RESIDENTIAL BUSINESS PLANNED DEVELOPMENT NO. _____
PLANNED DEVELOPMENT STATEMENTS

1. The area delineated herein as Residential Business Planned Development Number _____, (“Planned Development”) consists of approximately 8,099 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map (“Property”) and is owned or controlled by the Applicant, JAB Merger, LLC. At the time of implementation of this Planned Development, the site has been zoned C2-1 and is located within 600 feet of an entrance to the CTA Brown Line Western Avenue station. Because the application reduces the number of parking spaces by (more than) 50% from the minimum otherwise required, it is eligible for increased Floor Area Ratio (Section 17-3-0403-B), reduced Minimum Lot Area per Unit (Section 17-3-0402-B), and increased height (Section 17-3-0408-B). Due to the increase in Floor Area Ratio, the project was required to be a mandatory planned development pursuant to Sec. 17-3-403-B at the time the planned development application was introduced to the Chicago City Council.

2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant’s successors and assigns and, if different than the Applicant, the legal title holder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.

3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assigns or grantees.

Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Plans.

Ingress or egress shall be pursuant to the Plans and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

All work proposed in the public way must be designed and constructed in accordance with the Department of Transportation Construction Standards for Work in the Public Way and in

compliance with the Municipal Code of the City of Chicago. Prior to the issuance of any Part II approval, the submitted plans must be approved by the Department of Transportation.

4. This Plan of Development consists of 16 Statements; a Bulk Regulations Table; an Existing Zoning Map; a Property Line & R.O.W. Map; Landscape Plan; First Floor Plan; and Building Elevations (North, South, East and West) prepared by Sullivan Goulette Architects and dated November 19, 2015, submitted herein. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development Ordinance and the Zoning Ordinance, this Planned Development Ordinance shall control.
5. The following uses are permitted in the area delineated herein as a Residential Business Planned Development: multi-family residential dwelling units located at and above the ground floor, eating and drinking establishments, financial services (excluding payday/title secured loan store and pawn shop), food and beverage retail sales, general retail sales, medical service, personal service, dry cleaning service, office, accessory parking and accessory uses.
6. On-Premise signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-Premise signs are prohibited within the boundary of the Planned Development.
7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
8. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations Table has been determined using a Net Site Area of 8,099 square feet.
9. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.

reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.

11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

12. The Applicant acknowledges and agrees that the rezoning of the Property from C2-1 to B2-3 for construction of this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements and the Affordable Housing Profile Form attached hereto as Exhibit A, the Applicant has agreed to provide two (2) affordable housing units (for rental units, 10% of total if leased at prices affordable at 60% AMI in the Residential Project for households earning up to 60% of the Chicago Primary Metropolitan Statistical Area median income (the "Affordable Units"), and make a cash payment to the Affordable Housing Opportunity Fund in the amount of \$100,000 per unit ("Cash Payment") for two (2) additional units. At the time of each Part II review for the Residential Project, Applicant may update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval. If the Applicant subsequently reduces the number of dwelling units in the Residential Project, DPD may adjust the requirements of this Statement 12 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending the Planned Development. Prior to the issuance of any building permits for the Residential Project, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Residential Project and will constitute a lien against each Affordable Unit. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. The Commissioner of Planning and Development may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

13. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its

successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.

14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs, conserves energy and maximizes the preservation of natural resources. At the time of a hearing before the Chicago Plan Commission, all developments must be in substantial compliance with the current City of Chicago Sustainable Development Policy set forth by the Department of Planning and Development. The Applicant will achieve LEED or Energy Star certification for the Project and will have a green roof of 1,441 square feet (minimum 50% of net roof area).
16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the Property to B2-3.

**REPORT
to the
CHICAGO PLAN COMMISSION
from the
DEPARTMENT OF PLANNING AND DEVELOPMENT
NOVEMBER 19, 2015**

FOR APPROVAL: PROPOSED RESIDENTIAL BUSINESS PLANNED DEVELOPMENT

APPLICANT: JAB MERGER, LLC

LOCATION: 4618-20 NORTH WESTERN AVENUE

Pursuant to the provisions of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Planning and Development hereby submits this report and recommendation regarding a proposed Residential Business Planned Development for your review and recommendation to the Chicago City Council. The application for the amendment to the Zoning Ordinance was introduced into the City Council on July 29, 2015. Proper legal notice of the public hearing on the application was published in the Chicago Sun-Times on November 4, 2015. The Applicant was separately notified of this hearing.

The Applicant, JAB Merger, LLC, is seeking approval to rezone property from C2-1 (Motor Vehicle-Related Commercial District) to B2-3 (Neighborhood Mixed-Use District), prior to establishing a Residential Business Planned Development. The Applicant is seeking a planned development in order to receive an FAR increase for a transit-served location project pursuant to Section 17-3-0403-B of the Chicago Zoning Ordinance which required planned development review at the time that this application was filed. Subsequent to the filing of this project, Section 17-3-0403-B was amended to eliminate the automatic mandatory planned development review requirement for transit-served location projects. The Applicant intends to construct a new five-story residential/mixed use building on the subject property.

PROJECT BACKGROUND

The Applicant, JAB Merger, LLC, purchased the subject property in 2015. The property on which the project is to be constructed currently consists of a one-story automobile sales facility, which is planned to be demolished prior to construction of the project.

SITE AND AREA DESCRIPTION

The subject property is approximately 8,099 square feet and is currently zoned C2-1 (Motor Vehicle-Related Commercial District) and is bounded by North Western Avenue on the east, a public alley on the west, a two-story residential/mixed use building to the south and West Eastwood Avenue on the north. The immediate area along North Western Avenue at this location is generally zoned B3-2 (Community Shopping District) while a few nearby

parcels are zoned B3-3 and C1-2 (Neighborhood Commercial District). The residential side streets are generally zoned RS-3 (Residential Single Unit (Detached House) District). Nearby land uses include multi-unit residential/mixed uses and various commercial uses including some parking. The residential side streets include various multi-unit buildings and single family homes. The site is not located within either the Lake Michigan and Chicago Lakefront Protection District or a Chicago Landmark District, nor does it contain a designated local or national landmark structure or site. The site does lie within the Western Avenue (North) Tax Increment Financing Area. It lies within the Lincoln Square Community Area.

The site is very well served by the Chicago Transit Authority's Brown Line station at Western Avenue. The train station entrance is approximately 300 feet to the northeast of the subject site. As stated earlier, it is this fact that allows the Applicant to seek additional floor area under the transit-served locations section of the Chicago Zoning Ordinance. In addition, the site is directly served by the CTA's Western Avenue busses (#49/#49B) and the nearby Lincoln Avenue (#11) and Lawrence Avenue (#81) busses. Finally, shared bike lanes along North Lincoln Avenue are also present.

PROJECT DESCRIPTION

The Applicant is proposing to construct a five-story mixed use building. The project will contain approximately 2,700 square feet of ground floor commercial space, 10 enclosed parking spaces on the ground floor and a total of 40 dwelling units on floors two thru five. Additionally, the building will contain various amenities for residents and provisions for at least 40 bicycles.

DESIGN/LANDSCAPING

The project consists of a five-story structure along the corner site of North Western Avenue and West Eastwood Avenue. The building will not be setback on any sides at the ground floor level while the majority of the south side of the building will be setback approximately 17 feet above the first floor. The residential floors above the ground floor level will also be setback on the West Eastwood Avenue side of the building. The setback areas will contain private amenity decks for individual units.

The street level façade of the proposed building consists of an aluminum and glass storefront system at the corner. The west, east, north and south facades of the building consist of face brick, stucco, wood composite and fibre cement. Aluminum garage doors are present on the west and south facades. Glass railings are present on all of the private balconies. The proposed building height is approximately 60 feet.

The sidewalk along North Western Avenue and West Eastwood Avenue at the subject property will be improved with new trees in compliance with the Chicago Landscape Ordinance.

ACCESS/CIRCULATION

Pedestrian access to the building will be via both Western Avenue and West Eastwood Avenue. Vehicular access to the building will be achieved via the public alley located at the structure's rear. As described earlier, the project will incorporate space for 10 automobiles in an enclosed structure, accessed from this alley. The project will contain 40 bike parking spaces, at a minimum.

SUSTAINABILITY

In accordance with the City of Chicago's Sustainability Policy, the Applicant will achieve either LEED certification or Energy Star certification for the project. Also in accordance with the policy, the Applicant will provide a green roof totaling 50% of the net roof area. The project will also comply with the Storm Water Management Ordinance, implementing best practices in all storm water management.

BULK/USE/DENSITY

As stated earlier, the Applicant seeks to first rezone the subject property from C2-1 (Motor Vehicle-Related Commercial District) to B2-3 (Neighborhood Mixed-Use District), prior to establishing the proposed Residential Business Planned Development.

The proposed maximum floor area ratio for this Residential Business Planned Development will be 3.5. The additional allowance for floor area, from 3.0 to 3.5, is permitted under the Chicago Zoning Code (17-3-0403-B) because this project is proposing to incorporate no more than 50% of the otherwise required parking spaces. This allowance is made possible because the project is considered as a transit-served location under the Chicago Zoning Code, being less than 1200 feet from the Western Avenue Station on the CTA's Brown Line. In addition, this project is planning to include approximately 50% efficiency units per the Chicago Zoning Code.

This Residential Business Planned Development includes the following uses: eating and drinking establishments; food and beverage retail sales; financial services; general retail sales; offices; personal services; multi-family dwelling units above the ground floor; and accessory parking.

Finally, this project will trigger the City of Chicago's Affordable Requirements Ordinance (ARO) as the project necessitates an increase in zoning to proceed as planned, from C2-1 to B2-3. The Applicant is proposing to comply with the ARO by including two units on-site and by paying the in-lieu fee for two units.

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant and compared this proposal to existing development in the community. The area around this project consists of a mix of commercial and business zoning districts and the project represents an opportunity to utilize the site's proximity to

public transit with an appropriate mixed use development along North Western Avenue in Chicago's Lincoln Square Community Area.

Based on that analysis, the Department of Planning and Development has concluded that this proposal is appropriate for this site and supports this development for the following reasons:

1. The proposed rezoning of the subject property, from C2-1 to B2-3, is appropriate under Chapter 17-13 of the Zoning Ordinance. Specifically, the proposed development is compatible with the character of the surrounding area in terms of uses, density and building scale (17-13-0308-C) and the proposed zoning classification is compatible with surrounding zoning (17-13-0308-C).
2. The project meets the purpose and criteria set forth in Chapter 17-8 of the Zoning Ordinance and its adoption would not have any adverse impact on the public's health, safety or welfare. Specifically, this project meets the following provisions of Chapter 17-8:
 - a. Promotes transit, pedestrian and bicycle use (per 17-8-0904-A) as evidenced by the project incorporating fewer automobile spaces and more bicycle spaces, capitalizing on the project's proximity to public transit;
 - b. Promotes economically beneficial development patterns that are compatible with the character of existing neighborhoods (per 17-8-0103), as evidenced through the project's design and massing keeping within the context of adjacent structures;
 - c. Provides that parking is located behind the buildings or to the side of buildings (per 17-8-0904-C-2), as evidenced by the enclosed parking area on the site to be located to the rear of the lot, accessed from a public alley;
 - d. Provides street-level spaces within buildings that are designed to accommodate active uses or to otherwise engage pedestrian interest (per 17-8-0905-A-2), as evidenced by the incorporation of street level retail/commercial space fronting on North Western/West Eastwood Avenues;
 - e. Promotes green design by conserving non-renewable energy and scarce materials (per 17-8-0908-A) as evidenced by the proposed green roof; and,
 - f. All sides and areas of the buildings that are visible to the public are treated with materials, finishes and architectural details that are of high-quality and appropriate for use on primary street-facing façade (17-8-0907-A-4), as evidenced through the material callouts in this report and on the elevations.
3. The project is consistent with the Transit Friendly Development Guide – Station Area Typology Study, which was adopted by the Chicago Plan Commission in 2009. Specifically, the Chicago Transit Authority's Western Avenue Station on the Brown Line has been labeled as a "Local Activity Center" under the plan, which calls for projects that preserve the pedestrian experience, improve walkability, bicycling and access to transit.

4. The project is consistent with the Western Avenue (North) Tax Increment Financing District Land Use Plan, which was adopted by the Chicago City Council in 2000. Specifically, this Plan suggests that "Mixed Use" is appropriate for the subject site.
5. The public infrastructure facilities and city services will be adequate to serve the proposed development at the time of occupancy. The proposed project has been reviewed by the Mayor's Office for People with Disabilities and the Department of Transportation and all requested changes have been made. Copies of this application have been circulated to other City departments and agencies and no comments have been received which have not been addressed in the application.
6. The project will comply with the requirements for access in case of fire and other emergencies.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that this application for a Residential Business Planned Development be approved and that the recommendation to the City Council Committee on Zoning, Landmarks and Building Standards be "Passage Recommended".
