PROJECT SUMMARY

The project is located in the Pullman Landmark District and Community Area on the Southeast Side of Chicago. The project consists of the adaptive reuse of two historic, 3-story buildings located at 11127-29 South Langley Avenue and 704-706 East 112th Street and the construction of a new 3-story building (38' to the top of the coping) located in between at approximately 11137-49 South Langley Avenue. Upon completion the project will include 38 residential/artist live work units, community and resident art space and 17 accessory parking spaces.

The overall site area is 33,441 square feet. Parking for the project will be accessed via the public alley to the east. The project will achieve Energy Star certification. The dwelling units will consist of a mix of one and two bedroom units as well as a few efficiencies. All of the units will be affordable to households earning no more than 60% of the area median income. The project has been reviewed and approved by the Commission on Chicago Landmarks and Parts 1 and 2 of the project's federal Historic Preservation Certification Application have been approved by the National Park Service.

BULK/USES/DENSITY

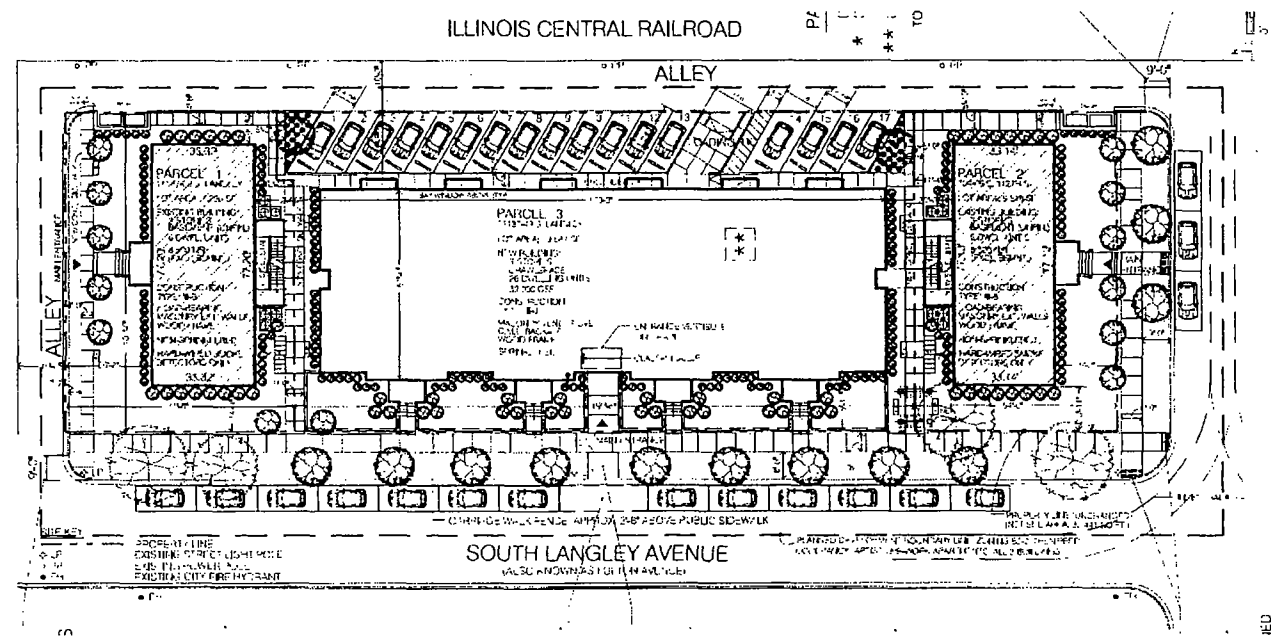

The PD would cap the Floor Area Ratio (FAR) for the project at 1.7. Allowed uses under the PD would include residential artist live work units, community and resident art space and accessory parking. The Minimum Lot Area (MLA) for the project is 940. The project will include well under 20% efficiency units, per Section 17-3-0410-A of the Chicago Zoning Ordinance. (See Attached Bulk Table)

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant and compared this proposal to existing development in the community. The area around this project consists of a mix of residential and manufacturing zoning districts and the project represents an opportunity to construct a compatible residential/artist live work infill project along South Langley Street in Chicago's Pullman Community Area.

Based on that analysis, the Department of Planning and Development has concluded that this proposal is appropriate for this site and supports this development for the following reasons:

1. The proposed rezoning of the subject property is appropriate under Chapter 17-13 of the Zoning Ordinance. Specifically, the proposed B2-2 underlying zoning classification and the project is 1) compatible with the character of the surrounding area in terms of uses, density and building scale (17-13-0308-C); 2) compatible with surrounding zoning districts (17-13-0308-D); and, 3) the public infrastructure facilities and city services will be adequate to serve the proposed development at the time of occupancy (17-13-0308-E).

2. The project meets the purpose and criteria set forth in Chapter 17-8 of the Zoning Ordinance and its adoption would not have an adverse impact on the public's health, safety or welfare. Specifically, this project meets the following provisions of Chapter 17-8:
 - a. Reinforces desirable urban features found within the surrounding area, such as siting patterns, massing arrangements and streetscape characteristics (per 17-8-0906-A), as evidenced by the project's design, height and bulk which is consistent with the rhythm of the Pullman Landmark District;
 - b. Gives priority to the adaptive reuse of historic buildings which have been designated as Chicago Landmarks (per 17-8-0911) as evidenced by the planned adaptive reuse of the 1880's era residential buildings located with the project area; and,
 - c. All sides and areas of the buildings that are visible to the public are treated with materials, finishes and architectural details that are of high-quality and appropriate for use on primary street-facing façade (17-8-0907-A-4), as evidenced through the material callouts on the exhibits.
3. The project has been reviewed and approved by the Chicago Department of Transportation, Mayor's Office for People with Disabilities and the Fire Department.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that this application for a Residential Planned Development be approved and that the recommendation to the City Council Committee on Zoning, Landmarks and Building Standards be "Passage Recommended".
