## TO THE HONORABLE, THE CITY COUNCIL OF THE CITY OF CHICAGO

## 2018 BUDGET RECOMMENDATIONS

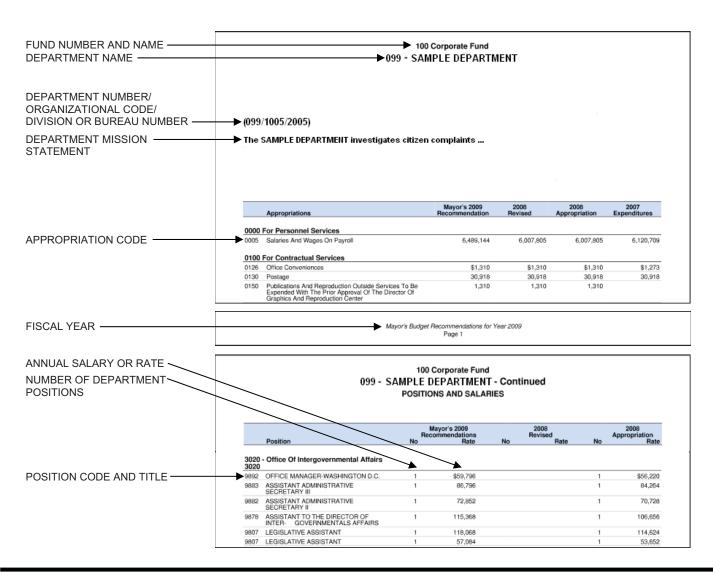

MAYOR RAHM EMANUEL

## HOW TO READ THE MAYOR'S BUDGET RECOMMENDATIONS

The Budget Recommendation contains summary information about budgeted revenues and proposed appropriations, as well as detailed information down to the individual budget appropriation.

- Summary A through F, the first financial reports within the Recommendations, contains summary financial information at revenue and expenditure levels.
- Estimated Revenue Details appear after the Summary Statements with the Statement of Estimates of Assets and Liabilities and Appropriation of Liabilities.
- Estimated Expenditures follow the Estimated Revenue Details and provides information down to the individual budget appropriation.
  - The detail is organized first by funding sources, then by city departments.

- The first fund is the Corporate Fund, or Fund 100, the City's main operating fund. After the Corporate Fund, detail information is provided for all various local funds, sorted by fund number order.
- Within each fund statement, information is broken down by department, in ascending department code order. Only departments being funded by a particular funding source (i.e., Corporate Fund) will appear within detail section. The legend below illustrates how to read reports within this section.
- The Recommendations conclude with information about grants (Summary G and Estimates of Grant Revenue), anticipated reimbursements between funds (Appendix A and B), and salary rate schedules.

#### (088/1005/2005)

The Department of Water Management (DWM) is responsible for the delivery of fresh, pure water to Chicago residents and suburban communities. DWM also transmits waste water from homes and businesses along with storm water runoff from streets to the Water Reclamation system. Operations rely on a network of purification plants, tunnels, pumping stations, structures, and water and sewer mains; all of which are built and maintained by DWM.
