- Even though the standing zone is placed adjacent to your business, vehicles standing in the zone for the allotted time are not obligated to patronize your business.

### CERTIFICATION

---

To be completed by business owner/manager:

I hereby certify that all statements made as part of this application and my attachments herein, are true to the best of my knowledge and belief. I also understand that a standing/loading zone ordinance is introduced to the City Council at the discretion of 32nd Ward Alderman Scott Waguespack - submission of this application does not guarantee the granting of a standing/loading zone. The analysis of this application will weigh the benefits of placing the zone adjacent to my business versus the disadvantages of the reduction of available street parking in the area. I acknowledge that the issuance of a standing/loading zone is a privilege granted by the City of Chicago and not a right of my business ownership - the curb lane is and shall remain the property of the City. I agree to accept the decision of the Alderman to partially or fully accept, or deny my application.

Furthermore, I agree to follow all applicable laws as outlined by the Municipal Code of the City of Chicago, and requirements as put forth in this application and by the Committee on Traffic Control and Safety, the Department of Transportation, and the Department of Revenue. I also understand that the standing/loading zone may be removed at the Alderman's discretion or at the urging of any City Department.

Alderman Scott Waguespack:

My name is Angela Johnson and I am the Executive Director of CHALK Preschool. Myself and the owner Doug Oleff have come in on a few occasions to talk about the parking situation located at one of our schools located at 1425 N. Dayton. CHALK Preschool is a half day preschool where we serve children ages 2-5 years old. We are applying for a 15 minute standing zone for the morning hours of 8:15-12:30 in front of the Preschool. We currently have a standing zone but do find since we are the only business that has a standing zone from 8:30-4:30 we have many other people also using the area which makes it difficult at the drop off and pick up times. We are in the same building as Tomato Head as well as Pump it Up and there are many other businesses in the area that also use the standing zone. With the increase of the additional 3 spots in the morning hours I feel that it will help cut down the congestion on Dayton and illegal parking and also help keep our families safe.

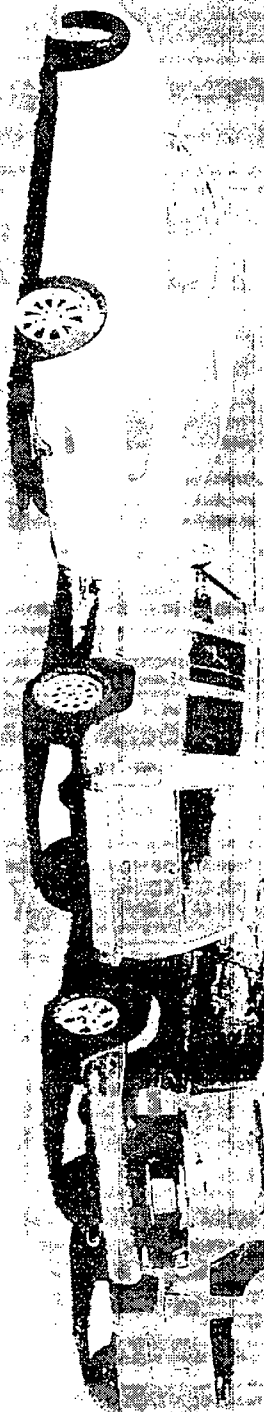

Please let me know if there is any other information you need.

Thanks,

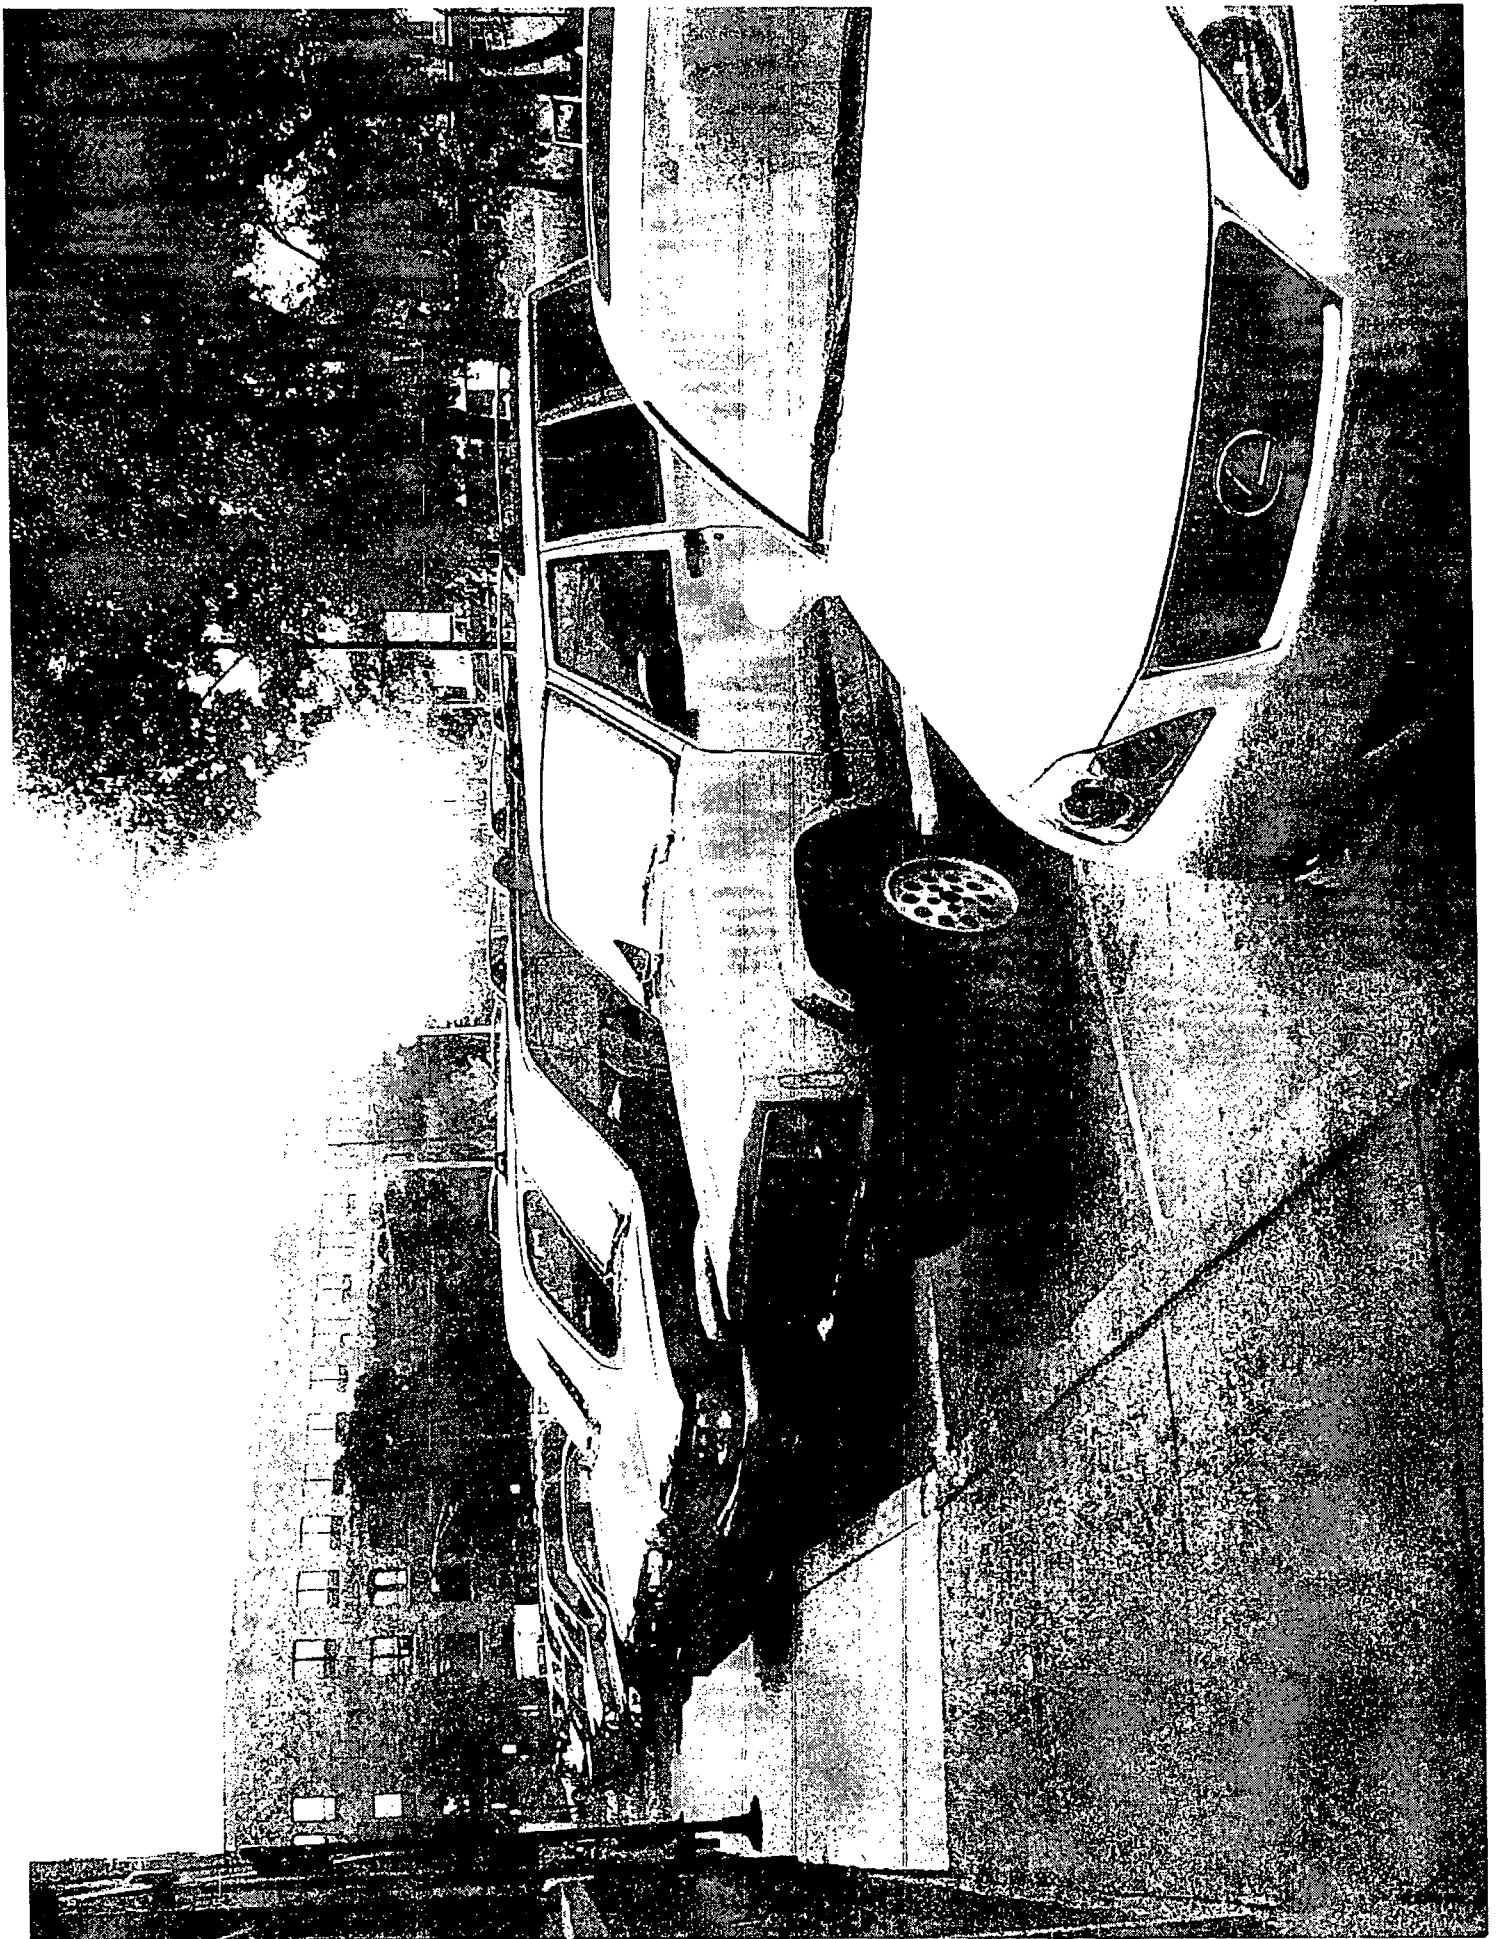

Angela Johnson
