BY: .....

Dear Alderman Reilly,

This letter is written to support the application of the 1366 North Dearborn Condominium Association to establish a standing zone on Schiller Street from Dearborn Street to the alley. I have attached a schematic which sets forth the area which we are requested receive such designation.

As we have discussed with your office, the property at 1366 North Dearborn is a 40 unit building which does not have any parking. Given the population density in this area, there is often no parking available in the area. Needless to say, this causes significant issues for vendors making deliveries, residents unloading parcels, groceries or children or contractors unloading their equipment. Having a standing zone on Schiller would greatly assist with these issues. We note that a large portion of State Street one block to the east has this type of designation and it appears to work very well there. We also note that there is a large building to the north of Schiller in this area and the standing zone would greatly assist them as well.

Thank you for giving this your attention. Please contact us if you require anything further in support of this application.

Sincerely,

Howard Kruse  
Managing Agent

Schiller Street

\*request for the remaining space to be a "Loading Zone between 8:00am + 6:00pm"

\*request for 1 "1/5 minute Standing Zone"

preferably 2 parking spots
