The Project

Kenmore 5029 LLC, an Illinois limited liability company, the owner of the subject site (the "Applicant"), is proposing an adaptive reuse to an existing, historically significant 3 story brick building, originally built as a Synagogue and listed as a contributing building to the West Argyle Street Historic District on the National Register of Historic Places. The overall development will consist of approximately 28,420 square feet, inclusive of approximately 4550 square feet to be added to the mezzanine level within the existing building. The Applicant proposes to build 40 residential dwelling units, with on-site parking for 21 cars and 1 loading space. The Applicant's proposed multi-family residential development is an appropriate land use at this location.

To construct the proposed Project, the Applicant seeks a change of zoning classification for the subject property from RT-4 to RM 5.5. Parking reduction is provided under Mun. Code Section 17-10-0102-A.3(3), which provides that "[m]inimum off-street automobile parking ratios for all uses may be reduced by up to 50 percent from the otherwise applicable standards for the rehabilitation of existing buildings which are ... 3) listed as a "contributing building" to a Historic District that is listed on the National Register of Historic Places."

The Site

The 18,832 square foot site (125.5 feet along Kenmore and 150.06 feet deep) is located at 5029 N. Kenmore. The land use in the immediate area of the proposed rezoning is multi-family residential to the north, multi-family residential to the south, multi-family to the west across of Kenmore, and a self-storage facility, a restaurant and a bar – all to the east across the alley.

The following are the relevant bulk calculations for the proposed development:

floor area ratio: 1.5;

lot area per dwelling unit : 470.8 square feet per dwelling unit;

off-street parking: 21 parking spaces; 1 loading zone

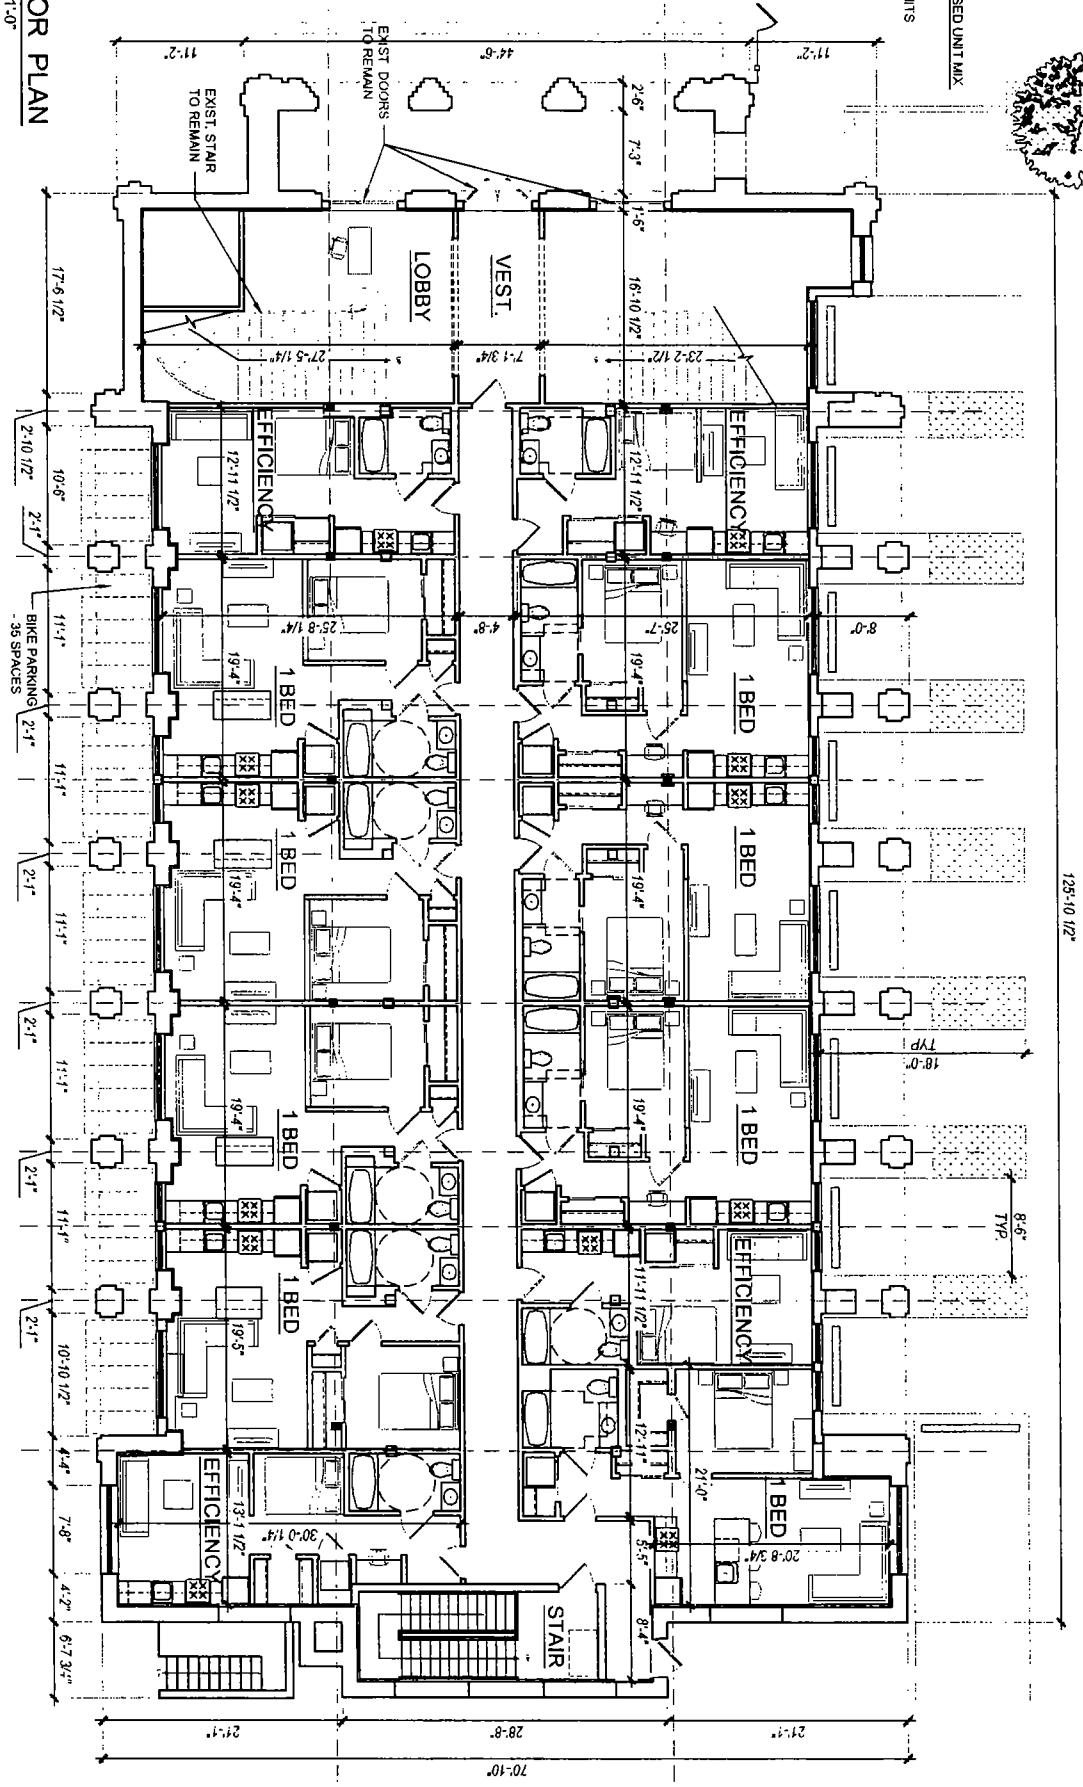

setbacks: front = 7 feet, 9 inches
 rear = 0 feet
 side/north = 0 feet
 side/south = 5 feet, 8 inches

building height: 59 feet 6 inches to the midpoint of the roof
