Dear Chairman Solis and Chairman Searl:

The undersigned, Theodore J. Novak, an attorney with the law firm of DLA Piper LLP (US), which firm represents McCaffery Interests, Inc., the applicant for an amendment to the Chicago Zoning Ordinance and Planned Development No. 523, certifies that he has complied with the requirements for Section 17-13-0107 of the Chicago Zoning Ordinance, by sending written notice to such property owners who appear to be the owners of the property within the subject area not solely owned by the applicant, and to the owners of all property within 250 feet to each direction of the lot line of the subject property, exclusive of public roads, streets, alleys and other public ways, or a total distance limited to 400 feet. Said written notice was sent by First Class U.S. Mail, no more than 30 days before filing the application.

The undersigned certifies that the notice contained the location of the property sought to be rezoned; a statement of the intended use of the property; the name and address of the applicant; the name and address of the owner(s) of the subject property; and a statement that the applicant intends to file the application for change in zoning on approximately December 5, 2012.

The undersigned certifies that the applicant has made a bona fide effort to determine the addresses of the parties to be notified under Section 17-13-0107 of the Chicago Zoning Ordinance, and that the accompanying list of names and addresses of surrounding property owners within 250 feet of the subject site is a complete list containing the names and addresses of the people required to be served.

Very truly yours,

FIRST CLASS MAIL

To the Party Addressed:

In accordance with the requirements of Section 17-13-0107 of the Municipal Code of the City of Chicago, please be informed that on or about December 5, 2012, the undersigned, on behalf of McCaffery Interests, Inc. (the "Applicant"), intends to file an application to amend the Chicago Zoning Ordinance relating to the property generally located at 900-1154 South Clark Street, 100-200 West Roosevelt Road, 1135 and 1136 Delano Court, 901-1001 South Wells Street, 821 South Financial Place and 901 South LaSalle Street (the "Property"). A map and a specific boundary description of the Property are set forth on the reverse side of this letter.

Specifically, the Applicant intends to seek an amendment to rezone the Property from Residential-Business Planned Development No. 523, as amended, to Residential-Business Planned Development No. 523, as amended. The requested rezoning pertains to Subareas I, II, III and IV of Residential-Business Planned Development No. 523, as amended, which are located at 901-1001 South Wells Street, 150-200 West Roosevelt Road, 1135 and 1136 Delano Court and 821 South Financial Place.

The proposed amendment would allow the construction of a school, at-grade and rooftop open space within Subarea III (generally located at 901 South Wells Street) and the reservation of additional land for open space within Subarea IV (generally located at 821 South Financial Place).

The Applicant is *not* seeking to increase the maximum number of dwelling units or the maximum amount of floor area now permitted under Residential-Business Planned Development No. 523, or within Subareas I through IV collectively.

The proposed change of zoning does *not* apply to your property. You are receiving this notice because Cook County tax records indicate that you own property within 250 feet (more or less) of the subject property.

I am an authorized representative of the Applicant and my address is 203 North LaSalle Street, Suite 1900, Chicago, IL 60601. The owners of Subareas I through IV are CJUF III McCaffery Roosevelt Residential I LLC, CJUF III McCaffery Roosevelt Residential II LLC, CJUF III McCaffery Roosevelt Residential III LLC, CJUF III McCaffery Roosevelt Retail LLC and CJUF III McCaffery Roosevelt Park LLC. The Applicant and owners' address is 875 N. Michigan Avenue, Suite 1800, Chicago, Illinois, 60611.

Please contact me at 312-368-4037 with questions or to obtain additional information.

Very truly yours,

DLA Piper LLP (US)

9. For purposes of maximum floor area ratio ("F.A.R.") calculations, the definition contained in the Chicago Zoning Ordinance shall apply. 10. The improvements on the Property shall be designed, constructed and maintained in general conformance with the plans and exhibits set forth in Statement Number 4.

In addition, the development of the Property shall be subject to the following:

- a. **Parking.** Off-street parking shall be provided upon the Property in accordance with the provisions of this statement and the Bulk Regulations and Data Table and shall also be subject to the standards set forth below:
 - (1) Interim outdoor, at-grade, off-street parking existing on the Property on the date of this amended Planned Development may be maintained as is for a period not to exceed ten (10) years; provided, however, that the Commissioner of the Department may authorize the continuation of such interim parking for additional periods where deemed appropriate. Any new interim outdoor, at-grade, off-street parking shall be located, landscaped and maintained in a

manner consistent with the vehicular use area landscaping and screening provisions of the Chicago Zoning Ordinance and associated regulations.

- (2) Permanent, at-grade, off-street parking that is not enclosed in a structure and which is visible from a public right-of-way is permitted subject to the following limitations. Such parking shall be set back at least twenty (20) feet from any adjacent public right-of-way. Such setback shall be bermed to a height of at least two (2) feet above the grade of the adjacent sidewalk and shall be landscaped with one (1) two and one-half (2-1/2) inch caliper tree for every twenty-five (25) feet of frontage along the public way, shrubs and ground cover to provide a continuous screen of at least two and one-half (2-1/2) feet in height total, including the berm, so as to substantially screen the parking lot from view from the adjacent right-of-way. In addition to appropriate landscaping, a decorative fence a minimum of four (4) feet high shall be constructed along the top of the berm to further enhance the screening of the adjacent parking. In lieu of the screening described above, the Department may approve an alternative treatment including, but not limited to, vine-covered fences or trellises, structural walls or screens upon a finding that such alternative treatment would:
 - (a) provide an effective visual screen of the parking areas and parked automobiles;
 - (b) promote the physical definition of a continuous street wall;
 - (c) provide a visual effect which promotes and enhances the vehicular and pedestrian experience through the use of quality architectural and urban design; and
 - (d) be appropriately designed and maintained to satisfy applicable building and/or landscape industry standards.

Notwithstanding the foregoing, the provisions of this Statement 10.a.(2) shall not apply to parallel parking provided on public and private streets and drives on the Property.

- (3) Off-street parking required to serve uses developed on the Property shall be located on the same side of the Metra tracks as the use served. For residential uses, parking shall be located within six hundred (600) feet walking distance of the residential use served. Parking required to serve non-residential uses shall be located within one thousand five hundred (1,500) feet walking distance of the non-residential use served.

- (4) The Applicant, or, if different from the Applicant, the legal titleholders and any ground lessors, is encouraged to conceal parking structures either by fronting them with habitable space or by enclosing the openings with glazing. Where the exterior walls of any parking structure face or will be substantially visible from a public right-of-way, such walls shall be designed and detailed to be similar in appearance to habitable spaces above, adjacent or in the vicinity of the garage. Such similar design elements shall include, but not be limited to: materials, size, shape, number, and pattern of window openings, cornices, moldings, reveals, sills and other decorative surface treatments. Glazing at window openings is strongly encouraged. Window frames, metal screens or other decorative screening devices should be considered where glazing is not utilized. Ramps, cars and headlights shall be entirely screened and ceiling lights shall be substantially screened from view from pedestrians on the public way and from adjacent residential units.

Where parking structures are located in a building with one hundred (100) or more feet of frontage which fronts on South Clark Street, South Wells Street or West Roosevelt Road, a minimum of twenty percent (20%) of the linear distance of said frontage shall be occupied by active uses. Active uses shall include lobbies, entry areas and passageways, elevator and stair areas, retail, services, restaurants, amusement establishments and institutional or cultural uses. A minimum of seventy-five percent (75%) of the linear distance of said required active use shall be glazed with clear glazing between two (2) feet, six (6) inches and eight (8) feet, zero (0) inches above the sidewalk level. Access to parking structures may be located along any public or private street.

The following design features are strongly encouraged wherever feasible: setback of parking structures above ground floor retail with rooftop planting terraces.

- b. Loading. Off-street loading shall be provided upon the Property in accordance with this statement and with the Bulk Regulations and Data Table. All loading required by this Planned Development shall be located proximate to the building or use served. No unenclosed loading areas shall be located facing South Wells Street or South Clark Street. The view of loading areas from other public streets shall be minimized through the use of landscaping and fencing.
- c. Curb Cuts. Private roadways, driveways, entrances to off-street parking and to loading docks, openings for vehicular drop-offs and all other facilities requiring curb cuts shall be located to minimize conflicts with on-street traffic and with pedestrian circulation. Any required street tree removed or made infeasible due to location of a curb cut for a loading dock shall be provided elsewhere upon the Property. No curb cut shall be located within fifty (50) feet of any other curb cut. All curb cuts shall be constructed in accordance with the standards of the City of Chicago. No

more than five (5) curb cuts for roadways and drives, parking and loading entrances shall be located along South Wells Street. No more than two (2) curb cuts for roadways shall be located along South Clark Street. Vehicular drop-off areas along South Clark Street shall be subject to C.D.O.T. approval.

d. Landscaping.

(1) Parkway trees shall be installed and maintained in the public right-of-way adjacent to any development of the Property in accordance with the parkway tree planting provisions of the Chicago Zoning Ordinance and associated regulations unless approved by the Commissioner of the Department of Planning and Development in accordance with Statement 12. Open areas of the Property not otherwise devoted to permitted buildings, parking areas or pedestrian/vehicular circulation areas shall be landscaped to enhance the appearance of the development from the public street, to screen unattractive uses from the street and to provide buffers between adjacent uses. In connection with residential uses, adequate and appropriately designed open space shall be provided in the form of gardens, landscaped areas, children's play lots, playgrounds and above-grade open space facilities (such as roof decks). Landscaping shall consist of grass, ground cover, shrubs, trees or other living plant materials. All landscaping shall be properly maintained at all times. Street trees shall be located in continuous raised planters. The areas along and adjacent to the Metra embankment: (i) shall be fenced; and (ii) notwithstanding the second sentence of this subsection d.(1) above, shall not be required to be landscaped with trees or other landscaping features that would obstruct, or otherwise restrict the configuration of, permitted buildings, parking or loading areas, private drives or would be inconsistent with the Applicant's rights and obligations in the ten (10) foot wide Metra maintenance easement area.

(2) Prior to development, open areas of the Property shall be maintained with grass; provided, however, that the following areas shall not be subject to this requirement: existing parking areas, roadways and other paved areas; areas occupied by existing foundations or other impediments to the growth of grass; areas occupied by the Metra facilities; existing public rights-of-way; and areas subject to covenants, easements or other restrictions inconsistent with the maintenance of grass. The initial planting of the grass where required shall be completed no later than one (1) year following adoption of this amended Planned Development.

e. Building Design And Exterior. The exterior walls of any structure, including walls and fences, facing or visible from the public way shall be

designed and constructed to avoid a monotonous and blank appearance through the use of texture and detail, windows, openings, projections, recesses, offsets, variations to the parapet wall, variations in type or color of materials or other architectural devices. The following design features are strongly encouraged wherever feasible: awnings; retail, offices uses, lobby space or similar active uses at ground level;; and cornice lines and other architectural devices to enhance pedestrian scale.

- f. Roosevelt Road Building Orientation And Entrances. Except for improvements for which site plan approval has been issued as of the effective date hereof, all buildings constructed adjacent to Roosevelt Road shall rise a minimum of one (1) story above West Roosevelt Road, shall include pedestrian entrance from West Roosevelt Road and shall otherwise be designed to promote an active pedestrian street level, avoiding large expanses of blank facades, and including transparent and/or display windows. Any such building with frontage along both West Roosevelt Road and South Wells Street shall, in addition to the entrance from the plaza area of the Property at the West Roosevelt Road grade level, provide an entrance at grade level from South Wells Street.
