12. The Applicant acknowledges and agrees that the rezoning of the Property from B1-2, B3-2, B1-5, B3-5 to B3-5 for construction of this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements and the Affordable Housing Profile Form attached hereto as Exhibit [____], the Applicant has agreed to provide [13] affordable housing units in the Residential Project for households earning up to 60% of the Chicago Primary Metropolitan Statistical Area median income (the "Affordable Units"), or make a cash payment to the Affordable Housing Opportunity Fund in the amount of \$100,000 per unit ("Cash Payment"). At the time of each Part II review for the Residential Project, Applicant may update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval. If the Applicant subsequently reduces the number of dwelling units in the Residential Project, DPD may adjust the requirements of this Statement #3 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending the Planned Development. Prior to the issuance of any building permits for the Residential Project, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Residential Project and will constitute a lien against each Affordable Unit. The Commissioner of DPD may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development. If this Planned Development does not receive city council approval by July 13, 2016, the project will be subject to Section 2-45-115 of the Municipal Code (the "2015 ARO"). In such event, the Applicant shall meet with the Department of Planning and Development to determine the application of the 2015 ARO to the project, and the 2015 ARO requirements will replace and supersede the affordability requirements set forth in this Section.
13. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by

the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.

14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. All development shall be in substantial compliance with the current City of Chicago Sustainable Development Policy set forth by the Department of Planning and Development. The proposed building shall provide a vegetated ("green") roof, totaling a minimum of 50% of the net roof area (approximately 10,033 square feet) and obtain a LEED certification.
16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Zoning Administrator shall initiate a Zoning Map Amendment to rezone the property B3-5 Community Shopping District.
17. The Applicant acknowledges that the Planned Development includes a building commonly known as 3835-45 N. Broadway, which is color-coded orange in the Chicago Historic Resources Survey published in 1996. Sec. 17-8-0911 of the Zoning Ordinance provides that planned developments should give priority to the adaptive reuse of red- and orange-rated historic buildings, and Section 13-32-230 of the Municipal Code imposes a demolition delay period on such historic buildings in order to enable DPD to explore preservation options. In accordance with the priorities established in Sec. 17-8-0911 and Sec. 13-32-230, the Applicant agrees to: (a) retain and preserve the character-defining features of the building, including the terra cotta eagles, cornice and piers, and the cast iron window heads, (b) design the façades to feature and complement the terra cotta (or any other historic elements) that may be uncovered after removal of the non-historic cladding above the storefronts and below the 2nd floor windows, (c) salvage and re-install any uncovered historic features if possible, or replicate such historic features if deteriorated, (d) restore the terra cotta return on the south elevation, and (e) remove, store, repair and re-install the terra cotta façade elements, including the eagles, in accordance with procedures specified in an agreement between the Applicant and DPD. Such agreement must be in a form approved by the corporation counsel, and must be executed prior to the issuance of any permits for the project. All reconstruction work shall be subject to the review and approval of DPD. At the completion of such reconstruction work, the Applicant shall submit to DPD's Planning, Design and Historic Preservation Division the final, as-built drawings and a report by a restoration specialist. The as-built drawings shall indicate the amount and location of salvaged façade materials reused in the completed project and the report by the restoration specialist shall certify

that the reconstructed façades have been completed in accordance with the approved plans and permits. The Applicant must complete the restoration work and the commissioner of DPD must issue a certificate of completion for the historic façade reconstruction prior to the issuance of a certificate of occupancy for the Planned Development.

REPORT
to the
CHICAGO PLAN COMMISSION
from the
DEPARTMENT OF PLANNING AND DEVELOPMENT

APRIL 21, 2016

FOR APPROVAL: PROPOSED PLANNED
DEVELOPMENT (APPLICATION NO. 18505)

APPLICANT: 3817-45 N. BROADWAY, INC.

LOCATION: 3817 NORTH BROADWAY

Pursuant to the provisions of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Planning and Development hereby submits this report and recommendation on a proposed Planned Development for your review and recommendation to the Chicago City Council. The application was introduced to the Chicago City Council on September 24, 2015. Notice of this public hearing was published in the Chicago Sun-Times on April 6, 2016. The Applicant was separately notified of this public hearing.

The property is identified as 3817 N. Broadway and is generally located at the southeast corner of North Broadway and West Sheridan Road. The property is currently comprised of property carrying the following zoning designations B1-2 (Neighborhood Shopping District), B1-5 (Neighborhood Shopping District), B3-2 (Community Shopping District) and B3-5 (Community Shopping District); the applicant proposes to rezone the property from these designations to a unified B3-5 zoning designation and then to a Residential Business Planned Development. The applicant, 3817-45 N. Broadway Inc., proposes to construct an eight-story, mixed-use building with retail use at the ground floor and 134 dwelling units on floors two through eight.

This request is being submitted as a mandatory planned development, pursuant to Section 17-08-0512-A, due to the fact that the proposed project exceeds 80'-0" in height and also pursuant to Section 17-8-0513-A, due to the fact that the project exceeds the unit-count threshold of 100 units in a dash 5 underlying zoning designation.

PROJECT BACKGROUND AND DESCRIPTION

The site consists of approximately 32,742 square feet (0.75 acres) and is currently improved with a variety of one, two and three story commercial buildings. The applicant proposes to demolish and remove all of the buildings on the subject site with the exception of the "Eagles" building. The "Eagles" building will have the façade removed and placed into storage and then reconstructed as part of the new project, in addition if any areas of the façade need restoration that work will be conducted at that time. The new proposed building will be the eight-stories comprised of parking in the basement levels, retail on the first floor and 134 dwelling units on floors two through eight.

DESIGN

LANDSCAPING AND SUSTAINABILITY

The entire planned development will be compliant with the requirements of the Chicago Landscape Ordinance.

The subject site will be designed to be in compliance with the current City of Chicago Sustainable Development policy and will provide a vegetated roof equivalent to a minimum of 50% of the net roof area which equates to approximately 10,000 square feet of area. Additionally the subject building will obtain a LEED certification.

ACCESS / CIRCULATION

Access to the site is achieved via a driveway located along North Broadway, an additional overhead door access point is also provided from the alley running parallel to the building along the eastern lot line. The access points lead to an interior vehicle roadway which provides access to a two-way traffic ramp down to the basement and sub-basement parking levels as well as access to two loading berths and the trash room. The bicycle parking for the building residents is provided adjacent to this vehicle access area and has easy access via an elevator to the residential units above. All vehicle parking, bicycle parking/storage and loading berths will be designed to be compliant with Chapter 10 of the Chicago Zoning Ordinance.

BULK / USE / DENSITY

The current maximum allowable Floor Area Ratio (FAR) for the proposed underlying zoning district (B3-5) is 5.0; the proposed planned development is designed for and will be limited to this maximum. The proposed planned development will maintain setbacks that are in compliance with the requirements of the B3-5 zoning designation. All remaining bulk, use and density items will be in substantial compliance with the stipulations of Section 17-3-0400 for B3-5 zoning districts.

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant and compared this proposal to the requirements of the Chicago Zoning Ordinance and existing development in the community. The area around this project is primarily composed of a mixture of retail, business and residential uses and is accessible from various forms of public transit. Based on that analysis, DPD has concluded that this proposal is appropriate for this site and supports this development for the following reasons:

1. Promotes unified planning and development (per 17-8-0102), as evidenced through the project design which incorporates a historic building into a new proposal and results in a development providing pedestrian friendly retail functions along the street frontages as well as residential uses on the floors above that are complimented with

- parking facilities for both automobiles and bicycles and a shared amenity level;
2. Promotes economically beneficial development patterns that are compatible with the character of existing neighborhood (per 17-8-0103), as evidenced by the design of the project, and the fact that the proposed uses are in context with the character of the adjacent properties and also meet the needs of the immediate community;
 3. Promotes transit, pedestrian and bicycle use, ensures accessibility for persons with disabilities and minimizes conflicts with existing traffic patterns in the vicinity (per 17-8-0904-1-2, 3 & 4), as evidenced by the site's close proximity to public transit in the form of various CTA bus lines as well as the Sheridan Road station along the CTA Red and Purple lines; the accessibility accommodations made on-site for the building users; pedestrian and bicycle ingress and egress options provided to the building users in the form of 72 bicycle parking stalls and lastly ensuring that the design of the site works within the confines of the current existing traffic patterns at the site and creates little or no adverse impact to those patterns.
 4. Building Orientation and Massing (per 17-8-0906-B), as evidenced by the project design which brings the edge of the building up to the street frontage and provides large transparent store front windows to create an active building wall;
 5.
