If the upper floors of 1027 West Van Buren Street building are retained, the north and south facades of that building may be removed and new facades constructed. The new facades shall be distinguishable from the facades of the buildings immediately to the east and west of the 1027 West Van Buren Street building. Prior to the Commissioner of the Department of Planning and Development approving an application pursuant to Section 17-13-0610 of the Chicago Zoning Ordinance for development in Subarea C, the Applicant shall submit designs of the proposed facades for the 1027 West Van Buren Street building to the Commissioner for the Commissioner's review and approval.
11. The terms, conditions and exhibits of this Planned Development may be modified administratively by the Commissioner of the Department of Planning and Development, upon the written request for such a modification by the Applicant or such other party as permitted under Statement 3 and after a determination by the Commissioner of the Department of Planning and Development that such a modification is minor in nature, appropriate and consistent with the nature of the improvements contemplated in this Planned Development. Any such modification of the requirements by the Commissioner of the Department of Planning and Development shall be deemed to be a minor change in the Planned Development as contemplated by Section 17-13-0611-A of the Chicago Zoning Ordinance.
 12. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office of People with Disabilities ("M.O.P.D.") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
 13. The Applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner that promotes and maximizes the conservation of natural resources. The Applicant shall use best and reasonable efforts to design, construct and maintain all buildings located within the Property in a manner generally consistent with the Leadership in Energy and Environmental Design ("L.E.E.D.") Green Building Rating System. Copies of these standards may be obtained from the Department of Planning and Development.

In furtherance of these goals, the Applicant shall provide vegetated ("green") roof areas equal to at least forty-seven and six-tenths percent (47.6%) of the net roof area of the building to be constructed in Subarea A and at least twenty-five percent (25%) of the net roof area of the building at 1027 West Van Buren Street. "Net roof area" is defined as total roof area minus any required perimeter setbacks, roof top structures and roof-mounted equipment. The Applicant has provided expert testimony that the structures of the other existing buildings in Subarea C and the existing building in Subarea B are not sufficient to safely support green roofs. These buildings are

excluded from any green roof requirements. If City financial assistance is sought in connection with development within this Planned Development, then relevant City policy in effect at the time such assistance is sought regarding other environmental requirements shall apply.

With respect to Subarea D, the Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.

14. With respect to Subarea D, the Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises (“M/WBEs”) and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant’s goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of (i) 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant’s proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant’s submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant’s preliminary outreach plan, (b) a description of the Applicant’s outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant’s outreach efforts, and (d) updates (if any) to the applicant’s M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.
15. Unless substantial construction of the improvements contemplated within Subarea D has begun within six (6) years of the original date of passage of this Planned Development amendment, then this Planned Development shall expire as it relates to Subarea D and the zoning of Subarea D shall automatically revert to DX-7 Downtown Mixed-Use District. The six (6) year period may be extended for up to one (1) additional year if, before expiration, the Commissioner of the Department of Planning and Development determines that good cause for an extension is shown.

FIRST CLASS MAIL

Dear Sir or Madam:

As required by Section 17-13-0107 of the Municipal Code of the City of Chicago, please be informed that on or about January 16, 2019, the undersigned, on behalf of Related 1061 Van Buren LLC (the "Applicant"), intends to file an application to rezone the property located at 1001-1111 West Van Buren, Chicago, Illinois, (the "Property") from Planned Development Numbers 867 and 1300 to a unified Planned Development Number 867, as amended. A map of the Property is printed on the reverse side of this letter.

The Property is currently partially vacant and partially improved with residential and office uses. The application requests a rezoning of the Property from Planned Development Numbers 867 and 1300 to a unified Planned Development Number 867, as amended, in order to add the property located at 1061 W. Van Buren to Planned Development 867 as a new Subarea D. The amendment will allow for the development of a 26-story residential building containing 351 units, 69 parking spaces and ground floor commercial uses. The overall project FAR will remain 10.15.

Please note that the Applicant is not seeking to rezone or purchase your property. You are receiving this notice as required by the Chicago Municipal Code because the assessor's tax records indicate that you own property within 250 feet of the Property.
