interim reviews associated with site plan review or Part II reviews are conditional until final Part II approval.

10. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085 of the Municipal Code, or any other provision of that Code.
11. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.
12. The Applicant acknowledges and agrees that the rezoning of the Property to a Residential-Business Planned Development No. 1430 for construction of this Planned Development, triggered the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements and the Affordable Housing Profile Form attached hereto as Exhibit A, the Applicant has agreed to provide 10% of the total number of dwelling units constructed in any building within the Planned Development containing 10 or more units as affordable housing units for households earning up to 60% of the Chicago Primary Metropolitan Statistical Area median income (the "Affordable Units"), or make a cash payment to the Affordable Housing Opportunity Fund per unit ("Cash Payment") in accordance with the Affordable Housing Ordinance. At the time of each Part II review for any building containing 10 or more dwelling units, Applicant may update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval. If the Applicant subsequently reduces the number of dwelling units in the Planned Development, DPD may adjust the requirements of this Statement 12 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending the Planned Development. Prior to the issuance of any building permits for a building containing 10 or more dwelling units, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against only that parcel for which the Part II review is being sought and will

constitute a lien against each for sale Affordable Unit or the residential portion of the building, if rental, as the case may be, within that parcel. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit within that parcel to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. The City shall execute a release of the Affordable Housing Agreement for a rental building upon compliance with the terms of such Agreement. The Commissioner of DPD may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

13. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.
14. Prior to the Part II Approval (Section 17-13-0610 of the Chicago Zoning Ordinance) in Sub-Area(s) C and the northern half (approximately) of Subarea A, the Applicant shall submit a site plan, landscape plan and building elevations for the specific Sub-Area(s) for review and approval by the Department of Planning and Development (DPD). Review and approval by DPD is intended to assure that specific development components substantially conform with the Planned Development (PD) and to assist the City in monitoring ongoing development. Sub-Area Site Plan Approval Submittals (Section 17-13-0800) need only include that portion of the Property for which approval is being sought by the Applicant. If the Applicant is seeking approval for a portion of the Property that represents less than an entire Sub-Area, the Applicant shall also include a site plan for that area of the Property which is bounded on all sides by either public Rights-of-Way or the boundary of the nearest Sub-Area. The site plan provided shall include all dimensioned and planned street Rights-of-Way.

No Part II Approval for any portion of the Property shall be granted until Sub-Area Site Plan approval has been granted. Following approval by DPD, the approved Sub-Area Site Plan Approval Submittals, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of the PD.

After approval of the Sub-Area Site Plan, changes or modifications may be made pursuant to the provisions of Statement 11. In the event of any inconsistency between approved plans

and the terms of the PD, the terms of the PD shall govern. Any Sub Area Site Plan Approval Submittals shall, at a minimum, provide the following information:

- fully-dimensioned site plan (including a footprint of the proposed improvements);
- fully-dimensioned building elevations;
- fully-dimensioned landscape plan(s); and,
- statistical information applicable to the subject Sub-Area, including floor area, the applicable floor area ratio, uses to be established, building heights and setbacks.

Sub Area Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance to the PD. As part of Site Plan Approval, as applicable, the Department of Planning and Development shall require the Applicant to submit Site Plans to the Chicago Department of Transportation, Mayor's Office for People with Disabilities and the Chicago Fire Department for their review and comment. If, after review, the Commissioner of DPD determines that the Site Plans are not in substantial compliance with the Planned Development, then the Commissioner shall advise the Applicant in writing of the ways in which the Site Plans do not so comply, and the Applicant shall be given the opportunity to submit revised site Plans. If, after review, the Commissioner determines that the Site Plans are in substantial compliance with the Planned Development, such Site Plans may, at the discretion of the Commissioner, be presented to the Chicago Plan Commission at a public meeting (for which placement on a Chicago Plan Commission Agenda shall be required, but for which publication, posting, and written notice pursuant to Sections 17-13-0107-A, -B, and -C of the Chicago Zoning Ordinance shall not be required) but shall not require review or approval by the City Council. Provided further, any hearing conducted by the Chicago Plan Commission shall be for review purposes only and no approval or recommendation shall be required for the Commissioner of DPD or to issue approval of the Site Plan. Following the Chicago Plan Commission review, if applicable, the Commissioner shall issue written approval of the applicable Site Plans. Following such approval, the approved Site Plans shall be made part of the main file and shall be deemed to be an integral part of this Planned Development. Additionally, the Phase I project scope shall include approximately ½ of the square footage and improvements planned for the open space portion of the project to be located between the northern portion of Subarea A (Parcel A-1) and the southern portion of Subarea A (Parcel A-2).

15. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

16. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.
17. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. As a project which involves a public agency, the Applicant is required to achieve the following standards, at a minimum: 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). Furthermore, to assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at two points in the city approval process. First, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) the Applicant's outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof (c) responses to the Applicant's outreach efforts, and (d) the applicant's M/WBE and city resident participation goals. Second, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.
18. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Provided, however, the Commissioner of the Department of Planning and Development acknowledges that construction has commenced within the Planned Development and, as a result, is not subject to lapsing.
