A. (1) In addition to the powers provided in other provisions and chapters of this Code, including Chapter 2-32 ~~2-80~~ of this Code, the comptroller director is empowered to adopt, promulgate, and enforce rules and regulations pertaining to the administration and

enforcement of the provisions of this chapter and any tax ordinance.

(2) The comptroller director may from time to time prescribe and publish rules or regulations concerning the manner, format and medium in which tax returns are to be filed and tax payments or remittances are to be made. Any such rules or regulations shall include a provision allowing a taxpayer or tax collector who may suffer a financial or other hardship to file and pay or remit by other means, if the taxpayer or tax collector demonstrates the hardship in a written application to the comptroller director. Any such rules or regulations may also include a penalty of \$20 per incident for failure to comply with the rules or regulations, which shall be in lieu of the penalties provided by Sections 3-4-200, 3-4-210 and 3-4-220 of this chapter. If the comptroller director determines that the taxpayer or tax collector had reasonable cause for the failure to comply, then the \$20 penalty shall be waived.

B. (1) The comptroller director may correct or amend any tax return or remittance return at any time.

(2) The comptroller director is authorized to determine and assess any tax, interest or penalty due under this chapter, or under any tax ordinance, and may amend a tax determination and assessment at any time before it becomes final. Any tax determination and assessment, or amended tax determination and assessment, shall be deemed prima facie correct and the burden shall be on the person assessed to prove the contrary.

C. (1) In addition to the comptroller's director's authority to determine and collect any nontax debt by any other means, the comptroller director is further authorized to assess any nontax debts due and owing the city by adding them to a tax determination and assessment.

(2) The department may issue, correct or amend any assessment of any nontax debt at any time before the tax determination and assessment becomes final. All initial nontax debt assessments and any amended nontax debt assessments shall be deemed prima facie correct and the burden shall be on the person assessed a nontax debt to prove the contrary.

D. The department is authorized to examine the books and records of any taxpayer or tax collector during business hours of the day to verify the accuracy of any return made or, if no return was made, then to ascertain and assess the tax imposed by any tax ordinance.

E. In the course of any audit, investigation or other inquiry, the comptroller director may require any taxpayer or tax collector to file information on a form prescribed and furnished by the department.

F. The comptroller director shall provide for a conference between a taxpayer or tax collector and a representative of the department to be held after the audit of the taxpayer or tax collector is completed and at least 20 calendar days before the comptroller director issues a notice of tax determination and assessment; provided, however, that the department shall not be required to hold a conference if the comptroller director determines in his or her sole discretion either (a) that delay will jeopardize the collection of any unpaid taxes or (b) that the taxpayer or

tax collector will not agree to a date for holding the conference that is within 14 calendar days after the department notifies the taxpayer or tax collector that the audit has been completed. Conferences shall be held in person if deemed practicable by the department or otherwise by telephone.

G. The comptroller director, with the approval of the corporation counsel, may compromise all disputes in connection with any tax or interest due or any tax, interest or penalty assessed.

H. For any debt arising in connection with a tax for which returns are required to be filed with the department, if the comptroller director determines in his or her discretion that the costs of billing, maintaining, processing and otherwise administering the debt would exceed the amount of the debt itself, then the comptroller director may order that no billing, maintaining, processing or other administrative costs be incurred with respect to such debt; provided, however, that such action on the part of the comptroller director shall not be construed as a release, cancellation or discharge of the debt itself.

3-4-152 Problems resolution.

The comptroller director shall establish a problems resolution committee within the staff of the department, which shall have as its primary purpose the resolution of complex administrative or processing problems concerning taxes, expediting of matters when unreasonable delays have occurred, ensuring that taxpayer rights are protected in the administration of the tax laws and giving of priority treatment to time-sensitive inquiries or cases of a truly urgent nature. Any communication, recommendation, action or decision of the comptroller director or committee regarding the problems resolution process shall be confidential and shall be within the sole discretion of the comptroller director or committee.

3-4-153 Financial hardship.

The comptroller director shall establish a financial hardship committee within the staff of the department to consider written applications for abatement of tax liabilities that have been assessed by the comptroller director, including related interest and penalties, in cases involving a demonstrated uncertainty as to collectability of the assessment within a reasonable period of time. The committee shall make recommendations to the comptroller director. The comptroller director shall deny any application where it is determined that the applicant has committed fraud or has otherwise failed to make good faith efforts to comply with the city's tax laws. Pursuant to Section 3-4-150 of the Municipal Code, any reduction of liability shall be subject to approval by the corporation counsel. Any communication, recommendation, action or decision of the comptroller director or committee regarding the financial hardship process shall be confidential and shall be within the sole discretion of the comptroller director or committee.

A. If, during an audit or investigation, any taxpayer or tax collector fails to make its books and records available for inspection by the department, then the comptroller director may serve written notice by United States registered or certified mail or by personal service on the person being audited or investigated to produce the requested documents within 45 days from the date the notice is received. The comptroller director may extend the 45-day time limit.

B. If the taxpayer or tax collector fails to provide the documents requested in subsection A of this section within the time so provided, then (1) the comptroller director may issue a tax determination and assessment based on the best estimate of the person's tax liability, or (2) the comptroller director may issue a subpoena requiring the attendance of any person having personal knowledge of any relevant facts and may issue subpoenas duces tecum for the production of books, records, papers or memoranda. In addition, the comptroller director may issue a citation for each day beyond the 45-day time limit, or extension thereof, that the documents are not tendered and may request the city's corporation counsel to bring, or cause to be brought, an action to impose fines for disobeying or refusing to comply with a request made under this section. (Omitted text is unaffected by this ordinance)

E. For all tax returns due from January 1, 2000 through June 30, 2004, if a taxpayer or tax collector fails to file an annual return within the time or in the manner required by this section, then a late filing penalty equal to the greater of one percent of the total tax due for the applicable annual tax year or five percent of any amount payable with the annual return will apply, unless the comptroller director determines that the taxpayer or tax collector had reasonable cause for the failure to file the annual return within the time or in the manner

required. For all tax returns due after June 30, 2004, the provisions of section 3-4-200 shall apply.

(Omitted text is unaffected by this ordinance)

H. (Omitted text is unaffected by this ordinance)

(3) Nothing contained in this subsection (H) shall prohibit the comptroller ~~director~~ from assessing additional taxes, interest or penalties owed by a taxpayer or tax collector in the event that the comptroller ~~director~~ determines, within any applicable statute of limitations period, as a result of an audit or otherwise, that the amounts reported as owed, paid or available for use as credits during an annual tax year were incorrect.

(d) Whenever the commissioner of business affairs and consumer protection determines that it is not in the public interest for the telephone to remain on private property, or that the telephone may have a deleterious impact on the surrounding neighborhood, the commissioner shall initiate procedures to revoke the certificate of registration for that telephone. A certification by the alderman of the ward in which the telephone is or is to be located setting forth facts establishing that it is not in the public interest for the telephone to remain on private property, or that the telephone has a deleterious impact on the surrounding neighborhood, shall be prima facie evidence that the certificate of registration is subject to revocation or should not be issued under this section. Whenever the commissioner makes such a determination with respect to a telephone for which a certificate of registration has been issued, the commissioner shall attempt to notify the registrant of the determination by mailing a notice to the registered agent or the registrant, and a representative of the City of Chicago may enter upon any private property and may place upon the telephone a notice stating that the certificate of registration is subject to revocation and that the registrant has a right to request a preliminary hearing at which the registrant will be given an opportunity to be heard in opposition to the revocation within seven days of the notice. The preliminary hearing shall be informal and shall provide the registrant with an opportunity to address the reasons for the commissioner's preliminary determination. If no preliminary hearing is requested or if the commissioner determines that there is probable cause for revocation of the certificate of registration after the preliminary hearing, the commissioner shall issue an order requiring the telephone and its appurtenances to be removed within seven days after the order is issued pending a final determination. Telephones that are not timely removed may be removed by a representative of the City of Chicago. ~~The owner of a telephone for which a determination of probable cause for revocation of a certification of registration has been issued may contest such determination by timely removing the telephone and its appurtenances and by filing with the director of revenue a request for a final hearing within 14 days after removal in accordance with rules promulgated with the director. Prior to the exercise of exclusive jurisdiction by the department of administrative hearings in accordance with Section 2-14-190(c) of this Code, if, after a final hearing, the director of revenue determines that it is not in the public interest for the telephone to be located on the private property, or that the telephone has a deleterious impact on the surrounding neighborhood the director shall revoke the certification of registration for that telephone. After the exercise of exclusive jurisdiction by the department of administrative hearings in accordance with Section 2-14-190(c) of this Code, upon receipt of a request for a hearing, the director of revenue shall institute an action with the department of administrative hearings which shall appoint an administrative law officer who shall conduct the hearing and determine whether the certification of registration shall be revoked. Notwithstanding the exercise of exclusive jurisdiction by the department of administrative hearings, if no timely request for a final hearing is made the director of revenue shall revoke the certification of registration for that telephone. No certificate of registration may be issued for a telephone at a~~

zoning lot with respect to which a previous certificate has been revoked for a period of one year after revocation. ~~At the preliminary and the final hearing, the formal or technical rules of evidence shall not apply. Evidence, including hearsay, may be admitted only if it is a type commonly relied upon by reasonably prudent persons in the conduct of their affairs. The director may establish and impose a fee for preliminary and final hearings conducted under this section. The total amount of the fees may not exceed an amount sufficient for the city to recover its costs directly related to the preliminary or final hearings.~~

The parking administrator is authorized to determine the specific times and days that the restrictions shall be in effect. Fees for the installation and maintenance of signs erected pursuant to this section shall be \$35.00 for erection of the signs and maintenance for the first year; an annual surcharge of \$3.50 per lineal foot of curb space in excess of 25 feet; and \$12.50 annually for continued maintenance. (Omitted text is unaffected by this ordinance)

An applicant for, or user of, a restricted parking space issued pursuant to subsection (d) of this section shall immediately notify the department of ~~finance~~ ~~revenue~~ of any change in one or more of these conditions (1) through (3).

(c) Subject to subsection (e)(2) of this section, all restricted parking spaces created

pursuant to this section shall require approval by a vote of the city council to be effective. Upon receiving an initial application, the alderman of the ward in which the restricted parking space will be located may introduce an ordinance proposing approval of the creation of a restricted parking space. However, the city council shall not take action on the ordinance to create a restricted parking space during the 30 day period required for the comptroller director of revenue to complete the parking study.

(d) After introduction of an ordinance described in subsection (c), the comptroller director of revenue shall arrange for a parking study if:

- (1) the applicant has tendered the required fee for restricted parking, and
- (2) the comptroller director of revenue concludes that the above conditions (1) through (3) of subsection (b) of this section are met and the application is otherwise acceptable.

Such parking study shall be completed within 30 days after the conditions in subsections (d)(1) and (d)(2) are met and shall include a determination regarding the feasibility and, if appropriate, the proposed location of a proposed restricted parking space. The determination shall be based upon the number of restricted parking spaces currently installed on the residential street; the proximity of the requested restricted parking space to crosswalks, curb cuts, alleys, intersections and fire hydrants; and any other information concerning the applicant's needs and local traffic restrictions. The determination may also be based upon the extent of the alternative accessible off-street parking at the applicant's primary residence.

(e) (1) Upon completion of the parking survey and the recommendation that a restricted parking space be installed, the comptroller director of revenue shall inform the applicant of the proposed location of the proposed parking space and shall report such recommendation to the alderman of the ward in which the restricted parking space will be located and to the city council committee on pedestrian and traffic control and safety. Upon determining that an application for a restricted parking space should not be recommended, the comptroller director of revenue shall provide written notice to the person submitting the application as well as the alderman of the ward in which the application was made. Any person whose application has not been recommended because the city has determined that a restricted parking space cannot be situated in a location accessible to the applicant's primary residence or was not recommended on the basis of the extent of the alternative accessible off-street parking at his or her primary residence may, within ten days of the date of denial, respond in writing to the mayor's office for people with disabilities requesting a review of the findings and stating reasons in support of reconsideration. The mayor's office for people with disabilities shall conduct such review and shall make a determination within 30 days of the date the request for reconsideration was made. The mayor's office for people with disabilities shall report its determination to the comptroller director of revenue, who shall follow, and, if appropriate, reevaluate the application in light of, such determination.

(2) Upon completion of the parking survey and a recommendation by the comptroller director of revenue that a restricted parking space be installed: (1) the comptroller

~~director of revenue~~ is authorized to issue a revocable permit evidenced by a decal indicating the permit number for the restricted parking space; and (2) the commissioner of transportation is authorized to install a sign to prohibit parking except by the applicant; provided that if the proposed ordinance is not passed within four months after its introduction, the permit shall be revoked and the commissioner of transportation shall immediately remove the restricted parking sign. The issuance of the permit and installation of the sign under this subparagraph does not confer any property rights to the applicant and the sign may be removed and the permit may be revoked at any time without consent of the applicant.

(3) Upon approval of the city council of the designation of a restricted parking space under this subsection, the ~~comptroller director of revenue~~ shall issue to the applicant a revocable permit evidenced by decal or other device indicating the permit number for the restricted parking space.

(4) In the event that (1) the department of ~~finance revenue~~ does not recommend the creation of a restricted parking space, (2) a request for review with the mayor's office for people with disabilities is not timely made, (3) a request for review with the mayor's office for people with disabilities is timely made but a determination is issued consistent with the earlier findings of the ~~comptroller director of revenue~~, and/or (4) the city council fails to approve creation of a restricted parking space, the department of ~~finance revenue~~ shall refund the applicant his or her application fee directly.

(f) If the city determines, as to a pending application, that the applicant has falsely represented any one or more of conditions (1) through (3) of subsection (b) of this section, the applicant shall be subject to a fine of not less than \$100.00 nor more than \$500.00 and the application shall be denied. If the city determines, either at the time of a renewal or at any other time, that a person who applied for and is using a restricted parking space issued pursuant to subsection (e) of this section is not in compliance with any one or more conditions (1) through (3) of subsection (b) of this section, the ~~comptroller director of revenue~~, 30 days after providing written notice to the person and the alderman of the ward in which application was made or in which the sign was installed, and an opportunity to respond, is authorized to revoke the permit issued under subsection (e) and the restricted parking space, and the commissioner of transportation is authorized to remove the sign designating such parking space. Any person not in compliance with any one or more of conditions (1) through (3) of this section shall be subject to a fine of not less than \$100.00 nor more than \$500.00. In addition, the permit and restricted parking space issued and created under subsection (e) shall be deemed revoked whenever the commissioner of transportation removes the sign for reasons of public convenience or necessity under subsection (d) of 9-68-030.

Upon death of an applicant, there shall be a revocation of the permit issued hereunder, except in the case of a spouse or child of an applicant meeting the qualifications set forth in subsection (b) of this section. Application shall be made pursuant to subsection (b) of this section without additional fees or the removal of existing signs, and the permit shall be reissued to the spouse or child of the decedent subject to subsection (e) of this section.

(g) A renewal fee for a permit and restricted parking space issued and created pursuant to subsection (e) of this section shall be required annually. 11-12-125 Water supply shut off.

(a) Upon written notice of the building commissioner that a building is vacant and upon the building commissioner's request to the department of water management to shut off the water supply to the building, the department shall shut off the building's water service supply and provide notice to the department of finance that all applicable fees, including a water shut off fee, as determined by the department of water management, shall be billed and collected by the department of finance. The department of finance shall thereafter cease billing and charging of prospective water fees against the person responsible for the water account of the building from the time the water supply is shut off until such time as the water supply is restored.

(b) Upon written notice of the department of buildings to the department of water management, or upon notice of the building owner to the department of water management, that the building is no longer vacant, the department of water management shall restore water supply to such building and provide notice to the department of finance to resume billing and charging of water fees against the person responsible for the water account established for the building; provided, however, no water supply shall be restored unless all outstanding water and sewer fees and charges, including a water restoration fee as determined by the department of finance, are paid in full, or an arrangement for their payment is made.

(d) It shall be the responsibility of the owner of the vacant building to protect, repair and maintain water supply pipes on private property leading to or located within such building.

SECTION 3. Chapter 11-12 of the Municipal Code of the City of Chicago is hereby amended by deleting the language struck through and by inserting the language underscored, as follows:

11-12-010 Definitions of "premises".

~~The word "premises", wherever used in this chapter, shall be held to include a lot or a part of a lot, a building or a part of a building, or any parcel or tract of land whatever.~~

For purposes of this chapter, the following definitions shall apply:

“Commissioner” means the city’s commissioner of water management.

“Department” means the city’s department of water management.

“Family” means any number of persons not to exceed 12, including children and employees.

11-12-330 Liability for charges.

The owner of a property, location or address where water or water service is supplied shall be responsible for payment for any water or water service supplied ~~until notice shall be given in writing to the commissioner, at least ten days in advance, that such service be terminated.~~ A property owner may request that billing statements be sent in the name of a tenant on the property through the filing of a form provided by the department of revenue finance; however, such billing to a tenant does not relieve the owner of the subject property from liability for unpaid water and sewer charges. ~~When a tenant or other party is the named billed party, both that party and the owner of the subject property shall be liable for unpaid water charges jointly~~

and severally: Upon a determination that any owner did not timely pay his water or sewer charges, the comptroller may institute collection action with the department of administrative hearings by forwarding a copy of a notice of violation or a notice of hearing, which has been properly served, to the department of administrative hearings. The billing statement, notice of a water service charge or notice of delinquent payment of a water service charge shall be prima facie evidence that the owner identified in the statement or notice shall be liable for such charge and any delinquent payment fee.

11-12-340 Metered service – Billing.

Metered water service for large consumers shall be billed monthly, and metered water service for other consumers shall be billed bimonthly; provided, however that the commissioner may in his discretion render bills for small consumption in quarterly periods in such time periods as established by the comptroller.

11-12-530 Certification of Payment

Upon application and payment of an application fee of fifty (50) dollars, the commissioner shall issue a certificate of payment to the director of revenue, which shall certify that all water and sewer assessments have been paid in full.

Unless otherwise provided by law or rule, a full payment certificate is required in all transfers of real property whether such transfers are subject to or exempt from the real property transfer tax pursuant to Chapter 3-33 of this Code. In order to obtain a full payment certificate, an application with an application fee of \$50.00 shall be made to the comptroller. Provided, however, if the property is exempt from the real property transfer tax, the full payment certificate application fee shall not be charged. If a full payment certificate was required and such certificate was not obtained when the real property was transferred, both the transferor and the transferee will be jointly and severally liable for any outstanding water or sewer charges and penalties that have accrued to the water account.
