansion Area contains 144 tax parcels on seven blocks and contains approximately 76 acres of land.

The combined Original Central West RPA and Central West RPA Expansion Area shall be referred to as the "Central West RPA," or the "RPA."

Determination of Eligibility

In the first paragraph, the phrase "Central West RPA" is replaced with the following:

"Original Central West RPA".

In the second paragraph, the phrase "Central West RPA" is replaced with the following:

"Original Central West RPA".

The following is inserted at the end of this section:

This report also concludes that the Central West RPA Expansion Area is eligible for TIF designation as a "conservation area" because 50% or more of the structures in the area have an age of 35 years or more and because the following eligibility factors have been found to be present to a major extent:

- Deterioration;
- Presence of Structures Below Minimum Code Standards;
- Excessive Land Coverage and Overcrowding of Structures;
- Inadequate Utilities; and
- Obsolescence.

Additionally, three other eligibility factors are present to a minor extent and demonstrate that the Central West RPA Expansion Area is in a state of gradual decline through disinvestment. These factors are:

- Deleterious Land Use and Layout;
- Excessive Vacancy; and
- Lack of Growth in EAV.

Redevelopment Plan Goal, Objective and Strategies

The second paragraph starting with "Objectives" and the associated bullet points are replaced with the following:

Objectives. Eleven (11) broad objectives support the overall goal of area-wide revitalization of the Central West RPA. These include:

1. Facilitate the assembly, preparation, and marketing of vacant and underutilized sites for new retail, commercial, residential and public/institutional development, as well as off-street parking areas;
2. Remediate environmental problems to provide additional land for new retail, commercial, residential and public/institutional development and redevelopment, as appropriate;
3. Facilitate the preservation and/or rehabilitation of residential, commercial, industrial, public/institutional and architecturally or historically significant buildings and encourage the adaptive re-use of vacant, underutilized, and obsolete buildings, where appropriate;
4. Promote the expansion of the Illinois Medical District as a center of employment, research and medical care for the Chicago area;
5. Support the development of a variety of housing types to meet the needs of households with a wide range of income levels;
6. Replace or repair infrastructure, including sidewalks, streets, curbs, gutters, and underground water and sanitary systems, to improve the overall image of the neighborhood and support new retail, commercial, and residential redevelopment;
7. Provide resources for streetscaping, landscaping, and screening/buffering elements to visually link the area's diverse land uses and create a distinct identity for the area;
8. Facilitate the improvement and expansion of existing public facilities as needed, such as schools and parks, and facilitate the development of new public facilities in appropriate locations throughout the RPA as needed and in accordance with the Redevelopment Plan;
9. Support and complement the goals and objectives of other underlying redevelopment plans and planning studies, including the Central West Redevelopment Area, Madison-Western Redevelopment Area, the Madison-Racine Redevelopment Area, Enterprise Zone 4, West Side Empowerment Zone, the Near West SNAP, and the Near West Side Area Land Use Plan, and coordinate available federal, state, and local resources to further the goals of this redevelopment plan;
10. Provide opportunities for women-owned, minority-owned, and locally-owned

businesses to share in the job and construction opportunities associated with the redevelopment of the Central West RPA; and

11. Support job training programs and increase employment opportunities for area residents.

The third and fourth items associated with the third paragraph starting with Strategies, are replaced with the following:

3. **Encourage Private Sector Activities and Support New Development.** The City may provide financial and other assistance to encourage the private and non-profit sectors to undertake redevelopment and rehabilitation projects within the RPA. In order to facilitate private investment, the City may enter into agreements within the limits of the Act to facilitate and support projects that support the goals, objectives, and strategies of this Redevelopment Plan.
4. **Facilitate Property Assembly, Demolition, and Site Preparation.** Assistance may be provided to private developers in order to undertake projects supportive of this Redevelopment Plan.

Required Findings

In the second and third paragraphs, the phrase "Central West RPA" is replaced with the following:

"Original Central West RPA"

and the word "RPA" is replaced with the following:

"Original RPA".

The following is inserted after the third paragraph:

In addition, the Central West RPA Expansion Area has seen minimal private investment during between the years 2002 and 2006. The Equalized Assessed Value (EAV) of taxable properties within the Central West RPA Expansion Area have not kept pace with that of the balance of the City of Chicago for four of the previous five years. During the period from 2001-2006, the EAV of the RPA Expansion Area grew at a compound annual growth rate of 7.13 percent. This rate of growth is 33 percent lower than the compound annual growth rate for the balance of the City, which was 10.61 percent. This indicates that private investment in the RPA Expansion Area has been low relative to the rest of the City of Chicago.

Construction activity within the RPA expansion area has also largely been limited to the remediation of code violations and deficiencies. According to records obtained from the Department of Buildings, the total value of building permits issued for projects within the RPA Expansion Area was \$46.5 million during the five-year period between December

2001 and December 2006. During this period, Rush University Medical Center spent approximately \$22.6 million to correct code violations and deficiencies identified during an audit conducted by the Center for Medicare and Medicaid Services. In addition, Cook County spent approximately \$3.6 million to correct life safety and issues relating to life safety and accessibility for persons with disabilities. The remaining construction activity (\$20.3 million) represents renovations and minor expansions of RUMC facilities, as well as maintenance on privately-owned buildings within the Amendment RPA. This level of investment is insignificant relative to the redevelopment needs of the area, and does not allow for a substantive expansion of medical services or other economic activity within the area.

In the fourth paragraph the last sentence is replaced with the following:

But for creation of the Original Central West RPA and its amendment to include the Central West RPA Expansion Area, these types of projects, which would contribute substantially to area-wide redevelopment, are unlikely to occur.

2, INTRODUCTION

In the first, second, third, fourth and fifth paragraphs the phrases "Central West Redevelopment Project Area" and "Central West RPA" are replaced with the following:

"Original Central West RPA"

and the word "RPA" is replaced with the following:

"Original RPA".

The following is inserted after the fifth paragraph:

In 2006, *S. B. Friedman & Company* was engaged by the City to conduct a study of certain properties south of the Original Central West RPA to determine whether these properties would qualify as a "blighted area" and/or "conservation area" under the Act, in order to be incorporated into the original Central West RPA. This area, referred to as the "Central West RPA Expansion Area," is composed of 144 tax parcels on seven blocks. The Central West RPA Expansion Area is irregularly shaped and is roughly bounded by W. Van Buren Street on the north; S. Ashland Avenue on the east, W. Polk Street on the south; and Hoyne Avenue on the west.

The community context of the Central West RPA Expansion Area is also detailed on Map 1.

Map 2 details the boundary of the Central West RPA Expansion Area which includes only those contiguous parcels of real property that are expected to substantially benefit from the Redevelopment Plan improvements discussed herein. The boundaries encompass the historic core of the Illinois Medical District, and include institutional and residential uses.

The area as a whole suffers from deteriorated buildings and infrastructure, the presence of multiple buildings which are below minimum code standards, and inadequate utilities. In addition, multiple buildings in the Central West RPA Expansion Area are obsolescent or excessively vacant, and a number of incompatible land use relationships exist within the area. Given these conditions, the Expansion Area has a negative impact on surrounding neighborhoods, and is becoming ill-suited for modern medical research and patient care. Without a comprehensive redevelopment plan to address these issues, the area is at risk for falling further into disrepair.

In the seventh paragraph, the phrase "Eligibility Study" is replaced with the following:

"Eligibility Study: Original Central West RPA".

The following is inserted after the seventh paragraph:

The "Eligibility Study: Central West RPA Expansion Area" covers events and conditions that exist and that were determined to support the designation of the Central West RPA Expansion Area as a "conservation area" under the Act at the completion of our research on April 9, 2007 and not thereafter. These events or conditions include, without limitation, governmental actions and additional developments.

The last paragraph of this section is replaced with the following:

The Eligibility Study and Redevelopment Plan summarize the analyses and findings of the *S. B. Friedman & Company's* work, which, unless otherwise noted, is the responsibility of *S. B. Friedman & Company*. The City is entitled to rely on the findings and conclusions of this Plan in designating the Redevelopment Project Area as a redevelopment project area under the Act. *S. B. Friedman & Company* has prepared this Plan and the related eligibility study with the understanding that the City would rely: 1) on the findings and conclusions of the Plan and the related eligibility study in proceeding with the designation of the Original RPA, the amendment of the Original RPA to include the Expansion Area, and the adoption and implementation of the Plan, and 2) on the fact that the Consultant has obtained the necessary information so that the Plan and the related eligibility studies will comply with the Act.

Maps 1 and 2 of the original plan are replaced with Maps 1 and 2 shown on the next two pages of this amendment document.

Existing Land Use: Amendment Area

A new section is inserted after the section entitled "Existing Land Use: Original Central West RPA," but before Chapter 3. This section is entitled "Existing Land Use: Central West RPA Expansion Area." The following is inserted in this new section:

Based upon *S. B. Friedman & Company's* research, two (2) land use patterns have been identified within the Central West RPA Expansion Area:

- Residential; and
- Public/Institutional.

The existing land use pattern in the Central West RPA Expansion Area is shown in Map 3. This map represents the predominant land use in the area on a block-by-block basis.

The Central West RPA Expansion Area is primarily composed of public/institutional uses. Interstate 290 stretches across the northern portion of the RPA, between Van Buren and Congress Streets. The southeast portion of the RPA Expansion Area, between Ashland Avenue and Wood Street, is composed of Rush University Medical Center facilities. The historic core of the Rush campus, known as the "Superblock," is located north of Harrison Street. Cook County Hospital is located west of the Rush University campus, and occupies the entire block between Wood Street and Ogden Avenue. The remainder of the RPA Expansion Area is composed of a small public park (Pasteur Park), the Stroger Hospital helipad, and two residential apartment buildings along Ogden Avenue.

Historically Significant Structures

A new section is inserted after the section entitled "Existing Land Use: Amendment Area," but before Chapter 3. This section is entitled "Historically Significant Structures." The following is inserted in this new section:

The portion of the Near West Side covered by the Central West RPA contains many buildings which are significant to the City's architectural and cultural history. To identify architecturally and/or historically significant buildings located within the LaSalle Central RPA, *S. B. Friedman & Company* obtained data from the Chicago Historic Resources Survey (the "CHRS"). The CHRS identifies over 17,000 Chicago properties and contains information on buildings that may possess architectural and/or historical significance. Structures are classified according to a color-based coding system. Designation as "red" indicates that a structure is architecturally or historically significant in the context of the City of Chicago, State of Illinois, or the United States of America; designation as "orange" indicates that a structure is potentially significant in the context of the community in which it is located. Approximately 300 structures were designated as red by CHRS, and 9,600 were designated as orange.

S. B. Friedman & Company identified 142 buildings within the Original Central West RPA and Central West RPA Amendment Area which were designated as red or orange by CHRS. These buildings are identified in Appendix 2 of this document.

In addition, *S. B. Friedman & Company* also identified buildings within the Central West RPA which have been designated Chicago Landmarks by the Commission on Chicago Landmarks. A total of 217 buildings in the City of Chicago have been individually designated as Chicago Landmarks. The following two buildings within the Central West RPA have been individually designated as Chicago Landmarks:

- Union Park Congregational Church, 60 N Ashland Avenue; and
- Third Church of Christ Scientist, 2149 W Washington Boulevard

3. ELIGIBILITY ANALYSIS

The title of this chapter is changed to "3A. Eligibility Analysis: Original Central West RPA."

In this section the phrases "Central West Redevelopment Project Area" and "Central West RPA" are replaced with the following:

"Original Central West RPA"

and the word "RPA" is replaced with the following:

"Original RPA".

A new chapter is inserted after chapter 3 and before chapter 4. This chapter is entitled "3B.

Eligibility Analysis: Central West RPA Expansion Area.” The following is inserted in this new chapter:

3B. ELIGIBILITY ANALYSIS: CENTRAL WEST RPA EXPANSION AREA

Provisions of the Illinois Tax Increment Allocation Redevelopment Act

Based upon the conditions found within the Central West RPA Expansion Area at the completion of *S. B. Friedman & Company's* research, it has been determined that the Central West RPA Expansion Area meets the eligibility requirements of the Act, as amended in 1999, as a conservation area. The following text outlines the provisions of the Act to establish eligibility.

Under the Act, two primary avenues exist to establish eligibility for an area to permit the use of tax increment financing for area redevelopment: declaring an area as a “blighted area” and/or a “conservation area.”

“Blighted areas” are those improved or vacant areas with blighting influences that are impacting the public safety, health, morals, or welfare of the community, and are substantially impairing the growth of the tax base in the area. “Conservation areas” are those improved areas which are deteriorating and declining and may become blighted if the deterioration is not abated.

The statutory provisions of the Act specify how a district can be designated as a “conservation” and/or “blighted area” district based upon an evidentiary finding of certain eligibility factors listed in the Act: The eligibility factors for each designation are identical for improved property. A separate set of factors exists for the designation of vacant land as a “blighted area.” There is no provision for designating vacant land as a conservation area.

Factors for Improved Property

For improved property to constitute a “blighted area,” a combination of five or more of the following thirteen eligibility factors listed at 65 ILCS 5/11-74.4-3 (a) and (b) must meaningfully exist and be reasonably distributed throughout the RPA Expansion Area. “Conservation areas” must have a minimum of fifty percent (50%) of the total structures within the area aged 35 years or older, plus a combination of three or more of the 13 eligibility factors which are detrimental to the public safety, health, morals, or welfare and which could result in such an area becoming a blighted area.

Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration including but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

Presence of Structures Below Minimum Code Standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

Illegal Use of Individual Structures. The use of structures in violation of the applicable Federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

Excessive Vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

Lack of Ventilation, Light or Sanitary Facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

Inadequate Utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

Excessive Land Coverage and Overcrowding of Structures and Community Facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and

service.

Deleterious Land Use or Layout. The existence of incompatible land use relationships, buildings occupied by inappropriate mixed uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

Environmental Contamination. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or Federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

Lack of Community Planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

Lack of Growth in Equalized Assessed Value. The total equalized assessed value of the proposed redevelopment project area has declined for three of the last five calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for three of the last five calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for three of the last five calendar years prior to the year in which the redevelopment project area is designated.

Methodology Overview and Determination of Eligibility

Analysis of eligibility factors was done through research involving an extensive field survey of all property within the Central West RPA Expansion Area, and a review of building and property records and real estate industry data. Building and property records include building code violation citations, building permit data, assessor information, and information on the age and condition of sewer and water lines within the study area. Our survey of the area established that there are 24 primary structures and 144 tax parcels within the Central West RPA Expansion Area. Ancillary structures are excluded from this total. Ancillary structures include a single story building which houses electrical switchgear for Cook County Hospital, and the Chicago Transit Authority's Illinois Medical District Rapid Transit station.

The Central West RPA Expansion Area was examined for qualification factors consistent

with either the “blighted area” or “conservation area” requirements of the Act. Based upon these criteria, the property within the Central West RPA Expansion Area qualifies for designation as a “conservation area” as defined by the Act.

To arrive at this designation, *S. B. Friedman & Company* calculated the number of eligibility factors present, and analyzed the distribution of the eligibility factors on a building-by-building and/or parcel-by-parcel basis and analyzed the distribution of the eligibility factors on a block-by-block basis. When appropriate, we calculated the presence of eligibility factors on infrastructure and ancillary properties associated with the structures. The eligibility factors were correlated to buildings and/or parcels using structure-base maps, property files created from field observations, record searches, and field surveys. This information was then graphically plotted on a parcel map of the Central West RPA Expansion Area by block to establish the distribution of eligibility factors, and to determine which factors were present to a major extent.

Major factors are used to establish eligibility. These factors are present to a meaningful extent and reasonably distributed throughout the RPA Expansion Area. Minor factors are supporting factors present to a meaningful extent on some of the parcels or on a scattered basis. Their presence suggests that the area is at risk of experiencing more extensive deterioration and disinvestment.

To reasonably arrive at this designation, *S. B. Friedman & Company* documented the existence of qualifying eligibility factors and confirmed that a sufficient number of factors were present within the Central West RPA Expansion Area and reasonably distributed.

Although it may be concluded under the Act that the mere presence of the minimum number of the stated factors may be sufficient to make a finding of the RPA Expansion Area as a conservation area, this evaluation was made on the basis that the conservation area factors must be present to an extent that indicates that public intervention is appropriate or necessary.

Conservation Area Findings

As required by the Act, within a conservation area, at least fifty percent (50%) of the buildings must be 35 years of age or older, and at least three of the 13 eligibility factors must be found present to a major extent within the Central West RPA Expansion Area.

Establishing that at least 50 percent of the Central West RPA Expansion Area buildings are 35 years of age or older is a condition precedent to establishing the area as a conservation area under the Act. Based on information provided by the Cook County Assessor’s office, we have established that of the 24 buildings located within the Central West RPA Expansion Area, 16 (67 percent) are 35 years of age or older.

In addition to establishing that Central West RPA Expansion Area meets the age requirement, our research has revealed that the following five factors are present to a major extent:

1. Deterioration;
2. Presence of Structures Below Minimum Code Standards;
3. Excessive Land Coverage and Overcrowding of Structures;
4. Inadequate Utilities; and
5. Obsolescence.

The following three factors are also present to a minor extent:

6. Deleterious Land Use and Layout;
7. Excessive Vacancy;
8. Lack of Growth in EAV.

Based on the presence of these factors, the RPA Expansion Area exceeds the minimum requirements of a "conservation area" under the Act.

Nearly half of buildings within the Expansion Area are deteriorated or served by deteriorated infrastructure, including cracked sidewalks and crumbling curbs. Nearly three quarters of buildings within the Expansion Area are below minimum code standards, including standards defined by the Chicago Building Code, Chicago Zoning Ordinance, the Americans with Disabilities Act and regulatory agencies governing hospitals and patient care facilities. Excessive overcrowding is also evidenced in 63 percent of buildings, further limiting the usefulness of these facilities for medical purposes. Obsolescence also affects a number of buildings within the Expansion Area, as many of the hospital facilities in the area date to the late-19th and early-20th centuries, and are difficult to adapt to meet modern standards for patient treatment. The Expansion Area is also serviced by inadequate utilities, particularly sewer lines which are overdue for repair/replacement, and deleterious land use and layout impact nearly 40 percent of buildings in the area, owing to the presence of major transportation infrastructure. Excessive vacancy affects a number of buildings within the Expansion Area, especially the former Cook County Hospital complex. Finally, while the Expansion Area is overwhelmingly composed of tax-exempt parcels, the growth in equalized assessed value of those parcels which are taxable has fallen behind that of the balance of the City for each of the previous five years. Together, the presence of these factors is an indication that facilities within the Expansion Area are obsolete and are consequently failing into disuse and disrepair. Without intervention, the Expansion Area is at risk for becoming a blighting influence on surrounding neighborhoods, and may negatively impact the ability of the Illinois Medical District to remain a center for cutting-edge medical research and patient care.

Maps 4G through 4O illustrate the presence and distribution of these eligibility factors on a block-by-block basis within the Expansion Area. The following sections summarize our field research as it pertains to each of the identified eligibility factors found within the Central West RPA Expansion Area.

MAJOR FACTORS

1. Deterioration

Deterioration of building components is evident throughout the Central West RPA Expansion Area. The façades of several older structures within the RPA Expansion Area, including Cook County Hospital, Cook County Children's Hospital and buildings within the Rush Superblock, are composed of terra cotta or limestone which has become loose, worn, cracked or crumbling. This poses a safety hazard and has in some cases necessitated the use of metal brackets and netting to protect pedestrians from falling stone. In addition, the façades and structural components of several newer concrete structures within the area, including the Rush University Medical Center Parking Garage, exhibit spalling. This also poses a safety hazard, necessitating the erection of canopies to protect pedestrians, as well as the expenditure of several million dollars in recent years on concrete slab re-construction and repair of post-tensioning structural elements.

In addition, deterioration of infrastructure is a problem within the Expansion Area, and is evidenced in cracked sidewalks, crumbling curbs and potholes. This is particularly problematic on the bridges which cross Interstate 290 and link the Expansion Area with Chicago Transit Authority Rapid Transit stations. It is also evidenced in the sidewalks and curbs surrounding Pasteur Park.

Of the 24 buildings within the Central West RPA Expansion Area, 11 buildings (or 46 percent) are affected by deterioration of building components or public infrastructure. Deterioration of public infrastructure also impacts Pasteur Park and the public right-of-way adjacent to and crossing over Interstate 290.

2. Presence of Structures below Minimum Code Standards

Structures below minimum code standards are those which do not meet applicable standards of zoning, subdivision, building, fire, and other governmental codes. The principal purpose of such codes is to protect the health and safety of the public. While such codes may not mandate corrective action for buildings constructed prior to the adoption of the code, these buildings may still pose a health or safety hazard to the public, or may become disused due to changes in market expectations which are prompted by the new code.

In order to determine whether structures within the Expansion Area are below minimum code standards, *S. B. Friedman & Company* analyzed data provided by the City's Department of Buildings regarding building code violation citations for structures within the Expansion Area. Where available, Plans for Compliance with the City's Life Safety and High Rise Sprinkler Ordinance were also reviewed to determine if structures meet contemporary standards for fire safety. Compliance with the Americans with Disabilities Act and the Chicago Zoning Ordinance was assessed through fieldwork and interviews with facilities maintenance staff at institutions within the Expansion Area. Finally, various planning documents were reviewed to determine whether facilities meet the minimum standards set by the Joint Council on Accreditation of Healthcare Organizations and Center for Medicare and Medicaid Services for hospital facilities.

Based on the research described above, it was determined that eight buildings within the RPA Expansion Area failed to meet the minimum standards of the Life Safety and High Rise Sprinkler Ordinance, and eleven buildings received citations from the City of Chicago Department of Buildings. In addition, ten buildings were identified as deficient according to the standards of the Joint Council on Accreditation of Healthcare Organizations and the Center for Medicare and Medicaid Services. Issues identified in these facilities included:

- Insufficient fire suppression systems, including sprinklers and rolling shutters;
- Improper firestopping between floors and around floor penetrations;
- Corridors lacking proper egress (i.e., "dead-end" corridors);
- Failure to provide areas of rescue assistance and proper emergency lighting;
- Missing handrails in staircases;
- Defective safety valves in HVAC systems;
- Defective elevator equipment;
- Holes and cracks in interior walls and ceilings; and
- Leaking water.

Altogether, 17 of 24 buildings within the Expansion Area (71 percent) qualify as being below minimum code standards. This factor was found to be prevalent on five of seven blocks (71 percent of blocks) within the Expansion Area.

3. Excessive Land Coverage and Overcrowding of Structures

Excessive land coverage and overcrowding of structures refers to the over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Excessive overcrowding of structures may result in a lack of natural light and ventilation for building users or increased threat of spread of fire. It may also result in inadequate provision for loading and service, and may exacerbate parking difficulties in an area.

Within the Expansion Area, excessive overcrowding is evidenced primarily in the Rush University Medical Center's Superblock. Buildings in this area are separated by narrow light wells despite heights in excess of sixty feet, and several buildings share load-bearing walls. The current emergency room driveway, which is located along Wood Street, requires emergency vehicles to exit by driving backwards into the public right-of-way, disrupting traffic and blocking access for other emergency vehicles. In addition, the loading dock for these facilities (i.e., "the Wood Street Dock") is too small for modern delivery vehicles, with the result that the dock is largely disused. Finally, access to off-street parking is limited for these facilities. The Rush University Medical Center Parking Garage, which is located at the corner of Harrison and Paulina Streets, is the primary source of off-street parking for the Superblock complex. This facility is nearly 1,200 feet (or nearly two blocks) from certain buildings in the Superblock. Excessive overcrowding of facilities is also exhibited in other portions of the Expansion Area, particularly the Cook County Hospital building and attendant facilities, due to the failure to provide adequate loading facilities and off-street parking.

Of the 24 buildings within the RPA Expansion Area, 15 buildings (63 percent) were determined to suffer from excessive overcrowding of structures. The factor was found to be present to a meaningful extent on three of the seven blocks (43 percent of blocks) within the RPA Expansion Area.

4. Inadequate Utilities

A review of the City's water and sewer atlases found that inadequate underground utilities affect 23 (or 96 percent) of the 24 buildings in the Central West RPA Expansion Area. This is due primarily to the number of antiquated sewer lines in the RPA Expansion Area, many of which have surpassed their 100-year service lives and are in need of replacement.¹

Due to the age and condition of the sewer and water lines, inadequate utilities was found to be present to a meaningful extent on all seven blocks within the Central West RPA Expansion Area.

5. Obsolescence

Obsolescence refers to the condition or process of falling into disuse, and occurs when structures have become ill-suited to their original use. Obsolescence is often the result of building design. Features such as low ceiling heights, impenetrable floors or interior load-bearing walls and columns can inhibit attempts to rehabilitate or modernize a property.

¹ The City of Chicago Department of Water Management defines the projected service life as 100 years.

Obsolescence is most often evidenced by excessively high or increasing vacancy rates. It may also be evidenced by declining rents or use of space for marginal purposes, such as storage.

Within the Rush University Medical Center Superblock, several facilities exhibit obsolescence. Reviews conducted by the Joint Council on Accreditation of Healthcare Organizations and the Center for Medicare and Medicaid Services identify a number of deficiencies which suggest that these buildings are becoming ill-suited for modern medical use. These deficiencies include insufficient life safety systems and a lack of accessibility for persons with disabilities. Other building features, such as narrow hallways, internal staircases and antiquated HVAC systems, limit the ability to transport patients and provide a comfortable patient care environment within these buildings. However, the presence of clay tile floors and interior load-bearing columns in these buildings inhibits the reconfiguration of these facilities to improve internal circulation, and low ceiling heights make the installation of modern HVAC systems impossible. As a result, significant portions of these former patient care facilities are now dedicated to storage.

In addition, the Cook County Department of Public Health vacated Cook County Hospital and attendant facilities in 2002, due to the condition of the facilities and the high cost of rehabilitating them. The specialized configuration of the facility, including its narrow pavilions and large ground floorplate, make the facility difficult to adapt to non-hospital uses, and have contributed to the persistent vacancy of the building.

Of the 24 buildings within the Expansion Area, nine buildings (38 percent) were determined to exhibit obsolescence. Obsolescence was found to be present a meaningful extent on three of the seven blocks (43 percent of blocks) within the Expansion Area.

MINOR SUPPORTING FACTORS

6. Deleterious Land Use and Layout

Deleterious land use and layout refers to the existence of incompatible land use relationships within an area. The presence of incompatible land uses in close proximity to one another can detract from the marketability or usability of properties, and can lead to the disuse or abandonment of facilities in the long-run.

The Expansion Area contains within it several pieces of transportation infrastructure which are incompatible with surrounding uses. The Chicago Transit Authority's Elevated Pink Line traverses the area just west of Paulina Avenue. Several Rush University Medical Center facilities have been built over or in very close proximity to this rapid transit line, which generates a great deal of noise pollution and negatively impacts the patient care environment. In addition, the Stroger Hospital Helipad is located at the intersection of Harrison and Wolcott Streets, adjacent to two buildings containing residential units. Such infrastructure is also a major source of noise pollution, and creates an adverse impact on neighboring properties.

Overall, deleterious land use and layout affects nine of the 24 buildings (38 percent of buildings) within the Expansion Area. This factor was found to be present to a meaningful extent on three of the seven blocks (43 percent of blocks) within the Expansion Area.

7. Excessive Vacancies

Excessive vacancies are evidenced in the Cook County Hospital, Children’s Hospital and Power Station buildings. These buildings are completely unoccupied, and have been vacant since Cook County relocated hospital operations to Stroger Hospital in 2002. Together, the properties total nearly one million square feet of space, reach 110 feet in height, and occupy nearly two City blocks. The persistent vacancy of such large facilities has a substantially adverse impact on surrounding properties.

Overall, excessive vacancies were found to be exhibited on three of the 24 buildings within the RPA Expansion Area (13 percent). This factor was found to be present to a meaningful extent on one of seven blocks within the Expansion Area.

8. Lack of Growth in Equalized Assessed Value (EAV)

Because the Expansion Area is composed primarily of hospital and educational facilities, the majority of parcels within the area are tax-exempt. As a result, in 2006 only nine of the 144 parcels in the Expansion Area had a non-zero EAV. These nine parcels are concentrated on the three blocks containing the Medical Center Apartments, the Rush University Professional Building and a small mixed-use building at 1911 W Ogden. During four of the previous five years, the total growth in EAV of these taxable parcels has not kept pace with that of the balance of the City of Chicago. This lack of growth in EAV is an indication that the Expansion Area suffers from a lack of private investment as compared to the balance of the City of Chicago.

4. REDEVELOPMENT PROJECT AND PLAN

The last sentence of the second paragraph is replaced with the following:

Currentiy, the Central West RPA is characterized by deteriorated infrastmcture, conflicting land uses, vacant and undemtilized parcels, depreciated and deteriorated buildings, and obsolete stmctures.

Goals, Objectives and Strategies

The third paragraph starting with "Objectives" and the associated bullet points are replaced with the following:

Objectives. Eleven (11) broad objectives support the overall goal of area-wide revitaiization of the Central West RPA. These include:

1. Facilitate the assembly, preparation, and marketing of vacant and undemtilized sites for new retail, commercial, residential and pubhc/institutional development, as weil as off-street parking areas;
2. Remediate environmental problems to provide additional land for new retail, commercial, residential and pubhc/institutional development and redevelopment, as appropriate;
3. Facilitate the preservation and/or rehabilitation of residential, commercial, industrial, pubhc/institutional and architecturally or historically significant buildings and encourage the adaptive re-use of vacant, undemtihzed, and obsolete buildings, where appropriate;
4. Promote the expansion of the Illinois Medical District as a center of employment, research and medical care for the Chicago area;
5. Support the development of a variety of housing types to meet the needs of households with a wide range of income levels;
6. Replace or repair infrastructure, including sidewalks, streets, curbs, gutters, and underground water and sanitary systems, to improve the overall image of the neighborhood and support new retail, commercial, and residential redevelopment;
7. Provide resources for streetscaping, landscaping, and screening/buffering elements to visually link the area's diverse land uses and create a distinct identity for the area;
8. Facilitate the improvement and expansion of existing pubhc facihties as needed, such as schools and parks, and facihtate the development of new pubhc facihties in appropriate locations throughout the RPA as needed and in accordance with the Redevelopment Plan;

9. Support and complement the goals and objectives of other underlying redevelopment plans and planning studies, including the Central West Redevelopment Area, Madison-Western Redevelopment Area, the Madison-Racine Redevelopment Area, Enterprise Zone 4, West Side Empowerment Zone, the Near West SNAP, and the Near West Side Area Land Use Plan, and coordinate available federal, state, and local resources to further the goals of this redevelopment plan;
10. Provide opportunities for women-owned, minority-owned, and locally-owned businesses to share in the job and construction opportunities associated with the redevelopment of the Central West RPA; and
11. Support job training programs and increase employment opportunities for area residents.

The third and fourth items associated with the fourth paragraph starting with "Strategies" through the end of this section are replaced with the following:

3. **Encourage Private Sector Activities and Support New Development.** The City may provide financial and other assistance to encourage the private and non-profit sectors to undertake redevelopment and rehabilitation projects within the RPA. In order to facilitate private investment, the City may enter into agreements within the limits of the Act to facilitate and support projects that support the goals, objectives, and strategies of this Redevelopment Plan.
4. **Facilitate Property Assembly, Demolition, and Site Preparation.** Assistance may be provided to private developers in order to undertake projects supportive of this Redevelopment Plan.

To meet the goals and objectives of this Plan, the City may acquire and assemble property throughout the RPA. Land assemblage by the City may be by purchase, exchange, donation, lease, eminent domain or through the Tax Reactivation Program and may be for the purpose of (a) sale, lease or conveyance to private developers, or (b) sale, lease, conveyance or dedication for the construction of public improvements or facilities. Furthermore, the City may require written redevelopment agreements with developers before acquiring any properties. As appropriate, the City may devote acquired property to temporary uses until such property is scheduled for disposition and development.

In connection with the City exercising its power to acquire real property, including the exercise of the power of eminent domain, under the Act in implementing the Plan, the City will follow its customary procedures of having each such acquisition recommended by the Community Development Commission (or any successor commission) and authorized by the City Council of the City. Acquisition of such real property as may be authorized by the City Council does not constitute a change in the nature of this Plan.

Redevelopment Plan Elements

In the first sentence of the first sub-paragraph entitled "Site Assembly, Demolition, and Preparation" of the second paragraph, the following words are deleted:

"on page 31".

In the third sub-paragraph entitled "Public Improvements" of the second paragraph, the following is inserted after the third bullet point:

Highway on-ramp and off-ramp improvements;

The last paragraph of this section is replaced with the following:

The City may enter into redevelopment agreements or intergovernmental agreements with private entities or public entities to construct, rehabilitate, renovate or restore private or public improvements on one or several parcels (collectively referred to as "Redevelopment Projects").

The City requires that developers who receive TIF assistance for market rate housing set aside 20 percent of the units to meet affordability criteria established by the City's Department of Housing or any successor agency. Generally, this means the affordable for-sale units should be priced at a level that is affordable to persons earning no more than 100 percent of the area median income, and affordable rental units should be affordable to persons earning no more than 60 percent of the area median income.

Proposed Future Land Use

The second paragraph of this section is deleted and replaced with the following:

These proposed future land uses are detailed on Map 5.

Map 6 is replaced with the map on the next page of this amendment document (Map 5).

Housing Impact and Related Matters

This section is deleted in its entirety and replaced with a new section entitled "Analysis of Housing Impact." The following is inserted as part of this new section.

As set forth in the Act, if the redevelopment plan for a redevelopment project area would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and a municipality is unable to certify that no displacement will occur, the municipality must prepare a housing impact study and incorporate the study in the redevelopment project plan.

The Project Area contains 5,444 inhabited residential units. The Plan provides for the development or redevelopment of several portions of the RPA that may contain occupied residential units. As a result, it is possible that by implementation of this Plan, the displacement of residents from 10 or more inhabited residential units could occur.

The results of the housing impact study section are described in a separate report which presents certain factual information required by the Act. The report, prepared by the Consultant, is entitled *Central West Redevelopment Project Area Tax Increment Financing Housing Impact Study*, and is attached as Appendix 3 to this amendment document.

5. FINANCIAL PLAN

Eligible Costs

All paragraphs in this section are deleted and replaced with the following:

The various redevelopment expenditures that are eligible for payment or reimbursement under the Act are reviewed below. Following this review is a list of estimated redevelopment project costs that are deemed to be necessary to implement this Plan (the "Redevelopment Project Costs.")

In the event the Act is amended after the date of the approval of this Plan by the City Council of Chicago to (a) include new eligible redevelopment project costs, or (b) expand the scope or increase the amount of existing eligible redevelopment project costs (such as, for example, by increasing the amount of incurred interest costs that may be paid under 65 ILCS 5/11-74.4-3(q)(11)), this Plan shall be deemed to incorporate such additional, expanded or increased eligible costs as Redevelopment Project Costs under the Plan, to the extent permitted by the Act. In the event of such amendment(s) to the Act, the City may add any new eligible redevelopment project costs as a line item in Table 1 or otherwise adjust the line items in Table 1 without amendment to this Plan, to the extent permitted by the Act. In no instance, however, shall such additions or adjustments result in any increase in the total Redevelopment Project Costs without a further amendment to this Plan.

Redevelopment project costs include the sum total of all reasonable or necessary costs

incurred, estimated to be incurred, or incidental to this Plan pursuant to the Act. Such costs may include, without limitation, the following:

- 1) Costs of studies, surveys, development of plans and specifications, implementation and administration of the Plan including but not limited to, staff and professional service costs for architectural, engineering, legal, financial, planning or other services (excluding lobbying expenses), provided that no charges for professional services are based on a percentage of the tax increment collected;
- 2) The costs of marketing sites within the Project Area to prospective businesses, developers and investors;
- 3) Property assembly costs, including but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;
- 4) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the costs of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;
- 5) Costs of the construction of public works or improvements subject to the limitations in Section 11-74.4-3(q)(4) of the Act;
- 6) Costs of job training and retraining projects including the cost of "welfare to work" programs implemented by businesses located within the Project Area and such proposals feature a community-based training program which ensures maximum reasonable opportunities for residents of the Near West Side Community Area with particular attention to the needs of those residents who have previously experienced inadequate employment opportunities and development of job-related skills including residents of public and other subsidized housing and people with disabilities;
- 7) Financing costs including, but not limited to, all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued thereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for a period not exceeding 36 months following completion and including reasonable reserves related thereto;
- 8) To the extent the City by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Plan.

- 9) Relocation costs to the extent that the City determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law or by Section 74.4-3(n)(7) of the Act (see Relocation section);
- 10) Payment in lieu of taxes, as defined in the Act;
- 11) Costs of job training, retraining, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs; (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in the Project Area; and (ii) when incurred by a taxing district or taxing districts other than the City, are set forth in a written agreement by or among the City and the taxing district or taxing districts, which agreement describes the program to be undertaken including but not limited to, the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40, and 3-40.1 of the Public Community College Act, 110 ILCS 805/3-37, 805/3-38, 805/3-40 and 805/3-40.1, and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code, 105 ILCS 5/10-22.20a and 5/10-23.3a;
- 12) Interest costs incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:
 - a) such costs are to be paid directly from the special tax allocation fund established pursuant to the Act;
 - b) such payments in any one year may not exceed 30 percent of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
 - c) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this provision, then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
 - d) the total of such interest payments paid pursuant to the Act may not exceed 30 percent of the total: (i) cost paid or incurred by the redeveloper for such redevelopment project, (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by the City pursuant to the Act; and
 - e) up to 75 percent of the interest cost incurred by a redeveloper for the financing of

rehabilitated or new housing for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act.

- 13) Unless explicitly provided in the Act, the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost;
- 14) An elementary, secondary, or unit school district's increased costs attributable to assisted housing units will be reimbursed as provided in the Act,
- 15) Instead of the eligible costs provided for in (12) b, d and e above, the City may pay up to 50 percent of the cost of construction, renovation and/or rehabilitation of all low- and very low-income housing units (for ownership or rental) as defined in Section 3 of the Illinois Affordable Housing Act. If the units are part of a residential redevelopment project that includes units not affordable to low- and very low-income households, only the low- and very low-income units shall be eligible for benefits under the Act; and
- 16) The costs of daycare services for children of employees from low-income families working for businesses located within the Project Area and all or a portion of the cost of operation of day care centers established by Project Area businesses to serve employees from low-income families working in businesses located in the Project Area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80 percent of the City, county or regional median income as determined from time to time by the United States Department of Housing and Urban Development.

If a special service area has been established pursuant to the Special Service Area Tax Act, 35 ILCS 235/0.01 *et seq.*, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act may be used within the redevelopment project area for the purposes permitted by the Special Service Area Tax Act as well as the purposes permitted by the Act.

The Notes to Table 1, as shown in the Original Plan, are as follows:

Notes:

(1) This category also may include the reimbursement of capital costs of taxing districts including schools resulting from the redevelopment project necessarily incurred in the furtherance of the objectives of the Redevelopment Project Area Plan and Project to the extent the City by written agreement accepts and approves such costs.

(2) All costs are in 1999 dollars and may be increased by the rate of inflation reflected in the National Consumer Price Index. In addition to the above stated costs, each issue of obligations issued to finance a phase of the Redevelopment Project may include an amount of proceeds sufficient to pay customary and reasonable charges associated with the issuance of such obligations, including interest costs.

(3) Certain costs included in this line item will be eligible costs as of November 1, 1999 pursuant to an amendment to the Act.

These above Notes are replaced with the following Amended Notes for Amended Table 1:

Amended Notes:

[1] This category may also include paying for or reimbursing (i) an elementary, secondary or unit school district's increased costs attributed to assisted housing units, and (ii) capital costs of taxing districts impacted by the redevelopment of the Project Area. As permitted by the Act, to the extent the City by written agreement accepts and approves the same, the City may pay, or reimburse all, or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Redevelopment Plan.

[2] Total Redevelopment Project Costs exclude any additional financing costs, including any interest expense, capitalized interest and costs associated with optional redemptions. These costs are subject to prevailing market conditions and are

in addition to Total Redevelopment Project Costs.

[3] The amount of the Total Redevelopment Costs that can be incurred in the Project Area will be reduced by the amount of redevelopment project costs incurred in contiguous redevelopment project areas, or those separated from the Project Area only by a public right-of-way, that are permitted under the Act to be paid, and are paid, from incremental property taxes generated in the Project Area, but will not be reduced by the amount of redevelopment project costs incurred in the Project Area which are paid from incremental property taxes generated in contiguous redevelopment project areas or those separated from the Project Area only by a public right-of-way.

[4] Increases in estimated Total Redevelopment Project Costs of more than five percent, after adjustment for inflation from the date of the Redevelopment Plan adoption, are subject to the Redevelopment Plan amendment procedures as provided under the Act.

Additional funding from other sources such as federal, state, county, or local grant funds may be utilized to supplement the City's ability to finance the Redevelopment Project Costs identified above.

Phasing and Scheduling of the Redevelopment

There are no changes to this section.

Sources of Funds to Pay Costs

This section is deleted in its entirety and is replaced with the following:

Funds necessary to pay for Redevelopment Project Costs and secure municipal obligations issued for such costs are to be derived primarily from Incremental Property Taxes. Other sources of funds which may be used to pay for Redevelopment Project Costs or secure municipal obligations are land disposition proceeds, state and federal grants, investment income, private financing and other legally permissible funds the City may deem appropriate. The City may incur redevelopment project costs which are paid for from funds of the City other than incremental taxes, and the City may then be reimbursed from such costs from incremental taxes. Also, the City may permit the utilization of guarantees, deposits and other forms of security made available by private sector developers. Additionally, the City may utilize revenues, other than State sales tax increment revenues, received under the Act from one redevelopment project area for eligible costs in another redevelopment project area that is either contiguous to, or is separated only by a public right-of-way from, the redevelopment project area from which the revenues are received.

The Central West RPA as Amended is contiguous to the Midwest, Near West and Kinzie Industrial Redevelopment Project Areas and may become contiguous to or separated by only a public right-of-way from other redevelopment project areas created under the Act. The City may utilize net incremental property taxes received from the RPA to pay eligible redevelopment project costs, or obligations issued to pay such costs, in other contiguous redevelopment project areas or project areas separated only by a public right-of-way, and vice versa. The amount of revenue from the RPA, made available to support such contiguous redevelopment project areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible Redevelopment Project Costs within the RPA, shall not at any time exceed the total Redevelopment Project Costs described in this Plan.

The Central West RPA may be or become contiguous to, or be separated only by a public right-of-way from, redevelopment project areas created under the Industrial Jobs Recovery Law (65 ILCS 5/11-74.6-1, et seq.). If the City finds that the goals, objectives and financial success of such contiguous redevelopment project areas or those separated only by a public right-of-way are interdependent with those of the RPA, the City may determine that it is in the best interests of the City and the furtherance of the purposes of the Plan that net revenues from the RPA be made available to support any such redevelopment project areas, and vice versa. The City therefore proposes to utilize net incremental revenues received from the RPA to pay eligible redevelopment project costs (which are eligible under the Industrial Jobs Recovery Law referred to above) in any such areas and vice versa. Such revenues may be transferred or loaned between the RPA and such areas. The amount of revenue from the RPA so made available, when added to all amounts used to pay eligible Redevelopment Project Costs within the RPA or other areas as described in the preceding paragraph, shall not at any time exceed the total Redevelopment Project Costs described in Table 1 of this Plan.

Issuance of Obligations

This section is deleted in its entirety and is replaced with the following:

The City may issue obligations secured by Incremental Property Taxes pursuant to Section 11-74.4-7 of the Act. To enhance the security of a municipal obligation, the City may pledge its full faith and credit through the issuance of general obligations bonds. Additionally, the City may provide other legally permissible credit enhancements to any obligations issued pursuant to the Act.

The redevelopment project shall be completed, and all obligations issued to finance redevelopment costs shall be retired, no later than December 31, 2024. Also, the final maturity date of any such obligations which are issued may not be later than 20 years from their respective dates of issue. One or more series of obligations may be sold at one or more times in order to implement this Plan. Obligations may be issued on a parity or subordinated basis.

In addition to paying Redevelopment Project Costs, Incremental Property Taxes may be used for the scheduled retirement of obligations, mandatory or optional redemptions, establishment of debt service reserves and bond sinking funds. To the extent that Incremental Property Taxes are not needed for these purposes, and are not otherwise required, pledged, earmarked or otherwise designated for the payment of Redevelopment Project Costs, any excess Incremental Property Taxes shall then become available for distribution annually to taxing districts having jurisdiction over the RPA in the manner provided by the Act.

Most Recent Equalized Assessed Valuation of Properties in the Original RPA and Expansion Area

In the first sentence of this paragraph, the phrase "Central West RPA" is replaced with the phrase "Central West RPA Expansion Area."

The second sentence through the end of the paragraph is replaced with the following:

The base EAV as certified by the Cook County Clerk of the Original Central West RPA is \$62,116,168. The 2006 EAV of all taxable parcels in the Central West RPA Expansion Area is approximately \$23,365,400. This total EAV amount by PIN is summarized in Appendix 4. The estimated base EAV of the Central West RPA as Amended is therefore estimated to be \$85,481,600. The EAV is subject to verification by the Cook County Clerk. After verification, the final figure shall be certified by the Cook County Clerk, and shall become the Certified Initial EAV from which all incremental property taxes in the Redevelopment Project Area will be calculated by Cook County. If the 2007 EAV shall become available prior to the date of adoption of Amendment No. 1 by the City Council, the City may update the Redevelopment Plan by replacing the 2006 EAV with the 2007 EAV without further City Council action.

Anticipated Equalized Assessed Valuation

This section is deleted in its entirety and is replaced with the following:

By 2023, the EAV for the Central West RPA will be approximately \$471,000,000. This estimate is based on several key assumptions, including: 1) the 2006 EAV of parcels in the Original RPA and Expansion Area; 2) an inflation factor of 2.50% per year on the EAV of all properties within the Central West RPA, with its cumulative impact occurring in each triennial reassessment year; and 3) an equalization factor of 2.7076.

6. REQUIRED FINDINGS AND TESTS

Lack of Growth and Private Investment

The title of this section is changed to "Lack of Growth and Private Investment: Original Central West RPA."

In this section the phrase "Central West RPA" is replaced with the following:

"Original Central West RPA"

and the word "RPA" is replaced with the following:

"Original RPA".

In the fifth paragraph the phrase "Redevelopment Project Area (Central West RPA)" is replaced with the following:

"Original Redevelopment Project Area".

A new section entitled "Lack of Growth and Private Investment: Central West RPA Expansion Area" is inserted after the section entitled "Lack of Growth and Private Investment: Original Area." The following is inserted in this new section:

Lack of Growth and Private Investment: Central West RPA Expansion Area

In order to assess the level of private investment within the Central West RPA Expansion Area, *S. B. Friedman & Company* analyzed data obtained from a number of sources. This data includes the assessed values of taxable properties within the RPA Expansion Area, building permit records obtained from the City of Chicago Department of Buildings for projects within the RPA Expansion Area, and financial and planning documents obtained from Cook County and Rush University Medical Center.

As discussed in the Eligibility Study above, the Equalized Assessed Value (EAV) of taxable properties within the Central West RPA Expansion Area have not kept pace with that of the balance of the City of Chicago for four of the previous five years. During this time period, the EAV of the RPA Expansion Area grew at a compound annual growth rate of 7.13 percent. This rate of growth is 33 percent lower than the compound annual growth rate for the balance of the City, which was 10.61 percent. This indicates that private investment in the RPA Expansion Area has been low relative to the rest of the City of Chicago.

In addition, construction activity within the RPA expansion area has largely been limited to the remediation of code violations and deficiencies. According to records obtained from the Department of Buildings, the total value of building permits issued for projects within the RPA Expansion Area was \$46.5 million during the five-year period between December 2001 and December 2006. Approximately \$42.1 million (90.6 percent) was attributable to projects undertaken by Rush University Medical Center ("RUMC"), and \$4.2 million (9 percent) was attributable to projects undertaken by Cook County. During this period, RUMC spent approximately \$22.6 million to correct code violations and deficiencies identified during an audit conducted by the Center for Medicare and Medicaid Services. In addition, Cook County spent approximately \$3.6 million to correct life safety and issues relating to life safety and accessibility for persons with disabilities. The remaining construction activity (\$20.3 million) represents renovations and minor expansions of RUMC facilities, as well as maintenance on privately-owned buildings within the Amendment RPA. This level of investment is insignificant relative to the redevelopment needs of the area, and does not allow for a substantive expansion of medical services or other economic activity within the area.

A review of audited financials for the Rush University Medical Center Obligated Group ("RUMCOG"), which includes Rush University Medical Center, Rush North Shore Medical Center and Rush-Copley Medical Center, supports this conclusion. Capital expenditures made by RUMCOG in recent years have been insufficient to keep pace with normal depreciation of building value. Between 2002 and 2005, RUMCOG incurred capital expenses totaling \$258 million, as compared to incurred depreciation of

approximately \$290 million. This investment represents only 88.8 percent of replacement value for Rush's hospital facilities, and is an indication of underinvestment by area institutions.

The redevelopment needs of the RPA Expansion Area are significant. According to a Certificate of Need Application filed by Rush University Medical Center in February 2006, the total cost of correcting outstanding deficiencies at RUMC and modernizing existing facilities is \$460 million. This estimate does not allow for any expansion of services. Similarly, in 2003 the total cost of rehabilitating the Cook County Hospital building and adapting it for private use was estimated to be \$85 million by the Landmarks Preservation Council of Illinois. The cost of conducting this work is likely to have increased since 2003. In addition, there are significant infrastructure needs within the area, such as sidewalk, curb and bridge repairs, which are not currently being addressed.

Based on recent financial performance, it is not likely that RUMCOG or Cook County will have the financial capacity to make the required investments in the RPA Expansion Area. RUMCOG has a history of negative operating margins, having experienced net operating losses during each year between 2000 and 2004. In addition, Cook County has faced budget shortfalls during each of the previous three years, including a budget shortfall of approximately \$500 million in 2007. Given these financial constraints, as well as the high cost of rehabilitating the area's obsolescent facilities, it is unlikely that the conditions which qualify the Central West RPA Expansion Area as a conservation area will be remedied without public intervention like that envisioned in this Redevelopment Plan and Project.

But For...

In the second paragraph the last sentence is replaced with the following:

Accordingly, but for creation of the Original Central West RPA and its expansion to include the Central West RPA Expansion Area, these projects, which would contribute substantially to area-wide redevelopment, are unlikely to occur without TIF designation and expansion of the Original Central West RPA.

Demand on Taxing District Services and Program to Address Financial and Service Impact

The first, second and third paragraphs of this section, and all attendant bullet points, are replaced with the following:

The Act requires an assessment of any financial impact of the RPA on, or any increased demand for services from, any taxing district affected by the Plan and a description of any program to address such financial impacts or increased demand. The City intends to monitor development in the Project Area and with the cooperation of the other affected taxing districts will attempt to ensure that any increased needs are addressed in connection with any particular development. The following major taxing districts presently levy taxes on properties located within the Central West RPA and maintain the listed facilities within the boundaries of the RPA, or within close proximity (three to four blocks) to the RPA boundaries:

- = those facilities located within the boundaries of the RPA
- = those facilities located within close proximity (but outside the boundaries) of the RPA

CITY OF CHICAGO
CENTRAL WEST RPA AS AMENDED
AMENDMENT NO. 1

MAP 6
COMMUNITY FACILITIES
AUGUST 2007

The eighth paragraph of this section (after "Chicago Board of Education and Associated Agencies") is replaced with the following.

It is likely that some families who purchase housing or rent new apartments in the Central West RPA will send their children to public schools, putting increased demand on area school districts. However, it is unlikely that the scope of new residential construction would exhaust existing capacity. Many of the new home owners or renters may come from the immediate neighborhood or may send their children to private schools, which would not impact the public school system. Existing absorption capacity was verified through data provided by the Department of School Demographics and Planning at the Chicago Public Schools (CPS). These data reveal that for all the public schools that serve the area immediately surrounding the Central West RPA for which capacity data was available, existing enrollment is at approximately 56% of existing capacity. The range of enrollment levels is wide, ranging from 27% to 91%. Overall, enrollment at area elementary and middle schools is approximately 47% of total design capacity, while enrollment at area high schools is approximately 73% of total design capacity. This means that an increase in the number of students in the area can be supported. The City intends to monitor development in the Central West RPA and, with the cooperation of the Board of Education, will attempt to ensure that any increased demands for the services and capital improvements provided by the Board of Education are addressed in connection with each new residential project.

7. PROVISIONS FOR AMENDING ACTION PLAN

Central West RFA as Amended
Assessment of Housing Impact*

The purpose of this section is to conduct a housing impact study for the Central West RPA and Central West Amendment RPA as set forth in the Tax Increment Allocation Redevelopment Act (the "Act"). The Act, as amended in 1999, states that, if the redevelopment plan for a redevelopment project area would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and the City is unable to certify that no displacement of residents will occur, the municipality shall prepare a housing impact study and incorporate the study in the separate feasibility report required by the subsection (a) of Section 11-74.4-5 (sic) [Section 11.74-4-4.1], which for the purposes hereof shall also be the "Central West Tax Increment Financing Redevelopment Project and Plan."

Because the Central West RPA was established prior to the amendment of the Tax Increment Allocation Redevelopment Act in 1999, a Housing Impact Study was not prepared as part of the original Redevelopment Project and Plan. The primary goals of the Redevelopment Plan include the creation of new retail, commercial, public/institutional and residential development on vacant and underutilized sites, the rehabilitation of existing residential buildings, and the development of a variety of housing types to meet the needs of households with a wide range of income levels. It is not the City's intent to displace existing residential units, and it is unlikely that any inhabited residential units will be removed. However, the City has elected to prepare a Housing Impact Study in order to assess the potential impact of the Amended Redevelopment Plan on residents of the Central West RPA and Central West Amendment RPA.

As set forth in the Act, Part I of the housing impact study shall include:

- (i) Data as to whether the residential units are single family or multi-family units;
- (ii) The number and type of rooms within the units, if that information is available;
- (iii) Whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 of the Act is passed; and
- (iv) Data as to the racial and ethnic composition of the residents in the inhabited residential units, which data requirement shall be deemed to be fully satisfied if based on data from the most recent federal census.

Part H of the housing impact study identifies the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify:

- i. The number and location of those units that will be or may be removed;

- ii. The municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed;
- iii. The availability of replacement housing for those residents whose residences are to be removed, and identification of the type, location, and cost of the replacement housing; and
- iv. The type and extent of relocation assistance to be provided.

This information is presented below.

PART I

(i) Number and Type of Residential Units

The number and type of residential buildings in the area was identified during the building condition and land use survey conducted as part of the eligibility analysis for the area. This survey, completed on February 21, 2007, revealed that the Central West RPA as amended contain 902 residential or mixed-use residential buildings containing a total of 5,757 units. The number of residential units by building type is illustrated in the table below.

	# of Buildings	# of Units
Single Family	458	458
Two-, Three- and Four-Unit Buildings	370	1,057
Multi-Unit Buildings (5+ Units)	72	4,042
Single-Room Occupancy Hotels	2	200
Total	902	5,757

(ii) Number and Type of Rooms within Units

In order to describe the distribution of residential units by number and type of rooms within the Central West RPA as amended, *S. B. Friedman & Company* analyzed 2000 Census data. These data show the distribution of units by the number of rooms within each unit and by bedroom type. The distribution of apartment sizes and bedroom types from the 2000 Census was then applied to the total number of units identified by the survey. The estimated distribution of units by bedroom type and number of rooms is summarized in the tables below.

Units by Number of Rooms	Percent, 2000 Census	Current Estimate for Central West RPA & Amendment RPA
1 room	9.7%	557
2 rooms	21.4%	1,230
3 rooms	21.5%	1,238
4 rooms	19.2%	1,103
5 rooms	13.3%	765
6 rooms	8.4%	482
7 rooms	2.5%	146
8 rooms	1.1%	66
9 or more rooms	3.0%	170
Total	100.0%	5,757

Units by Number of Bedrooms	Percent, 2000 Census	Current Estimate for Central West RPA as Amended
No bedroom	12.6%	723
1 bedroom	38.3%	2,205
2 bedrooms	27.0%	1,552
3 bedrooms	16.2%	935
4 bedrooms	3.9%	223
5 or more bedrooms	2.1%	119
Total	100.0%	5,757

(iii) Number of Inhabited Units

According to data compiled from the survey completed by *S. B. Friedman & Company* on February 21, 2007, the Central West RPA as amended contain an estimated 5,757 residential units of which 313 (5.4%) are believed to be vacant. Therefore, there are approximately 5,444 total inhabited units within the redevelopment area. As required by the Act, this information was ascertained as of February 21, 2007, which is a date not less than 45 days prior to the date that the resolution required by subsection (a) of Section 11-74.4-5 of the Act was or will be passed (the resolution setting the public hearing and Joint Review Board meeting dates).

(iv) Race and Ethnicity of Residents

According to ESRI, a national provider of demographic data, there were an estimated 9,278 residents living within the boundaries of the Central West RPA in 2006. The race and ethnic composition of these residents is described below, per ESRI estimates.

Race	Percent, 2000 Census	Current Estimate for Central West RPA & Amendment RPA
Black or African-American Alone	83.2%	7,716
White Alone	6.9%	636
Asian Alone	7.4%	686
American Indian or Alaskan Native Alone	0.2%	15
Some Other Race Alone	1.5%	137
Two or More Races	0.9%	88
Total	100.0%	9,278

Hispanic Origin	Percent, 2000 Census	Current Estimate for Central West RPA & Amendment RPA
Hispanic	3.3%	303
Non-Hispanic	96.7%	8,975
Total	100.0%	9,278

In addition, the distribution of moderate-, low-, very low-, and very, very low-income households residing in the Central West RPA as amended was estimated using data provided by ESRI. As determined by HUD, the definitions of the above-mentioned income categories, adjusted for family size, are as follows:

- i. A very, very low-income household has an adjusted income of less than 30% of the area median income;
- ii. A very low-income household earns between 30% and 50% of the area median income;
- iii. A low-income household earns between 50% and 80% of the area median; and
- iv. A moderate-income household earns between 80% and 120% of the area median.

The estimated distribution of households by income category is summarized below.

Income Range	Percent of Households (ESRI)	Number of Households	Household Income Range (3-Person Households)
Very, very low (up to 30% AMI)	51%	2,788	\$0 - \$20,350
Very low (30% to 50% AMI)	14%	758	\$20,351 - \$33,350
Low (50% to 80% AMI)	11%	602	\$33,351 - \$53,650
Moderate (80% to 120% AMI)	10%	523	\$53,651 - \$81,480
Over 120% AMI	14%	773	\$81,481+
Total	100%	5,444	

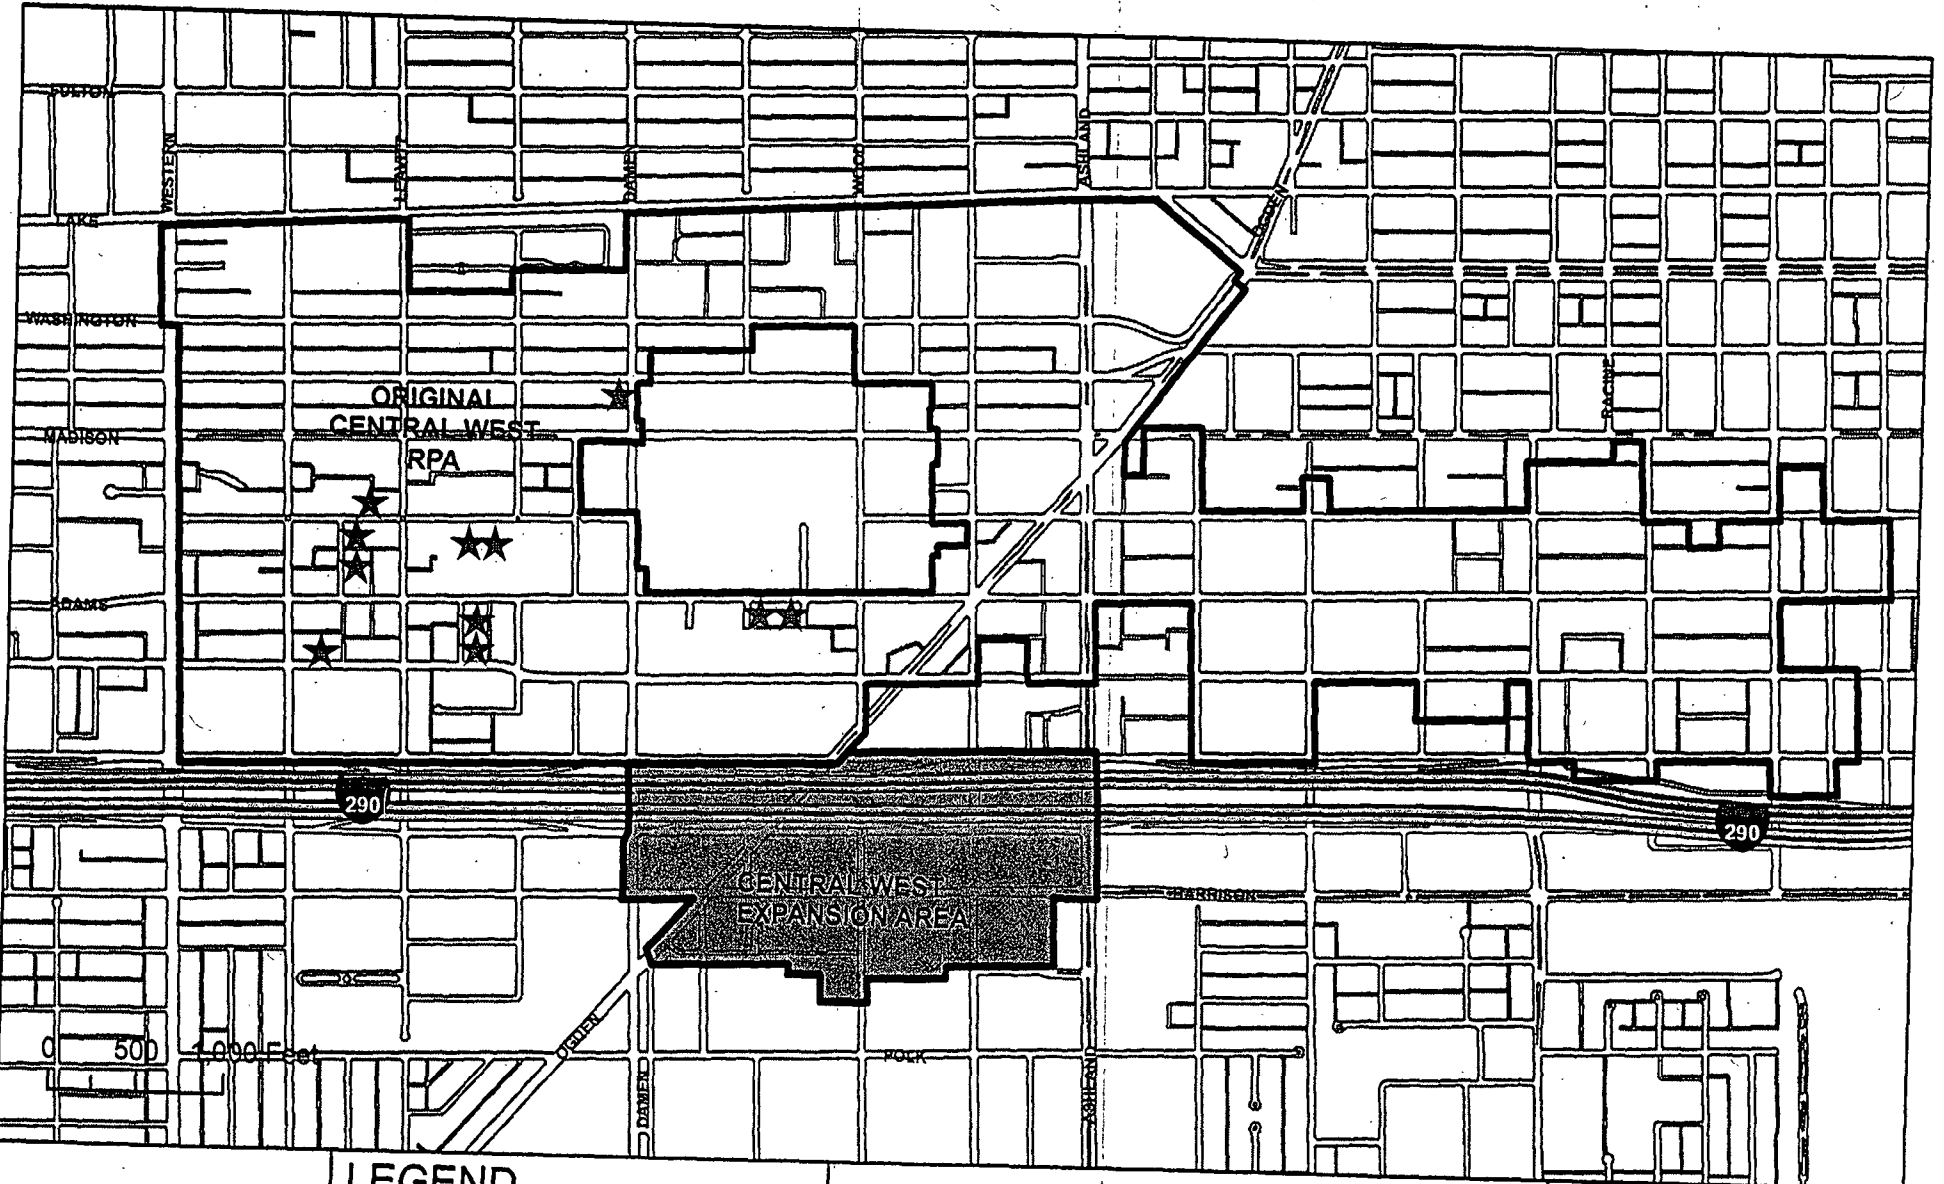

PART H**(i) Number and Location of Units to be Removed**

The primary goals of the Redevelopment Plan include the creation of new development on vacant and underutilized sites, the rehabilitation of existing residential buildings, and the development of new housing for households with a wide range of incomes. Because of this, it is unlikely that displacement of inhabited residential units will take place. However, it is conceivable that during the remaining 16-year life of the RPA, some displacement may occur that is not anticipated at this time. Therefore, *S. B. Friedman & Company* employed the following three-step methodology to estimate the number of inhabited units that could potentially be removed due to redevelopment or new development over the remaining 16-year life of the Central West RPA as amended.

- i. Step one counts all inhabited residential units identified on any acquisition lists or maps included in the Central West Redevelopment Plan. No active acquisition list was identified within the Central West RPA. Therefore, it was assumed that no inhabited residential units are likely to be removed due to City acquisitions.
- ii. Step two counts the number of inhabited residential units located in buildings that are dilapidated or seriously deteriorated as defined by the Act. A survey of the Central West RPA completed in February 2007 identified nine inhabited buildings which were dilapidated or seriously deteriorated. These buildings contained a total of 17 residential units. Therefore it is possible that 17 residential units may be removed due to demolition or rehabilitation of dilapidated or seriously deteriorated buildings.
- iii. Step three counts the number of inhabited residential units that exist where the future land use indicated by the Redevelopment Plan will not include residential uses. After reviewing the Proposed Future Land Use for the Central West RPA as amended, we determined that no units will be impacted by changes to existing land uses. Therefore, the number of inhabited residential units that may be removed due to future land use change is zero.

Based on the methodology described above, *S. B. Friedman & Company* estimates that up to 17 inhabited residential units may be removed as a result of redevelopment projects that are undertaken in accordance with the Redevelopment Plan. The location of these units is illustrated in Map A-1 on the following page.

Based on the income distributions in and around the RPA, it is reasonable to assume that approximately 86% of households that may be displaced during the remaining life of the RPA are of moderate, low, very low, or very, very low income (i.e., 15 households). However, it is possible that up to 100% of potentially displaced households lie within these income brackets. Part II, subpart (ii) of this section discusses in detail the availability of replacement housing for households of low income or lower.

(ii) Relocation Plan

The City's plan for relocation assistance for those qualified residents in the Central West RPA and Central West Amendment RPA whose residences may be removed shall be consistent with the requirements set forth in Section 11-74.4-3(n)(7) of the Act. The terms and conditions of such assistance are described in subpart (iv) below. No specific relocation plan has been prepared by the City as of the date of this report.

(iii) Replacement Housing

In accordance with Subsection 11-74.4-3(n)(7) of the Act, the City shall make a good faith effort to ensure that affordable replacement housing located in or near the Central West RPA as amended is available for any qualified displaced residents.

To promote development of affordable housing, the Redevelopment Plan requires that developers who receive tax increment financing assistance for market-rate housing are to set aside at least 20 percent of the units to meet affordability criteria established by the City's Department of Housing. Generally, this means that income-restricted rental units should be affordable to households earning no more than 60 percent of the area median income (adjusted for family size) and for-sale units should be affordable to households earning no more than 100 percent of area median income. If, during the remaining 16-year life of the Central West RPA and Central West Amendment RPA, the acquisition plans change, the City shall make every effort to ensure that appropriate replacement housing will be found in the Redevelopment Project Area or the surrounding Near West Side, West Town, Lower West Side and East Garfield Park Community Areas.

In order to determine the availability of replacement housing for those residents who may potentially be displaced by redevelopment activity, *S. B. Friedman & Company* examined several data sources, including vacancy data from the 2000 U.S. Census, apartment listings from local newspapers, and housing sales data from Multiple Listing Service.

Vacancy Data

According to the 2000 Census, the 29 Block Groups surrounding and encompassing the Central West RPA as amended contained 5,320 housing units, of which 529 (9.9%) were vacant. Of these, approximately 228 were for-sale or for-rent, and 168 were rented or sold but unoccupied. For the purposes of this analysis, the term "RPA Vicinity" refers to these Block Groups. The following table shows the distribution of vacant residential units in the RPA by vacancy status, as compared to the City of Chicago as a whole.

Vacancy Status	Share of All Housing Units (RPA Vicinity)	Citywide Percentage
For rent	3.8%	3.4%
For sale	0.5%	0.8%
Rented/sold, not occupied	3.2%	0.9%
Seasonal/recreational/occasional/migrant	0.0%	0.5%
Other	2.5%	3.0%
TOTAL VACANT UNITS	9.9%	8.6%

The percentage of residential units that are vacant and awaiting rental in the RPA Vicinity is slightly more than that of the City of Chicago (3.8% vs. 3.4%), suggesting that a reasonable supply of replacement rental housing exists in the RPA Vicinity. The percentage of ownership housing units that are vacant and awaiting sale in the RPA Vicinity is comparable to that of the City as a whole, while the overall rate of residential vacancy in the RPA is slightly more than that of the City.

Replacement Rental Housing

According to information obtained from the City of Chicago by *S. B. Friedman & Company*, there are no current projects located within the Central West RPA as amended that will result in a loss of housing units. However, the possibility remains that some existing units may be removed in the future as a result of redevelopment activity over the remaining 16-year life of the RPA. Therefore, our firm has defined a sample of possible replacement rental housing units located within the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas.

The location, type, and cost of this sample were determined through the examination of classified advertisements from the *Chicago Tribune*, *Chicago Sun Times* and *Chicago Reader* during late February and early March 2007. It is important to note that the Chicago metro-area has a rental cycle where apartments turn over at a greater rate on May 1 and October 1 of each year. These higher turnover times would likely reflect a wider variety of rental rates, unit sizes, and locations than those available in the months surveyed for this study.

The range of maximum affordable monthly rents, according to HUD standards, is shown in the following table in comparison with the advertised rents found in the above-mentioned newspaper listings.

Number of Bedrooms	Implied Family Size*	Maximum Monthly Rent (Including Utilities) Affordable to Income Bracket				Observed Range**	Units in Sample

*Derived from the number of bedrooms using HUD formulas.

**Based on a random sample of apartments located in the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas and advertised in the *Chicago Tribune*, *Sun Times* and *Reader* during late February and early March, 2007.

The table on the following page provides a detailed summary of the apartment listings found in the *Chicago Tribune*, *Chicago Sun Times* and *Chicago Reader* during late February and early March 2007. Since HUD affordability standards state that monthly rent, including utilities, should equal no more than 30% of gross household income, *S.B. Friedman & Company* has adjusted the monthly rents listed below to include utility payments using Section 8 utility cost estimates for various apartment unit sizes developed by the Chicago Housing Authority.

The sample collected by *S. B. Friedman & Company* contains a greater proportion of two-bedroom apartments than expected based on 2000 Census data. Approximately 53% of apartments in the sample above contain two bedrooms, as compared to 27% in the RPA Vicinity in 2000. The sample also contains fewer studios and one-bedroom apartments (29%) than expected based on the 2000 Census (51%). Overall, the sample indicates that many of these units are not affordable to very, very low-income households.

S. B. Friedman & Company has also researched the availability of subsidized and income-restricted housing in and near the Central West RPA as amended. According to data provided by the Illinois Housing Development Authority (IHDA), there are at least 1,668 units of income-restricted housing in the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas.

Replacement For-Sale Housing

In order to determine the availability of replacement for-sale housing for those home owners who may potentially be displaced, *S. B. Friedman & Company* reviewed data available from the Multiple Listing Service (MLS) of Northern Illinois which lists most of the currently active for-sale properties in the Northern Illinois region, as well as historical data listing housing sales within the region over the past three years. The following table summarizes housing sales for detached and attached (condominium and town home) residential units within the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas since January 1, 2005. As the table illustrates, the number of units recently sold in or near the Central West RPA as Amended far exceeds the number of potentially displaced units calculated above.

Year	Completed Sales	
	Detached	Attached
2005	270	3,481
2006	246	3,792
2007	53	902
Total	569	8,175

In addition, *S. B. Friedman & Company* researched those properties which are currently listed for sale through the MLS of Northern Illinois in the same Community Areas identified above. Detail regarding the asking price for these units is provided in the table below:

Price Range	Currently Active Properties (as of May 8, 2007)	
	Detached	Attached
\$50,000-\$99,999	1	2
\$100,000-\$149,999	3	9
\$150,000-\$199,999	3	61
\$200,000-\$249,999	7	236
\$250,000-\$299,999	23	385
\$300,000-\$349,999	16	355
\$350,000-\$399,999	18	351
\$400,000-\$449,999	15	256
\$450,000-\$499,999	16	169
\$500,000+	143	334
Total	245	2,158

Based on the available data, it appears that there are a wide range of for-sale housing options available at a variety of price points in the immediate vicinity of the Central West RPA as Amended. Therefore, it can be reasonably assumed that the rental and for-sale residential markets

for the Community Areas in and around the Central West RPA as amended should be adequate to furnish needed replacement housing for those residents that may potentially be displaced because of redevelopment activity within the RPA. There are no planned redevelopment projects that will reduce the number of residential units within the RPA, and those types of mixed-use projects which might be proposed in accordance with the Redevelopment Plan may include new residential units. Therefore, it is assumed that any displacement caused by activities as part of the Redevelopment Plan could potentially occur simultaneously with the development of new housing, either rental or for-sale. As a result, there could potentially be a net gain of residential units within the RPA. Furthermore, it is likely that any displacement of units would occur incrementally over the remaining 16-year life of the RPA as individual development projects are initiated.

(iv) Relocation Assistance

In the event that the implementation of the Plan results in the removal of residential housing units in the Project Area occupied by low-income households or very low-income households, or the displacement of low-income households or very low-income households from such residential housing units, such households shall be provided affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations hereunder, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. The City shall make a good faith effort to ensure that this affordable housing is located in or near the Project Area.

As used in the above paragraph, "low-income households," "very low-income households," and "affordable housing" have the meanings set forth in Section 3 of the Illinois Affordable Housing Act, 310 ILCS 65/3 et seq., as amended. As of the date of this study, these statutory terms are defined as follows:

- (i) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is more than 50% but less than 80% of the median income of the area of residence, adjusted for family size, as such adjusted income and median income are determined from time to time by the United States Department of Housing and Urban Development ("HUD") for purposes of Section 8 of the United States Housing Act of 1937;
- (ii) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is not more than 50% of the median income of the area of residence, adjusted for family size, as so determined by HUD; and
- (iii) "Affordable housing" means residential housing that, so long as the same is occupied by low-income households or very low-income households, requires payment of monthly housing costs, including utilities other than telephone, of no more than 30% of the maximum allowable income for such households, as applicable.

The City of Chicago will make a good faith effort to relocate these households to affordable

housing located in or near the Central West RPA as amended, and will provide relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Policies Act of 1970.
