 Address: 835-61 E. 63<sup>rd</sup> St./6301-25 S. Maryland Ave.  
 Introduced: May 26, 2021

 Amended: April 27, 2022

15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises (“M/WBEs”) and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant’s goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of (i) 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant’s proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant’s submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant’s preliminary outreach plan, (b) a description of the Applicant’s outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof, (c) responses to the Applicant’s outreach efforts, and (d) updates (if any) to the applicant’s M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.
16. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Zoning Administrator shall initiate a Zoning Map Amendment to rezone the property to B3-3 Community Shopping District.
17. The Applicant acknowledges and agrees that that the rezoning of the Property will maintain the Property’s existing B3-3 Community Shopping District as its underlying zoning district under its proposed Residential Business Planned Development (PD). The proposed PD triggers the requirements of Section 2-45-115 of the Municipal Code of Chicago (Affordable Requirements Ordinance or ARO). Any developer of a “residential housing project” within the meaning of the ARO must: (i) set aside 10% of the housing units in the residential housing project (Required Units) as affordable units; (ii) pay a fee in lieu of the development of the Required Units; or, (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25% of the Required

Units on-site. The Property is located in a low-moderate income area, within the meaning of the ARO, and the project has a total of 58 units. As a result, the Applicant's affordable housing obligation is 6 affordable units (10% of 58 rounded up/down), 2 of which are Required Units (25% of 6, rounded up/down). The Applicant agrees that the affordable rental/sale units must be affordable to households earning no more than 60% of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the PD, the Applicant shall update and resubmit the Affordable Housing Profile Form to DPD for review and approval; DPD may adjust the number of required Affordable Units without amending the PD. Prior to the issuance of any building permits for any residential building in the PD, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/or execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the PD, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 17, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the PD.

18. Notwithstanding the foregoing, the Applicant plans to apply for Low-Income Housing Tax Credits and other financial assistance whose affordability requirements exceed those of the Affordable Housing Ordinance from the City to develop affordable housing in any portion of the Planned Development (PD). Applicant's proposed PD includes a total of fifty-eight (58) housing units, of which forty-one (41) units will be affordable units. Of the forty-one (41) affordable units, a) nine (9) units must be affordable to households earning no more than 30% of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago; b) nine (9) units must be affordable to households earning no more than 50% AMI; c) twenty-three (23) units must be affordable to households earning no more than 60% AMI for an overall total of forty-one (41) affordable units. The regulatory, redevelopment, loan or other agreement(s) to be executed by the City and the Applicant in connection with such tax credits or other financial assistance shall govern and control the Applicant's obligation to provide affordable housing for such subsidized portion of the PD.
19. Pursuant to a negotiated agreement with the City's Department of Planning and Development (DPD), the Applicant agrees to work on certain design revisions to the existing building, with the Planned Development, which would allow for the future review and approval of artistic paneling incorporated into the upper floor fenestration pattern. Final review and approval of this paneling design will be by the Department of Planning and Development (DPD).
20. The Applicant acknowledges that it is in the public interest to ensure that adequate open space and recreational facilities are provided to serve new residential developments. As stated in the Open Space Impact Fee Ordinance Section 16-18-080 of the Municipal Code of Chicago, in the case of larger developments which are processed as Planned Developments,

developers are encouraged to provide open space and recreational facilities on-site to serve new residents instead of paying open space impact fees.
