SECTION 3. Section 9-68-020 of the Municipal Code of Chicago is hereby amended by deleting the language struck through, and by inserting the language underscored, as follows:

9-68-021 Sale of residential parking permits.

(a) *Service contracts.* In addition to distributing “one-day” residential parking permits (for purposes of this section, “permits”), the city clerk may enter into contracts (for purposes of this section, “service contract”) with no more than five entities to be selected by the city clerk to sell permits in any calendar year (for purposes of this section, each such entity shall be known as a “contractor”). Contractors may sell such permits directly or through subcontractors to be selected by the contractors, subject to the approval of the city clerk (for purposes of this section, each subcontractor shall be known as a “vendor”).

The service contracts may contain such terms as the city clerk deems necessary to effectuate the sale of permits, including but not limited to terms obligating the contractors to pick up the permits from the city, transmit the permits to the locations where they will be sold by vendors, verify that the purchasers of the permits have submitted complete and correct information, and provide a detailed accounting of the transactions to enable the city clerk's office to verify that the services have been performed in accordance with legal requirements.

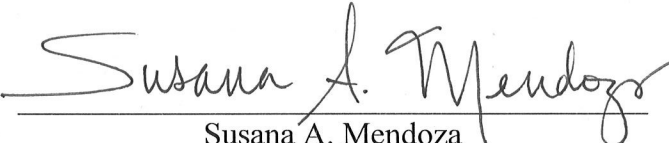

Any contractor or vendor shall derive its entire compensation by collecting a fee from purchasers of permits, which, for physical one-day residential parking permits, shall not exceed \$1 per sheet of 15 permits; and for electronic one-day parking permits, shall not exceed \$5 per sheet of 15 permits (for purposes of this section, “fee”); provided, however, no contractor or vendor shall charge any fee for selling annual residential parking permits. All proceeds from the sale of the permits by any contractor or vendor, but not including the fee, shall be deposited by the contractor or vendor into a city account in a depository designated by the city council as an approved depository; such deposits shall be made no later than four business days after the contractor or vendor receives payment from the purchaser of the permit.

The city clerk may enter into service contracts for the sale of residential parking permits in conjunction with service contracts for the sale of wheel tax license emblems.

(b) *Rules governing sale of residential parking permits.* Any sale of permits by a contractor or vendor shall be conditioned upon (i) verifying that the purchasers of the permits have submitted complete and correct information as required by the city clerk; and (ii) receiving payment of the permit fee set forth in Section 9-68-020(d). A contractor or vendor must conduct all sales of permits ~~(i) in accordance with Section 9-68-020 of this Code and such regulations and rules as are promulgated by the city clerk; and (ii) in person in a single over the counter transaction.~~ Contractors or vendors shall not sell permits by mail or on the Internet.
