In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development Ordinance and the Chicago Zoning Ordinance, this Planned Development shall control.
5. The following uses are permitted in the area delineated herein as Subarea A of Planned Development 136, as amended: Multi-Unit residential units on and above the ground floor; Eating and Drinking Establishments; Lodging; Office; Personal Service; Retail Sales; Grocery

stores; Accessory Parking; Non-accessory parking if located below-grade; Financial Services; Public transit-related uses; Accessory and related uses.

The following uses shall be permitted within Subarea B of Planned Development 136, as amended: residential dwelling units; community centers; daycare facilities; accessory church offices; accessory parking; and other accessory church-related facilities; and accessory uses.

6. On-Premise signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-Premise signs are prohibited within the boundary of the Planned Development.
7. For purposes of height measurement, the definitions in the Chicago Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
8. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 313,379 square feet for Subarea A and a base FAR of 5.0. The permitted FAR in Subarea B is 4.94 based upon a net site area of 57,410 square feet.

The Applicant acknowledges that the project has received a bonus FAR of 1.25 for Subarea A-4, pursuant to Sec. 17-4-1000 of the Zoning Ordinance. In exchange for the bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17-4-1003-B & C, prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the bonus payment may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The bonus payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in median land values in accordance with Section 17-4-1003-C.3.

The bonus payment will be split between three separate funds, as follows: 80% to the Neighborhoods Opportunity Fund, 10% to the Citywide Adopt-a-Landmark Fund and 10% to the Local Impact Fund. In lieu of paying the City directly, the Department may: (a) direct developers to deposit a portion of the funds with a sister agency to finance specific local improvement projects; (b) direct developers to deposit a portion of the funds with a landmark property owner to finance specific landmark restoration projects; or, (c) approve proposals for in-kind improvements to satisfy the Local Impact portion of the payment.

9. Upon review and determination, Part II Review, pursuant to Section 17-13-0610, a Part II Review Fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.

10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including Section 17-13-0800. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.
11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.
12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.
13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.
15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and

contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. The Applicant acknowledges and agrees that the rezoning of the Property from Planned Development No. 136, as amended 1992, to Planned Development No. 136 as amended July 25, 2012, for the construction of the Residential Project triggers the requirements of Section 2-45-110 of the Municipal Code ("The Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance must (i) develop affordable housing units as part of the residential housing project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements, the Applicant has agreed to provide 10 percent affordable housing units in the Residential Project for households earning up to 60 percent of the Chicago Primary Metropolitan Statistical Area median income (the "Affordable Units"), or make a cash payment to the Affordable Housing Opportunity Fund in the amount of \$100,000 per unit ("Cash Payment"). At the time of each Part II review for the Residential Project, Applicant shall update and resubmit an Affordable Housing profile Form to the Department of Planning and Development for review and approval. If the Applicant subsequently reduces the number of dwelling units in the Residential Project, the Department of Planning and Development may adjust the requirements of this Statement (*i.e.*, number of Affordable Units and/or amount of Cash Payment) accordingly without amending this Planned Development. Prior to the issuance of a building permit for the Residential project, the Applicant must either make the required Cash Payment, or execute and Affordable Housing Agreement in substantially the form attached hereto as an exhibit in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Property and will constitute a lien against each Affordable Unit. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. Notwithstanding anything to the contrary contained in Section 17-4-1003-E, the Commissioner of the Department of Planning and

Development may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the planned development ordinance.

17. The development of Subarea B is located adjacent to a Chicago Landmark Building (the Sexton School). Accordingly the owner of Subarea B shall provide a landscaped pedestrian walkway within the buffer zone between the landmark building and the apartment building as a means of increasing visual access to the west and north façades of the landmark building. The apartment building shall be set back from the southern boundary of Subarea B as depicted on the Subarea B Site Plan. The owner of Subarea B shall install and maintain an illuminated, paved pedestrian walkway no less than six (6) feet in width within this setback area. The pedestrian walkway shall not be closed off by any gate or other obstruction unless the owner of Subarea B determines that public safety requires otherwise; any such decision to restrict access for public safety reasons shall be subject to approval by the commander of the local district of the Chicago Police Department, with notice of any such decision provided to the Department of Planning and Development.

18. The Applicant acknowledges that the City of Chicago and the Chicago Transit Authority ("CTA") are studying the possibility of a future CTA station near the intersection of West Division Street and North Orleans Street in accordance with the "Central Area Action Plan" adopted by the Chicago Plan Commission on August 20, 2009. The Applicant recognizes the value that convenient access to public transportation would offer the residents of this Planned Development and agrees to grant the CTA a permanent easement (the "Station Easement") in, on, over and under the area labeled "Future Transit Station" as generally depicted on the Site Plan and on the CTA Easement Areas exhibit (the "CTA Exhibit") for the purpose of constructing, operating and maintaining a rail station and related public transportation facilities. The Applicant must record the Station Easement prior to the issuance of any Part II approval for the Project. The transit station has not been fully designed as of the date of this Planned Development. Accordingly, prior to the issuance of Part II approval for the transit station, the CTA shall submit a site plan ("Transit Station Site Plan") to the Commissioner of the Department of Planning and Development (the "Commissioner") for approval. Review and approval of the Transit Station Site Plan by the Commissioner is intended to assure that specific development proposals substantially conform to this Planned Development and to assist the City in monitoring on-going development. The CTA shall share copies of the Transit Station Site Plan with the Applicant for informational purposes only. The Department shall convene meetings between the CTA and the Applicant, if necessary and at the Department's own discretion, to discuss the station plans prior to final site plan approval of the station. Following approval of the Transit Station Site Plan by the Commissioner, the plan and such supporting data and materials as the Commissioner has requested shall be kept on permanent file with the Commissioner and shall be deemed to be an integral part of this Planned Development. The approved Transit Station Site Plan may be changed or modified pursuant to the provisions of Statement 12 hereof. In the event of any inconsistency between the approved Transit Station Site Plan and the terms of this Planned Development in effect at the time of approval of such plan or of the modifications or changes thereto, the terms of this Planned Development shall govern. Applicant shall bear no costs associated with the proposed transit station.

The CTA acquired certain rights within the triangular area depicted on the CTA Exhibit and labeled as “Existing Easement” pursuant to a vacation ordinance adopted by the City Council on March 21, 1977. The 1977 ordinance gives the CTA the right to occupy the Existing Easement with its facilities, and also prohibits the construction of buildings or structures within the area that would interfere with the operation, maintenance, repair, renewal or replacement of the CTA’s facilities. The parking deck proposed for Phases 3 and 4 of the Project encroaches into the Existing Easement, and the Applicant has requested a release of the CTA’s rights within the Existing Easement area. The CTA has agreed to grant a recordable release of its rights, subject to the Applicant’s grant of a permanent, non-exclusive easement (the “Maintenance Easement”) in, on, over, under, through and across the western portion of its Property to the extent necessary to create a buffer (clear zone) of at least 14 feet along, and parallel to, the eastern edge of the CTA elevated track structures for access to, and maintenance, repair, renovation and replacement of any CTA transit facilities now or hereafter located within the CTA’s Brown Line right-of-way, and for safety reasons. The Applicant must record the Maintenance Easement prior to the issuance of any Part II approval for the Project.

19. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the property to Planned Development No. 136, as amended July 25, 2012.
