ADDRESS: 720 E. 111TH STREET

BUSINESS-RESIDENTIAL-INSTITUTIONAL PLANNED DEVELOPMENT NO. 1167,
AS AMENDEDPLAN OF DEVELOPMENT STATEMENTS

1. The area delineated herein as a Business-Residential-Institutional Planned Development Number 1167 (the "Planned Development") consists of approximately 6,017,640 square feet of net site area (approximately 138 acres) of property (the "Property"), together with certain portions of existing adjacent rights of way, as depicted on the attached Planned Development Boundary and Property Line Map. The Planned Development is divided into Subareas (each, a "Subarea," and collectively, the "Subareas") as indicated on the attached Subarea Map. North Pullman 111th, Inc. is the owner of and, for purposes of this amendment to the Planned Development, the "Applicant" with respect to Subareas B, D, E, F, G, and H.
2. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. These Planned Development Statements do not obligate the City of Chicago ("City") to establish any public rights-of-way, accept or maintain any open space, detention or site buffer areas, construct any public improvements, or finance the construction of any improvements. Any dedication, opening or vacation of streets, alleys or easements or adjustments of rights-of-way or consolidation or re-subdivision of parcels shall require a separate submittal on behalf of the Applicant or its successors, assignees or grantees and approval by the Commissioner of the Department of Transportation ("CDOT") and the City Council of the City of Chicago (the "City Council"). Any required City Council approvals must be obtained prior to issuance of any Part II approval. Applicant shall have the right to seek approval in phases for any or all of the foregoing approvals. In connection with planning for any Subarea, adjustments in the location, width and configuration of the rights-of-way illustrated on the Rights-of-Way Adjustment Map may be approved by the Zoning Administrator as a minor change to this Planned Development, provided such adjustments (a) do not result in a change in the character of this Planned Development in accordance with the requirements of Section 17-13-0611 of the Chicago Zoning Ordinance, (b) are set forth in a plat of subdivision, dedication, opening or vacation, or comparable plat or instrument, as applicable, that has been submitted by Applicant (or its successors, assigns or grantors) for approval by CDOT, the Department and by the City Council at the time of request for such adjustments (and approved by CDOT and the City Council prior to the issuance of any Part II approval), and (c) shall not be deemed to confer any additional bulk, density or other development rights.
3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns (including any condominium or homeowners' association which may be formed). The requirements of Section 17-8-0400 of the Chicago Zoning Ordinance shall apply to the Property. The Subareas (and, if subsequently designated on any Final Subarea Plan, any subparcels designated thereon), shall be deemed specifically delineated subareas and subparcels for purposes of Section 17-8-0400 of the Chicago Zoning Ordinance, provided, however, that for so long as North Pullman 111th, Inc. or any affiliate thereof owns or

controls any part of the Property, any application to the City for any such changes or modifications (administrative, legislative or otherwise) must in all cases be authorized by the Applicant (or Applicant's successor, assignee or grantee to such master developer ownership interest) or such affiliate. Where portions of the improvements located on the Property have been submitted to the Illinois Condominium Property Act, the term "owner" shall be deemed to refer solely to the condominium association of the owners of such portions of the improvements and not to the individual unit owners therein. Nothing herein shall prohibit or in any way restrict the alienation, sale or any other transfer of all or any portion of the Property or any rights, interests or obligations therein. The developer making application shall have the burden of establishing to the reasonable satisfaction of the Department that the Applicant's consent has been obtained or irrevocably waived. Upon any alienation, sale or any other transfer of all or any portion of the Property or the rights therein (other than a mortgage lien or security interest) and solely with respect to the portion of the Property so transferred, the term "Applicant" shall be deemed amended to apply solely to the transferee thereof (and its beneficiaries if such transferee is a land trust) and the seller or transferor thereof; provided, however, that North Pullman 111th, Inc.'s right to authorize changes or modifications to this Planned Development for so long as it owns or controls all or any portion of the Property shall not be deemed amended or transferred to apply to a transferee (or its beneficiaries as aforesaid) unless expressly assigned in a written instrument executed by the original Applicant hereunder. An agreement among different owners of the Property or a covenant binding upon owners of the Property may designate the parties authorized to apply for future amendments, modifications or other changes to this Planned Development and irrevocably waive the Applicant's consent right.

4. This Planned Development consists of these sixteen (16) statements and the following "Design-Exhibits" attached hereto: an Existing Zoning Map, a Planned Development Boundary and Property Line Map (three pages), a Sub Area Map, an overall Site Plan, a final Sub Area Plan and Site Plan (Phase 1) for Sub Area B, Elevations – Sub Area B (two pages), Plan of Development Bulk Regulations and Data Table – Sub Area B, and Design Guidelines – Sub Area B, all prepared by ZPD+A Architects and dated December 2, 2015; and a Landscape Plan (Subarea B – Phase 1) prepared by Spaceco Inc. and dated November 11, 2015.

The following Design-Exhibits are incorporated by reference: Bulk Elevations - North Woodlawn/Doty Avenues (Sub Area G), Bulk Axonometrics (Sub Areas A, B, G), Plan of Development Bulk Regulation and Data Tables (including permitted uses) for each of Sub Areas A and C through H (seven pages), all prepared by PappageorgeHaymes Partners dated August 15, 2013; Design Guidelines for Sub Area G, prepared by PappageorgeHaymes dated April 15, 2010; Plan of Development - Bulk Regulations and Data Table Summary, prepared by PappageorgeHaymes dated August 15, 2013; Subarea C Site Plan, prepared by William McDonough Partners dated August 15, 2013; Project Legacy Landscape Plan (two pages), prepared by Norris Design dated August 15, 2013; and Building Elevations and Building Sections Sheet for Sub Area C, both prepared by William McDonough Partners dated August 15, 2013.

Full size copies of the Design Exhibits are on file with the Department.

The following administrative relief and site plan approval letters are hereby incorporated by reference and made part of this Planned Development (collectively, the "Administrative Approvals"): Administrative Relief request for Subarea A, Phase 1A to Jesse Dodson dated February 25, 2011; Administrative Relief request for Subarea A, Phase 1A to Jesse Dodson dated May 2, 2011; Administrative Relief Request and Site Plan Approval for Subarea A, Phase 1B to David Doig dated January 25, 2013; and Site Plan Approval for Phase 1B of Subarea A (South Out Lot – 10834 South Doty Ave.) to David Reifman dated July 25, 2014.

References in these Statements to the "Planned Development" shall be deemed to include the aforementioned Design Exhibits and Administrative Approvals. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance and satisfies the established criteria for approval as a Planned Development. In the case of any express conflict between the terms of this Planned Development, and the Chicago Zoning Ordinance, this Planned Development shall apply. Absent an express conflict, the terms of the Chicago Zoning Ordinance shall apply to reviews, determinations and approvals under these Statements and to improvements to the Property. In any instance where a provision of the Planned Development conflicts with the Chicago Building Code, the Building Code shall control.

5. The permitted uses, floor area ratio, building height, setback, parking, bicycle parking and off street loading requirements for each Subarea are set forth in the applicable Plan of Development Bulk Regulations and Data Tables included in the Design Exhibits. For the purposes of calculations or measurements pertaining to the foregoing, the applicable definitions in the Chicago Zoning Ordinance shall apply.
6. Changes in the boundaries of Subareas shall require an amendment to these Statements in accordance with the review and approval procedures in Section 17-13-0602 through Section 17-13-0610 of the Chicago Zoning Ordinance.
7. On-premise signs and temporary signs such as construction and marketing signs shall be permitted within the Planned Development subject to the review and approval of the Department. Off-premise signs are prohibited within the boundary of the Planned Development.
8. For purposes of height measurement, the definitions in the Chicago Zoning Ordinance shall apply. The height of any building or improvement shall also be subject to height limitations established by the Federal Aviation Administration.
9. All ingress and egress shall be subject to the review and approval of CDOT and the Department. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of CDOT. All work proposed in the public way must be designed and constructed in accordance with the CDOT Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago, and must be designed in accordance with the CDOT Street and Site Plan Design Standards and follow the principles and practices of a Complete Streets design approach. Any dedication, opening, or vacation of public streets, alleys or easements or any adjustment of

the public rights-of-way contained within a particular Part II submittal shall be approved by City Council prior to the issuance of any final Part II approval. In connection with the Applicant's (or any developer's) submittal of any Site Plans in accordance with Statement 10 below, CDOT shall finally determine what means of ingress and egress are required, what public rights-of-way are required, and what public way improvements must be constructed as part of any project in any given Subarea (including any improvements required outside of such Subarea, but impacted or integrally related to such Subarea's project and the public improvements associated therewith). Applicant and its successors, assigns and grantees, at such parties' expense, agree to provide traffic impact studies, pay for the services of professional engineering services, and pay for the cost of third party construction inspection services to assist CDOT in its review and approval of Site Plan submissions (which approvals shall be a condition precedent to the Department's issuance of any applicable Part II approval). CDOT must approve the applicable consultant, which shall report to CDOT. Recommended traffic and engineering measures shall be included in the design review process and implemented. A minimum of two percent (2%) of all parking spaces provided pursuant to this Planned Development shall be designated and designed for parking for the handicapped.

10. Final Subarea Plans were previously approved for Subarea A, as part of establishment of the original Planned Development, and for Subarea C, as part of the amendment to the Planned Development approved on September 11, 2013. Final Subarea Plans shall not be required for Subareas B, D, E, F, G, or H, but development of such subareas shall be subject to Site Plan Review, as set forth in this Statement 10.

Prior to the Part II Approval (per Section 17-13-0610 of the Zoning Ordinance), Site Plan Review shall be required for all projects undertaken in furtherance of the Planned Development and, as applicable, the Final Subarea Plan in accordance with Section 17-13-0800 of the Chicago Zoning Ordinance, excluding Site Plan review for (i) the project depicted in Subarea A, which was approved with the original Planned Development and by its related Administrative Approvals, (ii) the project depicted in Subarea C, which was approved as part of the amendment to the Planned Development approved on September 11, 2013, and (iii) the project depicted as Phase I of Subarea B, which is being approved as part of this amendment to the Planned Development. The future expansion of the industrial building in Subarea C shall require Site Plan Review and an Administrative Relief submission prior to a Part II approval of the aforementioned expansion project. Review and approval by the Department of Planning and Development is intended to assure that specific development components substantially conform with the Planned Development, including the Plan of Development Bulk Regulations and Data Table and Design Guidelines applicable to such Subarea(s), and to assist the City in monitoring ongoing development. Subarea Site Plan Approval Submittals (per Section 17-13-0800) need only include that portion of the Property for which approval is being sought by the Applicant.

If not evidenced on the preliminary plat of subdivision submitted as part of the Final Subarea Plan for the project's subarea (if applicable), or the final approved subdivision plat (if applicable), the Applicant or developer of the subject project shall provide an exhibit showing lot sizes and boundaries for such project. In addition to the submittal requirements of Section 17-13-0802-B, the Applicant or developer shall also provide a Site Data Table for such project containing, for each Subarea and subparcel, if any, included in such

project:

- (1) the Gross Site Area;
- (2) the Net Site Area;
- (3) the square feet of floor area of each proposed building;
- (4) the amount of F.A.R. utilized out of the maximum F.A.R. permitted in such Subarea;
- (5) the height of each building to be constructed and the maximum allowable height permitted under the Design Exhibits applicable to such Subarea;
- (6) the number of dwelling units to be constructed and the maximum number of dwelling units permitted under the Design Exhibits applicable to such Subarea;
- (7) the front, rear and side setbacks for each building and the setbacks required under the Design Exhibits applicable to such Subarea;
- (8) All Residential Open Space, if applicable;
- (9) The number of parking spaces to be provided and the minimum and maximum number of parking spaces required under the Bulk Regulation Data Table Summary and Design Exhibits, as applicable; and
- (10) final elevations; elevations must be provided for all of the proposed building facades and building specified.

The Site Data Table shall also incorporate a table showing the "green" features to be included in the proposed buildings. The Site Plan shall be subject to review and approval of the Department and such other bureaus, departments or agencies as the Zoning Administrator deems appropriate before issuance of any Part II approval for the subject project. The Site Plan must be in substantial compliance with both the Planned Development and the approved Final Subarea Plan (if applicable). If, after City departmental review, the Zoning Administrator determines that the Site Plan is in substantial compliance with both the Planned Development and the applicable Final Subarea Plan, and if any improvements contemplated by the Site Plan exceed any of the mandatory Planned Development thresholds set forth in Section 17-8-0500 of the Chicago Zoning Ordinance (as applicable to improvements in a C2-3 district, e.g., the Site Plans include 60 dwelling units or more, or buildings 75 feet or more in height), then the Site Plan must then be reviewed by the Chicago Plan Commission, during a public meeting (for which placement on a Chicago Plan Commission Agenda, publication in accordance with Section 17-13-0107-B of the Chicago Zoning Ordinance, and posting in accordance with Section 17-13-0107-C of the Chicago Zoning Ordinance shall be required, but for which written notice pursuant to Section 17-13-0107-A of the Chicago Zoning Ordinance shall not be required) but shall not require review and approval by the City Council. If such mandatory thresholds are not met or exceeded, then no Chicago Plan Commission review

shall be required, and if, after City departmental review, the Zoning Administrator determines that the Site Plan is otherwise in substantial compliance with both the Planned Development and the applicable Final Subarea Plan, the Site Plan shall then be approved by the Zoning Administrator. Without limiting the foregoing, the first development project within Subarea H may, in the Zoning Administrator's discretion, be presented to the Chicago Plan Commission, during a public meeting (for which placement on a Chicago Plan Commission Agenda shall be required, but for which publication, posting and written notice pursuant to Sections 17-13-0107-A, -B, and -C of the Chicago Zoning Ordinance shall not be required) but shall not require review and approval by the City Council. If, after City departmental review, the Zoning Administrator shall determine that the Site Plan is not in substantial compliance with both the Planned Development and the approved Final Subarea Plan (if applicable), the Zoning Administrator shall advise the Applicant or developer in writing of why the Site Plan does not substantially comply with the Planned Development and/or the Final Subarea Plan (if applicable). In such case, the Applicant or developer shall be given an opportunity to submit revised Site Plans. If the Zoning Administrator finally determines that the Site Plans, as the same may be revised, are not in substantial compliance with the Planned Development and/or the Final Subarea Plan (if applicable), the Applicant or developer then shall be required to amend this Planned Development and/or the Final Subarea Plan (if applicable) in accordance with the review and approval procedures in Section 17-13-0602 through Section 17-13-0610 of the Chicago Zoning Ordinance in order to obtain approval of such Site Plans. After approval of a Final Subarea Plan (if applicable) and/or Site Plan, such Final Subarea Plans and Site Plans may be changed or modified pursuant to the requirements of Section 13 hereof, if applicable.

11. The improvements on the Property shall be designed, constructed and maintained in substantial compliance with the Design Exhibits attached hereto.
 - (a) Parkway and parking lot landscaping shall comply with the landscaping provisions of the Chicago Zoning Ordinance and Chicago Landscape Ordinance, unless specified otherwise in an approved Final Subarea Plan.
 - (b) The Property shall be designed and constructed in accordance with the City of Chicago Regulations for Sewer Construction and Stormwater Management and Stormwater Management Ordinance Manual, latest editions. Any amendment to the City's storm water management requirements which the City adopts thereafter shall apply to the Property or the development thereof.
 - (c) It is the Applicant's intention to adaptively reuse the Brite Line building identified as "Existing Building" in Subarea D on the Site Plan; however, the Applicant reserves the right to demolish such building and to otherwise redevelop Subarea D in conformance with the applicable terms of this Planned Development in the event the Applicant determines that such adaptive reuse is not feasible or desirable.
 - (d) Within Subarea A, a Chicago Transit Authority bus turnaround in a location and of such size and configuration as mutually agreed upon by the Applicant, the Chicago Transit Authority and CDOT has been previously completed.
 - (e) Porches shall be features which are allowed to encroach into any required front yard

setback in Subarea F, subject to Site Plan approval.

- (f) Applicant acknowledges that the City will not maintain or bear the cost of maintaining any landscape or streetscape improvements on any medians to be constructed within the Planned Development. Prior to CDOT approval of engineering drawings for any median street to be constructed by the Applicant within the Planned Development, the Applicant must demonstrate to the satisfaction of CDOT that sufficient sustainable resources have been committed, and written agreements exist (which provide reasonable protection to the City and, among other things, shall name the City as intended beneficiary, shall grant the City enforcement rights, and shall include or extend indemnification and insurance provisions for the benefit of the City) to provide for the satisfactory maintenance of such medians, which agreements may provide for maintenance costs to be funded through a special service area or special service district, the establishment of which is subject to separate City Council approval.
 - (g) Applicant, at the Applicant's expense, has previously reconstructed S. Woodlawn Avenue from approximately E. 107th Street to E. 111th Street in accordance with the requirements of Statement 9.
 - (h) The Applicant and each developer of any portion of the Property at the time of a project shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioner of the Department of Streets and Sanitation, the Commissioner of the Environment and the Commissioner of Buildings under Section 13-32-125 of the Municipal Code of the City of Chicago or any other provision of that Code.
12. The Part II review fee for permits and licenses to be issued for projects in the Planned Development shall be the greater of \$0.50 per square foot for the total buildable floor area (i.e., the current rate under Section 17-13-0610 of the Chicago Zoning Ordinance) or the then applicable per square foot charge (or other then applicable charge) at the time of such Part II review. Such fee shall be determined and assessed by the Department at the time of each and every Part II review, shall be applicable to all projects, whether undertaken by the Applicant or another developer, shall be final and binding and must be paid to the Department prior to issuance of any Part II approval. Following Part II review and approval by the Zoning Administrator, the Department shall keep such approved plans and elevations on permanent file and they shall be deemed to be an integral part of this Planned Development. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility. Any interim reviews associated with Site Plan review or Part II reviews, are conditional until final Part II approval.
13. Subject to the other terms and conditions of these Statements, including specifically, but

without limitation, Statement 10's filing, review and approval requirements, the terms, conditions and exhibits of this Planned Development may be modified administratively by the Zoning Administrator upon application and a determination by the Zoning Administrator in accordance with the minor change provisions and standards of Section 17-13-0611 of the Chicago Zoning Ordinance (provided, however, that Section 17-13-0611-A.2 and A.3 shall be separately tested on a Subarea basis, without taking into account the net site area of or dwelling units permitted in other Subareas or the Planned Development as a whole) and that such modification, and the improvements contemplated thereby, are consistent with the Planned Development and the applicable Final Subarea Plan. Any such modification shall be reviewed and approved through the minor change provisions of Section 17-13-0611 of the Chicago Zoning Ordinance.

14. The Applicant acknowledges that it is in the public interest to design, construct and renovate all buildings in a manner which provides healthier environments, reduces operating costs and conserves energy and resources. All development in any Subarea shall conform to the City of Chicago's "Sustainable Development Policy Matrix" in effect on the submittal of Site Plans pursuant to this Planned Development; provided, however, that the Zoning Administrator may approve alternative methods of satisfying the "Sustainable Development Policy Matrix." The Applicant has agreed to provide an infiltration trench/bioswale east of the proposed Phase I building within Subarea B to provide the equivalent storm water volume control as a 50% Green Roof for the proposed Phase I building and to exceed ASHRAE 90.1-2004 standards by 14%, in satisfaction of the City of Chicago's Sustainable Policy requirements.
15. Unless substantial construction of any new building, as proven by the issuance of building permits and the diligent completion of construction pursuant to such permits for Subarea B or Subarea H has commenced within six (6) years of this amendment to the Planned Development, this Planned Development shall expire upon the sixth anniversary date of the effective date of this amendment to the Planned Development. If this amendment to the Planned Development expires pursuant to the foregoing provision, this amendment to the Planned Development shall expire by separately introduced ordinance, if any, and in such event the zoning of the Property shall revert to Business-Residential-Institutional Planned Development No. 1167, as adopted by the Chicago City Council on September 11, 2013. Such reversion shall not render any building existing at the time to be non-conforming. The six year period described above may be extended for up to one additional year if, before expiration, the Zoning Administrator determines that good cause for an extension is shown.
16. Any open space to be dedicated to the Chicago Park District ("CPD") must meet CPD standards and, where applicable, the park must be designed and constructed to those standards. Any conveyance of open space to the CPD shall be subject to the approval of the CPD and a resolution or ordinance issued by the CPD Board of Commissioners must be provided to the Department to evidence such dedication, conveyance and acceptance.

(111th Street Neighborhood Retail District)
Updated May 16, 2016

The Design Guidelines are development standards for buildings and public spaces to guide the design and development of any project within the 111th street neighborhood retail district of Pullman Park. The goal of the guidelines is to provide a framework to achieve a balance between individual expression of each structure and a harmonious connection to not only the community but the history of Pullman as well.

Orientation:

- Buildings located along 111th Street or within the general context of the site, will have their primary elevation oriented to face 111th Street. Buildings located on corners or parking entrances should have their primary elevations oriented to face both 111th Street and the adjacent street or entrance drive.

Massing:

- Buildings should be composed of simple volumes, primarily 1 to 2 story retail buildings, plus mid-rise (8 story) Senior Housing and/or Hotel buildings. 1 to 2 story retail occupancies will feature sloped roofs; Mid-rise buildings may be sloped and/or flat roofs.
- Retail buildings located along 111th street will be a minimum of 16' tall and a maximum of 30' tall measured from sidewalk grade to the midpoint of sloped roofs; excluding towers, cupolas and other decorative elements.

Roof massing:

- Sloped roofs with a minimum slope of 6:12
- Buildings may alternatively feature flat roofs with built up parapets.
- Roofs will be designed to screen and conceal all rooftop mounted mechanical equipment.

Lighting:

- Lighting will be designed to enhance the building design and storefront, compliment the architecture, and be sufficient for visibility and safety.
- Lighting should be stationary and non-animated.

**FOR APPROVAL: AMENDMENT TO RESIDENTIAL INSTITUTIONAL
BUSINESS PLANNED DEVELOPMENT NO. 1167**

APPLICANT: NORTH PULLMAN 111TH INC

LOCATION: 720 EAST 111TH STREET

Pursuant to the provisions of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Planning and Development hereby submit this report and recommendation on a proposed amendment to Planned Development No. 1167 for your review and recommendation to the Chicago City Council. The application for the amendment to the Chicago Zoning Ordinance was introduced into the City Council on December 9, 2015. Proper legal notice of the public hearing on the application was published in the Chicago Sun Times on May 4, 2016. The Applicant was separately notified of this hearing.

This application is submitted as a mandatory planned development pursuant to section 17-8-0515 Expansion of Existing Development and per the Planned Development requirements. The applicant proposes to amend Subarea B to allow a 10,000 square foot retail development in a phase 1 building.

SITE AND AREA DESCRIPTION

The project consists of Subarea B of Planned Development No. 1167 and consist of approximately 597,000 square feet and is bounded on the north by Subarea A and C of the same planned development and by passive open space, on the east by South Doty Avenue, on the south by 111th Street and on the west by a private drive.

1. PD 1167 and Existing Land Use Map.

2. Photo of existing conditions.

PROJECT DESCRIPTION AND BUILDING DESIGN

The Applicant seeks this amendment to allow development of Subarea B with multiple commercial buildings consisting of approximately 112,000 square feet, and including a total of 594 parking spaces. Development of Subarea B is anticipated to take place in multiple phases, the first of which would consist of an approximately 10,000 square foot multi-tenant retail/restaurant building and approximately 91 surface parking spaces.

The one-story commercial building is clad in a masonry quick brick with stone accents and prefinished metal coping. The base of the building at each tenant space is defined by an aluminum store front with stone or fiber cement accents. A partial mansard roof clad with asphalt roof shingles is located at the two main entry points for the commercial tenants along the north and south facades.

3. Proposed rendering

ACCESS/CIRCULATION

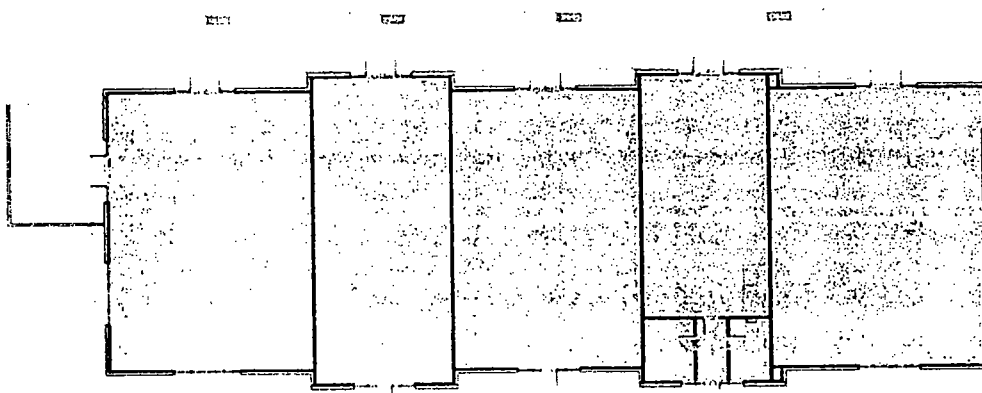

The pedestrian access point for the one-story retail building is located along a new sidewalk on East 111th Street. The building floor plan is designed in such a way as to allow access from both the new sidewalk and from the proposed parking lot. Access for vehicle traffic is proposed from two new curb cuts along East 111th Street and South Doty Avenue. The easternmost portion of the retail tenant will allow a future tenant to use a proposed drive through. Loading for the site will occur along the proposed parking lot along the north side of the building.

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the applicant and has concluded that the proposed amendment to Institutional Residential Business Planned Development No. 1167 would be appropriate for the site and that the project meets the review criteria for planned developments set forth in the Zoning Ordinance (Section 17-13-0900).

1. The project complies with the Standards and Guidelines for Planned Developments in the Zoning Ordinance (Section 17-8-0900).
 - a. Transportation, Traffic Circulation and Parking.
The pedestrian access point for the one-story retail building is located along a new sidewalk on East 111th Street. The building floor plan is designed in such a way as to allow access from both the new sidewalk and from the proposed parking lot. Access for vehicle traffic is proposed from two new curb cuts along East 111th street and South Doty Avenue.
 - b. Pedestrian Orientation. The proposed project will allow pedestrians to access the site from East 111th Street. The entire street frontage of the building is enlivened by an aluminum storefront window system looking directly onto the street frontage.
 - c. Urban and Building Design. The building is design with quality materials and the architecture respects the character of the existing planned development and of the surrounding area.
2. The proposed development is compatible with the character of the surrounding area in terms of uses, density, and building scale.
 - a. The proposed amended Planned Development would increase the maximum net site area but the Floor Area Ratio (F.A.R.) stipulated by the existing Planned Development for Subarea B would remain at the previously approved maximum F.A.R of 1.0. This project would have similar uses as the surrounding areas, which include commercial, retail and accessory parking. The height of the proposed building at 27'-9" is compatible with buildings in the surrounding area.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that the revised application for a Institutional Residential Business Planned Development No. 1167 be approved and the recommendation to the City Council Committee on Zoning, Landmarks and Building Standards be "As-Revised, Passage Recommended"

U.S. Bank National Association itself is a mortgage lender. U.S. Bank National Association is also one of the largest corporate trustees in the United States and in such capacity is trustee of numerous mortgage-backed securitization trusts that each hold multiple real property mortgages. From time to time, mortgage borrowers in Chicago default on payment of real estate taxes or otherwise fail to comply with City of Chicago's requirements with respect to certain mortgaged properties. This can result in legal action against the borrower by the City of Chicago, which legal action may name U.S. Bank National Association as the mortgage holder (either in its individual capacity or in its capacity as a trustee). As of December 22, 2014, U.S. Bank National Association was aware of outstanding claims against it (individually or in its capacity as trustee) totaling \$154,040.89 wherein the City of Chicago or one of its departments or divisions (including the Department of Buildings and the Department of Streets and Sanitation) is the creditor. The vast majority of this amount is related to properties that U.S. Bank National Association holds in trust and for which it does not do the servicing. U.S. Bank National Association, both in its individual capacity and in its capacity as a trustee meets periodically with various City officials to address these claims.

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

For purposes of this statement, a “gift” does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$20 per recipient (if none, indicate with “N/A” or “none”). We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in Chapter 2-32 of the Municipal Code. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in Section 2-32-455(b) of the Municipal Code) is a predatory lender within the meaning of Chapter 2-32 of the Municipal Code, explain here (attach additional pages if necessary):

U.S. Bank National Association was formed from the following major banks: (1) Star Bank, National Association (Cincinnati, Ohio) changed its name to Firststar Bank, National Association (Cincinnati, Ohio) effective February 1999; (2) Mercantile Bank National Association (St. Louis, Missouri) merged into Firststar Bank, National Association (Cincinnati, Ohio) effective April 2000; (3) United States National Bank of Oregon (Portland, Oregon) merged with First Bank, National Association under the title U.S. Bank National Association effective August 1997; (4) U.S. Bank National Association merged into Firststar Bank, National Association, and the succeeding bank, changed its name to U.S. Bank National Association effective August 2001. These banks acquired through mergers and acquisitions numerous smaller banks. There are five hundred and forty-two U.S. Bank National Association predecessors. Thirty-five predecessors were founded before the abolition of slavery in December 1865. Thirteen of the pre-1866 predecessors were established in southern slave-holding states and territories, including Kansas, Kentucky, Missouri, and Tennessee.

In reviewing historical records held in various external repositories in accordance with the research requirements as set forth in the City of Chicago Office of the Corporation Counsel opinion letter dated April 29, 2004 (attached hereto), U.S. Bank National Association has identified external records of its predecessors which necessitate disclosure. The conveyance records, while showing no record of direct ownership of enslaved individuals did contain records of founders and/or directors of predecessor banks owning enslaved individuals, as well as a record where an enslaved individual was the collateral for a loan. Specifically, the first president of predecessor Marion National Bank of Lebanon, Kentucky (founded in 1856), Benedict Spalding, owned two enslaved individuals in 1850. In 1860 someone with a similar name "Benidict Spalding" is also listed as having owned fourteen enslaved individuals. In addition, certain members of the Marion National Bank of Lebanon's board of directors (called "commissioners") owned approximately forty-seven enslaved individuals in total (the records include abbreviated names, which we conclude may be references to commissioners). The first president of predecessor First National Bank of Clarksville, Tennessee (founded in 1865), S.F. Beaumont, owned one enslaved individual in 1860. The first president of predecessor St. Louis Building and Savings Association, Missouri (formed in 1857), Marshall Brotherton, owned ten enslaved individuals in 1850 and four enslaved individuals in 1860. Merchants Bank (founded in 1857) and Bank of St. Louis (founded in 1857), both predecessors, along with a group of other St. Louis firms, issued a mortgage to Charles McLaran that was secured by his property, which included an unspecified number of enslaved individuals. However, the 1860 Federal Census Slave Schedule for St. Louis provided that Charles McLaran owned thirteen enslaved individuals.

The above is only a summary. U.S. Bank National Association has previously provided the City of Chicago with supporting attachments.

U.S. Bancorp, the parent company of U.S. Bank National Association, was founded after the slavery era and has no separate assets or activities that pre-date the 20th century. As such, it has no disclosure separate from that of the bank.

Re: Question regarding Economic Disclosure Statement and Affidavit,
Part VI ("Certification Regarding Slavery Era Business") and
Resolution pending before the Joint Committee on Finance and
Human Relations

Dear Alderman Burke:

In a letter dated April 26, 2004, you indicated that a special committee of the City Council, consisting of the combined Committee on Finance and the Committee on Human Relations, currently has under consideration a resolution that raises certain issues regarding interpretation of Section 2-92-585 of the Chicago Municipal Code, the Business, Corporate and Slavery Era Insurance Ordinance. That ordinance requires every city contractor to "complete an affidavit verifying that the contractor has searched any and all records of the company or any predecessor company regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era. The names of any slaves or slaveholders described in those records must be disclosed in the affidavit." (Emphasis supplied)

The affidavit requirement of Section 2-92-585 has been incorporated into the standard Economic Disclosure Statement ("EDS") completed by city contractors as Part VI, entitled "Slavery Certification." The EDS requires an entity contracting with the city to verify that it has "searched any and all records of the Undersigned and any and all predecessor entities for records of investments or profits from slavery, the slave industry, or shareholder insurance policies." (Emphasis supplied) The EDS form then requires the contracting entity to disclose the results of that search.

You have asked specifically whether it is "reasonable to interpret the language 'records of the undersigned and any and all predecessor entities' to mean [the contracting entity's] records and the records of its predecessor entities." For the reasons that follow, it is the opinion of this office that the answer is in the

Hon. Edward M. Burke

Page 2

affirmative. A search required for proper compliance with and disclosure under Section 2-92-585 must include all known records of the contracting entity and each of its predecessor entities, to which records the contracting entity has or can obtain access.

Neither the ordinance nor any Illinois decision defines a "predecessor" entity of a city contractor. Under the general rules of statutory construction, the word should be given its ordinary meaning. *Black's Law Dictionary* defines "predecessor" as "one who goes or has gone before; the correlative of 'successor'.....Applied to a body politic or corporate, in the same sense as 'ancestor' is applied to a natural person." This simple analogy indicates that every known antecedent entity of a city contractor -- acquired entities, components of earlier mergers, entities acquired by and subsumed into a prior entity that became a predecessor of a contracting entity -- should be treated as a predecessor. This is especially appropriate when one considers the preamble to the ordinance adding Section 2-92-385 to the Chicago Municipal Code. The fifth paragraph of the preamble (found at page 94891 of the Journal of Proceedings of the City Council of October 2, 2002) refers to records located in the archives of current insurance firms, documenting slave insurance policies "issued by a predecessor insurance firm; the sixth paragraph (*id.*) refers to "insurers and businesses whose successors remain in existence today." Thus the City Council recognized that, as the American economy has expanded and become more complex, modern business may include different business disciplines (insurers and other businesses).

The appropriate extent of the mandated records search can also be discerned from the preamble. The final paragraph of the preamble (p. 91892) contains a finding of the City Council that entities "doing business with the City of Chicago shall take *any and all steps in good faith* to disclose *any records within their possession or knowledge* relating to investments or profits from the slave industry including insurance policies...." (Emphasis supplied) In order to implement this statement of the Council's intent, a contracting entity may not ignore records that are archived outside the entity's possession (e.g. in a museum, university library, historical society or trade association). To ignore deliberately the existence of such known records could not possibly constitute a "good faith" effort to take "any and all steps" to document the contractor's history. The breadth of the City Council's desired disclosure also led this department, in the revision of the EDS necessary to implement Section 2-92-585, to change the ordinance's disjunctive in the reference to "any and all records of the [contracting] company or its predecessors" to a conjunctive in the EDS ("any and all records of

the [contracting entity] and any and all predecessor entities").
