TO THE HONORABLE, THE CITY COUNCIL
OF THE CITY OF CHICAGO

Ladies and Gentlemen:

At the request of the Commissioner of Planning and Development, I transmit herewith an ordinance authorizing an amendment to a previously passed land sale, with 108 N. State Owner LLC.

Your favorable consideration of this ordinance will be appreciated.

Very truly yours,

Mayor

ORDINANCE

WHEREAS, pursuant to an ordinance adopted by the City Council (the "City Council") of the City of Chicago (the "City") on May 11, 2005, and published at pages 46678 through 46787 in the Journal of the Proceedings of the City Council of such date, the City entered into that certain 108 North State Street Redevelopment Agreement dated as of October 15, 2005, and recorded in the Office of the Recorder of Deeds of Cook County, Illinois (the "Recorder's Office") on November 14, 2005, as Document No. 0531834078 (together with certain ancillary agreements and amendments, the "Block 37 Redevelopment Agreement"); and

WHEREAS, pursuant to the Block 37 Redevelopment Agreement, the City conveyed its interest in the real property bounded by North State Street on the east, West Randolph Street on the north, North Dearborn Street on the west, and West Washington Street on the south ("Block 37"), to an original group of developer parties affiliated with The Mills Corporation (the "Original Mills Developer Parties") for the construction of a mixed-use project; and

WHEREAS, the proposed redevelopment of Block 37 consisted of three components: (i) a commercial base building (the "Commercial Base Building") and office tower ("Office Tower") at the corner of North Dearborn Street and West Washington Street; (ii) a four-story retail base building (the "Retail Base Building") adjacent to and connected with the Commercial Base Building; and (iii) certain below-grade improvements, including an underground parking garage, loading dock and pedway; and

WHEREAS, the Block 37 Redevelopment Agreement also contemplated, though did not require, the future construction of a hotel within the air rights above the Retail Base Building at the corner of North Dearborn Street and West Randolph Street and a residential building within the air rights above the Retail Base Building at the corner of North State Street and West Randolph Street (such air rights, the "Air Rights Properties"); and

WHEREAS, after commencing construction of the redevelopment project, the Original Mills Developer Parties sold the Commercial Base Building and the Office Project to another developer (the "Golub Office Developer"); and

WHEREAS, the Golub Office Developer successfully completed the Commercial Base Building (which is now occupied by CBS) and the Office Project (which is now occupied by Morningstar); and

WHEREAS, after experiencing financial difficulties in 2007, the Original Mills Developer Parties sold their remaining interest in the Block 37 redevelopment to another group of developers (the "Freed Developer Parties"); and

WHEREAS, the Freed Developer Parties continued to construct the Retail Base Building, but eventually experienced financial difficulties as well; and

WHEREAS, in 2009, Bank of America, N.A., as agent for a multi-party bank group, filed to foreclose the mortgage loan secured by the Retail Base Building and underlying land (the "Retail Property"), and later acquired title to such property; and

WHEREAS, in 2010, US Bank filed to foreclose a separate mortgage loan secured by the Air Rights Properties, and later acquired title to such air rights; and

WHEREAS, in April 2012, 108 North State Street (Chicago) Owner LLC, a Delaware limited liability company ("Retail Owner"), acquired the Retail Property from Bank of America, and the City and Retail Owner executed that certain Consent to and Assumption of 108 North State Street Redevelopment Agreement dated as of April 5, 2012, in connection therewith (the "Retail Consent"); and

WHEREAS, in September 2012, North State Street Air Rights (Chicago) Owner, LLC, a Delaware limited liability company ("Air Rights Owner"), acquired the Air Rights Properties from US Bank, and the City and Air Rights Owner executed that certain Consent to Assignment and Assumption of 108 North State Street Redevelopment Agreement dated September 27, 2012, in connection therewith (the "Air Rights Consent"); and

WHEREAS, the Retail Owner and the Air Rights Owner are affiliates of CIM Group, LP, a California limited partnership, and are collectively referred to herein as the "Owners"; and

WHEREAS, the Retail Base Building, including the pedway located therein, has been open to the public since 2009 and, except for construction of a green roof, is substantially complete; and

WHEREAS, the Air Rights Owner is interested in developing the Air Rights Properties, and has received site plan approval from the Department of Planning and Development ("DPD") pursuant to Residential Business Planned Development No. 489, as amended, to construct a 38-story residential building with approximately 690 dwelling units above the Retail Base Building; and

WHEREAS, DPD's site plan approval letter for the proposed residential tower is attached hereto as Exhibit A; and

WHEREAS, the City and the Owners have agreed to enter into a Third Amendment to the Block 37 Redevelopment Agreement in order to confirm the Owners' obligations under such agreement, resolve ambiguities regarding the application of certain provisions given the foreclosures and changes in ownership, and set forth certain additional agreements of the parties that will facilitate the financing, development and operation of the Retail Base Building and the Air Rights Properties; and

WHEREAS, the City is a home rule unit of government by virtue of the provisions of the Constitution of the State of Illinois of 1970, and as such, may exercise any power and perform any function pertaining to its government and affairs; ***now, therefore,***

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1. The foregoing recitals are hereby adopted as the findings of the City Council.

SECTION 2. The Commissioner of DPD (the "Commissioner") or a designee of the Commissioner is each hereby authorized, with the approval of the City's Corporation Counsel as to form and legality, to negotiate, execute and record a Third Amendment to the Block 37 Redevelopment Agreement in substantially the form attached hereto as Exhibit B (the "Third Amendment"), and such other supporting documents as may be necessary or appropriate to carry out and comply with the provisions of the Third Amendment, with such changes, deletions and insertions as shall be approved by the persons executing the Third Amendment.

SECTION 3. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the other provisions of this ordinance.

SECTION 4. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.

SECTION 5. This ordinance shall take effect immediately upon its passage and approval.

RE: Site Plan Approval for Residential Business Planned Development No. 489, Block 37,
125 East Randolph Street/108 North State Street

Dear Ms. Georges:

Please be advised that your request on behalf of the owner of the property, CIM Group, LP ("Owner"), for site plan approval has been considered by the Department of Planning and Development. The Owner seeks to satisfy Statement No. 9 of Residential Business Planned Development No. 489 ("PD 489") as amended. They are seeking site plan approval for the construction of a 38-story, 436'-5" tall tower with 690 dwelling units above the existing four-story retail building at 125 W. Randolph Street and 108 N. State Street. The Department notes that the height of the building as proposed complies with the height restrictions as shown in the WLS-TV Block 37 exhibit that is part of the planned development ordinance.

We also note that the planned development originally allowed a maximum of 400 dwelling units and a maximum of 500 hotel keys. However, a footnote in the 2007 amendment to the PD, allowed the maximum number of residential units to increase as long as there was a corresponding decrease in hotel units. Likewise, hotel keys could be increased as long as there was a corresponding decrease in residential units. For this site plan approval, the applicant has chosen to increase the dwelling units to 690, thus out of a total of 900 total units and keys in the PD, 690 residential units have been allocated, leaving 210 hotel keys still permissible on the property. The applicant also proposes to consolidate the dwelling units into one tower, where the original PD contemplated two towers—one with hotel keys, one residential.

No new parking spaces will be provided; however, there are currently 439 parking spaces (338 marked, 99 valet, and 2 Zipcar spaces) located on three levels beneath the existing retail base.

PD 489 requires a minimum of 300 parking spaces and the 439 existing spaces will be shared by the retail users and proposed residential apartment users. The applicant has committed to providing 150 parking spaces for the residential dwelling units. The Department took into consideration that the project sits on top of two CTA transit stations—the Washington/Dearborn Station on the Blue Line and the Washington/State Street Station on the Red Line in determining the required parking for the residential use. The project will provide 328 bike parking spaces with the ability to expand should the need for more bike storage arise.

The proposed residential tower will contain 757,862 square feet of floor area, which is in addition to the existing retail and office buildings on the property that contain 831,388 square feet of floor area, according to the Department's Part II documents. Therefore, at the completion of this phase of construction, a total of 1,589,250 square feet of floor area will be used for a total of 13.29 FAR out of the 20.0 FAR available under the planned development.

The Department's previous Part IIs for this project note that the underground parking bonuses, underground loading bonus and through-block connection bonus have been built and therefore, based on the bonus amounts allowed in the planned development, the bonus points have been awarded for a total of the maximum total permitted of 20.0 FAR on the property. With the addition of this project, they are not technically using any of that bonus floor area as with a 13.29 FAR total; the project has not technically even reached the base zoning of a 16.0 yet. If any entity wishes to use the remaining development rights, however, the Department notes that all of the bonus floor area available in the planned development has been awarded, thus the upper level setback and green roof bonuses are no longer available to the project and any future project will need to use the remaining FAR in the current planned development ordinance up to 20.0 or amend the planned development and add bonus floor area as it may qualify for it under the Chicago Zoning Ordinance at the time of application.

The north (Randolph St.) elevation of the proposed building will extend over the property line at various points, however, at no point will it extend as far over the property line as the existing building. The property owner purchased the air rights along Randolph St. prior to the construction of the existing retail building as evidenced by the survey submitted with this site plan approval request.

Pursuant to Statement 15 of Planned Development Number 489, the project is choosing to be LEED certified to meet the sustainability requirements in the PD, which offered a choice of either LEED certification or the installation of a green roof. However, the applicant is also adding a green roof pursuant to the exhibit called out below in order to gain points for their LEED certification. The Department thus acknowledges that as currently planned, the project would satisfy Statement 15 of the planned development.

We have reviewed the information submitted and determined that it meets the requirements of Statement No. 9. Accordingly, pursuant to the authority granted by the Chicago Zoning Ordinance and PD 489, I hereby approve this site plan. The following drawings, prepared by Solomon Cordwell Buenz, and dated June 26, 2014 (unless otherwise noted below,) are hereby made part of the site plan approval:

THIRD AMENDMENT TO REDEVELOPMENT AGREEMENT

(ATTACHED)

**THIRD AMENDMENT TO
108 NORTH STATE STREET
REDEVELOPMENT AGREEMENT**

(Above Space for Recorder's Use Only)

This Third Amendment to 108 North State Street Redevelopment Agreement ("Third Amendment") is made as of _____, 2014, by and between the City of Chicago, an Illinois municipal corporation and home rule unit of government (the "City"), acting by and through its Department of Planning and Development ("DPD"), 108 North State Street (Chicago) Owner LLC, a Delaware limited liability company ("Retail Owner"), and North State Street Air Rights (Chicago) Owner, LLC, a Delaware limited liability company ("Air Rights Owner" and together with Retail Owner, the "Owners").

RECITALS

A. Capitalized terms not otherwise defined in Exhibit A or elsewhere in this Third Amendment shall have the meanings given to such terms in the 2005 Redevelopment Agreement and the Assumption Agreement (taking into account the principles of construction set forth in Section 2 of the Assumption Agreement).

B. The 2005 Redevelopment Agreement required the Original Developer Parties to construct the Phase I Project described therein, which generally consisted of three components: (i) construction of the CBS Base Building and Office Project; (ii) construction of the retail/entertainment Base Building; and (iii) construction of certain Below Grade Improvements. Although not contractually required, the 2005 Redevelopment Agreement also contemplated the future construction of a hotel project on the Northwest Pad and a residential project on the Northeast Pad.

C. The closing under the 2005 Redevelopment Agreement occurred in November 2005 and the Original Developer Parties thereafter began to construct the Phase I Project. In October 2006, the Original Developer Parties sold the first component of the Phase I Project – the CBS Base Building and Office Project – to the Golub Office Developer. The Golub Office Developer successfully completed the CBS Base Building (which is now occupied by CBS) and the Office Project (which is now occupied by Morningstar), as well as certain related streetscape improvements.

D. In 2007, the parent company of the Original Developer Parties, The Mills Corporation, experienced financial difficulties and was acquired by Simon Property Group, Inc. Such financial difficulties and acquisition led the Original Developer Parties to sell their interest in the remaining two Phase I Project components and the Air Rights APC Properties to the Freed Developer Parties.

E. After 2007, the Freed Developer Parties continued to construct the second component of the Phase I Project – the retail/entertainment Base Building – but the Freed companies eventually experienced financial difficulties as well.

F. In 2009, BOA, as agent for a multi-party bank group, filed to foreclose the mortgage loan such lenders had made to the Freed Developer Parties (or certain of such parties), which mortgage loan was secured by the Retail Property.

G. In 2011, BOA, through its affiliate, North State Street Retail Syndicated Holdings, LLC, an Illinois limited liability company, acquired title to the Retail Property pursuant to that certain sheriff's deed dated April 27, 2011, and recorded on April 28, 2011, in the Recorder's Office as Document No. 111829061.

H. In 2009, US Bank filed to foreclose the separate mortgage loan that it had made to the Freed Developer Parties (or certain of such parties), which mortgage loan was secured by the Air Rights APC Properties. In 2011, US Bank, through its affiliate, acquired title to the Air Rights APC Properties pursuant to that certain Judicial Sale Deed dated August 25, 2011, and recorded on September 20, 2011, in the Recorder's Office as Document No. 1126322003.

I. In April 2012, Retail Owner acquired the Retail Property from BOA by Quitclaim Deed recorded as Document No. 1210118078, and the City and Retail Owner executed a Consent and Assumption in connection therewith (the "Retail Consent").

J. In September 2012, Air Rights Owner acquired the Air Rights APC Properties from US Bank by Quitclaim Deed recorded as Document No. [____], and the City and Air Rights Owner executed a Consent and Assumption in connection therewith (the "Air Rights Consent").

K. The Retail Property, including the pedway located therein, has been open to the public since 2009 and, except for construction of a required green roof, is Substantially Complete.

L. The changes in ownership and defaults described in the foregoing recitals have, among other things, previously resulted in the severance of ownership between the Retail Property and the Air Rights APC Properties, prevented the issuance of a Phase I Project Certificate, and raised questions as to the current applicability of certain Redevelopment Agreement provisions in light of such changed circumstances. Because of such events, and because the Owners have now once again consolidated ownership of the Retail Property and the Air Rights APC Properties in affiliated entities, the City and the Owners have agreed to enter into this Third Amendment to further amend the Redevelopment Agreement in order to confirm the Owners' obligations under the Redevelopment Agreement and to set forth certain additional

agreements of the parties that will facilitate the Owners' financing and development of the Retail Property and the Air Rights APC Properties.

M. The City Council, pursuant to an ordinance adopted on _____, 2014, and published at pages _____ through _____ in the Journal of such date, authorized the execution of this Third Amendment.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Incorporation of Recitals; Defined Terms.** The foregoing recitals are hereby incorporated into this Third Amendment by reference and constitute a material part of this Third Amendment.

2. **City Approval.** Notwithstanding anything to the contrary contained in the Redevelopment Agreement, whenever either Owner is obligated under Sections 3.03, 3.04, 3.07A, 3.09, 6.01 or 6.02 of the Redevelopment Agreement to obtain the City's approval of any matter (including, without limitation, the APC Project Budget, the APC P&S, the APC G/C or any Change Order), the City shall have ten (10) business days from receipt of a written request for approval, together with any applicable documents, to approve or disapprove the same (with a brief written explanation given of any disapproval). If the City does not respond to such Owner's request within such 10-day period, the City shall be deemed to have approved the request.

3. **Public Benefit Payment.** Section 8.19 and Exhibit L of the 2005 Redevelopment Agreement obligate Retail Owner to make public benefit payments in the amount of \$525,000 in three installments to support organizations, groups and programs listed on Exhibit L. The first two installments representing 50% of the amount due have been paid. The final installment for the remaining 50%, or \$262,500, remains due and payable. The 2005 Redevelopment Agreement is hereby amended to provide that Retail Owner shall make the final installment payment in the amount of \$262,500 to the City simultaneously with the execution of this Third Amendment to fund public improvements in the Central Business District, as determined by the Commissioner of DPD in the Commissioner's sole discretion.

4. **Approved Tenants Leasing Covenant.** Section 8.20 of the Redevelopment Agreement and Exhibit E to the Redevelopment Agreement are hereby deleted in their entirety.

5. **Section 10 Close-Out.** During the pendency of the BOA foreclosure proceeding, and during BOA's period of ownership of the Retail Property, BOA, through its property manager, submitted to the monitoring and compliance unit of DHED such available records as BOA was able to obtain from the Original Developer Parties and the Freed Developer Parties with respect to such parties' performance of the Section 10 employment obligations applicable to the Phase I Project. Retail Owner has also cooperated in making all such records available to the City. However, because the Original Developer Parties and the Freed Developer Parties did not maintain sufficient records to establish compliance with the Section 10 obligations, the City is unable to establish such compliance, which is a condition precedent to the issuance of a Phase I Project Certificate under the Redevelopment Agreement. The City has previously retained Three Hundred Seventy-Five Thousand and No/100 Dollars

(\$375,000) of the Five Hundred Thousand Dollar (\$500,000) Performance Deposit originally deposited under the Redevelopment Agreement as damages for such Section 10 default. Retail Owner, in the Retail Consent, has waived any claim to the recovery of such portion of the Performance Deposit, which would otherwise have been refunded to Retail Owner upon the issuance of a Phase I Project Certificate. Additionally, Retail Owner now agrees that the City shall be entitled to retain the remaining One Hundred Twenty-Five Thousand Dollars (\$125,000) of such Performance Deposit as damages for such Section 10 default, and that, notwithstanding Section 7.02 of the 2005 Redevelopment Agreement, no such amount shall be refunded upon the issuance of the final APC Certificate. Based on the foregoing damage payments to the City, the City agrees to issue the Phase I Project Certificate notwithstanding the inability of the Owners' to establish the prior developers' compliance with their Section 10 obligations with respect to the Base Building project, subject to the satisfaction of the other conditions precedent to the issuance of such Phase I Project Certificate.

6. **Green Roof Requirement.** Section 7.01(a) of the Redevelopment Agreement requires Retail Owner as current Developer of the Phase I Project to complete construction of a green roof on the Base Building prior to the issuance of a Phase I Project Certificate (the "Green Roof Requirement"). Air Rights Owner has acquired the Air Rights APC Properties and intends to develop the air rights parcels. Owners' have indicated that the roof of the Base Building will serve as a construction staging area for the development. The City and Owners agree that it would be wasteful to install a green roof in an area to be covered with concrete and used for construction staging. In order to facilitate the development of the Air Rights APC Properties, the City has agreed to amend the Green Roof Requirement as follows:

Retail Owner shall commence construction of the green roof in accordance with the plan attached hereto as Exhibit D (the "Approved Green Roof Plan"), or another plan approved by the City in its reasonable discretion, promptly following Substantial Completion of the APC Properties and shall complete the work in a diligent manner. Air Rights Owner understands and agrees that the City will not issue an APC Certificate of Completion pursuant to Section 7.01(a) of the Redevelopment Agreement until Retail Owner has completed the green roof on the Base Building and Air Rights Owner has also satisfied the green roof and LEED certification obligations specifically applicable to the APC Properties.

7. **APC Purchase Price Payment.** Air Rights Owner has elected to self-develop the Air Rights APC Properties, thereby triggering Air Rights Owner's obligation to make an APC Purchase Price Payment to the City. Pursuant to Section 8.21 of the Redevelopment Agreement, as amended, the maximum APC Purchase Price Payment for both pads (the Northeast Pad at State & Randolph and the Northwest Pad at Dearborn & Randolph) is \$1.5 million. The formula for calculating the APC Purchase Price Payment for each pad is set forth below, and is based upon the value of the APC Air Rights Properties. The Redevelopment Agreement permits the parties to mutually agree upon such value or to obtain an independent thirty-party appraisal of the value. In consideration of the City's agreement to modify the Redevelopment Agreement as set forth herein, and in order to expedite the calculation of the payment due, Air Rights Owner has agreed to waive the option of obtaining an appraisal and, in lieu thereof, has agreed to make a payment to the City in the amount of \$737,500 (the "APC Funds") in full satisfaction of its APC Purchase Price Payment obligation. This amount translates to a value of approximately \$14.2 million for the air rights above both pads pursuant

to the formulas set forth below. Air Rights Owner has placed the APC Funds in escrow with the City and agrees that such amount shall be released to the City without further action upon the City's execution of this Third Amendment and the issuance of a Certificate of Completion to Retail Owner for Phase I.

<u>Location</u>	<u>Formula</u>
Northeast Pad:	Value of APC (appraised or agreed) - <u>\$7,554,468</u> (Allocable Infrastructure Cost Amount) = Net Transfer Proceeds × 27.5% (on first \$9M)
Northwest Pad:	Value of APC (appraised or agreed) - <u>\$3,923,274</u> (Allocable Infrastructure Cost Amount) = Net Transfer Proceeds × 27.5% (on first \$8M)

8. **Business Relationships.** Each Owner acknowledges (a) receipt of a copy of Section 2-156-030 (b) of the Municipal Code of Chicago, (b) that it has read such provision and understands that pursuant to such Section 2-156-030 (b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (c) notwithstanding anything to the contrary contained in the Redevelopment Agreement, that a violation of Section 2-156-030 (b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by the Redevelopment Agreement shall be grounds for termination of the Redevelopment Agreement and the transactions contemplated hereby. Each Owner hereby represents and warrants that no violation of Section 2-156-030 (b) has occurred with respect to the Redevelopment Agreement or the transactions contemplated hereby as a result of any actions by such Owner or its affiliates.

9. **Patriot Act Certification.** Each Owner represents and warrants that neither it nor any Affiliate (as hereafter defined) thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable Laws: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. As used in this Section 4.B, an "Affiliate" shall be deemed to be a person or entity related to such Owner that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with such Owner, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

10. **Mayoral Executive Order 2011-4.**

Each Owner agrees that neither it nor any person or entity who directly or indirectly has an ownership or beneficial interest in such Owner of more than 7.5 percent ("Entity Owners"), spouses and domestic partners of such Entity Owners, such Owner's contractors (i.e., any person or entity in direct contractual privity with such Owner regarding the subject matter of the Redevelopment Agreement) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (each such Owner and all the other preceding classes of persons and entities are together the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fundraising committee (a) after execution of this Third Amendment, (b) while the Redevelopment Agreement or any Other Contract (as hereinafter defined) is executory, (c) during the Term of the Agreement or any Other Contract, or (d) during any period while an extension of the Redevelopment Agreement or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to May 16, 2011, the effective date of Executive Order 2011-4.

Each Owner represents and warrants that from the later of (a) May 16, 2011, or (b) the date the City approached such Owner, or the date such Owner approached the City, as applicable, regarding the Redevelopment Agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Each Owner agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Each Owner agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 2011-4.

Notwithstanding anything to the contrary contained herein, Each agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this Section 4.C or violation of Mayoral Executive Order No. 2011-4 constitutes a breach and default under the Redevelopment Agreement with respect to such Owner, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under the Redevelopment Agreement with respect to such Owner, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If either Owner intentionally violates this provision or Mayoral Executive Order No. 2011-4 prior to the execution of this Third Amendment, the City may elect to decline to close the transaction contemplated by this Third Amendment.

For purposes of this provision:

(a) "Bundle" means to collect contributions from more than one source, which contributions are then delivered by one person to the Mayor or to his political fundraising committee.

(b) "Other Contract" means any other agreement with the City to which an Owner is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council.

(c) "Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

(d) Individuals are "domestic partners" if they satisfy the following criteria:

(i) they are each other's sole domestic partner, responsible for each other's common welfare; and

(ii) neither party is married; and

(iii) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(iv) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(v) two of the following four conditions exist for the partners:

(1) The partners have been residing together for at least 12 months.

(2) The partners have common or joint ownership of a residence.

(3) The partners have at least two of the following arrangements:

(A) joint ownership of a motor vehicle;

(B) joint credit account;

(C) a joint checking account;

(D) a lease for a residence identifying both domestic partners as tenants.

(4) Each partner identifies the other partner as a primary beneficiary in a will.

(e) "Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

11. **Failure to Maintain Eligibility to Do Business With the City.** Failure by an Owner or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of the Redevelopment Agreement with respect to such Owner and the transactions contemplated thereby. Each Owner shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

12. **Inspector General and Legislative Inspector General.** It is the duty of every officer, employee, department, agency, contractor, subcontractor, developer and licensee of the City, and every applicant for certification of eligibility for a City contract or program, to cooperate with the City's Legislative Inspector General and with the City's Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-55 and Chapter 2-56, respectively, of the Municipal Code of Chicago. Each Owner understands and will abide by all provisions of Chapters 2-55 and 2-56 of the Municipal Code of Chicago.

13. **2011 City Hiring Plan Prohibitions.**

(a) The City is subject to the June 24, 2011 "City of Chicago Hiring Plan" (the "2011 City Hiring Plan") entered in *Shakman v. Democratic Organization of Cook County*, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the 2011 City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(b) Each Owner is aware that City policy prohibits City employees from directing any individual to apply for a position with such Owner, either as an employee or as a subcontractor, and from directing such Owner to hire an individual as an employee or as a subcontractor. Accordingly, each Owner must follow its own hiring and contracting procedures, without being influenced by City employees. Any and all personnel provided by each Owner under this Agreement are employees or subcontractors of such Owner, not employees of the City of Chicago. This Agreement is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by such Owner.

(c) Each Owner will not condition, base, or knowingly prejudice or affect any term or aspect of the employment of any personnel provided under this Agreement, or offer employment to any individual to provide services under this Agreement, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Agreement, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(d) In the event of any communication to an Owner by a City employee or City official in violation of Section 13(b) above, or advocating a violation of Section 13(c)

above, such Owner will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("OIG Hiring Oversight"), and also to the Commissioner of DPD. Each Owner will also cooperate with any inquiries by OIG Hiring Oversight.

14. Full Force and Effect. Except as amended hereby, the terms and conditions of the Redevelopment Agreement are hereby ratified and confirmed and shall remain in full force and effect.

15. Conflict. In case of a conflict between the terms and conditions of the Redevelopment Agreement and this Third Amendment, the terms and conditions of this Third Amendment shall govern and control.

16. Counterparts. This Third Amendment may be executed in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

INDEPENDENT AUDITORS' REPORT

To the Shareholders of Morguard Corporation

We have audited the accompanying consolidated financial statements of Morguard Corporation, which comprise the consolidated balance sheets as at December 31, 2013 and 2012, and January 1, 2012 and the consolidated statements of income, comprehensive income, shareholders' equity and cash flows for the years ended December 31, 2013 and 2012, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Morguard Corporation as at December 31, 2013 and 2012, and January 1, 2012 and its financial performance and its cash flows for the years ended December 31, 2013 and 2012, in accordance with International Financial Reporting Standards.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2013 and 2012

(amounts in thousands of Canadian dollars, except share, units and per share amounts)

Note 1

Nature and Description of Company

Morguard Corporation (the "Company" or "Morguard") is a real estate investment and management corporation formed under the laws of Canada. Morguard's principal activities include property ownership, development and investment advisory services. Property ownership encompasses interests in multi-unit residential, commercial and hotel properties. The Company owns a diverse portfolio of properties in Canada and the United States. The Company's head office is located at 55 City Centre Drive, Suite 1000, Mississauga, Ontario, L5B 1M3.

Note 2

Significant Accounting Policies

Statement of Compliance

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

The consolidated financial statements were approved and authorized for issue by the Board of Directors on March 4, 2014.

Basis of Presentation

The Company's consolidated financial statements are prepared on a going concern basis and have been presented in Canadian dollars rounded to the nearest thousand unless otherwise indicated. The consolidated financial statements are prepared on a historical cost basis, except for real estate properties and certain financial instruments that are measured at fair value. The accounting policies set out below have been applied consistently to all periods presented in these consolidated financial statements, unless otherwise indicated.

Basis of Consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries, all of which are controlled by the Company. Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Company controls an investee if and only if the Company has power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee), exposure, or rights, to variable returns from its involvement with the investee, and the ability to use its power over the investee to affect its returns. The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Subsidiaries are fully consolidated from the date on which control is obtained by the Company. Subsidiaries are deconsolidated from the date that control ceases.

Although the Company owns less than 50% of Morguard North American Residential Real Estate Investment Trust ("Morguard Residential REIT"), it continues to consolidate its investment in Morguard Residential REIT on the basis of de facto control. See Note 5 for further discussion of this matter.

Non-controlling interests in the equity and the results of these subsidiaries are shown separately in equity in the consolidated balance sheets.

Investment in Morguard Real Estate Investment Trust ("Morguard REIT")

Entities that are not controlled but over which the Company has the ability to exercise significant influence are accounted for using the equity method. The Company accounts for its investment in Morguard REIT using the equity method.

The Company's investment in the convertible debentures issued by Morguard REIT has been presented as equity-accounted and other investments in the consolidated balance sheets.

Interests in Joint Arrangements

The Company reviews its interests in joint arrangements and accounts for those in which the Company is entitled only to the net assets as joint ventures using the equity method of accounting and for those joint arrangements in which the Company is entitled to its share of the assets and liabilities as joint operations and recognizes its rights to and obligations of the assets, liabilities, revenue and expenses of the joint operation.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2013 and 2012

(amounts in thousands of Canadian dollars, except share, units and per share amounts)

Real Estate Properties

Real estate properties include residential, retail and commercial properties held to earn rental income and for capital appreciation (income producing properties), hotel properties and properties or land that are being constructed or developed for future use as income producing properties.

Income Producing Properties

Income producing property that is acquired as an asset purchase and not as a business combination is recorded initially at cost, including transaction costs. Transaction costs include transfer taxes, professional fees for legal services and initial leasing commissions, of which transfer tax and legal fees represent the majority of the costs.

Subsequent to initial recognition, income producing properties are recorded at fair value. The changes in fair value each reporting period will be recorded in the consolidated statements of income. In order to avoid double counting, the carrying value of income producing properties includes straight-line rent receivable, tenant improvements, tenant incentives, capital expenditures and direct leasing costs since these amounts are incorporated in the appraised values of the real estate properties. Fair value is based on external and internal valuations using recognized valuation techniques, including the direct capitalization of income and discounted cash flow methods. Recent real estate transactions with characteristics and location similar to the Company's assets are also considered.

Tenant improvements include costs incurred to meet the Company's lease obligations and are classified as either tenant improvements owned by the landlord or tenant incentives. When the obligation is determined to be an improvement that benefits the landlord and is owned by the landlord, the improvement is accounted for as a capital expenditure and included in the carrying amount of income producing properties in the consolidated balance sheets.

Leasing costs include initial direct costs associated with leasing activities such as commissions. These costs are included in the carrying amount of income producing properties in the consolidated balance sheets.

Hotel Properties

The land and building components of the hotel properties are classified as real estate properties in the consolidated balance sheets to reflect their nature, which is to be held to earn cash flows and earn capital appreciation. Six of the Company's seven hotel properties are stated at cost and are amortized using the straight-line method over their estimated useful lives of 40 years, while the seventh hotel is classified as a property under development accounted for at fair value. The revenue and operating expenses of the seven hotel properties are included within net operating income in the consolidated statements of income.

Properties Under Development

The cost of properties under development includes all expenditures incurred in connection with the acquisition, including all direct development costs, realty taxes and other costs to prepare it for its productive use and borrowing costs directly attributable to the development. Borrowing costs associated with direct expenditures on properties under development or redevelopment are capitalized. Borrowing costs are also capitalized on the purchase cost of a site or property acquired specifically for redevelopment in the short term if the activities necessary to prepare the asset for development or redevelopment are in progress. The amount of borrowing costs capitalized is determined by reference to interest incurred on debt specific to the development project. Borrowing costs are capitalized from the commencement of the development until the date of practical completion. The capitalization of borrowing costs is suspended if there are prolonged periods when development activity is interrupted. The Company considers practical completion to have occurred when the property is capable of operating in the manner intended by management. Generally this consideration occurs on completion of construction and receipt of all necessary occupancy and other material permits. Where the Company has pre-leased space as of or prior to the start of the development and the lease requires the Company to construct tenant improvements that enhance the value of the property, practical completion is considered to occur on completion of such improvements.

Properties under development are measured at fair value with changes in fair value being recognized in the consolidated statements of income when fair value can be reliably determined.

Financial Instruments

Recognition and Measurement of Financial Instruments

Financial instruments must be classified into one of the following specified categories: at fair value through profit or loss ("FVTPL"), held-to-maturity investments, available-for-sale ("AFS") financial assets, loans and receivables and other

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2013 and 2012

(amounts in thousands of Canadian dollars, except share, units and per share amounts)

liabilities. Initially, all financial assets and financial liabilities are recorded in the consolidated balance sheet at fair value. After initial recognition, financial instruments are measured at their fair values, except for held-to-maturity investments, loans and receivables and other financial liabilities, which are measured at amortized cost. The effective interest related to financial assets and liabilities measured at amortized cost and the gain or loss arising from the change in the fair value of financial assets or liabilities classified as FVTPL are included in net income for the period in which they arise. AFS financial instruments are measured at fair value with gains and losses recognized in other comprehensive income ("OCI") until the financial asset is derecognized, and all cumulative gains or losses are then recognized in net income.

The following summarizes the Company's classification and measurement of financial assets and liabilities:

Financial assets	Classification	Measurement
Mortgages and loans receivable	Loans and receivable	Amortized cost
Amounts receivable	Loans and receivable	Amortized cost
Investment in convertible debentures	FVTPL	Fair value
Investment in publicly traded securities	AFS	Fair value
Investment in real estate funds	AFS	Fair value
Restricted cash	Loans and receivable	Amortized cost
Cash	Loans and receivable	Amortized cost
Financial liabilities		
Mortgages payable	Other financial liabilities	Amortized cost
Senior unsecured debentures	Other financial liabilities	Amortized cost
Convertible debentures, excluding conversion option	Other financial liabilities	Amortized cost
Conversion option of convertible debentures	FVTPL	Fair value
Construction financing on properties under development	Other financial liabilities	Amortized cost
Morguard Residential REIT Units	FVTPL	Fair value
Accounts payable and accrued liabilities	Other financial liabilities	Amortized cost
Bank indebtedness	Other financial liabilities	Amortized cost

Transaction Costs

Transaction costs are incremental costs directly related to the acquisition of a financial asset or the issuance of a financial liability.

Direct and indirect financing costs that are attributable to the issue of financial liabilities not at FVTPL are presented as a reduction from the carrying amount of the related debt and are amortized using the effective interest rate method over the terms of the related debt. These costs include interest, amortization of discounts or premiums relating to borrowings, fees and commissions paid to agents, brokers and advisers, and transfer taxes and duties that are incurred in connection with the arrangement of borrowings.

Transaction costs associated with asset acquisitions are capitalized, and those associated with business acquisitions are expensed as incurred.

Derivatives and Embedded Derivatives

All derivative instruments, including embedded derivatives, are recorded in the consolidated balance sheets at fair value unless exempted from derivative treatment as a normal purchase and sale.

The Company enters into interest rate swaps to hedge its risk associated with interest rates. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative. Hedge accounting is discontinued prospectively when the hedging relationship is terminated, when the instrument no longer qualifies as a hedge or when the hedging item is sold or terminated. In cash flow hedging relationships, the portion of the change in the fair value of the hedging derivative that is considered to be effective is recognized in OCI, while the portion considered to be ineffective is recognized in net income. Unrealized hedging gains and losses in accumulated other comprehensive income ("AOCI")

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2013 and 2012

(amounts in thousands of Canadian dollars, except share, units and per share amounts)

are reclassified to net income in the periods when the hedged item affects net income. Gains and losses on derivatives are immediately reclassified to net income when the hedged item is sold or terminated.

Fair Value

The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either (i) in the principal market for the asset or liability or (ii) in the absence of a principal market, in the most advantageous market for the asset or liability.

Fair value measurements recognized in the consolidated balance sheets are categorized using a fair value hierarchy that reflects the significance of inputs used in determining the fair values:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Quoted prices in active markets for similar assets or liabilities or valuation techniques where significant inputs are based on observable market data.
- Level 3: Valuation techniques for which any significant input is not based on observable market data.

Each type of fair value is categorized based on the lowest-level input that is significant to the fair value measurement in its entirety.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, balances with banks and short-term deposits with remaining maturities at the time of acquisition of three months or less. Bank borrowings are considered to be financing activities.

Goodwill

On acquisition of a business, the underlying fair value of net identifiable tangible and intangible assets is determined, and goodwill is recognized as the excess of the purchase price over this amount. Goodwill is not amortized. Goodwill is tested for impairment on an annual basis to determine whether the fair value of the reporting unit to which goodwill has been attributed is less than the carrying value of the reporting unit's net assets including goodwill, thus indicating impairment. Any impairment is then recorded as a separate charge against income and a reduction of the carrying value of goodwill.

Capital Assets

Capital assets include the following assets, which are stated at cost and amortized over their estimated useful lives using the following rates and methods:

Building (owner-occupied property and hotels)	Straight-line over 40 years
Furniture, fixtures, office and computer equipment	10-20% straight-line
Leasehold improvements	Straight-line over the term of the lease
Condominium	Straight-line over 40 years

Inventory Properties - Land for Residential Developments

Land for residential development properties that is acquired or improved for sale in the ordinary course of business is recorded at the lower of cost or estimated net realizable value and is classified in the consolidated balance sheets as residential inventory properties, which are included as part of "other assets." Costs are allocated to the saleable acreage of each project or subdivision in proportion to the anticipated revenue and include borrowing costs directly attributable to projects under active development. Residential developments are reviewed for impairment whenever events or changes in circumstances indicate the carrying value may exceed net realizable value. An impairment loss is recognized in income when the carrying value of the land exceeds its net realizable value. Net realizable value represents the amount of estimated net sales proceeds, taking into account management's assumptions and projections for the development of the property and market conditions.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2013 and 2012

(amounts in thousands of Canadian dollars, except share, units and per share amounts)

Convertible Debentures

Convertible debentures issued by Morguard Residential REIT are convertible at the option of the holder into trust units of Morguard Residential REIT ("Units") that trade on the Toronto Stock Exchange (the "TSX") under the symbol "MRG.UN." The number of Units to be issued does not vary with changes in their fair value.

The Units are redeemable at the option of the holder and therefore are considered puttable instruments that meet the definition of a financial liability under IAS 32 "Financing Instruments - Presentation" ("IAS 32").

Upon issuance, convertible debentures are separated into their debt and conversion feature components. The debt component of the convertible debentures is recognized initially at the fair value of a similar debt instrument without a conversion feature. Subsequent to initial recognition, the debt component of a compound financial instrument is measured at amortized cost using the effective interest method.

Since under IAS 32 the Units meet the definition of a liability, the conversion feature component of the convertible debentures is recorded in the consolidated balance sheet as a liability, measured at fair value, with changes in fair value recognized in the consolidated statements of income and comprehensive income.

Any directly attributable transaction costs were allocated to the debt and conversion components of the convertible debentures in proportion to their initial carrying amounts with the portion allocated to the conversion component expensed immediately.

Morguard Residential REIT Units

The Units of Morguard Residential REIT meet the definition of a financial liability under IAS 32. Whereas certain exceptions in IAS 32 allow Morguard Residential REIT to classify the Units as equity in its own balance sheet, this exception is not available to the Company, and therefore the non-controlling interest that these Units represent is classified as a liability in the consolidated financial statements of the Company and measured at fair value, which is based on the Units' redemption amount with changes in the redemption amount recorded in income in the period of the change.

Provisions

A provision is a liability of uncertain timing or amount. Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are measured at the present value for the expenditures expected to be required to settle the obligation using a discount rate that reflects current market assessment of the time value of money and the risks specific to the obligation. Provisions are remeasured at each consolidated balance sheet date using the current discount rate. The increase in the provision due to the passage of time is recognized as interest expense.

Income Taxes

The Company uses the liability method of accounting for income taxes. Under the liability method of tax allocation, current income tax assets and liabilities are based on the amount expected to be paid to tax authorities, net of recoveries, based on the tax rates and laws enacted or substantively enacted at the consolidated balance sheet dates. Deferred income tax assets and liabilities are determined based on differences between the financial reporting and tax bases of assets and liabilities and are measured using enacted or substantively enacted tax rates and laws that will be in effect when the differences are expected to reverse. Deferred income tax assets are recognized for all deductible temporary differences, carryforward of unused tax credits and unused tax losses to the extent that it is probable that deductions, tax credits and tax losses can be utilized. The carrying amount of deferred income tax assets is reviewed at each consolidated balance sheet date and reduced to the extent it is no longer probable that the income tax asset will be recovered.

In accordance with IAS 12, "Income Taxes" ("IAS 12"), the Company measures deferred tax assets and liabilities on its real estate properties based on the rebuttable presumption that the carrying amount of the real estate property is recovered through sale, as opposed to presuming that the economic benefits of the real estate property will be substantially consumed through use over time. This presumption is rebutted if the real estate property is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the real estate property over time, rather than through sale, which is not the case for the Company.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2013 and 2012

(amounts in thousands of Canadian dollars, except share, units and per share amounts)

Revenue Recognition

The Company has not transferred substantially all of the risks and benefits of ownership of its real estate properties and therefore accounts for leases with its tenants as operating leases. Revenue from properties includes rents from tenants under leases, percentage participation rents, property tax and operating cost recoveries, lease cancellation fees, leasing concessions, parking income and incidental income. Percentage participation rents are accrued based on sales estimates submitted by tenants if the tenant anticipates attaining the minimum sales level stipulated in the tenant lease. All other rental revenue is recognized in accordance with each lease.

Revenue from real estate properties recorded in the consolidated statements of income during free rent periods represents future cash receipts and is reflected in the consolidated balance sheets in carrying value of real estate properties and recognized in the consolidated statements of income on a straight-line basis over the initial term of the lease. The Company accounts for stepped rents on a straight-line basis. Rents recorded in advance of cash received are included in amounts receivable. Tenant incentives are deducted from rental revenue on a straight-line basis over the term of the tenant's lease.

Revenue from land sales and gains from the sale of real estate properties are recognized when all material conditions of the related agreement of purchase and sale have been met, the risks of ownership have passed to the purchaser and at least 15% of the total purchase price has been received.

Management and advisory fees and sales of product are recognized when the service is performed or goods are shipped and ownership is legally transferred.

Business Combinations

The purchase method of accounting is used for acquisitions meeting the definition of a business combination. A business combination is an acquisition where an integrated set of activities is acquired in addition to the property. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair values of the assets transferred to the acquirer and the liabilities incurred by the acquirer. Any transaction costs incurred with respect to the business combination are expensed in the period incurred.

Employee Future Benefits

The Company provides pensions to certain of its employees under two defined benefit arrangements and recognizes the cost of the defined benefit plans in the period in which the employee has rendered services. The cost of benefits earned by employees is actuarially determined using the projected benefit method pro-rated on service, compensation increases, retirement ages of employees and future termination levels. No past service costs have been incurred under these plans. Actuarial gains and losses are recognized in full in the period in which they occur and are presented in the consolidated statements of comprehensive income. The current service cost and gains and losses on settlement and curtailments are charged to operating income. The discount rate used to calculate net pension obligations or assets is determined on the basis of current market rates for high-quality corporate bonds and is re-evaluated at each year-end.

Stock-Based Compensation

The Company has a stock appreciation rights ("SARs") plan, which entitles specified officers of Morguard and affiliated entities and directors to receive a cash payment equal to the excess of the market price of Morguard's common shares at the time of exercise over the grant-date price of the right. The Company accounts for the SARs plan using the fair value method. Under this method, compensation expense for the SARs plan is measured at the fair value of the vested portion using the Black-Scholes option pricing model at each balance sheet date. The liability is measured at each reporting date at fair value with changes in the liability recorded in the consolidated statements of income.

Foreign Exchange

The operations of the Company's United States-based subsidiaries are conducted in U.S. dollars, which represent the functional currency of the subsidiaries. Accordingly, the assets and liabilities of these foreign subsidiaries are translated into Canadian dollars at the rates on the consolidated balance sheet dates. Revenues and expenses are translated at the average rate of exchange for the period. The resulting gains and losses are recorded in OCI. Monetary assets and liabilities denominated in foreign currencies are translated into Canadian dollars at the exchange rate in effect at the reporting date. Exchange differences are recognized in profit or loss except for exchange differences arising from a monetary item receivable from or payable to a foreign subsidiary, the settlement of which is neither planned nor likely to occur in the foreseeable future and which in substance is considered to form part of the net investment in the foreign

Income Per Share

Basic income per share is calculated by dividing net income by the weighted average number of common shares outstanding in each respective period. Diluted income per share is calculated by dividing net income, adjusted for the effect of dilutive securities, by the weighted average number of diluted shares outstanding.

Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker is the person or group that allocates resources to and assesses the performance of the operating segments of an entity. The Company has determined that its chief operating decision-maker is the Chairman and Chief Executive Officer.

Critical Judgments in Applying Accounting Policies

The following are the critical judgments that have been made in applying the Company's accounting policies and that have the most significant effect on the amounts in the consolidated financial statements:

De Facto Control

The Company's basis of consolidation is described above in the "Basis of Consolidation" section. Judgment is applied in determining when the Company controls an investment even if the Company holds less than a majority of the investee's voting rights (the existence of de facto control). The key assumptions are further defined in Note 5.

Real Estate Properties

The Company's accounting policies relating to real estate properties are described above. In applying these policies, judgment has been applied in determining whether certain costs are additions to the carrying amount of the property, in distinguishing between tenant incentives and tenant improvements, and, for properties under development, identifying the point at which practical completion of the property occurs and identifying the directly attributable borrowing costs to be included in the carrying value of the development property. Judgment is also applied in determining the extent and frequency of independent appraisals. The key assumptions are further defined in Note 6.

Income Taxes

The Company applies judgment in determining the tax rate applicable to its investment in Morguard REIT and identifying the temporary differences related to its investment with respect to which deferred income taxes are recognized.

Business Combinations ("IFRS 3")

Accounting for business combinations under IFRS 3, "Business Combinations," applies only if it is considered that a business has been acquired. Under IFRS 3, a business is defined as an integrated set of activities and assets conducted and managed for the purposes of providing a return to investors or lower costs or other economic benefits directly and proportionately to the Company. A business generally consists of inputs, processes applied to those inputs, and resulting outputs that are, or will be, used to generate revenues. Judgment is used by management in determining if the acquisition of an individual property qualifies as a business combination in accordance with IFRS 3 or as an asset acquisition.

When determining whether the acquisition of a real estate property or a portfolio of properties is a business combination or an asset acquisition, the Company applies judgment when considering whether the real estate property or properties are capable of producing outputs, whether the market participant could produce outputs if missing elements exist and whether significant processes were acquired.

Critical Accounting Estimates and Assumptions

The preparation of the consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenue and expenses during the reporting periods.

In determining estimates of fair market value and net realizable values for the Company's real estate properties, the assumptions underlying estimated values are limited by the availability of comparable data and the uncertainty of predictions concerning future events. Should the underlying assumptions change, actual results could differ from the estimated amounts. The critical estimates and assumptions underlying the valuation of real estate properties are outlined in Note 6.

In addition, the computation of cost reimbursements from tenants for realty taxes, insurance and common area maintenance charges is complex and involves a number of estimates, including the interpretation of terms and other tenant lease provisions. Tenant leases are not consistent in dealing with such cost reimbursements, and variations in computations can exist. Adjustments are made throughout the year to these cost recovery revenues based upon the Company's best estimate of the final amounts to be billed and collected.

The fair value of financial instruments approximates amounts at which these instruments could be exchanged between market participants at the measurement date. The estimated fair value may differ in amount from that which could be realized on an immediate settlement of the instruments. The Company estimates the fair value of mortgages payable by discounting the cash flows of these financial obligations using market rates for debts of similar terms.

Note 3

Adoption of Accounting Standards

Each of the standards below is effective for annual periods beginning on January 1, 2013, and has been adopted in the preparation of these consolidated financial statements.

(a) Consolidated Financial Statements and Joint Arrangements

IFRS 10, "Consolidated Financial Statements" ("IFRS 10"), establishes principles for the preparation of the Company's consolidated financial statements when it controls one or more other entities. The standard defines the principle of control and establishes control as the basis for determining which entities are consolidated in the consolidated financial statements of the Company. IFRS 10 does not prescribe changes to the consolidation procedures but rather modifies the definition of control and prescribes that an investor may have control even if it holds less than a majority of the investee's voting rights (de facto control). The standard is required to be applied retrospectively to prior periods presented.

IFRS 11, "Joint Arrangements" ("IFRS 11"), replaced IAS 31, "Interests in Joint Ventures." IFRS 11 requires that reporting issuers consider whether a joint arrangement is structured through a separate vehicle, as well as the terms of the contractual arrangement and other relevant facts and circumstances, to assess whether the entity is entitled to only the net assets of the joint arrangement ("joint venture") or to its share of the assets and liabilities of the joint arrangement ("a joint operation"). The standard is required to be applied retrospectively to prior periods presented.

See Note 29 for the impact of the Company's adoption of IFRS 10 and IFRS 11 on the consolidated financial statements.

(b) Disclosure of Interests in Other Entities

IFRS 12, "Disclosure of Interests in Other Entities," applies to entities that have an interest in a subsidiary, a joint arrangement, an associate or an unconsolidated structured entity. The standard requires the Company to disclose information that enables users of the financial statements to evaluate (i) the nature of, and risks associated with, the Company's interests in other entities and (ii) the effects of those interests on the Company's financial position, financial performance and cash flows. See Notes 5 and 7 for additional disclosures related to Morguard Residential REIT, Morguard REIT and other investments.

(c) Fair Value Measurement

IFRS 13, "Fair Value Measurement" ("IFRS 13"), establishes a single source of guidance for all fair value measurements. IFRS 13 does not change when an entity is required to use fair value rather provides guidance on how to measure fair value under IFRS when fair value is required or permitted. IFRS 13 also requires specific disclosures about fair value measurements and disclosures of fair values, some of which replace existing disclosure requirements in other standards, including IFRS 7, "Financial instruments: Disclosures" ("IFRS 7").

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2013 and 2012

(amounts in thousands of Canadian dollars, except share, units and per share amounts)

The Company adopted IFRS 13 prospectively from January 1, 2013, and the adoption of this standard did not materially affect the consolidated financial statements. Additional disclosures required by this standard have been added to Note 6 and Note 30.

(d) Employee Benefits

IAS 19R, "Employee Benefits," has been amended to eliminate the option to defer the recognition of gains and losses, streamlining the presentation of changes to assets and liabilities with all changes from remeasurement to be recognized in other comprehensive income and enhancing the disclosure of the characteristics of defined benefit plans and the risks that companies are exposed to through participation in those plans. Adoption of this standard had minimal impact on the Company's consolidated financial statements since the Company had been recognizing through retained earnings all cumulative unamortized actuarial gains and transitional obligations relating to its defined benefit pension plans.

Note 4

Future Accounting Policy Change

(a) Levies

IFRIC Interpretation 21, "Levies" ("IFRIC 21"), clarifies that an entity recognizes a liability for a levy when the activity that triggers payment, as identified by the relevant legislation, occurs. For a levy that is triggered upon reaching a minimum threshold, the interpretation clarifies that no liability should be anticipated before the specified minimum threshold is reached. The IFRIC does not apply to accounting for income taxes, for fines and penalties or for acquisition of assets from services under contractual agreements with governments. IFRIC 21 is effective for annual periods beginning on or after January 1, 2014. The Company is in the process of assessing the impact of the adoption of this interpretation on its consolidated financial statements.

(b) Financial Instruments

IFRS 9, "Financial Instruments" ("IFRS 9"), will replace IAS 39, "Financial Instruments: Recognition and Measurement" ("IAS 39"), and addresses the classification and measurement of all financial assets and financial liabilities within the scope of the current IAS 39. Included in IFRS 9 are the requirements to measure debt-based financial assets at either amortized cost or FVTPL and to measure equity-based financial assets either as held for trading or as fair value through other comprehensive income ("FVTOCI"). No amounts are reclassified out of other comprehensive income if the FVTOCI option is elected. Additionally, embedded derivatives in financial assets would no longer be bifurcated and accounted for separately under IFRS 9.

A new general hedge accounting standard, part of IFRS 9, was issued in November 2013. The new standard does not change the types of hedging relationships (i.e., cash flow or fair value hedges) or the requirement to measure and recognize ineffectiveness fundamentally; however, more hedging strategies that are used for risk management will qualify for hedge accounting.

IFRS 9 is not expected to be effective until at least 2017; however, earlier adoption is permitted. The Company is in the process of assessing the impact of the adoption of this interpretation on its consolidated financial statements.

Note 5

Morguard North American Residential Real Estate Investment Trust

On April 18, 2012, the Company completed an initial public offering ("IPO") of trust units of Morguard Residential REIT. A total of 8,250,000 trust units were sold at a price of \$10.00 per trust unit for gross proceeds of \$82,500. The total proceeds received, net of underwriters' commission, was \$77,550. Since Morguard retained control of Morguard Residential REIT, the transaction was accounted for as a reorganization and recapitalization of its existing operations.

On March 15, 2013, Morguard Residential REIT completed an offering of 8,270,000 units at a price of \$11.50 per unit, representing gross proceeds of \$95,105 and \$60,000 aggregate principal amount of 4.65% convertible unsecured subordinated debentures (the "Convertible Debentures") due on March 30, 2018. The Convertible Debentures are convertible at the option of the holder into Units of Morguard Residential REIT at \$15.50 per trust unit. Morguard acquired 870,000 of the Units and \$5,000 aggregate principal amount of the Convertible Debentures. As at December 31, 2013, the Company owned a 48.7% effective interest in Morguard Residential REIT through its ownership of 5,445,166 Units and 17,223,090 Class B LP units.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2013 and 2012

(amounts in thousands of Canadian dollars, except share, units and per share amounts)

Although the Company's effective ownership interest in Morguard Residential REIT has declined from 57.1% as at December 31, 2012, to 48.7% as at December 31, 2013, the Company continues to consolidate its investment in Morguard Residential REIT on the basis of de facto control in accordance with IFRS 10. The basis for concluding that the Company continues to control Morguard Residential REIT is as follows: (i) the Company holds a significant interest in Morguard Residential REIT's voting rights as at December 31, 2013; (ii) the wide dispersion of the public holdings of Morguard Residential REIT's remaining Units; (iii) the Company's ability to nominate a minimum number of Morguard Residential REIT's trustees based on the Company's ownership interest; (iv) all of Morguard Residential REIT's senior management are employees of the Company; and (v) Morguard Residential REIT's significant dependency on the Company as a result of the property management, asset management, financing and acquisition services that the Company provides to Morguard Residential REIT in accordance with the agreements that were entered into between the Company and Morguard Residential REIT on completion of Morguard Residential REIT's IPO.

The following summarizes Morguard Residential REIT's aggregate assets and liabilities, results of operations and cash flows for the following periods as presented in Morguard Residential REIT's financial statements. As discussed above, the Units issued by Morguard Residential REIT that are not held by the Company are classified as equity on Morguard Residential REIT's balance sheet but are classified as a liability on the Company's balance sheet.

Included in real estate properties is \$48,350 (December 31, 2012 - \$41,024) of net straight-line rent and incentive receivables arising from the recognition of rental revenue net of incentives on a straight-line basis over the lease term in accordance with IAS 17, "Leases."

All income producing properties and properties under development are classified as Level 3 in the fair value hierarchy (see Note 28).

Acquisitions/Dispositions

On December 23, 2013, the Company acquired a 237 suite recently constructed multi-unit residential property in Edmonton, Alberta, for a purchase price of \$46,500. The acquisition was partially funded by the assumption of a mortgage in the amount of \$31,400 at an interest rate of 2.88% for a remaining term of nine years.

On June 14, 2013, the Company acquired five Toronto area hotels for a total purchase price of \$70,550, of which \$11,600 was allocated to land, \$54,698 was allocated to building and \$4,252 was allocated to furniture and fixtures. The furniture and fixtures have been classified as other assets in the consolidated balance sheets. Acquisition costs of \$1,829 have been recorded in other income (expense) in the consolidated statements of income since the acquisition represents a business combination.

Between April 17, 2013, and May 22, 2013, the Company acquired 3,752 suites in 12 low-rise and mid-rise multi-unit residential properties from an institutional fund sponsored by Pearlmark Real Estate Partners, L.L.C. In connection with the purchase of 10 of the 12 properties, the Company assumed in-place mortgage financing of US\$218,676 with a weighted average interest rate of 4.3% and a weighted average term to maturity of 4.1 years. A mark-to-market premium adjustment of US\$12,716 was recorded on the assumed mortgages. For the remaining two properties, the Company, at closing, entered into first mortgage financing arrangements in an aggregate amount of US\$57,660 with a weighted average interest rate of 3.51% and terms of 10 years. The Company has agreed to pay an additional amount not exceeding US\$10,000, which will be paid, in whole or in part, if the net operating income generated by the Pearlmark Properties during the 12 months ending December 31, 2013, exceeds certain defined threshold amounts (the "Earn Out Provision"). The threshold amounts of net operating income that trigger a payment under the Earn Out Provision vary between US\$26,500 and US\$28,000, such that for every US\$150 increase in net operating income between US\$26,500 and US\$28,000, US\$1,000 is to be paid by the Company. The amount of the final cash payment will be determined on or before March 31, 2014.

Capitalization Rates

For the financial reporting periods ended December 31, 2013, and December 31, 2012, the Company's Canadian portfolio was predominantly appraised internally by its appraisal division, and the U.S. portfolio was predominantly externally appraised by national U.S. real estate appraisal firms. Approximately 43% of the Company's portfolio was externally appraised at December 31, 2013 (December 31, 2012 - 35%).

The Company determined the fair value of each real estate property based upon, among other things, rental income from current leases and assumptions about rental income from future leases reflecting market conditions at the applicable consolidated balance sheet dates, less future cash outflow pertaining to the respective leases. The Company's multi-unit residential properties are appraised using the direct capitalization of income method. The retail, office and industrial properties are appraised using a number of approaches that typically include a discounted cash flow analysis, a direct capitalization of income method and a direct comparison approach. The discounted cash flow analysis is primarily based on discounting the expected future cash flows, generally over a term of 10 years including a terminal value based on the application of a capitalization rate to estimated year 11 cash flows.

The Company has a SARs plan that entitles specified officers of Morguard and affiliated entities and directors to receive a cash payment equal to the excess of the market price of Morguard's common shares at the time of exercise over the grant-date price of the right. The SARs granted will vest equally over 10 years. On March 20, 2008, 200,000 SARs were granted at an exercise price of \$30.74, and on November 2, 2010, 55,000 SARs were granted at an exercise price of \$43.39. The following are the assumptions that were used in determining the fair value: dividend yield of 0.48% (2012 - 0.52%), expected volatility of approximately 27.05% (2012 - 36.15%), an expected life of 10 years and the 10-year Bank of Canada bond rate of 2.72% (2012 - 1.82%).

(amounts in thousands of Canadian dollars, except share, units and per share amounts)

Future minimum annual rental payments for land leases, office premises and equipment operating leases that expire at various dates ending in 2069 are payable over the next five years and thereafter as follows:

2014	\$13,548
2015	13,384
2016	13,360
2017	13,215
2018	13,064
Thereafter	470,513

The Company is a lessee under three ground leases that expire at various dates ending in 2060. Annual rental expenses for each of the ground leases are as follows:

Ground Lease #1	
From July 1, 1990, to June 30, 2010	\$2,779
From July 1, 2010, to June 30, 2030	\$10,962 (see Note 26 (b))
From July 1, 2030, to June 30, 2050	Fair market value of land at June 2030 multiplied by 6%
From July 1, 2050, to June 30, 2060	Fair market value of land at June 2050 multiplied by 6%

Ground Lease #1 represents the lease associated with the land underlying a mixed-use property located in Toronto, Ontario (the "Land Lease Property"). Since the lessor and the Company were not able to reach an agreement on the fair market value of the land on the last scheduled reset date of July 1, 2010, the matter was appointed to an arbitration tribunal (the "Arbitrators"). On June 21, 2013, a majority of the Arbitrators awarded their decision and concluded on a land value that resulted in the annual land rent increasing from \$2,779 to \$10,962. In accordance with the decision rendered by the majority of the Arbitrators, the Company has recorded the land rent based on the increased annual rent of \$10,962 and, during the three months ended June 30, 2013, recorded the increase in the land rent retroactive to July 1, 2010, in the amount of \$20,158. The Company has classified the increase in the annual land rent from \$2,779 to \$10,962 as land rent arbitration expense in the consolidated statements of income. As a result of the increase in the annual land rent, the fair market value of the Land Lease Property decreased by \$55,000 for the year ended December 31, 2013.

The Company has two other ground leases that expire between June 30, 2022, and July 21, 2069. The Company is required to pay an annual base rent totalling \$319. In addition, the Company has a commitment to purchase the land of one of the ground leases that expires on May 31, 2022. The purchase price of the land will be based on the market value of the land at the end of the lease term.

The Company has entered into various leasing agreements and agreements for the development of properties. As at December 31, 2013, committed leasing costs and capital expenditures are estimated to be \$4,979 and \$1,868, respectively.

(b) Contingencies

As indicated above, a majority of the Arbitrators awarded their decision that the annual land rent for Ground Lease #1 should be \$10,962. The decision delivered by the minority of the Arbitrators would have resulted in an annual land rent of \$3,600. The Company has appealed the Arbitrators' decision.

The Company has issued irrevocable letters of credit relating to normal course development activity amounting to \$17,821 as at December 31, 2013 (2012 - \$12,082).

In addition, the Company is contingently liable with respect to litigation, claims and environmental matters that arise from time to time, including those that could result in mandatory damages or other relief, which could result in significant expenditures. While the final outcome of these matters cannot be predicted with certainty, in the opinion of management, any uninsured liability that may arise from such contingencies would not have a material adverse effect on the financial position or results of operations of the Company. Any settlement of claims in excess of amounts recorded will be charged to operations as and when such determination is made.

Note 27**Management of Capital**

The Company defines capital that it manages as the aggregate of its shareholders' equity, Morguard Residential REIT Units and interest-bearing debt less mortgages and loans receivable and cash and cash equivalents. The Company's objective when managing capital is to ensure that the Company will continue as a going concern so that it can sustain daily operations and provide adequate returns to its shareholders.

The Company is subject to risks associated with debt financing, including the possibility that existing mortgages may not be refinanced or may not be refinanced on as favourable terms or with interest rates as favourable as those of the existing debt. The Company mitigates these risks by its continued efforts to stagger the maturity profile of its long-term debt, enhance the value of its real estate properties, maintain high occupancy levels and foster excellent relations with its lenders. The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets.

The total managed capital for the Company as at December 31, 2013, and December 31, 2012, is summarized below:

As at December 31	2013	2012
Mortgages payable	\$1,968,356	\$1,555,111
Unsecured Debentures	133,993	—
Convertible Debentures	52,875	—
Construction financing on properties under development	103,866	17,334
Morguard Residential REIT units	201,929	165,390
Loans payable	2,128	11,985
Bank indebtedness	110,615	144,921
Cash and cash equivalents	(129,361)	(79,116)
Shareholders' equity	2,329,972	2,048,288
	\$4,774,373	\$3,863,913

The Company monitors its capital structure based on an interest coverage ratio and a debt to gross book value ratio. These ratios are used by the Company to manage an acceptable level of leverage and are calculated in accordance with the terms of the specific agreements with creditors and are not considered measures in accordance with IFRS; nor is there an equivalent IFRS measure.

The Company's Unsecured Debentures contain covenants that are calculated on a non-consolidated basis, which represents the Company's consolidated results prepared in accordance with IFRS as shown on the Company's most recently published financial statements, adjusted, as required, to account for the Company's investment in Morguard North American Residential REIT using the equity method. The covenants that the Company must maintain are a non-consolidated interest coverage ratio above 1.65 times, a non-consolidated debt to gross book value ratio not to exceed 65% and a minimum non-consolidated equity requirement of at least \$300,000. If the Company does not meet these covenants, the Unsecured Debentures will become immediately due and payable unless the Company is able to remedy the default or obtain a waiver from lenders. The Company is in compliance with the covenants at December 31, 2013.

Note 28**Financial Instruments and Risk Management**

The Company's financial assets and financial liabilities comprise cash and cash equivalents, amounts receivable, mortgages and loans receivable, accounts payable and accrued liabilities, bank indebtedness, mortgages payable and loan payable. Fair values of financial assets and financial liabilities and discussion of risks associated with financial assets and liabilities are presented as follows.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2013 and 2012

(amounts in thousands of Canadian dollars, except share, units and per share amounts)

Fair Value of Financial Assets and Financial Liabilities

The fair values of cash and cash equivalents, amounts receivable, accounts payable and accrued liabilities and bank indebtedness approximate their carrying values due to the short-term maturity of those instruments. The fair value of construction financing and mortgages and loans receivable is based on the current market conditions for financing loans with similar terms and risks. The loans payable are reflected at fair value since it is based on a floating interest rate and reflects the terms of current market conditions.

Mortgages payable, convertible debentures and unsecured debentures are carried at amortized cost using the effective interest method of amortization. The estimated fair values of long-term borrowings have been determined based on market information, where available, or by discounting future payments of interest and principal at estimated interest rates expected to be available to the Company at year-end.

The fair value of the mortgages payable has been determined by discounting the cash flows of these financial obligations using December 31, 2013, market rates for debts of similar terms (category Level 2). Based on these assumptions, the fair value as at December 31, 2013, of the mortgages payable before deferred financing costs is estimated at \$1,969,977 (December 31, 2012 - \$1,611,984), compared with the carrying value of \$1,983,135 (December 31, 2012 - \$1,566,180). The fair value of the mortgages payable varies from the carrying value due to fluctuations in interest rates since their issue.

The fair value of the Convertible Debentures has been determined by discounting the cash flows of these financial obligations using December 31, 2013, market rates for debts of similar terms (category Level 2). Based on these assumptions, the fair value as at December 31, 2013, of the Convertible Debentures before deferred financing costs has been estimated at \$53,668 (December 31, 2012 - \$nil) compared with the carrying value of \$54,806 (December 31, 2012 - \$nil). The fair value of the Convertible Debentures varies from the carrying value due to fluctuations in interest rates since their issue.

The fair value of the Unsecured Debentures is approximately \$134,240 as at December 31, 2013, and is based on its closing bid price (category Level 1).

The Company entered into four interest rate swap transactions to mitigate the interest rate risk on four floating rate mortgages. Three of the swap transactions matured on December 31, 2013. The fourth swap transaction matures on June 14, 2018, and the outstanding balance of the floating rate mortgage is \$46,000 as at December 31, 2013.

The fair value hierarchy of financial instruments, income producing properties, properties under development and the hotel property measured at fair value in the condensed consolidated balance sheets is as follows:

	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3

Risks Associated With Financial Assets and Financial Liabilities

The Company is exposed to financial risks arising from its financial assets and financial liabilities. The financial risks

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2013 and 2012

(amounts in thousands of Canadian dollars, except share, units and per share amounts)

include market risk relating to interest rates and foreign exchange rates, credit risk and liquidity risk. The Company's overall risk management program focuses on establishing policies to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company aims to develop a disciplined control environment in which all employees understand their roles and obligations.

(a) Market Risk

Market risk, the risk that the fair value or future cash flows of financial assets or financial liabilities will fluctuate due to movements in market prices, comprises the following:

Interest Rate Risk

The Company is subject to the risks associated with debt financing, including the risk that mortgages and credit facilities will not be refinanced on terms as favourable as those of the existing indebtedness. Interest on the Company's bank indebtedness and certain mortgages is subject to floating interest rates. For the year ended December 31, 2013, the increase or decrease in annual net income for each one percent change in interest rates on floating rate debt amounts to \$1,696.

The Company's objective in managing interest rate risk is to minimize the volatility of the Company's income. As at December 31, 2013, interest rate risk has been minimized as the majority of long-term debt is financed at fixed interest rates with maturities scheduled over a number of years. Mortgages totalling \$179,793 are subject to floating interest rates; however, the Company's risk has been minimized as the Company entered into four interest rate swap transactions to acquire a fixed rate in substitution for the floating rate. Three of the swap agreements expired on December 31, 2013, and the corresponding floating interest rate mortgages will be refinanced during the year ended December 31, 2014.

Foreign Exchange Risk

The Company is exposed to foreign exchange risk as it relates to its U.S. investments due to fluctuations in the exchange rate between Canadian and U.S. dollars. Changes in the exchange rate may result in a reduction or an increase of reported earnings and other comprehensive income. For the year ended December 31, 2013, a \$0.05 change in the U.S. to Canadian dollar exchange rate would have resulted in a \$2,344 change to net income or loss and a \$23,036 change to comprehensive income or loss.

The Company's objective in managing foreign exchange risk is to mitigate the exposure from fluctuations in the exchange rate by maintaining U.S.-denominated debt against its U.S. assets. The Company currently does not hedge translation exposures.

(b) Credit Risk

Credit risk is the risk that the counterparty to a financial asset will default, resulting in the Company incurring a financial loss. A substantial portion of the Company's amounts receivable is with retail tenants and individuals and is subject to normal industry credit risks.

The objective in managing credit risk is to mitigate exposure through the use of approved credit policies governing the Company's credit practices that limit transactions according to counterparties' credit quality.

The carrying amount of amounts receivable is reduced through the use of an allowance account, and the amount of the loss is recognized in the consolidated statements of income within property operating expenses. When a receivable balance is considered uncollectible, it is written off against the allowance for doubtful accounts. Subsequent recoveries of amounts previously written off are credited against operating expenses in the consolidated statements of income.

Less: Allowance for doubtful accounts	(927)	(873)
Trade receivable, net	\$5,063	\$2,038

(c) Liquidity Risk

Liquidity risk is the risk the Company will encounter difficulties in meeting its financial liability obligations. The Company will be subject to the risks associated with debt financing, including the risk that mortgages and credit facilities will not be able to be refinanced. The Company's objectives in minimizing liquidity risk are to maintain appropriate levels of leverage on its real estate assets and to stagger the debt maturity profile. At December 31, 2013, the Company was holding cash and cash equivalents of \$129,361 and had undrawn lines of credit available to it of \$143,611.

The fair value of the interest rate swap for the year ended December 31, 2013, is a loss position of \$499 (2012 - \$2,264), which is included in accounts payable and accrued liabilities in the consolidated balance sheets. Included in other comprehensive income for the year ended December 31, 2013, is a gain net of deferred taxes of \$354 (2012 - a gain of \$992); deferred taxes amount to \$1,412 (2012 - \$1,460), which relates to the effective portion of the net change in fair value of the interest rate swaps.

Note 29**Impact of IFRS 10 and IFRS 11**

Under the control model of IFRS 10, it was determined the properties should be accounted for using the consolidation method. The following summarizes the impact of the adoption of IFRS 10 and IFRS 11 on the Company's consolidated financial statements:
