**REPORT
TO THE
CHICAGO PLAN COMMISSION
FROM
THE DEPARTMENT OF PLANNING AND DEVELOPMENT**

FINAL

JUNE 16, 2016

FOR APPROVAL: RESIDENTIAL BUSINESS PLANNED DEVELOPMENT

APPLICANT: WELLSTEL, LLC

LOCATION: 1520-1532 N. WELLS ST. AND 1513-1523 N. WIELAND AVE.

Pursuant to the provisions of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Planning and Development hereby submit this report and recommendation on a proposed Business Planned Development for your review and recommendation to the Chicago City Council. The application for the amendment to the Chicago Zoning Ordinance was introduced into the City Council on March 16, 2016. Proper legal notice of the public hearing on the application was published in the Chicago Sun Times on June 1, 2016. The Applicant was separately notified of this hearing.

This application is submitted as a mandatory planned development pursuant to section 17-8-0512-B (Tall Buildings) which requires planned development review and approval for any building in a B3-5 Zoning District that meets or exceeds 80 feet.

SITE AND AREA DESCRIPTION

The project consists of three rectangular shaped lots containing a total of 28,073 square feet and is bounded on the north by an existing 2-story commercial building, on the east by North Wells Street, on the south by an existing 2-story masonry building and on the west by North Wieland Avenue.

1. Planned Development Boundary Map

2. Existing Zoning Map

5. Site / Ground Floor Plan and Landscape Plan

LANDSCAPING and SUSTAINABILITY

The applicant must comply with the City of Chicago's Landscape Ordinance. The developer will provide landscaping options to the single family homes in Subarea B and the final designs are subject to the review of the Department of Planning and Development. In addition the proposed building in Subarea A is required to achieve LEED certification and provide a 50% green roof as defined by the City of Chicago Sustainable Guidelines.

6. 12th Floor Green Roof

7. Green Roof Plan at Penthouse

BULK/USE/DENSITY

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant and have concluded that the proposed development would be appropriate for the site for the following reasons:

The project complies with the Standards and Guidelines for Planned Developments in the Zoning Ordinance (Section 17-8-0900).

1. 17-3-0400 Bulk and Density standards. The proposed Planned Development would not increase the maximum Floor Area Ratio (F.A.R.) stipulated under the B3-5 District but would be restricted to an overall 5.0 FAR and will be consistent with the surrounding area. This project will have similar uses as the surrounding areas, which include commercial and retail uses, and accessory parking spaces.
2. 17-8-0908 Green Design: The proposed hotel building shall be required to achieve LEED certification and provide a 50% Green Roof over the net roof area of the hotel building in Subarea A to satisfy the requirements of the City of Chicago's Sustainable Guidelines.
3. 17-8-0905 Pedestrian Orientation: Primary pedestrian entrances for the hotel building are located at the sidewalk level and allow unimpeded pedestrian flow along North Wells Street. Furthermore the entire street frontage of the building along North Wells Street is enlivened by an architectural storefront system looking directly onto the street frontage.
4. 17-8-0904 Transportation, Traffic, Circulation and Parking: Motor vehicle parking would be accessed from North Wells Street and loading will occur internal to the site via a loading berth located at the basement level entrance ramp. The existing conditions will be improved by eliminating the existing curb cut along North Wieland Avenue and relocating and improving the North Wells Street curb cut.
5. 17-8-0901 Use, Bulk, Density and Intensity: The proposed development is compatible with the character of the surrounding area in terms of uses and density. The proposed Planned Development would be consistent in bulk, density, and Floor Area Ratio (F.A.R.) with the surrounding area. The proposed project will be limited to a maximum Floor Area Ratio (F.A.R.) to 5.0. The height of the proposed 12-story (151'- 4") hotel building will be consistent with, and is within the context of the overall surrounding area.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that the revised application submitted by Wellstel, LLC for a Residential Business Planned Development be approved and that the recommendation to the City Council Committee on Zoning, Landmarks and Building Standards is: "As Amended, Passage Recommended."
