15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises (“M/WBEs”) and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant’s goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant’s proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant’s submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant’s preliminary outreach plan, (b) a description of the Applicant’s outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant’s outreach efforts, and (d) updates (if any) to the applicant’s M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.
16. The Applicant acknowledges and agrees that the rezoning of the Property from the M2-3 Light Industry District to the DX-7 Downtown Mixed-Used District and then to this Residential-Business Planned Development (“RBPD”), for construction of the Project triggers the requirements of Section 2-44-080 of the Municipal Code (the “Affordable Requirements Ordinance” or the “ARO”). The Applicant further acknowledges and agrees that the Property is located in the Near North/Near West Pilot Area, pursuant to Section 2-44-090 of the Municipal Code (the “Near North/Near West ARO Pilot Area Ordinance” or the “Pilot”). The Near North/Near West Pilot Area is divided into two zones: the Near North Zone and the Near West Zone. The Property is located in the Near North Zone. In the Near North Zone, pursuant to the ARO, the percentage of units in a residential housing project required to be affordable, whether rental or for-sale, is increased from 10% to 20%. Any developer of a residential housing project in the Near North Zone must provide the first 10% of units required to be affordable (the “First Units”) either: (i) in the residential housing project, or (ii) with the approval of the commissioner of the Department of Housing (“DOH”), in an off-site location within two miles of the Property and in the same or a different higher income area or downtown district, or (iii) any combination of (i) and (ii). In addition, the developer must provide the second 10% of units required to be affordable (the “Additional Units”) either: (i) in the residential housing project, or (ii) with the approval of the commissioner of DOH, in an off-site location anywhere within the Near North/Near West Pilot Area, regardless of distance from the project or income area, or (iii) any combination of (i)

and (ii). The Property is also located in the Fulton Market Innovation District (“FMID”), which encourages 30% affordability in the area located north of Lake Street.

The Project has a total of 433 housing units. As a result, the Applicant’s affordable housing obligation under the Pilot is 87 affordable units (20% of 433, rounded up), consisting of 43 First Units and 44 Additional Units. The Applicant has agreed to satisfy its affordable housing obligation by providing the First Units and the Additional Units in the building to be constructed in the Planned Development, as set forth in the Affordable Housing Profile Form attached hereto. In accordance with the requirements of the ARO, as modified by the Pilot, the Applicant is required to lease the First Units to households earning up to 60% of the Chicago Primary Metropolitan Statistical Area median income (“AMI”) at prices affordable to households at such income level, and the Additional Units to households earning up to 100% of AMI (or up to 80% of AMI with the DOH commissioner’s approval) at prices affordable to households at such income level. Notwithstanding the foregoing, the Applicant may reduce the required number of ARO units in exchange for units with more bedrooms, as provided in the ARO rules, provided the Applicant must give preference in leasing units of two bedrooms or more to multi-person households as specified in the ARO rules.

In addition to the foregoing commitment to provide 87 affordable units on-site, the Applicant has agreed to use reasonable efforts to provide an additional 43 affordable units (10% of 433, rounded down) either on-site or in an off-site location within the boundaries of the FMID, as recommended in the FMID Plan (the “FMID Units”). In order to achieve this 30% affordability objective, the Applicant agrees to cooperate with the City in good faith to apply for 4% Low Income Housing Tax Credits and/or tax-exempt bonds to finance the construction of all or a portion of the affordable units in the Project, and/or seek another source of public assistance (each and all, the “FMID Financial Assistance”). If the Applicant is unable to procure the FMID Financial Assistance or otherwise determines that the 30% affordability goal of the FMID is not economically feasible, despite such good faith cooperation and best efforts, the Applicant shall provide to the City a written explanation therefor, with supporting documentation, including, if applicable, a summary of the impact on the Applicant’s development budget and operating pro forma, to confirm the Applicant’s determination. At least six months prior to the submission of 100% plans to the Department of Buildings, and again prior to the issuance of the first building permit, the Applicant shall provide DOH with an update on its efforts to procure the FMID Financial Assistance and provide the FMID Units.

If the Applicant subsequently reduces (or increases) the number of housing units in the Project, or elects to build a for-sale project instead of a rental project, the Applicant shall update and resubmit the Affordable Housing Profile Form to the DOH for review and approval by the DOH commissioner, and DOH may adjust the requirements to reflect any such change without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The affordable housing agreement will document the Applicant’s obligation to construct First Units, Additional Units and, subject to the procurement of the FMID Financial Assistance, any FMID Units. The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The issuance of the aforementioned building permits and/or the recording of the affordable housing agreement shall not be withheld or delayed due to delays related to the procurement of the FMID Financial Assistance, which, if awarded, will be evidenced by a regulatory

agreement required by such FMID Financial Assistance. The commissioner of DOH may enforce remedies for any breach of this Statement 16, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

- 17. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the property to the DX-7 Downtown Mixed-Use District.
