ORDINANCE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1. Section 4-4-285 of the Municipal Code of Chicago is hereby amended by deleting the language struck through, and inserting the language underscored, as follows:

4-4-285 Public safety threat – Summary closure – When authorized.

(Omitted text is unaffected by this ordinance)

(c) Summary closure order – Lifting of summary closure order – When authorized. If the Superintendent determines that an establishment presents a public safety threat, the Superintendent may abate the threat by ordering the summary closure of the establishment. Except as otherwise provided in this subsection (c), such order shall remain in effect for an aggregate period of six months as measured from the date on which the public safety threat occurred. Provided, however, that any summary closure order issued by the Superintendent shall be lifted by the Commissioner, and the establishment shall be allowed to reopen, if (1) it is determined at a probable cause hearing or nuisance abatement hearing that a public safety threat did not occur, or (2) it is determined at a nuisance abatement hearing that continued operation of the establishment no longer presents a danger to the public, as may be evidenced by the submission and timely implementation of an acceptable nuisance abatement plan. Provided further, that no summary closure order shall be lifted by the Commissioner if the establishment is not properly licensed as required by law.

(Omitted text is unaffected by this ordinance)

(f) Nuisance abatement hearing. At any time during the interim period prior to expiration of the aggregate six month period, the licensee/owner may seek to have the summary closure order lifted by the Commissioner by: (1) requesting, in writing, a nuisance abatement hearing under this subsection, and (2) showing, at such hearing, that there is reasonable cause to believe that continued operation of the establishment no longer presents a danger to the public, as may be evidenced by the submission and timely implementation of an acceptable nuisance abatement plan. At such hearing, the licensee/owner may also contest whether a public safety threat occurred at the establishment unless it was previously determined at a probable cause hearing that such public safety threat did occur.

Within five business days of receipt of a written request for a nuisance abatement hearing, the Commissioner shall commence such hearing. The decision and order of the Commissioner shall be announced no later than three business days after the nuisance abatement hearing is completed. If, after the nuisance abatement hearing, the Commissioner determines, by a preponderance of the evidence, that a public safety threat did occur and that continued operation of the establishment presents a danger to the public, the Commissioner shall enter an order authorizing continued closure of the establishment during the interim period prior to expiration of the aggregate six month period. If, after the nuisance abatement hearing, the Commissioner determines, by a preponderance of the evidence, that a public safety threat did not occur or that continued operation of the establishment no longer presents a danger to the public, as may be evidenced by the submission and timely implementation of an acceptable nuisance abatement plan, the Commissioner shall enter an order lifting the summary closure order, in which case the establishment shall be allowed to reopen prior to expiration of the aggregate six month period.

Within 30 days after a nuisance abatement plan is approved by Commissioner, or within such shorter time-period as may be specified in the applicable nuisance abatement plan, the licensee/owner shall fully implement such nuisance abatement plan. If the licensee/owner fails to fully and timely implement an acceptable nuisance abatement plan, the Superintendent shall reinstate the summary closure order in accordance with the notice and hearing requirements of this section. In such case, the establishment shall remain closed for an additional aggregate period of six months, as measured from the date that the City acquired knowledge of the licensee's failure to timely implement such nuisance abatement plan or any part thereof, unless it is determined at a probable cause hearing or nuisance abatement hearing that the licensee/owner was in full compliance with the nuisance abatement plan and all parts thereof or that another violent offense did not occur at the establishment, as applicable.

If, at any time after an acceptable nuisance abatement plan is implemented at the establishment governed by such plan, the licensee/owner fails to comply with the plan or any part thereof or another violent offense occurs at the establishment, the Superintendent ~~may~~shall reinstate the summary closure order in accordance with the notice and hearing requirements of this section. In such case, the establishment shall remain closed for an additional aggregate period of six months, as measured from the date that the City acquired knowledge of the licensee's noncompliance with the nuisance abatement plan or any part thereof or from the date of the occurrence of another violent offense, as applicable, unless: (i) it is determined at a probable cause hearing or nuisance abatement hearing that the licensee/owner was in full compliance with the nuisance abatement plan and all parts thereof or that another violent offense did not occur at the establishment, as applicable; or (ii) it is determined at a nuisance abatement hearing that continued operation of the establishment does not present a danger to the public, as may be evidenced by the submission of a modified nuisance abatement plan, approved by the Commissioner and implemented by the owner/licensee, containing new or additional reasonable and warranted measures capable of abating a nuisance under this section.

(Omitted text is unaffected by this ordinance)

(o) Failure to comply with approved nuisance abatement plan. It shall be unlawful for any person to fail to comply with any nuisance abatement plan or part thereof approved or subsequently modified under subsection (f), or to fail to timely implement any such nuisance abatement plan. In addition to any other penalty provided by law, which may include license suspension or revocation, any person who violates this subsection shall be fined not less than \$1,000.00 nor more than \$10,000.00 for each offense. Each day that a violation continues shall constitute a separate and distinct offense.

SECTION 2. Section 4-4-313 of the Municipal Code of Chicago is hereby amended by deleting the language struck through, and inserting the language underscored, as follows:

4-4-313 Businesses that are or cause a nuisance.

or closed for business, within 30 days of when the licensee knows or reasonably should have known that such objectionable conditions exist or are occurring. The licenses of any business that is or creates a nuisance under clause (i) of this subsection (a) shall be subject to suspension or revocation pursuant to Section 4-4-280. The licenses of any business that is or creates a nuisance under clause (ii) of this subsection (a) shall be subject to suspension or revocation pursuant to the procedures set forth in subsection (b) of this section.

The commissioner may notify the licensee to appear before the commissioner, in the presence of the complaining persons when the commissioner considers such presence appropriate, to define, discuss and seek resolution of problems giving rise to the complaint. The commissioner may also order subsequent meetings to review progress toward resolution of the problems. A meeting may also be convened at the request of the commissioner or the alderman of the ward in which the licensed premises is located.

The progress made in resolving the problems identified in the complaint and meeting process shall be considered in any proceeding to suspend or revoke a license under this section.

Notwithstanding anything in this Section to the contrary, in the event that the commissioner receives a complaint under this subsection (b) related to a licensee who is subject to remedial measures, the commissioner shall, within five business days, review such complaint to determine if the complained of objectionable conditions are subject to such remedial measures. If the complained of objectionable conditions are subject to such remedial measures, the commissioner shall not schedule any meeting under this subsection (b), and shall immediately commence the applicable license disciplinary procedures to remedy such objectionable conditions.

(2) After the commissioner determines that the complaint and meeting process has been completed or the licensee has failed to submit a plan of corrective action pursuant to subsection (d), the commissioner may institute a hearing based upon his reasonable belief that the operation of the business is a public nuisance. Notice of a hearing scheduled under this section shall be given to the alderman of the ward in which the licensed premises is located. At the conclusion of the hearing, if the commissioner determines by a preponderance of the evidence that the operation of the licensee's business is a public nuisance because the licensee has failed to timely take reasonable steps to correct objectionable conditions occurring on the licensed premises or adjacent property, the commissioner shall enter an order suspending or revoking the applicable license.

(Omitted text is unaffected by this ordinance)

(c) As part of an order of suspension issued by the commissioner, the commissioner may impose conditions upon the future operation of the licensed business that are useful or necessary to mitigate the public nuisance, including, but not limited to: providing security personnel, restricted hours of operation, providing outdoor lighting, the display of signs, providing trash pickup services or any other reasonable restrictions on business practices until the commissioner concludes that the conditions which gave rise to the public nuisance are abated. Any such conditions imposed on the future operation of the licensed business under this subsection (c) shall be memorialized in writing and be implemented by the licensee prior to resuming business following such order of suspension. Any licensee who fails to comply with or implement such conditions prior to resuming business shall be fined not less than \$200.00 nor more than \$1,000.00, or have their license suspended or revoked for the first violation. For any subsequent violation, the license shall be revoked. Each day that such violation exists shall constitute a separate and distinct offense.

(d) (1) Notwithstanding subsection (b), at any time prior to the initiation of proceedings to revoke or suspend a license under this section, if the commissioner determines that a business meets the criteria for a public nuisance under subsection (a), the commissioner may notify the licensee of his determination. Upon such notification, the commissioner may request the licensee to submit a plan of corrective action that provides reasonable assurance that the operation of the business will not cause, or continue to cause, a public nuisance. Subject to the approval by the commissioner, the plan shall include a mandatory timeline for the implementation of the plan of corrective action not to exceed 30 days, and may include conditions upon the licensee's operation of the premises that are useful or necessary to mitigate the public nuisance, including, but not limited to: providing security personnel, restricted hours of operation, providing outdoor lighting, the display of signs, providing trash pickup services or any other reasonable restrictions on business practices.

(Omitted text is unaffected by this ordinance)
