**MRALDERMAN
JAMES BALCER,
CITY OF CHICAGO**

I'm writing this letter to ask the assistance for Sistema DIF Oaxaca (the system in charge of the development and welfare of the communities in the government of the state of Oaxaca, in Mexico)

This government entity has as mission to direct assistance to family members, primarily children, adolescents, women, older adults and people with disabilities, the provision of services for them, the promotion of systematic interrelation of actions that carry out public and private institutions in the matter, as well as the actions that the law itself establishes. In addition it has, among others, the following powers: Promoting and providing social assistance services, encourage and support activities that carry out the institutions of public and private assistance whose object is the provision of social care services

In this context, it supports various municipalities of the State of Oaxaca, which have high and very high marginalization. Therefore is why I ask for their unconditional support to provide us an ambulance, which will be delivered to the municipality of San Bartolomé Quilana, Tlaxiula, Oaxaca, in order to move people in acute medical problems or vulnerability from its geographical demarcation

Thanks for your consideration and help our disposition at the service of the social assistance provided by Sistema DIF Oaxaca

Sincerely
