TO THE HONORABLE, THE CITY COUNCIL
OF THE CITY OF CHICAGO

Ladies and Gentlemen:

At the request of the Commissioner of Planning and Development, I transmit herewith an ordinance authorizing an expenditure of Open Space Impact Fee Funds for the Chicago Public Schools.

Your favorable consideration of this ordinance will be appreciated.

Very truly yours,

Mayor

ORDINANCE

WHEREAS, the City of Chicago (the "City"), is a home rule unit of government by virtue of the provisions of the Constitution of the State of Illinois of 1970, and as such, may exercise any power and perform any function pertaining to its government and affairs; and

WHEREAS, the City is authorized under its home rule powers to regulate the use and development of land; and

WHEREAS, it is a reasonable condition of development approval to ensure that adequate open space and recreational facilities exist within the City; and

WHEREAS, on April 1, 1998, the City Council adopted the Open Space Impact Fee Ordinance codified at Chapter 18 of Title 16 (the "Open Space Ordinance") of the Municipal Code of Chicago (the "Code") to address the need for additional public space and recreational facilities for the benefit of the residents of newly created residential developments in the City; and

WHEREAS, the Open Space Ordinance authorizes, among other things, the collection of fees from residential developments that create new dwelling units without contributing a proportionate share of open space and recreational facilities for the benefit of their residents as part of the overall development (the "Fee-Paying Developments"); and

WHEREAS, pursuant to the Open Space Ordinance, the Department of Finance ("DOF") has collected fees derived from the Fee-Paying Developments (the "Open Space Fees") and has deposited those fees in separate funds, each fund corresponding to the Community Area (as defined in the Open Space Ordinance), in which each of the Fee-Paying Developments is located and from which the Open Space Fees were collected; and

WHEREAS, the Open Space Ordinance requires that the Open Space Fees: (i) be used for open space acquisition or capital improvements, or both, which provide a direct and material benefit to the new development from which the fees are collected, and (ii) be expended within the same or a contiguous Community Area from which they were collected after a legislative finding by the City Council that the expenditure of the Open Space Fees will directly and materially benefit the developments from which the Open Space Fees were collected; and

WHEREAS, the Department of Planning and Development (the "Department") has determined that the Fee-Paying Developments built in the Lake View Community Area have deepened the already significant deficit of open space in the Lake View Community Area, which deficit was documented in the comprehensive plan entitled "The City Space Plan," adopted by the Chicago Plan Commission on September 11, 1997 and adopted by the City Council on May 20, 1998; and

WHEREAS, the Board of Education of the City of Chicago, a body politic and corporate (the "Board"), has proposed the development of two active areas totaling .26 acres (the "Project") at the Nettelhorst School located at 3252 North Broadway in Chicago; and

WHEREAS, the Department wishes to make available to the Board proceeds from the Open Space Fees collected by DOF in an amount not to exceed \$400,000 for the purpose of funding the Project which will provide open space and recreational facilities for the benefit of the residents of the Lake View Community Area; and

WHEREAS, the Open Space Ordinance requires that the Open Space Fees be used for open space acquisition or capital improvements, or both, which provide a direct and material benefit to the new development from which the fees are collected; and

WHEREAS, the Department and the Board have agreed to enter into an intergovernmental agreement in substantially the form attached hereto as Exhibit A (the "Agreement") whereby the Department shall pay for or reimburse the Board for a portion of the Project costs; and

WHEREAS, the Board has agreed to use the proceeds from the Open Space Fees for capital improvements relating to the Project subject to the terms and conditions specified in the Agreement attached hereto as Exhibit A; and

WHEREAS, the Department has determined that the use of the Open Space Fees to assist with the Project will provide a direct and material benefit to each of the Fee-Paying Developments from which the Open Space Fees were collected in that the Open Space Fees used for the Project will come from the specific fund set up by DOF for the Lake View Community Area in which a Fee-Paying Development is located and from which the Open Space Fees were collected; and

WHEREAS, the Department has recommended that the City Council (i) approve the use of the Open Space Fees for the purposes set forth in this ordinance; (ii) make a finding that the expenditure of the Open Space Fees as described herein will directly and materially benefit the Fee-Paying Developments from which the Open Space Fees were collected; and (iii) authorize the Department to enter into the Agreement; now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1. The above recitals are expressly incorporated in and made part of this ordinance as though fully set forth herein.

SECTION 2. The City Council hereby finds that the expenditure of the Open Space Fees for the purpose of funding the Project will directly and materially benefit the residents of those Fee-Paying Developments from which the Open Space Fees were collected and approves the use of the Open Space Fees for the Project.

SECTION 3. The Commissioner of the Department (the "Commissioner") is hereby authorized to provide Open Space Fee proceeds to the Board in an amount not to exceed \$400,000 from the corresponding fund to pay for expenses permitted under the Open Space Ordinance.

SECTION 4. Subject to the approval of the Corporation Counsel as to the form and legality, the Commissioner of the Department is authorized to execute and deliver the Agreement in substantially the form attached hereto as Exhibit A, and such other documents as are necessary, between the Department and the Board, which may contain such other terms as are deemed necessary or appropriate by the parties executing the same on the part of the Department.

SECTION 5. To the extent that any ordinance, resolution, rule, order or provision of the Code, or part thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall control. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any other provisions of this ordinance.

SECTION 6. This ordinance shall take effect immediately upon its passage.

EXHIBIT A

See attached.

The Certificate shall not constitute evidence that the Board has complied with any applicable provisions of federal, state and local laws, ordinances and regulations with regard to the completion of the Project, nor shall it serve as any "guaranty" of the structural soundness or quality of the construction of any improvements in the Project.

Upon written request by the Board for the Certificate, the Department shall promptly undertake an inspection of the Project and thereafter provide Board either with the Certificate or a written statement indicating what measures or acts will be necessary, in the reasonable opinion of the City, for the Board to perform in order to obtain the Certificate. The School shall not restrict access to the Project by the public during the hours of operation of the Project, as set forth below, and furthermore, shall not discriminate based upon race, color, religion, sex, national origin or ancestry, military status, sexual orientation, source of income, age, or handicap, in the use of the Project by the public. The hours of operation of the Project shall be during regular School hours and additional hours if the school is open late. The School shall post a sign at the School informing the public of the hours the Project is open. In addition, the Project may also be used by appointment by community groups and others on the weekends and when the School is not open with prior written approval from the School principal. All expenses associated with the use of the Project when the School is not open shall be at the cost of the School. The School shall not store any toxic or hazardous materials at the Project in a manner in violation of any applicable law. Other than set forth in the Drawings, no structures or improvements are to be constructed on the Project by the Board without the prior written approval of the Department, which shall not be unreasonably withheld.

- (c) Notice to the City. The Board agrees to notify the City in writing of any injury to persons or property relating to the construction of the Project within seven (7) days of the date that the Board becomes aware of such injury, and in the instance of an emergency, to notify the City immediately by telephone and facsimile notice by contacting the Authorized Representative, Department of Planning and Development, City of Chicago, Room 1000, 121 N. LaSalle Street, Chicago, Illinois 60602, or such other person as the City shall designate to the Board in writing. Furthermore, the Board agrees to notify the City immediately in the method described in this paragraph in the event that it learns that the Project is being utilized by any of the public in violation of the open space requirement for the Project, including, without limitation, (a) any unauthorized events occurring at the Project, including, without limitation, private parties; or (b) the occurrence of any illegal activity at the Project. Notwithstanding anything to the contrary contained in this paragraph, the Board shall not be responsible for policing or providing any private security for the use of the Project. Failure to notify the City (as provided for herein) shall not give rise to a claim for damages by the City against the Board.
- (d) Injury to Persons and Property; Insurance and Indemnity. The City acknowledges that the Board is self-insured up to \$3,000,000 for general liability insurance; furthermore, the Board agrees to indemnify, defend and hold the City, its officers and employees, harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorneys' fees and court costs) suffered

or incurred by the City (excepting that caused by the negligence or misconduct of the City) arising from or in connection with the Board's negligence in: (a) developing the Project, including, without limitation, the failure of the Board or any contractor to pay contractors, subcontractors or material suppliers in connection with the construction of the Project; or (b) the failure of the Board to perform its obligations under this Agreement to maintain the Project for so long as the Board is the beneficial owner and controls the School and the School continues to operate as a Chicago Public School. This indemnification shall survive any termination of this Agreement.

- (e) Permits. The Board shall apply for and maintain any and all governmental permits and approvals relating to the ongoing operation and maintenance of the Project.

SECTION 9. CITY'S POST-CERTIFICATE OBLIGATIONS.

After the issuance of the Certificate by the City, the City shall be obligated with regard to the following:

9.1. Insurance and Indemnity. The City acknowledges to the Board that it is self-insured and furthermore agrees to indemnify, defend and hold the Board harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses, including, without limitation, attorneys' fees and court costs suffered or incurred by the Board (excepting the contractor's liability or caused by the negligence or misconduct of Board) arising from or in connection with the use and operation of the Project. This indemnification shall survive any termination of this Agreement. Notwithstanding anything to the contrary, in the event that the City assigns its rights under this Agreement as provided for herein, the assignee shall be required to obtain and keep in force and effect a Comprehensive Commercial General Liability Insurance policy insuring against claims for personal injury, death or property damage occurring in, on or about the Project arising out of the ownership, maintenance, operation or use of the Project by the City or any of its employees in an amount not less than \$3,000,000 per occurrence and \$3,000,000 general aggregate. The Board shall be named as an additional insured on such policy as its interest may appear.

9.2. Utilities. The City shall be liable to provide utility service (e.g. electrical, water and sewer) to the Project.

9.3. Discretionary Maintenance By City. The City may elect, at the City's cost and expense, to install and remove holiday lighting and seasonal decor, to make the Project available for neighborhood festivals and street fairs, and to otherwise schedule events at and license the use of the Project for limited, short term purposes. In the event such short term uses are planned, the City shall give the School and the Board courtesy notice of such events.

SECTION 10. ENVIRONMENTAL MATTERS.

Environmental Responsibilities. It shall be the responsibility of the Board to investigate and determine the soil and environmental condition of the School. The City makes

no covenant, representation or warranty as to the environmental condition of the School or the suitability of the School as a Project or for any use whatsoever.

SECTION 11. RESERVED.

SECTION 12. TERM OF THE AGREEMENT.

Term: The term of the Agreement shall commence as of the date hereof and, unless otherwise terminated by the City in writing, shall continue for so long as the Board is the beneficial owner and controls the School and the School continues to operate as a Chicago Public School.

SECTION 13. PERFORMANCE, EVALUATION AND BREACH; REMEDIES.

13.1 Time of the Essence. Time is of the essence in the parties' performance of their obligations under this Agreement. Should any date fall on a weekend or holiday, the deadline for compliance shall not occur until the next regular business day.

13.2 Permitted Delays. The Board shall not be in breach of its obligation to construct the Project in the event of a delay in the performance of such obligations due to unforeseeable causes beyond the Board's control and without the Board's fault or negligence, including but not limited to, delays or halts in construction of the Project which are compelled by court order, acts of God, acts of the public enemy, acts of the United States government, acts of the other party, fires, floods, epidemics, quarantine restrictions, strikes, embargoes, inability to obtain certain necessary materials and unusually severe weather or delays of subcontractors due to such cause. The time for the performance of the obligations shall be extended only for the period of the delay if the Board requests it in writing of the City within twenty (20) days after the beginning of any such delay.

13.3 Breach. Except as otherwise provided in this Agreement, in the event of a default by either party in the performance of its obligations under this Agreement, the defaulting party, upon written notice from the other, shall cure or remedy the default not later than sixty (60) days after receipt of such notice. If the default is not capable of being cured within the sixty (60) day period but the defaulting party has commenced action to cure the default and is diligently proceeding to cure the default within the sixty (60) day period, then the sixty (60) day period shall be extended for the length of time that is reasonably necessary to cure the default. If the default is not cured in the time period provided for herein, the aggrieved party may institute such proceedings at law or in equity as may be necessary or desirable in its sole discretion to cure and remedy the default, including but not limited to, proceedings to compel specific performance.

For purposes of this Agreement, the occurrence of any one or more of the following shall constitute an "event of default":

1. If either party fails to perform, keep or observe any of the material covenants, conditions, promises, agreements or obligations required

under this Agreement; or

2. If either party makes or furnishes a warranty, representation, statement or certification to the other party which is not true and correct in any material respect; or
3. Subject to the permitted delays referenced above, the Board abandons or substantially suspends the construction of the Project, and such abandonment or suspension is not cured, ended, or remedied within sixty (60) days of the date the Board receives written demand by the City to cure such default; or
4. The Board suffers or permits any levy or attachment, material suppliers' or mechanics' lien, or any other lien or encumbrance unauthorized by this Agreement to attach to the Project; or
5. The Board fails to comply, or cause the School to comply, with the ~~maintenance and other obligations regarding the Project described in~~ Section 8; or
6. Either party fails to comply with the terms of any other written agreement entered into with the other party relating to the Project.

13.4 Waiver and Estoppel. Any delay by either party in instituting or prosecuting any actions or proceedings or otherwise asserting its rights shall not operate as a waiver of such rights or operate to deprive the delaying party of or limit such rights in any way. No waiver made by either party with respect to any specific default by the other party shall be construed, considered or treated as a waiver of the rights of the waiving party with respect to any other defaults of the other party.

13.5. Access to the School. So long as the City holds title to the School and throughout the Term of this Agreement, any duly authorized representative of the City shall have access to the Project at all reasonable times for the purpose of confirming the Board's compliance with its obligations under this Agreement.

13.6. City's Right to Inspect Records. The Board agrees that the City shall have the right and authority to review and audit, from time to time, the Board books and records solely relating to the Project, including, without limitation, general contractor's sworn statements, the contract with the General Contractor and subcontracts, purchase orders, waivers of lien, paid receipts and invoices. All such books, records and other documents shall be available at the offices of the Board for inspection, copying, audit and examination at all reasonable times by any duly authorized representative of the Department upon prior reasonable notice to the Board and at the Department's sole cost and expense.

13.7. Evaluation. Upon written request by the City, but not more frequently than once on an annual basis, the Board shall submit to the City a written report describing the maintenance of the Project and all costs attendant thereto. Thereafter, at the City's request, representatives of the City and of the Board shall meet and address any issues and concerns. Should the City reasonably determine, as a result of the review of the report and the site visit,

that the Board is not complying with the terms and provisions of this Agreement, the parties agree that: (i) the City shall deliver a notice of default as provided for in this Section and the Board shall thereafter have an opportunity to cure (as provided for in this Section 13); or (ii) in the alternative, the City, by written notice to the Board, may terminate this Agreement.

13.8. Enforcement and Remedies. The parties hereto shall have such remedies as may be available at law or in equity for a breach of this Agreement. Such equitable remedies shall include, without limitation, the right to bring a mandamus action and specific performance.

SECTION 14. CONFLICT OF INTEREST; CITY'S REPRESENTATIVES NOT INDIVIDUALLY LIABLE.

Conflict of Interest: The Board warrants that no agent, official, or employee of the City shall have any personal interest, direct or indirect, in this Agreement, nor shall any such agent, official or employee participate in any decision relating to this Agreement which affects his or her personal interests or the interests of any corporation, partnership, or association in which he or she is directly or indirectly interested. PROJECT DESCRIPTION

See architectural drawing attached.

This project at Nettelhorst Elementary School converts some of the school's paved area into new active spaces for the students. The overall project provides two active areas on the east and west sides of the school and an artificial turf field. The East and West Active areas will have the existing surfaces removed, the aggregate base material stabilized, and HMA surfacing installed. Court markings (i.e. soccer, tennis, volleyball, basketball) will be added as determined by the school.

The artificial turf field will include removal of the pavement, installation of drainage infrastructure and concrete containment curbs, aggregate base material for field and storm water management, synthetic turf with field markings, and protective fencing.

The proposed scope creates interesting active and passive spaces as well as useful and modern recreational opportunities for the entire community.
