2100-02 West 18<sup>th</sup> Place / 1814-24 South Hoyne Avenue

**The Project**

2100 18TH PARTNERS, LLC (the "Applicant") proposes to demolish the existing improvements at the subject property which include a two story residential building with two residential dwelling units and a two car attached garage as well as a vacant lot to construct a new four story residential building with eight dwelling units and will include four surface parking spaces and eight bicycle parking spaces. The proposed height of the building will be 43'-8" to the top of the parapet. In addition, two of the proposed units will be ADA units. The Property is located in a Transit Served Location to the Damen Train Station Entrance and the Applicant seeks to reduce any required parking through a Type I rezoning application pursuant to the Transit Served Location guidelines of the Chicago Zoning Ordinance.

To allow the proposed project, the Applicant seeks a change in zoning classification for the subject property from an RT-4 Residential Two-Flat, Townhouse and Multi-Unit District to a B2-3 Neighborhood Mixed-Use District. This change of zoning classification is being sought through the Type I rezoning process of Section 17-13-0302-A of the Zoning Ordinance in order to qualify for reduction of Parking under Section 17-10-0102-B.1 of the Zoning Ordinance. The property sits in a Transit Served Location per the Transit-Oriented Provisions of the Chicago Zoning Ordinance and is approximately 845.0 feet from the Damen Train Pink Line Station entrance.

To qualify for parking reduction of these standards, the project as per section 17-13-0905-F:

- (a) Must be located in a transit-served location; which it is, as set forth above;
- (b) Must comply with the standards of Section 17-3-0500 pertaining to pedestrian streets and pedestrian retail streets; the accompanying drawings show that the proposed building will feature prominent ground floor windows on 18<sup>th</sup> Place;
- (c) Must comply with the general goals set forth in the Transit Friendly Development Guide: Station Area Typology, and any other station-specific plans, designs or guidelines adopted by the Chicago Plan Commission; the Transit Friendly Development Guide defines "transit friendly development" on page 2 as "Development which is oriented towards and integrated with adjacent transit. The subject property will provide four parking surface spaces and eight bicycle spaces and is located north of the CTA Damen Train Station entrance.
- (d) Must actively promote public transit and alternatives to automobile ownership; the Applicant will provide eight bicycle spaces;
- (e) Must include enhancements to the pedestrian environment that are not otherwise required; the existing building was previously dilapidated and inhabitable. The proposed building will enhance the aesthetic of the block and increase safety.

**The Site**

The subject property contains 6,232.24 square feet of land and is improved with a two story residential building with two residential dwelling units and a two car attached garage as well as a vacant lot. The area is improved with residential uses which includes multi-unit residential buildings. The existing building is dilapidated and the Applicant proposes to rezone the property to demolish the existing structure and construct a new four story residential building with eight dwelling units and will include four surface parking spaces and eight bicycle parking spaces. The proposed height of the building will be 41' to the top of the parapet.

The following are the relevant zoning parameters for the proposed development:

Lot Area: 6,232.24 square feet  
 FAR: 2.17  
 Floor Area: 13,555.6 square feet  
 Residential Dwelling Units: 8  
 MLA: 779.03 square feet  
 Height: 43'-8" top of the parapet
