Honorable Susana A. Mendoza City Clerk 121 North LaSalle Street, Room 107 Chicago, Illinois 60602

Dear City Clerk Mendoza:

I am submitting to you the Comprehensive Annual Financial Report (CAFR) and the Supplement thereto for the year ended December 31, 2014. These reports are accurate in all material respects and are prepared in a manner designed to present fairly the financial position and results of operations of the various funds.

Sincerely,

Daniel Widawsky City Comptroller

# CITY OF CHICAGO

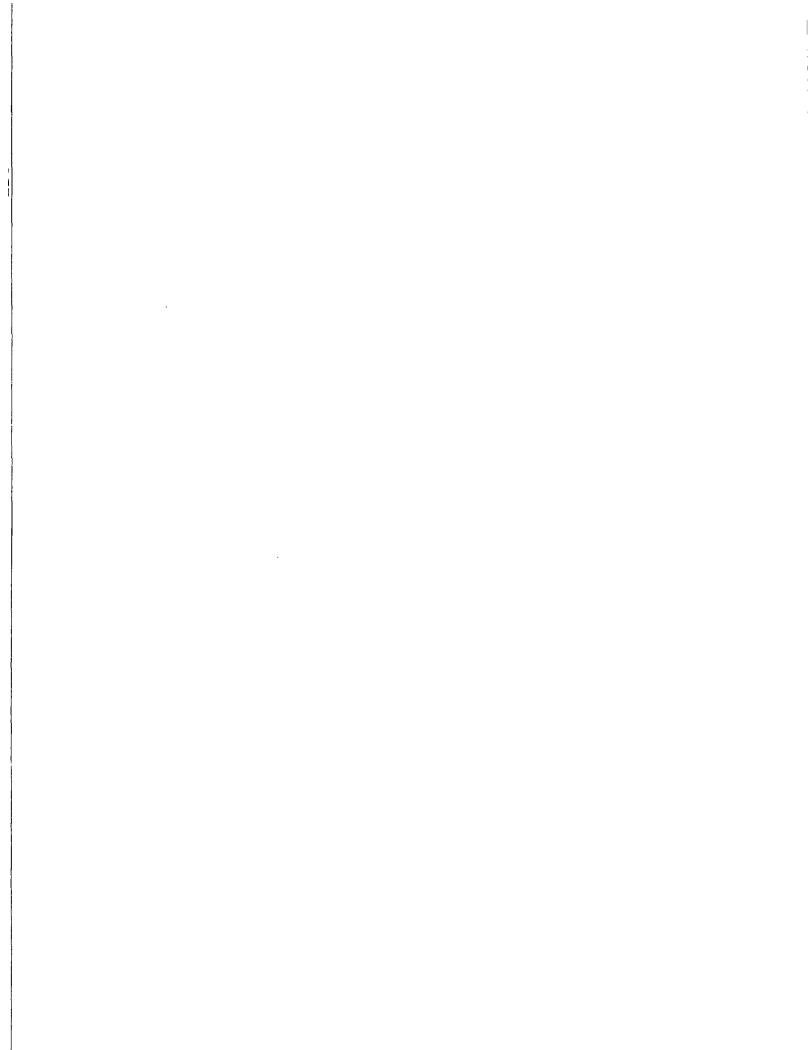

# COMPREHENSIVE ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED DECEMBER 31, 2014

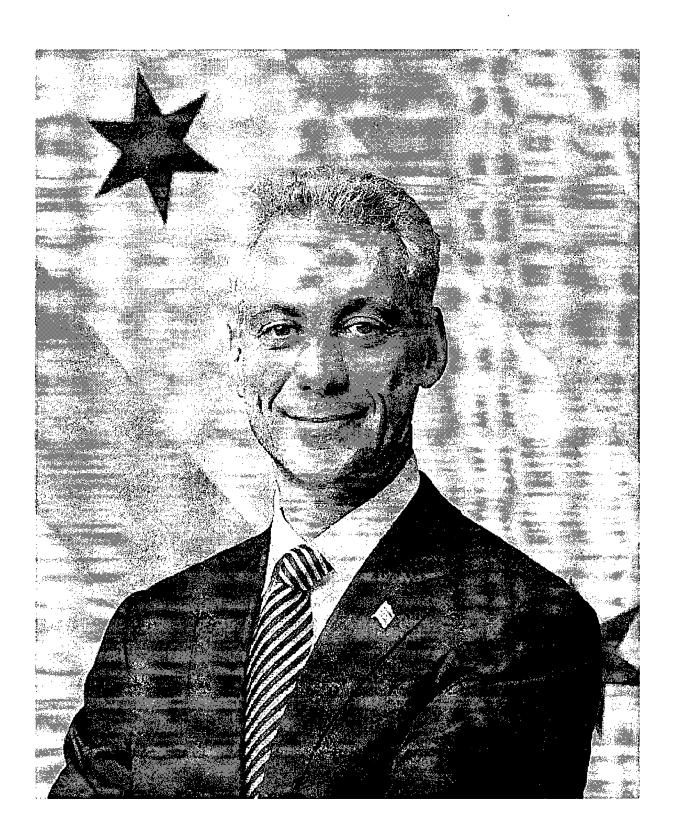

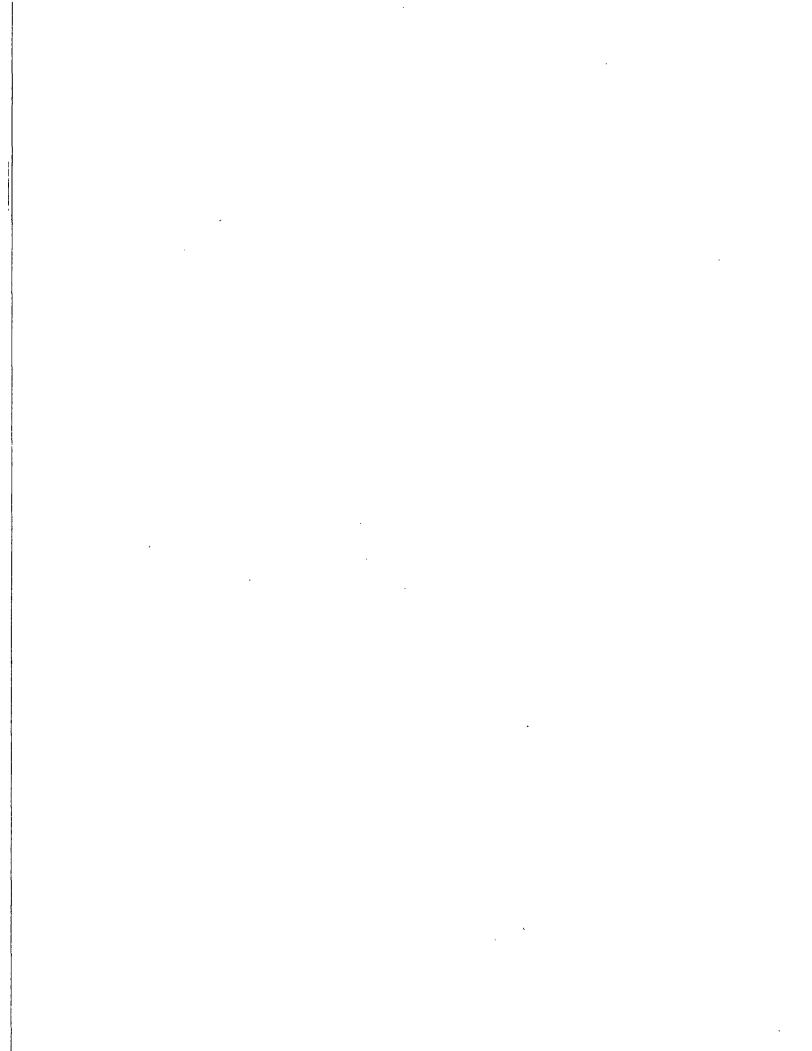

Rahm Emanuel, Mayor

Carole L. Brown, Chief Financial Officer
Daniel Widawsky, City Comptroller

Prepared by the Department of Finance

# OFFICE OF THE MAYOR CITY OF CHICAGO

RAHM EMANUEL
MAYOR

June 30, 2015

Dear Chicagoans:

Thank you for your interest in the Comprehensive Annual Financial Report (CAFR) of the City of Chicago for the 2014 fiscal year.

In 2014, the City of Chicago took vital steps to continue putting our fiscal house in order. We have reduced our structural deficit for the fourth consecutive year by making city government smaller, smarter and simpler and we have coupled necessary reforms with improved services so city government works better for all Chicago residents.

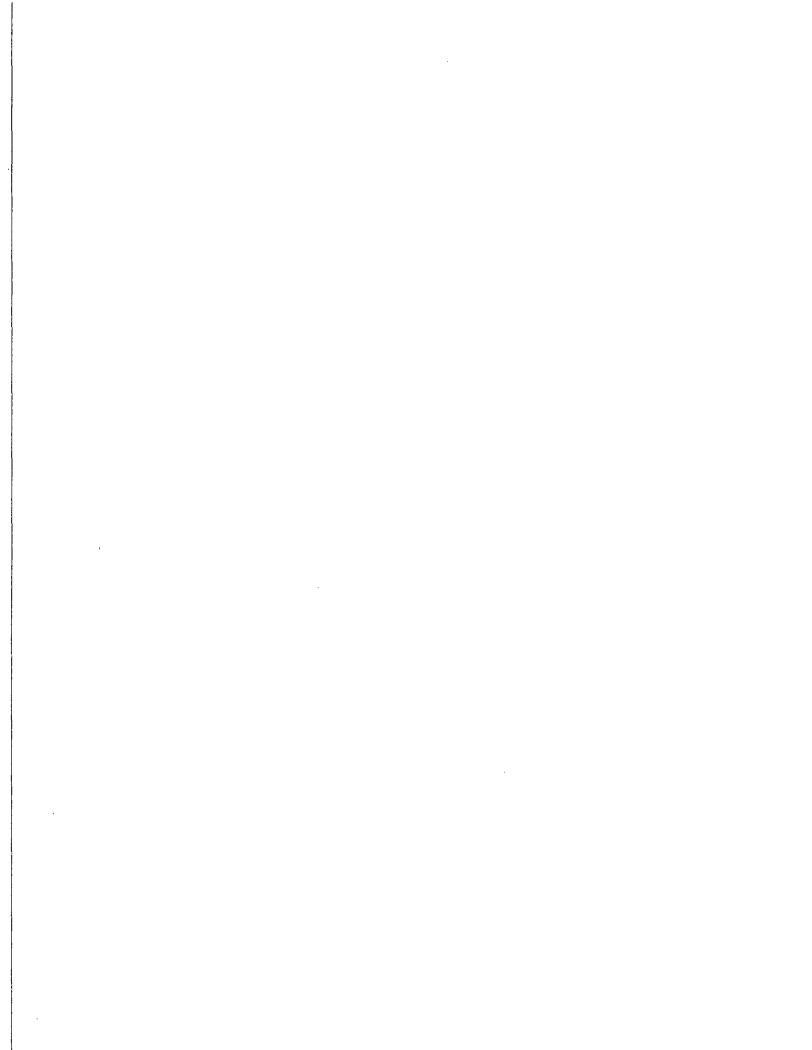

The best way for us to continue to grow the City's economy is to intensify our efforts to right the city's financial ship. By following a deliberate reform and invest strategy, we have begun the work of ending unsustainable financial practices while continuing to invest in critical areas of education, transportation, and job creation. The products of our work have served to enhance Chicago's position as the consummate place to live, work, and raise a family.

PASSAS.

The City made significant progress in 2014, and we will continue our efforts to strengthen Chicago's future by reforming the way city government works, investing in our communities, and maintaining a high level of city services for our residents, all in a fiscally responsible way.

# PART I INTRODUCTORY SECTION

# DEPARTMENT OF FINANCE CUTY OF CHICAGO

June 30, 2015

To the Honorable Mayor Rahm Emanuel, Members of the City Council, and Citizens of the City of Chicago:

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Chicago for the fiscal year ended December 31, 2014. State law requires that all governmental units publish, within six months of the close of each fiscal year, financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited by a licensed public accountant.

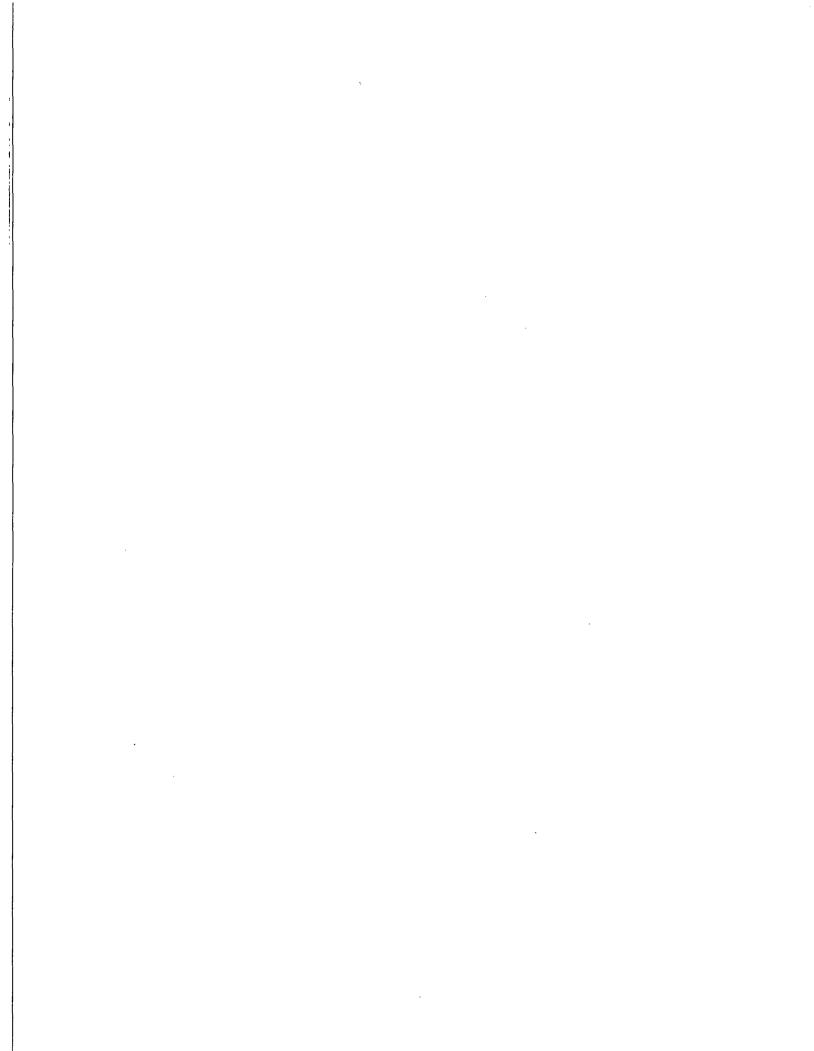

Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with management. The purpose of the CAFR is to provide complete and accurate financial information which complies with the reporting requirements of the Municipal Code of Chicago (Code). The City's financial management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP.

The internal control structure is designed to provide reasonable but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of control should not exceed the benefits likely to be derived and that the valuation of costs and benefits requires estimates and judgments by management.

The Code also requires that the City's basic financial statements are audited by independent certified public accountants selected by the Committee on Finance of the City Council. This requirement has been met, and the unmodified audit opinion rendered by Deloitte & Touche LLP is included in the financial section of this report. The audit was conducted as a subcontractor arrangement between Deloitte & Touche LLP and a consortium of Chicago-based minority and women-owned certified public accounting firms.

In addition to meeting the requirements set forth in the Code, an additional audit designed to meet the requirements of the federal Single Audit Act Amendment of 1996 and related OMB Circular A-133, Audits of State and Local Governments is performed annually.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

**Profile of the Government.** The City of Chicago, incorporated in 1837, currently occupies a land area of approximately 228 square miles and, according to the 2010 census, serves a population of greater than 2.6 million. The City is a "home rule" unit of local government under Illinois law and is governed by an elected mayor and city council. The Mayor, the Chief Executive Officer of the City, is elected by general election. The City Council, the City's legislative body consists of 50 members, each representing one of the City's 50 wards. The members of the City Council are elected through popular vote by ward for four-year terms.

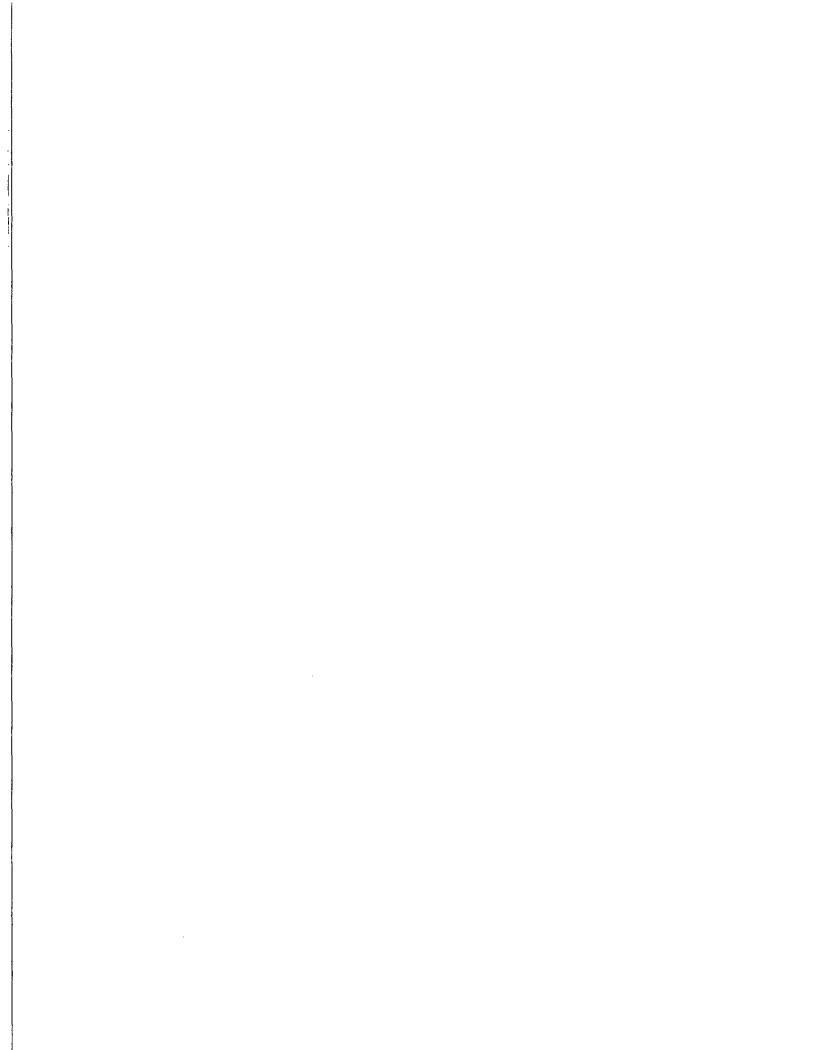

The City provides public safety, street maintenance and sanitation, transportation infrastructure, water, sewer, health, cultural, aviation and human services. City employees are covered by one of four pension plans that are responsible for providing certain pension benefits and that receive funding from the City. These four plans include the Municipal Employees' Annuity and Benefit Fund, Laborers' and Retirement Board Employees' Annuity and Benefit Fund, Policemen's Annuity and Benefit Fund and Firemen's Annuity and Benefit Fund. These component units are included in the City's reporting entity. Additional services are provided to residents by the Chicago Public Schools, Chicago Park District, Chicago Transit Authority, City Colleges of Chicago and the Chicago Housing Authority. However, these component units are not included in the City's reporting entity.

Annual budgets are adopted for all of the City's funds, including the general fund and certain special revenue funds. Prior to October 15, the Mayor submits a proposed budget of expenditures and the means of financing them to the City Council for the next year. The City Council is required to hold at least one public hearing regarding the proposed budget, and the budget recommendation must be made available for public inspection at least ten days prior to the passage of the annual appropriation ordinance which must be enacted no later than December 31. Additional information on the budgetary process can be found in Note 3 in the notes to financial statements.

Local Economy. Chicago continues to enjoy one of the most diverse economies in the nation, with no single sector employing more than 14 percent of the City's workforce. This diversity provides fiscal stability from mature industries in business and financial services, manufacturing, transportation and warehousing, education and healthcare, and enables the City to promote the growth of emerging industries in technology, tourism, biotech and life sciences. More than 400 major corporate headquarters are in the Chicago metropolitan area, including 31 in the Fortune 500. Long-standing components of the local economy, such as derivatives trading, remain strong - Chicago accounts for nearly one quarter (22%) of the world's global derivatives trading market; double that of New York (11%) and more than all of the exchanges in Europe combined (20%). Meanwhile, new sectors continuously emerge with an average of 275 new digital startups launching each year since 2011. A record high amount of venture capital - \$1.6 billion – was invested in Chicago startups in 2014 and \$8 billion in acquisitions and IPOs were completed in 2014.

Chicago has long been a center for international business and is currently home to over 1,800 foreign-based companies in the metropolitan area with over \$100 billion in foreign direct investment. In 2014, Chicago was recognized as a top 5 Global Destination City for business. Chicago-based companies, in turn, have a strong international presence, with over 8,000 locations across more than 170 countries and territories.

Business investment and expansion in Chicago continue to grow. Throughout 2014, monthly employment grew and unemployment declined in Chicago, as business expansions across Chicago led to approximately 20,000 new and retained jobs. In fact, more than 600 major business expansions (representing \$6.8 billion in economic development) were announced, commenced, or completed throughout the metropolitan area in 2014, helping Chicago earn the "Top Metro" ranking in the U.S. for the second year in a row. Companies such as Coyote Logistics, Meade Electric, and PECO Pallet expanded in Chicago, helping to bring nearly \$3.0 billion in new investment to the City in 2014.

In addition, Chicago continues to be a destination for both business and leisure travelers, drawn by the City's numerous cultural and recreational attractions, professional sports teams, festivals, museums, parks, restaurants and more. Tourism, business and convention travel to Chicago reached record levels in 2014, with over 50 million visitors to the City, an increase of 6.8% over 2013. This activity continues to be a significant part of the local economy, helping to strengthen small businesses and provide jobs.

Financial Planning and Policies. Each year, the City of Chicago completes an Annual Financial Analysis based on the critical understanding that to protect the health and safety of all Chicagoans, strengthen communities and neighborhoods, maintain infrastructure and public spaces, and foster a vibrant local economy, it must take an informed and long-term approach to financial planning. The Annual Financial Analysis, which is available on the City's website, provides a review of the City's revenues and expenditures over the past 10 years, a forecast of the City's finances for the next three years, and analyses of its reserves, pensions, debt obligations, and capital improvement program.

The City bases its annual budget on an assessment of the available resources for that year and an understanding of the City's service priorities, adopting a balanced budget each year in accordance with the Illinois Municipal Code. As part of the annual budget process, the City evaluates each department's direct and indirect costs in order to accurately assess expenses across City government and strives to maintain a diversified revenue system that is responsive to the changing economy and designed to protect the City from short-term fluctuations in any individual revenue source. The City's financial policies are intended to secure the City's fiscal integrity and health, encourage equitable allocation of costs and resources, identify potential financial risks and options to mitigate them, maximize economic efficiency, and allow sufficient flexibility to consider new fiscal and budgetary strategies.

2014 Budget and Major Initiatives. In 2014, the City built on the structural reforms and efficiencies put into place in previous budgets; made significant investments in the health, safety, and education of the children of Chicago; encouraged job creation and economic development; and continued to improve and increase City services. The City saved funds by instituting healthcare plan changes, reducing the amount of leased office space, and fully transitioning to a grid system for garbage collection. The City continued to invest in infrastructure, replaced 85 miles of water mains and 21 miles of sewer mains and lined 55 miles of sewers and 14,000 structures, including manholes and catch basins. Additionally, 15,000 meters were installed as part of the MeterSave program and construction continued on major pumping station improvements. The City provided funding to improve the transit system with the construction of the Loop Link Bus Rapid Transit route and improvements to the Roosevelt Road Intermodal Transfer Station, the Your New Blue - Blue Line Modernization, and the 18<sup>th</sup> Street connector. Additionally, the City provided funding to help families, with a pilot program to pay out the Earned Income Tax Credit in advanced quarterly payments and an investment in Family Net Centers, which are neighborhood technology training centers open to all residents. Finally, the 2014 Budget made key investments in programs for children, including expanding after school opportunities, summer jobs, digital training at libraries, and vision programs for Chicago Public School students.

Awards and Acknowledgments. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Chicago for its CAFR for fiscal year 2013. This was the twenty-first consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR. This report must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year. We believe our current CAFR continues to meet the GFOA Certificate of Achievement program's requirements, and it has been submitted for consideration for this year's award.

This report could not have been prepared without the dedication and effective help of the staff of the Department of Finance. We wish to express our appreciation to those who contributed to the preparation of this report.

#### INDEPENDENT AUDITORS' REPORT

To the Honorable Rahm Emanuel, Mayor And Members of the City Council City of Chicago, Illinois

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Chicago, Illinois (the "City"), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City's Pension Plans (the "Plans") which, in aggregate, represent substantially all the assets and revenues of the fiduciary funds, included in the aggregate remaining fund information. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Plans, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Chicago, Illinois, as of December 31, 2014, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedule of Other Postemployment Benefits Funding Progress, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Combining Fund Statements, Individual Fund Statements, introductory section and statistical section are presented for the purposes of additional analysis and are not a required part of the basic financial statements.

The Combining and Individual Fund Statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the Combining and Individual Fund Statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and the statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Chicago, Illinois June 30, 2015

Deloitte : Touche LLP

#### Management's Discussion and Analysis

As management of the City of Chicago, Illinois (City) we offer readers of the City's Comprehensive Annual Financial Report (CAFR) this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2014. We encourage the readers to consider the information presented here in conjunction with information that we have furnished in our letter of transmittal, contained within this report.

#### 2014 Financial Highlights

- Liabilities and Deferred Inflows of the City, in the government-wide financial statements, exceeded its assets and deferred outflows at the close of the most recent fiscal year by \$6,536.3 million (net deficit). The net deficit is composed of \$2,742.5 million in net investment in capital assets and \$2,471.0 million in net position restricted for specific purposes offset by an unrestricted deficit of \$11,749.8 million. The net deficit increased in 2014 by \$1,165.2 million primarily as of result of increased pension costs.
- The City's total assets increased by \$1,347.4 million. The increase primarily relates to a \$897.8 million increase in capital assets as a result of the City's capital improvement program, and an increase in cash and cash equivalents and investments of \$548.0 million, primarily as a result of an increase in charges for services, improved collection of receivables, and proceeds from financing to fund capital projects.
- Revenues and Other Financing Sources, in the fund financial statements, available for general governmental
  operations during 2014 were \$6,769.4 million, an increase of \$806.9 million (13.5 percent) from 2013, primarily
  due to the issuance of General Obligation and Motor Fuel tax bonds.
- The General Fund ended 2014 with a total Fund Balance of \$141.3 million, of which \$51.6 million was Unassigned. Total Fund Balance decreased from 2013 primarily because Revenues and Other Financing Sources were less than Expenditures and Other Financing Uses by \$25.5 million.
- The City's general obligation bonds and notes outstanding increased by \$605.3 million during the current fiscal year. The proceeds from the issuance of General Obligation were used to finance the City's capital plan and certain operating expenses.
- The General Fund expenditures on a budgetary basis were \$28.9 million less than budgeted as a result of favorable variances in general government expenditures, offset by unfavorable variances in public safety primarily as a result of higher than expected personnel related expenses.

#### Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which include the following components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements. These components are described below:

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, using accounting methods similar to those used by private-sector companies. The statements provide both short-term and long-term information about the City's financial position, which assists in assessing the City's economic condition at the end of the fiscal year. These financial statements are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. This basically means such statements follow methods that are similar to those used by most businesses. They take into account all revenues and expenses connected with the fiscal year even if cash involved has not been received or paid.

The government-wide financial statements include two statements:

The statement of net position presents information on all of the City's assets, deferred outflows, liabilities, and deferred inflows with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating, respectively. To assess the overall health of the City, the reader should consider additional non-financial factors such as changes in the City's property tax base and the condition of the City's roads.

The statement of activities presents information showing how the government's net position changed during each fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (for example, uncollected taxes, and earned but unused vacation). This statement also presents a comparison between direct expenses and program revenues for each function of the City.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, streets and sanitation, transportation, health, and cultural and recreation. The business-type activities of the City include water, sewer, tollway and airport services.

The government-wide financial statements present information about the City as a primary government, which includes the Chicago Public Library. The government-wide financial statements can be found immediately following this management's discussion and analysis.

**Fund financial statements**. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

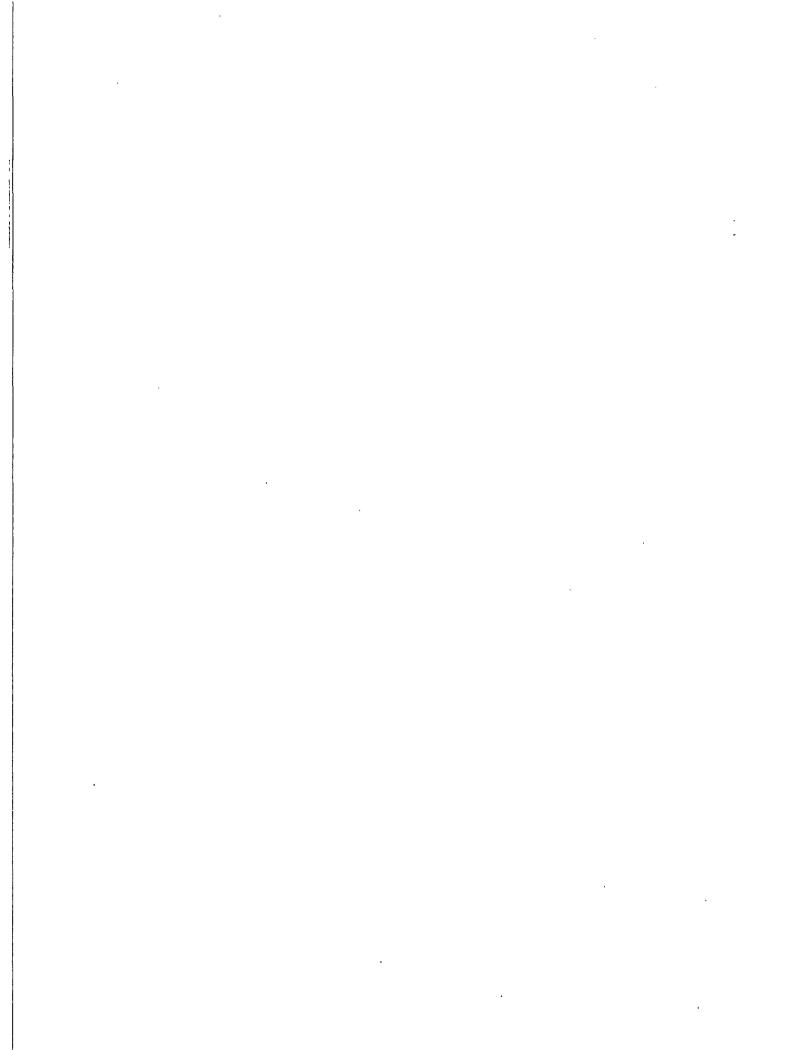

**Governmental funds**. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of a fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between *governmental funds and governmental activities*.

The City maintains 19 individual governmental funds. Information for the six funds that qualify as major is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances. The six major governmental funds are as follows: the General Fund, the Federal, State and Local Grants Fund, the Special Taxing Areas Fund, Service Concession and Reserve Fund, the Bond, Note Redemption and Interest Fund, and the Community Development and Improvement Projects Fund. Data from the other governmental funds are combined into a single, aggregated presentation.

The City adopts an annual appropriation budget for its general and certain special revenue funds on a non-GAAP budgetary basis. A budgetary comparison statement has been provided for the General Fund, the only major fund with an appropriation budget, to demonstrate compliance with this budget. The basic governmental fund financial statements can be found immediately following the government-wide statements.

**Proprietary funds**. These funds are used to show activities that operate more like those of commercial enterprises. Because these funds charge user fees for services provided to outside customers including local governments, they are known as enterprise funds. Proprietary funds, like government-wide statements, use the accrual basis of accounting and provide both long- and short-term financial information. There is no reconciliation needed between the government-wide financial statements for business-type activities and the proprietary fund financial statements. The City uses five enterprise funds to account for its water, sewer, Skyway, and two airports operations.

Proprietary funds provide the same type of information as the government-wide financial statements, but provide more detail. The proprietary fund financial statements provide separate information for the Water Fund, Sewer Fund, Chicago Skyway Fund, Chicago-O'Hare International Airport Fund and the Chicago Midway International Airport Fund. All the proprietary funds are considered to be major funds of the City. The basic proprietary fund financial statements can be found immediately following the governmental fund financial statements.

Fiduciary funds. Fiduciary funds are used primarily to account for resources held for the benefit of parties outside the primary government. The City is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for other assets that, because of a trust arrangement can be used only for the trust beneficiaries. The City also uses fiduciary funds to account for transactions for assets held by the City as agent for various entities. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. All of the City's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. The accounting used for fiduciary funds is much like that used for proprietary funds. The fiduciary fund basic financial statements can be found immediately following the proprietary fund financial statements.

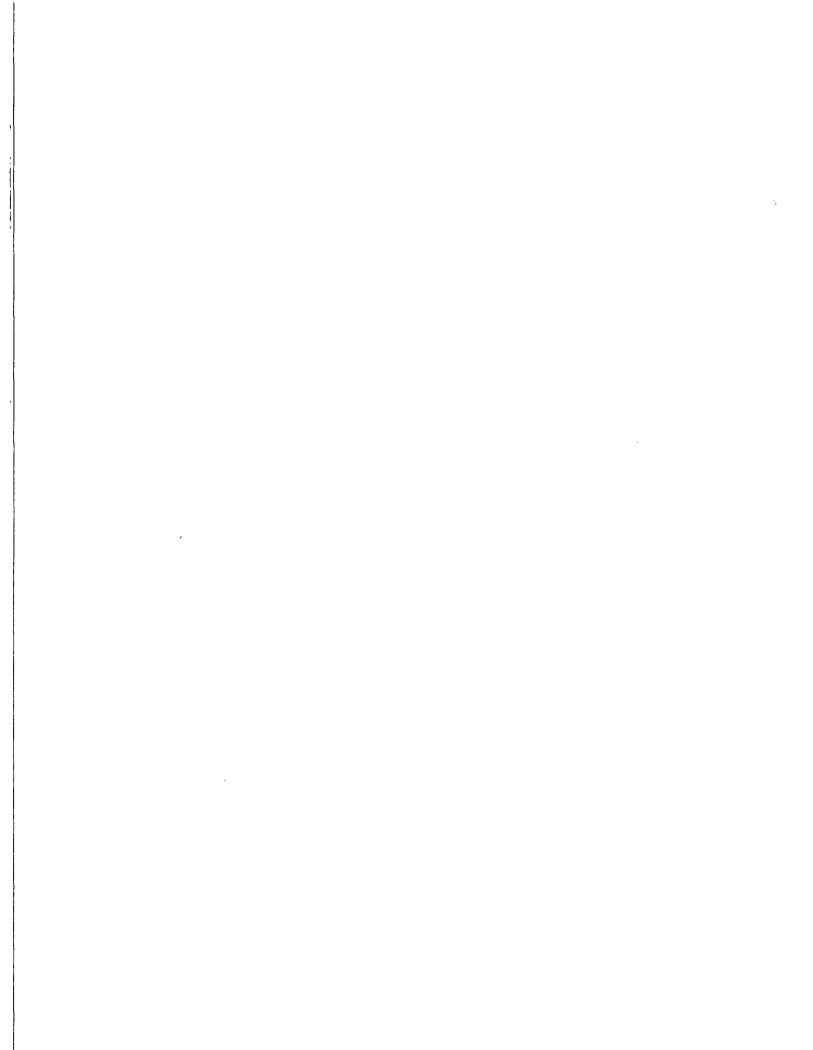

**Notes to the basic financial statements.** The notes provide additional information that is essential for a full understanding of data provided in the government—wide and fund financial statements. The notes to the basic financial statements can be found immediately following the fiduciary fund basic financial statements.

**Additional Information.** The combining statements, which include nonmajor funds, for governmental funds and trust and agency funds are presented immediately following the notes to the basic financial statements.

#### Financial Analysis of the City as a whole

**Net Position**. As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, liabilities and deferred inflows exceeded assets by \$6,536.3 million at December 31, 2014. Of this amount, \$2,742.5 million represents the City's investment in capital assets (land, buildings, roads, bridges, etc.) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities and deferred inflows.

An additional portion of the City's net position, \$2,471.0 million, represents resources that are subject to external restrictions on how they may be used.

#### City of Chicago, Illinois Summary Statement of Net Position (in millions of dollars)

Restricted	1,492.0	1,940.9	979.0	883.8	2,471.0	2,824.7
Unrestricted	(10,564.0)	(9,120.4)	(1,185.8)	(1,278.8)	(11,749.8)	(10,399.2)
Total net (deficit) position	\$ (9,043.3)	\$ (7,422.3)	\$ 2,507.0	\$ 2,051.2	\$ (6,536.3)	\$ (5,371.1)

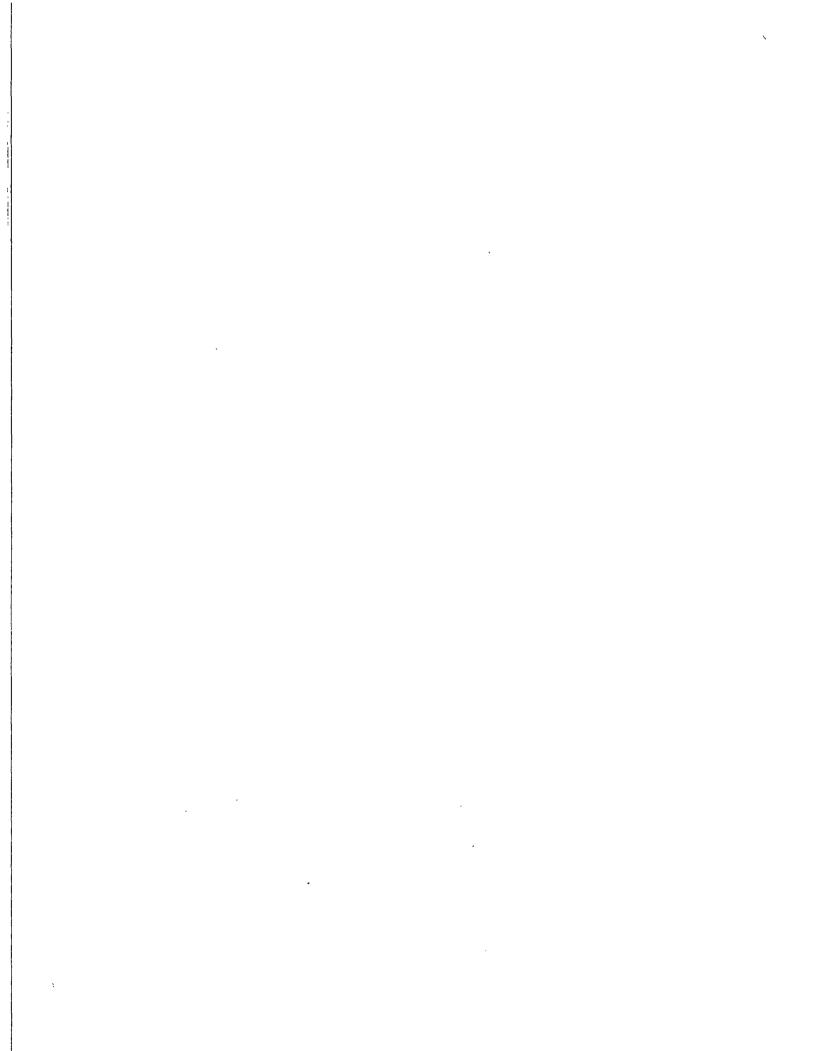

Governmental Activities. Net position of the City's governmental activities decreased \$1,621.0 million to a deficit of \$9,043.3 million, primarily as a result of increased pension costs. A significant portion of net position is either restricted as to the purpose they can be used for or they are classified as net investment in capital assets (buildings, roads, bridges, etc.). Consequently, unrestricted net position showed a \$10,564.0 million deficit at the end of this year. This deficit does not mean that the City does not have the resources available to pay its bills next year. Rather, it is the result of having long-term commitments that are greater than currently available resources. Specifically, the City did not include in past annual budgets the full amounts needed to finance future liabilities arising from personnel, property, pollution and casualty claims (\$900.6 million) and Municipal employees, Laborers', Policemen's and Firemen's net pension obligation and other post-employment benefits (\$8,884.3 million). The City will include these amounts in future years' budgets as they come due. In addition, the remaining deferred inflow of \$1,576.3 million from concession service agreements will be amortized into income over the life of such agreements.

Revenues for all governmental activities in 2014 were \$5,729.1 million, an increase of \$172.8 million from 2013. Over half of the City's revenues derived from taxes which increased by \$98.8 million (3.2 percent). Total tax revenue includes an increase in property taxes received of \$20.1 million (2.2 percent).

Expenses for governmental activities in 2014 were \$7,350.1 million, an increase of \$269.2 million (3.8 percent) over 2013. The amount that taxpayers paid for these governmental activities through City taxes was \$3,191.6 million. Some of the cost was paid by those who directly benefited from the programs (\$819.2 million), or by other governments and organizations that subsidized certain programs with grants and contributions (\$720.6 million).

The City paid \$997.7 million for the "public benefit" portion with other revenues such as state aid, interest and miscellaneous income.

Although total net position of business-types activities was \$2,507.0 million, these resources cannot be used to make up for the deficit in net position in governmental activities. The City generally can only use this net position to finance the continuing operations of the water, sewer, Skyway, and airports activities.

# Expenses and Program Revenues - Governmental Activities (in millions of dollars)

### **Revenues by Source - Governmental Activities**

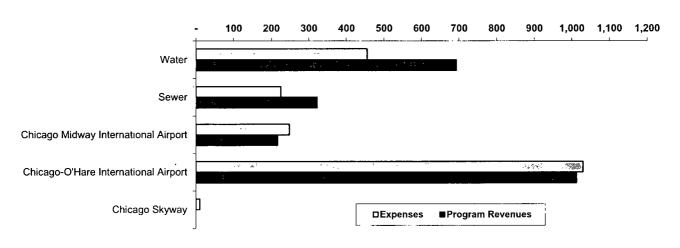

**Business-type Activities.** Total Revenues of the City's business-type activities increased by \$156.6 million in 2014 mostly from an increase in the charges for services and rental income, offset by a decrease in capital grant funding.

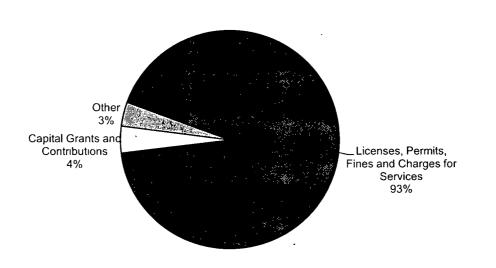

- The Water Fund's operating revenues increased by \$80.9 million (13.2%) from 2013 due to a 15% increase in water rates, offset by the conversion of 20,256 accounts from nonmetered to metered. Operating expenses before depreciation and amortization for the year ended 2014 increased by \$23.5 million (8.6%) from the year ended 2013 mainly due to increases in transmission and distribution expenses of \$14.2 million and central services of \$10.5 million; offset by a decrease in purification costs of \$2.3 million.
- The Sewer Fund's operating revenues increased in 2014 by \$42.5 million (15.2%) primarily due to an increase in sewer rates. Operating expenses before depreciation and amortization for 2014 increased \$9.9 million (9.1%) from the year ended 2013 due to an increase in repairs, general fund reimbursements, maintenance and administrative and general.
- Chicago Midway International Airport's operating revenues for 2014 decreased by \$4.9 million (2.8%) from 2013 primarily due to lower landing fees, and terminal area use charges. Concessions were by \$1.7 million higher than last year due to an increase in auto parking. Total operating expenses before depreciation and amortization were \$8.5 million (7.0%) higher than last year, due to increases in repairs and maintenance, professional and engineering fees, and salaries and wages of \$4.6 million, \$4.1 million, and \$3.8 million, respectively. These increases are offset by a decrease of \$4.0 million in other operating expenses.
- Chicago O'Hare International Airport's operating revenues for 2014 increased by \$126.8 million (17.7%) compared to 2013 primarily due to increased landing fees and terminal area use charges. Operating expenses before depreciation, amortization and capital asset impairment costs increased by \$68.9 million (16.2%) compared to 2013 primarily due to increases in repairs and maintenance, salaries and wages, other operating expenses and professional and engineering fees of \$25.4 million, \$20.8 million, and \$15.7 million, and \$7.0 million, respectively.
- The Chicago Skyway was leased for 99 years to a private company. The agreement granted the company the
  right to operate the Skyway and to collect toll revenue during the term of the agreement. The City received an
  upfront payment of \$1.83 billion of which \$446.3 million was used to advance refund all of the outstanding
  Skyway bonds. The upfront payment is being amortized into nonoperating revenue over the period of the lease
  (\$18.5 million annually).

# **Revenues by Source - Business-type Activities**

#### Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At December 31, 2014, the City's governmental funds reported combined ending fund balances of \$823.3 million, a decrease of \$403.3 million in comparison with the prior year. Of this total amount \$696.1 million was committed to specific expenditures, \$65.2 million was assigned to anticipated uses, a deficit of \$1,791.9 million was unassigned, \$1,829.4 million was restricted in use by legislation, and \$24.5 million was nonspendable.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$51.6 million with a total fund balance of \$141.3 million. As a measure of the General Fund's liquidity, it may be helpful to compare both unassigned fund balance and total fund balance to total fund expenditures. Total General Fund balance represents 4.4 percent of total General Fund expenditures. The fund balance of the City's General Fund decreased by approximately \$25.8 million during the current fiscal year mainly due to an increase in personnel expenditures in public safety. The General Fund also provided \$5.0 million to the Service Concession and Reserve Fund as appropriated for in the 2014 Budget.

The Federal, State and Local Grants Fund has a total deficit fund balance of \$225.0 million. The deficit is \$61.4 million lower than 2013 primarily due to more timely reimbursement of expenditures.

The Special Taxing Areas Fund has a total fund balance of \$1,327.0 million, which is all restricted to specific expenditures.

The Service Concession and Reserve Fund accounts for deferred inflows from nonbusiness type long-term concession and lease transactions and has \$620.9 million committed to specific expenditures. The unassigned deficit of \$1,576.3 million results from the deferred inflows from long-term asset leases.

The Bond, Note Redemption and Interest Fund has a total fund balance of \$26.9 million. This is \$223.9 million lower than 2013 due to reclassification of long-term debt to short term debt during 2014. For more information, please refer to Note 9 to the basic financial statements.

The Community Development and Improvement Projects Fund has a total fund balance of \$347.7 million. This is \$15.9 million lower than 2013 due to increased capital improvement efforts.

**Changes in fund balance.** The fund balance for the City's governmental funds decreased by \$403.3 million in 2014. This includes a decrease in inventory of \$0.3 million.

**Proprietary funds**. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Water, Sewer, Chicago Skyway, Chicago-O'Hare International Airport, and Chicago Midway International Airport Funds at the end of the year amounted to a deficit of \$1,185.8 million. The unrestricted net position deficit decreased by \$93.0 million due to an increase in the unrestricted assets in the Water Fund and Sewer Fund. Other factors concerning the finances of these five funds have already been addressed in the discussion of the City's business-type activities.

· · · · · · · · · · · · · · · · · · ·			

#### **General Fund Budgetary Highlights**

The City's 2014 Original General Fund Budget was \$3,290.2 million. This budget reflects an increase of \$131.2 million (4.2 percent) over the 2013 Budget. On November 26, 2013 the City's 2014 General Fund Budget was approved by the City Council. The General Fund revenues on a budgetary basis were \$28.9 million less than the final budget as a result of lower collection of fines, state income tax, internal service, and licenses and permits revenue offset by higher than expected taxes. Expenditures were \$28.9 million less than budgeted as a result of favorable variances in general government expenditures, offset by unfavorable variances in public safety primarily as a result of higher than expected personnel related expenses. Additional information on the City's budget can be found in Note 3 under Stewardship, Compliance and Accountability within this report.

#### **Capital Asset and Debt Administration**

Capital Assets. The City's capital assets for its governmental and business-type activities as of December 31, 2014 amount to \$22,103.7 million (net of accumulated depreciation). These capital assets include land, buildings and system improvements, machinery and equipment, roads, highways and bridges, and property, plant and equipment.

Major capital asset events during the current fiscal year included the following:

- The City continues its commitment to sustainable design in new construction projects utilizing the Leadership in Energy & Environmental Design (LEED) strategy. Completed construction in 2014 totaled \$28.5 million including; Albany Park Branch Library totaling \$11.9 million and Harold Washington Library totaling \$7.7 million.
- During 2014, \$14.5 million of Architectural Plans and Landscape Drawings (Manuscripts) were donated to the City of Chicago. This was recorded as a donated capital asset addition in Works of Art and Historical Collections.
- During 2014, the City completed \$271.4 million in infrastructure projects including \$141.0 million in street construction and resurfacing projects, \$96.7 million in bridge and viaduct reconstruction projects, and \$33.7 million in street lighting and transit projects. At year end, Infrastructure projects still in process had expenses totaling nearly \$511.2 million.
- At the end of 2014, the Water Fund had \$3,482.2 million invested in utility plant, net of accumulated depreciation.
   During 2014, the Water Fund expended \$364.8 million on capital activities. This included \$16.4 million for structures and improvements, \$62.0 million for distribution plant, \$4.0 million for equipment, and \$282.4 million for construction in progress.
- During 2014, net completed projects totaling \$137.6 million were transferred from construction in progress to applicable capital accounts. The major completed projects relate to installation and replacements of water mains (\$109.4 million), and Jardine Water Purification plant's east building filter roof replacement and structural repair (\$26.3 million).
- At the end of 2014, the Sewer Fund had \$2,025.2 million invested in utility plant, net of accumulated depreciation. During 2014, the Sewer Fund had capital additions being depreciated of \$210.4 million, and completed projects totaling \$16.3 million were transferred from construction in progress to applicable facilities and structures capital accounts. The 2014 Sewer Main Replacement Program completed 21.1 miles of sewer mains and 59.0 miles of relining of existing sewer mains at a cost of \$210.4 million.
- At the end of 2014, Chicago-Midway International Airport totaled \$1,172.3 million, invested in net capital assets. During 2014, the Airport had additions of \$48.4 million related to capital activities. This included \$1.0 million for land acquisition and the balance of \$47.4 million for construction projects relating to terminal improvements, runway rehabilitation and parking improvements.
- At the end of 2014, Chicago-O'Hare International Airport totaled \$6.9 billion, invested in net capital assets. During 2014, the Airport had additions of \$346.7 million related to capital activities. This included \$1.0 million for land acquisition and the balance of \$345.6 million for terminal improvements, road and sidewalk

enhancements, runway and taxiway improvements. During 2014, completed projects totaling \$438.8 million were transferred from construction in progress to applicable buildings and other facilities capital accounts. These major completed projects were related to runway and taxiway improvements, road and sidewalk enhancements and terminal improvements.

Information on the City's capital assets can be found in Note 7 Capital Assets in this report.

**Debt**. At the end of the current fiscal year, the City had \$7,860.4 million in General Obligation Bonds and \$475.1 million in General Obligation Certificates and Other Obligations outstanding. Other outstanding long-term debt is as follows: \$189.7 million in Motor Fuel Tax Revenue Bonds; \$554.1 million of Sales Tax Revenue Bonds; \$74.4 million in Tax Increment Financing Bonds; and \$13,071.6 million in Enterprise Fund Bonds and long-term obligations. For more detail, refer to Note 10 Long-term Obligations in the Basic Financial Statements.

## City of Chicago, Illinois General Obligation and Revenue Bonds (in millions of dollars)

During 2014, the City issued the following:

#### **General Obligation Bonds:**

- General Obligation Bonds, Project and Refunding Series 2014A and Taxable Project and Refunding Series 2014B (\$883.4 million).
- Motor Fuel Tax Revenue Refunding Bonds Series 2013 (\$105.9 million issue of 2014).
- Tax Increment Allocation Revenue Refunding Bonds (Pilsen Redevelopment Project) Series 2014A and 2014B Series Taxable (\$33.4 million).

#### **Enterprise Fund Revenue Bonds and Notes:**

- Chicago-O'Hare International Airport General Commercial Paper Notes (\$51.0 million)
- Chicago Midway International Airport Second Lien Revenue and Revenue Refunding Bonds, Series 2014A (AMT), Series 2014B (Non-AMT), and Series 2014C (AMT) (\$896.5 million).
- Second Lien Water Revenue Bonds, Series 2014 (\$367.9 million).
- Second Lien Wastewater Transmission Revenue Bonds, Series 2014 (\$292.4 million).

At December 31, 2014 the City had credit ratings with each of the three major rating agencies as follows:

		Standard &			
Rating Agency	Moody's	Poors	Fitch	Kroll	
General Obligation: City	Baa1	A+	A-	NR

See Subsequent Events in the footnotes for ratings changes in 2015.

#### **Economic Factors and Next Year's Budgets and Rates**

Local, national, and global economies play a major role in the City's finances and economic growth. In 2014, local and national economies experienced moderate growth and recovery from the economic downturn. Although rising home prices and shrinking inventory slowed the housing market in 2014 and home sales were down 7 percent compared to 2013, median home prices were up 14 percent over 2013. In 2014, nationwide, retail sales grew 4 percent over 2013, with consumer confidence showing consistent improvement. The average national unemployment rate decreased from 7.3 percent in 2013 to 6.2 percent in 2014, and Chicago's unemployment rate was down consistently throughout 2014. Tourism, business, and convention travel to Chicago remained strong in 2014, with amusement tax collections up about 17 percent and hotel tax revenues up about 12 percent from 2013. Additionally, in July 2014, Chicago had over one million occupied hotel rooms; this was the first time this benchmark has ever been reached in a single month.

The City's 2015 General Fund budget, totaling \$3,534 million, was approved by a 46 to 4 vote of City Council on November 19, 2014. The 2015 budget balanced a preliminary budget shortfall of \$297 million by reforming and cutting spending, and improving revenue growth. The 2015 budget balances the City's finances without raising property, sales or gas taxes. At the same time, it makes significant investments in youth, infrastructure, and businesses, as well as in City services, and it continues to build the City's reserves in order to enhance long-term financial stability. The 2015 budget also commits an additional \$5 million to the City's long-term reserves, following provisions of \$20 million in 2012, \$15 million in 2013 and \$5 million in 2014.

#### Requests for Information

This financial report is designed to provide a general overview of the City's finances for all of those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Chicago Department of Finance

## Exhibit 5 CITY OF CHICAGO, ILLINOIS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year Ended December 31, 2014 (Amounts are in Thousands of Dollars)

Amounts reported for governmental activities in the statement of activities are different from amounts reported for governmental funds in the statement of revenues, expenditures and changes in fund balances because:

Net change in fund balances - total governmental funds	\$	(402,965)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the		
amount by which capital outlays exceeded depreciation in the current period		303,167
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds		(155,112)
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. This is the amount by which proceeds exceeded repayments		(115,625)
Certain expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as		(4.050.400)
expenditures in governmental funds		(1,250,462)
Change in the net position of governmental activities	Ф	(1,620,997)

## 1) Summary of Significant Accounting Policies

The City of Chicago (City), incorporated in 1837, is a "home rule" unit under State of Illinois (State) law. The City has a mayor-council form of government. The Mayor is the Chief Executive Officer of the City and is elected by general election. The City Council is the legislative body and consists of 50 members, each representing one of the City's 50 wards. The members of the City Council are elected through popular vote by ward for four-year terms.

The accounting policies of the City are based upon accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). Effective January 1, 2014, the City adopted the following GASB Statements:

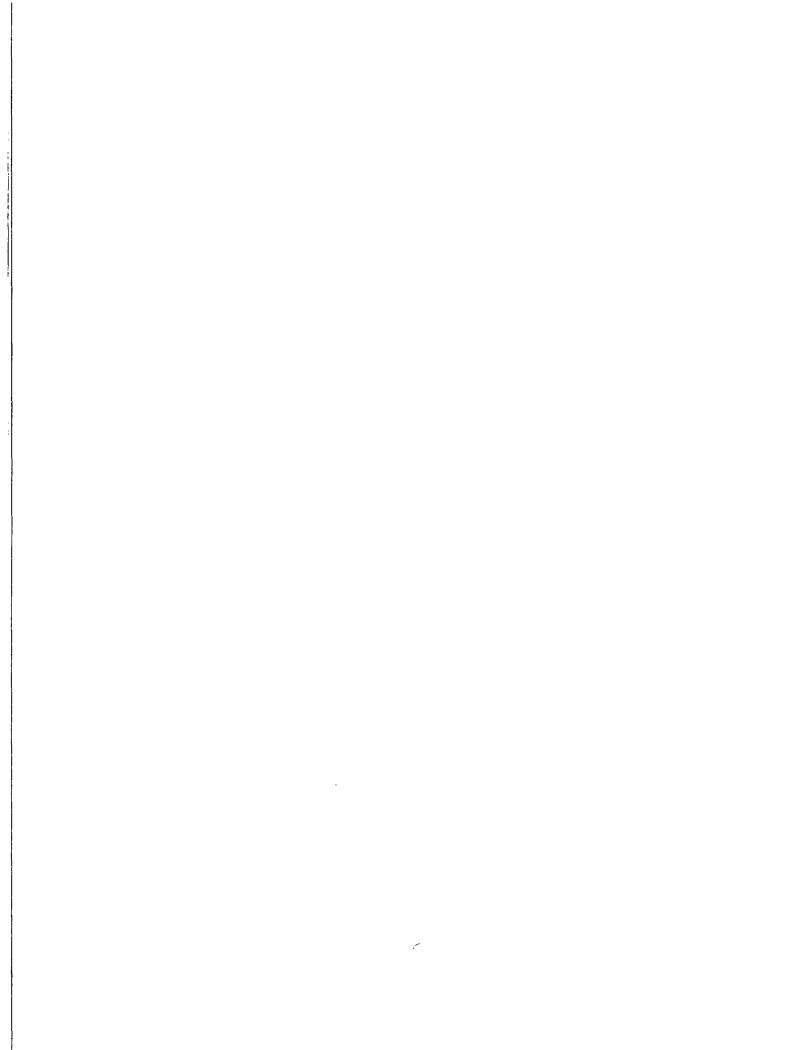

GASB Statement No. 67, Financial Reporting for Pension Plans, an amendment of GASB No. 25 ("GASB 67"), was established to provide improved financial reporting by state and local government pension plans. The Pension Plans (as defined below in subsection a) adopted GASB No. 67 during the year ended December 31, 2014.

GASB Statement No. 69, Government Combinations and Disposals of Government Operations ("GASB 69"), establishes accounting and financial reporting standards related to government combinations and disposals of government operations. The City adopted GASB 69 for the year ended December 31, 2014. GASB 69 requires disclosures to be made about government combinations and disposals of government operations to enable financial statement users to evaluate the nature and financial effects of those transactions. There was no impact on the City's Financial Statements as a result of the implementation of GASB 69.

GASB Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees ("GASB 70"), establishes accounting and financial reporting standards for financial guarantees that are nonexchange transactions (nonexchange financial guarantees) extended or received by a state or local government. The City adopted GASB 70 during the year ended December 31, 2014. GASB 70 requires a government that has issued an obligation guaranteed in a nonexchange transaction to report the obligation until legally released as an obligor. This Statement also requires a government that is required to repay a guarantor for making a payment on a guaranteed obligation or legally assuming the guaranteed obligation to continue to recognize a liability until legally released as an obligor. When a government is released as an obligor, the government should recognize revenue as a result of being relieved of the obligation. This Statement also provides additional guidance for intra-entity nonexchange financial guarantees involving blended component units and requires disclosures to be made about government combinations and disposals of government operations to enable financial statement users to evaluate the nature and financial effects of those transactions. There was no impact on the City's Financial Statements as a result of the implementation of GASB 70.

Other accounting standards that the City is currently reviewing for applicability and potential impact on the financial statements include:

GASB Statement No. 68, Accounting and Financial Reporting for Pensions ("GASB 68"), establishes new financial reporting requirements for most governments that provide their employees with pension benefits through these types of plans. GASB 68 will be effective for the City beginning with its year ending December 31, 2015. GASB 68 replaces the requirements of GASB Statement No. 27, Accounting for Pensions by State and Local Governmental Employers and GASB Statement No. 50, Pension Disclosures, as they relate to governments that provide pensions through pension plans administered as trusts or similar arrangements that meet certain criteria. GASB 68 requires governments providing defined benefit pensions to recognize their long-term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. The Statement also enhances accountability and transparency through revised and new note disclosures and required supplementary information (RSI). As of December 31, 2014, the City reported a net pension obligation of \$8.6 billion on the statement of net position and disclosed within Note 11 a combined unfunded actuarial accrued liability for all of the pension plans of \$19.7 billion in accordance with GASB Statement No. 27. During 2014, the Pension Plans (as defined below

in subsection a) implemented GASB Statement No. 67, Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25, and disclosed a combined net pension liability of \$20.1 billion. The City has not yet determined the impact, if any, GASB 68 will have on the enterprise fund financial statements.

GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68 ("GASB 71"), relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. GASB 71 will be effective for the City beginning with its year ending December 31, 2015. This Statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability and requires that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts.

GASB Statement No. 72 Fair Value Measurement and Application ("GASB 72"), addresses accounting and financial reporting issues related to fair value measurements. GASB 72 will be effective for the City beginning with its year ending December 31, 2016. This Statement provides guidance for determining a fair value measurement for financial reporting purposes and the related disclosures. This Statement requires a government to use valuation techniques that are appropriate under the circumstances and for which sufficient data are available to measure fair value. This Statement establishes a hierarchy of inputs to valuation techniques used to measure fair value. This Statement also requires disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques.

a) Reporting Entity - The City includes the Chicago Public Library. The financial statements for the City have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), applicable to governmental units, as required by the Municipal Code of Chicago (Code).

The City's financial statements include the following legal entities as fiduciary trust funds:

<u>The Municipal Employees' Annuity and Benefit Fund of Chicago</u> is governed by a five-member board: three members are elected by plan participants and two are members ex-officio.

<u>The Laborers' and Retirement Board Employees' Annuity and Benefit Fund of Chicago</u> is governed by an eight-member board: two members are elected by plan participants, two are members ex-officio, two members are appointed by the City Department of Human Resources, one member is elected by retired plan participants and one member is elected by the local labor union.

<u>The Policemen's Annuity and Benefit Fund of Chicago</u> is governed by an eight-member board: four members are elected by plan participants and four are appointed by the Mayor.

<u>The Firemen's Annuity and Benefit Fund of Chicago</u> is governed by an eight-member board: four members are elected by plan participants and four are members ex-officio.

Financial statements for each of these four pension plans (collectively, "Pension Plans") may be obtained at the respective fund's office.

Related Organizations - City officials are responsible for appointing a voting majority of the members of the boards of other organizations, but the City's accountability for these organizations does not extend beyond making appointments and no financial accountability or fiscal dependency exists between the City and these organizations. Therefore, the Chicago Park District, Chicago Public Building Commission, Chicago Public Schools, Community College District No. 508, Chicago Housing Authority and the Chicago Transit Authority are deemed to be related organizations.

b) Government-wide and fund financial statements - The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities

of the government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identified with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

c) Measurement focus, basis of accounting, and financial statement presentation - The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 90 days of the end of the current fiscal period with the exception of property tax revenue, which is recorded as deferred inflows unless taxes are received within 60 days subsequent to year-end. Licenses and permits, charges for services and miscellaneous revenues are not considered to be susceptible to accrual and are recorded as revenues when received in cash. All other revenue items are considered to be measurable and available only when cash is received by the City. Expenditures generally are recorded when a liability is incurred, as under accrual basis of accounting, except for interest and principal on long-term debt, the long-term portion of compensated absences, claims and judgments and pension obligations.

The City reports the following major governmental funds:

**The General Fund** is the City's primary operating fund. It accounts for and reports all financial resources not accounted for and reported in another fund.

**Federal, State and Local Grants Fund** accounts for the expenditures for programs, which include general government, health, public safety, transportation, aviation, cultural and recreational, and capital outlays. The majority of revenues are provided by several agencies of the Federal government, departments of the Illinois State government and City resources.

**Special Taxing Areas Fund** accounts for expenditures for special area operations and maintenance and for redevelopment project costs as provided by tax levies on special areas.

Service Concession and Reserve Fund accounts for monies committed for mid and long term uses. The Mid-term portion is subject to appropriation for neighborhood human infrastructure programs, health, and other initiatives, whereas the Long-term portion is committed for future budgetary and credit rating stabilization. These reserves were created as a result of the Skyway Lease and Parking Meter System transactions. The deferred inflows result from long-term concession and lease transactions whose proceeds are recognized as revenue over the term of the agreements.

**Bond, Note Redemption and Interest Fund** accounts for the expenditures for principal and interest as provided by property tax, utility tax, sales tax, transportation tax, and investment income.

Community Development and Improvement Projects Funds account for proceeds of debt used to acquire property, finance construction, and finance authorized expenditures and supporting services for various activities.

Within the governmental fund types, fund balances are reported in one of the following classifications:

**Nonspendable** – includes amounts that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

**Restricted** - includes amounts that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

**Committed** – includes amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority (i.e, City Council); to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint. The City's highest level of decision-making authority is held by the City Council. The City Council passes Ordinances to commit their fund balances.

Assigned - includes amounts that are constrained by the City's intent to be used for specific purposes, but that are neither restricted nor committed. Intent is expressed by: a) the City Council itself; or b) a body or official to which the City Council has delegated the authority to assign amounts to be used for specific purposes. The Budget Director or Comptroller have authority to assign amounts related to certain legal obligations outside of the appropriation process within the General Fund. Within the other governmental fund types (special revenue, debt service, and capital projects) resources are assigned in accordance with the established fund purpose and approved appropriation. Residual fund balances in these fund types that are not restricted or committed are reported as assigned.

**Unassigned** – includes the residual fund balance that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

The City reports the following major proprietary funds as business-type activities:

Water Fund accounts for the operations of the Chicago Water System (Water). The Water system purifies and provides Lake Michigan water for the City and 125 suburbs. The Water Fund operates two water treatment facilities and 12 pumping stations with a combined pumping capacity of 3,661 million gallons per day.

**Sewer Fund** accounts for the operations of the Wastewater Transmission System (Sewer). The Sewer system transports wastewater to the Metropolitan Water Reclamation District of Greater Chicago for processing and disposal. This service is provided for the residents and businesses of the City and certain suburban customers.

**Chicago Midway International Airport Fund** records operations of Chicago Midway International Airport (Midway) that provides regional travelers with access to airlines that generally specialize in low-cost, point-to-point, origin and destination passenger services. Midway Airport is conveniently located 10 miles from downtown Chicago.

Chicago-O'Hare International Airport Fund records operations of Chicago-O'Hare International Airport (O'Hare), the primary commercial airport for the City. The airlines servicing the airport operate out of four terminal buildings. Three domestic terminal buildings, having a total of 169 gates, serve domestic flights

and certain international departures. The International Terminal, having a total of 20 gates and five remote aircraft parking positions, serves the remaining international departures and all international arrivals requiring customs clearance.

Chicago Skyway Fund records operations of the Chicago Skyway (Skyway) which provides vehicle passage across the Calumet River, between the State of Indiana and the State of Illinois (State) through the operation of a tollway which consists of a 7.8-mile span connecting the Dan Ryan Expressway to the Indiana Toll Road. Facilities include a single toll plaza consisting of a central office, maintenance garage and toll collection area. In January 2005, the City entered into a long-term Concession and Lease Agreement of the Skyway, granting a private company the ability to operate and to collect toll revenue during the 99-year term of the agreement. The City received a one-time upfront payment of \$1.83 billion.

Additionally, the City reports the following fiduciary funds:

**Pension Trust Funds** report expenditures for employee pensions as provided by employee and employer contributions and investment earnings.

**Agency Funds** account for transactions for assets held by the City as agent for certain activities or for various entities. Payroll deductions and special deposits are the primary transactions accounted for in these funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payment-in-lieu of taxes and other charges between the City's water, sewer, airports and skyway funds. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods and services, or privileges provided, or fines, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Certain indirect costs have been included as part of the program expenses reported for the various functional activities.

In the fund financial statements, proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer funds are charges to customers for sales and services. The airport funds' principal operating revenues are derived from landing fees and terminal use charges as well as rents and concessions. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources, as they are needed.

The preparation of financial statements in conformity with GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

	•		
-			
		,	

- d) Assets, liabilities, deferred inflows, deferred outflows, and net position or equity
  - i) Cash, Cash Equivalents and Investments generally are held with the City Treasurer as required by the Code. Interest earned on pooled investments is allocated to participating funds based upon their average combined cash and investment balances. Due to contractual agreements or legal restrictions, the cash and investments of certain funds are segregated and earn and receive interest directly. The City uses separate escrow accounts in which certain tax revenues are deposited and held for payment of debt. The Code permits deposits only to City Council-approved depositories, which must be regularly organized state or national banks and federal and state savings and loan associations, located within the City, whose deposits are federally insured.

Investments authorized by the Code include interest-bearing general obligations of the City, State and U.S. Government; U.S. Treasury bills and other noninterest-bearing general obligations of the U.S. Government purchased in the open market below face value; domestic money market funds regulated and in good standing with the Securities and Exchange Commission and tax anticipation warrants issued by the City. The City is prohibited by ordinance from investing in derivatives, as defined, without City Council approval. The City values its investments at fair value or amortized cost. U.S. Government securities purchased at a price other than par with a maturity of less than one year are reported at amortized cost.

The City's four retirement plans are authorized to invest in bonds, notes, and other obligations of the U.S. Government; corporate debentures and obligations; insured mortgage notes and loans; common and preferred stocks; stock options; real estate; and other investment vehicles as set forth in the Illinois Compiled Statutes. These investments are reported at fair value.

Repurchase agreements can be purchased only from banks and certain other institutions authorized to do business in the State. The City Treasurer requires that securities that are pledged to secure these agreements have a fair value equal to the cost of the repurchase agreements plus accrued interest.

Investments generally may not have a maturity date in excess of ten years from the date of purchase. Certain other investments are held in accordance with the specific provisions of applicable ordinances.

Cash equivalents include certificates of deposit and other investments with maturities of three months or less when purchased.

Deficit cash balances result in interfund borrowings from the aggregate of funds other than escrowed funds. Interest income and expense are generally not recognized on these interfund borrowings.

State statutes and the City's Pension Plans' policies permit lending Pension Plan securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. Securities lent at year-end for cash collateral are presented as not categorized in the schedule of custodial credit risk; securities lent for securities collateral are classified according to the category for the collateral.

ii) Receivables and Payables activity between funds are representative of services rendered, outstanding at the end of the fiscal year, and are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown net of an allowance for uncollectibles. The allowance is based on historical trends. The estimated value of services provided but unbilled at year-end has been included in receivables.

- iii) Inventory includes government-wide inventories, which are stated at cost determined principally, using the average cost method. For proprietary funds, the costs of inventories are recorded as expenses when used (consumption method). Governmental fund inventories are accounted for using the purchases method and represent nonspendable resources because they do not represent expendable available financial resources.
- iv) Assets Held for Resale includes land and buildings of \$4.1 million, recorded at lower of cost or market in the Federal, State and Local Grant Funds. These assets are purchased through the use of federal grants and City resources and are intended to be resold.
- v) Restricted Assets include certain proceeds of the City's enterprise fund revenue bonds, as well as certain resources set aside for their repayment. These assets are classified as restricted or committed in the basic financial statements because they are maintained in separate bank accounts and their use is limited by applicable bond covenants or specific City Council action.

The Water and Sewer funds maintain Rate Stabilization Accounts where any net revenues remaining after providing sufficient funds for all required deposits in the bond accounts may be transferred upon the direction of the City to be used for any lawful purpose of the specific fund.

The O'Hare and Midway funds maintain Passenger Facility Charge accounts as restricted as they are subject to Federal Aviation Administration regulation and approval, to finance specific eligible capital and debt related activities.

vi) Capital Assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets, or a network of assets, with an initial cost of more than \$5,000 (not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalization value of the assets constructed. The total interest expense (Governmental and Business Activities) incurred by the City during the current fiscal year was \$1,184.7 million, of which \$83.8 million was capitalized as part of the capital assets under construction projects in proprietary funds.

Property, plant, and equipment of the City are depreciated using the straight-line method, in the year subsequent to acquisition or when placed into service, over the following estimated useful lives:

Utility plant	25 -	100 years
Utility structures and improvements		100 years
Buildings and improvements		40 years
Airport runways, aprons, tunnels, taxiways, and paved roads	5 -	30 years
Bridge infrastructure	10 -	40 years
Lighting infrastructure		25 years
Street infrastructure		25 years
Transit infrastructure		40 years
Equipment (vehicle, office, and computer)		20 years

The City has a collection of artwork and historical treasures presented for public exhibition and education that are being preserved for future generations. The proceeds from sales of any pieces of the collection are used to purchase other acquisitions. A portion of this collection is not capitalized or depreciated as part of capital assets.

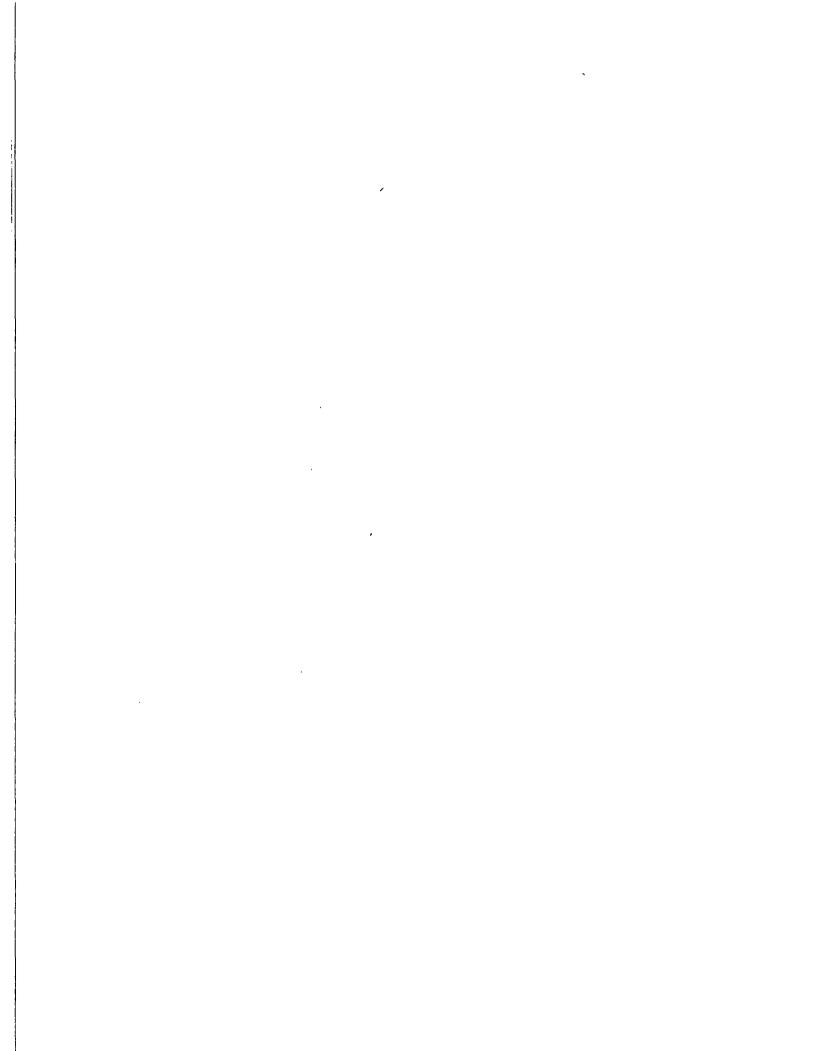

- vii) Deferred Outflows represent the fair value of derivative instruments that are deemed to be effective hedges and unamortized loss on bond refundings.
- viii) Employee Benefits are granted for vacation and sick leave, workers' compensation and health care. Unused vacation leave is accrued and may be partially carried over for one year. Sick leave is accumulated at the rate of one day for each month worked, up to a maximum of 200 days. Severance of employment terminates all rights to receive compensation for any unused sick leave. Sick leave pay is not accrued. Employee benefit claims outstanding, including claims incurred but not reported, are estimated and recorded in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Employees are eligible to defer a portion of their salaries until future years under the City's deferred compensation plan created in accordance with Internal Revenue Code Section 457. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. Third-party administrators who maintain the investment portfolio administer the Plan. The plan's assets have been placed in trust accounts with the plan administrators for the exclusive benefit of participants and their beneficiaries and are not considered assets of the City.

The City is subject to the State of Illinois Unemployment Compensation Act and has elected the reimbursing employer option for providing unemployment insurance benefits for eligible former employees. Under this option, the City reimburses the State for claims paid by the State. Expenditures for workers' compensation are recorded when paid in the governmental funds. A liability for these amounts is recorded in the government-wide and proprietary fund financial statements.

- ix) Judgments and claims are included in the government-wide financial statements and proprietary fund types. Uninsured claim expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. In the fund financial statements, expenditures for judgments and claims are recorded on the basis of settlements reached or judgments entered within the current fiscal year. Amounts that related to deferred compensatory time and reserves for questioned costs are treated the same way.
- x) Long-term obligations are included in the government-wide financial statements and proprietary fund types in the fund financial statements. Long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the related debt, except in the case of refunding debt transactions where the amortization period is over the term of the refunding or refunded debt, whichever is shorter.

The City enters into interest rate swap agreements to modify interest rates and/or cash flows on outstanding debt. For existing swaps, the net interest expenditures resulting from these arrangements are recorded as interest expense. The fair value of derivative instruments that are deemed to be effective is accounted for as deferred outflows. Derivative instruments that are deemed not effective are adjusted to fair value with the change in fair value recorded to investment earnings. Under certain bond ordinances adopted by the City Council, interest rate swaps and swaptions are authorized to be entered into by designated City officials in connection with certain bonds issued by the City. For swaps related to O'Hare Bonds, airline approval is also required before entering into a swap agreement.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received and discounts given on debt issued are reported as other financing sources or uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

Certain debt obligations are to be paid from sales tax, motor fuel or special area taxes.

#### **Pension**

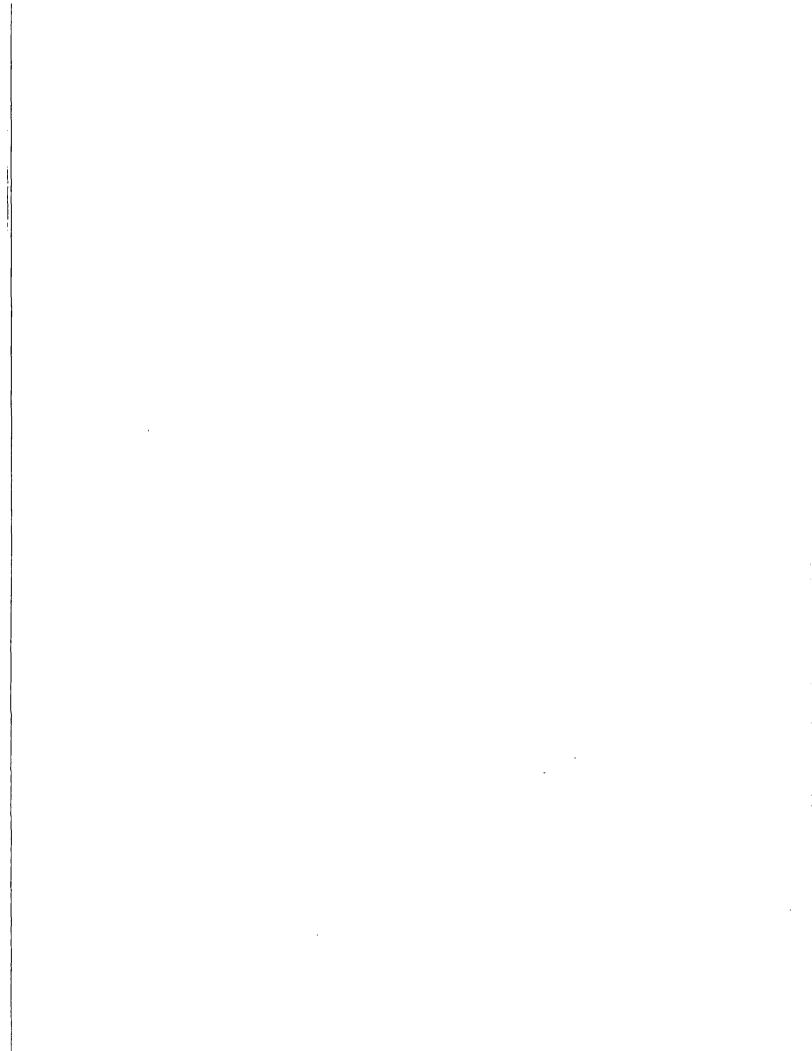

The City's contributions to the four Pension Plans primarily serving City employees are set by State law. In recent years, the total contributions have been lower than the actuarially required amounts for the Plans, which has served to increase the Plans' unfunded actuarial accrued liabilities. Recurring cash inflows from all sources to the Plans (including City contributions, employee contributions, and investment earnings) have been lower than the cash outlays of the Plans in some recent years. As a result, the Plans have liquidated investments and used assets of the Plans to satisfy their respective current payment obligations in those years. The use of assets by the Plans for these purposes reduces the amount of assets on hand to pay benefits or earn investment returns in the future.

Current State law for the Policemen's and Firemen's Plans, known as Public Act 96-1495 (P.A. 96-1495), requires the City to significantly increase contributions to those Plans beginning in 2016. In each year, the City must contribute the amount needed for each Plan to achieve a 90% Funded Ratio by the end of 2040. Under the enacted State legislation for the Municipal Employees' and Laborers' Plans, known as Public Act 98-641 (P.A. 98-641), the City is required to significantly increase contributions to those two Plans beginning in 2016. During the period 2016 through 2020, the City's contributions to the Municipal Employees' and Laborers' Plans increase by statutorily determined amounts which are not based on actuarial calculations. Beginning in 2021, P.A. 98-641 requires the City to contribute in each year to the Municipal Employees' and Laborers' Plans the amount needed for each Plan to achieve a 90% Funded Ratio by the end of 2055. P.A. 98-641 also makes certain modifications to the automatic annual increases paid to retirees and requires increases in employee contributions toward the cost of their retirement benefits. P.A. 98-641 is currently subject to challenge in a lawsuit alleging its unconstitutionality.

Senate Bill 777 ("SB 777"), an amendment to P.A. 96-1495, passed both houses of the Illinois General Assembly as of May 31, 2015. SB 777 institutes a Phase-in Period until 2020 and a Revised Amortization Period to 2055. A Revised Amortization Period would reduce the annual funding obligation required to reach a 90% Funded Ratio, but extend the number of years over which such payments would need to be made. Enactment of a Phase-in Period would reduce the City's required payment in the initial years to allow for a more gradual phase-in of the requirements of P.A. 96-1495. Although SB 777 has passed both chambers of the Illinois General Assembly, a motion to reconsider the vote on SB 777 has been filed in the Illinois Senate, and accordingly, SB 777 has not been sent to the Governor for consideration. The City makes no representation as to whether SB 777 will be enacted.

### Liquidity

The City's general obligation bonds, sales tax revenue bonds and motor fuel tax revenue bonds were downgraded by Moody's, Standard & Poor's and Fitch Ratings in May 2015. Moody's cited in its rating action the Illinois Supreme Court's decision on May 8, 2015, which found the State Pension Reform Act unconstitutional, as limiting the City's options for addressing its unfunded pension liabilities. Moody's downgraded the City's general obligation, sales tax revenue and motor fuel tax revenue credits to Ba1. Moody's indicated that further downgrades could follow upon the occurrence of any of the following: (a) a determination by a court of law that P.A. 98-641 is unconstitutional; (b) continued growth in the debt and/or unfunded pension liabilities of the City and overlapping governments; and (c) narrowing of the City's fund balances and liquidity. At the same time, Moody's downgraded the City's Water senior lien revenue bonds from A2 to Baa1, the Water second lien revenue bonds from A3 to Baa2 and the City's Wastewater senior lien bonds from A3 to Baa2 and the Wastewater second lien revenue bonds from Baa1 to Baa3, each with a negative outlook.

In May 2015, Standard and Poor's downgraded the rating of the City's general obligation bonds to A-from A+, Water senior lien and Wastewater senior lien revenue bonds to A from AA, and Water second lien revenue bonds and Wastewater second lien revenue bonds to A-from AA-.

In May 2015, Fitch Ratings downgraded the rating of the City's general obligation bonds and sales tax revenue bonds to BBB+ from A-.

The rating actions by Standard & Poor's and Fitch, in part, cited the Moody's rating action and the resulting uncertainty regarding the City's liquidity position.

Due to the Moody's downgrade of the City's general obligation credit to Ba1 (below investment grade) from Baa2, an event of default was triggered under credit agreements the City had entered into with certain banks to provide letters of credit supporting the City's general obligation debt (including the general obligation variable rate demand bonds) and to provide letters of credit or revolving lines of credit for the City's general obligation commercial paper notes and line of credit facilities, which consisted of general obligation revolving lines of credit from four banks and two series of general obligation commercial paper notes (one series backed by a letter of credit from Wells Fargo Bank and the other series backed by a letter of credit from Bank of Montreal). Upon the event of default, the banks providing letters of credit for the general obligation debt as well as the banks supporting the commercial paper/line of credit program had the right to demand immediate repayment of amounts owed under their credit agreements. The Moody's downgrade also resulted in a termination event under the City's existing interest rate swaps on its general obligation variable rate bonds; pursuant to those swap agreements, the swap counterparties had the right to set an early termination date for the swaps and demand a termination payment from the City.

Shortly after the Moody's downgrades and resulting event of default/termination event, the City terminated the letter of credit from Wells Fargo Bank; there were no commercial paper notes outstanding secured by that letter of credit. With respect to the other banks supporting the commercial paper/line of credit program, the banks providing letters of credit for the City's general obligation debt, and the counterparties on the interest rate swaps for its general obligation variable rate bonds, the City entered into forbearance agreements pursuant to which the affected banks agreed to temporarily forbear from exercising their respective rights resulting from the event of default/termination event. In May and June 2015, the City converted (\$674 million) and/or redeemed (\$132 million) all of its general obligation variable rate bonds and converted sales tax variable rate revenue bonds (\$112 million) to long-term fixed rate bonds and terminated the associated letters of credit and interest rate swaps (termination payment of \$221 million) for those bonds. For the agreements with the banks supporting the commercial paper/line of credit program, the forbearance agreements (\$849 million) extend to September 30, 2015, but can terminate earlier if: (i) there are any other events of default by the City under the related credit agreements, (ii) there are further downgrades of the rating on the City's general obligation bonds, or (iii) the forbearance period in one of the other forbearance agreements terminates prior to its scheduled end date. The City plans to issue long-term general obligation fixed rate bonds in mid-2015 to repay most of the outstanding amounts under the commercial paper/line of credit program.

With respect to the City's Series 2000 and Series 2004 Water Second Lien Revenue Bonds, the downgrades triggered defaults under certain credit and/or liquidity facilities, and for the Series 2008C Wastewater Second Lien Revenue Bonds, certain continuing covenant agreements with those bondholders. The Moody's downgrades also triggered termination events under interest rate swap agreements relating to these bonds. In response to the triggering of these defaults and termination events, the City entered into forbearance agreements with the holders of its Series 2008C Wastewater Second Lien Revenue Bonds (\$332 million) to June 30, 2016; and amended and/or transferred the interest rate swap agreements for its Water Second Lien Revenue Bonds (estimated termination value of \$125 million) and its Wastewater Second Lien Revenue Bonds (estimated termination value of \$75 million) to remove such termination event from the swap agreements prior to any demand being made for a termination payment by the counterparties; and obtained a waiver of the event of default from the provider of a letter of credit relating to the Series 2000 Water Second Lien Revenue Bonds. With respect

,	·		
	·		

to the forbearance agreements with the holders of the Series 2008C Wastewater Second Lien Revenue Bonds, the forbearance period under each of those forbearance agreements extends to June 30, 2016, but can terminate earlier if: (i) there are any other events of default by the City under the related continuing covenant agreements, (ii) there are further downgrades of the rating on the Wastewater Second Lien Bonds, or (iii) the forbearance period in one of the other forbearance agreements for the Wastewater Second Lien Bonds terminates prior to its scheduled end date. With respect to the Series 2008C Water and Wastewater swap agreements, a ratings downgrade below Baa3 on the Second Lien Revenue Bonds for each of the respective credits would trigger a termination event with respect to the related swap agreement. With respect to the Water credit and/or liquidity facilities, a ratings downgrade below Baa3 on the Water Second Lien Revenue Bonds would trigger an event of default.

The City believes its expected revenues along with current assets are sufficient to fund its operations on a continuing basis, through 2015 and beyond, notwithstanding the City's plans to issue additional bonds in 2015.

- xi) Deferred inflows represent amounts to be recognized as revenue on a straight line basis over the life of the related long-term lease and concession agreements. In the fund financials, grants that meet all of the eligibility criteria except for time availability and property taxes levied for a future period are also included in deferred inflows.
- xii) Fund equity in the government-wide statements is classified as net position and displayed in three components:
  - (1) Net investement in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or any other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
  - (2) Restricted net position Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or are legally restricted through constitutional provisions or enabling legislation.
    - Restricted net position for business activities are provided in Exhibit 7, Statement of Net Position, Proprietary Funds.
  - (3) Unrestricted All other net positions that do not meet the definition of "restricted" or "net investement in capital assets."
- 2) Reconciliation of Government-wide and Fund Financial Statements
  - a) Explanation of certain differences between the governmental funds balance sheet and the government-wide statement of net position.
    - i) The governmental funds balance sheet includes a reconciliation between fund balance total governmental funds and net position governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that "Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds." The details of this \$1,242.8 million are as follows (dollars in thousands):

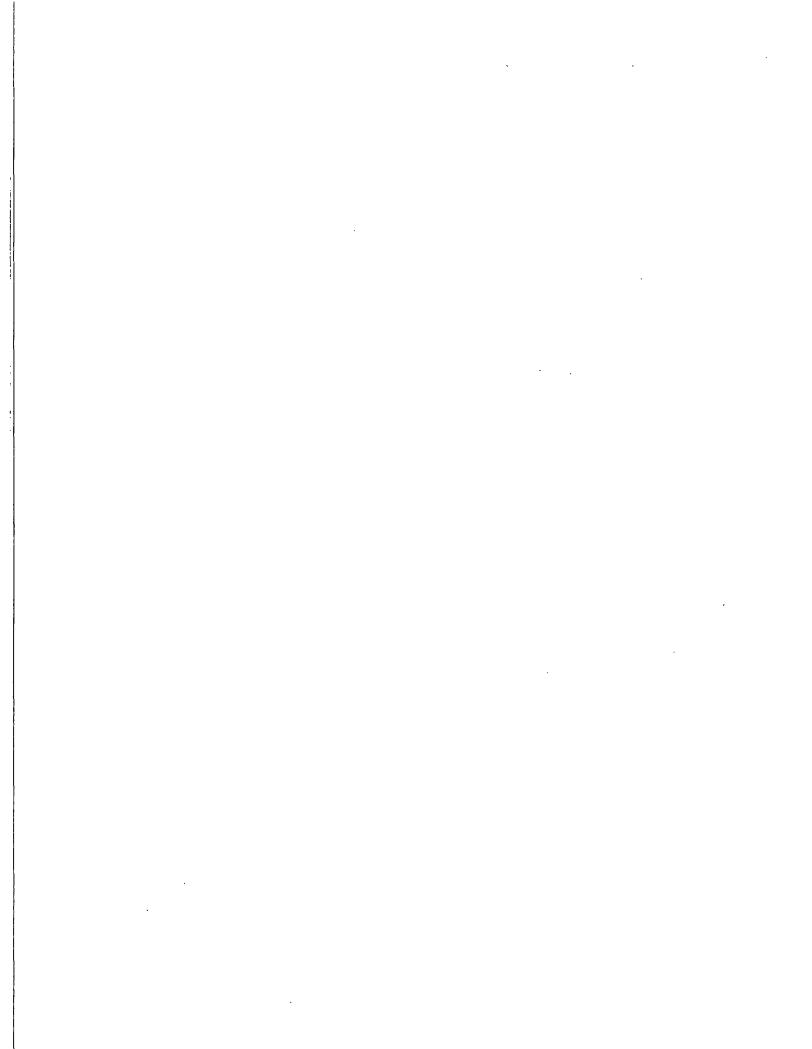

<u>259,140                                    </u>
242.756

ii) Another element of that reconciliation explains that "Certain liabilities and deferred outflows, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds." The details of this \$19,390.5 million are as follows (dollars in thousands):

Long-term liabilities: Total bonds, notes and certificates payable Pension and other postemployment benefits Lease obligation Pollution remediation. Claims and judgments	\$ 9,606,475 8,884,304 116,858 8,532 900,616
Total Long-term liabilities	19,516,785
Accounts payable - infrastructure retainage  Bonds, notes and other obligations payable current  Other assets - issuance costs (bond insurance)  Deferred outflows-unamortized loss on refunding  Accrued interest  Derivative instrument liability  Accrued and other liabilities - compensated absences	15,272 (86,059) (16,033) (158,102) 2,330 25,538 90,860
Net adjustment to reduce fund balance - total governmental funds - to arrive at net position - governmental activities	\$ 19,390,591

- b) Explanation of certain differences between the governmental funds' statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.
  - i) The governmental funds statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances total governmental funds and changes in net position governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statements of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$303.2 million are as follows (dollars in thousands):

Capitalized asset expenditures	\$ 656,672
Donated assets	14,476
Depreciation expense	(367,845)
Loss - disposal of equipment	 (136)
Net adjustment to increase net changes in fund balances - total governmental funds - to arrive at	
	\$ 303,167

ii) Another element of that reconciliation states that "Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position." The details of this decrease of \$115.6 million are as follows (dollars in thousands):

Proceeds of debt	\$ (1,004,347)
Premium	(17,465)
Payment of refunded bond escrow agent	302,862
Principal retirement	599,395
Interest expense	3,643
Cost of Issuance	 287
Net adjustment to reduce net changes in fund balances - total governmental funds - to arrive at changes in net position - governmental activities	\$ (115,625)

Another element of that reconciliation states that "Certain expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds."

The details of this decrease of \$1,250.4 million are as follows (dollars in thousands):

Claims and judgments	\$ (20,849)
Pension and other post employment benefit	
liabilities and contractual obligations	(1,209,339)
Pollution remediation	66
Vacation	(1,532)
Lease obligations	(18,518)
Inventory	 (290)
Net adjustment to reduce net changes in fund balances - total governmental funds - to arrive at	
changes in net position - governmental activities	\$ (1,250,462)

### 3) Stewardship, Compliance and Accountability

- a) Annual Appropriation Budgets are established for the General Fund and the Vehicle Tax, Pension, Chicago Public Library and certain Miscellaneous, Special Events, Tourism and Festivals nonmajor Special Revenue Funds, on a non-GAAP budgetary basis:
  - i) Prior to November 15, the Mayor submits to the City Council a proposed budget of expenditures and the means of financing them for the next year.
  - ii) The budget document is available for public inspection for at least ten days prior to passage of the annual appropriation ordinance by the City Council, which is also required to hold at least one public hearing.
  - iii) Prior to January 1, the budget is legally enacted through passage of the appropriation ordinance.
  - iv) Subsequent to the enactment of the appropriation ordinance, the City Council has the authority to make necessary adjustments to the budget, which results in a change in total or individual appropriations. The legal level of budgetary control is designated in the budget by object grouped by purpose except for the Motor Fuel Tax Fund, which is subsequently re-appropriated by project. A separate Motor Fuel Tax Fund Report demonstrates compliance with annual and project-length budgets required by the State. The

1	
t ;	

separately issued Supplement to the Comprehensive Annual Financial Report provides budgetary information for all other budgeted funds. Copies of this report are available upon request.

- v) All annual appropriations unused and unencumbered lapse at year-end. Encumbered appropriations are carried forward to the following year. Project-length financial plans are adopted for Capital Project Funds. Appropriations for Debt Service Funds are established by bond ordinance.
- b) Reconciliation of GAAP Basis to Budgetary Basis The City's budgetary basis of accounting used for budget vs. actual reporting differs from GAAP. For budgetary purposes, encumbrances are recorded as expenditures but are included in "Unassigned" fund balance for GAAP purposes. For budgetary purposes, proceeds of long-term debt and transfers in are classified as revenues. For budgetary purposes prior years' resources used to cover current year budgetary expenditures are recorded as revenues. For GAAP purposes, proceeds of long-term debt and transfers out are treated as other financing sources. Provision for doubtful account expenditures are not budgeted. A reconciliation of the different basis of revenue and expenditure recognition for the year ended December 31, 2014 is as follows (dollars in thousands):

	General Fund
Revenues, GAAP BasisAdd:	\$ 3,176,150
Transfers In Prior Year's Surplus Utilized	 39,700 45,472
Revenues, Budgetary Basis	\$ 3,261,322
Expenditures, GAAP Basis	\$ 3,231,258
Transfers Out	10,081
Encumbered in 2014  Deduct:	29,223
Payments on Prior Years' Encumbrances Provision for Doubtful Accounts and Other	(6,943) (2,297)
Expenditures, Budgetary Basis	\$ 3,261,322

c) Individual Fund Deficits include the Chicago Skyway Fund, an Enterprise Fund, which has a fund deficit of \$1,364.3 million which management anticipates will be funded through recognition of deferred inflows. Midway International Airport Fund has a fund deficit of \$6.7 million which will be funded through future revenues. Federal State and Local Grants, a governmental fund, has a deficit of \$225.0 million and will be funded by the recognition of deferred grant inflows and unearned revenue. The Service Concession and Reserve Fund, a Special Revenue Fund, has a deficit fund balance of \$955.4 million which will be funded through the recognition of deferred inflows. Also, the Bond, Note Redemption and Interest Fund has a deficit of \$26.9 which will be funded through the issuance of General Obligation Bonds.

### 4) Restricted and Unrestricted Cash, Cash Equivalents and Investments

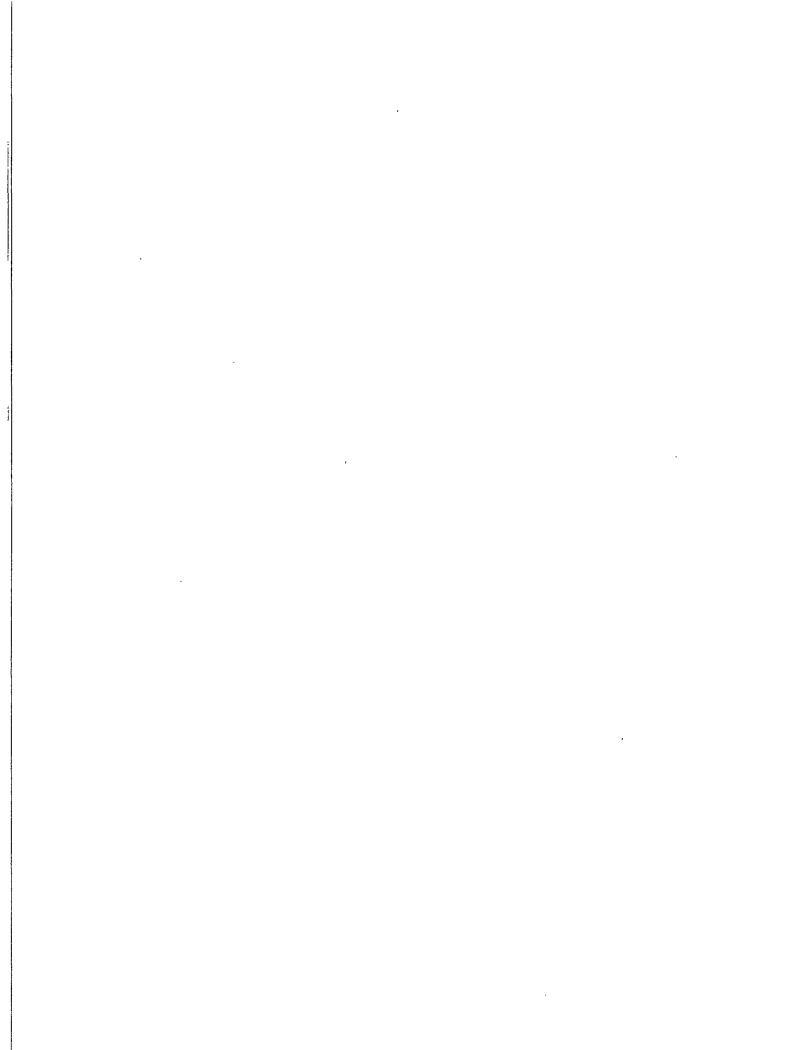

a) Investments As of December 31, 2014, the City had the following Investments (dollars in thousands):

Investment Type		Investment Maturities (in Years)								
	<u>Le</u>	ess Than 1		1-5		6-10	M	ore Than 10		Total
City Funds										
U.S. Agencies*	\$	892,426	\$	3,025,098	\$	172,590	\$	112,073	\$	4,202,187

Total	\$ 12,231,429	\$	4,364,421	\$ 912,911	\$	986,453	\$ 18,495,214

- i) Interest Rate Risk As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits all securities so purchased, except tax anticipation warrants, municipal bonds, notes, commercial paper or other instruments representing a debt obligation of the City, and shall show on their face that they are fully payable as to principal and interest, where applicable, if any, within ten years from the date of purchase.
- ii) Credit Risk The Code limits investments in commercial paper to banks whose senior obligations are rated in the top two rating categories by at least two national rating agencies and who are required to maintain such rating during the term of such investment. The Code also limits investments to domestic money market mutual funds regulated by, and in good standing with, the Securities and Exchange Commission. Certificates of Deposit are also limited by the Code to national banks which provide collateral of at least 105 percent by marketable U.S. government securities marked to market at least monthly; or secured by a corporate surety bond issued by an insurance company licensed to do business

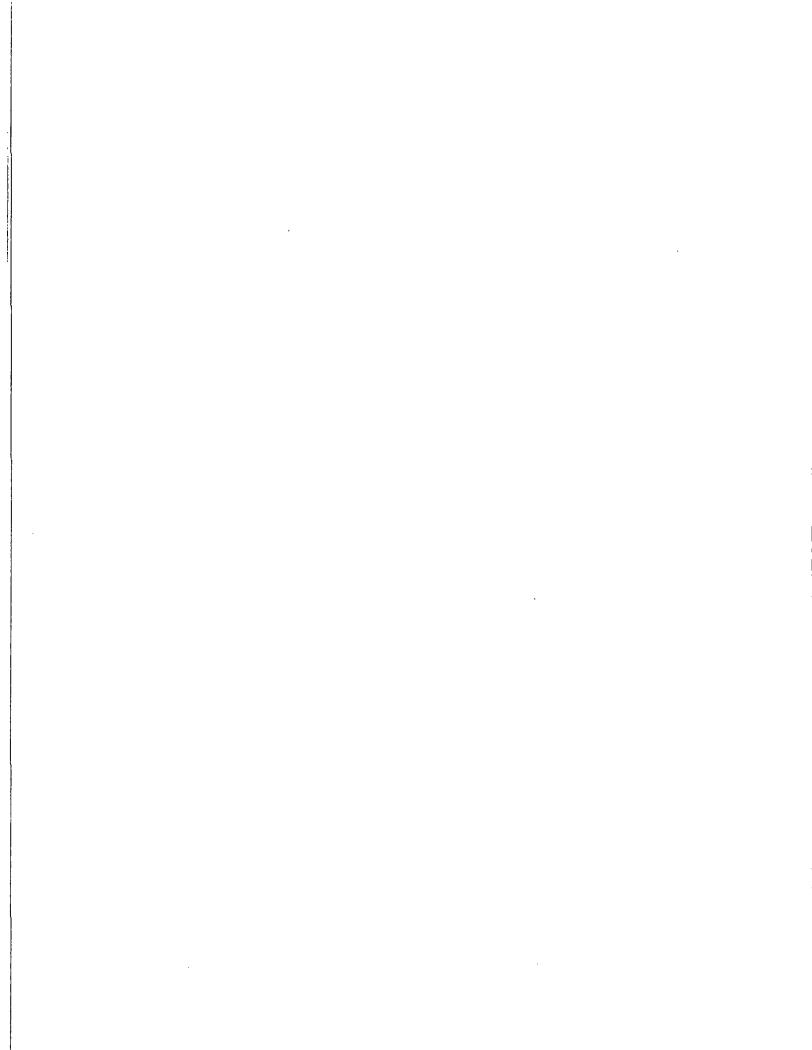

in Illinois and having a claims-paying rating in the top rating category, as rated by a nationally recognized statistical rating organization maintaining such rating during the term of such investment. The following schedule summarizes the City's and Pension Trust Funds exposure to credit risk (in thousands):

Quality Rating	City	Quality Rating	Pension Trust Funds
Aaa/AAA	\$ 176,616	Aaa/AAA	\$ 116,827
Aa/AA	4,150,011	Aa/AA	136,607
A/A	252,722	A/A	252,464

Ca	-	Ca	828
C/CC	-	C/CC	350
D/D	-	D/D	528
P1/A1	888,599	Not Rated	357,957
Not Rated*	1,789,602	Other	932,256
Total Funds	\$ 7,257,550		\$ 2,499,162

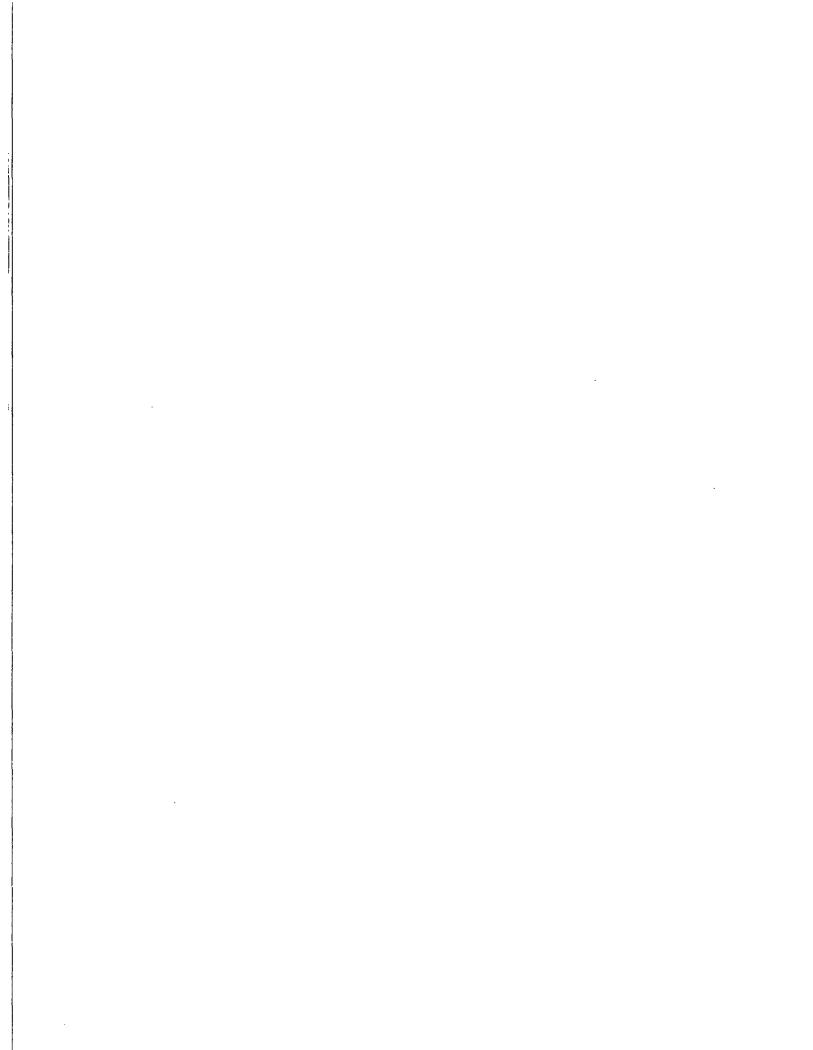

<sup>\*</sup> Not rated is primarily composed of money market mutual funds.

- iii) Custodial Credit Risk Cash and Certificates of Deposit: This is the risk that in the event of a bank failure, the City's deposits may not be returned. The City's Investment Policy states that in order to protect the City's deposits, depository institutions are to maintain collateral pledges on City deposits during the term of the deposit of at least 102 percent of marketable U.S. government, or approved securities or surety bonds, issued by top-rated insurers. Collateral is required as security whenever deposits exceed the insured limits of the FDIC. The bank balance of cash and certificates of deposit with the City's various municipal depositories was \$318.2 million. 97.7 percent of the bank balance was either insured or collateralized with securities held by City agents in the City's name. \$7.4 million was uncollateralized at December 31, 2014, and thus was subject to custodial credit risk.
- iv) Custodial Credit Risk Investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The City has no custodial credit risk exposure because investment securities are insured, registered and held by the City.

v) Foreign Currency Risk - In the case of the Pension Trust Funds, is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The risk of loss is managed by limiting its exposure to fair value loss by requiring their international securities managers to maintain diversified portfolios. The following schedule summarizes the Pension Trust Funds' exposure to foreign currency risk (in thousands):

Foreign Currency Risk	
Australian dollar	\$ 62,870
Brazilian real	43,414
British pound	303,227
Canadian dollar	79,768

	\$ 18,495,214

# 5) Property Tax

The City's property tax becomes lien on real property on January 1 of the year it is levied. The Cook County Assessor (Assessor) is responsible for the assessment of all taxable real property within Cook County (County), except for certain railroad property assessed directly by the State. The County Board has established a triennial cycle of reassessment in which one-third of the County will be reassessed each year on a repeating schedule established by the Assessor.

Property in the County is separated into fifteen classifications for assessment purposes. After the Assessor establishes the fair market value of a parcel of land, that value is multiplied by one of the classification percentages to arrive at the assessed valuation (Assessed Valuation) for that parcel. These percentages range from 10.0 percent for certain residential, commercial, and industrial property to 25.0 percent for other commercial and industrial property.

The Illinois Department of Revenue has the statutory responsibility of ensuring uniformity of real property assessments throughout the State. Each year, the Department of Revenue furnishes the county clerks with an adjustment factor to equalize the level of assessment among counties. This factor (Equalization Factor) is then applied to the Assessed Valuation to compute the valuation of property to which a tax rate will be applied (Equalized Assessed Valuation). The County Clerk adds the Equalized Assessed Valuation of all real property in the County to the valuation of property assessed directly by the State and subtracts total amounts of EAV in Tax Increment Financing Districts to arrive at the base amount (Tax Base) used in calculating the annual tax rates.

The County Clerk computes the annual tax rate by dividing the levy by the Tax Base and then computes the rate for each parcel of real property by aggregating the tax rates of all governmental units having jurisdiction over that particular parcel. The County Treasurer then issues the tax bills. Property taxes are deposited with the County Treasurer, who remits to the City its respective share of the collections. Taxes levied in one year become due and payable in two installments during the following year on March 1 and August 1 or 30 days from mailing of tax bills if later than July 1. The first installment is 55.0 percent of the prior year's tax bill. The second installment tax bill equals the total tax liability for the year minus the first installment tax bill amount.

The City Council has adopted an ordinance beginning in 1994, limiting the City's aggregate property tax levy to an amount equal to the prior year's aggregate property tax levy plus the lesser of (a) five percent or (b) the percentage increase in the annualized Consumer Price Index, based on the ordinance. The ordinance provides an exception for that portion of any property tax debt service levy equal to the aggregate interest and principal payments on the City's general obligation bonds and notes during the 12-month period ended January 1, 1994, subject to annual increase in the manner described above for the aggregate levy, all as provided by the ordinance. Most general obligation bond levies approved after 2001 have also been excluded from this limit.

## 6) Interfund Balances and Transfers

a) The following balances at December 31, 2014 represent due from/to balances among all funds (dollars in thousands):

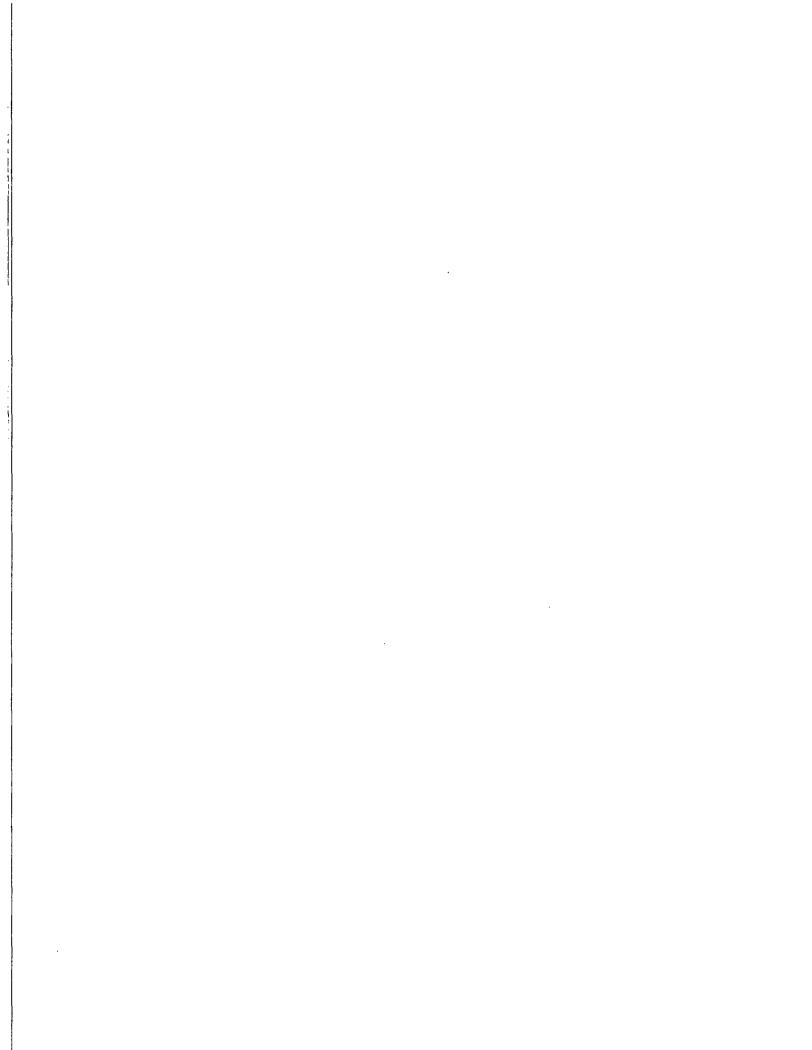

Fund Type/Fund	Due From	Due To		
Governmental Funds:				
General	\$ 109,514	\$ 276,805		
Federal, State and Local Grants	10,059	296,159		
Special Taxing Areas	423,933	11,682		
Service Concession and Reserve	5,000	5,140		
Bond, Note Redemption and Interest	-	85,700		
Community Development and Improvement Projects	97,053	56,996		
Nonmajor Governmental Funds	79,210	94,698		
Total Governmental Funds	724,769	827,180		
Enterprise Funds:				
Water	91,224	20,130		
Sewer	29,416	71,228		
Chicago Midway International Airport	527	9,134		
Chicago-O'Hare International Airport	33,751	3,519		
Chicago Skyway		15_		
Total Enterprise Funds	154,918	104,026		
Fiduciary activities:				
Pension Trust	51,519			
Total Fiduciary activities	51,519			
Total	\$ 931,206	\$ 931,206		

The balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) payments between funds are made.

b) The following balances at December 31, 2014 represent interfund transfers among all funds (dollars in thousands):

Fund Type/Fund		ansfer In	Tra	nsfer Out	
Governmental Funds:					
General	\$	39,700	\$	10,081	
Special Taxing Areas		97,513		44,463	
Service Concession and Reserve		5,000		13,900	
Bond, Note Redemption and Interest		366,198		164,268	
Community Development and Improvement Projects		7,004		279,009	
Nonmajor Governmental Funds		137,171		140,865	
Total Governmental Funds	\$	652,586	\$	652,586	

Transfers are used to move revenues from the fund that the statute or budget requires to collect them to the fund that statute or budget requires to expend them and to move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due.

# 7) Capital Assets

a) Capital Assets activity for the year ended December 31, 2014 was as follows (dollars in thousands):

a) Capital Assets activity for the year en	Balance			Additions		)isposals	Balance		
	,	January 1,		and		and	Dε	ecember 31,	
		2014	-	<b>Fransfers</b>	Transfers			2014

### 8) Leases

## a) Operating Leases

The City leases building and office facilities under noncancelable operating leases. Total costs for such leases were approximately \$13.6 million for the year ended December 31, 2014.

The future minimum lease payments for these leases are as follows (dollars in thousands):

2015	\$ 8,986
2016	4,096
2017	2,813
2018	2,457
2019	2,183
2020 - 2024	7,196
2025 - 2029	336
2030 - 2034	254
2035 - 2039	216
2040 - 2042	66
Total Future Rental Expense	\$ 28,603

## b) Capital Leases

During 2003, the City entered into lease and lease back agreements with third parties pertaining to 911 Center Qualified Technological Equipment (QTE), with a book value of \$143.3 million at December 31, 2003. Under the QTE lease agreement, which provided certain cash and tax benefits to the third party, the City entered into a long-term lease for applicable assets back to the City under a sublease. Under the sublease, the City was required to make future minimum lease payments.

In June 2014, the City terminated the two lease/leaseback transactions relating to its 911 and 311 systems (QTE-1 and QTE-2). Under the termination agreements, the leases were terminated and the City regained unrestricted title to its 911 and 311 systems. Under the termination agreement relating to QTE-1, the City paid a gross amount of \$1.0 million to Bank of America N.A. To terminate the QTE-2 transaction, the City made a net payment of \$1.3 million to SMBC Leasing Investment LLC.

During 2005, the City entered into a sale and leaseback agreement with third parties pertaining to the City owned portion of a rapid transit line with a book value of \$430.8 million at December 31, 2005. Under the lease agreement, which provides certain cash and tax benefits to the third party, the City entered into a long-term lease for applicable assets back to the City under a lease. Under the lease, the City is required to make future minimum lease payments.

The future minimum payments for this lease are as follows (dollars in thousands):

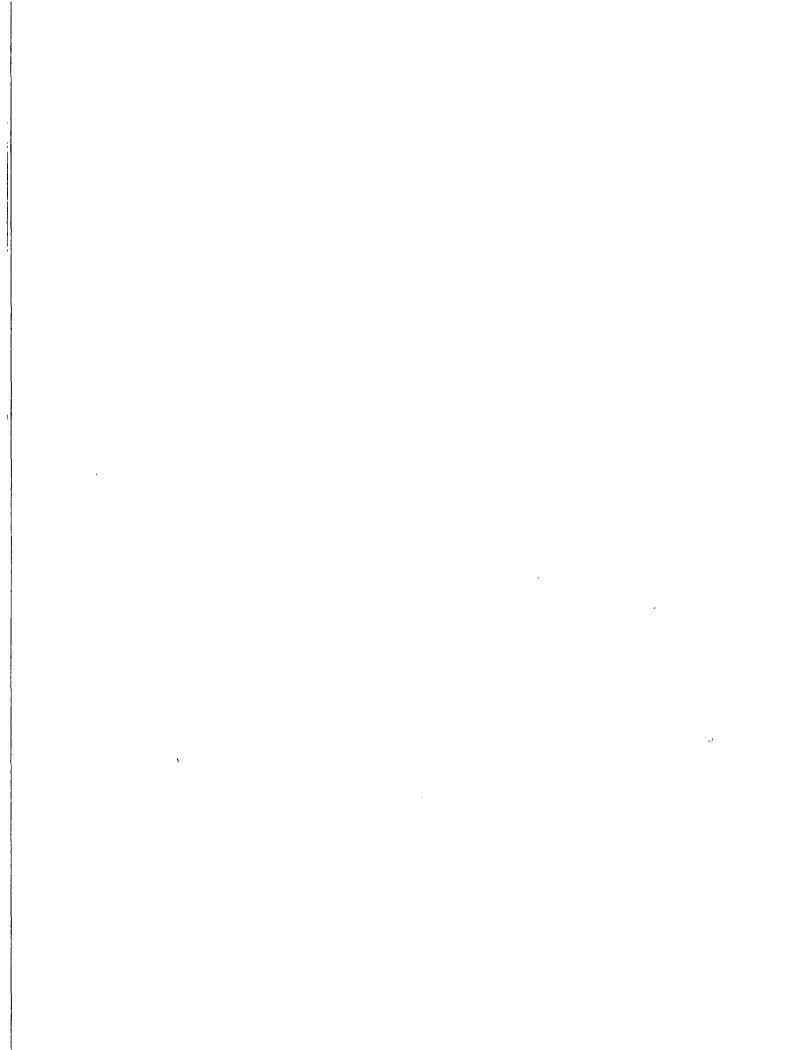

Year Ending	Total
December 31,	
2015	\$ -
2016	9,000
2017	9,000
2018	18,977
2019	3,003
2020 - 2024	15,016
2025 - 2029	2,000
2030 - 2032	165,164
Total Minimum Future Lease Payments Less Interest	222,160 105,302
Present Value of Minimum Future Lease Payments	\$ 116,858

## c) Lease Receivables

Most of the O'Hare land, buildings and terminal space are leased under operating lease agreements to airlines and other tenants. The following is a schedule of the minimum future rental income on noncancelable operating leases as of December 31, 2014 (dollars in thousands):

2015	\$ 93,228
2016	93,222
2017	94,218
2018	93,283
2019	91,967
2020 - 2024	8,144
2025 - 2029	 9,432
Total Minimum Future Rental Income	\$ 483,494

Contingent rentals that may be received under certain leases based on the tenants' revenues or fuel flow are not included in minimum future rental income. Rental income for O'Hare, consisting of all rental and concession revenues except ramp rentals and automobile parking, amounted to \$418.5 million, including contingent rentals of \$89.0 million.

Most of the Midway land and terminal space is leased under operating lease agreements to airlines and other tenants. The following is a schedule of the minimum future rental income on noncancelable operating leases as of December 31, 2014 (dollars in thousands):

2015	•	48,634
2016		48,171
2017		26,763
2018		26,609
2019		26,609
2020 - 2024		133,045
2025 - 2029		133,045
Total Minimum Future Rental Income	\$	442,876

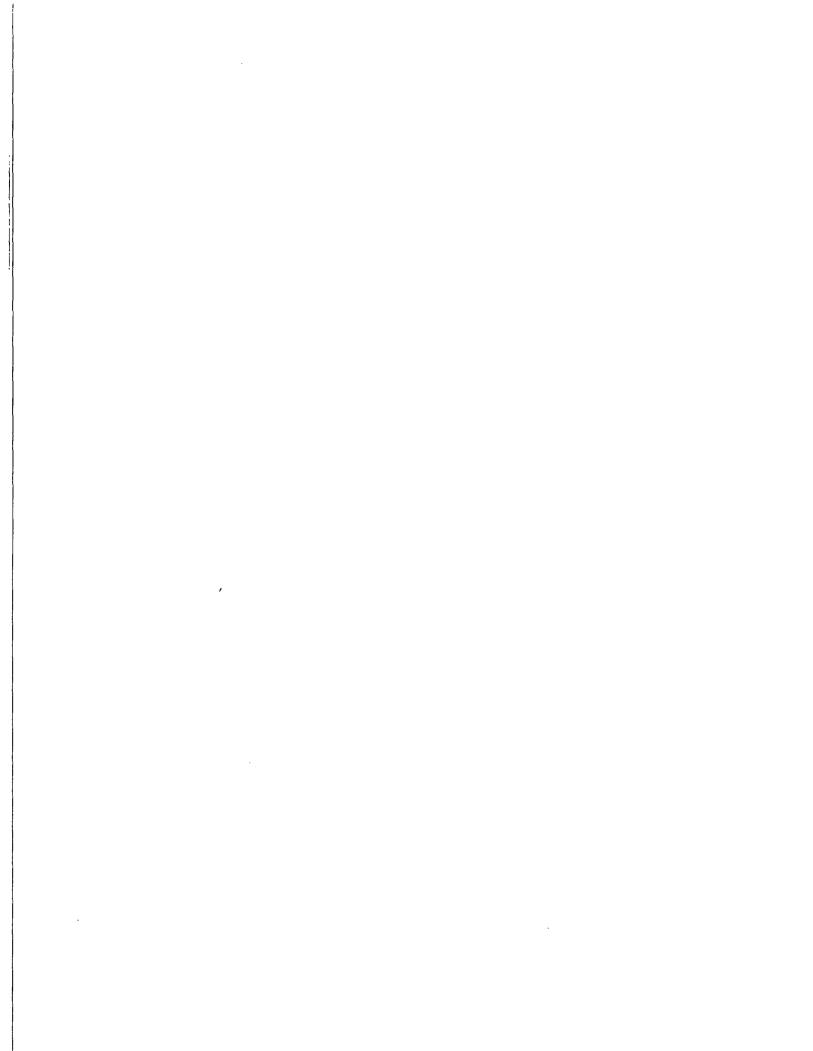

Contingent rentals that may be received under certain leases based on tenants' revenues are not included in minimum future rental income. Rental income for Midway, consisting of all rental and concession revenues except aircraft parking fees and certain departure fees (turns) and automobile parking, amounted to \$92.9 million, including contingent rentals of \$39.6 million.

### 9) Short-term Debt

- a) **Matured bonds** represent principal due on coupon bonds in which the coupons have not been presented for payment. As of December 31, 2014, the outstanding balance was at \$0.7 million.
- b) Line of Credit and Commercial Paper Notes The City issues commercial paper notes and maintains revolving lines of credit for working capital in anticipation of receipt of other revenue and to fund capital projects, debt refinancing or restructuring; the latter are typically repaid from proceeds of later issuances of general obligation bonds. Historically, the commercial paper notes have been supported by underlying letters of credit that extend beyond one year from the date of the financial statements and the lines of credit have also extended beyond one year from the date of the financial statements. Thus, the outstanding amounts at December 31 have been historically recorded as long-term debt.

Due to the Moody's downgrade of the City's general obligation credit in May 2015, see Note 17, an event of default was triggered under each of the revolving credit agreements and the letter of credit reimbursement agreements for the commercial paper notes. Subsequent to December 31, 2014 the City terminated the letter of credit from Wells Fargo Bank; no commercial paper notes secured by that letter of credit were then outstanding. For the remaining banks, the City entered into forbearance agreements pursuant to which the affected banks agreed to forbear from exercising their respective rights resulting from the event of default. The forbearance period under each of the forbearance agreements extends to September 30, 2015, but can terminate earlier if: (i) there are any other events of default by the City under the related credit agreements, (ii) there are further downgrades of the rating on the City's general obligation bonds, or (iii) the forbearance period in one of the other forbearance agreements terminates prior to its scheduled end date. As the forbearance period with respect to the credit agreements and the underlying letter of credit associated with the outstanding commercial paper notes is less than one year from the date of the financial statements, the outstanding general obligation commercial paper notes and lines of credit at December 31, 2014 have been recorded as fund liabilities in the fund financials, as follows (dollars in thousands):

Туре	Fund	at 12/31/14
Line of Credit	Community Development and Improvement Projects	\$75,000
Commercial Paper	Community Development and Improvement Projects	2,800
Commercial Paper	Bond, Note Redemption and Interest	198,086
Commercial Paper	Other Governmental Funds	21,423
Total		\$297,309

# 10) Long-term Obligations

### b) Issuance of New Debt

### i) General Obligation Bonds

General Obligation Bonds, Project and Refunding Series 2014A (\$432.6 million), and Taxable Project and Refunding Series 2014B (\$450.8 million) were sold at a premium in March 2014. The bonds have interest rates ranging from 4.0 percent to 6.314 percent and maturity dates from January 1, 2018 to January 1, 2044. Net proceeds of \$881.6 million will be used to finance infrastructure improvements: transportation improvements; grants or loans to assist not-for-profit organizations or educational or cultural institutions; or to assist other municipal corporations or units of local government, or school districts; cash flow needs of the City; acquisition of personal property; acquisition, demolition, remediation or improvement of real property for industrial, commercial or residential purposes; constructing, equipping, altering and repairing various municipal facilities including fire stations, police stations, libraries, senior and health centers and other municipal facilities; enhancement of economic development within the City by making grants or deposits to secure obligations of not-for-profit or for-profit organizations doing or seeking to do business in the City; litigation judgments or settlements agreements involving the City, including escrow accounts or other reserves needed for such purposes; payments of certain pension contributions; repayment of Commercial Paper Notes and Lines of Credit; providing for facilities, services and equipment to protect and enhance public safety, and other uses permitted by the Ordinance (\$628.0 million), to refund certain maturities of bonds outstanding (\$185.2 million), and to fund capitalized interest (\$68.3 million). The current refunding of the bonds increased the City's total debt service payments by \$217.8 million, resulted in a net economic loss of approximately \$13.5 million and a book loss of approximately \$7.9 million.

### ii) Motor Fuel Tax Revenue Bonds

Motor Fuel Tax Revenue Refunding Bonds, Series 2013 (\$105.9 million) were sold at a premium in June 2014. The bonds have interest rates ranging from 2.0 percent to 5.0 percent and maturity dates from January 1, 2015 to January 1, 2033. Net proceeds of \$114.7 million and prior bonds reserves of \$2.9 million were used to advance refund all maturities of the outstanding Motor Fuel Tax Revenue Bonds, Series 2003 (\$114.7 million) and fund the debt service reserve account (\$2.9 million). The advance refunding of the bonds decreased the City's total debt service payments by \$13.6 million and resulted in an economic gain of \$9.9 million and a book loss of approximately \$2.4 million.

#### iii) Tax Increment Allocation Bonds

Tax Increment Allocation Revenue Refunding Bonds (Pilsen Redevelopment Project), Series 2014A (\$17.3 million) and 2014B Taxable (\$16.1 million) were sold at a premium in November 2014. The bonds have interest rates ranging from 0.95 percent to 5.0 percent and maturity dates from June 1, 2015 to June 1, 2022. Net proceeds of \$35.0 million and prior bonds reserves of \$5.1 million were used to refund all maturities of principal and interest outstanding on the Series 2004B Pilsen Bonds (\$25.9 million), the Series 2004G Bonds for the Pilsen Redevelopment Project (\$10.7 million) and fund the debt service reserve account (\$3.5 million). The current refunding of the bonds decreased the City's total debt service payments by \$7.9 million, resulted in a net economic gain of approximately \$5.4 million and a book loss of approximately \$1.1 million.

### iv) Revenue Loans

In June 2013, the City entered into a loan agreement with the United States Department of Transportation under the Transportation Infrastructure Finance and Innovation Act (TIFIA) program to complete the Wacker Drive Reconstruction Project. The loan amount of \$98.66 million will fund the Chicago Riverwalk along the main branch of the Chicago River. The interest rate is 3.33 percent and the final maturity of the loan is January 1, 2048. There have been loan disbursements made to the City in the total of \$17.2 million as of December 31, 2014.

# v) Enterprise Fund Revenue Bonds and Notes

In August 2013, the City entered into a loan agreement with the United States Department of Transportation under the Transportation Infrastructure Finance and Innovation Act (TIFIA) program to fund a portion of Consolidated Rental Car Facility at O'Hare, additions, extensions and improvements to the airport transit system (ATS) including the purchase of new ATS vehicles and certain public parking facilities. The loan amount of \$288.1 million is subordinate to the O'Hare Customer Facility Charge Senior Lien Revenue Bonds, Series 2013. The interest rate is 3.86 percent and the final maturity of the loans is January 1, 2052. There were no loan disbursements made to the City as of December 31, 2014.

Chicago Midway International Airport Second Lien Revenue Bonds, Series 2014 A&B (\$771.8 million) were sold at premium in June 2014. The bonds have interest rates ranging from 4.0 percent to 5.0 percent and maturity dates from January 1, 2019 to January 1, 2041. Net proceeds of \$842.2 and other monies (\$20.6 million) were used to finance the costs of certain Airport projects (\$114.9 million), to refund certain maturities of bonds outstanding (\$673.7 million), fund capitalized and debt service reserve (\$16.5 million) and to repay the Commercial Paper notes (\$57.7 million). The current refunding decreased the City's total debt service payments by \$135.7 million, resulted in a net economic gain of approximately \$69.2 million and a book loss of approximately \$15.9 million.

Chicago Midway International Airport Second Lien Refunding Revenue Bonds, Series 2014C (\$124.7) were sold in June 2014. The bonds were issued at a daily rate of 0.08 percent. The bonds have maturities of January 1, 2041 to January 1, 2044. Net proceeds of \$124.4 million were used to refund certain maturities of bonds outstanding (\$124.1 million). The current refunding resulted in a book loss of approximately of \$0.6 million.

Second Lien Water Revenue Bonds, Series 2014 (\$367.9 million) were sold at a premium in September 2014. The bonds have interest rates ranging from 3.0 percent to 5.0 percent and maturity dates from November 1, 2015 to November 1, 2044. Net proceeds of \$400.0 million will be used to finance certain costs of improvements and extensions to the water system.

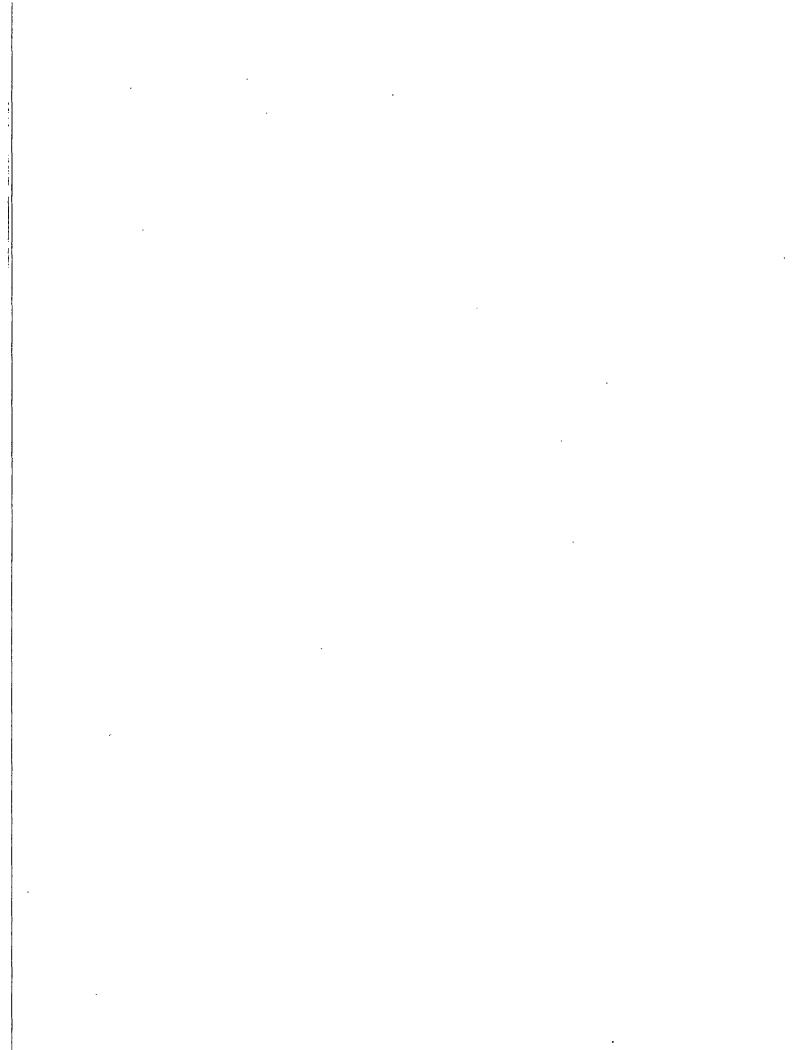

On May 27, 2014, a loan agreement was signed with the Illinois Environment Protection Agency to install water meters at residences throughout the City that are currently unmetered. In 2014 the Water Fund drew \$6.5 million from this loan agreement. The loan has an interest rate of 2.295% with maturity dates from September 21, 2014 to March 21, 2034.

On August 5, 2013, a loan agreement was signed with the Illinois Environment Protection Agency to replace approximately 10 miles of damaged, undersized and leaking watermains located throughout the City with new 8-inch diameters watermain. In 2014 the Water Fund drew \$39.4 million from this loan agreement. The loan has an interest rate of 1.93% with maturity dates from January 16, 2015 to July 16, 2034.

On September 19, 2013, a loan agreement was signed with the Illinois Environment Protection Agency to install water meters at residents throughout the City that are currently unmetered. Installations will be performed by a private contractor. Meters will be equipped with an AMR (Automatic Meter Reading) capabilities. In 2014 the Water Fund drew \$15.0 million from this loan agreement. The loan has an interest rate of 1.93% with maturity dates from April 16, 2015 to October 16, 2034.

Second Lien Wastewater Transmission Revenue Bonds, Series 2014 (\$292.4 million) were sold at a premium in September 2014. The bonds have interest rates ranging from 3.0 percent to 5.0 percent and maturity dates from January 1, 2016 to January 1, 2044. Net proceeds of \$320.0 million will be used to finance certain costs of improvements and extensions to the wastewater system.

In 2014, the Sewer Fund drew \$15.0 million from the Illinois Environment Protection Agency loan agreement line to replace existing sewer pipes throughout the city. The loan has an interest rate of 2.295 percent with maturity dates from March 4, 2015 to September 4, 2034.

In 2014, \$31.0 million of Chicago O'Hare International Airport Commercial Paper Notes Series 2013 were issued. Outstanding O'Hare Commercial Paper Notes at December 31, 2014 were \$51.0 million. The proceeds were used to finance portions of the cost of authorized airport projects.

In 2014, \$30.0 million of Chicago Midway International Airport Commercial Notes Series 2013 were issued. The proceeds were used to finance portions of the costs of authorized airport projects.

c) Annual requirements listed below for each year include amounts payable January 1 of the following year. Bonds maturing and interest payable January 1, 2015 have been excluded because funds for their payment have been provided for. Annual requirements to amortize debt outstanding as of December 31, 2014 are as follows (dollars in thousands):

	General (	Obligation	Tax Increment					
Year Ending	Principal	Interest	Principal	Interest				
December 31,								
2015	\$ 235,676	\$ 438,328	\$ 9,335	\$ 3,272

2016		17,880		33,397		392,640		624,517	
2017		18,250		32,487		445,178		606,773	
2018		19,150		31,590		457,732		586,321	
2019		20,335		30,649		441,142		567,407	
2020-2024		119,187		137,871		2,194,324		2,519,632	
2025-2029		141,116		120,681		2,614,614		1,963,663	
2030-2034		132,133		126,900		3,083,740		1,208,250	
2035-2039		200,730		39,362		2,134,220		517,087	
2040-2043		38,445	1,922			699,065		62,832	
	\$	725,396	_\$	589,175	\$1	2,776,977	\$	9,297,132	

For the debt requirements calculated above, interest rates for fixed rate bonds debt range from 1.92 percent to 7.78 percent and interest on variable rate debt was calculated at the rate in effect or the effective rate of a related swap agreement, if applicable, as of December 31, 2014. Standby bond purchase agreements or letters of credit were issued by third party financial institutions that are expected to be financially capable of honoring their agreements.

The City's variable rate bonds may bear interest from time to time at a flexible rate, a daily rate, a weekly rate, an adjustable long rate, or the fixed rate as determined by the remarketing agent, in consultation with the City. An irrevocable letter of credit provides for the timely payment of principal and interest. In the event the bonds are put

	1		

back to the bank and not successfully remarketed, or if the letter of credit agreements expire without an extension or substitution, the bank bonds will convert to a term loan. There is no principal due on the potential term loans within the next fiscal year.

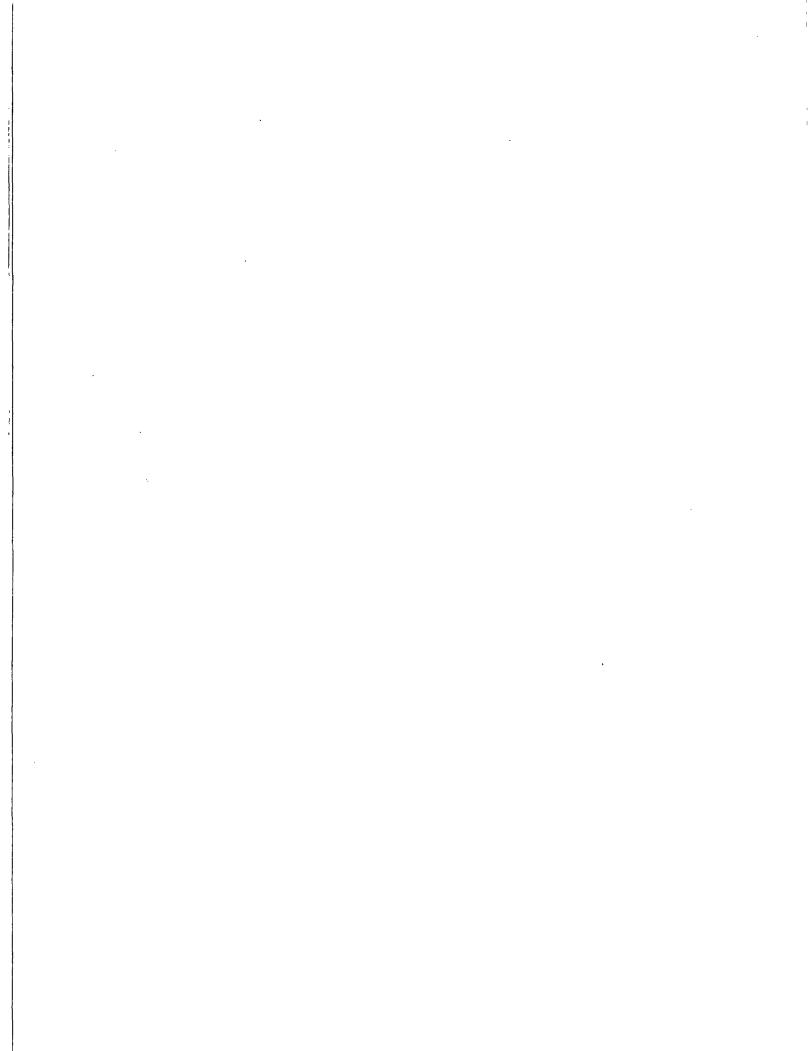

## d) Derivatives

### i) Interest Rate Swaps

(1) Objective of the swaps. In order to protect against the potential of rising interest rates and/or changes in cash flows, the City has entered into various separate interest rate swaps at a cost less than what the City would have paid to issue fixed-rate debt. The notional amounts related to bonds maturing on January 1, 2015 have been excluded in the following table because funds for their payment have been provided for.

			Fair Val	ue at	
	Changes in	Fair Value	December:	31, 2014	Notional

(2) Terms, fair values, and credit risk. The objective and terms, including the fair values and credit ratings, of the City's hedging derivative instruments outstanding as of December 31, 2014, are as follows. The notional amounts of the swaps match the principal amounts of the associated debt. The City's swap agreements contain scheduled reductions to outstanding notional amounts that are expected to approximately follow scheduled or anticipated reductions in the associated "bonds payable" category. The notional amounts related to bonds maturing on January 1, 2015 have been excluded below because funds for their payment have been provided for. Under the swaps on a net basis for each related series of bonds, the City pays the counterparty a fixed payment and receives a variable payment computed according to the London Interbank Offered Rate (LIBOR) and/or The Securities Industry and Financial Markets Association (SIFMA) Municipal Swap Index. The terms as of December 31, 2014, are as follows (dollars in thousands):

Associated Bond Issue	Notional Amounts	Effective Date	Terms	Fair Values	Termi- nation Date	Counter- party Credit Rating

Table 31 in Statistical Section for Cou	nternarty En	tities and ac				

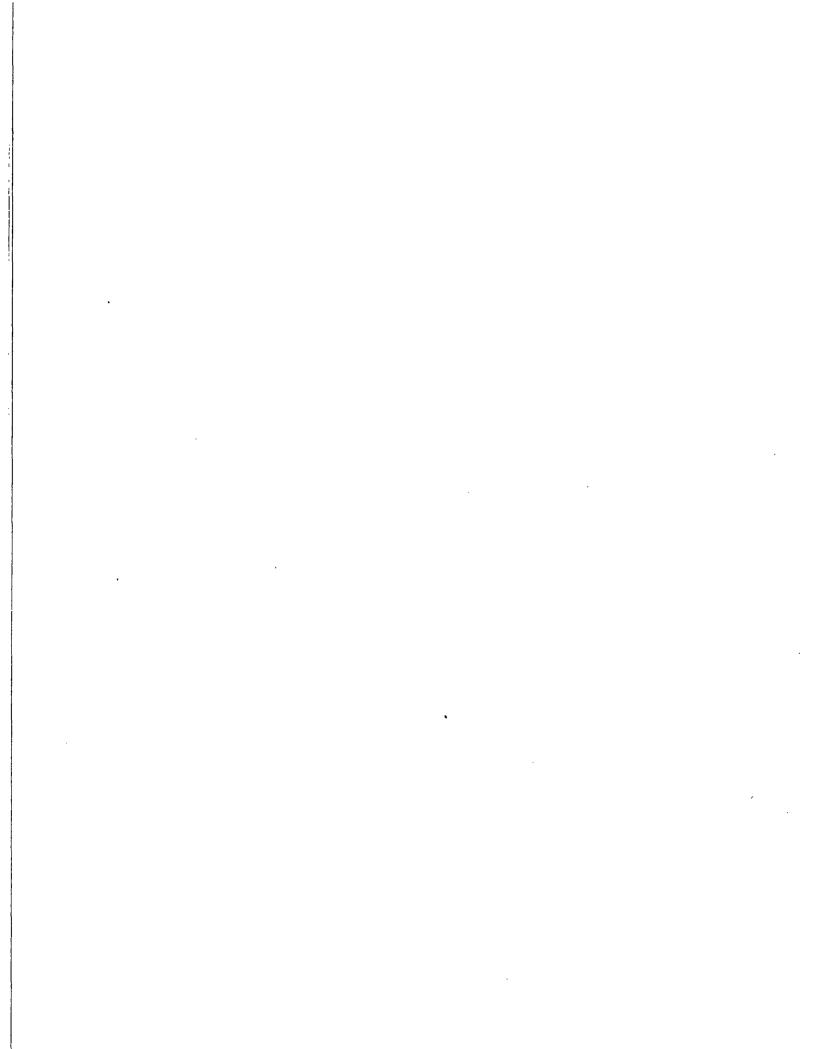

See Table 31 in Statistical Section for Counterparty Entities and additional details for credit ratings. See Footnote 18 – Subsequent Events for swap terminations and amendments to agreements effective in 2015. Type and objective for all the Swaps is the same, as mentioned earlier.

\* Reflects Swap Overlay agreement.

VRDB means variable rate demand bonds.

	·		
		·	

- (3) Fair Value. As of December 31, 2014, the swaps had a negative fair value of \$390.9 million. As per industry convention, the fair values of the City's outstanding swaps were estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the forward rates implied by the yield curve correctly anticipate future spot rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swap. Because interest rates are below the Fixed Rate Paid, the City's swaps had negative values. Note that the combination of the negative fair value of \$390.9 million less the unamortized interest rate swap premium balance of \$6.9 million related to investment derivative instruments and \$34.9 million related to governmental cash flow hedges represent the total fair value of the derivative liability in the statement of net position. During 2014, the City terminated the swap associated with Series 2002B General Obligation Variable Rate Demand Bond (Neighborhoods Alive 21 Program); the termination payment amounted to \$36.3 million.
- (4) Credit Risk. The City is exposed to credit risk (counterparty risk) through the counterparties with which it enters into agreements. If minimum credit rating requirements are not maintained, the counterparty is required to post collateral to a third party. This protects the City by mitigating the credit risk, and therefore the ability to pay a termination payment, inherent in a swap. Collateral on all swaps is to be in the form of cash or Eligible Collateral held by a third-party custodian. Upon credit events, the swaps also allow transfers, credit support, and termination if the counterparty is unable to meet the said credit requirements.
- (5) Basis Risk. Basis risk refers to the mismatch between the variable rate payments received on a swap contract and the interest payment actually owed on the bonds. The two significant components driving this risk are credit and SIFMA/LIBOR ratios. Credit may create basis risk because the City's bonds may trade differently than the swap index as a result of a credit change in the City. SIFMA/LIBOR ratios (or spreads) may create basis risk. With percentage of LIBOR swaps, if the City's bonds trade at a higher percentage of LIBOR over the index received on the swap, basis risk is created. This can occur due to many factors including, without limitation, changes in marginal tax rates, tax-exempt status of bonds, and supply and demand for variable rate bonds. The City is exposed to basis risk on all swaps except those that are based on Cost of Funds, which provide cash flows that mirror those of the underlying bonds. For all other swaps, if the rate paid on the bonds is higher than the rate received, the City is liable for the difference. The difference would need to be available on the debt service payment date and it would add additional underlying cost to the transaction.
- (6) Tax Risk. The swap exposes the City to tax risk or a permanent mismatch (shortfall) between the floating rate received on the swap and the variable rate paid on the underlying variable-rate bonds due to tax law changes such that the federal or state tax exemption of municipal debt is eliminated or its value reduced. There have been no tax law changes since the execution of the City's swap transactions.
- (7) Termination Risk. The risk that the swap could be terminated as a result of certain events including a ratings downgrade for the issuer or swap counterparty, covenant violation, bankruptcy, payment default or other defined events of default. Termination of a swap may result in a payment made by the issuer or to the issuer depending upon the market at the time of termination.
- (8) Rollover Risk. The risk that the City may be exposed to rising variable interest rates if (i) the swap expires or terminates prior to the maturity of the bonds and (ii) the City is unable to renew or replace the swap.
- (9) Swap payments and associated debt. Bonds maturing and interest payable January 1, 2015 have been excluded because funds for their payment have been provided for. As of December 31, 2014, debt service requirements of the City's outstanding variable-rate debt and net swap payments, assuming current interest rates remain the same, for their term are as follows (dollars in thousands):

		Variable-R	ate E	Bonds	I	nterest Rate		
Year Ending	-	Principal		Interest		Swaps, Net		Total

# e) Debt Covenants

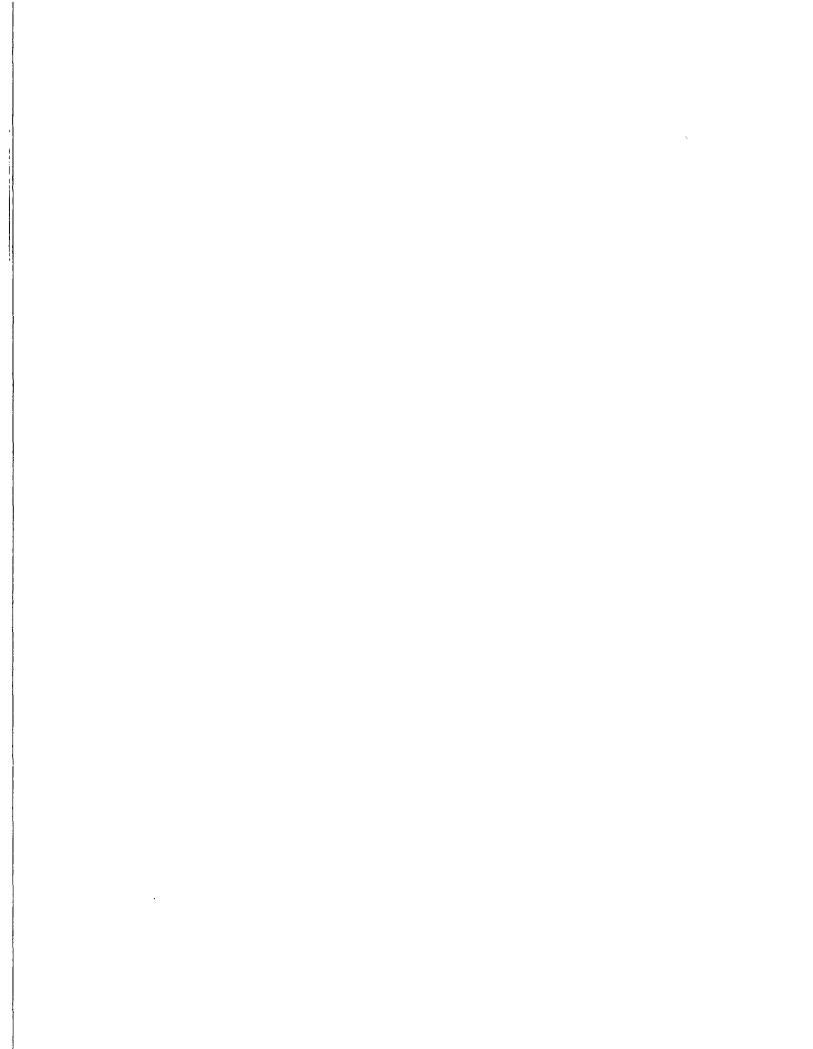

i) Water Fund - The ordinances authorizing the issuance of outstanding Water Revenue Bonds provide for the creation of separate accounts into which net revenues, as defined, or proceeds are to be credited, as appropriate. The ordinances require that net revenues available for bonds, as adjusted, equal 120 percent of the current annual debt service on the outstanding senior lien bonds and that City management maintains all covenant reserve account balances at specified amounts. The above requirements were met at December 31, 2014. The Water Rate Stabilization account had a balance in restricted assets of \$88.4 million at December 31, 2014.

The ordinances authorizing the issuance of outstanding Second Lien Water Revenue Bonds provide for the creation of separate accounts into which monies will be deposited, as appropriate. The ordinances require that net revenues are equal to the sum of the aggregate annual debt service requirements for the fiscal year of the outstanding senior lien bonds and 110 percent of the aggregate annual debt service requirements of the outstanding second lien bonds. This requirement was met at December 31, 2014.

ii) Sewer Fund - The ordinances authorizing the issuance of outstanding Wastewater Transmission Revenue Bonds provide for the creation of separate accounts into which net revenues, as defined, or proceeds are to be credited, as appropriate. The ordinances require that net revenues available for bonds equal 115 percent of the current annual debt service requirements on the outstanding senior lien bonds. This requirement was met at December 31, 2014. The Sewer Rate Stabilization account had a balance in restricted assets of \$32.6 million at December 31, 2014.

The ordinances authorizing the issuance of outstanding Second Lien Wastewater Transmission Revenue Bonds provide for the creation of separate accounts into which monies will be deposited, as appropriate. The ordinances require that net revenues equal 100 percent of the sum of the current maximum annual debt service requirements of the outstanding senior lien bonds and the maximum annual debt service requirements of the second lien bonds. This requirement was met at December 31, 2014.

iii) Chicago Midway International Airport Fund - The Master Indenture of Trust securing Chicago Midway Airport Revenue Bonds requires in each year the City set rates and charges for the use and operation of Midway and for services rendered by the City in the operation of Midway so that revenues, together with any other available monies and the cash balance held in the Revenue Fund on the first day of such fiscal year not then required to be deposited in any fund or account, will be at least sufficient (a) to provide for the Operation and Maintenance Expenses for the fiscal year and (b) to provide for the greater of (i) the

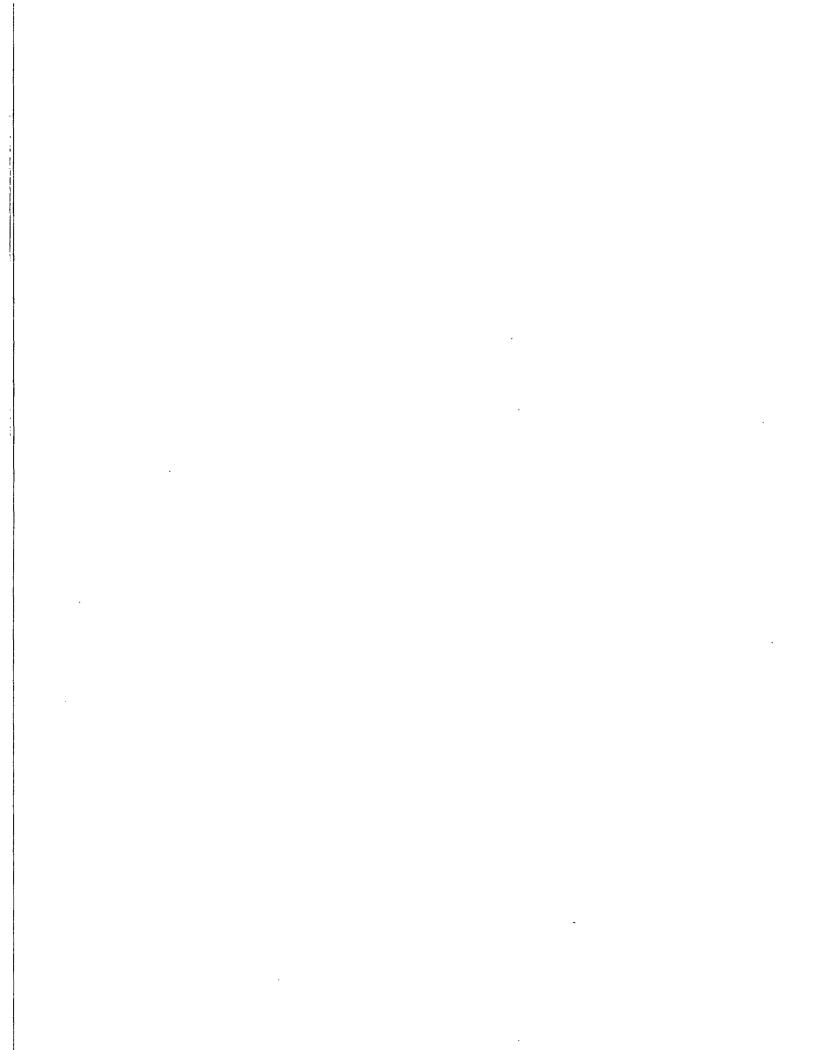

amounts needed to be deposited into the First and Junior Lien Debt Service Funds, the Operations & Maintenance Reserve Account, the Working Capital Account, the First Lien Debt Service Reserve Fund, the Repair and Replacement Fund, and the Special Project Fund and (ii) an amount not less than 125 percent of the Aggregate First Lien Debt Service for such Fiscal Year reduced by an amount equal to the sum of any amount held in any Capitalized Interest Account for disbursement during such Fiscal Year to pay interest on First Lien Bonds. These requirements were met at December 31, 2014.

The Master Indenture of Trust Securing Chicago Midway Airport Second Lien Obligations requires that the City set rentals, rates and other charges for the use and operation of Midway and for certain services rendered by the City in the operation of Midway in order that in each Fiscal Year, Revenues, together with Other Available Moneys deposited with the First Lien Trustee or the Second Lien Trustee with respect to such Fiscal Year and any cash balance held in the First Lien Revenue Fund or the Second Lien Revenue Fund on the first day of such Fiscal Year not then required to be deposited in any Fund or Account under the First Lien Indenture for the Second Lien Indenture, will be at least sufficient (1) to provide for the payment of Operation and Maintenance Expenses for the Fiscal Year and (2) to provide for the greater of (A) or (B) as follows: (A) the greater of the amounts needed to make the deposits required under the First Lien Indenture described in the immediately preceding paragraph above; or (B) the greater of the amounts needed to make the deposits required under the First Lien Indenture described in the immediately preceding paragraph above or an amount not less than 110 percent of the Aggregate First Lien Debt Service and Aggregate Second Lien Debt Service for the Bond Year commencing during such Fiscal Year, reduced by (X) any amount held in any Capitalized Interest Account for disbursement during such Bond Year to pay interest on First Lien Bonds, and (Y) any amount held in any capitalized interest account established pursuant to a Supplemental Indenture under the Second Lien Indenture for disbursement during such Bond Year to pay interest on Second Lien Obligations. These requirements were met at December 31, 2014.

iv) Chicago-O'Hare International Airport Fund - The Master Indenture of Trust securing Chicago O'Hare International Airport General Airport Senior Lien Obligations requires that Revenues in each Fiscal Year, together with Other Available Moneys deposited with the Trustee with respect to that Fiscal Year and any cash balance held in the Revenue Fund on the first day of that Fiscal Year not then required to be deposited in any Fund or Account, will be at least sufficient: (i) to provide for the payment of Operation and Maintenance Expenses for the Fiscal Year; and (ii) to provide for the greater of (a) the sum of the amounts needed to make the deposits required to be made pursuant to all resolutions, ordinances, indentures and trust agreements pursuant to which all outstanding Senior Lien Bonds Obligations or other outstanding Airport Obligations are issued and secured, and (b) one and ten-hundreths times Aggregate Debt Service for the Bond Year commencing during that Fiscal Year, reduced by any proceeds of Airport Obligations held by the Trustee for disbursement during that Bond Year to pay principal of and interest on Senior Lien Obligations. This requirement was met at December 31, 2014.

The Master Trust Indenture securing Chicago O'Hare International Airport Passenger Facility Charge (PFC) Obligations requires PFC Revenues, as defined, to be deposited into the PFC Revenue Fund. The City covenants to pay from the PFC Revenue Fund not later than the twentieth day of each calendar month the following amounts in the following order of priority: (1) to the Trustee for deposit in the Bond Fund, the sum required to make all of the Sub-Fund Deposits and Other Required Deposits to be disbursed from the Bond Fund [to meet debt service and debt service reserve requirements] in the calendar month pursuant to the Master Indenture; (2) to make any payments required for the calendar month with respect to Subordinated PFC Obligations; and (3) all moneys and securities remaining in the PFC Revenue Fund shall be transferred by the City (or the Trustee if it then holds the PFC Revenue Fund pursuant to the Master Indenture) to the PFC Capital Fund.

The Indenture of Trust Securing Chicago O'Hare International Airport Customer Facility Charge Senior Lien Revenue Bonds requires that, as long as any Bonds remain Outstanding, in each Fiscal Year, the City shall set the amount of the CFC (when multiplied by the total number of projected Contract Days) plus projected Facility Rent at an annual level sufficient to provide sufficient funds (1) to pay principal of and interest on the Bonds due in such Fiscal Year, (2) to reimburse the Rolling Coverage Fund, the

Supplemental Reserve Fund, the Debt Service Reserve Fund and any Subordinate Reserve Fund for any drawings upon such Funds over a period not to exceed twelve months, as determined by the City, (3) to provide funds necessary to pay any "yield reduction payments" or rebate amounts due to the United States under the Indenture for which funds in the Rebate Fund or the CFC Stabilization Fund are not otherwise available, (4) to maintain the balance of the CFC Stabilization Fund in an amount of no less than the CFC Stabilization Fund Minimum Requirement and to reimburse any drawings below the CFC Stabilization Fund Minimum Requirement over a period not to exceed twelve months, as determined by the City, and (5) to maintain the balance of the Operation and Maintenance Fund in an amount of no less than the Operation and Maintenance Fund Requirement and to reimburse any drawings below the Operation and Maintenance Fund Minimum Requirement over a period of not to exceed twelve months, as determined by the City.

- f) No-Commitment Debt and Public Interest Loans include various special assessment, private activity bonds and loans. These types of financings are used to provide private entities with low-cost capital financing for construction and rehabilitation of facilities deemed to be in the public interest. Bonds payable on no-commitment debt are not included in the accompanying financial statements because the City has no obligation to provide for their repayment, which is the responsibility of the borrowing entities. In addition, federal programs/grants, including Community Development Block Grants and Community Service Block Grants, provide original funding for public interest loans. Loans receivable are not included as assets because payments received on loans are used to fund new loans or other program activities in the current year and are not available for general City operating purposes. Loans provided to third parties are recorded as current and prior year programs/grants expenditures. Funding for future loans will be from a combination of the repayment of existing loans and additional funds committed from future programs/grants expenditures.
- g) **Defeased Bonds** have been removed from the Statement of Net Position because related assets have been placed in irrevocable trusts that, together with interest earned thereon, will provide amounts sufficient for payment of all principal and interest. Defeased bonds at December 31, 2014, not including principal payments due January 1, 2015, are as follows (dollars in thousands):

		Amount		
	C	efeased	Ou	tstanding
General Obligation Emergency Telephone System - Series 1993	\$	213,730	\$	103,570
General Obligation Bonds - Series 2001A		406,571		64,805
General Obligation Project Bonds - Series 2004A		323,040		3,405
General Obligation Project and Refunding Bonds - Series 2005B		11,435		1,750
General Obligation Direct Access Bonds - Series 2005E		22,186		5,555
General Obligation Project and Refunding Bonds - Series 2006A		28,695		7,440
General Obligation Project and Refunding Bonds - Series 2007A		10,505		4,350
Lakefront Millennium Project Parking Facilities Bonds - Series 1998		149,880		43,880
Special Transportation Revenue Bonds - Series 2001		118,715		90,395
Total	\$	1,284,757	\$	325,150

							D.	

## 11) Pension Funds

a) Retirement Benefit-Eligible City employees participate in one of four single-employer defined benefit pension plans (Plans). These Plans are: the Municipal Employees'; the Laborers' and Retirement Board Employees'; the Policemen's; and the Firemen's Annuity and Benefit Funds of Chicago. Plans are administered by individual retirement boards of trustees comprised of City officials or their designees and of trustees elected by plan members. Certain employees of the Chicago Board of Education participate in the Municipal Employees' Fund or the Laborers' and Retirement Board Employees' Annuity and Benefit Fund. Each Plan issues a publicly available financial report that includes financial statements and required supplementary information.

The financial statements of the Plans are prepared using the accrual basis of accounting. Employer and employee contributions are recognized in the period in which employee services are performed. Benefits and refunds are recognized when payable.

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates. Fixed income securities are valued principally using quoted market prices provided by independent pricing services. For collective investments, the net asset value is determined and certified by the investment managers as of the reporting date. Real estate investments are generally valued by appraisals or other approved methods. Investments that do not have an established market are reported at estimated fair value.

The Plans have a securities lending program. At year-end, the Plans have no credit risk exposure to borrowers because the amounts the Plans owe the borrowers exceed the amounts the borrowers owe the Plans. The contract with the Plans' master custodian requires it to indemnify the Plans if the borrowers fail to return the securities (and if the collateral is inadequate to replace the securities lent) or fail to pay the fund for income distributions by the securities' issuers while the securities are on loan. All securities loans can be terminated on demand by either the Plans or the borrower, although the average term of the loans has not exceeded 154 days. The Plans' custodian lends securities for collateral in the form of cash, irrevocable letters of credit and/or U.S. government obligations equal to at least 102 percent of the fair value of securities or international securities for collateral of 105 percent. Cash collateral is invested in the lending agents' short-term investment pool, which at year-end has a weighted average maturity that did not exceed 39 days. The Plans cannot pledge to sell collateral securities received unless the borrower defaults. Loans outstanding as of December 31, 2014 are as follows: market value of securities loaned \$883.6 million, market value of cash collateral from borrowers \$906.2 million and market value of non-cash collateral from borrowers \$1.5 million.

The Plans provide retirement, disability, and death benefits as established by State law. Benefits generally vest after 20 years of credited service. Employees who retire at or after age 55 (50 for policemen and firemen) with 20 years of credited service qualify to receive a money purchase annuity and those with more than 20 years of credited service qualify to receive a minimum formula annuity. The annuity is computed by multiplying the final average salary by a percentage ranging from 2.0 percent to 2.5 percent per year of credited service. The final average salary is the employee's highest average annual salary for any four consecutive years within the last 10 years of credited service.

Historically, State law required City contributions at statutorily, not actuarially, determined rates. The City's contribution was calculated based on the total amount of contributions by employees to the Plan made in the calendar year two years prior, multiplied by (in recent years) 1.25 for the Municipal Employees', 1.00 for the Laborers', 2.00 for the Policemen's, and 2.26 for the Firemen's. State law also requires covered employees to contribute a percentage of their salaries.

Beginning in 2016, current State law requires significantly increased contributions by the City to the Policemen's and Firemen's Plans. This is projected to require an increase in the City's contributions to the Policemen's and Firemen's Plans by more than \$548.6 million starting in 2016 and increasing by

				,	

approximately three percent each year thereafter. A bill was recently passed by the Illinois General Assembly which would, among other things, institute an extension to 2055 of the period by which the unfunded liabilities of the Policemen's and Firemen's Plans are amortized to a 90 percent Funded Ratio. This would also phase-in over the next five years the increases in the City's contributions to the Policemen's and Firemen's Plans. A motion to reconsider this vote has been filed in the Illinois Senate and is under consideration.

Also beginning in 2016, State law requires significantly increased contributions by the City to the Municipal Employees' and Laborers' Plans. The multiplier determining the City contribution, based on the total amount of contributions by employees to the respective Plans made in the calendar year two years prior, will increase as follows: for the City contribution to be made in 2016, 1.60 (Laborers') and 1.85 (Municipal Employees'); for the contribution made in 2017, 1.90 (Laborers') and 2.15 (Municipal Employees'); for the contribution made in 2018, 2.20 (Laborers') and 2.45 (Municipal Employees'); for the contribution made in 2020, 2.80 (Laborers') and 3.05 (Municipal Employees'). Beginning in 2021, the City's payment contributions for Laborers' and Municipal Employees' will equal the Normal Cost (based on actuarial calculations) for such year plus the amount, determined on a level percentage of payroll basis, that is sufficient to achieve a Funded Ratio of 90 percent in Laborers' and Municipal Employees' by the end of contribution year 2055. This will require an increase in the City's contributions to the Municipal Employees' and Laborers' Plans of more than \$89.1 million starting in 2016 and increasing by approximately three percent each year thereafter.

The City's annual pension cost for the current year and related information for each Plan is as follows (dollars in thousands):

	Municipal Employees'	Laborers'	Policemen's	Firemen's	Total
Contribution rates:	(a)	(a)	(a)	(a)	. n/a
Plan members	8.5%	8.5%	9.0%	9.125%	n/a
Annual required contribution	\$ 839,038 200,461	\$ 106,018 2,336	\$ 491,651 209,449	\$ 304,265 150,726	\$ 1,740,972 562,972
contribution	(210,521)	(2,453)	(147,857)	(154,961)	(515,792)

2014	12/31/14	988,141		4,338,593	3,350,452	23	460,190	728

The unfunded liability to the Plans poses significant financial challenges. The unfunded liability has consistently increased in recent years, but is expected to decrease in the future. Such a decrease is expected to result from significantly increased City contributions to the Plans, beginning in 2016, as required by State law (see Note 1). These increased contributions to the Plans are expected to pose a substantial burden on the City's financial condition.

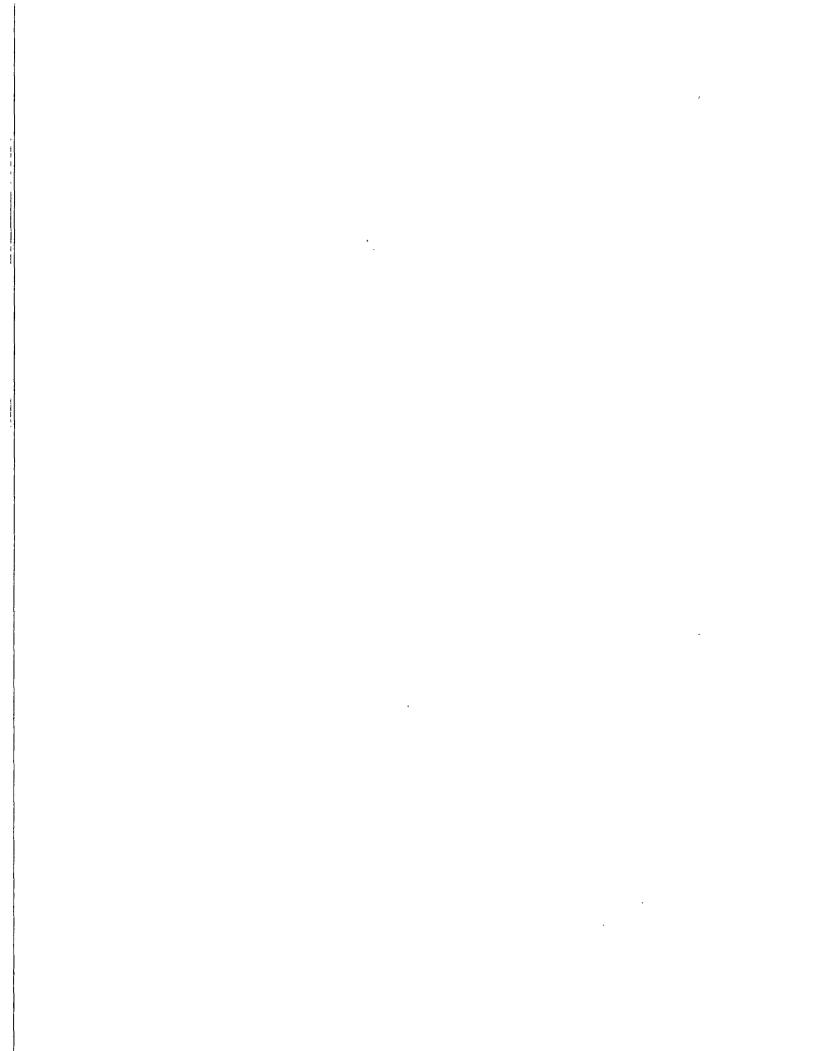

b) Other Post Employment Benefits (OPEB) - The Pension Funds also contribute a portion of the City's contribution as subsidy toward the cost for each of their annuitants to participate in the City's health benefits plans, which include basic benefits for eligible annuitants and their dependents and supplemental benefits for Medicare eligible annuitants and their dependents. The amounts below represent the accrued liability of the City's pension plans related to their own annuitants and the subsidy paid to the City (see Note 12). The plan is financed on a pay as you go basis (dollars in thousands).

Actuarial Method and Assumptions - For the Pension Funds' subsidies, the actuarial valuation for the fiscal year ended December 31, 2014 was determined using the Entry Age Normal actuarial cost method. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan understood by the employer and plan members) and included the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial method and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long term perspective of the calculations.

## **OPEB COST SUMMARY**

(dollars in thousands)

	Year	Annual OPEB Cost	% of Annual OPEB Obligation	0	Net OPEB bligation
Municipal Employees'	2012 2013 2014	\$ 13,703 13,389 (13,100) *	69.49 % 71.01	\$	71,756 75,637 53,486
Laborers'	2012 2013 2014	2,994 3,009 567	85.56 83.67 416.04		5,951 6,442 4,649
Policemen's	2012 2013 2014	10,573 10,536 6,191	92.37 93.46 155.99		11,461 12,150 8,684
Firemen's	2012 2013 2014	4,154 4,071 (868)	63.13 62.66 -		10,382 11,902 8,563

<sup>\*</sup> The negative cost is primarily due to the insurance subsidy ending in 2016.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revisions as the results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presents, as required,

supplementary information following the notes to the financial statements (dollars in thousands, unaudited).

#### 12) Other Post Employment Benefits - City Obligation

Up to June 30, 2013, the annuitants who retired prior to July 1, 2005 received a 55 percent subsidy from the City and the annuitants who retired on or after July 1, 2005 received a 50, 45, 40 and zero percent subsidy from the City based on the annuitant's length of actual employment with the City for the gross cost of retiree health care under a court approved settlement agreement, known as the "Settlement Plan." The pension funds contributed their subsidies of \$65 per month for each Medicare eligible annuitant and \$95 per month for each Non-Medicare eligible annuitant to their gross cost. The annuitants contributed a total of \$84.8 million in 2014 to the gross cost of their retiree health care pursuant to premium amounts set forth in the below-referenced settlement agreement.

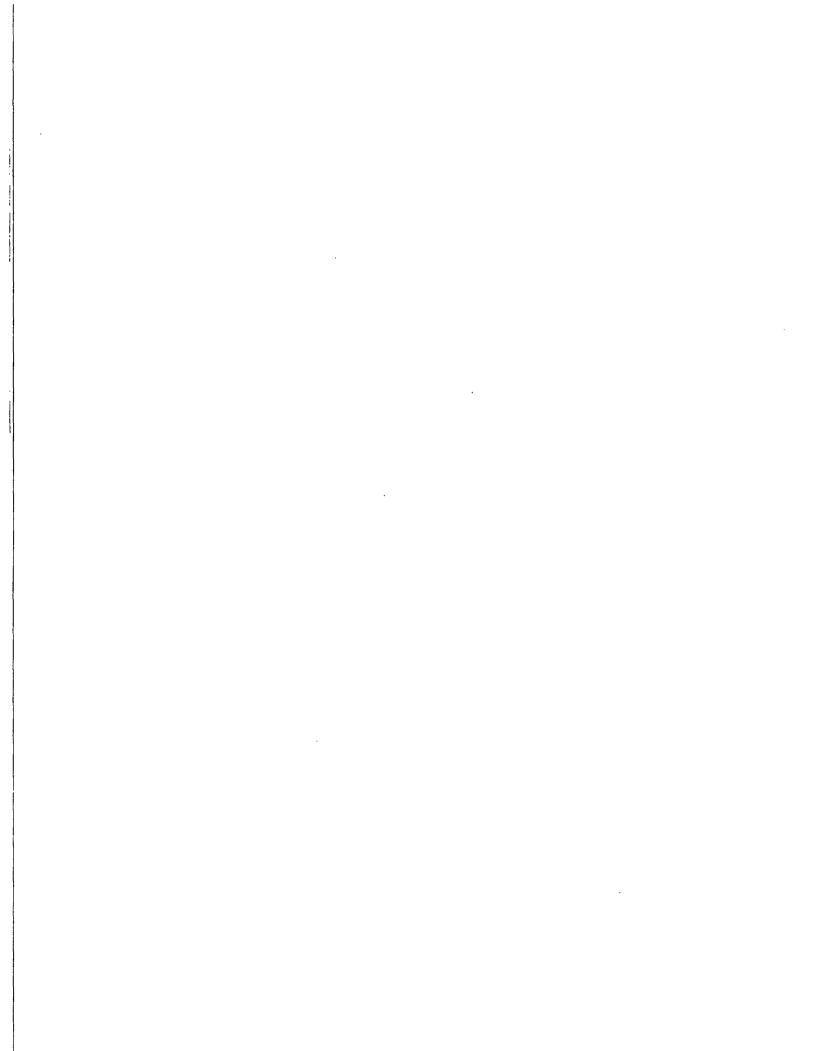

The City of Chicago subsidized a portion of the cost (based upon service) for hospital and medical coverage for eligible retired employees and their dependents based upon a settlement agreement entered in 2003 and which expired on June 30, 2013.

On May 15, 2013, the City announced plans to, among other things: (i) provide a lifetime healthcare plan to former employees who retired before August 23, 1989 with a contribution from the City of up to 55% of the cost of that plan; and (ii) beginning July 1, 2013, provide employees who retired on or after August 23, 1989 with healthcare benefits in a new Retiree Health Plan (Health Plan), but with significant changes to the terms including increases in premiums and deductibles, reduced benefits and the phase-out of the Health Plan for such employees by December 31, 2016.

The cost of health benefits is recognized as an expenditure in the accompanying financial statements as claims are reported and are funded on a pay-as-you-go basis. In 2014, the net expense to the City for providing these benefits to approximately 24,381 annuitants plus their dependents was approximately \$79.3 million.

**Plan Description Summary** – The City of Chicago was party to a written legal settlement agreement outlining the provisions of the Settlement Plans, which ended June 30, 2013. The Health Plan provides for annual modifications to the City's level of subsidy. It is set to phase out over three years, at which the Health Plan, along with any further City subsidy, will expire by December 31, 2016, for all but the group of former employees (the Korshak class of members) who retired before August 23, 1989, who shall have lifetime benefits. Duty Disabled retirees who have statutory pre-63/65 coverage will continue to have fully subsidized coverage under the active health plan until age 65.

The provisions of the Health Plan provide in general, that the City pay a percentage of the cost (based upon an employee's service) for hospital and medical coverage to eligible retired employees and their dependents for the specified period, ending December 31, 2016. The percentage subsidies were revised to reduce by approximately 25 percent of 2013 subsidy levels in 2014 and 50 percent of 2013 subsidy levels in 2015. Additional step downs in subsidy levels for 2016 have not yet been finalized.

## CITY OF CHICAGO, ILLINOIS NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2014

In addition, State law authorizes the four respective Pension Funds (Policemen's, Firemen's, Municipal Employees', and Laborers') to provide a fixed monthly dollar subsidy to each annuitant who has elected coverage under any City health plan through December 31, 2016. After that date, no Pension Fund subsidies are authorized. The liabilities for the monthly dollar Pension Fund subsidies contributed on behalf of annuitants enrolled in the medical plan by their respective Pension Funds are included in the NPO actuarial valuation reports of the respective four Pension Funds under GASB 43 (see Note 11).

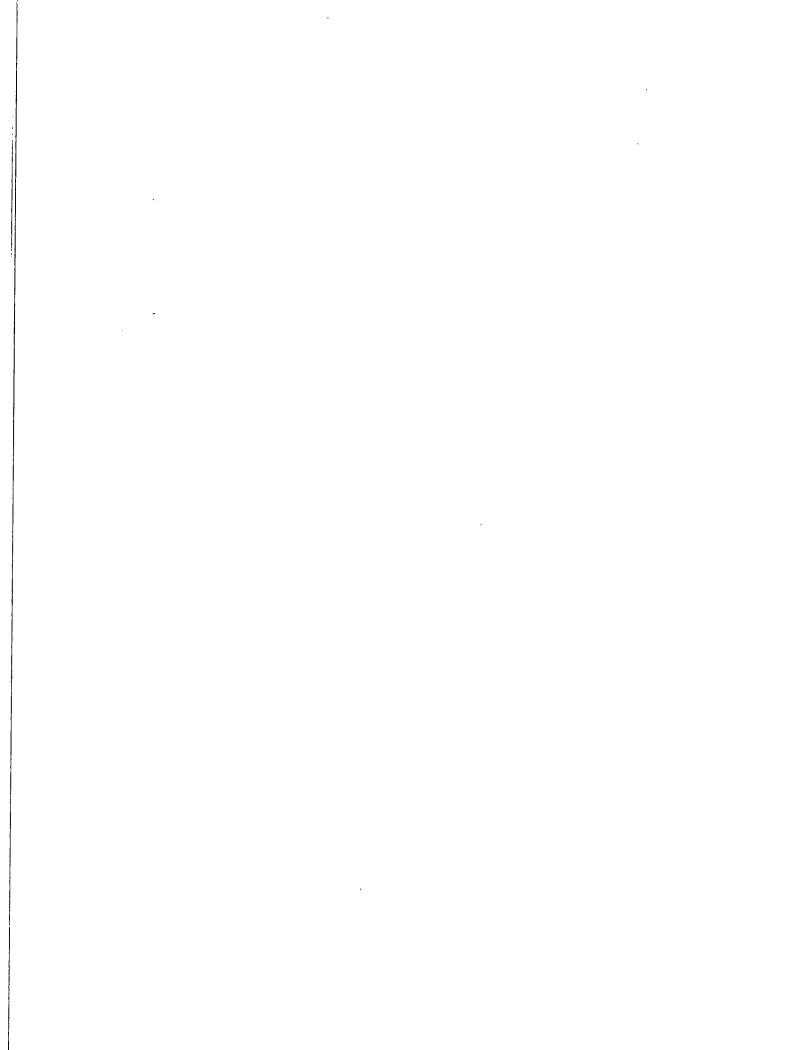

Special Benefits under the Collective Bargaining Agreements (CBA) - Under the terms of the collective bargaining agreements for the Fraternal Order of Police (FOP) and the International Association of Fire Fighters (IAFF), certain employees who retire after attaining age 55 with the required years of service are permitted to enroll themselves and their dependents in the healthcare benefit program offered to actively employed members. They may keep this coverage until they reach the age of Medicare eligibility. These retirees do not contribute towards the cost of coverage, but the Policemen's Fund contributes \$95 per month towards coverage for police officers; the Firemen's Fund does not contribute.

Both of these agreements which provide pre-65 coverage originally expired at June 30, 2012. These benefits have been renegotiated to continue through 2016 or June 30, 2017, depending on bargaining unit agreements. This valuation assumes that the CBA special benefits, except for those who will have already retired as of December 31, 2016, will cease on December 31, 2016 or June 30, 2017, depending on bargaining unit agreements. The renegotiated agreements also provided that retirees will contribute 2% of their pension toward the cost of their health care coverage.

Funding Policy - No assets are accumulated or dedicated to funding the retiree health plan benefits.

Annual OPEB Cost and Net OPEB Obligation - The City's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC). The ARC (Annual Required Contribution) represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and to amortize any unfunded actuarial liabilities over a period of ten years.

The following table shows the components of the City's annual OPEB costs for the year for the Health Plan and CBA Special Benefits, the amount actually contributed to the plan and changes in the City's net OPEB obligation. The *Net OPEB Obligation* is the amount entered upon the City's Statement of Net Position as of year end as the net liability for the other post-employment benefits – the Health Plan. The amount of the annual cost that is recorded in the Statement of Changes in Net Position for 2014 is the Annual OPEB Cost (expense).

**Funded Status and Funding Progress** - As of January 1, 2014, the most recent actuarial valuation date, the actuarial accrued liability for benefits was \$964.6 million all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$2,425.0 million and the ratio of the unfunded actuarial accrued liability to the covered payroll was 39.8 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revisions as the results are compared with past

## CITY OF CHICAGO, ILLINOIS NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2014

expectations and new estimates are made about the future. The schedule of funding progress, presents, as required, supplementary information following the notes to the financial statements (dollars in thousands, unaudited).

Actuarial Valuation Date	Va	tuarial lue of	,	Actuarial Accrued bility (AAL)		Unfunded Actuarial rued Liability (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll

CBA Special Benefits										
12/31/2013	_\$_	-	\$_	466,421	_\$_	466,421	0%	\$ 1,400,269	33.3 %	
Total										
12/31/2013	\$	-	<u>\$</u>	964,626	_\$_	964,626	0%	\$ 2,425,000	39.8 %	

**Actuarial Method and Assumptions** – Projections of benefits for financial reporting purposes are based on the substantive plan (the plan understood by the employer and plan members) and included the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial method and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long term perspective of the calculations.

For the Health Plan benefits (not provided by the Pension Funds), the entry age normal actuarial cost method was used. The actuarial assumptions included an annual healthcare cost trend rate of 8.0% initially, reduced by decrements to an ultimate rate of 5.0% in 2026. The range of rates included a 3.0% inflation assumption. Rates included a 2.5% inflation assumption. The plan has not accumulated assets and does not hold assets in a segregated trust. However, the funds expected to be used to pay benefits are assumed to be invested for durations which will yield an annual return rate of 3.0%. The remaining Unfunded Accrued Actuarial Liability is being amortized as a level dollar amount over ten years. The benefits include the provisions under the new Health Plan, which will be completely phased-out by December 31, 2016, except for the Korshak category, which is entitled to lifetime benefits. Also included in the Non-CBA benefits are the duty disability benefits under the active health plan payable to age 63/65.

For the Special Benefits under the CBA for Police and Fire, the renewed contracts' expiration dates of June 30, 2016 (for Police Captains, Sergeants and Lieutenants) and June 30, 2017 for all other Police and Fire are reflected, such that liabilities are included only for payments beyond the end of the calendar year of contract expiration on behalf of early retirees already retired and in pay status as of December 31 of the expiration year of the contract. The entry age normal method was selected. The actuarial assumptions included an annual healthcare cost trend rate of 8.0% in 2014, reduced by decrements to an ultimate rate of 5.0% in 2026. Rates included a 2.5% inflation assumption. The plan has not accumulated assets and does not hold assets in a segregated trust. The funds expected to be used to pay benefits are assumed to be invested for durations which will yield an annual return rate of 3.0%. The remaining Unfunded Accrued Actuarial Liability is being amortized as a level dollar amount over ten years.

Summary of Assumptions and Methods			
	Settlement Health Plan	CBA Special Benefits	
Actuarial Valuation Date	December 31, 2013	December 31, 2013	
Actuarial Cost Method	Entry Age Normal	Entry Age Normal	
Amortization Method	Level Dollar, open	Level Dollar, open	
Remaining Amortization Period	10 years	10 years	
Asset Valuation Method	Market Value	Market Value	
Actuarial Assumptions: Investment Rate of Return Projected Salary Increases Healthcare Inflation Rate	3.0% 2.5% 8.0% initial to 5.0% in 2026	3.0% 2.5% 8.0% initial to 5.0% in 2026	

## 13) Risk Management

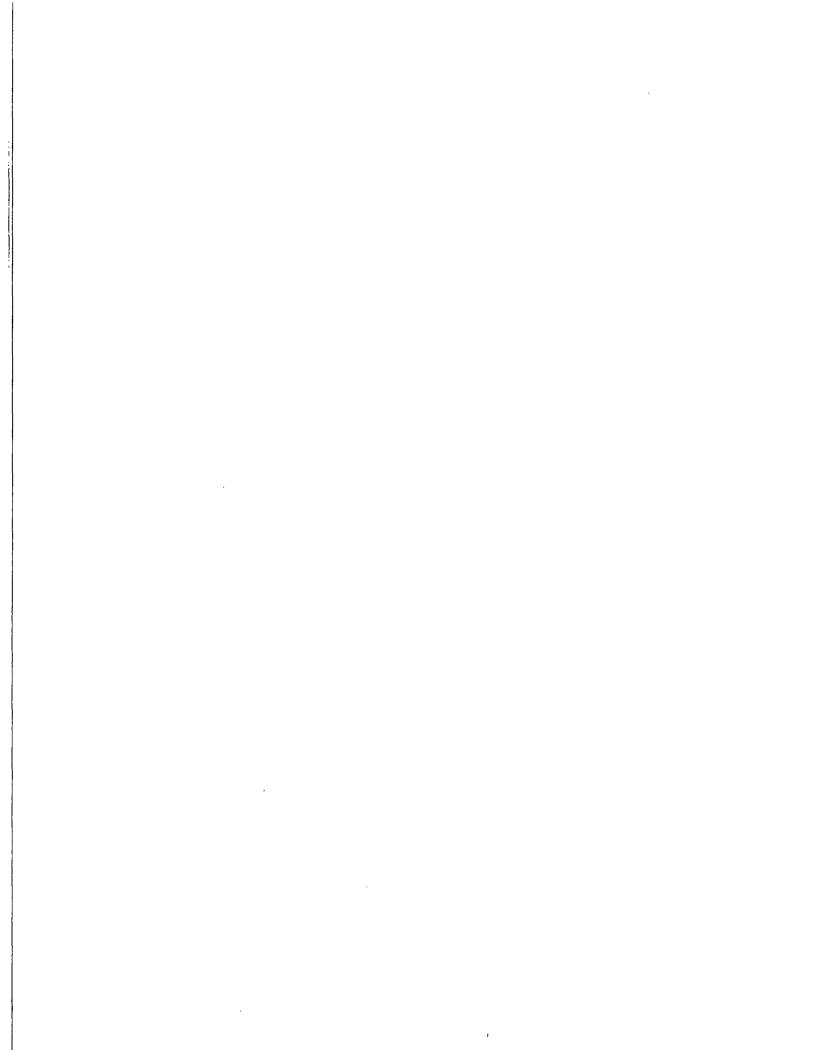

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; certain benefits for and injuries to employees and natural disasters. The City provides worker's compensation benefits and employee health benefits under self-insurance programs except for insurance policies maintained for certain Enterprise Fund activities. The City uses various risk management techniques to finance these risks by retaining, transferring and controlling risks depending on the risk exposure.

Risks for O'Hare, Midway, and certain other major properties, along with various special events, losses from certain criminal acts committed by employees and public official bonds are transferred to commercial insurers. Claims have not exceeded the purchased insurance coverage in the past three years, accordingly, no liability is reported for these claims. All other risks are retained by the City and are self-insured. The City pays claim settlements and judgments from the self-insured programs. Uninsured claim expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. The General Fund is primarily used to record all non-Enterprise Fund claims. The estimated portion of non-Enterprise Fund claims not yet settled has been recorded in the Governmental Activities in the Statement of Net Position as claims payable along with amounts related to deferred compensatory time and estimated liabilities for questioned costs. As of December 31, 2014, the total amount of non-Enterprise Fund claims was \$483.2 million and Enterprise Fund was \$57.1 million. This liability is the City's best estimate based on available information. Changes in the reported liability for all funds are as follows (dollars in thousands):

	2014	2013
Balance, January 1	\$ 547,674	\$608,485
Claims incurred and change in estimates	627,488	699,582
Claims paid on current and prior year events	(634,890)	(760,393)
Balance, December 31	\$ 540,272	\$547,674

#### 14) Expenditure of Funds and Appropriation of Fund Balances

The City expends funds by classification as they become available, and "Restricted" funds are expended first. If/when City Council formally sets aside or designates funds for a specific purpose, they are considered "Committed." The Mayor (or his/her designee) may in this capacity, also set aside or designate funds for specific purposes and all of these funds will be considered "Assigned." Any remaining funds, which are not specifically allocated in one or more of the previous three categories, are considered "Unassigned" until such allocation is completed.

In addition to the categories above, any amounts which will be used to balance a subsequent year's budget will be considered "Assigned" as Budgetary Stabilization funds. The amounts may vary from fiscal year to fiscal year or depending on the City's budgetary condition, or may not be designated at all. The funds may be assigned by the Mayor or his designee, up to the amount of available "Unassigned" fund balance at the end of the previous fiscal year.

#### a) Fund Balance Classifications

On the fund financial statements, the Fund Balance consists of the following (dollars in thousands):

		Federal,				Community	
		State and		Service	Bond, Note	Development	Other
		Local	Special	Concession	Redemption	Improvement	Governmental
	General	Grants	Taxing Areas	and Reserve	and Interest	Projects	Funds
Nonspendable Purpose:							
Inventory	\$ 24,498	-	-	_	-	-	-
Restricted Purpose:							
TIF and Special Service Area Programs an	d						
Redevelopment	-	-	-	-	-	-	- 1
Capital Projects	-	-	1,327,058	-	-	347,652	139,491
Grants	-	15,230	-	-	-	-	-
Debt Service	-	-	-	-	-	-	-
General Government	-	-	-	-	-	-	-
Committed Purpose:							
Debt Service	-	-	-	-	-	-	75,176
Budget and Credit Rating Stabilization	-	-	-	620,891	-	-	-
Repair, Maintenance and City Services	-		-	-	-	-	-
Assigned Purpose:							
Future obligations	-	-	-	-	-	-	-
Special Projects	65,223	•	-	-	-	-	-
Unassigned	51,557	(240,275)		(1,576,293)	(26,872)		
Total Government Fund Balance	\$ 141,278	\$ (225,045)	\$ 1,327,058	\$ (955,402)	\$ (26,872)	\$ 347,652	\$ 214,667

At the end of the fiscal year, total encumbrances for the General Operating Fund amounted to \$29.2 million, \$47.3 million for the Special Taxing Areas Fund, \$75.5 million for the Capital Projects Fund and \$7.3 million for the Non Major Special Revenue Fund.

#### 15) Commitments and Contingencies

The City is a defendant in various pending and threatened individual and class action litigation relating principally to claims arising from contracts, personal injury, property damage, police conduct, alleged discrimination, civil rights actions and other matters. City management believes that the ultimate resolution of these matters will not have a material adverse effect on the financial position of the City.

The City participates in a number of federal-and state-assisted grant programs. These grants are subject to audits by or on behalf of the grantors to assure compliance with grant provisions. Based upon past experience and management's judgment, the City has made provisions in the General Fund for questioned costs and other amounts estimated to be disallowed. City management expects such provision to be adequate to cover actual amounts disallowed, if any.

As of December 31, 2014, the Enterprise Funds have entered into contracts for approximately \$518.1 million for construction projects.

The City's pollution remediation obligation of \$8.5 million is primarily related to Brownfield redevelopment projects.

These projects include removal of underground storage tanks, cleanup of contaminated soil, and removal of other environmental pollution identified at the individual sites. The estimated liability is calculated using the expected cash flow technique. The pollution remediation obligation is an estimate and subject to changes resulting from price increases or reductions, technology, or changes in applicable laws or regulations.

#### 16) Concession Agreements

The major fund entitled Service Concession and Reserve Fund is used for the purpose of accounting for the deferred inflows associated with governmental fund long-term lease and concession transactions. Deferred inflows are amortized over the life of the related lease and concession agreements. Proceeds from these transactions may be transferred from this fund in accordance with ordinances approved by the City Council that define the use of proceeds.

In February 2009, the City completed a \$1.15 billion concession agreement to allow a private operator to manage and collect revenues from the City's metered parking system for 75 years. The City received an upfront payment of \$1.15 billion which was recognized as a deferred inflow that will be amortized and recognized as revenue over the term of the agreement. The City recognizes \$15.3 million of revenue for each year through 2083.

In December 2006, the City completed a long-term concession and lease of the City's downtown underground public parking system. The concession granted Chicago Loop Parking, LLC (CLP) the right to operate the garages and collect parking and related revenues for the 99-year term of the agreement. The City received an upfront payment of \$563.0 million of which \$347.8 million was simultaneously used to purchase three of the underground garages from the Chicago Park District. The City recognized a deferred inflow that will be amortized and recognized as revenue over the term of the lease. The City recognizes \$5.7 million of revenue for each year through 2105. In January 2014, CLP assigned all of its interests in the concession and lease agreement to LMG2, LLC, the designee of its lenders, in lieu of foreclosure by the lenders on their leasehold mortgage on the underground garages.

In January 2005, the City completed a long-term concession and lease of the Skyway. The concession granted a private company the right to operate the Skyway and to collect toll revenue from the Skyway for the 99-year term of the agreement. The City received an upfront payment of \$1.83 billion; a portion of the payment (\$446.3 million) advance refunded all of the outstanding Skyway bonds. The City recognized a deferred inflow of \$1.83 billion that will be amortized and recognized as revenue over the 99-year term of the agreement. The City recognizes \$18.5 million of revenue related to this transaction for each year through 2103. Skyway land, bridges, other facilities and equipment continue to be reported on the Statement of Net Position and will be depreciated, as applicable, over their useful lives. The deferred inflow of the Skyway is reported in the Proprietary Funds Statement of Net Position.

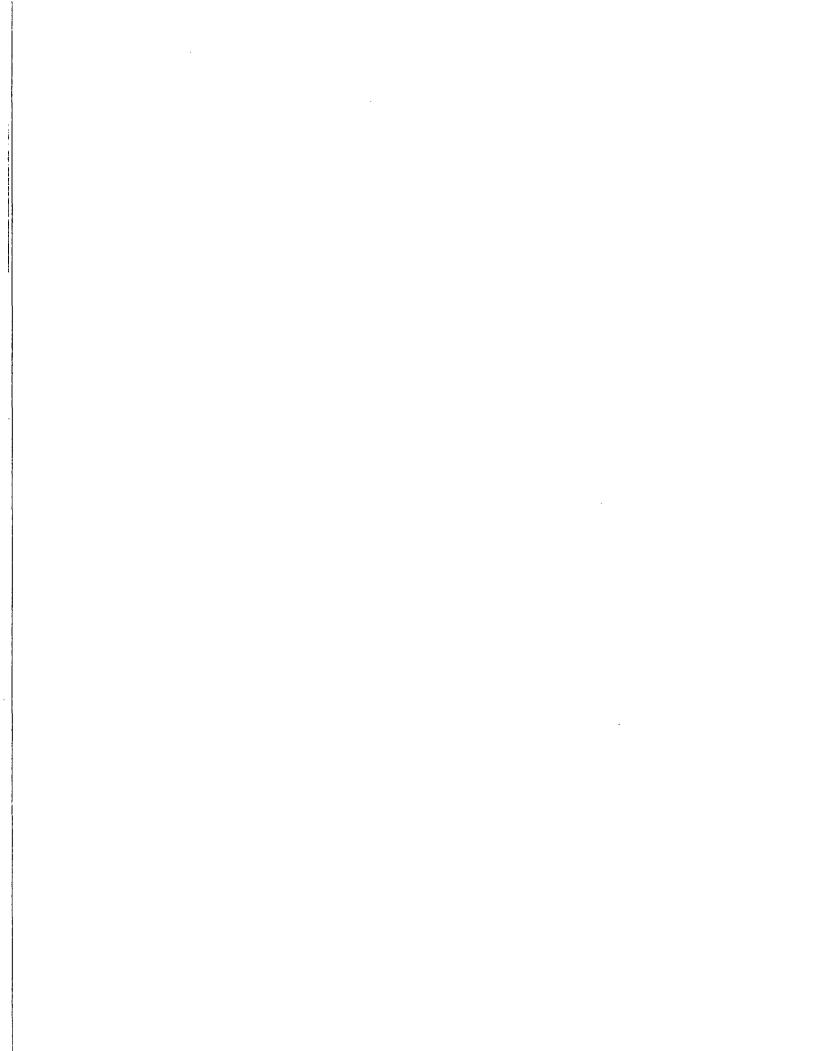

#### 17) Subsequent Events

#### Ratings

In February 2015, Moody's Investors Service (Moody's) downgraded the ratings of the City's General Obligation bonds, Sales Tax revenue bonds and Motor Fuel Tax revenue bonds from Baa1 to Baa2, the City's Wastewater senior lien revenue bonds from A2 to A3, and the Wastewater second lien revenue bonds from A3 to Baa1, each with a negative outlook.

In March 2015, Kroll Bond Rating Agency (Kroll) rated the City's General Obligation bonds A- with a stable outlook.

In May 2015 Moody's downgraded the City's General Obligation bonds, Sales Tax revenue bonds and Motor Fuel Tax revenue bonds from Baa2 to Ba1, with a negative outlook. At the same time, Moody's downgraded the City's Water senior lien revenue bonds from A2 to Baa1, the Water second lien revenue bonds from A3 to Baa2 and the City's Wastewater senior lien bonds from A3 to Baa2 and the Wastewater second lien revenue bonds from Baa1 to Baa3, each with a negative outlook. The Moody's May 2015 downgrades triggered (with respect to the City's General Obligation debt, Sales Tax revenue bonds, Water second lien revenue bonds and Wastewater second lien revenue bonds) defaults under certain credit and/or liquidity facilities, certain general obligation revolving credit agreements and, for the Series 2008C Wastewater second lien revenue bonds, certain continuing covenant agreements with those bondholders. The Moody's May 2015 downgrades also triggered termination events under interest rate swap

agreements to which the City is a party. The City does not have any such facilities or agreements relating to its Motor Fuel Tax revenue bonds. In response to the triggering of these defaults and termination events, the City took several actions: (i) it terminated the Wells Fargo letter of credit securing two series of its General Obligation commercial paper notes (no such notes were outstanding at the time of termination) and terminated the associated reimbursement agreement; (ii) it entered into forbearance agreements with (A) the providers of credit and/or liquidity facilities for its General Obligation bonds, General Obligation commercial paper notes and Sales Tax revenue bonds, (B) the lenders on its General Obligation revolving credit agreements, (C) the counterparties on its General Obligation and Sales Tax Revenue interest rate swap agreements, and (D) the holders of its Series 2008C Wastewater second lien revenue bonds; (iii) it amended and/or transferred the interest rate swap agreements for its Water second lien revenue bonds and its Wastewater second lien revenue bonds to remove such termination event from the swap agreements prior to any demand being made for a termination payment by the counterparties; and (iv) it obtained a waiver of the event of default from the provider of a letter of credit relating to its Water second lien revenue bonds.

In May 2015, subsequent to the Moody's downgrades, Standard and Poor's (S&P) downgraded the City's General Obligation bonds from A+ to A- with a negative watch. S&P also downgraded the City's Water senior lien revenue bonds from AA to A, the Water second lien revenue bonds from AA- to A- the City's Wastewater senior lien bonds from AA to A and the Wastewater second lien revenue bonds from AA- to A-, each with a negative watch.

In May 2015, subsequent to the Moody's downgrades, Fitch Ratings (Fitch) downgraded the City's General Obligation bonds and Sales Tax revenue bonds from A- to BBB+, with a negative watch.

In June 2015, Kroll rated the Sales Tax revenue bonds AA+ with a stable outlook.

#### **Bonds**

In May 2015, the City converted its General Obligation Bonds (Neighborhoods Alive 21 Program), Series 2002B (\$176.2 million) from variable rate to fixed rate. The bonds were converted at interest rates ranging from 5.0 percent to 5.5 percent and mandatory sinking fund or maturity dates from January 1, 2016 to January 1, 2037. Proceeds were used to pay a portion of the purchase price of the bonds mandatorily tendered on the conversion date and the costs of conversion. The remaining portion of \$24.8 million was redeemed by the City.

In May 2015, the City converted its General Obligation Bonds, Project and Refunding Series 2003B (\$170.1 million) from variable rate to fixed rate. The bonds were converted at interest rates ranging from 5.0 percent to 5.5 percent and maturity dates from January 1, 2016 to January 1, 2034. Proceeds were used to pay a portion of the purchase price of the bonds mandatorily tendered on the conversion date and the costs of conversion. The remaining portion of \$11.8 million was redeemed by the City.

In June 2015, the City converted its General Obligation Bonds, Project and Refunding Series 2005D (\$174.0 million) from variable rate to fixed rate. The bonds were converted at an interest rate of 5.5 percent and mandatory sinking fund or maturity dates from January 1, 2033 to January 1, 2040. Proceeds were used to pay a portion of the purchase price of the bonds mandatorily tendered on the conversion date and the costs of conversion. The remaining portion of \$48.8 million was redeemed by the City.

In June 2015, the City converted its General Obligation Bonds, Refunding Series 2007E, F and G (\$153.7 million) from variable rate to fixed rate. The bonds were converted at an interest rate of 5.5 percent and mandatory sinking fund or maturity dates from January 1, 2034 to January 1, 2042. Proceeds were used to pay a portion of the purchase price of the bonds mandatorily tendered on the conversion date and the costs of conversion. The remaining portion of \$46.3 million was redeemed by the City.

In June 2015, the City converted its Sales Tax Revenue Refunding Bonds, Series 2002 (\$111.7 million) from variable rate to fixed rate. The bonds were converted at interest rates ranging from 2.0 percent to 5.0 percent. Proceeds were used to pay the purchase price of the bonds mandatorily tendered on the conversion date and the costs of conversion.

#### **Swaps**

In May and June 2015, the City terminated all of its General Obligation and Sales Tax revenue swaps and transferred and modified certain thresholds with respect to Additional Termination Events for its Water second lien revenue swaps and Wastewater second lien revenue swaps.

The City terminated the swaps relating to its (1) General Obligation Bonds, Project and Refunding Series 2003B for total termination payments of \$31.0 million, (2) General Obligation Bonds, Project and Refunding Series 2005D for total termination payments of \$62.8 million, (3) General Obligation Bonds, Refunding Series 2007 E, F and G for total termination payments of \$62.0 million and 4) Sales Tax Revenue Refunding Bonds, Series 2002 for a termination payment of \$29.0 million.

The City transferred the swaps with UBS related to its Water Second Lien Revenue Bonds, Series 2000 (\$100.0 million notional amount) and Series 2004 (\$173.3 million notional amount) to Barclays. At the same time, the ATE rating threshold was reduced from below Baa1 by Moody's or BBB+ by S&P to below Baa3 or BBB- by Moody's and S&P respectively. In addition, the swap with Royal Bank of Canada relating to the City's Water Second Lien Revenue Bonds, Series 2004 (\$182.2 million notional amount) was modified to reduce the ATE rating threshold from below Baa1 by Moody's or BBB+ by S&P to below BBB+ by S&P or Fitch.

The City modified the ATE rating thresholds related to its Second Lien Wastewater Transmission Revenue Bonds, Series 2008C swaps with JPMorgan (\$49.8 million notional amount) and Bank of America (\$49.8 million notional amount) from below Baa1 by Moody's or BBB+ by S&P to below Baa3 or BBB- by Moody's or S&P, respectively.

#### Commercial Paper, Letters of Credit, Lines of Credit and Continuing Covenant Agreements

As of December 31, 2014, the outstanding balance for the City's General Obligation Commercial Paper Notes and General Obligation Lines of Credit (G.O. CP) was \$297.4 million. Since January 2015, the City has paid down \$54.2 million of G.O. CP and has issued \$591.8 million to refund certain outstanding bonds, facilitate the conversion of variable rate bonds to fixed rate, fund swap termination payments and pay certain settlements and judgments. The current G.O. CP outstanding is approximately \$835.0 million.

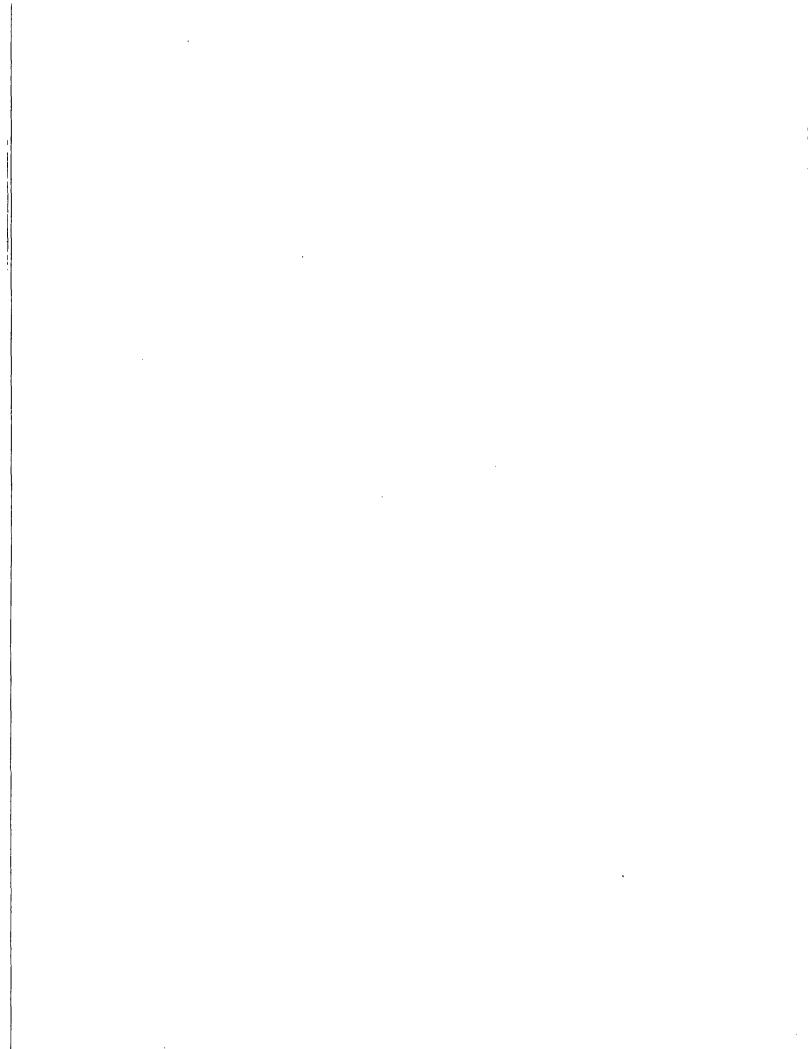

In February 2015, the City's Midway Commercial Paper program was reduced from \$150 million to \$85 million. As such, the PNC letter of credit was not extended.

In April 2015, the City issued \$30.5 million aggregate principal amount of its Chicago O'Hare International Airport Commercial Paper Notes (O'Hare CP Notes). The proceeds of these O'Hare CP Notes were used to finance a portion of the cost of authorized airport projects.

In May and June 2015, the City converted its General Obligation bonds and Sales Tax revenue bonds from variable rate to fixed rate, as discussed above. The related letters of credit and liquidity facilities were terminated at the time of the conversion.

Due to the May 2015 downgrades by Moody's, the City entered into forbearance agreements with its General Obligation commercial paper credit providers (except Wells Fargo), the lenders on its General Obligation revolving credit agreements and the Orange Line letter of credit provider. The forbearance agreements extend to September 30, 2015, unless another event of default is triggered, including another rating downgrade by Moody's or a downgrade below investment grade by S&P or Fitch. The Wells Fargo letter of credit was terminated; there were no such General Obligation commercial paper notes outstanding secured by that letter of credit. The City also entered into forbearance agreements with the holders of its Series 2008C Wastewater second lien revenue bonds. Each of those holders has a continuing covenant agreement with the City with respect to its bonds. An event of default was triggered under each continuing covenant agreement due to the May 2015 downgrades by Moody's. The forbearance agreements extend to June 30, 2016 (provided that the City has taken certain steps prior to June 30, 2016 to convert the Series 2008C Wastewater second lien revenue bonds to fixed rates of interest), unless another event of default is triggered, including another rating downgrade by Moody's or a downgrade below investment grade by S&P or Fitch.

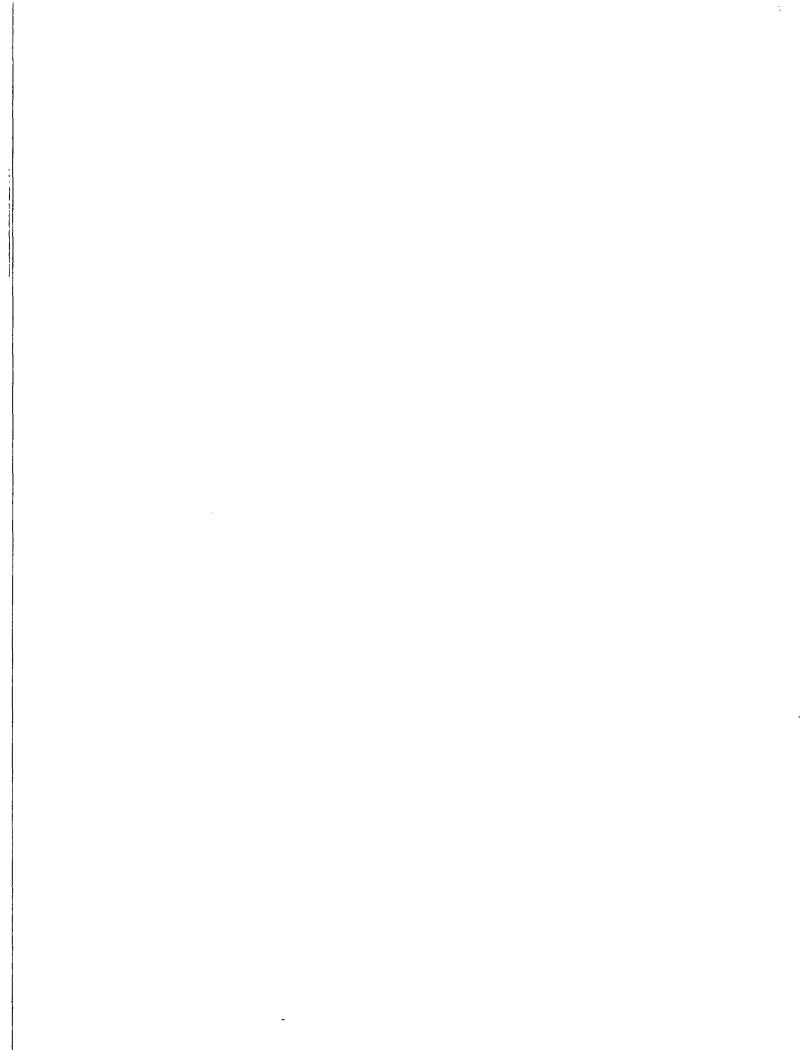

In May 2015, the City entered into a Line of Credit Agreement with DNT Asset Trust, which allows the City to draw on the line of credit in an aggregate amount not to exceed \$200.0 million to facilitate the conversions of the City's

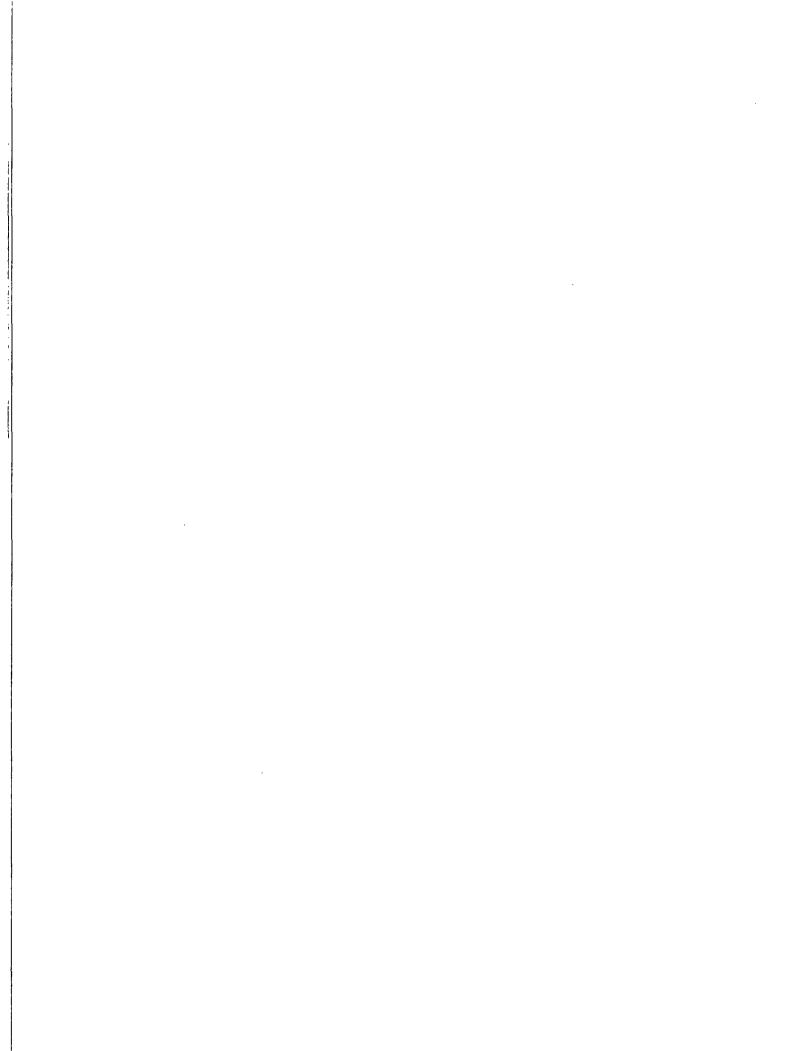

General Obligation variable rate bonds to fixed rate, by funding a portion of the purchase price of tendered bonds as well as paying for the redemption of bonds which were not converted to fixed rate. The line of credit was subsequently reduced to \$151.6 million, to reflect the amount of the draws related to the conversions. The City's repayment obligation under the line of credit is a general obligation of the City. The line of credit expires September 30, 2015. In June 2015, the City amended its Revolving Credit Agreement with Bank of America, which increases the line of credit amount to \$348.4 million. The City's repayment obligation under the line of credit is a general obligation of the City. The line of credit remains in effect through the forbearance period ending on September 30, 2015, although any draws on the line of credit during and after the forbearance period are subject to approval by the bank in its sole discretion.

#### NONMAJOR SPECIAL REVENUE FUNDS

**Vehicle Tax Fund -** Expenditures made in accordance with the policy established by the City Council in connection with street repairs and maintenance, as provided by sale of vehicle licenses.

**Motor Fuel Tax and Project Fund -** Expenditures for repair and maintenance of streets and pavements as provided by the City's distributive share of State Motor Fuel Tax and Motor Fuel Tax Revenue Bonds.

**Pension Fund -** For the City's contribution to Employees' Annuity and Benefit Funds as provided by tax levy and State Personal Property Replacement Tax revenue.

**Public Building Commission Fund -** For rentals of space and long-term lease obligations by the City as provided by tax levy.

**Miscellaneous Fund -** Expenditures for environmental management purposes related to liquid waste, inspection, operation of emergency communication system and other obligations, as provided by revenues from fees collected for disposal of liquid waste, by fees on telephone billings and transfers in.

**Chicago Public Library Fund -** Expenditures for acquisition, repairs, construction and equipment of library buildings; also library maintenance and operations as provided by proceeds of debt, fines and miscellaneous revenues.

**Special Events, Tourism and Festivals Fund -** Expenditures for promoting tourism, conventions and other special events projects in Chicago as provided by the State from Municipal Hotel-Motel Tax receipts and by proceeds from Jazz, Blues and Gospel Festivals and Taste of Chicago.

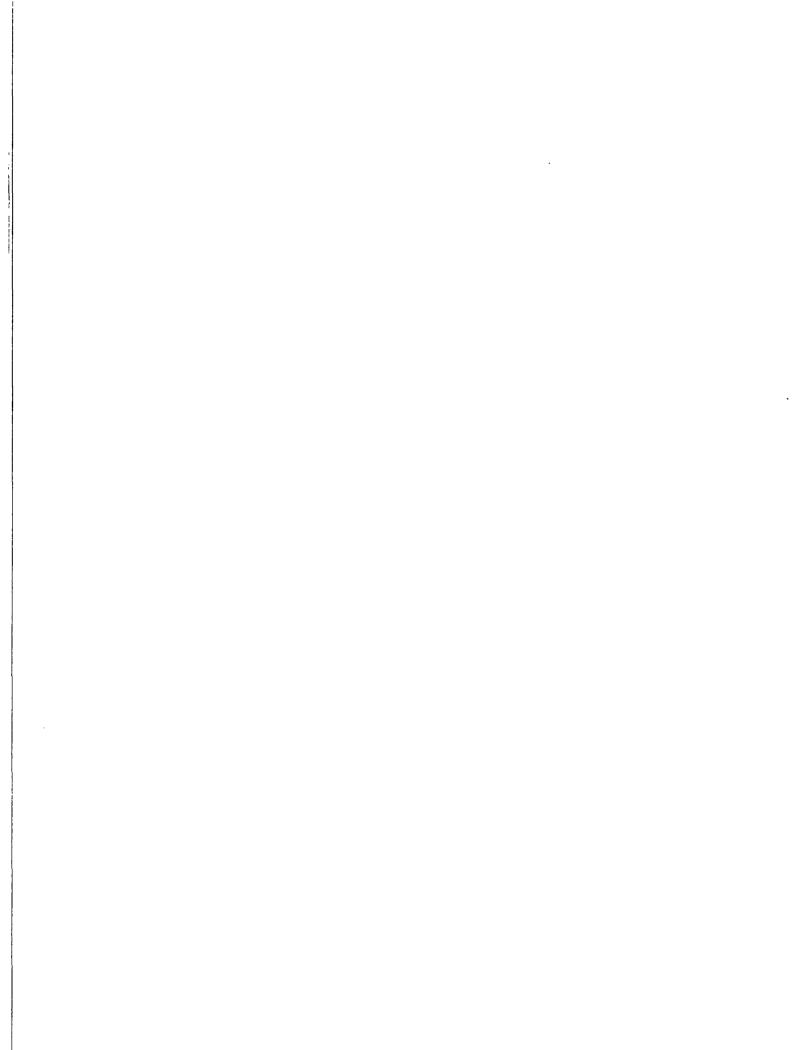

**Health and Welfare Fund -** For general assistance to be expended and administered by the Illinois Department of Public Aid as provided by patient fees, City and State grants and proceeds of debt, and for neighborhood human infrastructure projects designed to improve the quality of life for citizens.

## **PART III**

# STATISTICAL SECTION (UNAUDITED)

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

#### Contents:

#### **Financial Trends**

These schedules contain trend information to help the reader understand how the City's financial performance and well being have changed over time.

### **Revenue Capacity**

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

## **Debt Capacity**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

#### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

#### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement No. 34 in 2002; schedules presenting government-wide information include information beginning that year.

### NOTE:

(1) The amounts listed above for each year include amounts payable January 1 of the following year. Bonds maturing and interest payable January 1, 2015, have been excluded from this schedule because funds for their payment have been provided in the debt service funds. For variable rate debt, interest has been calculated at the rate in effect or effective rate of a Swap Agreement, if applicable, as of December 31, 2014. Amounts above exclude Commercial Paper issues as the timing of payments is not certain.

#### NOTE:

- (1) The amounts listed above for each year include amounts payable January 1 of the following year. Bonds maturing and interest payable January 1, 2015, have been excluded from this schedule because funds for their payment have been provided in the debt service funds. For variable rate debt, interest has been calculated at the rate in effect or effective rate of a Swap Agreement, if applicable, as of December 31, 2014. Amounts above exclude Commercial Paper issues as the timing of payments is not certain.
- (2) Alternative Revenue Bonds include General Obligation Bonds (Emergency Telephone System), Series 1999 and Series 2004, and General Obligation Bonds (Modern Schools Across Chicago Program) Series 2007A-K and 2010A/B.

#### NOTE:

(1) The amounts listed above for each year include amounts payable January 1 of the following year. Bonds maturing and interest payable January 1, 2015, have been excluded from this schedule because funds for their payment have been provided in the debt service funds. For variable rate debt, interest has been calculated at the rate in effect or effective rate of a Swap Agreement, if applicable, as of December 31, 2014. Amounts above exclude Commercial Paper issues as the timing of payments is not certain.

#### Notes:

- (1) An underlying rating by any rating agency for the related debt (or lowest rated lien of the related credit) below what is shown in the chart in the "Ratings Threshold" column would constitute an event of default under the agreements with the related banks.
- (2) The agreements with The Bank of New York Mellon provide that until February 15, 2015, the Ratings Threshold shall be "Baa3" by Moody's and "BBB-" by Fitch and S&P. After February 15, 2015, the Rating Threshold becomes "Baa2" by Moody's and "BBB" by Fitch and S&P. The agreements were subsequently amended in 2015 changing February 15, 2015 to October 2, 2015. On April 30, 2015, The Bank of New York Mellon entered into a participation agreement with JP Morgan for the full amount of the bonds.
- (3)The agreement with Barclays provides that it is an event of default if (A) any two Rating Agencies then rating the Debt of the City payable from or secured by Pledged Revenues which is senior to or on parity with the Bonds shall have downgraded their rating on such Debt to or below "Baa2" (or its equivalent) or "BBB" (or its equivalent), respectively, or (B) any Rating Agency shall have downgraded its rating of any Debt of the City payable from or secured by the Pledged Revenues which is senior to or on a parity with the Bonds to below "Baa3" (or its equivalent) or "BBB-" (or its equivalent), respectively, or suspended or withdrawn its rating of the same and such downgrade, suspension or withdrawal shall remain for a period of 180 days.
- (4) The Event of Default is triggered if the General Obligation rating falls below the threshold above by any of the rating agencies. A covenant to use reasonable efforts to replace the letter of credit within 30 days is triggered if the rating is below Baa1 or BBB+ by Moody's or S&P respectively.
- (5) The Letter of Credit amount varies up to a maximum \$180.7 million.

# DEPARTMENT OF FINANCE CITY OF CHICAGO

June 30, 2015

To the Honorable Mayor and Members of the City Council of the City of Chicago

Ladies and Gentlemen:

This report is a supplement to the <u>Comprehensive Annual Financial Report</u> of the City of Chicago for the year ended December 31, 2014.

The Comprehensive Annual Financial Report should be referenced for the following information:

- 1. Introductory Section.
- 2. Financial Section.
- Statistical Section.

This supplemental report contains:

The Schedules of Expenditures and Encumbrances - Budget and Actual (Budgetary Basis) for the General and Special Revenue Funds for the year ended December 31, 2014.

Respectfully submitted,

Daniel Widawsky
City Comptroller
