Any such modification shall be deemed a minor change in the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance. To promote these objectives, the Applicant and Affiliates agree to review with the Department of Planning and Development to determine if any features, materials or resources would be cost-effective to include as a part of the design, construction, and maintenance of the buildings and improvements on the Property. Cost-effectiveness shall be in the sole discretion of the Applicant and Affiliates. Provided funding is available as indicated below, this review process shall specifically include the use of computer modeling programs recommended by the Department of Planning and Development. The types of features, materials and resources that will be analyzed and considered during this process are enumerated on Exhibit 12. This listing is not intended to be exhaustive and other features, materials and resources may also be reviewed and evaluated. All features, materials or resources shall be evaluated in the context of the Home Energy Rating System. To the extent that design, construction and maintenance of any of these features materials or resources requires supplemental funding from the City or other funding sources, design, construction or maintenance shall be subject to the receipt of such funding.

18. The Applicant acknowledges and agrees that the rezoning of the Property in Subarea D that was the subject of the 2017 amendment (the "2017 Amendment Property") and the buildings proposed in Subareas B or D contemplated by this amendment (the "Subject Property") from Planned Development Number 896 to Planned Development Number 896, as amended, triggers the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10% of the housing units in the residential housing project (the "Required Units") as affordable units, or with the Commissioner's approval, provide the Required Units in an approved off-site location; (ii) pay a fee in lieu of the development of the Required Units; or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25% of the Required Units on-site or off-site. If the developer elects to provide affordable units off-site, the off-site affordable units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district.

The 2017 Amendment Property is located in a "higher income area" within the meaning of the ARO, and the project had a total of 73 units. As a result, the Applicant's affordable housing obligation is 7 affordable units (10% of 73 rounded down), 2 of which are Required Units (25% of 7, rounded up). Applicant agreed to satisfy its affordable housing obligation by providing 7 affordable units in the rental building to be constructed in the Planned Development. The Applicant agrees that the affordable rental units must be affordable to households earning no more than 60% of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated

annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development (“DPD”) for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in on the Subject Property, including, without limitation, excavation or foundation permits, the Applicant executed and recorded an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement was recorded against the 2017 Amendment Property and constituted a lien against such property.

The Subject Property is located in a “higher income area” within the meaning of the ARO, and the project has a total of 222 units. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development (“DPD”) for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in on the Subject Property, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/or execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property.

The Commissioner of DPD may enforce remedies for any breach of this Statement 18, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development. Notwithstanding the foregoing, if the Applicant receives Low-Income Housing Tax Credits, tax increment financing or other financial assistance whose affordability requirements exceed those of the Affordable Housing Ordinance from the City to develop affordable housing in any portion of the Planned Development, the regulatory, redevelopment, loan or other
