3224 South Throop Development Description

The property is improved with an existing one story manufacturing building almost covering the entire lot, which lot is 3,224 square feet. The proposed development is to renovate the existing building into a single family detached residence. There will be no change in the footprint of the building or the height of the building as currently constructed.

The Floor Area Ratio will be slightly under 1.0; the use will be a single family detached home; there will be no setbacks as the existing structure covers virtually the entire lot; and there will be two parking spaces provided.
