14. The Applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The Applicant shall use best and reasonable efforts to design, construct and maintain all new buildings located within this Planned Development in an energy efficient manner, generally consistent with the most current energy efficiency standards. Applicant will achieve building certification for the new building area and will provide a 50% green roof on all new net roof area.
15. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enable and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities ("M.O.P.D.") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility. No approvals shall be granted pursuant to Section 17-13-0611 until the Director of M.O.P.D. has approved detailed construction drawings for each building or improvement.
16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office

of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. The Applicant acknowledges and agrees that the rezoning of the Property from the Waterway Business Planned Development No. 1342 to Waterway Residential Business Planned Development No. 1342, as amended, is an "entitlement" that triggers the requirements of Section 2-44-085 of the Municipal Code of Chicago (the "ARO"). The PD is located in a downtown district within the meaning of the ARO and although allow residential use as a permitted use, the Planned Development do not permit the construction of a specific number of dwelling units at this time. The Applicant intends to amend the Planned Development at a later date when the specific number of dwelling units are known and at that time shall include the appropriate provisions in the amendment to the Planned Development in compliance with the ARO.
18. Unless substantial construction of the new improvements contemplated in this Planned Development has commenced within six (6) years following adoption of this Planned Development, and unless completion is thereafter diligently pursued, then this Planned Development shall expire and the zoning of the property shall automatically revert to Waterway Business Planned Development No. 1342 dated September 14, 2016.
