

City of Chicago

R2010-1389

Office of the City Clerk

Tracking Sheet

Meeting Date:	12/8/2010
Status:	Introduced
Sponsor(s):	Soils, Daniel
Type:	Resolution
Title:	Call for Committee on Economic, Capital and Technology Development to hold public hearings on establishment of information kiosks
Committee(s) Assignment:	Committee on Economic, Capital and Technology Development

RESOLUTION

WHEREAS, Chicago remains America's most livable big city because of our commitment to the timely delivery of municipal services; and

WHEREAS, the mission of Chicago's Department of Innovation and Technology is to enhance the delivery of City services through easy, reliable, cost-effective and secure access to information, and

WHEREAS, a technology company can create the next generation outreach by using the latest technology to create an easy to read navigation system by providing real time data with access to media and services with dynamic technology, in an information kiosk format.

WHEREAS, an information kiosk will increase citizen communication, help bridge the digital-divide, and simulate our local economy while helping the City enhance the delivery of services by promoting the advancement of information technology; and

WHEREAS, these information kiosks reduce Chicago's carbon footprint by utilizing energy star equipment and using recycled paper; and

WHEREAS, such information kiosks are equipped with a multi-language translator, ADA services, and will provide Chicagoans and visitors with information about NEWS, TRAFFICE, TRANSIT, WEATHER, ALERTS, COUPONS, RETAIL, CITY 311, CITY 911 and ENTERTAINMENT; and

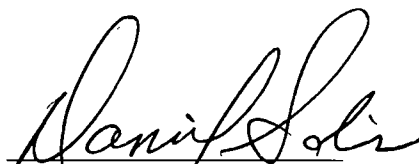

WHEREAS, the information kiosks have no financial burden on the City of Chicago, with private investors funding these kiosks through advertisement sales; and

WHEREAS, the information kiosks will benefit the City of Chicago, by creating a new revenue stream and by introducing, a new and innovative technology to reach across the City; and

WHEREAS, this equipment could provide underserved communities across Chicago with access to cutting edge technology, as kiosks will be placed throughout the City; now, therefore,

BE IT RESOLVED, that the Committee on Economic, Capital, and Technology Development hold public hearings to discuss the implementation of the information kiosks for a pilot program; and

BE IT FURTHER RESOLVED, that the Committee on Economic, Capital, and Technology Development invite Chief Information Officer Jason DeHaan, Commissioner of the Department of General Services Judy D. Martinez, any other knowledgeable representatives of the City of Chicago, and any industry participants, to testify on the merits and implementation of an information kiosk pilot program.

DANIEL S. SOLIS
Alderman, 25th Ward
