13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant’s proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant’s submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant’s preliminary outreach plan, (b) a description of the Applicant’s outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant’s outreach efforts, and (d) updates (if any) to the applicant’s M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. The Applicant acknowledges and agrees that the rezoning of the Property from the RT-4 Residential Two-flat, Townhouse and Multi-Unit District to the RM-5.5 Residential Multi-Unit District, and then to this Planned Development (PD), for construction of the Planned Development triggers the requirements of Section 2-44-080 of the Municipal Code (the “Affordable Requirements Ordinance” or the “ARO”). The Applicant further acknowledges and agrees that the Property is located in the Milwaukee Corridor Pilot Area, pursuant to Section 2-44-100 of the Municipal Code (the “Milwaukee Corridor ARO Pilot Area Ordinance” or the “Pilot”) and as a result, the percentage of units in a residential housing project required to be affordable for a period of 30 years (“ARO Units”), whether rental or for-sale, is increased from 10% to 15% if units are located on-site, or, with the approval of the Commissioner of the Department of Housing (“DOH”), from 10% to 20% if the units are located in an off-site location within the Pilot. The Planned Development has a total of twenty-three (23) units. As a result, the Applicant’s affordable housing obligation is three (3) ARO Units (15% of 23 rounded down). Applicant has agreed to satisfy its affordable housing obligation by providing all 3 ARO Units in the rental building to be constructed in the Planned Development, to be approved by the Department of Housing in consultation with DPD as appropriate, as set forth in the Affordable Housing Profile Form attached hereto as an Exhibit. In accordance with the Pilot, the Applicant is required to lease the affordable units to households earning up to 80% of the Chicago Primary Metropolitan Statistical Area Median Income (“AMI”), at prices affordable to households earning up to 60% AMI. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, or elects to build a for-sale project instead of a rental project, or (with the Commissioner’s approval) elects to construct 20% off-site units instead of 15% on-site units in accordance with the Pilot’s Section 2-44-100 (G)(2), the Applicant shall update and resubmit the Affordable Housing Profile Form to DOH for review and approval. DOH may adjust the requirements to reflect any such change without amending the Planned Development. Prior to the issuance of any building permits for any residential building in

the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DOH may enforce remedies for any breach of this Statement 16, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

17. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Zoning Administrator shall initiate a Zoning Map Amendment to rezone the property to the RM-5.5 Residential Multi-Unit District.

DEPARTMENT OF PLANNING AND DEVELOPMENT  
CITY OF CHICAGO

**MEMORANDUM**

To: Alderman Tom Tunney  
Chairman, City Council Committee on Zoning

From:   
Maurice D. Cox  
Chicago Plan Commission

Date: June 17<sup>th</sup>, 2021

Re: Proposed Planned Development (2101-2125 W. Lyndale St., 2200-2240 N. Hoyne Ave.,  
2100-2124 W. Webster Ave., and 2201-2243 N. Hamilton Ave.)

---

On June 17, 2021, the Chicago Plan Commission recommended approval of a proposed Planned Development, submitted by 2219 North Hamilton, LLC. The Applicant is proposing to rezone the site from a zoning designation of RT-4 (Residential Two-Flat, Townhouse, and Multi-Unit District) to RM5.5 (Residential Multi-Unit District) and then to Institutional Residential Planned Development. The request is sought to allow for the conversion of a group living facility (convent) to multi-unit residential consisting of 23 dwelling units and 18 accessory off-street parking spaces within Sub-Area A of the proposed planned development. No changes are proposed for existing uses, buildings, or structures located within Sub-Area B of the proposed planned development. The proposal consists of two (2) sub-areas with a maximum FAR of 1.45 for Sub-Area A and 1.1 for Sub-Area B.

A copy of the proposed ordinance, planned development statements, and bulk table are attached. I would very much appreciate your assistance in having this introduced at the next possible City Council Committee on Zoning.

Also enclosed is a copy of the staff report to the Plan Commission which includes the Department of Planning and Development, Bureau of Zoning recommendation and a copy of the resolution. If you have any questions in this regard, please do not hesitate to contact James Harris at [james.harris@cityofchicago.org](mailto:james.harris@cityofchicago.org).
