REPORT
to the
CHICAGO PLAN COMMISSION
from the
DEPARTMENT of PLANNING AND DEVELOPMENT

JUNE 16, 2016

FOR APPROVAL: RESIDENTIAL BUSINESS PLANNED DEVELOPMENT

APPLICANT: JOHN KELLY

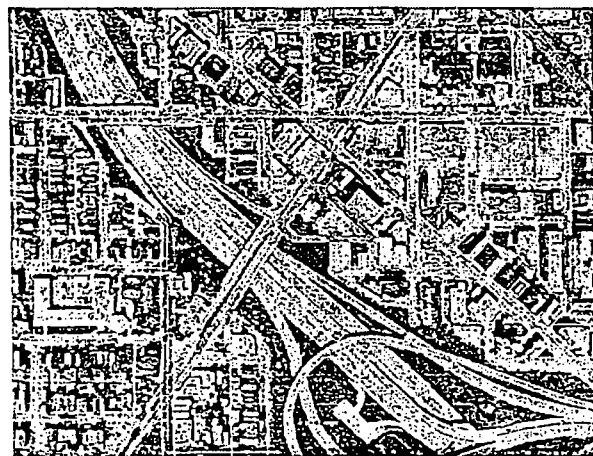

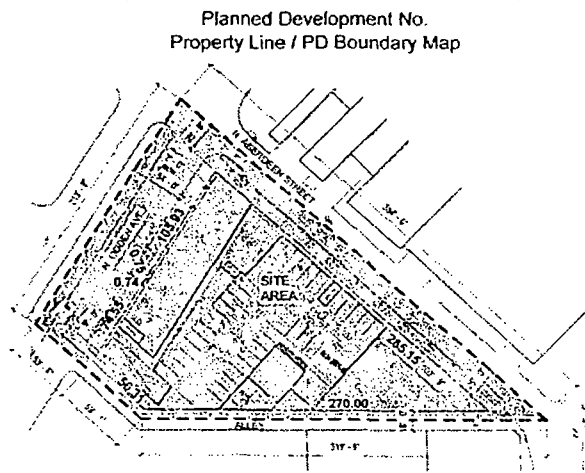

LOCATION: 768 N. ABERDEEN STREET

Pursuant to the provisions of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Planning and Development hereby submits this report and recommendation on a proposed Residential Business Planned Development for your review and recommendation to the Chicago City Council. The application for this amendment to the Chicago Zoning Ordinance was introduced into the City Council on September 24, 2015. Notice of the public hearing was published in the Chicago Sun-Times on June 1, 2016. The applicant was separately notified of this public hearing.

The applicant filed the application as a mandatory planned development per the requirement of section 17-8-0512 Tall Buildings. The applicant proposes to reclassify the site to B3-5, Community Shopping District prior to establishing the Residential Business Planned Development.

SITE AND AREA DESCRIPTION

The project consists of a trapezoidal shaped lot approximately 30,691 square feet and is bounded on the northwest by North Ogden Avenue, on the northeast by North Aberdeen Street, on the southwest by an existing public alley.

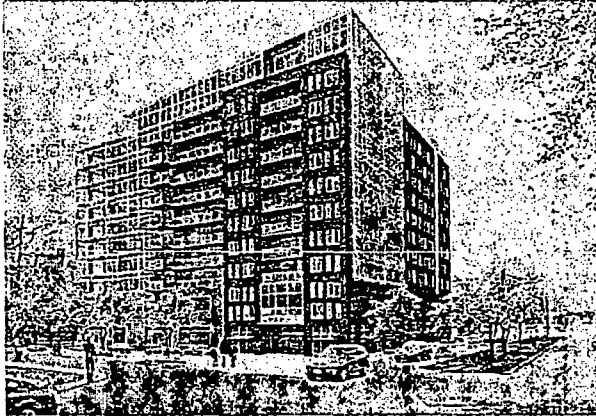

1. PD Boundary and Existing Land Use Map.

2. Aerial – Project Location Map.

PROJECT DESCRIPTION AND BUILDING DESIGN

The proposal will allow an 11-story mixed use building with ground floor retail and 168 dwelling units, accessory parking and related uses. The site is currently zoned M1-3 (Limited Manufacturing/Business Park District) and RT-4 (Residential Two-Flat, Townhouse and Multi-Unit District). The building is defined by an aluminum store front system along North Ogden Avenue. The North Ogden Avenue, North Aberdeen Street and public alley elevations contain high quality materials which include an architectural aluminum glass window system, dark masonry brick and a metal panel system. The facades are further defined with a glass window system. The top of the building is accentuated with a masonry brick with aluminum windows. The top floor will be a partial floor and allow for a vestibule and access to the roof level and a green roof.

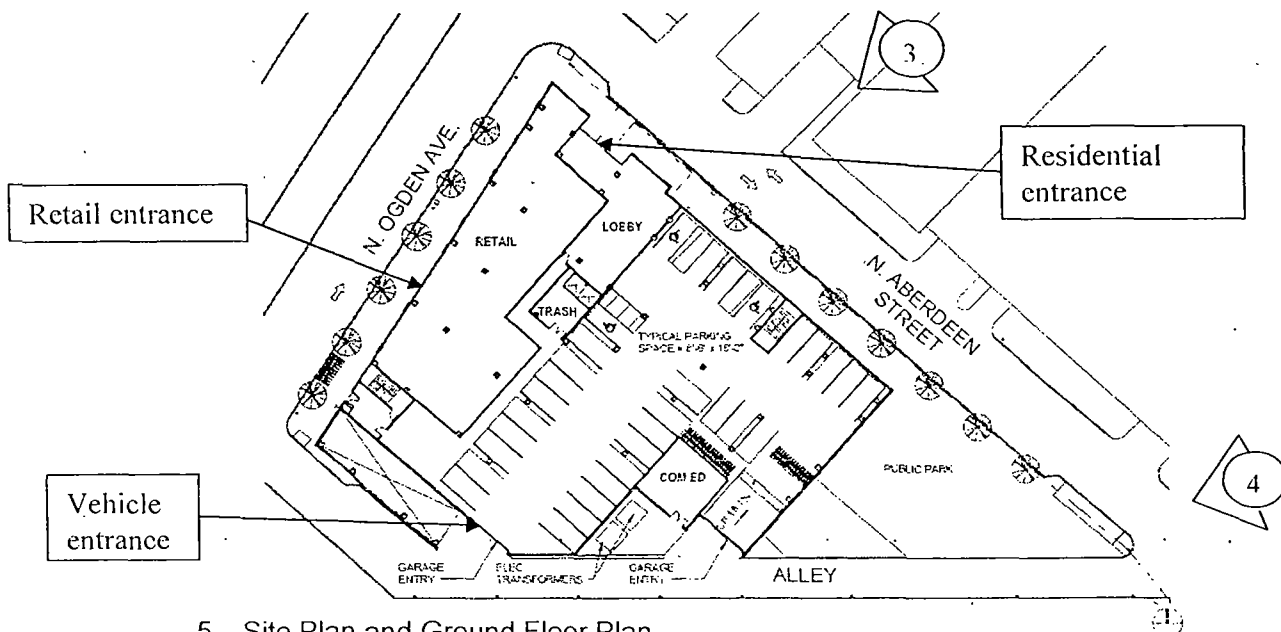

3. Rendering – Southeast View.

4. Rendering – Northeast View.

ACCESS/CIRCULATION

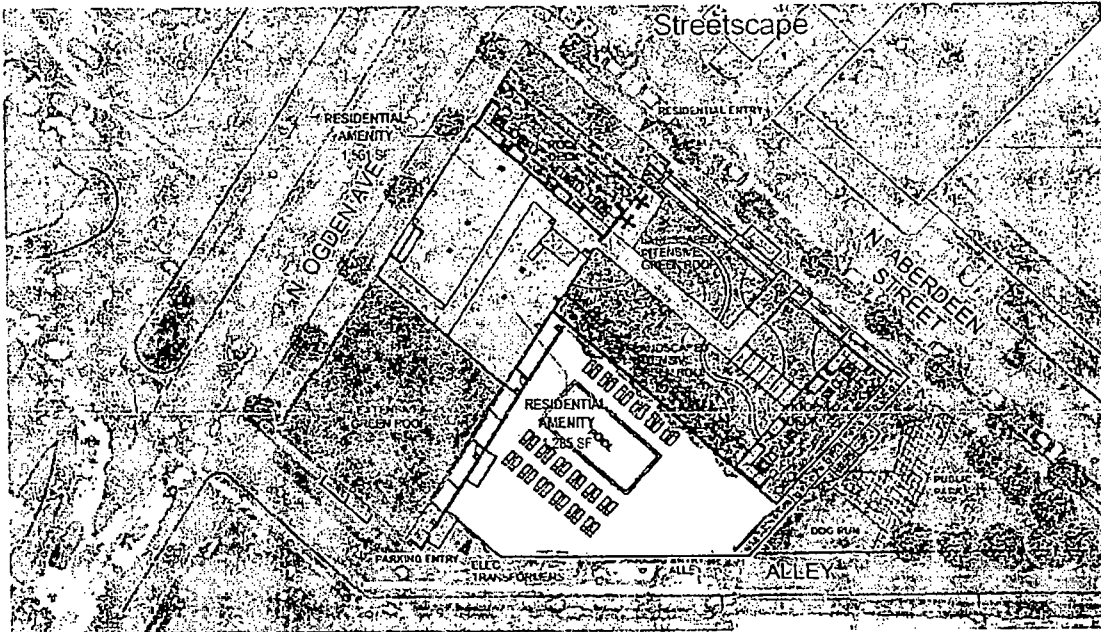

The pedestrian residential access point for the 11-story residential building is located on North Aberdeen Street and the retail entrance is located along North Ogden Avenue. Loading will occur internal to the building envelope and accessed from the existing alley.

5. Site Plan and Ground Floor Plan

LANDSCAPING and SUSTAINABILITY

The applicant must comply with the City of Chicago's Landscape Ordinance. In addition the proposed building is required to achieve building certification and provide a 50% green roof as defined by the City of Chicago Sustainable Matrix.

6. Green Roof, Roof Deck and Amenity level.

BULK/USE/DENSITY

The site will be rezoned to a B3-5 District and has a maximum allowable Floor Area Ratio (F.A.R) of 5.0. This proposed Residential Business Planned Development will achieve an F.A.R of 5.0. Based on the projects net site area of 30,691 square feet the blended Minimum Lot Area would permit 168 dwelling units under the B3-5 District.

Reference attached Bulk and Data Table Exhibit.

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the applicant and has concluded that the proposed application for a Residential Business Planned Development would be appropriate for the site and that the project meets the review criteria for planned developments set forth in the Zoning Ordinance (Section 17-13-0900).

1. The project complies with the Standards and Guidelines for Planned Developments in the Zoning Ordinance (Section 17-8-0900).
 - a. Compliance with Zoning. The proposed building would conform to all the requirements and restrictions of the B3-5, District for uses, height, floor area ratio, and density.

- b. Transportation, Traffic Circulation and Parking: The site has vehicular access via an existing public alley and directly accessible from North Ogden Avenue. The pedestrian access for the residential building is located along North Aberdeen Street and is identified via a residential entry lobby. Loading will occur internal to the building envelope and foot print and be accessed from an existing alley.
- c. Pedestrian Orientation. The proposed project will allow unimpeded pedestrian flow on North Aberdeen Street. Residential patrons will access the residential entry lobby through North Aberdeen Street.
- d. Urban and Building Design. The building's materials include an architectural aluminum glass window system, dark masonry brick and a metal panel system. The facades are further defined with a glass window system.

The ground floor contains commercial retails space and fronts North Ogden Avenue, and is enclosed by a glass storefront. The residential units are contained on floors two through 11th with the roof top programed for amenities and mechanical uses.

- 2. The proposed development is compatible with the character of the surrounding area in terms of uses, density and building scale. Current development north and south of the site is comprised of a mix of uses along North Ogden Avenue. The permitted uses are allowed within the project's underlying zoning of B3-5 District.
- 3. Approved Plans. The site is identified in the Near Northwest Side Plan approved by Plan Commission on September 19, 2002, and is identified as a redevelopment opportunity site. The plan identifies this site for a mixed use building with complimentary commercial uses as the highest and best economic use for the site.
- 4. The public infrastructure facilities and city services will be adequate to serve the proposed development at the time of occupancy.

The proposed Planned Development has been reviewed by the Chicago Department of Transportation's and all requested changes have been made. Copies of this application have been circulated to other City departments and agencies and all comments received have been addressed in the revised application.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that the revised application for a Residential Business Planned Development for John Kelly, be approved and that the recommendation to the City Council Committee on Zoning, Landmarks and Building Standards be: "As Amended, Passage Recommended."
