Adm. Code Park 742 (the "**TACO**") and, (4) once the Project is completed and the NFR Letter is recorded to the Property deed at the Cook County Recorder's Office, conveying the Property to the Park District.

F. All of the Property lies wholly within the boundaries of the Central West Redevelopment Project Area (as hereinafter defined).

G. Pursuant to an ordinance adopted by the City Council of the City (the "**City Council**") on February 16, 2000 and published at pages 25277 through 25409 of the Journal of the Proceedings of the City Council (the "**Journal**") of such date, a certain redevelopment plan and project (the "**Central West Redevelopment Plan**") for the Central West Tax Increment Redevelopment Project Area (the "**Central West Redevelopment Project Area**") was approved pursuant to the Illinois Tax Increment Allocation Redevelopment Act, as amended (65 ILCS 5/11-74.4-1, et seq.) NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, the above recitals which are made a contractual part of this Agreement, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. THE PROJECT.

1.1 The Park District will purchase the Property in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto, including but not limited to 70 ILCS 1505/0.01 et seq. Upon the City's request, the Park District shall provide evidence satisfactory to the City of such compliance.

1.2 No later than 18 months after the Closing Date, or later as the Commissioner of HED, (the "Commissioner") may agree in writing, the Park District shall let one or more contracts for the construction and/or development of the Project in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

1.3 The Project shall at a minimum meet the requirements set forth in the Project Description in Exhibit B attached hereto and hereby made a part hereof, and comply with plans and specifications to be provided to and approved by HED prior to the commencement of the Project ("Plans and Specifications") in order for the Park District to qualify for the disbursement of City Increment Assistance. No material deviation from the Plans and Specifications may be made without the prior written approval of the City. The Park District shall comply with all

applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

1.4 The Park District shall also provide the City with copies, if any shall apply, of all governmental licenses and permits required to construct the Project and to use, occupy and operate the Property as a public park from all appropriate governmental authorities,

1.5 The Park District shall include a certification of compliance with the requirements of Sections 1.2, 1.3, and 1.4 hereof with each request for City Increment Assistance hereunder and at the time the Project is completed. The City shall be entitled to rely on this certification without further inquiry. Upon the City's request, the Park District shall provide evidence satisfactory to the City of such compliance.

1.6 Open Space Development Committee Application. The Park District agrees to construct the Project on the Property in accordance with the application approved by the Open Space Development Committee (the "OSDC") and prepared by the Park District, dated May 9, 2011 (the "Application"), which was approved on May 9, 2011 by the City and the OSDC and which is incorporated herein by reference. No material deviation from the Application may be made without the prior written approval of the City which will not be unreasonably withheld.

SECTION 2. FUNDING.

2.1. The City shall, subject to the Park District's satisfaction of the conditions precedent for disbursement described in this Section 2 and such other conditions contained in this Agreement, disburse the Project Assistance to the Park District.

2.2. The Park District may request that a certificate(s) of expenditure in the form of Exhibit C attached hereto and hereby made a part hereof ("Certificates of Expenditure") be processed and executed periodically. The City shall not execute Certificates of Expenditure in the aggregate in excess of the actual costs of the Project that are either TIF-Funded or Open Space Impact Fee-Funded improvements. Prior to each execution of a Certificate of Expenditure by the City, the Park District shall submit documentation regarding the applicable expenditures to HED. Delivery by the Park District to HED of any request for execution by the City of a Certificate of Expenditure hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for execution of a Certificate of Expenditure, that:

- (a) the total amount of the request for the Certificate of Expenditure represents the actual amount payable to (or paid to) the general contractor, subcontractors, and other parties who have performed work on or otherwise provided goods or services in connection with the Project, and/or their payees;
- (b) all amounts shown as previous payments on the current request for a Certificate of Expenditure have been paid to the parties entitled to such payment;
- (c) the Park District has approved all work and materials for the current request for a Certificate of Expenditure, and such work and materials conform to the Plans and Specifications previously approved by HED; and
- (d) the Park District is in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may

be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

2.3. The City shall have the right, in its discretion, to require the Park District to submit further documentation as the City may require in order to verify that the matters certified to in Section 2.2 are true and correct, and any execution of a Certificate of Expenditure by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Park District.

2.4. The current estimate of the cost of the Project is \$715,000. The Park District has delivered to the Commissioner a project budget for the Project attached as Exhibit D, attached hereto and hereby made a part hereof. The Park District certifies that it has identified sources of funds (including the Project Assistance) sufficient to complete the Project. The Park District agrees that the City will only contribute the Project Assistance (i.e., not to exceed \$715,000) to the Project and that all costs of completing the Project, including, but not limited to, costs relating to the soil and environmental condition of the Property, over the Project Assistance amount shall be the sole responsibility of the Park District. If the Park District at any point does not have sufficient funds to complete the Project, the Park District shall so notify the City in writing, and the Park District may narrow the scope of the Project (the "Revised Project") as agreed with the City in order to complete the Revised Project with the available funds.

2.5. Exhibit D contains a preliminary list of capital improvements and other costs, if any, recognized by the City as being eligible redevelopment project costs under the Act with respect to the Project, to be paid for out of the Project Assistance. To the extent the TIF-Funded Improvements are included as taxing district capital costs under the Act, the Park District acknowledges that the TIF-Funded Improvements are costs for capital improvements and the City acknowledges it has determined that these TIF-Funded Improvements are necessary and directly result from the Plan. Prior to the expenditure of Project Assistance on the Project, the Commissioner, based upon the project budget, may make such modifications to Exhibit D as he or she wishes in his or her discretion to account for all of the Project Assistance to be expended under this Agreement; provided, however, that all TIF-Funded Improvements shall (i) qualify as redevelopment project costs under the Act, (ii) qualify as eligible costs under the Plan; and (iii) be improvements that the Commissioner has agreed to pay for out of Project Assistance, subject to the terms of this Agreement.

2.6. The Park District hereby acknowledges and agrees that the City's obligations hereunder with respect to the Project Assistance are subject in every respect to the availability of funds as described in and limited by this Section 2.6 and Section 2.1. If no funds or insufficient funds are appropriated and budgeted in any fiscal period of the City for disbursements of the Project Assistance, then the City will notify the Park District in writing of that occurrence, and the City may terminate this Agreement on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for disbursement under this Agreement are exhausted.

2.7. If the aggregate cost of the Project is less than the amount of the Project Assistance contemplated by this Agreement, the Park District shall have no claim to the difference between the amount of the Project Assistance contemplated by this Agreement and the amount of the Project Assistance actually paid by the City to the Park District and expended by the Park District on the Project.

SECTION 3. TERM, CONVEYANCE AND RIGHTS OF ENTRY.

3.1 The term of this Agreement shall commence on the Closing Date and shall expire on the date on which the Central West Redevelopment Project Area is no longer in effect, or on the date of termination of this Agreement according to its terms, whichever occurs first.

3.2 The Park District shall complete the construction and development of the Project within three (3) years following the Closing Date. Upon the completion of the construction and development of the Project and the issuance of a NFR relating to the Property from the IEPA, obtained by the City and recorded to the Property deed, the City shall convey the Property to the Park District by quitclaim deed for the sum of One Dollar (\$1.00). The City shall prepare all necessary transfer documents and cause the conveyance of the parcels agreed to be transferred to the Park District. The Property closing shall take place on such date and at such place as the parties may mutually agree to in writing, but in no event earlier than the Closing Date.

3.3 Without limiting the generality of the quitclaim nature of the City's deed, all such conveyances and title shall, in addition to the provisions of this Agreement, be subject to:

1. The Redevelopment Project and Plan for the Central West Redevelopment Project Area;
2. The standard exceptions in an ALTA title insurance policy;
3. General real estate taxes;
4. Special assessments or other taxes, if any;
5. All Easements, encroachments, covenants and restrictions of record and not shown of record;
6. Any liens thereon;
7. Such other title defects as may exist; and
8. Any and all exceptions caused by the acts of the Park District or its agents.

3.4 Subject to the terms and conditions set forth herein, the City hereby grants to the Park District an irrevocable right of entry to the Property for the sole purpose of allowing the Park District to commence, manage, perform, and, after completion, but before conveyance of the Property from the City to the Park District, maintain the Project pursuant to this Agreement. The right of entry granted hereunder extends to, and the Park District shall be responsible for, its agents, employees, contractors, subcontractors and consultants. This right of entry is non-assignable. The Park District agrees to notify the City at least five (5) days prior to commencing the Project. The Park District further agrees to notify the City promptly upon completing the Project. As set forth in more detail in Section 5 hereof, the Park District shall require each of its contractors to provide the City evidence of the types and amounts of insurance as shall be determined by the City herein and to indemnify the City against all liabilities resulting from the commencement, management, performance, and, after completion, but before conveyance of the Property from the City to the Park District, maintenance of the Project.

3.5 The City shall use reasonable efforts to obtain the waiver or release of any delinquent real estate taxes or tax liens on the Property prior to the conveyance of the Property to the Park District, to the extent such taxes or tax liens can be waived or released through submission of an abatement letter to the Cook County Treasurer, a motion to vacate a tax sale or a petition for exemption, but shall have no further duties with respect to any such taxes.

Furthermore, the Park District shall be responsible for all taxes accruing on the Property after the conveyance of the Property.

SECTION 4. ENVIRONMENTAL MATTERS.

4.1. To date, the City has provided oversight of the removal of certain contaminated material from the Property.
