Nature Playground Proposed Safety Fence Placement

Installation of safety fencing on the green space located at 3000 W Chicago. Fencing will start at the northeast corner of the green space and run south along the sidewalk to the southeast corner, then west along the sidewalk 57 feet, then north through the middle of the green space 95 feet, then diagonally northwest at a 45 degree angle for 40 feet, then north 38 feet, and then along the sidewalk parallel to Grand Ave to end at the northeast corner of the green space. At no point will the fencing block the sidewalk or road. These measurements are in agreement with the fencing plan approved by People's Gas and The CDOT Division of Project Management.

The safety fencing is a temporary measure while we complete permitting procedures with Neighborspace and BACP in the development of this nature playground. The fence will be no higher than 4 feet. Stakes will be placed along the fence every 6-8 feet and into the ground 4-6 inches.
