Among these rights, powers, and responsibilities, but not wholly inclusive, are all matters concerning or related to the management of the Employer's operations and the administration thereof, and the direction of the working forces, including (but not limited to) the right to suspend, discipline, or discharge for just cause; to layoff by reason of lack of work, by reason of lack of funds or work, or abolition of a position, or material changes in duties or organization of the Employer's operations, or other economic reasons; to hire, classify, transfer and assign work, promote, demote, or recall; to make and enforce reasonable rules and regulations; to maintain order and efficiency; to schedule the hours of work, to determine the services, processes, and extent of the Employer's operation, the types and quantities of

All such changes, unless otherwise agreed to by the parties, shall be in effect for a minimum of one (1) week, and shall provide for the same starting times for each day of that period. No employee shall be placed on a split shift without agreement by the

The City of Chicago will continue the past practice, where applicable, of beginning the normal work shift one hour earlier during the period to begin (on or about) July 1 through (on or about) Labor Day due to 'heat" or temperature conditions, commonly known as the "heat program" to meet Department Operational needs.

Section 5.2 Overtime

All work performed prior to the start of the regular shift on a regularly scheduled work day and work week shall be paid for at one and one-half times the regular straight time rate of pay.

Such overtime shall be computed on the basis of completed fifteen minute segments. Employees exempt from the Fair Labor Standards Act shall not be eligible for

A reasonable amount of overtime shall be a condition of continued employment. In the event there are not sufficient volunteers who accept such offers of overtime, the Employer may mandatorily assign such overtime by reverse seniority.

(b) Employees in the classification at the work location who have been given the option to work the overtime and/or premium time, whether the option was accepted or rejected, will not be afforded the option to work subsequent overtime and/or premium time until all employees in the classification at the work location have been, reasonably afforded the opportunity to work the overtime and/or premium time, subject to the same provision as in Section 5.3 (a).

(c) The Employer may utilize employees from other work locations to equalize overtime distribution within the Department, as feasible over a reasonable period of time. If the Union believes

there exists a catastrophic situation or an excessive amount of overtime over an extended period of time at a work location, the Union will so notify the Director of Labor Relations. The Employer will meet with the Union as soon as possible, but in no event later than 72 hours, to discuss methods of equalizing overtime within the Department.

(d) Overtime lists shall be posted at each work location and updated on a weekly basis, exclusive of lists for snow overtime which shall be maintained pursuant to the existing practice of the parties.

Use of compensatory time shall be subject to the operational needs of the Employer. All accumulated compensatory time in excess of 160 hours which has not been used or scheduled by June 1 in any calendar year will be paid to employees in the form of cash at their current rate of pay. Except for employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on Saturday will be observed the Friday before the holiday; said holidays which fall on Sunday will be observed on the Monday after the holiday. For employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on either Saturday or Sunday will be observed on that day. For employees whose regularly scheduled work week includes Saturday and/or Sunday, whenever said holiday falls on an employee's normal day off the employee shall be granted another day off with pay. The Department Head shall grant an employee's request for another day off on the basis of seniority among the employees who normally perform the work and make their requests on the same day, provided however, that the Department Head shall retain the right to determine the number and scheduling of employees at any one time without hindering the operation of the Department.

Whenever said holiday falls during an employee's vacation period the Employer shall have the option of granting the employee an extra day's pay or an extra day of vacation at a time mutually agreed upon between the employee and the Department Head, provided the employee works the full scheduled workday immediately preceding and the full scheduled workday immediately following such vacation

period, unless such absence is for a reason the Employer finds to be valid, such as receiving pay for sick days.

ARTICLE 7
VACATIONS

Section 7.1 Amount

Employees shall be eligible for paid vacations as of January 1 of each year following the year in which they were employed. An employee will earn the following amounts of paid vacation, based on such employee's continuous service prior to July 1; following his/her January 1, eligibility.

Continuous Service Prior to July 1	Vacation
Less than 6 years	13 days
6 years or more, but less than 14 years	18 days
14 years or more	23 days
After 24 Years	24 days
After 25 Years	25 days

Section 7.2 Pro Rata Vacations

An employee shall be eligible for pro rata vacation if:

1. The employee did not have twelve (12) months of continuous service in the preceding calendar year and is on the payroll as of January 1 of the current calendar year;

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by twelve (12); the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 7.1 above. Any fraction is rounded off to the nearest whole number of days. Employees separated from employment, other than for cause, will be paid on a supplemental payroll as soon as practicable following the last day worked.

Part-time employees who work at least eighty (80) hours per month earn vacation on a pro rata basis calculated in accordance with the formula used by the Employer in accordance with past practice.

Section 7.3 Forfeiture of Vacation

All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee (with less than ten years of service), elects in writing to carry over up to three such vacation days for use individually or consecutively during the next vacation year, or (4) the employee (with ten or more years of service), elects in writing to carry over up to five such vacation days for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to carry over vacation days must be scheduled upon mutual agreement of the employer, which agreement shall not be unreasonably denied or withheld, and such carry over days must be taken on or before ~~April~~

June 30 of the next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 7.4 Employees Laid-Off or Discharged

Employees who are terminated for cause are not entitled to any vacation pay not taken. Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of thirty (30) days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 12 of this Agreement. In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.

Section 7.5 Rate of Pay

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being taken, times

eight (8) hours per day, times the number of days' vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 7.6 Selection.

Vacation picks will be granted by classification seniority, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who can be on vacation at any one time without hindering the operation of the Department. The Department will not designate any time or period during the calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby reducing

the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

~~Section 7.7 Reciprocity with Other Agencies~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation~~

~~time accrued while working for another public agency is not transferable. Employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

Section 7.78 Non-consecutive Vacation Days

Employees may receive up to ~~five (5)~~six (6) of their vacation days, one or more day(s) at a time, as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above. Such day(s) off shall be approved by the employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday-Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week shall be considered consecutive (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite

side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.

Employees may designate and use at their option up to ~~five~~ six (6~~5~~) of their vacation days in each year of this Agreement as sick days to cover periods of bonafide medical illness or the illness of a family members, who shall include (or be expanded upon by the City): (i) mother, father, husband, wife, brother or sister (including step or half), son or daughter (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic partner is registered with the Department of Human Resources. The Employer reserves the right to ask the employee to furnish proof of said illness. An employee desiring to use vacation days as sick days under this provision shall inform the representative of the Employer who employees are told is designated for such purposes of that fact at the time he/she calls in to report an illness. Salaried employees who are currently receiving sick days under this Agreement shall be ineligible to use vacation days as sick days while they have available unused sick days.

Continuous service means continuous paid employment from the employee's last date of hire, without break or interruption in such paid employment. In addition, an employee earns continuous service credit even though he or she is not paid for:

1. An unpaid leave of absence of one year or less or a layoff of thirty (30) days or less; or

2. An absence where the employee is adjudged eligible for duty disability compensation.

[1]

Section 8.2 Interruption in Service

(a) Non-seasonal employees who work a minimum of eighty (80) hours per month shall be credited with continuous service for the time worked. Continuous service credit will not be earned for:

(1) absence without leave

(2) absence due to suspension

(3) Unpaid medical leave of absence for more than 30 days or layoff for more than 30 days, unless employees are allowed to accumulate seniority under this Agreement.

(b) Seasonal employment of 120 days or less in any calendar year shall not be credited toward continuous service for the time worked.

1

(c) Seasonal employment in excess of 120 days in any calendar year shall be credited toward continuous service.

~~**Section 8.3 Reciprocity**~~

~~Employees hired prior to February 13, 1986 who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Housing Authority, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, Public Building Commission of Chicago, the Chicago Urban Transportation District and the Regional Transportation Authority shall have the period of such service credited and counted for the purpose of advancement within longevity salary schedules. However, employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules provided a majority of other employees of the Employer receive such credit.~~

~~**Section 8.34 Break in Service**~~

Notwithstanding the provisions of any ordinance or rule to the contrary, continuous service of an employee is broken, the employment relationship is terminated, and the employee shall have no right to be rehired, if the employee quits, is discharged, retires, is absent for five (5) consecutive work days without notifying the employee's authorized Employer representative unless

the circumstances preclude the Employee, or someone on his behalf, from giving such notice, does not actively work for the Employer for twelve (12) months (except for approved full time Union representative leaves or medical leaves of absence and duty disability leaves), or is on layoff for more than twelve (12) consecutive months if the employee has less than five (5) years of service at the time of the layoff, or is on layoff for more than two (2) years if the employee has five (5) or more years of service at the time of the layoff.

Section 8.45 Probationary Employment

New employees hired after ratification of this Agreement will be regarded as probationary employees for the first ~~six (6)~~twelve (12) months of their employment and will receive no seniority or continuous service credit during such probationary period. Probationary employees continuing in the service of the Employer after ~~six (6)~~twelve (12) months shall be career service employees and shall have their seniority date made retroactive to the date of their original hiring. Probationary employees may be disciplined or discharged as exclusively determined by the Employer and such Employer action shall not be subject to the grievance procedures, provided that, (1) after the first six (6) months of the probationary period, if the Employer intends to impose a disciplinary suspension on the probationary employee where the suspension would result in a loss of pay, prior to imposing the suspension, except in emergency or where the employee is

unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee to discuss and allow the employee to respond to the accusations and/or (2)if the Employer, within its discretion, rehires a former employee who did not complete his/her probationary period within one year from the employee's termination, and said former employee had served ninety (90) days or more of his/her probationary period, all time previously served in the probationary period shall be counted for purposes of determining when the said employee completes his/her probationary period. A probationary employee who has served ninety (90) days or more of his/her probationary period and who is laid off shall be given preference over other applicants for employment in the same job title in the department from which he/she was laid off, so long as he/she does not refuse an offer of employment, and does not suffer a break in service under Section 8.34 of this Agreement. Seasonal employees who have worked without a break in services or who have worked more than twelve (12) cumulative months and bid into (or otherwise become) career service position/employees, shall not have to serve the above twelve (12) month probationary period, but shall have an evaluation period not exceed sixty (60) days, to demonstrate that he/she can perform the job. If the employer has just cause based upon the employee's job performance at any time during that evaluation period that the employee cannot perform the job, then he/she shall be returned to the seasonal position held just prior,

displacing, if necessary, any employee who has been placed into said job.

Probationary employees shall not be eligible for dental or vision insurance but shall receive all other benefits under this Agreement. Probationary employees shall be compensated at the same rate as career service employees.

Section 8.56 Seasonal Employment

A seasonal employee is an employee who is employed in a job title for a period not to exceed 180 calendar days for temporary work related to or caused by seasonal needs. Such appointments shall expire automatically at midnight on the 180th day. Such employees may be reappointed for temporary work related to or caused by seasonal needs, with the written concurrence of the Budget Director and Commissioner of Personnel, to an additional thirty-day term which shall expire at midnight of the 30th day. One further said thirty-day reappointment for the same purposes may be made upon similar Budget Director and Commissioner of Personnel approval. The Employer shall notify the Union of the number and job titles of any such reappointments. It is understood and agreed that the hiring and retention of seasonal employees shall be at the discretion of the Employer.

Seasonal appointees shall not become Probationary Career Service or Career Service employees by virtue of length of service in a seasonal appointment.

Seasonal employees shall not be eligible for holidays, Vacations, sick leave for salaried employees, vision care, dental, life and accident benefits, bereavement pay or jury duty, but will be provided with group health insurance under the same eligibility and conditions as other employees covered by this Agreement, except that elective medical care and pre-existing conditions, as those terms that are defined in the standard group insurance policy, shall be excluded.

Seasonal employees shall be compensated at the same rate as career service employees. Seasonal employees may be disciplined or discharged as exclusively determined by the Employer and such Employer action shall not be subject to the grievance procedures. Seasonal employees shall be eligible for recall to seasonal positions in which they have accumulated either (a) four (4) months of said seasonal service during the 1984-85 winter season, or (b) five (5) months of said seasonal service from and after July 1, 1983, provided that such employees:

(1) shall not have received a negative evaluation during their last seasonal appointment and shall not have received (a) more than one written warning or (b) a disciplinary suspension in any Employer position;

(2) shall be available, fit for duty and subject to the same pre-employment screening procedures as are new applicants for employment when recalled, and shall have the present ability without further training to

immediately perform the duties of the position to which they are recalled;

(3) shall not refuse recall. Upon recall, the employee shall promptly notify the Employer of his/her desire to return to work and shall be available to report for employment within seventy-two (72) hours of said notice or the employee shall be deemed to have refused recall;

(4) shall have been recalled within one year of the expiration of their last seasonal employment; and

(5) shall not have resigned or incurred a break in service during a period of appointment.

Employees who do not meet and continue to meet all of the five (5) conditions stated above, shall have their names permanently removed from the recall list.

Evaluations shall not be subject to the grievance procedure, except that the Employer shall not, after January 1, 1985, give a seasonal employee a negative evaluation for an arbitrary or capricious reason for the purpose of preventing the employee from becoming eligible for recall under this Section, and, only to that limited extent may such Employer action be subject to grievance.

A seasonal employee who is hired on an annual recurring basis within one year of his/her last termination; and who accumulated twelve (12) months of said seasonal service from and after July 1,

1983, shall not be a career service employee but shall receive the benefits under this Agreement which are given to probationary employees.

Effective January 1, 2001, a seasonal employee who is hired on an annual recurring basis within one year of his/her last termination, and who accumulates 12 months of said seasonal service, shall receive the benefits under this Agreement which are given to career service employees, and shall remit full contributions toward their health care coverage as set forth in Article 9 below.

Effective January 1, 2001, seasonal employees with less than 12 months of seasonal service will continue to receive their current benefit package, but will pay a pro-rata share of the full contribution toward their health care coverage. The amount of that contribution shall be approximately 90% of the employee medical contribution for career service employees. ~~For example, the contributions at selected salary levels per pay period are as follows:~~

~~ANNUAL~~	~~SINGL~~	~~EMPLOY~~	~~FAMILY~~
~~Up to~~		~~19.00~~	~~22.00~~
~~Maximum~~		~~53.37~~	~~66.56~~
~~Effectiv~~		~~contri~~	~~at~~

~~salary levels per pay period will be adjusted as follows:~~

~~Up to $30,000~~	~~12.50~~	~~19.00~~	~~2~~
~~$100,000~~	~~40.46~~	~~74.46~~	~~0~~

The Department will provide the Union with written notice of the names of laid off seasonal Motor Truck Drivers within fourteen (14) days of layoff, and the names of rehired seasonal Motor Truck Drivers within fourteen (14) days of rehire. Effective upon ratification, in the event the Employer intends to impose a disciplinary *suspension* with respect to a seasonal employee with at least five (5) years of seasonal service, as defined herein, and where the suspension would result in a loss of pay for the employee, prior to imposing the suspension, except in an emergency or where the employee is unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee. At the meeting the Employer will notify the employee and the Union of the contemplated disciplinary action and the reason(s) underlying it. The employee and the Union will be given the opportunity to respond to the accusations at the meeting. This meeting shall be informal and there shall be no witnesses present unless both parties agree. The Employer may, at its option, conduct further investigation after this meeting. In *the* event

discipline is imposed shall not be subject to the grievance procedure, as nothing in this provision shall be deemed as altering the non-Career Service status of seasonal employees. This provision shall not apply where the suspension is the result of application of progressive discipline for violation of the Employer's time and attendance policies, provided that the Employer shall, upon *request,* provide the Union with copies of the employee's time and attendance record.

Upon request by *either* party made after one year from the date of ratification of this Agreement, the parties shall meet to discuss any proposed changes to this Section 8.5~~6~~.

Further, the City shall retain the right to hire seasonal employees under the provisions of Section 8.5 of this Agreement, as may be necessary when sufficient Pool Motor Truck Drivers are unavailable.

Section 8.~~6~~7 Pool Motor Truck Drivers

a) Establishment. Pool Motor Truck Drivers will be paid at 80% of the rate of a Motor Truck Driver for the first year of employment with the City, and at 90% of the rate for a Motor Truck Driver for the second full year of employment with the City. Following the second anniversary of their employment, Pool Motor Truck Drivers shall be paid at the then current Motor Truck Driver rate of pay. These positions shall be probationary positions within the meaning of Section 8.4~~5~~ of this Agreement for a period of two (2) years from date of hire. Career service ~~garage attendants~~fleet services assistant, service writers, booters, non-CDL drivers and mobile health operators who successfully bid into

Pool Motor Truck Driver positions shall be paid at 90% of the then current Motor Truck Driver rate for one (1) year and thereafter will receive the full Motor Truck Driver rate.

Every July 1, the Employer shall audit the number of Pool Motor Truck Drivers. If the number of Pool Motor Truck Drivers exceeds 40% of the total Motor Truck Drivers ("Pool Cap"), the Employer shall declare a vacancy for each Pool Motor Truck Driver Position that exceeds the Pool Cap. The Employer shall fill thses vacancies in accordance with Section 8.7 of the Agreement by August 1 of each year. The Employer shall review the audit numbers with the Union prior to August 1 of each year.

(b) Qualifications. Persons who bid into Pool Motor Truck Driver positions pursuant to Section 8.7~~9~~ of this Agreement, or who are hired into these positions as new employees, must possess A or B commercial drivers licenses and an X endorsement as a condition of employment. Current seasonal employees who apply and have recall rights under Section 8.4~~6~~ of this Agreement, or qualified career service ~~garage attendants~~fleet service assistants, service writers, non-CDL drivers and booters who bid into available vacant Pool Motor Truck Driver positions, shall be given preference for hire for Pool Motor Truck Driver positions over non-employees, provided they have the then present ability to perform the work without further training. Where selection is based on seniority, in accordance with Section 8.7~~9~~ of this Agreement, career service employees shall be selected before non-career service employees.

(c) Probationary Period. All newly hired Pool Motor Truck Drivers shall serve a probationary period of two (2) years of employment under the terms of Section 8.4~~5~~ above. Except as provided herein, newly hired Pool Motor Truck Drivers shall receive the same benefits given to seasonal employees with less than twelve months of service for the first year of that probationary period, and shall receive the same benefits given to seasonal employees with more than twelve months of service for the second year of their employment. Notwithstanding the foregoing, seasonal Motor Truck Driver employees or career service ~~garage~~ fleet services assistants ~~attendants~~, or service writers, non-CDL drivers, or booters who already receive full benefits at the time they bid into Pool Motor Truck Driver positions shall retain those benefits upon becoming Pool Motor Truck Drivers.

Upon the expiration of the probationary period, employees shall become career service employees and shall be entitled to receive all benefits received by such employees.

(d) Assignment. The Employer will assign Pool Motor Truck Drivers to perform work in its Departments of Aviation, Transportation, Water Management and Streets and Sanitation as such work becomes available by order of seniority, provided that the employee is capable of performing that work without further training, and has the required class of CDL with the necessary endorsements. An employee shall be permitted to waive a particular assignment once during each calendar year and remain in the pool on

inactive status should he decide to do so. In that event, the employee shall retain his or her place on the Pool Motor Truck Driver seniority list and be eligible for the next assignment to another Department. Should the Department have insufficient Pool Motor Truck Drivers available on account of drivers waiving the assignment, the Employer shall assign drivers to that Department by reverse order of seniority, provided the drivers have the then present ability to perform the work without further training. Nothing herein shall prohibit a Department from agreeing with another Department to transfer a particular Pool Motor Truck Driver who may have specific skill, provided the Union has prior notice and the employee has no objection. When an employee's particular assignment is concluded, the employee shall be returned to the pool for reassignment by order of seniority. If no assignment from the pool is then available, the employee shall be placed on unpaid inactive status, which shall not constitute a lay-off under this Agreement; provided, however, a Pool Motor Truck Driver on inactive status will continue to receive health insurance coverage as if he/she were in full pay status for the end of the month in which he/she is inactive. For the purpose of this Section, a Pool Motor Truck Driver's assignment ends when the Department to which the driver is assigned notifies him or her in writing that they are being returned to the pool. The fact that a Department may not utilize the services of a Pool Motor Truck Driver on a particular day or days during an assignment shall not constitute returning the driver to the pool under this

paragraph. A Pool Motor Truck Driver shall not be allowed to bump another a Pool Motor Truck Driver who has already been assigned to another Department even though that employee may have less seniority. Employees who wish to voluntarily end their assignment in the department in which they are currently working and be returned to the pool for reassignment may submit a request on a form approved by the Employer. Any such requests must be submitted in February and August, and shall remain valid for the duration of the assignment in that department, or until the end of that calendar year, whichever occurs sooner. Such requests will be considered when the department ends assignments and returns employees to the pool. Such requests will be granted in seniority order, in a number not to exceed the number of employees the department is then returning to the pool. An employee who exercises the right to take a voluntary return to the pool under this paragraph shall have no right to waive any other assignments for the remainder of that calendar year.

(e) Department Layoff. In the event of a layoff within a Department, the Department shall first terminate the seasonal drivers, and then return Pool Motor Truck Drivers to the pool by order of reverse seniority before laying off ~~career service~~ Motor Truck Drivers (7183s).

(f) ~~Seasonal Hires~~Winter Snow Program. Notwithstanding any other provision in this Agreement to the contrary, the current 2-hour ~~seasonal program~~Winter Snow Program in the Department of Streets and Sanitation as it is currently administered, shall

continue unchanged.~~, provided that there are no Pool Motor Truck Drivers on the list who are not assigned. Further, the City shall retain the right to hire seasonal employees under the provisions of Section 8.6 of this Agreement, as may be necessary when sufficient Pool Motor Truck Drivers are unavailable.~~The Employer shall be able to utilize up to sixty (60) Pool Motor Truck Driver Assignments as two hour assignments in the Winter Aviation Program. The remainder of assignments shall be a minimum of eight (8) hours.

(g) Labor Management Committee. The Employer and the Union shall establish an advisory labor management committee for the purpose of addressing any issues or problems concerning the implementation and operation of the Pool Motor Truck Driver program which may arise during the life of this Agreement. The Employer's Department of Personnel shall be responsible for the maintenance of the Pool Motor Truck Driver list, and shall call drivers from the list as requests for drivers are received from the City's Departments.

~~Section 8.8 Pool Motor Truck Driver Preference~~

~~When the Employer declares a vacancy for full-time Motor Truck Drivers, seasonal Motor Truck Driver employees who apply and who have recall rights under Section 8.6 of this Agreement, shall be given preference for hire over non-employees, provided they have the then present ability to perform the work to the Employer's satisfaction without further training. When equally qualified, ties~~

~~will be broken by seniority.~~

Section 8.~~7~~9 Filling of Vacancies

The Following procedures shall be used to fill vacancies:

(a) Employees within a department who desire a change in a shift, day(s) off or location of their job assignment shall request such a change in writing on the employer's form. Employees filing multiple requests and accepting a transfer shall only be allowed a single transfer in each calendar year. The Employer will provide the Union with a copy of the list of transfer requests within fourteen (14) days of the list being compiled.~~

(b) When filling a vacancy and where no such requests are on file, the Employer shall post the job for bid. The Employer will post vacancies electronically on the City of Chicago CAREERS website. A copy of the posting will be provided to the Union at least 72 hours prior to the electronic posting. ~~A copy of the posting shall be provided to the Union no later than the first day of posting.~~ Said vacancy shall be posted for 14 days on the CAREERS website. The posting shall contain at least the following information: job title, qualifications, days off, shift, hours, work location, if known, and rate of pay. The posting shall also identify the number of positions to be filled. If the number to be filled changes, the Employer shall promptly notify the Union. Prior to the commencement of the selection process, the Employer will provide the Union with a list of qualified bidders.

Prior to notifying the successful bidder/applicant, the Employer shall give the Union a list of bidders identifying, where applicable,

the successful bidder(s). Upon request, the Employer shall schedule a meeting with the Union to review the selection process, including the reasons for selection and rejection of bidders. This meeting shall include a review and discussion of documents considered during the hiring process, including documents such as the referral list, employment decision form, hiring information summary, and hiring criteria rating form. If requested, the Employer will furnish copies of such documents to the Union. Bidders who are not selected shall be so notified by the Department Head and informed of the reason for non-selection.

The successful bidder for any jobs under this Section shall have an evaluation period, not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based on the Employee's job performance at any time during that period that the successful bidder cannot perform the job, then the successful bidder shall be returned to the job he/she held just prior to the awarding of the bid, displacing, if necessary, any employee who has been placed into said job."

Notwithstanding the foregoing, the Employer may, where it deems appropriate, post bid announcements during the four-month period prior to January 1 in any calendar year, for certain jobs within a department which the Employer may seek to fill at any time after January 1 of that calendar year, without any further bid postings for those jobs during that calendar year. A copy of the posting shall be provided to the Union no later than fourteen (14) days prior to the posting date. Employees shall have thirty (30) days from the

date of the posting to submit bids. Before filling any vacancies pursuant to such a posting, the Employer will provide the Union with a copy of the Employer's list of all individuals who submitted bids pursuant to the posting. Said list will reflect the Employer's scoring of those individuals with respect to their relative qualifications for the job, and the order in which the Employer intends to grant bidders preference for any available declared vacancies for the posted jobs in that calendar year. The list will be completed by no later than February 1 of that calendar year, unless otherwise agreed by the parties, and will be provided to the Union at the time it is finalized by the Employer. Upon request by the Union, the Employer will meet and discuss its ranking of bidders with the Union. (b) An employee who is subject to or reasonably believes he/she will be subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearing, provided that said employee shall be guaranteed, upon request, a full hearing before said Board, in accordance with the said Board's rules. It is further provided that in the event of non-

egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has 7 days from receipt of the notice to appeal. If the employee does not file an appeal within the 7-day appeal period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30-day notice period and the employee shall remain on the payroll for the full notice period, except if prior to completion of the 30-day notice period (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event may the employee require the employer to retain the employee on the payroll beyond the 30-day period. The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration, and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union

and employee. The Employer is not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that he/she is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the employee's immediate supervisor shall meet with the employee and notify him/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy this Section 11.1 shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a statement of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not to exceed eighteen (18) months and shall thereafter not be used

as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not use said record of the discipline action against the employee, or in the case of promotions or transfers.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is subject to the disciplinary investigation of the pendency of the investigation and its subject matter, within thirty (30) calendar days of the Employer being made aware of the alleged rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include inducible criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a pre-disciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police Board is reversed or remanded resulting in restoration of the job, the Employer will pay

the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this Agreement.

The Employer shall pay employees entitled to make whole relief or other monetary relief following a hearing before the Human Resources Board within six (6) weeks of the final determination of the amount owed.

Section 11.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1. Within 5 working days after an employee receives written notice of any proposed disciplinary action, including a suspension for ten (10) days or less which is not appealable to the ~~Personnel~~ Human Resources Board or Police Board, or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or ~~Personnel~~ Human Resources Board upon the written request of the Union, the Employer shall conduct a meeting with the union and employee. Discipline shall be administered as soon as possible after the employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting

or further investigation, the employer may request in writing to the department head a review of the said disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days of receipt of written notice of discipline. Said review form shall be printed on the back of or attached to the notice of discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2. Within three (3) working days or any mutually agreed upon extension after the Department Head or designee receives the employee's request for review, the department head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and union representative, if any, will be heard and provided the opportunity to ask questions.The Department Head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required. The absence of such Agreement or failure to decide and communicate such decision will result in

automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3. Where further investigation is agreed upon, a second meeting shall be held between the Department Head or designee and the employee and the Union representative to discuss the results of the investigation.Said meeting shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The Department Head or designee shall render a written decision- within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4. If the matter is not settled at Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedure for arbitration shall be the same as in 11.3, Step III.

Section 11.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 11.1 and 11.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next Step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the

problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - IMMEDIATE SUPERVISOR

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union representative and/or the employee shall have the right to make an appeal in writing to the Department Head or the Department Head's designee within seven (7) working days after the date of receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head designee shall be posted for employees in areas where employee notices are

normally posted and submitted to the Union. Failure to post and so notify the Union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or the Department Head's designee shall have the requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this paragraph shall: be construed to relieve the City and the Union from their obligations to otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together

with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second Step, the Union or the Employer may request final and binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected employee representative of the group or class. .A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following instructions or orders the employee does not waive his/her right

to process the grievance. Refusal to follow instructions or orders shall be cause for discipline.

Step III - ARBITRATION

If the matter is not settled in Step II the Union or the Employer, but not an individual employee or employees, may submit the dispute to arbitration by serving a written request to arbitrate to the designated representative ~~from~~ for the Employer or the Union, ~~'s operating department. , with copies of the request to the designated law department representative and counsel for the Coalition Unions,~~ setting forth the facts and specific relief requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested.

The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party. Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this Aagreement shall be the sole source of any rights which either party

may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute.

The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

In the event the Union prevails in arbitration, the Employer shall pay the affected employee(s) within six (6) weeks of the final determination of a remedy. In the event the amount owed is disputed, either party may extend the arbitrator's jurisdiction to secure a final resolution of the remedy.

A. ADVANCED GRIEVANCE STEP FILING

Certain issues which by nature are not capable of being settled at a preliminary Step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the grievant/Union at Step II.

B. PERTINENT WITNESSES AND INFORMATION

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone,

to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, parties shall mutually select an arbitrator from a group arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-established hearing date per month for the arbitration of grievances.

Section 11.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or

promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a representative of the Union.

The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any non-governmental agency relating to any matter or issue under investigation. The results of a polygraph examination shall not be used against an employee in any forum adverse to the employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to the administration of the examination. The results of any polygraph examination shall be known to the employee within one week.

L. This Section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the charges against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the same forum as, grievances which protest said disciplinary action, except as provided in paragraph O(2) below. If no disciplinary action is brought against the employee following the conclusion of the Inspector General's investigation, no grievance concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights enumerated in this Section, shall be suppressed and shall not be used by the Employer for any disciplinary action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions

allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the Municipal Code of the City of Chicago regarding the Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2)Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators.Thereafter, the parties will meet to strike names from the list, with the Employer striking first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may mutually agree. The

arbitrator's jurisdiction shall be limited to determining if the Inspector General obtained evidence or statements in violation of paragraph 0(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to rule on the merits of any underlying discipline or take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 12.3 Discipline of Strikers

The Employer may terminate the employment of or otherwise discipline any employee or employees who have been found to have engaged in any act forbidden in this Article.

Section 12.4 No Lockouts

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 13
DUES CHECK-OFF AND FAIR SHARE

Section 13.1 Dues Checkoff

Authorization for such deductions shall be irrevocable unless revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court or other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 13.1, 13.2, 13.3, 13.4 and 13.5 of this Article, or in reliance on any list, notice, certification or assignment furnished under any of such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The Employer shall provide to the Secretary-Treasurer and the President of the Union within thirty (30) days, name, address, classification, rate of salary and starting date of any new employee hired into the Union's bargaining unit.

Section 13.2 Fair Share Fees

It is further agreed that thirty (30) days after the later of the execution of the Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union and shall remit such deductions to the Union at the same time that the dues check-off is remitted or on a monthly or quarterly basis as directed by the Union under terms and procedures as shall be agreed upon in negotiations between the Employer and Union. It is understood

that the amount of deduction from said non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.3 Religious Objectors

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, thirty (30) days after the later of the execution of this Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and

contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.5 D.R.I.V.E.

The Employer agrees to deduct from the pay of those employees who individually request it voluntary contributions to DRIVE. DRIVE shall notify the Employer of the amounts designated by each contributing employee that are to be deducted from the employee's paycheck on each payday provided that all employees contribute in the same amount. The Employer shall transmit such deductions to DRIVE National Headquarters on a monthly basis along with the name of each employee on whose behalf a deduction is made, the employee's Social Security number and amount deducted from the employee's paycheck. ~~The Union shall reimburse the Employer on an annual basis for the Employers' actual cost of the expenses incurred in administering this deduction.~~

ARTICLE 14

MISCELLANEOUS

Section 14.1 Job Titles

The Employer will notify the Secretary-Treasurer and the President of the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto.If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the jurisdiction of another bargaining unit without the mutual agreement of the unions involved.

Section 14.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day, or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another Union will not perform the work of said employees. For example, if a Motor Truck Driver is on vacation, a Plumber shall not be assigned as a replacement Motor Truck Driver. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 14.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 11 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 11 of this Agreement, except that the Union and the other affected union(s) shall select the arbitrator.

The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional

work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

(h) Test: the taking and analysis of any body component sample, whether by blood, breath, urine, or in any other scientifically reliable manner, for the purpose of identifying, measuring or quantifying the presence or absence of drugs, alcohol or any metabolite thereof.

Further, employees shall not use, possess, dispense or receive prohibited items or substances on or at the Employer's premises, nor shall they report to work under the influence of drugs and/or alcohol.

(b) When, based upon the direct observation of two supervisors, the Employer has reasonable cause to believe that an employee is under the influence of a prohibited substance, the Employer shall have the right to subject that employee to a drug and alcohol test. At the Employer's discretion, the employee may be placed on administrative leave with pay until test results are available. If the test results prove negative, the employee shall be reinstated. Positive results of said retesting shall be conclusive as to the presence of alcohol or drugs. The failure to take a sufficient sample, or to preserve such sample, to allow for retesting, shall not affect the removal from eligibility of an applicant or personnel action, including discharge, of any employee.

(j) No laboratory report or test results shall appear in the incumbent's personnel file unless they are part of a personnel action under this program, but shall be placed in a special locked file maintained by the Commissioner of Personnel, except as such disclosure may be required by this policy, law or ordinance.

DISABILITY BENEFITS

Disability benefits shall be paid in accordance with the plan of benefits of the Municipal Pension Fund or other applicable pension plan.

~~There are two classifications of disability benefits as follows: ORDINARY DISABILITY BENEFITS are provided for employees who become disabled as a result of any cause other than accidental injury incurred while in the performance of an act of duty.~~

~~Ordinary disability benefit is payable to any member of either Pension Fund:~~

~~a) Laborer's Pension Fund, 221 North LaSalle Street, Room 748, Telephone, (312) 236-2065.~~

~~b) Municipal Pension Fund, 221 North LaSalle Street, Room 500, Telephone, (312) 236-4700.~~

~~if you are under age 70 for disability commencing after January 1, 1979.~~

~~The amount of this benefit, which is called "Ordinary Disability Benefit", is equal to 50% of the employee's annual salary at the time of disablement. However, from such amount the 8 and 1/2% normally contributed for pension purposes up to age 65 is withheld and credited to an employee's account, so that annuity rights continue to increase just as though the employee is working. The net rate of disability payments, therefore, amounts to 41 and 1/2% of annual salary. After attainment of age 65, 7% is~~

~~normally contributed for pension purposes. Therefore, the net rate of disability payments after age 65 amounts to 43% of annual salary.~~

~~Ordinary disability benefit is payable after the first 30 days of disablement, provided the employee is not then in receipt of salary. Ordinary disability benefit is payable until the first of the following:~~

~~1) the disability ceases; or~~

~~2) the date the disabled employee attains age 65 for disability commending prior to attainment of age 60 in the service and after January 1, 1979; or~~

~~3) the date the disabled employee attains age 70 for disability commencing after attainment of age 60 in the service and after January 1, 1979; or~~

~~4) the date the payments exceed in aggregate one-fourth of the total service, but not to exceed five years. Service for this purpose is counted only from the date a person joined the Fund.~~

~~Payment for service rendered prior to the date an employee participant joined the Fund (past temporary service) does not serve to enlarge the period of time for which a disabled employee is eligible to receive disability benefit. Such payments provide additional credit for annuity purposes but NOT for disability benefit.~~

~~We might point out that an employee whose disability continues after the receipt of ordinary disability benefit for the maximum period of time and who withdraws from the service while still disabled is entitled to receive an annuity regardless of age.~~

~~NOTE:~~

~~1) A Career Service employee must take a leave of absence to protect his/her reinstatement rights. This form is available through your payroll department.~~

~~2) If the disabled employee is an hourly employee, he/she should request a waiver of premium form which is to be filled out by his/her physician so that the employees' health insurance will be paid for by the City of Chicago for the balance of the month and the following 30 days. After which time, the employee must make direct payments.~~

~~a) Contact Benefits Management, Direct Payments for Health Insurance -- (312) 408-1671~~

d) Contact your physician for a statement as to your condition and approximation of when you might return to work.

e) Contact Deferred Compensation (if a member) -- (312) 443-1975.

NOTE:

When you are on ordinary disability, the added benefits that are paid for ACTIVE EMPLOYEES by the City of Chicago, namely DENTAL AND VISION CARE, ARE NOT covered when you are off.

When you are able to return to active employment, you will need your physicians release, which you are to take to the City Physician. (At Mercy Works). After the City Physician has cleared you to return to work, you are to report to the Administrative Office of the Department for which you work.

If there is an undue delay between your clearance by the City Physician to return to work and the actual day on which you are put back on the City's payroll, you can apply for unemployment compensation benefits through the State of Illinois, (312) 793-5280, for the time you were not receiving disability benefits.

DUTY DISABILITY applies to accidental injuries or illnesses which arise out of and in the normal course of employment duties. It does NOT apply to accidental injuries or illnesses which occur while the employee is not performing his/her normal employment duties.

A City of Chicago employee who incurs a disability injury which arises out of and in the course of his employment is entitled to certain Workmen's Compensation benefits.

1) If the disabled City employee is a member of either Pension Fund and under 70 years of age, he/she is usually entitled to receive 75% of his average annual gross wages.

~~The disabled employee will receive a check from the Committee on Finance Workmen's Compensation Office, Telephone, (312) 744-3388, (Department of Aviation Employee Only - (773) 686-3533) and one check from his/her Pension Fund:~~

~~a) Laborer's Pension Fund, 221 North LaSalle Street, Room 748, Telephone, (312) 236-2065~~

~~b) Municipal Pension Fund, 221 North LaSalle Street, Room 500, Telephone, (312) 236-4700~~

~~These two checks will equal 75% of his/her average annual wages.~~

~~2) If the disabled City employee is 70 years of age or older, he/she IS NOT eligible to receive any duty disability benefits from their Pension Fund. This exemption is clearly stated in the pension laws.~~

~~3) There is no age limitation for eligibility of receiving duty disability benefits from the Workmen's Compensation Division. However, the Workmen's Compensation benefits will not change even if the disabled employee is not eligible for pension benefits. If the disabled City employee is not a member of the Pension Fund, he/she will not receive any benefits from either Pension Fund.~~

~~5) Duty Disability benefits are paid for seven days per week. They begin the first full calendar day that the disabled employee is off their normal payroll.~~

~~6) If the disabled employee is a member of either Pension Fund and under 70 years of age and is disabled from work for less than 14 calendar days, the Committee on Finance Workmen's Compensation Division or the Department of Aviation Workmen's Compensation Division benefits will not begin until the fourth working day that the employee is off. However, the Pension Fund will pay duty disability benefits sufficient enough to equal 75% of the employee's average annual gross wages for the entire period of time for which the employee is off work.~~

~~7) If the disabled employee is a member of either Pension Fund and under 70 years of age and is disabled for more than 14 calendar days, the Committee on Finance Workmen's Compensation Division, or the Department of Aviation Workmen's Compensation Division benefits will begin on the first full calendar day that the employee is off work. The Pension Fund will pay the monetary difference to equal 75% f the average annual gross wages.~~

~~8) Duty Disability benefits are payable to the injured City employee so long as he/she is physically unable to perform their~~

normal employment duties and under the medical supervision of the City Physician.

9) The City of Chicago's Workmen's Compensation Divisions will authorize payment of the disabled employees 'group hospitalization premium. Such payment applies only to those duty disability claims approved by the Workmen's Compensation Divisions.

10) In order for the disabled City employee to verify that his written report of occupational injury or illness has been properly processed through his/her department, the employee should contact the Safety Section of his/her Department.

a) Dept. of Streets & Sanitation, (312) 744-7804

e) Dept. of Transportation, (312) 744-3907/(312) 744-6407

k) Dept. of General Services, (312) 744-7399

Normally, it will take between three and four weeks from the date of injury to process a duty disability check from the Committee on Finance Workmen's Compensation Division or the Department of Aviation Workmen's Compensation Division to the disabled employee. That time period applies so long as the report of the occupational injury or illness is properly completed and processed by the Department.

~~Since the Arbitrator issued his Opinion and Award dated June 21, 2007 in the Matter of Arbitration between the City of Chicago and Laborers Local 1001/Teamsters Local 726 ("Award"), the City and affected Coalition Unions have explored various approaches to resolving their dispute over the scope of the Award and the application of Section 3(a) of the Memorandum of Understanding dated July 13, 2005 entered into between the City and Coalition ("Section 3(a)"). INTERNATIONAL UNION OF OPERATING ENGINEERS
LOCAL 399

AGREEMENT

This Agreement is entered into by and between the City of Chicago, an Illinois Municipal Corporation (hereinafter called the "Employer") and the International Union of Operating Engineers, Local No. 399 (hereinafter referred to as the Union) for the purpose of establishing, through the process of collective bargaining, certain provisions covering wages, and other terms and conditions of employment for the employees represented by the Union.

In recognition of the above, the Employer and the Union agree as follows:

ARTICLE 1
RECOGNITION

The Employer recognizes the Union as the sole and exclusive bargaining agent for all employees in the following job classification for work presently performed by employees in these classifications:

Operating Engineer, Group "C" Trainee

Operating Engineer, Group "C"

Operating Engineer, Group "A"

Assistant Chief Operating Engineer

Chief Operating Engineer

The Union is authorized to bargain collectively for such employees with respect to rates of pay, wages, hours and other terms and conditions of employment. The term "employee" as used

herein, refers to the above job classifications, unless specified to the contrary.

ARTICLE 2

The job classifications listed in Article 1 above are for descriptive purposes only. Their uses are neither an indication nor a guarantee that those classifications or titles will continue to be utilized by the City.

ARTICLE 3
UNION AND MANAGEMENT

Section 3.1 Management Rights

The Union recognizes that certain rights, powers, and responsibilities belong solely to and are exclusively vested in the Employer, except only as they may be subject to a specific and express obligation of this Agreement. Among these rights, powers, and responsibilities, but not wholly inclusive, are all matters concerning or related to the management of the Employer's operations and the administration thereof, and the direction of the working forces, including (but not limited to) the right to suspend, discipline, or discharge for just cause; to layoff by reason of lack of work, by reason of lack of funds or work, or abolition of a position, or material changes in duties or organization of the Employer's operations, or other economic reasons; to hire, classify, transfer and assign work, promote, demote, or recall; to make and enforce reasonable rules and regulations; to maintain order and efficiency; to schedule the hours of work; to determine the services, processes, and extent of the Employer's operation, the types and quantities of

machinery, equipment and materials to be used, the nature, extent, duration, character and method of operation, including (but not limited to) the right to contract out or subcontract; the right to determine the number of employees and how they shall be employed, and the quality and quantity of workmanship and work required to insure maximum efficiency of operations; to establish and enforce fair production standards; and to determine the size, number and allocation of its departments and facilities. All of the provisions of this Article are vested exclusively in the Employer, except as expressly abridged by a specific provision of this Agreement.

In the event that the Employer determines to subcontract unit work under this Agreement, and as a result bargaining unit employees would be laid off by the proposed subcontracting, the Employer shall make available, on a seniority basis, equal-rated permanent jobs which the Employer has declared to be vacant in the affected Department, or other departments, as the case may be, in that order, provided the laid off employees have the then present ability to perform the required work without further training. However, the employee shall be provided with a reasonable amount of orientation to allow him or her to perform the work.

Prior to sub-contracting of bargaining unit work, the Employer, the Union, and the proposed sub-contractor shall meet to discuss the employment of employees subject to layoff. During that meeting the Employer will request and urge that the sub-contractor hire laid off employees.

ARTICLE 4
COOPERATION IN RECRUITING

The Union undertakes, when requested to do so, to stand ready to furnish the City of Chicago with reliable and competent engineers.

ARTICLE 5
HOURS OF WORK

Section 5.1 The Work Week

This Article shall be to calculate overtime and shall not be a guarantee of work or hours for any day or week.

The normal work week shall consist of 5 consecutive 8-hour days and 2 consecutive days off, except where the Employer's operations require different scheduling needs. The Employer will notify the Union of these exceptions.

Work shifts shall begin as follows:

First Shift	6 a.m. - 8 a.m.
Second Shift	2 p.m. - 4 p.m.
Third Shift	10 p.m. - midnight

The work week shall be a regular recurring seven (7) day period beginning at 12:00 midnight (one minute after 11:59 P.M. Saturday) Sunday and ending at 12:00 midnight the following Sunday.

The Employer may change the time of its normal work day or work week upon reasonable notice to, and upon request, discussion with the Union.

Section 5.2 Overtime

All work performed in excess of 40 hours worked per week; or in excess of 8 hours worked in any 24 hour period where the employee has 40 hours of work or excused absences; or on the sixth consecutive day worked in the Employer's work week, shall be paid for at one and one-half (1 ½) times the regular straight time hourly rate of pay.

Employees who are scheduled on a seven day continuous operation work week and who work a sixth consecutive day in the Employer's work week as a part of the regular work schedule, may elect to receive eight (8) hours compensatory time plus four (4) hours of pay at the regular straight time hourly rate of pay in lieu of one and one-half (1 ½) times the regular straight time hourly rate of pay.

~~Accumulation of any such earned compensatory time shall be limited to 120 hours.~~

All work performed on the seventh consecutive day worked in the Employer's work week, shall be paid for at two (2) times the regular hourly rate of pay. Such overtime shall be computed on the basis of completed fifteen minute segments. Employees exempt from the Fair Labor Standards Act shall not be eligible for overtime under this Section. There shall be no pyramiding of overtime and/or premium pay. Daily and/or weekly overtime and/or premium pay shall not be paid for the same hours worked. **All overtime earned under this Section shall be paid to employees, not later than the second regular payday following the end of the payroll period in which it is earned.**

(a) Overtime and/or premium time referred to in this Agreement shall be offered first to the employee performing the job and thereafter by seniority to the most senior employee in the classification at the work location being given the opportunity to work, provided the employee has the present ability to perform the work to the satisfaction of the Employer without further training. A reasonable amount of overtime shall be a condition of continued employment, provided however, that in the event such offers of overtime are not accepted by such employees, the Employer may mandatorily assign such overtime by reverse seniority.

(b) Employees in the classification at the work location who have been given the option to work the overtime and/or premium time, whether the option was accepted or rejected, will not be afforded the option to work subsequent overtime and/or premium time until all employees in the classification at the work location have been reasonably afforded the opportunity to work the overtime and/or premium time, subject to the same provision as in Section 5.2(a).

(c) All overtime will be distributed as equally as feasible over a reasonable period of time among the employees within the same job classification and within the same department.

Section 5.3 Reporting Pay

When an employee reports for his or her regularly scheduled shift, the employee shall receive a minimum of two (2) hours work or pay at the employee's regular straight time hourly rate,

unless the employee was told at least three hours prior to his or her normal starting time not to report for work, except for reasons beyond the Employer's control. To be eligible for pay under this provision, employees must advise the designated person within the Department of his or her current telephone number.

If the employee works more than two (2) hours, he or she shall receive a minimum of four (4) hours work or pay for that day. If the employee works more than four (4) hours, he or she shall be guaranteed eight (8) hours work or pay for that day. An employee who does not complete a normal eight (8) hour shift because he or she is sent home by the Employer shall have the option of using a portion of accrued vacation, personal or compensatory time for that day upon notice to the Employer.

Section 5.4 Call-In Pay

a) Except as otherwise agreed in writing, employees called in outside of their regular working hours shall receive a minimum of two (2) hours pay at the appropriate overtime rate from the time that they arrive at their workplace.

The term "call-in pay" as used in this Section shall refer to an employee being brought back to work outside of his/her normal work day, and shall not refer to any situation where the employee is brought into work or required to stay at work during periods which are contiguous to his/her regularly scheduled shift.

b) Where call-in is contiguous to the start of a shift, but begins less than two (2) hours before the regularly scheduled

shift, the two (2) hour guarantee shall not apply, however, the employee shall receive overtime at the appropriate rate for call-in time worked and the regularly scheduled shift shall not be shortened for the purpose of avoiding overtime.

Section 5.5 Emergency Call Pay

In the event a General Foreman or Foreman is directed by the Employer to respond to emergency calls from home and outside of his or her regular working hours, he or she will be granted compensatory time at the appropriate rate for all verified time spent responding to the emergency from home, with a minimum of 15 minutes of compensatory time to be granted in any calendar day on which any such emergency responses were required, up to a maximum of two hours of compensatory time in any calendar day.

Section 5.6

The Employer will not change an employee's normal work week or normal work day for the purpose of avoiding payment of overtime or holiday pay. It is understood that forces may be reduced on holidays without a change in schedule.

Section 5.7 Trading Shifts

Shift personnel should be discouraged from trading shifts. In personal emergencies, the trading of shifts will be permitted, provided the supervisor in charge gives his approval, and further provided, such trade does not result in any overtime

liability to the Employer. Such permission shall not be unreasonably denied.

Section 5.8 Compensatory Time

Any banked overtime and / or compensatory time which employees have accumulated as of June 1, 2018 in excess of 160 hours shall be paid to employees in the form of cash within 30 days following June 1, 2018.

Employees who receive compensatory time under this agreement may elect to have such compensatory time paid out in the form of pay not later than the second regular payday following the end of the payroll period in which it is earned or may accumulate such time up to a maximum of 160 hours.

Use of compensatory time shall be subject to the operational needs of the Employer. All accumulated compensatory time in excess of 160 hours which has not been used or scheduled by June 1 in any calendar year will be paid to employees in the form of cash at their current rate of pay. Nothing herein shall be construed as to allow the Employer to force an employee to use accrued compensatory time.

If an employee is scheduled to work on any calendar holiday as specified in Section 6.1 he/she shall be paid at the rate of two and one-half (2 ½) times (which includes holiday pay) his/her normal hourly rate for all hours worked.

If the employee is not required to work on calendar holiday specified in Section 6.1, such employee shall be paid eight hours at straight time for such holiday.

All holiday time shall be considered time worked for the purposes of computing overtime except where the holiday falls on the employee's day off.

Section 6.3 Determining Work Days as Holidays

A holiday is the calendar day running from midnight to midnight. An employee whose workday extends over parts of two (2) calendar days, one of which is a holiday, shall be considered to have worked on the holiday if the majority of the hours worked fall on the holiday.

Section 6.4 Failure to Report to Work on Scheduled Holiday

If an employee is scheduled to work on a holiday and fails to report to work, the employee shall forfeit his/her right to pay for that holiday unless his/her absence is due to illness, injury, or other emergency.

Section 6.5 Holiday Observance

Except for employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on

Saturday will be observed the Friday before the holiday; said holidays which fall on Sunday will be observed on the Monday after the holiday. For employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on either Saturday or Sunday will be observed on that day.

Whenever said holiday falls during an employee's vacation period the Employer shall have the option of granting the employee an extra day's pay or an extra day of vacation at a time mutually agreed upon between the employee and the department head, provided the employee works the full scheduled workday immediately preceding the full scheduled workday immediately following such vacation period, unless such absence is for a reason the Employer finds to be valid.

ARTICLE 7
VACATIONS

Section 7.1 Amount

Employees shall be eligible for paid vacations as of January 1 of each year following the year in which they were employed. An employee will earn the following amounts of paid vacation, based on such employee's continuous service prior to July 1, following his/her January 1 eligibility.

Continuous Service Prior to July 1	Vacation
Less than 6 years	13 days
6 years or more, but less than 14 years	18 days
14 years or more	23 days
After 24 years	24 days
After 25 years	25 days

Section 7.2 Pro Rata Vacations

An employee shall be eligible for pro rata vacation if:

1. The employee did not have twelve (12) months of continuous service in the preceding calendar year and is on the payroll as of January 1 of the current calendar year; or

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by 12; the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 7.1 above and will be paid on a supplemental payroll as soon as practicable following the last day worked. Any fraction is rounded off to the nearest whole number of days.

Part-time employees who work at least 80 hours per month earn vacation on a pro rata basis calculated in accordance with the formula used by the Employer in accordance with past practice.

Section 7.3 Vacation Forfeiture

All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee elects in writing to carry over **vacation days** (up to three **(3)** ~~such~~ ~~vacation~~ days **of accrued and unused vacation days for**

employees with less than ten (10) years of service, and up to five (5) days of accrued and unused vacation days for employees with ten (10) or more years of service) for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to the employer before December 15 of the vacation year. **Carry over days shall not count against an employee's maximum number of single use vacation days provided for under this Agreement.** ~~Such~~ carry over vacation days must be scheduled **in the then current year for use in the next year. Cancellation or re-scheduling of carry over days shall be controlled by the provisions set forth in the Agreement under Vacation Picks,** ~~upon mutual agreement of the employer, which agreement shall not be unreasonably denied or withheld,~~ and such carry over days must be taken on or before ~~April~~ **June** 30 of the next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). **Nothing herein shall limit or prohibit the Employer from allowing the employee to reschedule carry over before June 30th, or approving the rescheduling of carry over days beyond June 30th.** Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 7.4 Employees Laid-off or Discharged

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.** Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of 30 days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 13 of this Agreement. In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 7.5 Rate of Vacation Pay

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being taken, times 8 hours per day, times the number of days' vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 7.6 Selection

Vacation picks will be granted by classification seniority, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who

can be on vacation at any one time without hindering the operation of the Department. The Department will not designate any time or period during the calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal

work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

Section 7.7 Non-Consecutive Vacation Days

Employees may receive up to ~~five~~ **six (6)** of their vacations days one or more day(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection).** Such day(s) off shall be approved by the employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday - Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be**

charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.

Employees may designate and use at their option up to ~~five (5)~~ **six (6)** of their vacation days in each year of this Agreement as sick days to cover periods of bonafide medical illness **or the illness of family members, who shall include (or may be expanded upon by the City): (i)mother, father, husband, wife, brother or sister (including blood, step or half), son or daughter (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic partner is registered with the Department of Human Resources.** The Employer reserves the right to ask the employee to furnish proof of said illness. An employee desiring to use vacation days as sick days under this provision shall inform the representative of the Employer who employees are told is designated for such purposes of that fact at the time he/she calls in to report an illness. Salaried employees who currently

are receiving sick days under this Agreement shall be ineligible to use vacation days as sick days while they have available unused sick days.

~~Section 7.8 Reciprocity with Other Agencies~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation time accrued while working for another public agency is not transferable. Employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of~~

~~service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

ARTICLE 8
CONTINUOUS SERVICE

Section 8.1

For all purposes under this Agreement, "seniority" shall mean an employee's continuous service in the employee's current job title (time in title). Where it may be necessary to determine relative seniority between two or more employees who have the same time in title, then seniority shall be determined by total continuous service in any bargaining unit titles (bargaining unit seniority).

Where it may be necessary to determine relative seniority between two or more employees who have the same time in title and the same total continuous service in any bargaining unit titles, seniority shall be determined by lottery applied at the time of hire.

Section 8.2

Continuous service means continuous paid employment from the employee's last date of hire, without a break or interruption in such paid employment. In addition, an employee earns continuous service credit even though he or she is not paid for:

1. An unpaid leave of absence of one-year or less or layoff of 30 days or less; or

2. An absence where the employee is adjudged eligible for duty disability compensation.

Section 8.3 Interruption In Service

(a) Non-seasonal employees who work a minimum of eighty (80) hours per month shall be credited with continuous service for the time worked. Continuous service credit will not be earned for:

(1) absences without leave

(2) absences due to suspension

(3) Unpaid leave of absence for more than 30 days or layoff for more than 30 days, unless employees are allowed to accumulate seniority under this Agreement.

(b) Seasonal employment of 120 days or less in any calendar year shall not be credited toward continuous service for the time worked.

(c) Seasonal employment in excess of 120 days in any calendar year shall be credited toward continuous service.

~~**Section 8.4 Reciprocity**~~

~~Employees hired prior to February 13, 1986 who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Housing Authority, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, Public Building Commission of~~

~~Chicago, the Chicago Urban Transportation District and the Regional Transportation Authority shall have the period of such service credited and counted for the purpose of advancement within longevity salary schedules. However, employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules provided a majority of other employees of the Employer receive such credit.~~

Section 8.5 Break in Service

Notwithstanding the provisions of any ordinance or rule to the contrary, continuous service of an employee is broken, the employment relationship is terminated, and the employee shall have no right to be rehired, if the employee quits, is discharged, retires, is absent for five (5) consecutive work days without notifying the employee's authorized Employer representative unless the circumstances preclude the Employee, or someone on his behalf, from giving such notice, does not actively work for the Employer for twelve (12) months (except for approved full time Union representative leaves or medical leaves of absence and duty disability leaves), or is on layoff for more than twelve (12) consecutive months if the employee has less than five (5) years of service at the time of the layoff,

or is on layoff for more than two (2) years if the employee has five (5) or more years of service at the time of the layoff.

Section 8.6 Probationary Employment

New employees, **hired after ratification of this Agreement,** will be regarded as probationary employees for the first **twelve (12)** ~~six (6)~~ months of their employment and will receive no seniority or continuous service credit during such probationary period. Probationary employees continuing in the service of the Employer after **twelve (12)** ~~six (6)~~ months shall be career service employees and shall have their seniority date made retroactive to the date of their original hiring. Probationary employees may be disciplined or discharged as exclusively determined by the Employer and such Employer action shall not be subject to the grievance procedures, provided that, **(1) after the first six (6) months of the probationary period, if the Employer intends to impose a disciplinary suspension on the probationary employee where the suspension would result in a loss of pay, prior to imposing the suspension, except in emergency or where the employee is unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee to discuss and allow the employee to respond to the accusations, and/or (2)** if the Employer, within its discretion, rehires a former employee who did not complete his/her probationary period within one year from the employee's termination, and said former employee had served 90 days or more of his/her probationary period, all time

previously served in the probationary period shall be counted for purposes of determining when the said employee completes his/her probationary period. A probationary employee who has served 90 days or more of his/her probationary period and who is laid off shall be given preference over other applicants for employment in the same job title in the department from which he/she was laid off, so long as he/she does not refuse an offer of employment, and does not suffer a break in service under Section 8.4 of this Agreement. **Seasonal employees who have worked without a break in service or who have works more than twelve (12) cumulative months and bid into (or otherwise become) career service position/employees, shall not have to serve the above twelve (12) month probationary period, but shall have an evaluation period not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based upon the employee's job performance at any time during the evaluation period that the employee cannot perform the job, then he/she shall be returned to the seasonal position held just prior, displacing, if necessary, any employee who has been placed into said job.**

Probationary employees shall not be eligible for dental or vision insurance but shall receive all other benefits under this Agreement. Probationary employees shall be compensated at the same rate as career service employees.

Section 8.7 Temporary Employment

It is the intent of the parties to continue the practice of utilizing relief personnel in the cases of vacation, sickness or temporary relief. This practice should continue to be performed in the Departments which have Bargaining Unit titles throughout the life of this Agreement.

It is understood and agreed that individuals performing relief work will be selected from a pool of people consistent with the City's hiring procedures. Once these individuals are working, the following apply:

1. These individuals will be paid at the straight time rate for all work performed up to and including forty (40) hours per week.

2. These individuals will be paid the rated time and one-half (1-1/2) for all hours worked in excess of forty (40) hours in a work week.

3. In the event these individuals work on a holiday, they will not receive holiday pay but will be paid at the rate of time and one-half (1-1/2) for all hours worked.

4. These individuals are not entitled to any other compensation or benefits other than those enumerated in Items 1, 2 and 3 above.

5. Individuals performing work under this Agreement are not, and shall not attain probationary Career Service or Career Service status.

6. Individuals performing work under this Agreement shall not perform work in any assignment for longer than a ninety (90) day period and in no way be allowed to work more than 180 calendar days.

Section 8.8 Layoffs/Recall

Probationary employees with more than 90 days of service shall be laid off first. Thereafter, the least senior employee in the affected job classification shall be laid off first, provided the ability, qualifications to perform the required work, and the employee's job performance are equal among the other employees in the job, and further provided, the layoff does not have a negative effect on the Employer's efforts to ensure equal employment opportunities.

If two or more employees share the same time-in-title, the employee with the least continuous service time with the City shall be laid-off first.

A laid-off employee may displace (bump) the least senior employee, if any, in the most recent lower job title the employee to be laid off has held, provided the employee to be laid off has the then present ability to perform the job to the Employer's satisfaction without further training.

Employees shall be recalled in the reverse order they were laid off, subject to the same provisos.

Section 8.9 Promotion/Filling of Permanent Vacancies

A. The Employer shall determine if there is a permanent vacancy to be filled and whether said vacancy shall be filled.

B. Employees within a Department who desire a change in shift, day off, group or work location of their job assignment shall request such change in writing on the Employers form. Employees shall have a right to return to their regular assignment and location.

(b) Medical Leaves. Non-probationary employees shall be granted medical leaves of absence upon request. Said medical leaves of absence shall be granted for up to 3 months, provided said leaves shall be renewable for like 3-month periods. The Employer may request satisfactory proof of medical leaves of absence. After the first year, such medical leaves shall be extended in up to one-year segments. Employees on medical leaves of absence shall return to work promptly after their doctor releases them to return to work.

Employees who return from said medical leaves of absence promptly after their doctor's release within one year shall be reinstated to their former job classification if it is vacant or if it is then occupied by an employee of lower seniority. In addition, the Employer will return an employee to the same geographic location of his other previous job assignment for a period of up to one year after the start of the leave.

If the employee's former job is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with an subject to layoff, recall and break-in-service provisions in this agreement.

After one year on an approved medical leave of absence, employees who return to work promptly after their doctor's release and who meet the following continuous service requirements shall be reinstated as described above according to the following formula: three (3) months of reinstatement rights.

An employee who does not meet the above eligibility requirements and who returns to work promptly after his/her doctor's release after more than one year on a medical leave of absence, shall be returned to his/her former job classification if the job is vacant. If not, the employee will be placed on a list for reinstatement.

Seniority shall accumulate for employees on medical leaves of absence for only up to one year. After one year, an employee on a medical leave of absence shall retain, but not accumulate, seniority.

(c) Union Leave. The Employer shall grant request for leaves of absence for up to 2 employees for the purpose of service as Representative or officer with the International State, District Council or Local Organization of the Union for the duration of his/her appointment to the Union, provided reasonable advance notice in writing is given to the employer.

While on such leave the employee shall not incur a break in continuous service. An employee on said leave of absence shall not be eligible for any benefits as an employee.

Employees who return from Union leaves of absence shall have the same rights as employees who return from medical leaves of absence.

Union Pension Fund Trustees who have been duly elected and/or appointed to a City/Municipal Pension Fund (including but not limited to the Municipal and Laborers' Funds) shall be granted leave without loss of pay to attend Pension Fund Trustee meetings that take place during their regularly scheduled shift.

Section 10.9 Paid Parental Leave

An employee wishing to take paid parental leave must apply and be eligible for Family Medical Leave Act (FMLA) leave. An employee is eligible for FMLA leave if he or she has been employed by the City for at least twelve (12) months before taking the leave and has worked at least 1250 hours during the 12-month period prior to the leave. Eligible employees may be granted the following paid parental leaves, in conjunction with and as part of an approved FMLA leave:

- **Up to four (4) weeks paid maternity leave to a birth mother to recover from a non-surgical delivery; or**
- **Up to six (6) weeks paid maternity leave to a birth mother to recover from a C-section delivery; or**

- **Up to two (2) weeks paid parental leave for the birth of a child or children by an employee spouse or domestic partner of the birth mother; or**
- **Up to two (2) weeks paid parental leave for the adoption of a child or children by an employee or the spouse or domestic partner of the employee.**

For eligible non-salaried employees compensation shall be based on the employee's scheduled work hours.

Paid parental leave may be combined with other earned paid time-off, such as vacation and/or sick time, to achieve the maximum amount of paid time off from work while taking FMLA leave. Notwithstanding any other provision of this agreement, paid parental leave shall be granted only as part of an approved FMLA leave and may not be used as intermittent leave.

ARTICLE 12
DISCIPLINE AND GRIEVANCE/ARBITRATION

Section 12.1 Disciplinary Action

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearing, provided that said employee shall be guaranteed, upon request, a full hearing before said Board, in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has seven (7) days from receipt of the notice to appeal. If the employee does not file an appeal within the seven (7) day appeal period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30-day

notice period and the employee shall remain on the payroll for the full notice period, except if prior to completion of the 30-day notice period (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event may the employee require the employer to retain the employee on the payroll beyond the 30-day period. The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration, and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that she/he is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the

employee's immediate supervisor shall meet with the employee and notify him/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy this Section shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a statement of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not to exceed eighteen (18 months) and shall thereafter not be used as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is the subject of the disciplinary investigation of the pendency of the investigation and its subject matter, within 30

calendar days of the Employer being made aware of the alleged rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include indictable criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a predisciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police Board is reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this agreement.

Section 12.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1 Within 5 working days after an employee receives written notice of any proposed disciplinary action,

including a suspension for ten (10) days or less which is not appealable to the Personnel or Police Board, or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union, the Employer shall conduct a meeting with the union and employee. Discipline shall be administered as soon as possible after the employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting or further investigation, the employer may request in writing to the department head for review of the said disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days of receipt of written notice of discipline. Said review form shall be printed on the back of or attached to the notice or discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2 Within three (3) working days or any mutually agreed upon extension after the department head or designee receives the employee's request for review, the department head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3)days will result in automatic advancement to Step 3 and

the Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and union representative, if any, will be heard and provided the opportunity to ask questions. The department head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required. The absence of such agreement or failure to decide and communicate such decision will result in automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3 Where further investigation is agreed upon, a second meeting shall be held between the department head or designee and the employee and the Union representative to discuss the results of the investigation. Said meeting shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The department head or designee shall render a written decision within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt

reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4 If the matter is not settled in Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedures for arbitration shall be the same as in 12.3 Step III.

Section 12.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 12.1 and 12.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of advancement to the next Step. Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - Immediate Supervisor

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than

twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the Union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union representative and/or the employee shall have the right to make an appeal in writing to the Department Head or the Department Head's designee within seven (7) working days after the date of receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head's designee shall be posted for employees in areas where employee notices are normally posted and submitted to the Union. Failure to post and so notify the Union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the

Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or the Department Head's designee shall have the requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this paragraph shall be construed to relieve the City and the Union from their obligations to, otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second step, the Union or the Employer may request final and binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected employee representative of the group or class. A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following

instructions or orders the employee does not waive his/her right to process the grievance. Refusal to follow instructions or orders shall be cause for discipline.

Step III - Arbitration

If the matter is not settled in Step II the Union or the Employer, but not an individual employee or employees, may submit the dispute to arbitration by serving a written request to arbitrate to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the

event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the Employer and Union from mutually agreeing to the selection of an arbitrator. The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator. Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party. Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs. An arbitrable matter must involve the meaning and

application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this agreement shall be the sole source of any rights which either party may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. Advanced Grievance Step Filing

Certain issues which by nature are not capable of being settled at a preliminary step of the grievance procedure, or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the Union at Step II or Step III.

B. **Pertinent Witnesses And Information**

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable laws and rules issued pursuant thereto governing the dissemination of such materials. A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone, to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. Expedited Arbitration

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator from a group of arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-

established hearing date per month for the arbitration of grievances.

Section 12.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-

incrimination prior to the commencement of the interview. An employee will not be read his/her administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any non-governmental agency relating to any matter or issue under investigation.

K. The results of a polygraph examination shall not be used against an employee in any forum adverse to the employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to

the administration of the examination. The results of any polygraph examination shall be known to the employee within one week.

L. This Section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the charges against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the same forum as, grievances which protest said disciplinary action, except as provided in paragraph O(2) below. If no disciplinary action is brought against the employee following the conclusion of the Inspector General's investigation, no grievance concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights

enumerated in this Section, shall be suppressed and shall not be used by the Employer for any disciplinary action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the Municipal Code of the City of Chicago regarding the

Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2) Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators. Thereafter, the parties will meet to strike names from the list, with the Employer striking first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may

mutually agree. The arbitrator's jurisdiction shall be limited to determining if the Inspector General obtained evidence or statements in violation of paragraph O(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to rule on the merits of any underlying discipline or take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

ARTICLE 13
NO STRIKES - NO LOCKOUT

Section 13.1 No Strikes

The Union agrees that during the life of this Agreement, there shall be no strikes (including, but not limited to sympathy strikes and strikes to protect union or third party

conduct), work stoppages, slowdowns, picketing, delays of work of any kind.

Section 13.2 Union Efforts

The Union agrees that it will use its best efforts to prevent any acts forbidden in this Article and that in the event any such acts take place or are engaged in by any employee or group of employees in the Union's bargaining unit, the Union further agrees it will use its best efforts to cause an immediate cessation thereof. If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 13.3 Discipline

The Employer may terminate the employment of or otherwise discipline any employee or employees who have been found to have engaged in any act forbidden in this Article.

Section 13.4 No Lockout

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 14
DUES CHECK-OFF AND FAIR SHARE

Section 14.1 Indemnification/Authorization

The Employer, upon receipt of a validly executed written authorization card, shall deduct Union dues and initiation fees from the payroll checks of all employees so authorizing the deduction in an amount certified by the Union, and shall remit such deductions on a semi-monthly basis to the Union. Authorization for such deduction shall be irrevocable unless revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court and other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 14.1, 14.2, 14.3, and 14.4 of this Article, or in reliance on any list, notice, certification or assignment furnished under any such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The City and Coalition Unions will create a committee to review and explore the feasibility of using electronic records and/or electronic signatures consistent with state and federal law which allows the City and the Union to use electronic authorization to verify union membership and/or authorize voluntary deduction of Union dues and fees from wages or payments for remittance to the Union.

Section 14.2 Fair Share

It is further agreed that 30 days after the later of the execution of this Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union and shall remit such deductions to the Union at the same time that the dues check-off is remitted. It is understood that the amount of deduction from said non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 14.3 Right of Non-Association

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

Section 14.4 Condition of Employment

Each employee who on the effective date of this Agreement is a member of the Union, and each employee who becomes a member after that date, shall, as a condition of employment, maintain his/her membership in the Union during the term of this Agreement. Any present employee who is not a member of the Union shall, as a condition of employment, be required to pay a fair share (not to exceed the amount of Union dues) of the cost of the collective bargaining process and contract administration.

All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, 30 days after the later of the execution of this Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and contract administration and pursuing matters affecting wages, hours and other conditions of employment.

ARTICLE 15
MISCELLANEOUS

Section 15.1 Job Titles

The Employer will notify the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto. If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the jurisdiction of another bargaining unit without the mutual agreement of the unions involved.

Section 15.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where

special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day, or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another union shall not perform the work of said employees. For example, if an Operating Engineer is on vacation, an Electrician shall not be assigned as a replacement Operating Engineer. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 15.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered

under this Agreement, the Employer shall serve written notice to the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 12.3 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and

arbitration procedures contained in Article 12.3 of this Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

Section 15.4 Deferred Compensation

The Employer's policy which is in effect at the execution of this Agreement, pertaining to deferred compensation, shall be afforded to all employees of the Employer without change during the term of this Agreement.

The Employer will make contributions, on a dollar-for-dollar basis, under a 401(a)Plan (or any similar successor plan agreed to by Coalition Unions) up to the maximum total amounts per year shown below based on amounts deferred by each employee in those same years to the employee's 457 Plan, as follows:

a. January 1, 2020 - up to $250 per year

b. January 1, 2021 - up to $250 per year

c. January 1, 2022 - up to $500 per year

The City shall advise the unions, at least semi-annually, of the total contributions it has made.

The City agrees to provide representatives from Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Such information to be provided will include, but not be limited to, a census for the current non-Medicare retirees including the birthdate, gender, coverage tier (single, couple, family, etc.), and zip code of residence, as well as the claims information and enrollment counts for the last three (3) years. The Unions agree to execute any appropriate confidentiality agreements necessary for the release of such information. The parties understand and agree that the identity of any specific individual will not be ascertainable from the information supplied.

Section 15.5 Rules of Conduct Changes

When the Employer proposes to initiate reasonable changes or additions to its rules of conduct, which could subject Employees to discipline, the Employer shall transmit four (4) copies of the proposed changes or additions to the Union. The Union will consider the proposals, and upon request, the Employer will meet with the Union within twenty (20) calendar days of the receipt of the proposals to receive the Union's comments. Absent an emergency, the Employer will not implement its proposed changes or additions until the Union has had a reasonable opportunity to present its views and discuss the proposals with the Employer. No such changes or additions shall be implemented without prior publication and notice to the affected Employees.

Section 15.6 Safety

(a) The Employer shall provide a safe and healthful working environment for employees covered by this agreement including in accordance with applicable federal and state occupational safety and health laws, and shall maintain in good and safe working condition all equipment necessary for the safe and proper performance of the job.

(b) In furtherance of those efforts, a joint safety committee shall be established which shall be composed of six (6) representatives of the Union Coalition and six (6) representatives of the Employer. The purpose of the committee shall be to discuss, examine and to make recommendations concerning occupational safety and health issues affecting

employees. All recommendations of the committee with respect to safety and health issues shall be submitted in writing to the appropriate Department Head with a copy to the Union and the Director of Labor Relations. The Department Head shall promptly issue a written response to the committee concerning the Department's views regarding the committee's recommendations.

The parties may decide, from time to time, to refer certain safety issues and concerns to the personnel of the affected Department(s) responsible for safety matters and Union representatives of the affected employee(s). The Department safety personnel will meet and confer with a representative of the affected Union about such issues and report back to the Committee on any decisions or recommendations concerning them.

(c) The joint safety committee shall meet at least once a month, or otherwise by mutual agreement.

(d) The parties agree and understand that if an employee is faced with an unsafe working condition, the employee is required to perform the task in question unless the employee's performance of an assigned task presented the strong likelihood of subjecting the employee to imminent danger of death or serious injury. If the employee, with no reasonable alternative, refuses in good faith to perform that task and expose himself to that dangerous condition, the employee will not be subject to discipline. In order to avoid discipline under this paragraph, the condition must be of such a nature that a reasonable person, under the circumstances, would conclude that there is a real, substantial, and imminent danger of death or serious injury. In

addition, the employee must also have sought from the Employer, and have been unable to obtain, correction of the situation before refusing to perform the task in question.

Section 15.7 Automobile Reimbursement

Employees who are required by the Employer to use their own automobiles in the performance of their job shall receive mileage reimbursement at the then effective rate recognized by the Internal Revenue Service, with a maximum of $250 per month. On the effective date of this Agreement, following its ratification by all parties, the maximum reimbursement will increase to $350.00 per month. Effective February 1, 2008, the maximum reimbursement will increase to $450.00 per month. Effective February 1, 2009, the maximum reimbursement will increase to $550.00 per month. Thereafter, the maximum reimbursement will increase effective each February 1 by the percentage increase in the Transportation Expenditure Category of the Consumer Price Index for All Urban Consumers (CPI-U): U.S. City Average for the previous year, as rounded to the nearest $5 increment. Employees seeking mileage reimbursement must submit that request on a form provided by the Employer. Payment for mileage expenses will be made on a monthly basis. In the event that during the life of this Agreement the Employer shall implement for any group of employees an automobile expense reimbursement program which is more favorable to employees than the provisions of this paragraph, upon notice from the Union, the Employer will meet and discuss with representatives of the

Union the possible application of said new program to employees covered by this Agreement.

Upon request by either party made no earlier than January 1, 2010, the parties shall meet to discuss any proposed changes to this Section 15.7.

Section 15.11 Labor-Management Committee

For the purpose of conferring on matters of mutual interest which are not appropriate for consideration under the grievance procedure, the Union and the Employer agree to meet periodically through designated representatives at the request of either party and at mutually agreed upon times and locations. The Union and Employer shall each designate not more than five (5) representatives to a labor-management committee for this purpose. The Director of Labor Relations shall be sent a written agenda by the Union for any meeting 7 days prior to said meeting.

In such instances, the Complaint Register case files normally will be destroyed five years after the date of the final court adjudication, unless a pattern of sustained infractions exists.

B. All Departments

Section 15.16 Engineer Trainee Program

that any change in current practices must be reasonable and subject to the grievance procedure.

ARTICLE 19
DRUG AND ALCOHOL PROGRAM

Section 19.1 Policy Statement

The City of Chicago's essential mission is to provide services to its citizens in a safe and economic manner. The parties to this Agreement recognize that drug and alcohol abuse in the workplace has a deleterious effect on the healthy and safety of employees, as well as their morale and productivity, all of which creates an undue burden on the persons which the City and employees covered by this Agreement serve. Furthermore, the economic cost of providing health care services to employees who abuse drugs and alcohol has put an increasing burden on the City's finances.

The Employer and the Union maintain a strong commitment to protect people and property, and to provide a safe working environment. To this end, the employer has also established its confidential Employee Assistance Program for employees with personal problems, including alcohol and substance abuse, and the parties to this Agreement urge employees who have such problems to utilize the Program's services.

To maintain a workplace which provides a safe and healthy work environment for all employees, the following drug and alcohol program is also established.

Section 19.2 Definitions

(a) Alcohol: Ethyl alcohol

(b) Prohibited Items and Substances: All illegal drugs and controlled substances, alcoholic beverages, and drug paraphernalia in the possession of, or being used by, an employee on the job or the premises of the Employer.

(c) Employer Premises: All property, facilities, land, buildings, structures, automobiles, trucks and other vehicles owned, leased or used by the Employer as job sites or work locations and over which the Employer has authority as employer.

(f) Reasonable Cause: Erratic or unusual behavior by an employee, including but not limited to noticeable imbalance, incoherence and disorientation, which would lead a person of ordinary sensibilities to conclude that the employee is under the influence of drugs and/or alcohol.

(g) Under the Influence: Any mental, emotional, sensory or physical impairment due to the use of drugs or alcohol.

(h) Test: The taking and analysis of any body component sample, whether by blood, breath, urine, or in any other scientifically reliable manner, for the purpose of identifying, measuring or quantifying the presence or absence of drugs, alcohol or any metabolite thereof.

Section 19.3 Disciplinary Action

(a) All employees must report to work in a physical condition that will enable them to perform their jobs in a safe manner. Further, employees shall not use, possess, dispense or receive prohibited items or substances on or at the Employer's premises, nor shall they report to work under the influence of drugs and/or alcohol.

(b) When, based upon the direct observation of two supervisors, the Employer has reasonable cause to believe that an employee is under the influence of a prohibited substance, the Employer shall have the right to subject that employee to a drug and alcohol test. At the Employer's discretion, the employee may be placed on administrative leave with pay until test results are available. If the test results prove negative the employee shall be reinstated. In all other cases, the Employer will terminate all employees who:

(i) test positive for drug and/or alcohol use;

(ii) refuse to cooperate with testing procedures;

(iii) are found to be under the influence of drugs or alcohol while on duty and on the Employer's premises;

(iv) are found in possession of alcohol, drugs or drug paraphernalia, or are found selling or distributing drugs or drug paraphernalia, on the Employer's premises.

(c) All adverse employment action taken against an employee under this program shall be subject to the grievance and arbitration procedures of this Agreement.

Section 19.4 Drug and Alcohol Testing

(a) The Employer may require drug and/or alcohol testing under the following conditions:

(i) a test may be administered in the event that two superiors have reasonable cause to believe that an employee has reported to work under the influence of or is at work under the influence of drugs or alcohol.

(ii) a test may be required if an employee is involved in a workplace accident or fighting;

(iii) a test may be required as part of a follow-up to counseling or rehabilitation for substance abuse for up to a one year period.

(b) Employees to be tested will be required to sign a consent form and chain of custody form, assuring proper documentation and accuracy. If an employee refuses to sign a consent form authorizing the test, he or she will be subject to termination.

(c) Drug and alcohol testing will be conducted by an independent laboratory accredited by the NIDA or any successor agency, and may consist of either blood or urine tests, or both. The Employer reserves the right to utilize a breathalyzer to test for the presence of alcohol, in lieu of other clinical testing.

(d) Laboratory testing procedures will conform to the procedures specified in the NIDA guidelines for federal workplace drug testing programs, dated April 11, 1988 and as may

be amended hereafter by the relevant agency of the Department of Health and Human Services.

(e) Initial and confirmatory test results which meet or exceed the cutoff levels for drugs set forth in the NIDA guidelines (and as they may be amended) shall be regarded as "positive," and shall presumptively establish that the tested employee was under the influence of drugs.

(g) The cost of initial and confirmatory testing will be borne by the Employer.

(h) Drug and alcohol test results shall be reported to the Commissioner of Personnel or his designee in the manner to be prescribed by the Commissioner. The applicant or incumbent shall be notified of the test results in writing. The Commissioner will inform the applicable department head of any employee who tests positive for alcohol or drugs, who in turn will initiate disciplinary proceeding under Section 19.3 above.

(i) All urine or blood samples shall be taken in sufficient quantity as to allow for retesting. Any portion not used in the test will be preserved by scientifically reliable means for one (1) year following the test. Any employee whose test result is positive may elect, at his or her expense, to be retested by the same or other laboratory satisfactory to the

Commissioner of Personnel, provided that the Employer's testing laboratory shall arrange for transmitting said sample to the second laboratory. Positive results of said retesting shall be conclusive as to the presence of alcohol or drugs. The failure to take a sufficient sample, or to preserve such sample, to allow for retesting, shall not affect the removal from eligibility of an applicant or personnel action, including discharge, or any employee.

(j) No laboratory report or test results shall appear in the incumbent's personnel file unless they are part of a personnel action under this program, but shall be placed in a special locked filed maintained by the Commissioner of Personnel, except as such disclosure may be required by this policy, law or ordinance.

Section 19.5 Employee Assistance Program

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary matter and may participate if they wish in the voluntary Employee Assistance Program.

ARTICLE 20

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Apprenticeship and Training Program Initiative ("Initiative") in conjunction with certain third parties including, but without limitation, the Chicago

Public Schools ("CPS"), the City Colleges of Chicago ("City Colleges") and External Contractors. The purpose of the Initiative is to increase the opportunities for participation of graduates of CPS and/or City Colleges in Union apprenticeship and training programs and to provide expanded post-apprenticeship and training employment opportunities for such graduates. In conjunction with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago, the Parties shall enter into a supplemental memorandum of understanding regarding the structure, implementation, monitoring and enforcement of this Initiative. Said memorandum shall be attached to this Agreement as Appendix D.

Section 20.2

The Initiative shall generally include the following:

a. A commitment by each Coalition Union to establish or otherwise expand available apprenticeship and training opportunities; a commitment by the Coalition to fill at least 100 apprenticeship slots across Coalition Unions with CPS students, graduates or former students with a GED and/or City College students and graduates by June 30 of each year of this Agreement.

b. A commitment by the Coalition and the City to collaborate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to prepare CPS and City

Colleges students to enter Union apprenticeship and training programs. In particular, the Coalition and the City will cooperate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to publicize available building and trades apprenticeship and training programs and subsequent careers; to consider establishing training programs as appropriate; and to expand post-apprenticeship and training employment opportunities.

c. The Parties shall appoint a Chair and an Auditor to oversee this Initiative and ensure that the parties take appropriate steps to fulfill the commitments set forth in this Article and supplemental memorandum attached hereto.

ARTICLE 21
RATIFICATION AND TERMINATION

The terms of this Agreement shall be subject to ratification by the City Council of the City of Chicago and concurrent adoption in ordinance form. The Employer and the Union will cooperate to secure this legislative approval.

This Agreement shall be effective as of said date of ratification by the City Council and shall remain in full force and effect from said date to June 30, ~~2017~~ **2022**, both inclusive. Thereafter, it shall automatically renew itself from year to year unless at least 60 days and not more than 120 days prior to the termination date or anniversary thereof, either party gives

written notice to the other by Certified Mail, return receipt requested, of a desire to amend, add to, subtract from, or terminate this Agreement.

In the event such notice of a desire to amend, add to, or subtract from the terms of this Agreement is given the parties shall, within a reasonable time thereafter, enter into negotiations concerning the request. If the parties are unable to agree upon a successor agreement before the 30th day of June following the date on which notice was given, this Agreement shall expire on such 30th day of June unless both parties agree to extend this Agreement. The notices referred to shall be considered to have been given as of the date shown on the postmark, written notices may be tendered in person, in which case the date of notice shall be the written date or receipt.

This Agreement constitutes the entire contract between the Employer and the Union and settles all demands and issues with respect to all matters subject to collective bargaining. The Employer and the Union, therefore, voluntarily waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any matter which is subject to collective bargaining whether or not such matter is specifically referred to herein, and even though such matter may not have been within the knowledge or contemplation of the parties at the time this Agreement was negotiated or signed.

In the event the City of Chicago agrees to or authorizes additional vacation, holiday or other paid time off, or voluntary unpaid time off with any other bargaining unit (excluding police and/or fire) during the term of this agreement, such additional time off shall be granted to all employees covered by this Agreement.

ARTICLE 22
TERM OF AGREEMENT

This Agreement shall be effective from the date upon which it is ratified by the City Council of the City of Chicago, but no earlier than July 1, ~~2007~~ **2017**, and shall remain in effect through 11:59 p.m. on June 30, ~~2017~~ **2022**.

Health Plan Reopener

Each party reserves the right to reopen this Agreement in order to further negotiate the Health Plan set forth in Article 9 for the following reasons:

1. Any change(s) in the applicable law(s), including but not limited to a universal, national or state health care program mandating significant changes in health insurance benefits that becomes law and is effective during the term of this Agreement;
2. The lack of achievement of health care cost containment as anticipated by the parties pursuant to the establishment and administration

of the Labor-Management Cooperation Committee on health care, as defined below:

(a) The parties charge the LMCC with the responsibility of approving Plan changes that will result in significant cost containment or savings, as measured by a projected increase of costs for any individual plan of no more than 8% in Fiscal Year 2009 and each fiscal year thereafter when compared to health care costs in Fiscal Year 2008 and each previous fiscal year thereafter, respectively.

(b) Should the Plan changes approved by the LMCC fail to result in such cost containment or savings as stated in subsection (a) above, the LMCC shall make such adjustments to the Plan as are necessary, including but not limited to adjustments in deductibles, co-pays and co-insurance, to prevent the cost increase from exceeding 8% as measured in subsection (a) above.

(c) Should the plan changes approved by the LMCC fail to achieve cost containment or savings as stated in subsections (a) and (b) above

by the end of following fiscal year, either party may elect to reopen negotiations as set forth herein on the following specific topics:

- Health Plan set forth in Article 9;
- Structure of the LMCC;
- Composition of the LMCC;
- Funding of the LMCC.

~~provided, however, each party reserves the right to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9 no later than June 30, 2011 and June 30, 2015, or in the event the City of Chicago is awarded the 2016 Olympic Games, June 30, 2014.~~

(d) The LMCC will continue to work cooperatively in seeking to limit health care costs pursuant to the terms of this Agreement, and the City agrees, for the term of this Agreement, that it will not invoke the 8% trigger provision.

If any one of the foregoing events or conditions occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party. Thereafter, the parties have ninety (90) days within which to

reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.

~~**Non-Prevailing Wage Rate Reopener**~~

~~**Four-Year**: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4.4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current four-year agreement expiring on June 30, 2011 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by March 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by March 31, 2012.~~

TRAINÉE'S AGREEMENT

This Agreement is entered into on ____ day of _____, 2007 between the City of Chicago, hereinafter referred to as the Employer and the International Union of Operating Engineers, Local No. 399 hereinafter referred to as the Union.

Whereas the Employer and the Union are desirous of entering into an agreement for the employment and training of persons in an "Engineer Trainee Program" they do hereby mutually covenant and agree as follows:

That the Employer agrees to employ trainees for the purpose of enabling said trainees to acquire the knowledge necessary to qualify for a valid Stationary Engineer's license.

That the Union agrees to an addendum to the Collective Bargaining Agreement with the Employer by allowing the use of trainees in accordance with this Agreement within the terms of the City Agreement as amended. In the event of conflict the terms of the Trainee Agreement will prevail.

Therefore the following addendum to the Collective Bargaining Agreement shall apply:

1. The duration of this Agreement shall run from the date of execution and thereafter, running concurrently with the Collective Bargaining Agreement between the Union and the Employer and any extensions thereof.

2. All applicants for trainee positions shall have equal opportunity for hiring.

3. The number of trainees who may be employed shall be determined by agreement between the Union and the Employer. The Employer shall give advance written notice to the Union of its intent to hire trainees and, upon request, will meet and confer with the Union prior to the appointment of the trainees.

4. The normal training period required for qualification for a valid Stationary Engineer's license is three (3) years. In certain cases when an earlier full qualification of a Trainee is agreed to by the Union and the Employer, a shorter training period may be deemed sufficient.

5. Each person who enters the Trainee Program shall attend the Local 399 school at their own expense for the full three (3) year period, unless as described in four (4) above they qualify for the Stationary Engineer license at an earlier date.

6. Trainees shall be exempt employees and as such may be disciplined, discharged or otherwise terminated at the sole discretion of the Employer.

7. Trainees who successfully complete this program and obtain a valid Stationary Engineer license shall not be required to file an application for a Career Service position as an Operating Engineer Group C but will be appointed as Operating Engineer Group C

with full Career Service status if vacancies and funds permit, or shall be placed on the recall list and shall be hired following previously laid off Operating Engineers Group C.

8. It is agreed that Trainees may not work alone.

9. The regular wage rate for Trainees under the previous Agreement were as follows:

Starting Rate	$10.50 per hr.
12 months service	$11.75 per hr.
24 months service	$13.25 per hr.
36 months service	$14.00 per hr.

Said rates shall be subject to the increases and other terms provided in the following Sections of this Agreement: Section 9.1, Prevailing Wage Rates; Section 9.2, Prevailing Rate Adjustments; and Section 9.5, Retroactivity.

10. The Employer acknowledges that the hiring of Trainees shall not cause a layoff of Operating Engineers "Group C" working for the City of Chicago, it being further understood that in case of layoff, Trainees will be laid off first and rehired last.

FOUR 10-HOUR DAY WORKWEEK

Agree to the following in a side letter to this Agreement:

Since the Arbitrator issued his Opinion and Award dated June 21, 2007 in the Matter of Arbitration between the City of Chicago and Laborers Local 1001/Teamsters Local 726 ("Award"), the City and affected Coalition Unions have explored various approaches to resolving their dispute over the scope of the Award and the application of Section 3(a) of the Memorandum of Understanding dated July 18, 2005 entered into between the City and Coalition ("Section 3(a)"). In addition to amending Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek, the parties, in return, have discussed an agreement by the Unions to waive some or all of the monetary make whole remedies directed by the Arbitrator in his Award. Although the City is willing to amend Section 3(a) as requested by the Unions in order to conclude negotiations at the Coalition level, such willingness is contingent on the expectation that the affected Unions will reach agreement with the City to waive some or all of the monetary make whole remedies. Until such an agreement is reached, the affected Unions agree that the City shall not be obligated to implement the monetary make whole

remedies in the Award. In addition, if such an agreement is not reached by December 1, 2007, the parties shall submit the issues of the Unions' proposed amendment to Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek and the City's proposed relief from the monetary make whole remedy to an arbitrator for resolution.

In recognition of the above, the Employer and the Union agree as follows:

ARTICLE 1
RECOGNITION

Section 1.1

The Employer recognizes the Union as the sole and exclusive bargaining agent for all employees in the following job classification:

The Union is authorized to bargain collectively for such employees with respect to rates of pay, wages, hours and other terms and conditions of employment. The term "employee" as used herein, refers to the above job classification, unless specified to the contrary.

ARTICLE 2
MANAGEMENT RIGHTS

Section 2.1

The Union recognizes that certain rights, powers, and responsibilities belong solely to and are exclusively vested in the Employer, except only as they may be subject to a specific and express obligation of this Agreement. Among these rights, powers, and responsibilities, but not wholly inclusive, are all matters concerning or related to the management of the Employer's operations and the administration thereof, and the direction of the working forces, including (but not limited to) the right to suspend, discipline, or discharge for just cause; to layoff by reason of lack of work, by reason of lack of funds or work, or abolition of a position, or material changes in duties or organization of the Employer's operations, or other economic reasons; to hire, classify, transfer and assign work, promote, demote, or recall; to make and enforce reasonable rules and regulations, to maintain order and efficiency; to schedule the hours of work; to determine the services, processes, and extent of the Employer's operation, the types and quantities of machinery, equipment and materials to be used, the nature, extent, duration, character and method of operation, including (but not limited to) the right to contract out or subcontract; the right to determine the number of employees and how they shall be employed, and the quality and quantity of workmanship and work required to insure maximum efficiency of operations; to establish and enforce fair production standards; and to

determine the size, number and location of its departments and facilities. All of the provisions of this Article are vested exclusively in the Employer, except as expressly abridged by a specific provision of this Agreement.

ARTICLE 3
NON-DISCRIMINATION

Section 3.1 Equal Employment Opportunities

The Union agrees to work cooperatively with the Employer to ensure equal employment opportunities as required by law in all aspects of the Employer's personnel policies, and nothing in this Agreement shall be interpreted to cause a negative effect on said efforts. It is understood and agreed that this Article shall neither affect nor be interpreted to adversely ~~effect~~ **affect** the seniority provisions of this Agreement.

Section 3.2 No Discrimination

Neither the Employer nor the Union shall discriminate against any employee covered by this Agreement in a manner which would violate any applicable laws because of race, color, religion, national origin, age, sex, marital status, mental and/or physical handicap or activity on behalf of the Union.

The provisions of Article 11 of this Agreement shall be available, and the Arbitrator may balance the Employer's obligations under the ADA and this Agreement and the employee's rights under this Agreement, provided that no incumbent employee shall be displaced by such decision of the Arbitrator.

in any contract year higher than the increase set forth above in any such year, employees in non-prevailing rate classifications covered by this Agreement shall have their wage adjustment set forth above increased by the difference between the above increase and the higher across-the-board percentage increase in any such year. Similarly, if a majority of City unionized employees in non-prevailing wage rate classifications** receive a lump sum payment in any contract year, employees in non-prevailing rate classifications covered by this Agreement shall receive the same lump sum payment in any such year. The parties agree to confer regarding the timing, amount and implementation of any wage adjustment or lump sum payment under this Section prior to such adjustment being paid.

Section 4.6 Out of Grade Pay

An employee covered by this agreement who is directed to and does perform substantially all of the duties and responsibilities of a higher rated job within the bargaining unit shall be paid at the higher rate or classification consistent with his own tenure for all such time from the first day of the assignment. The Employer agrees that it will make such assignments for not less than an employee's full work day. Such payment shall be made on the next regular pay day, or as soon thereafter as is possible, but in no event later than the pay period following the pay period in which the payment was earned.

The time limits for acting into higher rated jobs shall not exceed one hundred eighty (180) days, except where a regular incumbent is on leave of absence, in which case the time limit for acting into such position may not exceed one (1) year, and no individual employee can act up into that position for more than ninety (90) days. The time limits may be extended by mutual agreement of the parties. If the one hundred eighty (180) day limit is extended to one (1) year due to a regular incumbent on leave of absence or by mutual agreement of the parties, individual employees shall not act into higher rated jobs for more than ninety (90) days per employee. To the extent that the Employer continues to require the performance of the duties of the higher rated job beyond the time limits set forth herein,

the position shall be treated as a "permanent vacancy" within the meaning of Section - of this Agreement and the Employer shall post and fill the job as a "permanent vacancy" subject to the applicable provisions of that Section.

Section 4.7 Payment of Wages

(a) All regular base wages will be paid to employees not later than the next regular pay day following the end of the payroll period in which it is earned. All overtime or premium pay shall be paid to employees not later than the second regular pay day following the end of the payroll period in which it is earned. In the event of an arbitration involving a dispute arising solely under this Section, the losing party will pay the entire amount of the arbitrator's fee.

(b) In the event an employee's pay check, at the time specified in paragraph (a) above, fails to include all of the regular base, overtime and/or premium pay to which he/she is entitled, the Department will correct that shortage provided the employee promptly notifies the Department's timekeeper in writing. Employees shall submit a payroll dispute to the Department timekeeper on the "Employee Payroll Inquiry Form" attached hereto as Appendix B. The employee's submission of such Form shall toll the period for processing a grievance filed by the employee or Union over such dispute. If the Department concludes that there is a shortage in the employee's paycheck, and if the amount

in question exceeds $100.00, the Department will submit a supplemental payroll to the Comptroller to cover the shortage, and will issue the employee a check in that amount on the next scheduled check/deposit advice delivery date after the timekeeper is notified of the employee's complaint. Shortages less than $100.00 will be added to the employee's next regular pay check.

(c) Should an employee not receive this supplemental check (for a sum greater than $100.00) within the aforementioned check/deposit advice delivery date period, the Employer will pay to the employee the sum of $5.00 for every pay period thereafter until the full supplemental check is received.

(d) It is understood that pay shortages relating to newly-hired employees, persons returning from leaves of absence (including but not limited to duty disability), overtime earned under the City's emergency snow removal program, and inaccuracies due to changes in payroll deductions, are excluded from the provisions of this Section. This paragraph does not supersede any other payment obligations with respect to the payments referred to in this paragraph which may be contained elsewhere in this Agreement.

(e) In order to provide a basis for ongoing discussion concerning the City's payroll practices, the parties will form a Labor Management Committee consisting of four (4) persons appointed respectively by the City and by the Coalition. The City's members of the Committee will

consist of representatives from the Department of Personnel, the Office of Budget and Management, the Comptroller and the Director of Labor Relations. The Coalition, as it shall determine, shall select four (4) representatives to serve as members of the Committee. The Committee will meet not less than quarterly, or more frequently as the need may arise, to review ongoing issues regarding payroll, compliance with this Section, or other issues of mutual concern which may arise during the life of the parties' Agreement. In addition, at the request of the Coalition, the City may include from time-to-time a representative of the Coalition at the Comptroller's weekly staff meetings with Department heads to review and address pending payroll inquiries from bargaining unit employees.

ARTICLE 5
HOURS OF WORK AND OVERTIME

Section 5.1 The Workday and Workweek

This Article shall be to calculate overtime and shall not be a guarantee of work or hours for any day or week.

The normal work week shall consist of five (5) consecutive eight (8) hour days and two (2) consecutive days off, except where the Employer's operations require different scheduling needs. The Employer will notify the Union of these exceptions.

The work week shall be a regular recurring seven (7) day period beginning at 12:00 midnight (one minute after 11:59 p.m. Saturday) Sunday and ending at 12:00 midnight the following Sunday. The normal work day shall begin at 8:00 a.m. and end at 4:30 p.m. as determined by the Employer.

Notwithstanding the foregoing, it is agreed that the Employer may change the established starting time of the Monday through Friday work day for a department, bureau, work unit, crew or individual upon fourteen (14) days' written notice to the Union and affected employees, and discussion with the Union. Said starting times shall not be scheduled more than two (2) hours before the regular starting times currently in effect in this Agreement. All such changes, unless otherwise agreed to by the parties, shall be in effect for a minimum of one (1) week, and shall provide for the same starting times each day of that period. No employee shall be placed on a split shift without agreement by the Union. Failure to comply with this provision

shall result in the payment of appropriate premium time to affected employees.

Section 5.2 Overtime

All work performed in excess of forty (40) hours worked per week; or in excess of eight (8) hours worked per day when the employee has forty (40) hours of work or excused absences; or on Saturday or Sunday as such when Saturday and Sunday are not part of the Employee's regular work week; or on the sixth or seventh consecutive day worked, shall be paid for at two (2) times the regular straight time hourly rate of pay. Such overtime shall be computed on the basis of completed fifteen minute segments. Employees exempt from the Fair Labor Standards Act shall not be eligible for overtime under this Section. There shall be no pyramiding of overtime and/or premium pay. Daily and/or weekly overtime and/or premium pay shall not be paid for the same hours worked.

All overtime earned under this Section shall be paid to employees, not later than the second regular payday following the end of the payroll period in which it is earned.

Section 5.3 Overtime Distribution

A reasonable amount of overtime and/or premium time shall be a condition of continued employment. Overtime and/or premium time referred to in this Agreement, shall be offered first to the employee doing the job. All overtime will be distributed as equally as feasible over a reasonable period of time among the

employees within the same classification and within the same work location.

Section 5.4 Reporting Pay

When an employee reports for his or her regularly scheduled shift, the employee shall receive a minimum of two (2) hours work or pay at the employee's regular straight time hourly rate, unless the employee was told at least three hours prior to his or her normal starting time not to report for work, except for reasons beyond the Employer's control. To be eligible for pay under this provision, employees must advise the designated person within the Department of his or her current telephone number.

If the employee works more than two (2) hours, he or she shall receive a minimum of four (4) hours work or pay for that day. If the employee works more than four (4) hours, he or she shall be guaranteed eight (8) hours work or pay for that day. An employee who does not complete a normal eight (8) hour shift because he or she is sent home by the Employer shall have the option of using a portion of accrued vacation, personal or compensatory time for that day upon notice to the Employer.

Section 5.5 Call-In Pay

Except as otherwise agreed in writing, employees called in outside of their regular working hours shall receive a minimum of two (2) hours pay at the appropriate overtime rate from the time that they arrive at their workplace.

The term "call-in pay" as used in this Section shall refer to an employee being brought back to work outside of his/her normal work day, and shall not refer to any situation where the employee is brought into work or required to stay at work during periods which are contiguous to his/her regularly scheduled shift.

Section 5.6 Emergency Call Pay

In the event a General Foreman or Foreman is directed by the Employer to respond to emergency calls from home and outside of his or her regular working hours, he or she will be granted compensatory time at the appropriate rate for all verified time spent responding to the emergency from home, with a minimum of 15 minutes of compensatory time to be granted in any calendar day on which any such emergency responses were required, up to a maximum of two hours of compensatory time in any calendar day.

Section 5.7 Compensatory Time

Any banked overtime and/or compensatory time which employees have accumulated as of June 1, 2018 in excess of 160 hours shall be paid to employees in the form of cash within 30 days following June 1, 2018.

Employees who receive compensatory time under this agreement may elect to have such compensatory time paid out in the form of pay not later than the second regular payday following the end of the payroll period in which it is earned or may accumulate such time up to a maximum of 160 hours.

Use of compensatory time shall be subject to the operational needs of the Employer. All accumulated compensatory time in excess of 160 hours which has not been used or scheduled by June 1 in any calendar year will be paid to employees in the form of cash at their current rate of pay. Nothing herein shall be construed as to allow the Employer to force an employee to use accrued compensatory time.

If the employee is required or allowed to work on such designated day, the employee shall receive the appropriate holiday premium rate. An employee may elect to carry over the personal day to the following calendar year provided such carry over shall not exceed five (5) personal days. Employees may not designate such personal day in connection with an existing holiday, Good Friday, or a vacation schedule unless requested by the employee upon ten (10) days written notice and approved by the Employer. New employees who commence work for the Employer after June 30 shall not be eligible for this personal day until the following calendar year.

Section 7.2 Pro Rata Vacation

An employee shall be eligible for pro rata vacation if:

1. The employee did not have twelve (12) months of continuous service in the preceding calendar year and is on the payroll as of January 1 of the current calendar year; or

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by 12; the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 7.1 above. Any fraction is rounded off to the nearest whole number of days. Employees separated from employment, other than for cause, will be paid on a supplemental payroll as soon as practicable following the last day worked.

Part-time employees who worked at least 80 hours per month earn vacation on a pro rata basis calculated in accordance with the formula used by the Employer in accordance with past practice.

Section 7.3 Forfeit of Vacation

~~All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee elects in writing to carry over up to three such vacation days for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to the employer before December 15 of the vacation year. Such carry over vacation days must be scheduled upon mutual agreement of the employer, which agreement shall not be unreasonably denied or withheld, and such carry over days must be taken on or before April 30 of the next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.~~

All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee elects in writing to carry over **vacation days (**up to three **(3)**

~~such~~ ~~vacation~~ days **of accrued and unused vacation days for employees with less than ten (10) years of service, and up to five (5) days of accrued and unused vacation days for employees with ten (10) or more years of service)** for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to the employer before December 15 of the vacation year. **Carry over days shall not count against an employee's maximum number of single use vacation days provided for under this Agreement.** ~~Such~~ carry over vacation days must be scheduled **in the then current year for use in the next year. Cancellation or re-scheduling of carry over days shall be controlled by the provisions set forth in the Agreement under Vacation Picks,** ~~upon mutual agreement of the employer, which agreement shall not be unreasonably denied or withheld,~~ and such carry over days must be taken on or before ~~April~~ **June** 30 of the next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). **Nothing herein shall limit or prohibit the Employer from allowing the employee to reschedule carry over before June 30th, or approving the rescheduling of carry over days beyond June 30th.** Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months

following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 7.4 Employees Laid-Off or Discharged

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.** Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of 30 days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 12 of this Agreement. In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 7.5 Rate of Vacation Pay

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being taken, times 8 hours per day, times the number of days' vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 7.6 Selection

Vacation picks will be granted by classification seniority in the department, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who can be on vacation at any one time without hindering the operation of the Department. The Department will not designate any time or period during the calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby

reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

Section 7.7 Non-Consecutive Vacation Days

Employees may receive up to ~~five~~ **six** of their vacations days one or more days(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection).** Such days(s) off shall be approved by the employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday - Friday work**

week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.

Employees may designate and use at their option up to ~~five (5)~~ **six (6)** of their vacation days in each year of this Agreement as sick days to cover periods of bonafide medical illness **or the illness of family members, who shall include (or may be expanded upon by the City): (i) mother, father, husband, wife, brother or sister (including blood, step or half), son or daughter (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic**

partner is registered with the Department of Human Resources. The Employer reserves the right to ask the employee to furnish proof of said illness. An employee desiring to use vacation days as sick days under this provision shall inform the representative of the Employer who employees are told is designated for such purposes of that fact at the time he/she calls in to report an illness. Salaried employees who currently are receiving sick days under this Agreement shall be ineligible to use vacation days as sick days while they have available unused sick days.

~~**Section 7.8 Reciprocity with Other Agencies**~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation~~

~~time accrued while working for another public agency is not transferable. Employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

ARTICLE 8
CONTINUOUS SERVICE

Section 8.1 Definition

Continuous service means continuous paid employment from the employee's last date of hire, without a break or interruption in such paid employment. In addition, an employee earns continuous service credit even though he or she is not paid for:

1. An unpaid leave of absence of one year or less or layoff of 30 days or less; or

2. An absence where the employee is adjudged eligible for duty disability compensation.

Section 8.2 Interruption in Service

(a) Non-seasonal employees who work a minimum of eighty (80) hours per month shall be credited with continuous service for the time worked. Continuous service credit will not be earned for:

(1) absences without leave

(2) absences due to suspension

(3) Unpaid leaves of absence for more than 30 days or layoff for more than 30 days, unless employees are allowed to accumulate seniority under this Agreement.

(b) Seasonal employment of 120 calendar days or less in any calendar year shall not be credited toward continuous service for the time worked.

(c) Seasonal employment in excess of 120 days in any calendar year shall be credited toward continuous service.

~~**Section 8.3 Reciprocity**~~

~~Employees hired prior to February 13, 1986 who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Housing Authority, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, Public Building Commission of Chicago, the Chicago Urban Transportation District and the Regional Transportation Authority shall have the period of such service credited and counted for the purpose of advancement within longevity salary schedules. However, employees hired after February 13, 1986, who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules provided a majority of other employees of the Employer receive such credit.~~

Section 8.4 Break in Service

Notwithstanding the provisions of any ordinance or rule to the contrary, continuous service of an employee is broken, the employment relationship is terminated, and the employee shall have no right to be rehired, if the employee quits, is discharged, retires, is absent for five (5) consecutive work days without notifying the employee's authorized Employer representative unless the circumstances preclude the Employee,

or someone on his behalf, from giving such notice, does not actively work for the Employer for twelve (12) months (except for approved full time Union representative leaves or medical leaves of absence and duty disability leaves), or is on layoff for more than twelve (12) consecutive months if the employee has less than five (5) years of service at the time of the layoff, or is on layoff for more than two (2) years if the employee has five (5) or more years of service at the time of the layoff.

Section 8.5 Probationary Employment

New employees, **hired after ratification of this Agreement,** will be regarded as probationary employees for the first ~~six (6)~~ **twelve (12)** months of their employment and will receive no seniority or continuous service credit during such probationary period. Probationary employees continuing in the service of the Employer after ~~six (6)~~ **twelve (12)** months shall be career service employees and shall have their seniority date made retroactive to the date of their original hiring. Probationary employees may be disciplined or discharged as exclusively determined by the Employer and such Employer action shall not be subject to the grievance procedures, provided that, **(1) after the first six (6) months of the probationary period, if the Employer intends to impose a disciplinary suspension on the probationary employee where the suspension would result in a loss of pay, prior to imposing the suspension,**

except in emergency or where the employee is unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee to discuss and allow the employee to respond to the accusations, and/or (2) if the Employer, within its discretion, rehires a former employee who did not complete his/her probationary period within one year from the employee's termination, and said former employee had served 90 days or more of his/her probationary period, all time previously served in the probationary period shall be counted for purposes of determining when the said employee completes his/her probationary period. A probationary employee who has served 90 days or more of his/her probationary period and who is laid off shall be given preference over other applicants for employment in the same job title in the department from which he/she was laid off, so long as he/she does not refuse an offer of employment, and does not suffer a break in service under Section 8.4 of this Agreement. **Seasonal employees who have worked without a break in service or who have worked more than twelve (12) consecutive months and bid into (or otherwise become) career service position/employees, shall not have to serve the above twelve (12) month probationary period, but shall have an evaluation period not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause**

based upon the employee's job performance at any time during the evaluation period that the employee cannot perform the job, then he/she shall be returned to the seasonal position held just prior, displacing, if necessary, any employee who has been placed into said job.

Probationary employees shall not be eligible for dental or vision insurance but shall receive all other benefits under this Agreement. Probationary employees shall be compensated at the same rate as career service employees.

Section 9.2 Joint Labor Management Cooperation Committee on Health Care

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Labor Management Cooperation Committee ("LMCC") pursuant to applicable state and federal law. The purpose of the LMCC is to research and make recommendations and decisions within its authority related to the achievement of significant and measurable savings in the cost of employee health care during the term of this Agreement. The Parties shall memorialize their intent to create this LMCC by executing an Agreement and Declaration of Trust ("Trust Agreement") contemporaneously with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago. Said Trust Agreement shall be attached to this Agreement as Appendix C.

Section 9.3

The Trust Agreement shall address, without limitation, the following:

a. Formation of a Committee to govern the LMCC consisting of up to twenty (20) Trustees, half of the Trustees shall be appointed by the City of Chicago and half of the Trustees shall be appointed by the Coalition Unions.

The parties commit to implementing Medical Plan Design changes that will result in estimated savings of at least $3 million (as calculated with respect to the Coalition Unions) by 2020. The parties will work through the LMCC to identify changes that will result in the required savings. If, prior to January 1, 2020, the parties have not reached agreement upon the proposed changes, each party will submit its offer of proposed changes and the amount proposed to be reduced, including the methodology for estimating the value of the proposed changes, to a mutually agreed upon arbitrator, who will be limited to selecting either the City's or the Coalition Unions' offer. The offer selected by the arbitrator will be binding on the parties and on the LMCC.

Section 9.6

The City agrees to provide representatives from the Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that the Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Such information to be provided will include, but not be limited to, a census for the current non-Medicare retirees including the birthdate, gender,

The Employer reserves the right to require an employee to provide documentation of the illness in question.

Section 10.5 Personal Leaves

Non-probationary employees may apply for leave of absence without pay for personal reasons. The grant and duration of such leaves shall be within the discretion of the Employer.

Employees who return from said leave shall be reinstated to their former job classification, if the Employer determines it is vacant or if it is then occupied by an employee with lower seniority. Bargaining unit employees who have completed their first 12 months of employment and who have worked 1,250 hours in the preceding 12 month period shall thereafter be entitled to family and medical leave for a period of up to twelve (12) work weeks during any twelve (12) month period for any of the following reasons:

Any employee desiring to take leave under this Section shall provide reasonable advance notice to the employer on a form provided by the employer, which form shall be approved by the Union. Reasonable advance notice shall be no less than ten (10) days; and where advance notice cannot be provided, the employee shall provide notice within 48 hours after the employee is able to do so. Failure to provide the notice provided for in this Section shall not affect the validity of the leave where the employer has actual notice. Except as may be specifically stated in this Agreement, employees shall take leave provided for as permitted by the provisions of the Family Medical Leave Act, including its rules and regulations. Employees shall have a right to return to their regular assignment and location.

Section 10.6 Duty Disability Leaves

Any employee who is absent from work due to an injury on duty shall be granted a leave of absence. The Employer will mail the initial Duty Disability payment within ten working days upon receipt of verified authorization from the approving authority. Subsequent payment for eligible employees will be made twice a month. If duty disability is denied, and such denial is later reversed, the employee shall be paid up to date

the amount the employee was eligible to receive. Employees who return from said leaves shall be reinstated to their former job classification, if it is vacant or if it is then occupied by an employee with lower seniority. The Employer will mail the initial Duty Disability payment within fourteen (14) days of the Employer's designated medical officer being advised by the employee or his physician of the occurrence of a job-related injury, provided that there is no dispute as to the employee's entitlement to Duty Disability.

Said medical leaves of absence shall be granted for up to 3 months, provided said leaves shall be renewable for like 3-month periods. The employer may request satisfactory proof of medical leaves of absence. After the first year, such medical leaves shall be extended in up to one-year segments. Employees on medical leaves of absence shall return to work promptly after their doctor releases them to return to work.

Employees who return from said medical leaves of absence promptly after their doctor's release within one year shall be reinstated to their former job/classification if it is vacant or

if it is then occupied by an employee of lower seniority. In addition, the Employer will return an employee to the same geographic location of his or her previous job assignment for a period of up to one year after the start of the leave. If the employee's former job is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with and subject to layoff, recall and break-in service provisions in this Agreement.

After one year on an approved medical leave of absence, employees who return to work promptly after their doctor's release and who meet the following continuous service requirements shall be reinstated as described above according to the following formula: three (3) months of such reinstatement rights for every year of service to a maximum of five (5) years reinstatement rights.

An employee who does not meet the above eligibility requirements and who returns to work promptly after his/her doctor's release after more than one year on a medical leave of absence, shall be returned to his/her former job classification if the job is vacant. If not, the employee will be placed on a list for reinstatement.

Seniority shall accumulate for employees on medical leaves of absence for only up to one year. After one year, an employee on a medical leave of absence shall retain, but not accumulate, seniority.

Section 10.8 Union Leave

The Employer shall grant request for leaves of absence for up to 2 employees for the purpose of service as a Labor Representative or Officer with the International, State, District Council or Local Organization of the Union for the duration of his/her appointment to the Union, provided reasonable advance notice in writing is given to the employer. While on such leave to employee shall not incur a break in continuous service. An employee on said leave of absence shall not be eligible for any benefits as an employee.

Employees who return from Union leaves of absence shall have the same rights as employees who return from medical leaves of absence.

Union Pension Fund Trustees who have been duly elected and/or appointed to a City/Municipal Pension Fund (including but not limited to the Municipal and Laborers' Funds) shall be granted leave without loss of pay to attend Pension Fund Trustee meetings that take place during their regularly scheduled shift.

Section 10.9 Paid Parental Leave

An employee wishing to take paid parental leave must apply and be eligible for Family Medical Leave Act (FMLA) leave. An employee is eligible for FMLA leave if he or she has been employed by the City for at least twelve (12) months before taking the leave and has worked at least 1250 hours during the 12-month period prior to the leave. Eligible employees may be

granted the following paid parental leaves, in conjunction with and as part of an approved FMLA leave:

- Up to four (4) weeks paid maternity leave to a birth mother to recover from a non-surgical delivery; or
- Up to six (6) weeks paid maternity leave to a birth mother to recover from a C-section delivery; or
- Up to two (2) weeks paid parental leave for the birth of a child or children by an employee spouse or domestic partner of the birth mother; or
- Up to two (2) weeks paid parental leave for the adoption of a child or children by an employee or the spouse or domestic partner of the employee.

For eligible non-salaried employees compensation shall be based on the employee's scheduled work hours.

Paid parental leave may be combined with other earned paid time-off, such as vacation and/or sick time, to achieve the maximum amount of paid time off from work while taking FMLA leave. Notwithstanding any other provision of this agreement, paid parental leave shall be granted only as part of an approved FMLA leave and may not be used as intermittent leave.

ARTICLE 11
DISCIPLINE AND GRIEVANCE/ARBITRATION

Section 11.1 Procedure for Department Review of Disciplinary Action

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union. Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel Board hearing, provided that said employee shall be guaranteed upon request, a full hearing, before said Board, in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal

drugs on the job, insubordination or work stoppages, the employee will be given thirty (30) days advance notice of discharge, and has seven (7) days from receipt of the notice to appeal. If the employee does not file an appeal within the seven (7) day period, the employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the thirty (30) day notice period and the employee shall remain on the pay roll for the full notice period, except if prior to completion of the thirty (30) day notice period; (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event may the employee require the employer to retain the employee on the payroll beyond the thirty (30) day period. The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration, and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is

not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that she/he is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the employee's immediate supervisor shall meet with the employee and notify him/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy Section 11.1 shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee. In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a statement of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not to exceed eighteen (18) months and shall thereafter not be used as the basis of any further disciplinary action, unless

a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not use said record of the discipline action against the employee, or in the case of promotions or transfers.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is the subject of the disciplinary investigation of the pendency of the investigation and its subject matter, within 30 calendar days of the employer being made aware of the alleged rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include indictable criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a predisciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police Board is reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court

proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this agreement.

Section 11.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1 Within five (5) working days after an employee receives written notice of any proposed disciplinary action, including a suspensions for ten (10) days or less which is not appealable to the Personnel or Police Board, or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union, the Employer shall conduct a meeting with the union and employee. Discipline shall be administered as soon as possible after the employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting or further investigation, the employee may request in writing to the Department Head for review of said disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days or receipt of written notice of discipline. Said review form shall be printed on the back of or attached to the notice or

discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2 Within three (3) working days or any mutually agreed upon extension after the Department Head or designee receives the employee's request for review, the Department Head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and Union representative, if any, will be heard and provided the opportunity to ask questions. The Department Head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required. The absence of such agreement or failure to decide and communicate such decision will result in automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3 Where further investigation is agreed upon, a second meeting shall be held between the Department Head or designee and the employee and the Union representative to discuss the results of the investigation. Said meeting shall be conducted

within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties.

The Department Head or designee shall render a written decision within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union.

Step 4 If the matter is not settled at Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedure for arbitration shall be the same as in 11.3, Step III.

Section 11.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 11.1 and 11.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of

the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - IMMEDIATE SUPERVISOR

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event

which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union representative and/or the employee shall have the right to make an appeal in writing to the Department Head or the Department Head's designee within seven (7) working days after the date of receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head's designee shall be posted and submitted to the Union. Failure to post and so notify the union will permit immediate advancement to arbitration unless

corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or the Department Head's designee shall have the requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this paragraph shall be construed to relieve the City and the Union from their obligations to otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7)

working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second Step, the Union or the Employer may request final and binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected employee representative of the group or class. A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following instructions or orders the employee does not waive his/her right to process the grievance. Refusal to follow instructions or orders shall be cause for discipline.

Step III - ARBITRATION

If the matter is not settled in Step II the Union or the Employer, but not an individual employee or employees, may submit the dispute to arbitration by serving a written request to arbitrate to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to

resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be

borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party. Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this agreement shall be the sole source of any rights which either party may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute,

including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. ADVANCED GRIEVANCE STEP FILING

Certain issues which by nature are not capable of being settled at a preliminary step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the grievant/union at Step II.

B. PERTINENT WITNESSES AND INFORMATION

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate

supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone, to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator from a group of arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-established hearing date per month for the arbitration of grievances.

Section 11.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any non-governmental agency relating to any matter or issue under investigation.

K. The results of a polygraph examination shall not be used against an employee in any forum adverse to the employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to the administration of the examination. The results of any polygraph examination shall be known to the employee within one week.

L. This Section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the

charges against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the same forum as, grievances which protest said disciplinary action, except as provided in paragraph O(2) below. If no disciplinary action is brought against the employee following the conclusion of the Inspector General's investigation, no grievance concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights enumerated in this Section, shall be suppressed and shall not be used by the Employer for any disciplinary action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions

allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the Municipal Code of the City of Chicago regarding the Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2)(b)(2) Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators. Thereafter, the parties will meet to strike names from the list, with the Employer striking first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may mutually agree. The arbitrator's jurisdiction shall be limited to determining if the Inspector General obtained evidence or statements in violation

of paragraph O(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to rule on the merits of any underlying discipline or take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

ARTICLE 12
NO STRIKES-NO LOCKOUT

Section 12.1 No Strikes

The Union agrees that during the life of this Agreement, there shall be no strikes (including, but not limited to sympathy strikes and strikes to protect Union or third party conduct), work stoppages, slowdowns, picketing, delays of work of any kind.

Section 12.2 Union Efforts

The Union agrees that it will use its best efforts to prevent any acts forbidden in this Article and that in the event any such acts take place or are engaged in by any employee in the Union's bargaining unit, the Union further agrees it will

use its best efforts to cause an immediate cessation thereof. If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 12.3 Discipline

The Employer may terminate the employment of or otherwise discipline any employees who have been found to have engaged in any act forbidden in this Article.

Section 12.4 No Lockout

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 13
DUES CHECK-OFF AND FAIR SHARE

Section 13.1 Indemnification/Authorization

The Employer, upon receipt of a validly executed written authorization card, shall deduct Union dues and initiation fees from the payroll checks of all employees so authorizing the deduction in an amount certified by the Union, and shall remit such deductions on a semi-monthly basis to the Union. Authorization for such deduction shall be irrevocable unless

revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court and other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 13.1, 13.2, 13.3 and 13.4 of this Article, or in reliance on any list, notice, certification or assignment furnished under any of such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The Employer shall provide to the Local Unions within seven (7) days name, address, classification, rate of salary and starting date of any new employee hired into the Local Union's bargaining unit.

The City and the Coalition Unions will create a committee to review and explore the feasibility of using electronic records and/or electronic signatures consistent with state and federal law which allows the City and the Union to use electronic authorization to verify union membership and/or authorize voluntary deduction of Union dues and fees from wages or payments for remittance to the Union.

Section 13.2 Fair Share

It is further agreed that 30 days after the later of the execution of the Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union and shall remit such deductions to the Union at the same time that the dues check-off is remitted. It is understood that the amount of deductions from said non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.3 Right of Non-Association

Nothing in this Agreement shall be inconsistent with Section 6 (g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

Section 13.4 Condition of Employment

Each employee who on the effective date of this Agreement is a member of the union, and each employee who becomes a member after that date, shall, as a condition of employment, maintain his/her membership in the Union during the term of this Agreement.

Any present employee who is not a member of the Union shall, as a condition of employment, be required to pay a fair share (not to exceed the amount of Union dues) of the cost of

the collective bargaining process and contract administration. All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, thirty (30) days after the later of the execution of this Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and contract administration and pursuing matters affecting wages, hours and other conditions of employment.

ARTICLE 14
MISCELLANEOUS

Section 14.1 Job Titles

The Employer will notify the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto. If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the jurisdiction of another bargaining unit without the mutual agreement of the Unions involved.

Section 14.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where

special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day, or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another Union shall not perform the work of said employees. For example, if an Asbestos Worker is on vacation, a Plumber shall not be assigned as a replacement Asbestos Worker. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 14.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to

the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 11.3 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 11.3 of this

Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

Section 14.4 Deferred Compensation

The Employer's policy which is in effect at the execution of this Agreement, pertaining to deferred compensation, shall be afforded to all employees of the Employer without change during the term of this Agreement.

The Employer will make contributions, on a dollar-for-dollar basis, under a 401(a) Plan (or any similar successor Plan agreed to by the Coalition Unions) up to the maximum total amounts per year shown below based on amounts deferred by each employee in those same years to that employee's 457 Plan, as follows:

a. January 1, 2020 - up to $250 per year

b. January 1, 2021 - up to $250 per year

c. January 1, 2022 - up to $500 per year

The City shall advise the unions at least semi-annually, of the total contributions it has made.

Section 14.5 Rules of Conduct Changes

When the Employer proposes to initiate reasonable changes or additions to its rules of conduct, which could subject employees to discipline, the Employer shall transmit four (4) copies of the proposed changes or additions to the Union. The Union will consider the proposals, and upon request, the Employer will meet with the Union within twenty (20) calendar days of the receipt of the proposals to receive the Union's comments. Absent an emergency, the Employer will not implement its proposed changes or additions until the Union has had a reasonable opportunity to present its views and discuss the proposals with the Employer. No such changes or additions shall be implemented without prior publications and notice to the affected employees.

Section 14.6 Safety

The Employer shall provide a safe and healthful working environment for employees covered by this agreement including in accordance with applicable federal and state occupational safety and health laws, and shall maintain in good and safe working condition all equipment necessary for the safe and proper performance of the job.

In furtherance of those efforts, a joint safety committee shall be established which shall be composed of six (6) representatives of the Union Coalition and six (6) representatives of the Employer. The purpose of the committee shall be to discuss, examine and to make recommendations concerning occupational safety and health issues affecting employees. All recommendations of the committee with respect to safety and health issues shall be submitted in writing to the appropriate Department Head with a copy to the Union and the Director of Labor Relations. The Department Head shall promptly issue a written response to the committee concerning the Department's views regarding the committee's recommendations.

The parties may decide, from time to time, to refer certain safety issues and concerns to the personnel of the affected Department(s) responsible for safety matters and Union representatives of the affected employee(s). The Department safety personnel will meet and confer with a representative of the affected Union about such issues and report back to the Committee on any decisions or recommendations concerning them.

The joint safety committee shall meet at least once a month, or otherwise by mutual agreement.

The parties agree and understand that if an employee is faced with an unsafe working condition, the employee is required to perform the task in question unless the employee's performance of an assigned task presents the strong likelihood of subjecting the employee to imminent danger of death or serious injury. If the employee, with no reasonable alternative, refuses in good faith to perform that task and expose himself to that dangerous condition, the employee will not be subject to discipline. In order to avoid discipline under this paragraph, the condition must be of such a nature that a reasonable person, under the circumstances, would conclude that there is a real, substantial, and imminent danger of death or serious injury. In addition, the employee must also have sought from the Employer, and have been unable to obtain, correction of the situation before refusing to perform the task in question.

Section 14.7 Information to Union

The Employer will provide to the Union **Bargaining Unit, Dues and Hours reports for its bargaining unit employees, which will contain, at the minimum, the following information:**

- **Payroll Period**
- **Payroll Number**
- **Employee Number**
- **Name**
- **Title Code**
- **Overtime dollar amount per pay period**
- **Gross pay per pay period**
- **Contact information (i.e., address, phone, email, if available)**
- **Date of hire and continuous service date**
- **Base hourly rate**

This information will be sent or provided to the Union electronically following the conclusion of each pay period. To ensure the safety and security of the information the City will make a secured file transfer protocol (SFTP) available to the Union to receive the information.

~~on a monthly basis a bargaining unit report of current active employees, the list to include employee name, address, social security number, title, pay schedule, grade, current pay rate,~~

~~Each month the Employer will provide to the Union the current month's bargaining unit activity report and the updated report from the previous month.~~

Section 14.8 Subcontracting

The Employer shall not contract or subcontract out bargaining unit work to any person, contractor or employer who is not in compliance with the area standards established under and pursuant to the formula used by the United States Department of Labor in administering the Davis-Bacon Act. Notice of any such contracting or subcontracting shall be given to the Union at least thirty (30) days prior to its effective date. The notice shall be in writing and shall contain the name and address of the party who will perform the work, a description of the work to be performed and any other relevant data to enable the Union to determine compliance with this Section. In the

event such party is determined not to be in compliance with the said area standards, the Employer shall withhold payouts and shall not contract or subcontract further with any such party until the Union and the Employer receive a written and enforceable assurance of compliance.

In the event that the Employer determines to subcontract unit work under this Agreement, and as a result bargaining unit employees would be laid off by the proposed subcontracting, the Employer shall make available, on a seniority basis, equal-rated permanent jobs which the Employer has declared to be vacant in the affected Department, or other departments, as the case may be, in that order, provided the laid off employees have the then present ability to perform the required work without further training. However, the employee shall be provided with a reasonable amount of orientation to allow him or her to perform the work.

Prior to sub-contracting of bargaining unit work, the Employer, the Union, and the proposed sub-contractor shall meet to discuss the employment of employees subject to layoff. During that meeting the Employer will request and urge that the sub-contractor hire laid off employees.

Section 14.9 Automobile Reimbursement

Employees who are required by the Employer to use their own automobiles in the performance of their job shall receive mileage reimbursement at the then effective rate recognized by the Internal Revenue Service, with a maximum of $250 per month.

On the effective date of this Agreement, following its ratification by all parties, the maximum reimbursement will increase to $350.00 per month. Effective February 1, 2008, the maximum reimbursement will increase to $450.00 per month. Effective February 1, 2009, the maximum reimbursement will increase to $550.00 per month. Thereafter, the maximum reimbursement will increase effective each February 1 by the percentage increase in the Transportation Expenditure Category of the Consumer Price Index for All Urban Consumers (CPI-U): U.S. City Average for the previous year, as rounded to the nearest $5 increment. Employees seeking mileage reimbursement must submit that request on a form provided by the Employer. Payment for mileage expenses will be made on a monthly basis. In the event that during the life of this Agreement the Employer shall implement for any group of employees an automobile expense reimbursement program which is more favorable to employees than the provisions of this paragraph, upon notice from the Union, the Employer will meet and discuss with representatives of the Union the possible application of said new program to employees covered by this Agreement.

Upon request by either party made no earlier than January 1, 2010, the parties shall meet to discuss any proposed changes to this Section 14.9.

Section 14.10 Filling of Permanent Vacancies

The Employer will post vacancies electronically on the City of Chicago CAREERS website. A copy of the posting will be provided to the Union at least 72 hours prior to the electronic posting. Said vacancy shall be posted for 14 days on the CAREERS website. The posting shall contain at least the following information: job title, qualifications, days off, shift, hours, work location, if known, and rate of pay. The posting shall also identify the number of positions to be filled. If the number to be filled changes, the Employer shall promptly notify the Union. Prior to the commencement of the selection process, the Employer will provide the Union with a list of qualified bidders.

Prior to notifying the successful bidder/applicant, the Employer shall give the Union a list of bidders identifying, where applicable, the successful bidder(s). Upon request, the Employer shall schedule a meeting with the Union to review the selection process, including the reasons for selection and rejection of bidders. This meeting shall include a review and discussion of documents considered during the hiring process, including documents such as the referral list, employment decision form, hiring information summary, and hiring criteria rating form. If requested, the Employer will furnish copies of such documents to the Union. Bidders who are not selected shall

be so notified by the Department Head and informed of the reasons for non-selection.

The successful bidder for any jobs under this Section shall have an evaluation period, not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based on the employee's job performance at any time during that period that the successful bidder cannot perform the job, then the successful bidder shall be returned to the job he/she held just prior to the awarding of the bid, displacing, if necessary, any employee who has been placed into said job.

Section 14.11 Fitness for Duty

If the Employer observes and has reasonable cause to believe the employee has a medical condition or significant limitation that prevents the employee from being able to perform the essential duties of the position, an employee may be sent for a Fitness for Duty examination at the Employer's sole expense.

If the examination results in a determination that the employee is unfit for duty and the employee's physician certifies that the employee is fit for duty, the employee may elect or the Employer may require the employee, at the Employer's sole expense, to be subject to an independent medical examination ("IME") to determine if the employee is fit for duty. The Union shall select an examining independent physician

who will conduct the IME from a list of at least three physicians with the appropriate medical specialty who have successfully completed the City's procurement process and are on a list of approved vendors. The determination of the independent physician and the IME shall be final and binding. The employee shall execute all HIPAA waivers and other forms necessary in order to permit access to all medical records related to his/her condition, and the City shall agree to secure and maintain the confidential nature of all medical records obtained through this process.

ARTICLE 15
LAYOFFS/RECALL

Section 15.1 Layoffs/Recall

Probationary employees with more than 90 days of service shall be laid off first. Thereafter, the least senior employee in the affected job classification shall be laid off first, provided the ability, qualifications to perform the required work, and the employee's job performance are equal among the other employees in the job. "Seniority" shall mean, for purposes of this Section, the employee's service in the job title (time-in-title) City-Wide. Employees shall be recalled in the reverse order they were laid off.

ARTICLE 16
SEPARABILITY

Section 16.1 Separability

In the event any ~~of the~~ provision~~s~~ of this Agreement shall be or become invalid or unenforceable by reason of any **final and binding court decision, as well as any** Federal or State Law or Local Ordinance now existing or hereinafter enacted, such invalidity or unenforceability shall not affect the remainder of the provisions hereof, **which shall remain in full force and effect. The invalid or unenforceable provision shall be subject to re-negotiation by the Parties within a reasonable period of time.** ~~The parties agree to meet and adopt revised provisions which would be in conformity with the law.~~

ARTICLE 17
UNION REPRESENTATION

Section 17.1 Union Stewards

The Union will advise the Employer in writing, of the names of the Stewards in each Department or area agreed upon with the Employer and shall notify the Employer promptly of any changes.

Stewards will be permitted to handle and process grievances referred by employees at the appropriate steps of the grievance procedure during normal hours, without the loss of pay, provided that such activity shall not exceed a reasonable period of time, or unreasonably interrupt the work of employees. Stewards shall notify their immediate supervisors in advance of their intention to handle and process grievances. Supervisors may not unreasonably withhold permission to the Stewards to engage in such activities.

Employees acting as Union Stewards shall not be discriminated against nor be transferred from their job classifications or Departments because of their activities on behalf of the Union. Any transfers of Union Stewards from their job classifications or Departments, other than in an emergency, will be discussed with the Union in advance of any such transfers.

Section 17.2 Union Rights

The Union shall have the right and responsibility to represent the interests of all employees in the Unit, to present its views to the City on matters of concern, either orally or in writing, and to consult and be consulted with, in respect to the formulation, development and implementation of policies and programs affecting working conditions.

Section 17.3 Right of Access

Duly authorized Officials of the Union will be permitted during normal working hours, to enter Employer facilities for purposes of handling grievances or observing conditions under which employees are working. The Union will not abuse this privilege, and such right of entry shall be consistent with current practices, and shall at all times be conducted in a manner so as not to interfere with normal operations. The employer may be able to change or set rules of access, provided that any change in current practices must be reasonable and subject to the grievance procedures.

ARTICLE 18
DRUG AND ALCOHOL PROGRAM

Section 18.1 Policy Statement

The City of Chicago's essential mission is to provide services to its citizens in a safe and economic manner. The parties to this Agreement recognize that drug and alcohol abuse in the workplace has a deleterious effect on the health and safety of employees, as well as their morale and productivity, all of which creates an undue burden on the persons which the City and the employees under this Agreement serve. Furthermore, the economic cost of providing health care services to employees who abuse drugs and alcohol has put an increasing burden on the City's finances.

The Employer and the Union maintain a strong commitment to protect people and property, and to provide a safe working environment. To this end, the Employer has also established its confidential Employee Assistance Program for employees with personal problems, including alcohol and substance abuse, and the parties to this Agreement urge employees who have such problems to utilize the Program's services.

To maintain a workplace which provides a safe and health work environment for all employees, the following drug and alcohol program is also established.

Section 18.2 Definitions

(a) Alcohol: Ethyl alcohol

(b) Prohibited Items & Substances: all illegal drugs and controlled substances, alcoholic beverages, and drug

paraphernalia in the possession of, or being used by, an employee on the job or the premises of the Employer.

(c) Employer Premises: all property, facilities, land, buildings, structures, automobiles, trucks and other vehicles owned, leased or used by the Employer as job sites or work locations and over which the Employer has authority as Employer.

(d) Employee: all persons covered by this Agreement.

(e) Accident: an event resulting in injury to a person requiring medical attention or causing significant damage to property to which an employee contributed as a direct or indirect cause.

(f) Reasonable Cause: erratic or unusual behavior by an employee, including but not limited to noticeable imbalance, incoherence and disorientation, which would lead a person of ordinary sensibilities to conclude that the employee is under the influence of drugs and/or alcohol.

(g) Under the Influence: any mental, emotional, sensory or physical impairment due to the use of drugs or alcohol.

(h) Test: the taking and analysis of any body component sample, whether by blood, breath, urine, or in any other scientifically reliable manner, for the purpose of identifying, measuring or quantifying the presence or absence of drugs, alcohol or any metabolite thereof.

Section 18.3 Disciplinary Action

(a) All employees must report to work in a physical condition that will enable them to perform their jobs in a safe

manner. Further, employees shall not use, possess, dispense or receive prohibited items or substances on or at the Employer's premises, nor shall they report to work under the influence of drugs and/or alcohol.

(b) When, based upon the direct observation of two supervisors, the Employer has reasonable cause to believe that an employee is under the influence of a prohibited substance, the Employer shall have the right to subject that employee to a drug and alcohol test. At the Employer's discretion, the employee may be placed on administrative leave with pay until test results are available. If the test results prove negative, the employee shall be reinstated. In all other cases, the Employer will terminate all employees who:

(i) test positive for drug and/or alcohol use;

(ii) refuse to cooperate with testing procedures;

(iii) are found to be under the influence of drugs or alcohol while on duty and on the Employer's premises;

(iv) are found in possession of alcohol, drugs or drug paraphernalia, or are found selling or distributing drugs or drug paraphernalia, on the Employer's premises.

(c) All adverse employment action taken against an employee under this program shall be subject to the grievance and arbitration procedures of this Agreement.

Section 18.4 Drug and Alcohol Testing

(a) The Employer may require drug and/or alcohol testing under the following conditions:

(i) a test may be administered in the event that two supervisors have reasonable cause to believe that an employee has reported to work under the influence of or is at work under the influence of drugs or alcohol.

(ii) a test may be required if an employee is involved in a workplace accident or fighting;

(iii) a test may be required as part of a follow-up to counseling or rehabilitation for substance abuse for up to a one year period.

(b) Employees to be tested will be required to sign a consent form and chain of custody form, assuring proper documentation and accuracy. If an employee refuses to sign a consent form authorizing the test, he or she will be subject to termination.

(c) Drug and alcohol testing will be conducted by an independent laboratory accredited by the NIDA or any successor agency, and may consist of either blood or urine tests, or both. The Employer reserves the right to utilize a breathalyzer to test for the presence of alcohol, in lieu of other clinical testing.

(d) Laboratory testing procedures will conform to the procedures specified in the NIDA guidelines for federal workplace drug testing programs, dated April 11, 1988 and as may be amended hereafter by the relevant agency of the Department of Health and Human Services.

(e) Initial and confirmatory test results which meet or exceed the cutoff levels for drugs set forth in the NIDA guidelines (and as they may be amended) shall be regarded as "positive," and shall presumptively establish that the tested employee was under the influence of drugs.

(f) Initial and confirmatory (or breathalyzer) test results which meet or exceed the level of blood alcohol established in the Illinois Motor Vehicle Act as legal intoxication shall presumptively establish that the tested employee was under the influence of alcohol.

(g) The cost of initial and confirmatory testing will be borne by the Employer.

(h) Drug and alcohol test results shall be reported to the Commissioner of Personnel or his designee in the manner to be prescribed by the Commissioner. The applicant or incumbent shall be notified of the test results in writing. The Commissioner will inform the applicable Department Head of any employee who tests positive for alcohol or drugs, who in turn will initiate disciplinary proceedings under Section 18.3 above.

(i) All urine or blood samples shall be taken in sufficient quantity as to allow for retesting. Any portion not used in the test will be preserved by scientifically reliable means for one (1) year following the test. Any employee whose test result is positive may elect, at his or her expense, to be retested by the same or other laboratory satisfactory to the Commissioner of Personnel, provided that the Employer's testing laboratory shall arrange for transmitting said sample to the second laboratory. Positive results of said retesting shall be conclusive as to the presence of alcohol or drugs. The failure to take a sufficient sample, or to preserve such sample, to allow for retesting, shall not affect the removal from eligibility of an applicant or personnel action, including discharge, of any employee.

(j) No laboratory report or test results shall appear in the incumbent's personnel file unless they are part of a personnel action under this program, but shall be placed in a

special locked file maintained by the Commissioner of Personnel, except as such disclosure may be required by this policy, law or ordinance.

Section 18.5 Employee Assistance Program

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary matter and may participate if they wish in the voluntary Employee Assistance Program.

ARTICLE 19
JOINT APPRENTICESHIP AND TRAINING PROGRAM INITIATIVE

Section 19.1

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Apprenticeship and Training Program Initiative ("Initiative") in conjunction with certain third parties including, but without limitation, the Chicago Public Schools ("CPS"), the City Colleges of Chicago ("City Colleges") and External Contractors. The purpose of the Initiative is to increase the opportunities for participation of graduates of CPS and/or City Colleges in Union apprenticeship and training programs and to provide expanded post-apprenticeship and training employment opportunities for such graduates. In conjunction with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago, the Parties shall enter into a supplemental memorandum of understanding regarding the structure, implementation,

monitoring and enforcement of this Initiative. Said memorandum shall be attached to this Agreement as Appendix D.

Section 19.2

The Initiative shall generally include the following:

a. A commitment by each Coalition Union to establish or otherwise expand available apprenticeship and training opportunities; a commitment by the Coalition to fill at least 100 apprenticeship slots across Coalition Unions with CPS students, graduates or former students with a GED and/or City College students and graduates by June 30 of each year of this Agreement.

b. A commitment by the Coalition and the City to collaborate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to prepare CPS and City Colleges students to enter Union apprenticeship and training programs. In particular, the Coalition and the City will cooperate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to publicize available building and trades apprenticeship and training programs and subsequent careers; to consider establishing training programs as appropriate; and to expand post-apprenticeship and training employment opportunities.

c. The Parties shall appoint a Chair and an Auditor to oversee this Initiative and ensure that the parties take

appropriate steps to fulfill the commitments set forth in this Article and supplemental memorandum attached hereto.

ARTICLE 20
RATIFICATION AND TERMINATION

The terms of this Agreement shall be subject to ratification by the City Council of the City of Chicago and concurrent adoption in ordinance form. The Employer and the Union will cooperate to secure this legislative approval.

This Agreement shall be effective as of said date of ratification by the City Council and shall remain in full force and effect from said date to June 30, ~~2017~~ **2022**, both inclusive. Thereafter, it shall automatically renew itself from year to year unless at least 60 days and not more than 120 days prior to the termination date or anniversary thereof, either party gives written notice to the other by Certified Mail, return receipt requested, of a desire to amend, add to, subtract from or terminate this Agreement.

In the event such notice of a desire to amend, add to, or subtract from the terms of this Agreement is given the parties shall, within a reasonable time thereafter, enter into negotiations concerning the request. If the parties are unable to agree upon a successor Agreement before the 30th day of June following the date on which notice was given, this Agreement shall expire on such 30th day of June unless both parties agree to extend this Agreement. The notices referred to shall be considered to have been given as of the date shown on the

postmark, written notices may be tendered in person, in which case the date of notice shall be the written date of receipt.

This Agreement constitutes the entire contract between the Employer and the Union and settles all demands and issues with respect to all matters subject to collective bargaining. The Employer and the Union, therefore, voluntarily waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any matter which is subject to collective bargaining whether or not such matter is specifically referred to herein, and even though such matter may not have been within the knowledge or contemplation of the parties at the time this Agreement was negotiated or signed.

In the event the City of Chicago agrees to or authorizes additional vacation, holiday or other paid time off, or voluntary unpaid time off with any other bargaining unit (excluding police and/or fire) during the term of this agreement, such additional time off shall be granted to all employees covered by this Agreement.

ARTICLE 21
TERM OF AGREEMENT

This Agreement shall be effective from the date upon which it is ratified by the City Council of the City of Chicago, but no earlier than July 1, ~~2007~~ **2017**, and shall remain in effect through 11:59 p.m. on June 30, ~~2017~~ **2022**.

Health Plan Reopener

Each party reserves the right to reopen this Agreement in order to further negotiate the Health Plan set forth in Article 9 for the following reasons:

1. Any change(s) in the applicable law(s), including but not limited to a universal, national or state health care program mandating significant changes in health insurance benefits that becomes law and is effective during the term of this Agreement;
2. The lack of achievement of health care cost containment as anticipated by the parties pursuant to the establishment and administration of the Labor-Management Cooperation Committee on health care, as defined below:

   (a) The parties charge the LMCC with the responsibility of approving Plan changes that will result in significant cost containment or savings, as measured by ~~an~~ a

projected increase of costs for any individual plan of no more than 8% in Fiscal Year 2009 and each fiscal year thereafter when compared to health care costs in Fiscal Year 2008 and each previous fiscal year thereafter, respectively.

(b) Should the Plan changes approved by the LMCC fail to result in such cost containment or savings as stated in subsection (a) above, the LMCC shall make such adjustments to the Plan as are necessary, including but not limited to adjustments in deductibles, co-pays and co-insurance, to prevent the cost increase from exceeding 8% as measured in subsection (a) above.

(c) Should the plan changes approved by the LMCC fail to achieve cost containment or savings as stated in subsections (a) and (b) above by the end of following fiscal year, either party may elect to reopen negotiations as set forth herein on the following specific topics:

- Health Plan set forth in Article 9;

- Structure of the LMCC;
- Composition of the LMCC;
- Funding of the LMCC.

~~provided, however, each party reserves the right to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9 no later than June 30, 2011 and June 30, 2015, or in the event the City of Chicago is awarded the 2016 Olympic Games, June 30, 2014.~~

(d) The LMCC will continue to work cooperatively in seeking to limit health care costs pursuant to the terms of this Agreement, and the City agrees, for the term of this Agreement, that it will not invoke the 8% trigger provision.

If any one of the foregoing events or conditions occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.

~~Non-Prevailing Wage Rate Reopener~~

~~Four-Year: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current four-year agreement expiring on June 30, 2011 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by March 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by March 31, 2012.~~

FOUR 10-HOUR DAY WORKWEEK

Agree to the following in a side letter to this Agreement:

Since the Arbitrator issued his Opinion and Award dated June 21, 2007 in the Matter of Arbitration between the City of Chicago and Laborers Local 1001/Teamsters Local 726 ("Award"), the City and affected Coalition Unions have explored various approaches to resolving their dispute over the scope of the Award and the application of Section 3(a) of the Memorandum of Understanding dated July 18, 2005 entered into between the City and Coalition ("Section 3(a)"). In addition to amending Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek, the parties, in return, have discussed an agreement by the Unions to waive some or all of the monetary make whole remedies directed by the Arbitrator in his Award. Although the City is willing to amend Section 3(a) as requested by the Unions in order to conclude negotiations at the Coalition level, such willingness is contingent on the expectation that the affected Unions will reach agreement with the City to waive some or all of the monetary make whole remedies. Until such an agreement is reached, the affected Unions agree that the City shall not be obligated to implement the monetary make whole

remedies in the Award. In addition, if such an agreement is not reached by December 1, 2007, the parties shall submit the issues of the Unions' proposed amendment to Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek and the City's proposed relief from the monetary make whole remedy to an arbitrator for resolution.

Section 4.7 Out of Grade Pay

An employee covered by this Agreement who is directed to and does perform substantially all of the duties and responsibilities of a higher rated job within the bargaining unit shall be paid at the higher rate or classification consistent with his own tenure for all such time from the first day of the assignment. The Employer agrees that it will make such assignments for not less than an employee's full work day. Such payment shall be made on the next regular payday or as soon thereafter as is possible, but in no event later than the pay period following the pay period in which the payment was earned.

The time limits for ~~such individual assignments to~~ **acting into higher-rated jobs shall not exceed one hundred eighty (180) days** ~~be ninety (90) days~~, except where a regular incumbent is on leave of absence, in which case the time limit **for acting into such position may not exceed one (1) year** ~~be six (6) months~~ **and no individual employee can act into that position for more than ninety (90) days.** The time limits may be extended by mutual agreement of the parties. **If the one hundred eighty (180) day time limit is extended to one year due to a regular incumbent on leave of absence or by mutual agreement of the parties, individual employees shall not act into higher rated jobs for more than ninety (90) days per employee.** To the extent the Employer continues to require the performance of the duties of

the higher-rated job beyond the time limits set forth herein, the ~~assignment~~ **position** shall be treated as a "permanent vacancy" within the meaning of Section 14.10 of this Agreement~~,~~ and **the employer** shall ~~be subject to the applicable~~ **post**~~ing~~ and **fill the job as a "permanent vacancy" subject to the applicable provisions of that Section.**

Section 4.8 Payment of Wages

(a) All regular base wages will be paid to employees not later than the next regular pay day following the end of the payroll period in which it is earned. All overtime or premium pay shall be paid to employees not later than the second regular pay day following the end of the payroll period in which it is earned. In the event of an arbitration involving a dispute arising solely under this Section, the losing party will pay the entire amount of the arbitrator's fee.

(b) In the event an employee's pay check, at the time specified in paragraph (a) above, fails to include all of the regular base, overtime and/or premium pay to which he/she is entitled, the Department will correct that shortage provided the employee promptly notifies the Department's timekeeper in writing. Employees shall submit a payroll dispute to the Department timekeeper on the "Employee Payroll Inquiry Form" attached hereto as Appendix B. The

employee's submission of such Form shall toll the period for processing a grievance filed by the employee or Union over such dispute. If the Department concludes that there is a shortage in the employee's paycheck, and if the amount in question exceeds $100.00, the Department will submit a supplemental payroll to the Comptroller to cover the shortage, and will issue the employee a check in that amount on the next scheduled check/deposit advice delivery date after the timekeeper is notified of the employee's complaint. Shortages less than $100.00 will be added to the employee's next regular pay check.

(c) Should an employee not receive this supplemental check (for a sum greater than $100.00) within the aforementioned check/deposit advice delivery date period, the Employer will pay to the employee the sum of $5.00 for every pay period thereafter until the full supplemental check is received.

(d) It is understood that pay shortages relating to newly-hired employees, persons returning from leaves of absence (including but not limited to duty disability), overtime earned under the City's emergency snow removal program, and inaccuracies due to changes in payroll deductions, are excluded from the provisions of this Section. This paragraph does not supersede any other payment obligations

with respect to the payments referred to in this paragraph which may be contained elsewhere in this Agreement.

(e) In order to provide a basis for ongoing discussion concerning the City's payroll practices, the parties will form a Labor Management Committee consisting of four (4) persons appointed respectively by the City and by the Coalition. The City's members of the Committee will consist of representatives from the Department of Personnel, the Office of Budget and Management, the Comptroller and the Director of Labor Relations. The Coalition, as it shall determine, shall select four (4) representatives to serve as members of the Committee. The Committee will meet not less than quarterly, or more frequently as the need may arise, to review ongoing issues regarding payroll, compliance with this Section, or other issues of mutual concern which may arise during the life of the parties' Agreement. In addition, at the request of the Coalition, the City may include from time-to-time a representative of the Coalition at the Comptroller's weekly staff meetings with Department heads to review and address pending payroll inquiries from bargaining unit employees.

ARTICLE 5

Section 5.1 The Work Week

This Article shall be to calculate overtime and shall not be a guarantee of work or hours for any day or week.

The normal work week shall consist of 5 consecutive 8-hour days Monday through Friday and 2 consecutive days off, Saturday and Sunday, except where the Employer's operations require different scheduling needs. The Employer will notify the Union of these exceptions.

The work week shall be a regular recurring seven (7) day period beginning at 12:00 midnight (one minute after 11:59 p.m. Saturday) Sunday and ending at 12:00 midnight the following Sunday. The normal work day shall begin at 8:00 a.m. and end at 4:30 p.m. with a one-half (1/2) hour unpaid lunch period, except where other hours are currently in effect.

Notwithstanding the foregoing, it is agreed that the Employer may change the established starting time of the Monday through Friday work day for a department, bureau, work unit, crew or individual upon fourteen (14) days written notice to the Union and affected employees, and discussion with the Union. Said starting times shall not be scheduled more than two (2) hours before the regular starting times currently in effect in this Agreement. All such changes, unless otherwise agreed to by the parties, shall be in effect for a minimum of one (1) week, and shall provide for the same starting times each day of that period. No employee shall be placed on a split shift without agreement by the Union. Failure to comply with this provision

shall result in the payment of appropriate premium time to affected employees.

Section 5.2 Overtime

All work performed in excess of 8 hours worked in any 24 hour period shall be considered overtime and paid for at one and one-half (1 & 1/2) times the regular straight time hourly rate of pay.

Work performed on Saturday or Sunday, when Saturday or Sunday is not part of the employee's regular work week; or on the sixth or seventh day worked in the Employer's work week, shall be paid for at two (2) times the regular straight time hourly rate of pay. Such overtime shall be computed on the basis of completed fifteen minute segments. Employees exempt from the Fair Labor Standards Act shall not be eligible for overtime under this Section. There shall be no pyramiding of overtime and/or premium pay. Daily and/or weekly overtime and/or premium pay shall not be paid for the same hours worked.

All overtime earned under this Section shall be paid to employees, not later than the second regular payday following the end of the payroll period in which it is earned.

Section 5.3 Overtime Distribution

(a) Overtime and/or premium time referred to in this Agreement shall be offered first to the employee performing the job and thereafter by seniority to the most senior employee in the classification at the work location being given the opportunity to work, provided the employee has the present ability to perform the work to the satisfaction of the Employer without further training. A reasonable amount of overtime shall

be a condition of continued employment, provided however, that in the event such offers of overtime are not accepted by such employees, the Employer may mandatorily assign such overtime by reverse seniority.

(b) Employees in the classification at the work location who have been given the option to work the overtime and/or premium time, whether the option was accepted or rejected, will not be afforded the option to work subsequent overtime and/or premium time until all employees in the classification at the work location have been reasonably afforded the opportunity to work the overtime and/or premium time, subject to the same provision as in Section 5.3(a).

Section 5.4 Reporting Pay

When an employee reports for his or her regularly scheduled shift, the employee shall receive a minimum of two (2) hours work or pay at the employee's regular straight time hourly rate, unless the employee was told at least three hours prior to his or her normal starting time not to report for work, except for reasons beyond the Employer's control. To be eligible for pay under this provision, employees must advise the designated person within the Department of his or her current telephone number.

If the employee works more than two (2) hours, he or she shall receive a minimum of four (4) hours work or pay for that day. If the employee works more than four (4) hours, he or she shall be guaranteed eight (8) hours work or pay for that day. An employee who does not complete a normal eight (8) hour shift because he or she is sent home by the Employer shall have the

option of using a portion of accrued vacation, personal or compensatory time for that day upon notice to the Employer.

Section 5.5 Compensatory Time

Any banked overtime and / or compensatory time which employees have accumulated as of June 1, 2018 in excess of 160 hours shall be paid to employees in the form of cash within 30 days following June 1, 2018.

Employees who receive compensatory time under this agreement may elect to have such compensatory time paid out in the form of pay not later than the second regular payday following the end of the payroll period in which it is earned or may accumulate such time up to a maximum of 160 hours.

Use of compensatory time shall be subject to the operational needs of the Employer. All accumulated compensatory time in excess of 160 hours which has not been used or scheduled by June 1 in any calendar year will be paid to employees in the form of cash at their current rate of pay. Nothing herein shall be construed as to allow the Employer to force an employee to use accrued compensatory time.

Section 5.6 Call-In Pay

Except as otherwise agreed in writing, employees called in outside of their regular working hours shall receive a minimum of two (2) hours pay at the appropriate overtime rate from the time that they arrive at their workplace.

The term "call-in pay" as used in this Section shall refer to an employee being brought back to work outside of his/her normal work day, and shall not refer to any situation where the

employee is brought into work or required to stay at work during periods which are contiguous to his/her regularly scheduled shift.

Section 5.7 Emergency Call Pay

In the event a General Foreman or Foreman is directed by the Employer to respond to emergency calls from home and outside of his or her regular working hours, he or she will be granted compensatory time at the appropriate rate for all verified time spent responding to the emergency from home, with a minimum of 15 minutes of compensatory time to be granted in any calendar day on which any such emergency responses were required, up to a maximum of two hours of compensatory time in any calendar day.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by 12; the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 7.1 above. Any fraction is rounded off to the nearest whole number of days. Employees separated from employment, other than for cause, will be paid on a supplemental payroll as soon as practicable following the last day worked.

Section 7.3

All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee elects in writing to carry over **vacation days** (up to three **(3)** ~~such vacation~~ days **of accrued and unused vacation days for employees**

with less than ten (10) years of service, and up to five (5) days of accrued and unused vacation days for employees with ten (10) or more years of service) for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to the employer before December 15 of the vacation year. **Carry over days shall not count against an employee's maximum number of single use vacation days provided for under this Agreement.** ~~Such~~ carry over vacation days must be scheduled **in the then current year for use in the next year. Cancellation or re-scheduling of carry over days shall be controlled by the provisions set forth in the Agreement under Vacation Picks,** ~~upon mutual agreement of the employer, which agreement shall not be unreasonably denied or withheld,~~ and such carry over days must be taken on or before ~~April~~ **June** 30 of the next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). **Nothing herein shall limit or prohibit the Employer from allowing the employee to reschedule carry over before June 30th, or approving the rescheduling of carry over days beyond June 30th.** Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 7.4 Employees Laid-off or Discharged

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.** Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of 30 days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 12 of this Agreement. In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 7.5 Rate of Vacation Pay

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being taken, times 8 hours per day, times the number of days' vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 7.6 Selection

Vacation picks will be granted by seniority in bargaining unit title(s) in the department, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who can be on vacation at any one time without hindering the operation of the Department. The Department will not designate any time or period during the

calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the

cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

~~**Section 7.7 Reciprocity With Other Agencies**~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation time accrued while working for another public agency is not transferable. Employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

Section 7.7 Non-Consecutive Vacation Days

Employees may receive up to ~~five~~ **six (6)** of their vacations days one or more day(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection)**. Such day(s) off shall be approved by the

employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday - Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.**

Employees may designate and use at their option up to ~~five (5)~~ **six (6)** of their vacation days in each year of this Agreement as sick days to cover periods of bonafide medical illness **or the illness of family members, who shall include (or may be expanded upon by the City): (i)mother, father, husband, wife, brother or sister (including blood, step or half), son or daughter (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or**

grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic partner is registered with the Department of Human Resources. The Employer reserves the right to ask the employee to furnish proof of said illness. An employee desiring to use vacation days as sick days under this provision shall inform the representative of the Employer who employees are told is designated for such purposes of that fact at the time he/she calls in to report an illness. Salaried employees who currently are receiving sick days under this Agreement shall be ineligible to use vacation days as sick days while they have available unused sick days.

2. An absence where the employee is adjudged eligible for duty disability compensation.

Section 8.2 Interruption in Service

However, employees hired~~

~~after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules provided a majority of other employees of the Employer receive such credit.~~

Section 8.3 Break in Service

Notwithstanding the provisions of any ordinance or rule to the contrary, continuous service of an employee is broken, the employment relationship is terminated, and the employee shall have no right to be rehired, if the employee quits, is discharged, retires, is absent for five (5) consecutive work days without notifying the employee's authorized Employer representative unless the circumstances preclude the Employee, or someone on his behalf, from giving such notice, does not actively work for the Employer for twelve (12) months (except for approved medical leaves of absence and duty disability leaves), or is on layoff for more than twelve (12) consecutive months if the employee has less than 5 years of service at the time of the layoff, or is on layoff for more than 2 years if the employee has 5 or more years of service at the time of the layoff.

Probationary employees may be disciplined or discharged as exclusively determined by the Employer and such Employer action shall not be subject to the grievance procedures, provided that, **(1) after the first six (6) months of the probationary period, if the Employer intends to impose a disciplinary suspension on the probationary employee where the suspension would result in a loss of pay, prior to imposing the suspension, except in emergency or where the employee is unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee to discuss and allow the employee to respond to the accusations, and/or (2)** if the Employer, within its discretion, rehires a former employee who did not complete his/her probationary period within one year from the employee's termination, and said former employee had served 90 days or more of his/her probationary period, all time previously served in the probationary period shall be counted for purposes of determining when the said employee completes his/her probationary period. A probationary employee who has served 90 days or more of his/her probationary period and who is laid off shall be given preference over other applicants for employment in the same job title in the department from which he/she was laid off, so long as he/she

does not refuse an offer of employment, and does not suffer a break in service under Section 8.4 of this Agreement. **Seasonal employees who have worked without a break in service or who have works more than twelve (12) cumulative months and bid into (or otherwise become) career service position/employees, shall not have to serve the above twelve (12) month probationary period, but shall have an evaluation period not to exceed sixty (60) days, to demonstrate that he/she can perform the job. The City of Chicago and each Coalition Union (the "Parties") agree to ~~create~~ **maintain** a Joint Labor Management Cooperation Committee ("LMCC") pursuant to applicable state and federal Law. Reasonable advance notice shall be no less than ten (10) days; and where advance notice cannot be provided, the employee shall provide notice within 48 hours after the employee

Employees shall have a right to return to their regular assignment and location.

If the employee's former job is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with and subject to layoff, recall and break-in-service provisions in this agreement.

Employees who return from Union leaves of absence shall have the same rights as employees who return from medical leaves of absence.

Section 10.8 Union Leave

The Employer shall grant request for leaves of absence for up to 2 employees for the purpose of service as a Labor Representative or Officer with the International, State, District Council or Local Organization of the Union for the duration of his/her appointment . to the Union, provided reasonable advance notice in writing is given to the employer. While on such leave to employee shall not incur a break in continuous service. An employee on said leave of absence shall not be eligible for any benefits as an employee.

Employees who return from Union leaves of absence shall have the same rights as employees who return from medical leaves of absence.

Union Pension Fund Trustees who have been duly elected and/or appointed to a City/Municipal Pension Fund (including but not limited to the Municipal and Laborers' Funds) shall be granted leave without loss of pay to attend Pension Fund Trustee meetings that take place during their regularly scheduled shift.

Section 10.9 Paid Parental Leave

An employee wishing to take paid parental leave must apply and be eligible for Family Medical Leave Act (FMLA) leave. An employee is eligible for FMLA leave if he or she has been employed by the City for at least twelve (12) months before taking the leave and has worked at least 1250 hours during the 12-month period prior to the leave. Eligible employees may be granted the following paid parental leaves, in conjunction with and as part of an approved FMLA leave:

- **Up to four (4) weeks paid maternity leave to a birth mother to recover from a non-surgical delivery; or**
- **Up to six (6) weeks paid maternity leave to a birth mother to recover from a C-section delivery; or**
- **Up to two (2) weeks paid parental leave for the birth of a child or children by an employee spouse or domestic partner of the birth mother; or**

- **Up to two (2) weeks paid parental leave for the adoption of a child or children by an employee or the spouse or domestic partner of the employee.**

For eligible non-salaried employees compensation shall be based on the employee's scheduled work hours.

Paid parental leave may be combined with other earned paid time-off, such as vacation and/or sick time, to achieve the maximum amount of paid time off from work while taking FMLA leave. Notwithstanding any other provision of this agreement, paid parental leave shall be granted only as part of an approved FMLA leave and may not be used as intermittent leave.

ARTICLE 11
DISCIPLINE AND GRIEVANCE/ARBITRATION

Section 11.1

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union. Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the

Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearing, provided that said employee shall be guaranteed, upon request, a full hearing before said Board, in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has seven (7) days from receipt of the notice to appeal. If the employee does not file an appeal within the seven (7) day appeal period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30-day notice period and the employee shall remain on the payroll for the full notice period, except if prior to completion of the 30-day notice period (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his/her appeal or otherwise engages in

conduct which delays the completion of the hearing. However, in no event may the employee require the Employer to retain the employee on the payroll beyond the 30-day period. The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration, and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that he/she is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the employee's immediate supervisor shall meet with the employee and notify him/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive,

to the extent then known and available. Employer's failure to satisfy this Section 11.1 shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a statement of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police Board is reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this Agreement.

Section 11.2 Discipline and Grievance/Arbitration

Any record of discipline may be retained for a period of time not to exceed eighteen (18) months and shall thereafter not

be used as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not use said record of the discipline action against the employee, or in the case of promotions or transfers.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is the subject of the disciplinary investigation of the pendency of the investigation and its subject matter, within 30 days of the employer being made aware of the alleged rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a predisciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

Section 11.3 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1. Within five (5) working days after an employee receives written notice of any proposed disciplinary action, including a suspension for ten (10) days or less which is not appealable to the Personnel or Police Board,

or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union, the Employer shall conduct a meeting with the Union and employee. Discipline shall be administered as soon as possible after the Employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting or further investigation, the employee may request in writing to the Department Head for review of said disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days or receipt of written notice of discipline. Said review form shall be printed on the back of or attached to the notice or discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2. Within three (3) working days or any mutually agreed upon extension after the department head or designee receives the employee's request for review, the department head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the

Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and Union representative, if any, will be heard and provided the opportunity to ask questions. The department head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required. The absence of such agreement or failure to decide and communicate such decision will result in automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3. Where further investigation is agreed upon, a second meeting shall be held between the department head or designee and the employee and the Union representative to discuss the results of the investigation. Said meeting shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The department head or designee shall render a written decision within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so

notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4. If the matter is not settled in Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedure for arbitration shall be the same as in 11.3, Step III.

Section 11.4 Grievance and Arbitration

Except as in disciplinary provisions of Sections 11.1-11.3 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a

grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance with the time limits herein shall permit the Union to advance the case to the next step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of automatic advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - Immediate Supervisor

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than twelve working days than the Union, the Union shall

not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the Union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union Representative and/or the employee shall have the right to make an appeal in writing to the Department Head or the Department Head's designee within seven (7) working days after the date of the receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head's designee shall be posted for employees in areas where employee notices are normally posted and submitted to the Union. Failure to post and so notify the Union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or

the Department Head's designee shall have the requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this paragraph shall be construed to relieve the City and the Union from their obligations to otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second Step, the Union or the Employer may request final and binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected employee representative of the group or class. A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following instructions or orders the employee does not waive his/her right to process the grievance. Refusal to follow instructions or orders shall be cause for discipline.

Step III - ARBITRATION

If the matter is not settled in Step II the Union or the Employer, but not an individual employee or employees, may submit the dispute to arbitration by serving a written request to arbitrate to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be

borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party.

Each party shall be responsible for compensating its own representatives and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this agreement shall be the sole source of any rights which either party may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. ADVANCED GRIEVANCE STEP FILING

Certain issues which by nature are not capable of being settled at a preliminary step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the grievant/Union at Step II.

B. PERTINENT WITNESSES AND INFORMATION

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and

the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone, to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator from a group of arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-

established hearing date per month for the arbitration of grievances.

Section 11.5 Conduct of Disciplinary Investigation

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a

representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any non-governmental agency relating to any matter or issue under investigation.

K. The results of a polygraph examination shall not be used against an employee in any forum adverse to the employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to the administration of the examination. The results of any polygraph examination shall be known to the employee within one week.

L. This Section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the charges

against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the same forum as, grievances which protest said disciplinary action, except as provided in paragraph O(2) below. If no disciplinary action is brought against the employee following the conclusion of the Inspector General's investigation, no grievance concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights enumerated in this Section, shall be suppressed and shall not be used by the Employer for any disciplinary action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than

ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the Municipal Code of the City of Chicago regarding the Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2) Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators. Thereafter, the parties will meet to strike names from the list, with

the Employer striking first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may mutually agree. The arbitrator's jurisdiction shall be limited to determining if the Inspector General obtained evidence or statements in violation of paragraph O(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to rule on the merits of any underlying discipline or take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

ARTICLE 12
NO STRIKES-NO LOCKOUT

Section 12.1 No Strikes

The Union agrees that during the life of this Agreement, there shall be no strikes (including, but not limited to sympathy strikes and strikes to protect union or third party conduct), work stoppages, slowdowns, picketing, delays of work of any kind.

Section 12.2 Union Efforts

The Union agrees that it will use its best efforts to prevent any acts forbidden in this Article and that in the event any such acts take place or are engaged in by any employee or group of employees in the Union's bargaining unit, the Union further agrees it will use its best efforts to cause an immediate cessation thereof. If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 12.3 Discipline

The Employer may terminate the employment of or otherwise discipline any employee or employees who have been found to have engaged in any act forbidden in this Article.

Section 12.4 No Lockout

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 13
DUES CHECK OFF AND FAIR SHARE

Section 13.1 Indemnification/Authorization

The Employer, upon receipt of a validly executed written authorization card, shall deduct Union dues and initiation fees from the payroll checks of all employees so authorizing the deduction in an amount certified by the Union, and shall remit such deductions on a semi-monthly basis to the Union. Authorization for such deduction shall be irrevocable unless revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court and other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 13.1, 13.2, 13.3, and 13.4 of this Article, or in reliance on any list, notice, certification or assignment furnished under any such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The City and Coalition Unions will create a committee to review and explore the feasibility of using electronic records and/or electronic signatures consistent with state and federal law which allows the City and the Union to use electronic

authorization to verify union membership and/or authorize voluntary deduction of Union dues and fees from wages or payments for remittance to the Union.

Section 13.2 Fair Share

It is further agreed that 30 days after the later of the execution of the Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union and shall remit such deductions to the Union on a semi-monthly basis. It is understood that the amount of deductions from said non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.3 Right of Non-Association

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

Section 13.4 Condition of Employment

Each employee who on the effective date of this Agreement is a member of the Union, and each employee who becomes a member after that date, shall, as a condition of employment, maintain his/her membership in the Union during the term of this Agreement.

Any present employee who is not a member of the Union shall, as a condition of employment, be required to pay a fair share (not to exceed the amount of Union dues) of the cost of the collective bargaining process and contract administration. All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, 30 days after the later of the execution of this Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and contract administration and pursuing matters affecting wages, hours and other conditions of employment.

ARTICLE 14
MISCELLANEOUS

Section 14.1 Job Titles

The Employer will notify the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto. If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the

jurisdiction of another bargaining unit without the mutual agreement of the unions involved.

Section 14.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day, or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another Union shall not perform the work of said employees. For example, if a Steamfitter is on vacation, a Laborer shall not be assigned as a replacement Steamfitter. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the

City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 14.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 11 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in

the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 11 of this Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

Section 14.4 Deferred Compensation

The Employer's policy which is in effect at the execution of this Agreement, pertaining to deferred compensation, shall be afforded to all employees of the Employer without change during the term of this Agreement.

The Employer will make contributions, on a dollar-for-dollar basis, under a 401(a)Plan (or any similar successor plan agreed to by Coalition Unions) up to the maximum total amounts per year shown below based on amounts deferred by each employee in those same years to the employee's 457 Plan, as follows:

a. January 1, 2020 - up to $250 per year

b. January 1, 2021 - up to $250 per year

c. January 1, 2022 - up to $500 per year

The City shall advise the unions, at least semi-annually, of the total contributions it has made.

The City agrees to provide representatives from Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Such information to be provided will include, but not be limited to, a census for the current non-Medicare retirees including the birthdate, gender, coverage tier (single, couple, family, etc.), and zip code of residence, as well as the claims information and enrollment counts for the last three (3) years. The Unions agree to execute any appropriate confidentiality agreements necessary for the release

of such information. The parties understand and agree that the identity of any specific individual will not be ascertainable from the information supplied.

Section 14.5 Rules of Conduct Changes

When the Employer proposes to initiate reasonable changes or additions to its rules of conduct, which could subject Employees to discipline, the Employer shall transmit four (4) copies of the proposed changes or additions to the Union. The Union will consider the proposals, and upon request, the Employer will meet with the Union within twenty (20) calendar days of the receipt of the proposals to receive the Union's comments. Absent an emergency, the Employer will not implement its proposed changes or additions until the Union has had a reasonable opportunity to present its views and discuss the proposals with the Employer. No such changes or additions shall be implemented without prior publication and notice to the affected employees.

Section 14.6 Safety

(a) The Employer shall provide a safe and healthful working environment for employees covered by this agreement including in accordance with applicable federal and state occupational safety and health laws, and shall maintain in good and safe working condition all equipment necessary for the safe and proper performance of the job.

(b) In furtherance of those efforts, a joint safety committee shall be established which shall be composed of six (6) representatives of the Union Coalition and six (6)

representatives of the Employer. The purpose of the committee shall be to discuss and to make recommendations concerning occupational safety and health issues affecting employees. All recommendations of the committee with respect to safety and health issues shall be submitted in writing to the appropriate Department Head with a copy to the Union and the Director of Labor Relations. The Department Head shall promptly issue a written response to the committee concerning the Department's views regarding the committee's recommendations.

The parties may decide, from time to time, to refer certain safety issues and concerns to the personnel of the affected Department(s) responsible for safety matters and Union representatives of the affected employee(s). The Department safety personnel will meet and confer with a representative of the affected Union about such issues and report back to the Committee on any decisions or recommendations concerning them.

(c) The joint safety committee shall meet at least once a month, or otherwise by mutual agreement.

(d) The parties agree and understand that if an employee is faced with an unsafe working condition, the employee is required to perform the task in question unless the employee's performance of an assigned task presents the strong likelihood of subjecting the employee to imminent danger of death or serious injury. If the employee, with no reasonable alternative, refuses in good faith to perform that task and expose himself to that dangerous condition, the employee will not be subject to discipline. In order to avoid discipline under this paragraph, the condition must be of such a nature

that a reasonable person, under the circumstances, would conclude that there is a real, substantial, and imminent danger of death or serious injury. In addition, the employee must also have sought from the Employer, and have been unable to obtain, correction of the situation before refusing to perform the task in question.

Section 14.7 Information to Union

Notice of any such contracting or subcontracting shall be given to the Union at least thirty (30) days prior to its effective date. The notice shall be in writing and shall contain the name and address of the party who will perform the work, a description of the work to be performed and any other relevant data to enable the Union to determine compliance with this Section. In the event such party is determined not to be in compliance with the said area standards, the Employer shall withhold payouts and

shall not contract or subcontract further with any such party until the Union and the Employer receive a written and enforceable assurance of compliance.

In the event that the Employer determines to subcontract unit work under this Agreement, and as a result bargaining unit employees would be laid off by the proposed subcontracting, the Employer shall make available, on a seniority basis, equal-rated permanent jobs which the Employer has declared to be vacant in the affected Department, or other departments, as the case may be, in that order, provided the laid off employees have the then present ability to perform the required work without further training. However, the employee shall be provided with a reasonable amount of orientation to allow him or her to perform the work.

Prior to sub-contracting of bargaining unit work, the Employer, the Union, and the proposed sub-contractor shall meet to discuss the employment of employees subject to layoff. During that meeting the Employer will request and urge that the sub-contractor hire laid off employees.

Section 14.9 Automobile Reimbursement

Employees who are required by the Employer to use their own automobiles in the performance of their job shall receive mileage reimbursement at the then effective rate recognized by the Internal Revenue Service, with a maximum of $250 per month. On the effective date of this Agreement, following its ratification by all parties, the maximum reimbursement will increase to $350.00 per month. Effective February 1, 2008, the maximum reimbursement will increase to $450.00 per month.

Effective February 1, 2009, the maximum reimbursement will increase to $550.00 per month. Thereafter, the maximum reimbursement will increase effective each February 1 by the percentage increase in the Transportation Expenditure Category of the Consumer Price Index for All Urban Consumers (CPI-U): U.S. City Average for the previous year, as rounded to the nearest $5 increment. Employees seeking mileage reimbursement must submit that request on a form provided by the Employer. Payment for mileage expenses will be made on a monthly basis. Upon request by either party made no earlier than January 1, 2010, the parties shall meet to discuss any proposed changes to this Section 14.9.

Section 14.10 Telephone Expense Reimbursement

The posting shall contain at least the following information: job title, qualifications, days off, shift, hours, work location, if known, and the rate of pay. The posting shall also identify the number of positions to be filled. If the number to be filled changes, the Employer shall promptly notify. Prior to the commencement of the selection process, the employer will provide the Union with a list of qualified bidders.~~~~announcements for fourteen (14) days, and provide the Union with a copy of the announcement at the time it is posted.~~

Qualified bargaining unit employees shall be given an opportunity to bid on permanent vacancies declared by the Employer. In making selections, the Employer shall give preference to bargaining unit applicants over non-bargaining unit applicants, except where non-bargaining unit applicants have demonstrably greater skill and ability to perform the work. In making a selection between two or more bargaining unit applicants who are equally qualified, the Employer shall select the most senior bidder. For purposes of this Section, seniority shall be determined by the employee's continuous service in the bargaining unit.

Prior to notifying the successful bidder/applicant, the Employer shall give the Union a list of bidders identifying, where applicable, the successful bidder(s). Upon request, the Employer shall schedule a meeting with the Union to review the selection process, including the reasons for selection and rejection of bidders. This meeting shall include a review and discussion of documents such as the referral list, employment decision form, hiring information summary, and hiring criteria rating form. If requested, the Employer will furnish copies of such documents to the Union. Bidders who are not selected shall be so notifies by the Department Head and information of the reason for non-selection.

The successful bidder for any job under this Section shall have an evaluation period, not to exceed sixty (60) days, to demonstrate that he or she can perform the job. If the Employer observes and has reasonable cause to believe the employee has a medical condition or significant

limitation that prevents the employee from being able to perform the essential duties of the position, an employee may be sent for a Fitness for Duty examination at the Employer's sole expense.

If the examination results in a determination that the employee is unfit for duty and the employee's physician certified that the employee is fit for duty, the employee may elect or Employer may require the employee, at the Employer's sole expense, to be subject to an independent medical examination ("IME") to determine if the employee is fit for duty. The Union shall select an examining independent physician who will conduct the IME from a list of at least three physicians with the appropriate medical specialty who have successfully completed the City's procurement process and are on a list of approved vendors. The determination of the independent physician and the IME shall be final and binding. The Employee shall execute all HIPAA waivers and other forms necessary in order to permit access to all medical records related to his/her condition, and the City shall agree to secure and maintain the confidential nature of all medical records obtained through the process.

ARTICLE 18
DRUG AND ALCOHOL PROGRAM

Section 18.1 Policy Statement

The City of Chicago's essential mission is to provide services to its citizens in a safe and economic manner. The parties to this Agreement recognize that drug and alcohol abuse in the workplace has a deleterious effect on the health and safety of employees, as well as the morale and productivity, all of which creates an undue burden on the persons which the City and the employees covered by this Agreement serve. Furthermore,

the economic cost of providing health care services to employees who abuse drugs and alcohol has put an increasing burden on the City's finances.

The Employer and the Union maintain a strong commitment to protect people and property, and to provide a safe working environment. To this end, the employer has also established its confidential Employee Assistance Program for employees with personal problems, including alcohol and substance abuse, and the parties to this Agreement urge employees who have such problems to utilize the Program's services.

Positive results of said retesting shall be conclusive as to the presence of alcohol or drugs. The failure to take sufficient samples, or to preserve such sample, to allow for retesting, shall not affect the removal from eligibility of an applicant or personnel action, including discharge, of any employee.

(j) No laboratory report or test results shall appear in the incumbent's personnel file they are part of a personnel action under this program, but shall be placed in a special locked file maintained by the Commissioner of Personnel, except as such disclosure may be required by this policy, law or ordinance.

Section 18.5 Employee Assistance Program

This Agreement shall be effective as of said date of ratification by the City Council and shall remain in full force and effect from said date to June 30, ~~2017~~ **2022**, both inclusive.

Thereafter, it shall automatically renew itself from year to year unless at least 60 days and not more than 120 days prior to the termination date or anniversary thereof, either party gives written notice to the other by Certified Mail, return receipt requested, of a desire to amend, add to, subtract from, or terminate this Agreement.

In the event such notice of a desire to amend, add to, or subtract from the terms of this Agreement is given the parties shall, within a reasonable time thereafter, enter into negotiations concerning the request. Health Plan Reopener

Each party reserves the right to reopen this Agreement in order to further negotiate the Health Plan set forth in Article 9 for the following reasons:

1. Any change(s) in the applicable law(s), including but not limited to a universal, national or state health care program mandating significant changes in health insurance benefits that becomes law and is effective during the term of this Agreement;
2. The lack of achievement of health care cost containment as anticipated by the parties pursuant to the establishment and administration

of the Labor-Management Cooperation Committee on health care, as defined below:

(a) The parties charge the LMCC with the responsibility of approving Plan changes that will result in significant cost containment or savings, as measured by a projected increase of costs for any individual plan of no more than 8% in Fiscal Year 2009 and each fiscal year thereafter when compared to health care costs in Fiscal Year 2008 and each previous fiscal year thereafter, respectively.

(b) Should the Plan changes approved by the LMCC fail to result in such cost containment or savings as stated in subsection (a) above, the LMCC shall make such adjustments to the Plan as are necessary, including but not limited to adjustments in deductibles, co-pays and co-insurance, to prevent the cost increase from exceeding 8% as measured in subsection (a) above.

(c) Should the plan changes approved by the LMCC fail to achieve cost containment or savings as stated in subsections (a) and (b) above by the end of following fiscal year, either

party may elect to reopen negotiations as set forth herein on the following specific topics:

- Health Plan set forth in Article 9;
- Structure of the LMCC;
- Composition of the LMCC;
- Funding of the LMCC.

~~provided, however, each party reserves the right to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9 no later than June 30, 2011 and June 30, 2015, or in the event the City of Chicago is awarded the 2016 Olympic Games, June 30, 2014.~~

(d) The LMCC will continue to work cooperatively in seeking to limit health care costs pursuant to the terms of this Agreement, and the City agrees, for the term of this Agreement, that it will not invoke the 8% trigger provision.

If any one of the foregoing events or conditions occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach

agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.

~~**Non-Prevailing Wage Rate Reopener**~~

~~**Four-Year**: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4.4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current four-year agreement expiring on June 30, 2011 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by March 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by March 31, 2012.~~

FOUR 10-HOUR DAY WORKWEEK

Agree to the following in a side letter to this Agreement:

Since the Arbitrator issued his Opinion and Award dated June 21, 2007 in the Matter of Arbitration between the City of Chicago and Laborers Local 1001/Teamsters Local 726 ("Award"), the City and affected Coalition Unions have explored various approaches to resolving their dispute over the scope of the Award and the application of Section 3(a) of the Memorandum of Understanding dated July 18, 2005 entered into between the City and Coalition ("Section 3(a)"). In addition to amending Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek, the parties, in return, have discussed an agreement by the Unions to waive some or all of the monetary make whole remedies directed by the Arbitrator in his Award. Although the City is willing to amend Section 3(a) as requested by the Unions in order to conclude negotiations at the Coalition level, such willingness is contingent on the expectation that the affected Unions will reach agreement with the City to waive some or all of the monetary make whole remedies. Until such an agreement is reached, the affected Unions agree that the City shall not be obligated to implement the monetary make whole remedies in the Award. In addition, if such an agreement is not

reached by December 1, 2007, the parties shall submit the issues of the Unions' proposed amendment to Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek and the City's proposed relief from the monetary make whole remedy to an arbitrator for resolution.

The provisions of Article 11 of this Agreement shall be available, and the Arbitrator may balance the Employer's obligations under the ADA and this Agreement and the employee's rights under this Agreement, provided that no incumbent employee shall be displaced by such decision of the Arbitrator.

ARTICLE 4
WAGES

Section 4.1 Prevailing Wage Rates

Effective July 1, **2017**, employees covered by this Agreement shall continue to receive the hourly rate being paid to crafts or job classifications doing similar kinds of work in Cook County pursuant to the formula currently used by the United States Department of Labor in administering the Davis-Bacon Act as currently being paid to said employees as set forth in Appendix A appended to and made a part of this Agreement.

Section 4.2 Prevailing Rate Adjustments

Effective on July 1 of each year of this Agreement beginning in **2017**, through the period ending June 30, **2022**, the wage rate referred to in the immediately preceding section shall be adjusted to reflect the hourly wage rates effective on such dates being paid to crafts or job classifications doing similar work in Cook County pursuant to the formula specified in Section 4.1 above and as set forth in Appendix A. In the event the hourly wage rates effective July of each year covered by this

Agreement are established at an effective date later than July 1, then such rates, when established, shall be paid as of said effective date. In no event will the Employer adjust said wage rates more than one time in any calendar year.

Section 4.3 Non-Prevailing Wage Rates Governing July 1, 2017-June 30, 2022

"Me Too" Clause: If a majority of City unionized employees in non-prevailing wage rate classifications** receive an across-the-board percentage increase in their regular base rate of pay

in any contract year higher than the increase set forth above in any such year, employees in non-prevailing rate classifications covered by this Agreement shall have their wage adjustment set forth above increased by the difference between the above increase and the higher across-the-board percentage increase in any such year. Similarly, if a majority of City unionized employees in non-prevailing wage rate classifications** receive a lump sum payment in any contract year, employees in non-prevailing rate classifications covered by this Agreement shall receive the same lump sum payment in any such year. The parties agree to confer regarding the timing, amount and implementation of any wage adjustment or lump sum payment under this Section prior to such adjustment being paid.

**Exclusive of sworn employees of the Chicago Police Department and uniformed members of the Chicago Fire Department.

Section 4.4 Retroactivity

The increases set forth in Article 4, Sections 4.1 and 4.3, are payable to affected employees who, as of the date of **final ratification of this Agreement by the City Council**, are either on the payroll, or are on approved leave, or are on layoff with recall rights, or are seasonal employees who are eligible for rehire, or are former employees who retired effective between **July 1, 2017** and the date of final ratification of the Agreement by the City Council, inclusive.

Section 4.5 Out of Grade Pay

An employee covered by this Agreement who is directed to and does perform substantially all of the duties and responsibilities of a higher rated job within the bargaining unit shall be paid at the higher rate or classification consistent with his own tenure for all such time from the first day of the assignment. The Employer agrees that it will make such assignments for not less than an employee's full work day. Such payment shall be made on the next regular payday or as soon thereafter as is possible, but in no event later than the pay period following the pay period in which the payment was earned.

The time limits for acting into higher rated jobs shall not exceed one hundred eighty (180) days, except where a regular incumbent is on leave of absence, in which case the time limit for acting into such position may not exceed one (1) year, and no individual employee can act up into that position for more than ninety (90) days. The time limits may be extended by mutual agreement of the parties. If the one hundred eighty (180) day limit is extended to one (1)year due to a regular incumbent on leave of absence or by mutual agreement of the parties, individual employees shall not act into higher rated jobs for more than ninety (90) days per employee. To the extent that the Employer continues to require the performance of the duties of the higher rated job beyond the time limits set forth herein,

the position shall be treated as a "permanent vacancy" within the meaning of Section - of this Agreement and the Employer shall post and fill the job as a "permanent vacancy" subject to the applicable provisions of that Section.

Section 4.6 Payment of Wages

(a) All regular base wages will be paid to employees not later than the next regular pay day following the end of the payroll period in which it is earned. All overtime or premium pay shall be paid to employees not later than the second regular pay day following the end of the payroll period in which it is earned. In the event of an arbitration involving a dispute arising solely under this Section, the losing party will pay the entire amount of the arbitrator's fee.

(b) In the event an employee's pay check, at the time specified in paragraph (a) above, fails to include all of the regular base, overtime and/or premium pay to which he/she is entitled, the Department will correct that shortage provided the employee promptly notifies the Department's timekeeper in writing. Employees shall submit a payroll dispute to the Department timekeeper on the "Employee Payroll Inquiry Form" attached hereto as Appendix B. The employee's submission of such Form shall toll the period

for processing a grievance filed by the employee or Union over such dispute. If the Department concludes that there is a shortage in the employee's paycheck, and if the amount in question exceeds $100.00, the Department will submit a supplemental payroll to the Comptroller to cover the shortage, and will issue the employee a check in that amount on the next scheduled check/deposit advice delivery date after the timekeeper is notified of the employee's complaint. Shortages less than $100.00 will be added to the employee's next regular pay check.

(c) Should an employee not receive this supplemental check (for a sum greater than $100.00) within the aforementioned check/deposit advice delivery date period, the Employer will pay to the employee the sum of $5.00 for every pay period thereafter until the full supplemental check is received.

(d) It is understood that pay shortages relating to newly-hired employees, persons returning from leaves of absence (including but not limited to duty disability), overtime earned under the City's emergency snow removal program, and inaccuracies due to changes in payroll deductions, are excluded from the provisions of this Section. This paragraph does not supersede any other payment obligations

with respect to the payments referred to in this paragraph which may be contained elsewhere in this Agreement.

(e) In order to provide a basis for ongoing discussion concerning the City's payroll practices, the parties will form a Labor Management Committee consisting of four (4) persons appointed respectively by the City and by the Coalition. The City's members of the Committee will consist of representatives from the Department of Personnel, the Office of Budget and Management, the Comptroller and the Director of Labor Relations. The Coalition, as it shall determine, shall select four (4) representatives to serve as members of the Committee. The Committee will meet not less than quarterly, or more frequently as the need may arise, to review ongoing issues regarding payroll, compliance with this Section, or other issues of mutual concern which may arise during the life of the parties' Agreement. In addition, at the request of the Coalition, the City may include from time-to-time a representative of the Coalition at the Comptroller's weekly staff meetings with Department heads to review and address pending payroll inquiries from bargaining unit employees.

ARTICLE 5

Section 5.1

This Article shall be to calculate overtime and shall not be a guarantee of work or hours for any day or week.

Section 5.2 The Work Week

The work week shall be a regular recurring seven (7) day period beginning at 12:00 midnight (one minute after 11:59 P.M. Saturday) Sunday and ending at 12:00 midnight the following Sunday.

The normal work week shall consist of five (5) consecutive eight hour days, Monday through Friday, and two (2) consecutive days off, except where the Employer's operations require different scheduling needs. The Employer will notify the Union of these exceptions.

Section 5.3 The Work Day

The normal work day shall begin at 8:00 a.m. and end at 4:30 p.m., including a one-half (1/2) hour unpaid lunch period, except where different hours are currently in effect.

Notwithstanding the foregoing, it is agreed that the Employer may change the established starting time of the Monday through Friday work day for a department, bureau, work unit, crew or individual upon fourteen (14) days written notice to the Union and affected employees, and discussion with the Union. Said starting times shall not be scheduled more than two (2) hours before the regular starting times currently in effect in this Agreement. All such changes, unless otherwise agreed to by the parties, shall be in effect for a minimum of one (1) week, and shall provide for the same starting times each day of that period. No employee shall be placed on a split shift without

agreement by the Union. Failure to comply with this provision shall result in the payment of appropriate premium time to affected employees.

Section 5.4 Overtime

Overtime and premium pay for employees shall be defined and paid in accordance with the historical and traditional practices of the Employer and the Union pursuant to the applicable collective bargaining agreement which is negotiated in the private sector and which historically and traditionally governs said payment. The Union shall certify and provide evidence to the Employer of said overtime and premium definitions and rates as described above.

All work performed prior to the start of the regular shift on a regularly scheduled work day and all work performed after eight (8) hours worked in any 24 hour period; or on Saturday as such when Saturday is not part of the employee's regular work week; or on the sixth consecutive day worked in the Employer's work week, shall be paid for at one and one-half (1 1/2) times the regular straight time hourly rate of pay. All work performed on Sunday, when Sunday is not part of the employee's regular work week; or the seventh consecutive day worked, shall be paid for at two (2) times the regular straight time hourly rate of pay. Such overtime shall be computed on the basis of completed fifteen minute segments. Employees exempt from the Fair Labor Standards Act shall be given compensatory time on an hour for hour basis for all overtime worked Monday through Friday, and will continue to receive overtime on a cash basis

for Saturday and Sunday overtime as per the parties' practice. There shall be no pyramiding of overtime and/or premium pay. Daily and/or weekly overtime and/or premium pay shall not be paid for the same hours worked. **All overtime earned under this Section shall be paid to employees, not later than the second regular payday following the end of the payroll period in which it is earned.**

Section 5.5 Reporting Pay

When an employee reports for his or her regularly scheduled shift, the employee shall receive a minimum of two (2) hours work or pay at the employee's regular straight time hourly rate, unless the employee was told at least three hours prior to his or her normal starting time not to report for work, except for reasons beyond the Employer's control. To be eligible for pay under this provision, employees must advise the designated person within the Department of his or her current telephone number.

If the employee works more than two (2) hours, he or she shall receive a minimum of four (4) hours work or pay for that day. If the employee works more than four (4) hours, he or she shall be guaranteed eight (8) hours work or pay for that day. An employee who does not complete a normal eight (8) hour shift because he or she is sent home by the Employer shall have the option of using a portion of accrued vacation, personal or compensatory time for that day upon notice to the Employer.

Section 5.6 Call-In Pay

Except as otherwise agreed in writing, employees called in outside of their regular working hours shall receive a minimum of two (2) hours pay at the appropriate overtime rate from the time that they arrive at their workplace.

The term "call-in pay" as used in this Section shall refer to an employee being brought back to work outside of his/her normal work day, and shall not refer to any situation where the employee is brought into work or required to stay at work during periods which are contiguous to his/her regularly scheduled shift.

Section 5.7 Emergency Call Pay

In the event a General Foreman or Foreman is directed by the Employer to respond to emergency calls from home and outside of his or her regular working hours, he or she will be granted compensatory time at the appropriate rate for all verified time spent responding to the emergency from home, with a minimum of 15 minutes of compensatory time to be granted in any calendar day on which any such emergency responses were required, up to a maximum of two hours of compensatory time in any calendar day.

Section 5.8 Compensatory Time

Any banked overtime and / or compensatory time which employees have accumulated as of June 1, 2018 in excess of 160 hours shall be paid to employees in the form of cash within 30 days following June 1, 2018.

Employees who receive compensatory time under this agreement may elect to have such compensatory time paid out in the form of pay not later than the second regular payday following the end of the payroll period in which it is earned or may accumulate such time up to a maximum of 160 hours.

Use of compensatory time shall be subject to the operational needs of the Employer. All accumulated compensatory time in excess of 160 hours which has not been used or scheduled by June 1 in any calendar year will be paid to employees in the form of cash at their current rate of pay. Nothing herein shall be construed as to allow the Employer to force an employee to use accrued compensatory time.

If the employee elects not to schedule said personal day in advance under the vacation selection procedures as provided above, such day shall be designated by the employee and shall not be denied by the Employer. If the employee is required or allowed to work on such designated day, the employee shall receive the appropriate holiday premium rate. An employee may elect to carry over the personal day to the following calendar year provided such carry over shall not exceed five (5) personal days. Employees may not designate such personal day in connection with an existing holiday, Good Friday, or a vacation schedule unless requested by the employee upon ten (10) days written notice and approved by the Employer. New employees who commence work for the Employer after June 30 shall not be eligible for this personal day until the following calendar year.

Whenever said holiday falls during an employee's vacation period the Employer shall have the option of granting the employee an extra day's pay or an extra day of vacation at a time mutually agreed upon between the employee and the department head, provided the employee works the full scheduled workday immediately preceding and the full scheduled workday immediately following such vacation period, unless such absence is for a reason the Employer finds to be valid.

ARTICLE 7

After 25 years	25 days

Section 7.2 Pro Rata Vacation

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by 12; the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 7.1 above. Any fraction is rounded off to the nearest whole number of days. Employees separated from employment, other than for cause, will be paid on a supplemental payroll as soon as practicable following the last day worked.

Part-time employees who work at least 80 hours per month earn vacation on a pro rata basis calculated in accordance with the formula used by the Employer in accordance with past practice.

Section 7.3 Forfeit of Vacation

disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 7.4 Employees Laid-Off or Discharged

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.** Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of 30 days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 12 of this Agreement. In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 7.5 Rate of Pay

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being taken, times 8 hours per day, times the number of days' vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 7.6 Selection

Vacation picks will be granted by classification seniority, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who can be on vacation at any one time without hindering the

operation of the Department. The Department will not designate any time or period during the calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of

such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

~~**Section 7.7 Reciprocity With Other Agencies**~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation time accrued while working for another public agency is not transferable. Employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

Section 7.7 Non-Consecutive Vacation Days

Employees may receive up to ~~five~~ **six (6)** of their vacations days one or more day(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection).** Such day(s) off shall be approved by the employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday - Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.**

Employees may designate and use at their option up to ~~five (5)~~ **six (6)** of their vacation days in each year of this Agreement as sick days to cover periods of bonafide medical

illness **or the illness of family members, who shall include (or may be expanded upon by the City): (i)mother, father, husband, wife, brother or sister (including blood, step or half), son or daughter (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic partner is registered with the Department of Human Resources.** The Employer reserves the right to ask the employee to furnish proof of said illness. An employee desiring to use vacation days as sick days under this provision shall inform the representative of the Employer who employees are told is designated for such purposes of that fact at the time he/she calls in to report an illness. Salaried employees who currently are receiving sick days under this Agreement shall be ineligible to use vacation days as sick days while they have available unused sick days.

ARTICLE 8

2. An absence where the employee is adjudged eligible for duty disability compensation.

Section 8.2 Interruption in Service

(b) Seasonal employment of 120 days or less in any calendar year shall not be credited toward continuous service for the time worked.

(c) Seasonal employment in excess of 120 days in any calendar year shall be credited toward continuous service.

However, employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules provided a majority of other employees of the Employer receive such credit.~~

Section 8.3 Break in Service

Notwithstanding the provisions of any ordinance or rule to the contrary, continuous service of an employee is broken, the employment relationship is terminated, and the employee shall have no right to be rehired, if the employee quits, is discharged, retires, is absent for five (5) consecutive work days without notifying the employee's authorized Employer representative unless the circumstances preclude the Employee, or someone on his behalf, from giving such notice, does not actively work for the Employer for twelve (12) months (except

for approved full time Union representative leaves or medical leaves of absence and duty disability leaves), or is on layoff for more than twelve (12) consecutive months if the employee has less than five (5) years of service at the time of the layoff, or is on layoff for more than two (2) years if the employee has five (5) or more years of service at the time of the layoff.

Probationary employees may be disciplined or discharged as exclusively determined by the Employer and such Employer action shall not be subject to the grievance procedures, provided that, **(1) after the first six (6) months of the probationary period, if the Employer intends to impose a disciplinary suspension on the probationary employee where the suspension would result in a loss of pay, prior to imposing the suspension, except in emergency or where the employee is unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee to discuss and allow the employee to respond to the accusations, and/or (2)** if the Employer, within its discretion, rehires a former

employee who did not complete his/her probationary period within one year from the employee's termination, and said former employee had served 90 days or more of his/her probationary period, all time previously served in the probationary period shall be counted for purposes of determining when the said employee completes his/her probationary period. A probationary employee who has served 90 days or more of his/her probationary period and who is laid off shall be given preference over other applicants for employment in the same job title in the department from which he/she was laid off, so long as he/she does not refuse an offer of employment, and does not suffer a break in service under Section 8.4 of this Agreement. **Seasonal employees who have worked without a break in service or who have works more than twelve (12) cumulative months and bid into (or otherwise become) career service position/employees, shall not have to serve the above twelve (12) month probationary period, but shall have an evaluation period not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based upon the employee's job performance at any time during the evaluation period that the employee cannot perform the job, then he/she shall be returned to the seasonal position held just prior, displacing, if necessary, any employee who has been placed into said job.**

Probationary employees shall not be eligible for dental or vision insurance but shall receive all other benefits under this Agreement. Probationary employees shall be compensated at the same rate as career service employees.

Section 9.2 Joint Labor Management Cooperation Committee On Health Care

The City of Chicago and each Coalition Union (the "Parties") agree to ~~create~~ **maintain** a Joint Labor Management Cooperation Committee ("LMCC") pursuant to applicable state and federal Law. The purpose of the LMCC is to research and make recommendations and decisions within its authority related to the achievement of significant and measurable savings in the cost of employee health care during the term of this Agreement. The Parties shall memorialize their intent to create this LMCC by executing an Agreement and Declaration of Trust ("Trust Agreement") contemporaneously with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago. The parties will work through the LMCC to identify changes that will result in the required savings. If, prior to January 1, 2020, the parties have not reached agreement upon the proposed changes, each party will submit its offer of proposed changes and the amount proposed to be reduced, including the methodology for estimating the value of the proposed changes, to a mutually agreed upon arbitrator, who will be limited to selecting either the City's or Coalition

Unions' offer. The offer selected by the arbitrator will be binding on the parties and on the LMCC.

Section 9.6

The City agrees to provide representatives from the Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that the Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Employees who return from said leaves shall be reinstated to their former job classification, if it is vacant or if it is then occupied by an employee with lower seniority. Reasonable advance notice shall be no less than ten (10) days; and where advance notice cannot be provided, the employee shall provide notice within 48 hours after the employee is able to do so. - Up to two (2) weeks paid parental leave for the adoption of a child or children by an employee or the spouse or domestic partner of the employee.

For eligible non-salaried employees compensation shall be based on the employee's scheduled work hours.

Paid parental leave may be combined with other earned paid time-off, such as vacation and/or sick time, to achieve the maximum amount of paid time off from work while taking FMLA leave. Notwithstanding any other provision of this agreement, paid parental leave shall be granted only as part of an approved FMLA leave and may not be used as intermittent leave.

ARTICLE 11
DISCIPLINE AND GRIEVANCE/ARBITRATION

Section 11.1

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union. Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearing, provided that said employee shall be guaranteed, upon request, a full hearing before said

Board, in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has 7 days from receipt of the notice to appeal. If the employee does not file an appeal within the 7-day appeal period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30-day notice period and the employee shall remain on the payroll for the full notice period, except if prior to completion of the 30-day notice period (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event may the employee require the Employer to retain the employee on the payroll beyond the 30-day period. The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration, and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had

a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that she/he is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the employee's immediate supervisor shall meet with the employee and notify him/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy this Section 11.1 shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a statement of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not to exceed eighteen (18) months and shall thereafter not be used as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not use said record of the discipline action against the employee, or in the case of promotions or transfers.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is the subject of the disciplinary investigation of the pendency of the investigation and its subject matter, within 30 calendar days of the employer being made aware of the alleged rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include indictable criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a pre-disciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police Board is

reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this agreement.

Section 11.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1. Within five (5) working days after an employee receives written notice of any proposed disciplinary action, including a suspension for ten (10) days or less which is not appealable to the Personnel or Police Board, or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union, the Employer shall conduct a meeting with the Union and employee. Discipline shall be administered as soon as possible after the Employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting or further investigation, the employee may request in writing to the department head for review of the said

disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days of receipt of written notice of discipline. Said review form shall be printed on the back of or attached to the notice of discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2. Within three (3) working days or any mutually agreed upon extension after the department head or designee receives the employee's request for review, the department head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and union representative, if any, will be heard and provided the opportunity to ask questions. The department head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required. The absence of such agreement or failure to decide and communicate such decision will result in automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3. Where further investigation is agreed upon, a second meeting shall be held between the department head or designee and the employee and the Union representative to discuss the results of the investigation. Said meeting shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The department head or designee shall render a written decision within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4. If the matter is not settled in Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedure for arbitration shall be the same as in 11.3, Step III.

Section 11.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 11.1 and 11.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - IMMEDIATE SUPERVISOR

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the Union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union representative and/or the employee shall have the right to make an appeal in writing to the Department Head/or the Department Head's designee within seven

(7) working days after the date of receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head's designee shall be posted for employees in areas where employee notices are normally posted and submitted to the Union. Failure to post and so notify the Union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or the Department Head's designee shall have the requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this

paragraph shall be construed to relieve the City and the Union from their obligations to otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second Step, the Union or the Employer may request final and binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected

employee representative of the group or class. A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following instructions or orders the employee does not waive his/her right to process the grievance. Refusal to follow instructions or orders shall be cause for discipline.

Step III - ARBITRATION

If the matter is not settled in Step II the Union or the Employer, but not an individual employee or employees, may submit the dispute to arbitration by serving a written request to arbitrate to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief

requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of

the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party.

Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this agreement shall be the sole source of any rights which either party may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and

apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. ADVANCED GRIEVANCE STEP FILING

Certain issues which by nature are not capable of being settled at a preliminary step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the grievant/Union at Step II.

B. PERTINENT WITNESSES AND INFORMATION

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone, to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator

from a group of arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-established hearing date per month for the arbitration of grievances.

Section 11.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate

reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an

unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any non-governmental agency relating to any matter or issue under investigation.

K. The results of a polygraph examination shall not be used against an employee in any forum adverse to the employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to the administration of the examination. The results of any polygraph examination shall be known to the employee within one week.

L. This Section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the charges against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the

same forum as, grievances which protest said disciplinary action, except as provided in paragraph O(2) below. If no disciplinary action is brought against the employee following the conclusion of the Inspector General's investigation, no grievance concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights enumerated in this Section, shall be suppressed and shall not be used by the Employer for any disciplinary action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions

allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the Municipal Code of the City of Chicago regarding the Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2) Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators. Thereafter, the parties will meet to strike names from the list, with the Employer striking first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may mutually agree. The arbitrator's jurisdiction shall be limited to determining if the Inspector General obtained evidence or statements in violation of paragraph O(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to rule on the merits of any underlying discipline or take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

ARTICLE 12
NO STRIKES-NO LOCKOUT

Section 12.1 No Strikes

The Union agrees that during the life of this Agreement, there shall be no strikes (including, but not limited to

sympathy strikes and strikes to protect union or third party conduct), work stoppages, slowdowns, picketing, delays of work of any kind.

Section 12.2 Union Efforts

The Union agrees that it will use its best efforts to prevent any acts forbidden in this Article and that in the event any such acts take place or are engaged in by any employee or group of employees in the Union's bargaining unit, the Union further agrees it will use its best efforts to cause an immediate cessation thereof. If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 12.3 Discipline

The Employer may terminate the employment of or otherwise discipline any employee or employees who have been found to have engaged in any act forbidden in this Article.

Section 12.4 No Lockout

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 13
DUES CHECK-OFF AND FAIR SHARE

Section 13.1 Indemnification/Authorization

The Employer, upon receipt of a validly executed written authorization card, shall deduct Union dues and initiation fees from the payroll checks of all employees so authorizing the deduction in an amount certified by the Union, and shall remit such deductions on a semi-monthly basis to the Union. Authorization for such deduction shall be irrevocable unless revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court and other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 13.1, 13.2, 13.3, and 13.4 of this Article, or in reliance on any list, notice, certification or assignment furnished under any such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The City and Coalition Unions will create a committee to review and explore the feasibility of using electronic records and/or electronic signatures consistent with state and federal law which allows the City and the Union to use electronic authorization to verify union membership and/or authorize

voluntary deduction of Union dues and fees from wages or payments for remittance to the Union.

Section 13.2 Fair Share

It is further agreed that 30 days after the later of the execution of the Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union and shall remit such deductions to the Union at the same time that the dues check-off is remitted. It is understood that the amount of deductions from said non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.3 Right of Non-Association

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

Section 13.4 Condition of Employment

Each employee who on the effective date of this Agreement is a member of the Union, and each employee who becomes a member after that date, shall, as a condition of employment, maintain his/her membership in the Union during the term of this Agreement.

Any present employee who is not a member of the Union shall, as a condition of employment, be required to pay a fair share (not to exceed the amount of Union dues) of the cost of the collective bargaining process and contract administration. All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, 30 days after the later of the execution of this Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and contract administration and pursuing matters affecting wages, hours and other conditions of employment.

ARTICLE 14
MISCELLANEOUS

Section 14.1 Job Titles

The Employer will notify the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto. If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the jurisdiction of another bargaining unit without the mutual agreement of the unions involved.

Section 14.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be

performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day, or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another Union shall not perform the work of said employees. For example, if a Sheet Metal Worker is on vacation, a Plumber shall not be assigned as a replacement Sheet Metal Worker. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 14.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 11 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement,

thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 11 of this Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

Section 14.4 Deferred Compensation

The Employer's policy which is in effect at the execution of this Agreement, pertaining to deferred compensation, shall be afforded to all employees of the Employer without change during the term of this Agreement.

The Employer will make contributions, on a dollar-for-dollar basis, under a 401(a)Plan (or any similar successor plan agreed to by Coalition Unions) up to the maximum total amounts per year shown below based on amounts deferred by each employee in those same years to the employee's 457 Plan, as follows:

b. January 1, 2021 - up to $250 per year

c. January 1, 2022 - up to $500 per year

The City shall advise the unions, at least semi-annually, of the total contributions it has made.

The City agrees to provide representatives from Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Such information to be provided will include, but not be limited to, a census for the current non-Medicare retirees including the birthdate, gender, coverage tier (single, couple, family, etc.), and zip code of residence, as well as the claims information and enrollment counts for the last three (3) years. The Unions agree to execute any appropriate confidentiality agreements necessary for the release

of such information. The parties understand and agree that the identity of any specific individual will not be ascertainable from the information supplied.

Section 14.5 Rules of Conduct Changes

When the Employer proposes to initiate reasonable changes or additions to its rules of conduct, which could subject Employees to discipline, the Employer shall transmit four (4) copies of the proposed changes or additions to the Union. The Union will consider the proposals, and upon request, the Employer will meet with the Union within twenty (20) calendar days of the receipt of the proposals to receive the Union's comments. All recommendations of the committee with respect to safety and health issues shall be submitted in writing to the appropriate Department Head with a copy to the Union and the Director of Labor Relations. The Department Head shall promptly issue a written response to the committee as to the Department's views regarding the committee's recommendations.

The parties may decide, from time to time, to refer certain safety issues and concerns to the personnel of the affected Department(s) responsible for safety matters and Union representatives of the affected employee(s). The Department safety personnel will meet and confer with a representative of the affected Union about such issues and report back to the Committee on any decisions or recommendations concerning them.

(c) The joint safety committee shall meet at least once a month, or otherwise by mutual agreement.

(d) The parties agree and understand that if an employee is faced with an unsafe working condition, the employee is required to perform the task in question unless the employee's performance of an assigned task presents the strong likelihood of subjecting the employee to imminent danger of death or serious injury. If the employee, with no reasonable alternative, refuses in good faith to perform that task and expose himself to that dangerous condition, the employee will not be subject to discipline. In order to avoid discipline

under this paragraph, the condition must be of such a nature that a reasonable person, under the circumstances, would conclude that there is a real, substantial, and imminent danger of death or serious injury. In addition, the employee must also have sought from the Employer, and have been unable to obtain, correction of the situation before refusing to perform the task in question.

H. The successful bidder for any jobs under this Section shall have an evaluation period, not to exceed sixty (60) days, to demonstrate that he or she can perform the job. If the Employer has just cause based upon the employee's job performance at any time during that period that the successful bidder cannot perform the job, then the successful bidder shall be returned to the job he/she held just prior to the awarding of the bid, displacing, if necessary, any employee who has been placed into said job.

Such payment shall be made on the next regular pay day, or as soon thereafter as is possible, but in no event later than the pay period following the pay period in which the payment was earned.~~

In any event, no such assignment may extend beyond sixty (60) or up to ninety (90) days without the agreement of the parties, and such assignments are subject to the volunteer and rotation requirements, below, of this section.

The Employer shall notify the employees in advance of the requirements for said detailing and shall seek volunteers among the employees who have the then present ability to perform the work required without further training. If there are more volunteers than there are assignments, selections shall be made on the basis of seniority. If there are insufficient volunteers, the Employer shall assign the detailing by inverse seniority, starting with the least senior first, and attempt to rotate such assignments within each calendar year. The

employee's supervisor may, within his/her discretion, accept an employee's refusal to be detailed, provided that such acceptance shall not be unreasonably denied.

Furthermore, the economic cost of providing health care services to employees

who abuse drugs and alcohol has put an increasing burden on the City's finances.

The Employer and the Union maintain a strong commitment to protect people and property, and to provide a safe working environment. To this end, the employer has also established its confidential Employee Assistance Program for employees with personal problems, including alcohol and substance abuse, and the parties to this Agreement urge employees who have such problems to utilize the Program's services.

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Apprenticeship and Training Program Initiative ("Initiative") in conjunction with certain third parties including, but without limitation, the Chicago Public Schools ("CPS"), the City Colleges of Chicago ("City Colleges") and External Contractors. The purpose of the Initiative is to increase the opportunities for participation of

graduates of CPS and/or City Colleges in Union apprenticeship and training programs and to provide expanded post-apprenticeship and training employment opportunities for such graduates. In conjunction with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago, the Parties shall enter into a supplemental memorandum of understanding regarding the structure, implementation, monitoring and enforcement of this Initiative. Said memorandum shall be attached to this Agreement as Appendix D.

Section 21.2

The Initiative shall generally include the following:

a. A commitment by each Coalition Union to establish or otherwise expand available apprenticeship and training opportunities; a commitment by the Coalition to fill at least 100 apprenticeship slots across Coalition Unions with CPS students, graduates or former students with a GED and/or City College students and graduates by June 30 of each year of this Agreement.

b. A commitment by the Coalition and the City to collaborate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to prepare CPS and City Colleges students to enter Union apprenticeship and training programs. In particular, the Coalition and the City will cooperate with the Chicago Public Schools, City

Colleges of Chicago and External Contractors to publicize available building and trades apprenticeship and training programs and subsequent careers; to consider establishing training programs as appropriate; and to expand post-apprenticeship and training employment opportunities.

c. The Parties shall appoint a Chair and an Auditor to oversee this Initiative and ensure that the parties take appropriate steps to fulfill the commitments set forth in this Article and supplemental memorandum attached hereto.

ARTICLE 20
RATIFICATION AND TERMINATION

The terms of this Agreement shall be subject to ratification by the City Council of the City of Chicago and concurrent adoption in ordinance form. The Employer and the Union will cooperate to secure this legislative approval.

This Agreement shall be effective as of said date of ratification by the City Council and shall remain in full force and effect from said date to June 30, ~~2017~~ **2022**, both inclusive. Thereafter, it shall automatically renew itself from year to year unless at least 60 days and not more than 120 days prior to the termination date or anniversary thereof, either party gives written notice to the other by Certified Mail, return receipt requested, of a desire to amend, add to, subtract from, or terminate this Agreement.

In the event such notice of a desire to amend, add to, or subtract from the terms of this Agreement is given the parties shall, within a reasonable time thereafter, enter into negotiations concerning the request. If the parties are unable to agree upon a successor agreement before the 30th day of June following the date on which notice was given, this Agreement shall expire on such 30th day of June unless both parties agree to extend this Agreement. The notices referred to shall be considered to have been given as of the date shown on the postmark, written notices may be tendered in person, in which case the date of notice shall be the written date or receipt.

This Agreement constitutes the entire contract between the Employer and the Union and settles all demands and issues with respect to all matters subject to collective bargaining. The Employer and the Union, therefore, voluntarily waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any matter which is subject to collective bargaining whether or not such matter is specifically referred to herein, and even though such matter may not have been within the knowledge or contemplation of the parties at the time this Agreement was negotiated or signed.

In the event the City of Chicago agrees to or authorizes additional vacation, holiday or other paid time off, or voluntary unpaid time off with any other bargaining unit

(excluding police and/or fire) during the term of this agreement, such additional time off shall be granted to all employees covered by this Agreement.

Health Plan Reopener

Each party reserves the right to reopen this Agreement in order to further negotiate the Health Plan set forth in Article 9 for the following reasons:

1. Any change(s) in the applicable law(s), including but not limited to a universal, national or state health care program mandating significant changes in health insurance benefits that becomes law and is effective during the term of this Agreement;
2. The lack of achievement of health care cost containment as anticipated by the parties pursuant to the establishment and administration of the Labor-Management Cooperation Committee on health care, as defined below:

(a) The parties charge the LMCC with the responsibility of approving Plan changes that will result in significant cost containment or savings, as measured by a projected increase of costs for any individual plan of no more than 8% in Fiscal Year 2009 and each fiscal year thereafter when compared to health care costs in Fiscal Year 2008 and each previous fiscal year thereafter, respectively.

(b) Should the Plan changes approved by the LMCC fail to result in such cost containment or savings as stated in subsection (a) above, the LMCC shall make such adjustments to the Plan as are necessary, including but not limited to adjustments in deductibles, co-pays and co-insurance, to prevent the cost increase from exceeding 8% as measured in subsection (a) above.

(c) Should the plan changes approved by the LMCC fail to achieve cost containment or savings as stated in subsections (a) and (b) above by the end of following fiscal year, either party may elect to reopen negotiations as

set forth herein on the following specific topics:

- Health Plan set forth in Article 9;
- Structure of the LMCC;

(d) The LMCC will continue to work cooperatively in seeking to limit health care costs pursuant to the terms of this Agreement, and the City agrees, for the term of this Agreement, that it will not invoke the 8% trigger provision.

If any one of the foregoing events or conditions occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach

agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.

~~**Four-Year**: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4.4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current four-year agreement expiring on June 30, 2011 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by March 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by March 31, 2012.~~

~~**Five-Year**: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4.4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current five-year agreement expiring on June 30, 2012 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by October 31, 2012; or (b) the~~

Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party and the City shall not be obligated to make the wage adjustments set forth in Article 4, Section 4.4. Section 4.6 Out of Grade Pay

An employee covered by this Agreement who is directed to and does perform substantially all of the duties and responsibilities of a higher rated job within the bargaining unit shall be paid at the higher rate or classification

consistent with his own tenure for all such time from the first day of the assignment. The Employer agrees that it will make such assignments for not less than an employee's full work day. Such payment shall be made on the next regular payday or as soon thereafter as is possible, but in no event later than the pay period following the pay period in which the payment was earned.

The time limits for acting into higher rated jobs shall not exceed one hundred eighty (180) days, except where a regular incumbent is on leave of absence, in which case the time limit for acting into such position may not exceed one (1) year, and no individual employee can act up into that position for more than ninety (90) days. The time limits may be extended by mutual agreement of the parties. If the one hundred eighty (180) day limit is extended to one (1) year due to a regular incumbent on leave of absence or by mutual agreement of the parties, individual employees shall not act into higher rated jobs for more than ninety (90) days per employee. To the extent that the Employer continues to require the performance of the duties of the higher rated job beyond the time limits set forth herein, the position shall be treated as a "permanent vacancy" within the meaning of Section - of this Agreement and the Employer shall post and fill the job as a "permanent vacancy" subject to the applicable provisions of that Section.

Section 4.7 Payment of Wages

(a) All regular base wages will be paid to employees not later than the next regular pay day following the end of the payroll period in which it is earned. All overtime or premium pay shall be paid to employees not later than the second regular pay day following the end of the payroll period in which it is earned. In the event of an arbitration involving a dispute arising solely under this Section, the losing party will pay the entire amount of the arbitrator's fee.

(b) In the event an employee's pay check, at the time specified in paragraph (a) above, fails to include all of the regular base, overtime and/or premium pay to which he/she is entitled, the Department will correct that shortage provided the employee promptly notifies the Department's timekeeper in writing. Employees shall submit a payroll dispute to the Department timekeeper on the "Employee Payroll Inquiry Form" attached hereto as Appendix B. The employee's submission of such Form shall toll the period for processing a grievance filed by the employee or Union over such dispute. If the Department concludes that there is a shortage in the employee's paycheck, and if the amount in question exceeds $100.00, the Department will submit a supplemental payroll to the Comptroller to cover the shortage, and will issue the employee a check in that amount on the next scheduled check/deposit advice delivery date after the timekeeper is notified of the employee's

complaint. Shortages less than $100.00 will be added to the employee's next regular pay check.

(c) Should an employee not receive this supplemental check (for a sum greater than $100.00) within the aforementioned check/deposit advice delivery date period, the Employer will pay to the employee the sum of $5.00 for every pay period thereafter until the full supplemental check is received.

(d) It is understood that pay shortages relating to newly-hired employees, persons returning from leaves of absence (including but not limited to duty disability), overtime earned under the City's emergency snow removal program, and inaccuracies due to changes in payroll deductions, are excluded from the provisions of this Section. This paragraph does not supersede any other payment obligations with respect to the payments referred to in this paragraph which may be contained elsewhere in this Agreement.

(e) In order to provide a basis for ongoing discussion concerning the City's payroll practices, the parties will form a Labor Management Committee consisting of four (4) persons appointed respectively by the City and by the Coalition. The City's members of the Committee will consist of representatives from the Department of Personnel, the Office of Budget and Management, the Comptroller and the Director of Labor Relations. The Coalition, as it shall determine, shall select four (4) representatives to serve as members of the Committee. The

Committee will meet not less than quarterly, or more frequently as the need may arise, to review ongoing issues regarding payroll, compliance with this Section, or other issues of mutual concern which may arise during the life of the parties' Agreement. In addition, at the request of the Coalition, the City may include from time-to-time a representative of the Coalition at the Comptroller's weekly staff meetings with Department heads to review and address pending payroll inquiries from bargaining unit employees.

ARTICLE 5
HOURS OF WORK

Section 5.1 The Work Week

This Article shall be to calculate overtime and shall not be a guarantee of work or hours for any day or week.

The normal work week shall consist of 5 consecutive 8-hour days, Monday through Friday, and 2 consecutive days off, except where the Employer's operations require different scheduling needs. The Employer will notify the Union of these exceptions.

The work week shall be a regular recurring seven (7) day period beginning at 12:00 midnight (one minute after 11:59 p.m. Saturday) Sunday and ending at 12:00 midnight the following Sunday. The normal work day shall begin at 8:00 a.m. and end at 4:30 p.m. as determined by the Employer.

Notwithstanding the foregoing, it is agreed that the Employer may change the established starting time of the Monday through Friday work day for a department, bureau, work unit, crew or individual upon fourteen (14) days' written notice to

the Union and affected employees, and discussion with the Union. Said starting times shall not be scheduled more than two (2) hours before the regular starting times currently in effect in this Agreement. All such changes, unless otherwise agreed to by the parties, shall be in effect for a minimum of one (1) week, and shall provide for the same starting times each day of that period. No employee shall be placed on a split shift without agreement by the Union. Failure to comply with this provision shall result in the payment of appropriate premium time to affected employees.

Section 5.2 Overtime

All work performed in excess of 40 hours worked per week; or in excess of 8 hours worked per day where the employee has 40 hours of work or excused absence, shall be paid for at one and one-half (11/2) times the regular straight time hourly rate of pay for the first two hours of overtime worked; all other overtime worked on a regularly scheduled workday shall be paid for at two (2) times the regular straight time hourly rate of pay.

All work performed on Saturday, when Saturday is not part of the employee's regular work week; or on the sixth consecutive day worked, shall be paid for at one and one-half (11/2) times the regular straight time hourly rate of pay for the first eight hours of overtime worked; all other overtime worked on Saturday or the sixth consecutive day shall be paid for at two (2) times the regular straight time hourly rate of pay.

All work performed on Sunday, when Sunday is not part of the employee's regular work week; or the seventh consecutive day worked, shall be paid for at two (2) times the regular hourly rate of pay. Such overtime shall be computed on the basis of completed fifteen minute segments. Employees exempt from the Fair Labor Standards Act shall not be eligible for overtime under this Section. There shall be no pyramiding of overtime and/or premium pay. Daily and/or weekly overtime and/or premium pay shall not be paid for the same hours worked.

All overtime earned under this Section shall be paid to employees, not later than the second regular payday following the end of the payroll period in which it is earned.

Section 5.3 Overtime Distribution

(a) Overtime and/or premium time referred to in this Agreement shall be offered first to the employee performing the job and thereafter by seniority to the most senior employee in the classification at the work location being given the opportunity to work, provided the employee has the present ability to perform the work to the satisfaction of the Employer without further training. A reasonable amount of overtime shall be a condition of continued employment, provided however, that in the event such offers of overtime are not accepted by such employees, the Employer may mandatorily assign such overtime by

reverse seniority. "Seniority" shall mean, for purposes of this section the employee's service in any bargaining unit title(s).

(b) Employees in the classification at the work location who have been given the option to work the overtime and/or premium time, whether the option was accepted or rejected, will not be afforded the option to work subsequent overtime and/or premium time until all employees in the classification at the work location have been reasonably afforded the opportunity to work the overtime and/or premium time, subject to the same provision as in Section 5.3(a).

Section 5.4 Reporting Pay

When an employee reports for his or her regularly scheduled shift, the employee shall receive a minimum of two (2) hours work or pay at the employee's regular straight time hourly rate, unless the employee was told at least three hours prior to his or her normal starting time not to report for work, except for reasons beyond the Employer's control. To be eligible for pay under this provision, employees must advise the designated person within the Department of his or her current telephone number.

If the employee works more than two (2) hours, he or she shall receive a minimum of four(4) hours work or pay for that day. If the employee works more than four (4) hours, he or she shall be guaranteed eight (8) hours work or pay for that day. An employee who does not complete a normal eight (8) hour shift because he or she is sent home by the Employer shall have the

option of using a portion of accrued vacation, personal or compensatory time for that day upon notice to the Employer.

Section 5.5 Call-In Pay

Except as otherwise agreed in writing, employees called in outside of their regular working hours shall receive a minimum of two (2) hours pay at the appropriate overtime rate from the time that they arrive at their workplace.

The term "call-in pay" as used in this Section shall refer to an employee being brought back to work outside of his/her normal work day, and shall not refer to any situation where the employee is brought into work or required to stay at work during periods which are contiguous to his/her regularly scheduled shift.

Section 5.6 Emergency Call Pay

In the event a General Foreman or Foreman is directed by the Employer to respond to emergency calls from home and outside of his or her regular working hours, he or she will be granted compensatory time at the appropriate rate for all verified time spent responding to the emergency from home, with a minimum of 15 minutes of compensatory time to be granted in any calendar day on which any such emergency responses were required, up to a maximum of two hours of compensatory time in any calendar day.

Section 5.7 Compensatory Time

Any banked overtime and/or compensatory time which employees have accumulated as of June 1, 2018 in excess of 160

hours shall be paid to employees in the form of cash within 30 days following June 1, 2018.

Employees who receive compensatory time under this agreement may elect to have such compensatory time paid out in the form of pay not later than the second regular payday following the end of the payroll period in which it is earned or may accumulate such time up to a maximum of 160 hours.

Use of compensatory time shall be subject to the operational needs of the Employer. All accumulated compensatory time in excess of 160 hours which has not been used or scheduled by June 1 in any calendar year will be paid to employees in the form of cash at their current rate of pay. Nothing herein shall be construed as to allow the Employer to force an employee to use accrued compensatory time.

1. New Year's Day
2. Dr. Martin Luther King's Birthday

4. Memorial Day
5. Independence Day
6. Labor Day
7. Columbus Day
8. Thanksgiving Day
9. Christmas Day

(b) The benefits set forth above shall be paid provided the employee is in pay status the full scheduled work day immediately preceding and the full scheduled work day immediately following such holiday, or is absent from work on one or both of those days with the Employer's permission; such permission shall not be unreasonably denied.

(c) Employees covered by this Agreement including probationary employees shall be entitled to one (1) paid personal day in each year of this Agreement. At the employee's option, the personal day may be scheduled in accordance with the vacation selection procedures set forth in Article 7 of this Agreement. If the employee elects not to schedule said personal day in advance under the vacation selection procedures as provided above, such day shall be designated by the employee and shall not be denied by the Employer. If the employee is required or allowed to work on such designated day, the employee shall receive the appropriate holiday premium rate. An employee may elect to carry over the personal day to the following calendar year provided such carry over shall not exceed five (5) personal days. Employees may not designate such personal day in connection with an existing holiday, Good Friday, or a vacation schedule unless requested by the employee upon ten (10) days written notice and approved by the Employer. New employees who commence work for the Employer after June 30 shall not be eligible for this personal day until the following calendar year.

Section 6.2 Payment for Holiday

If an employee is scheduled to work on any calendar holiday as specified in Section 6.1 he/she shall be paid at the rate of two (2) times (which includes holiday pay) his/her normal hourly rate for all hours worked.

If the employee is not required to work on a calendar holiday specified in Section 6.1, such employee shall be paid eight hours at straight time for such holiday.

All holiday time shall be considered time worked for the purposes of computing overtime except where the holiday falls on the employee's day off.

Section 6.3 Failure to Report to Work on Scheduled Holiday

If an employee is scheduled to work on a holiday and fails to report to work, the employee shall forfeit his/her right to pay for that holiday unless his/her absence is due to illness, injury, or other emergency.

Section 6.4 Holiday Observance

Except for employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on Saturday will be observed the Friday before the holiday; said holidays which fall on Sunday will be observed on the Monday after the holiday. For employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on either Saturday or Sunday will be observed on that day.

Whenever said holiday falls during an employee's vacation period the Employer shall have the option of granting the employee an extra day's pay or an extra day of vacation at a time mutually agreed upon between the employee and the

department head, provided the employee works the full scheduled workday immediately preceding the full scheduled workday immediately following such vacation period, unless such absence is for a reason the Employer finds to be valid.

ARTICLE 7
VACATIONS

Section 7.1

Employees shall be eligible for paid vacations as of January 1 of each year following the year in which they were employed. An employee will earn the following amounts of paid vacation, based on such employee's continuous service prior to July 1, following his/her January 1 eligibility.

Continuous Service Prior to July 1	Vacation
Less than 6 years	13 days
6 years or more, but less than 14 years	18 days
14 years or more	23 days
After 24 years	24 days
After 25 years	25 days

Section 7.2 Pro Rata Vacation

An employee shall be eligible for pro rata vacation if:

1. The employee did not have twelve (12) months of continuous service in the preceding calendar year and is on the payroll as of January 1 of the current calendar year; or

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time

employee worked in the previous/current calendar year, whichever is applicable, by 12; the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 7.1 above. Any fraction is rounded off to the nearest whole number of days. Employees separated from employment, other than for cause, will be paid on a supplemental payroll as soon as practicable following the last day worked.

Part-time employees who work at least 80 hours per month earn vacation on a pro rata basis calculated in accordance with the formula used by the Employer in accordance with past practice.

Section 7.3

All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee elects in writing to carry over **vacation days (**up to three **(3)** ~~such~~ ~~vacation~~ days **of accrued and unused vacation days for employees with less than ten (10) years of service, and up to five (5) days of accrued and unused vacation days for employees with ten (10) or more years of service)** for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to the employer before December 15 of the vacation year. **Carry over days shall not count against an employee's maximum number of single use vacation days provided for under this Agreement.** ~~Such~~ carry over

vacation days must be scheduled **in the then current year for use in the next year. Cancellation or re-scheduling of carry over days shall be controlled by the provisions set forth in the Agreement under Vacation Picks,** ~~upon mutual agreement of the employer, which agreement shall not be unreasonably denied or withheld,~~ and such carry over days must be taken on or before ~~April~~ **June** 30 of the next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). **Nothing herein shall limit or prohibit the Employer from allowing the employee to reschedule carry over before June 30th, or approving the rescheduling of carry over days beyond June 30th.** Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 7.4

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.** Employees shall not earn vacation credit for any period during which they are on layoff

or leave of absence without pay in excess of 30 days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 12 of this Agreement. In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 7.5

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being taken, times 8 hours per day, times the number of days' vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 7.6

Vacation picks will be granted by classification seniority, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who can be on vacation at any one time without hindering the operation of the Department. The Department will not designate any time or period during the calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The

Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

~~**Section 7.7**~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation time accrued while working for another public agency is not transferable. Employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

Section 7.8 Non-consecutive Vacation Days

Employees may receive up to ~~five~~ **six** of their vacations days one or more days(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection).** Such days(s) off shall be approved by the employee's supervisor and such approval shall not be

unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday - Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.**

Employees may designate and use at their option up to ~~five (5)~~ **six (6)** of their vacation days in each year of this Agreement as sick days to cover periods of bonafide medical illness **or the illness of family members, who shall include (or may be expanded upon by the City): (i) mother, father, husband, wife, brother or**

sister (including blood, step or half), son or daughter (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic partner is registered with the Department of Human Resources. The Employer reserves the right to ask the employee to furnish proof of said illness. An employee desiring to use vacation days as sick days under this provision shall inform the representative of the Employer who employees are told is designated for such purposes of that fact at the time he/she calls in to report an illness. Salaried employees who currently are receiving sick days under this Agreement shall be ineligible to use vacation days as sick days while they have available unused sick days.

ARTICLE 8
CONTINUOUS SERVICE

Section 8.1

Continuous service means continuous paid employment from the employee's last date of hire, without a break or interruption in such paid employment. In addition, an employee earns continuous service credit even though he or she is not paid for:

1. An unpaid leave of absence of one year or less or layoff of 30 days or less; or

2. An absence where the employee is adjudged eligible for duty disability compensation.

Section 8.2 Interruption of Service

(a) Nonseasonal employees who work a minimum of eighty (80) hours per month shall be credited with continuous service for the time worked. Continuous service credit will not be earned for:

(1) absences without leave

(2) absences due to suspension

(3) unpaid leaves of absence for more than 30 days or layoff for more than 30 days, unless employees are allowed to accumulate seniority under this Agreement.

(b) Seasonal employment of 120 days or less in any calendar year shall not be credited toward continuous service for the time worked.

(c) Seasonal employment in excess of 120 days in any calendar year shall be credited toward continuous service.

~~**Section 8.3 Reciprocity**~~

~~Employees hired prior to February 13, 1986 who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Housing Authority, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, Public Building Commission of Chicago, the Chicago Urban Transportation District and the~~

~~Regional Transportation Authority shall have the period of such service credited and counted for the purpose of advancement within longevity salary schedules. However, employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules provided a majority of other employees of the Employer receive such credit.~~

Section 8.4 Break in Service

Notwithstanding the provisions of any ordinance or rule to the contrary, continuous service of an employee is broken, the employment relationship is terminated, and the employee shall have no right to be rehired, if the employee quits, is discharged, retires, is absent for five (5) consecutive work days without notifying the employee's authorized Employer representative unless the circumstances preclude the Employee, or someone on his behalf, from giving such notice, does not actively work for the Employer for twelve (12) months (except for approved full time Union representative leaves or medical leaves of absence and duty disability leaves), or is on layoff for more than twelve (12) consecutive months if the employee has less than five (5) years of service at the time of the layoff, or is on layoff for more than two (2) years if the employee has five (5) or more years of service at the time of the layoff.

Section 8.5 Probationary Employment

New employees, **hired after ratification of this Agreement,** will be regarded as probationary employees for the first ~~six (6)~~ **twelve (12)** months of their employment and will receive no seniority or continuous service credit during such probationary period. Probationary employees continuing in the service of the Employer after ~~six (6)~~ **twelve (12)** months shall be career service employees and shall have their seniority date made retroactive to the date of their original hiring. Probationary employees may be disciplined or discharged as exclusively determined by the Employer and such Employer action shall not be subject to the grievance procedures, provided that, **(1) after the first six (6) months of the probationary period, if the Employer intends to impose a disciplinary suspension on the probationary employee where the suspension would result in a loss of pay, prior to imposing the suspension, except in emergency or where the employee is unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee to discuss and allow the employee to respond to the accusations, and/or (2)** if the Employer, within its discretion, rehires a former employee who did not complete his/her probationary period within one year from the employee's termination, and said former employee had served 90 days or more of his/her probationary period, all time previously served in

the probationary period shall be counted for purposes of determining when the said employee completes his/her probationary period. A probationary employee who has served 90 days or more of his/her probationary period and who is laid off shall be given preference over other applicants for employment in the same job title in the department from which he/she was laid off, so long as he/she does not refuse an offer of employment, and does not suffer a break in service under Section 8.4 of this Agreement. **Seasonal employees who have worked without a break in service or who have worked more than twelve (12) consecutive months and bid into (or otherwise become) career service position/employees, shall not have to serve the above twelve (12) month probationary period, but shall have an evaluation period not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based upon the employee's job performance at any time during the evaluation period that the employee cannot perform the job, then he/she shall be returned to the seasonal position held just prior, displacing, if necessary, any employee who has been placed into said job.**

Probationary employees shall not be eligible for dental or vision insurance but shall receive all other benefits under this Agreement. Probationary employees shall be compensated at the same rate as career service employees.

Section 9.2 Joint Labor Management Cooperation Committee on Health Care

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Labor Management Cooperation Committee ("LMCC") pursuant to applicable state and federal law. The purpose of the LMCC is to research and make recommendations and decisions within its authority related to the achievement of

significant and measurable savings in the cost of employee health care during the term of this Agreement. The Parties shall memorialize their intent to create this LMCC by executing an Agreement and Declaration of Trust ("Trust Agreement") contemporaneously with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago. Said Trust Agreement shall be attached to this Agreement as Appendix C.

Section 9.3

The Trust Agreement shall address, without limitation, the following:

a. Formation of a Committee to govern the LMCC consisting of up to twenty (20) Trustees, half of the Trustees shall be appointed by the City of Chicago and half of the Trustees shall be appointed by the Coalition Unions.

b. Appointment by the City and Coalition of a Co-Chair and Vice-Cochair as designated in the Trust Agreement.

Section 9.5

The parties commit to implementing Medical Plan Design changes that will result in estimated savings of at least $3 million (as calculated with respect to the Coalition Unions) by 2020. The parties will work through the LMCC to identify changes that will result in the required savings. If, prior to January 1, 2020, the parties have not reached agreement upon the proposed changes, each party will submit its offer of proposed changes and the amount proposed to be reduced, including the methodology for estimating the value of the proposed changes, to a mutually agreed upon arbitrator, who will be limited to selecting either the City's or the Coalition Unions' offer. The offer selected by the arbitrator will be binding on the parties and on the LMCC.

Section 9.6

The City agrees to provide representatives from the Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that the Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Such information to be provided will include, but not be limited to, a census for the current non-Medicare retirees including the birthdate, gender, coverage tier (single, couple, family, etc.), and zip code of residence, as well as the claims information and enrollment counts for the last three (3) years. Said paid leaves of absence shall not reduce the employee's vacation or other leave benefits.

The Employer reserves the right to require an employee to provide documentation of the illness in question.

Section 10.5 Personal Leave

Seniority shall accumulate for employees on said leaves. Employees who return from said leave shall be reinstated to their former job classification, if the Employer determines it is vacant or if it is then occupied by an employee with lower seniority. If the employee's former job is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with and subject to the layoff, recall and break-in-service provisions of this Agreement.

Bargaining unit employees who have completed their first 12 months of employment and who have worked 1,250 hours in the preceding 12 month period shall thereafter be entitled to family and medical leave for a period of up to twelve (12) work weeks during any twelve (12) month period for any of the following reasons:

(3) to care for the employee's spouse, child or parent with a serious health condition;

(4) due to a serious health condition affecting the employee.

Such leave shall be without pay unless the employee determines to substitute accrued paid leave for which the employee is eligible. During any leave taken under this Article, the employee's health care coverage shall be maintained and paid for by the employer, as if the employee was working and seniority shall accrue.

Any employee desiring to take leave under this Section shall provide reasonable advance notice to the employer on a form provided by the employer, which form shall be approved by the Union. Reasonable advance notice shall be no less than ten (10) days; and where advance notice cannot be provided, the employee shall provide notice within 48 hours after the employee is able to do so. Failure to provide the notice provided for in this Section shall not affect the validity of the leave where the employer has actual notice. Except as may be specifically stated in this Agreement, employees shall take leave provided for as permitted by the provisions of the Family Medical Leave Act, including its rules and regulations. Employees shall have a right to return to their regular assignment and location.

Section 10.6 Duty Disability Leave

Any employee who is absent from work due to an injury on duty shall be granted a leave of absence. The Employer will mail the initial Duty Disability payment within ten working days upon receipt of verified authorization from the approving authority. Subsequent payment for eligible employees will be made twice a month. If duty disability is denied, and such denial is later reversed, the employee shall be paid up to date

the amount the employee was eligible to receive. Employees who return from said leaves shall be reinstated to their former job classification, if it is vacant or if it is then occupied by an employee with lower seniority. If the employee's former job classification is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with and subject to the layoff, recall and break-in-service provisions of this Agreement.

The Employer will mail the initial Duty Disability payment within fourteen (14) days of the Employer's designated medical officer being advised by the employee or his physician of the occurrence of a job-related injury, provided that there is no dispute as to the employee's entitlement to Duty Disability.

Section 10.7 Medical Leave

Non-probationary employees shall be granted medical leaves of absence upon request. Said medical leaves of absence shall be granted for up to 3 months, provided said leaves shall be renewable for like 3 month periods. The employer may request satisfactory proof of medical leaves of absence. After the first year, such medical leaves shall be extended in up to one-year segments. Employees on medical leaves of absence shall return to work promptly after their doctor releases them to return to work.

Employees who return from said medical leaves of absence promptly after their doctor's release within one year shall be reinstated to their former job/classification if it is vacant or

if it is then occupied by an employee of lower seniority. In addition, the Employer will return an employee to the same geographic location of his or her previous job assignment for a period of up to one year after the start of the leave. If the employee's former job is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with and subject to layoff, recall and break-in-service provisions in this agreement.

After one year on an approved medical leave of absence, employees who return to work promptly after their doctor's release and who meet the following continuous service requirements shall be reinstated as described above according to the following formula: three (3) months of such reinstatement rights for every year of service to a maximum of five (5) years reinstatement rights.

An employee who does not meet the above eligibility requirements and who returns to work promptly after his/her doctor's release after more than one year on a medical leave of absence, shall be returned to his/her former job classification if the job is vacant. If not, the employee will be placed on a list for reinstatement.

Seniority shall accumulate for employees on medical leaves of absence for only up to one year. After one year, an employee on a medical leave of absence shall retain, but not accumulate, seniority.

Section 10.8 Union Leave

The Employer shall grant request for leaves of absence for up to 1 employee for the purpose of service as Laborer Representative or officer with the International, State, District Council or Local Organization of the Union for the duration of his/her appointment to the Union, provided reasonable advance notice in writing is given to the employer. While on such leave the employee shall not incur a break in continuous service. An employee on said leave of absence shall not be eligible for any benefits as an employee.

Employees who return from Union leaves of absence shall have the same rights as employees who return from medical leaves of absence.

Union Pension Fund Trustees who have been duly elected and/or appointed to a City/Municipal Pension Fund (including but not limited to the Municipal and Laborers' Funds) shall be granted leave without loss of pay to attend Pension Fund Trustee meetings that take place during their regularly scheduled shift.

Section 10.9 Paid Parental Leave

An employee wishing to take paid parental leave must apply and be eligible for Family Medical Leave Act (FMLA) leave. An employee is eligible for FMLA leave if he or she has been employed by the City for at least twelve (12) months before taking the leave and has worked at least 1250 hours during the

12-month period prior to the leave. Eligible employees may be granted the following paid parental leaves, in conjunction with and as part of an approved FMLA leave:

- Up to four (4) weeks paid maternity leave to a birth mother to recover from a non-surgical delivery; or
- Up to six (6) weeks paid maternity leave to a birth mother to recover from a C-section delivery; or
- Up to two (2) weeks paid parental leave for the birth of a child or children by an employee spouse or domestic partner of the birth mother; or
- Up to two (2) weeks paid parental leave for the adoption of a child or children by an employee or the spouse or domestic partner of the employee.

For eligible non-salaried employees compensation shall be based on the employee's scheduled work hours.

Paid parental leave may be combined with other earned paid time-off, such as vacation and/or sick time, to achieve the maximum amount of paid time off from work while taking FMLA leave. Notwithstanding any other provision of this agreement, paid parental leave shall be granted only as part of an approved FMLA leave and may not be used as intermittent leave.

ARTICLE 11
DISCIPLINE AND GRIEVANCE/ARBITRATION

Section 11.1

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union. Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearing, provided that said employee shall be guaranteed, upon request, a full hearing before said Board, in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking

illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has seven (7) days from receipt of the notice to appeal. If the employee does not file an appeal within the seven (7) day period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30-day notice period and the employee shall remain on the payroll for the full notice period, except if prior to completion of the 30-day notice period (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event may the employee require the employer to retain the employee on the payroll beyond the 30-day period. The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration, and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is not obligated to meet with the employee and Union prior to

taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that she/he is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the employee's immediate supervisor shall meet with the employee and notify him/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy this Section 11.1 shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a statement of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not to exceed eighteen (18) months and shall thereafter not be used as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be

defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not use said record of the discipline action against the employee, or in the case of promotions or transfers.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is the subject of the disciplinary investigation of the pendency of the investigation and the subject matter, within 30 days of the employer being made aware of the alleged rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include indictable criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a pre-disciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police Board is reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or

Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this agreement.

Section 11.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1. Within five (5) working days after an employee receives written notice of any proposed disciplinary action, including a suspension for ten (10) days or less which is not appealable to the Personnel or Police Board, or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union, the Employer shall conduct a meeting with the Union and employee. Discipline shall be administered as soon as possible after the Employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting or further investigation, the employee may request in writing to the department head for review of the said disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days of receipt of written notice of discipline. Said review form shall be printed on the

back of or attached to the notice of discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2. Within three (3) working days or any mutually agreed upon extension after the department head or designee receives the employee's request for review, the department head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and Union representative, if any, will be heard and provided the opportunity to ask questions. The department head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required. The absence of such agreement or failure to decide and communicate such decision will result in automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3. Where further investigation is agreed upon, a second meeting shall be held between the department head or designee and the employee and the Union representative to discuss the results of the investigation. Said meeting

shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The department head or designee shall render a written decision within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4. If the matter is not settled in Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedure for arbitration shall be the same as in 11.3, Step III.

Section 11.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 11.1 and 11.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of

the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - Immediate Supervisor

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or

the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the Union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union representative and/or the employee shall have the right to make an appeal in writing to the Department Head or the Department Head's designee within seven (7) working days after the date of receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head's designee shall be posted for employees in areas where employee notices are normally posted and submitted to the Union. Failure to post and so notify the Union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or the Department Head's designee shall have the requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this paragraph shall be construed to relieve the City and the Union from their obligations to otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second step, the Union or the Employer may request final and binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected employee representative of the group or class. A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following instructions or orders the employee does not waive his/her right to process the grievance. Refusal to

follow instructions or orders shall be cause for discipline.

Step III - ARBITRATION

If the matter is not settled in Step II the Union or the Employer, but not an individual employee or employees, may submit the dispute to arbitration by serving a written request to arbitrate to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation

and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party. Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this agreement shall be the sole source of any rights which either party may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The

arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. ADVANCED GRIEVANCE STEP FILING

Certain issues which by nature are not capable of being settled at a preliminary step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the Union at Step II or Step III.

B. PERTINENT WITNESSES AND INFORMATION

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone, to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator from a group of arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the

grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-established hearing date per month for the arbitration of grievances.

Section 11.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the

employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any nongovernmental agency relating to any matter or issue under investigation.

K. The results of a polygraph examination shall not be used against an employee in any forum adverse to the

employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to the administration of the examination. The results of any polygraph examination shall be known to the employee within one week.

L. This Section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the charges against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the same forum as, grievances which protest said disciplinary action, except as provided in paragraph O(2) below. If no disciplinary action is brought against the employee following the conclusion of the Inspector General's investigation, no grievance concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights enumerated in this Section, shall be suppressed and shall not be used by the Employer for any disciplinary action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the Municipal Code of the City of Chicago regarding the Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2) Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators. Thereafter, the parties will meet to strike names from the list, with the Employer striking first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may mutually agree. The arbitrator's jurisdiction shall be limited to determining if the Inspector General obtained evidence or statements in violation of paragraph O(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to

rule on the merits of any underlying discipline or take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

ARTICLE 12
NO STRIKES-NO LOCKOUT

Section 12.1

The Union agrees that during the life of this Agreement, there shall be no strikes (including, but not limited to sympathy strikes and strikes to protect union or third party conduct), work stoppages, slowdowns, picketing, delays of work of any kind.

Section 12.2

The Union agrees that it will use its best efforts to prevent any acts forbidden in this Article and that in the event any such acts take place or are engaged in by any employee or group of employees in the Union's bargaining unit, the Union

further agrees it will use its best efforts to cause an immediate cessation thereof. If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 12.3

The Employer may terminate the employment of or otherwise discipline any employee or employees who have been found to have engaged in any act forbidden in this Article.

Section 12.4

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 13
DUES CHECKOFF AND FAIR SHARE

Section 13.1

The Employer, upon receipt of a validly executed written authorization card, shall deduct Union dues and initiation fees from the payroll checks of all employees so authorizing the deduction in an amount certified by the Union, and shall remit such deductions on a semimonthly basis to the Union. Authorization for such deduction shall be irrevocable unless

revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court and other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 13.1, 13.2, 13.3 and 13.4 of this Article, or in reliance on any list, notice, certification or assignment furnished under any of such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The Employer shall provide to the Union within thirty (30) days name, address, classification, rate of salary and starting date of any new employee hired into the Union's bargaining unit.

The City and the Coalition Unions will create a committee to review and explore the feasibility of using electronic records and/or electronic signatures consistent with state and federal law which allows the City and the Union to use electronic authorization to verify union membership and/or authorize voluntary deduction of Union dues and fees from wages or payments for remittance to the Union.

Section 13.2

It is further agreed that 30 days after the later of the execution of the Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union and shall remit such deductions to the Union at the same time that the dues checkoff is remitted. It is understood that the amount of deductions from said nonmember bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.3

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

Section 13.4

Each employee who on the effective date of this Agreement is a member of the Union, and each employee who becomes a member after that date, shall, as a condition of employment, maintain his/her membership in the Union during the term of this Agreement.

Any present employee who is not a member of the Union shall, as a condition of employment, be required to pay a fair share (not to exceed the amount of Union dues) of the cost of

the collective bargaining process and contract administration. All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, 30 days after the later of the execution of this Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and contract administration and pursuing matters affecting wages, hours and other conditions of employment.

ARTICLE 14
MISCELLANEOUS

Section 14.1 Job Titles

The Employer will notify the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto. If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the jurisdiction of another bargaining unit without the mutual agreement of the unions involved.

Section 14.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where

special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day, or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another Union shall not perform the work of said employees. For example, if a Roofer is on vacation, a Plumber shall not be assigned as a replacement Roofer. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 14.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to

the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 11 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 11 of this

Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

Section 14.4 Deferred Compensation

The Employer's policy which is in effect at the execution of this Agreement, pertaining to deferred compensation, shall be afforded to all employees of the Employer without change during the term of this Agreement.

The Employer will make contributions, on a dollar-for-dollar basis, under a 401(a) Plan (or any similar successor Plan agreed to by the Coalition Unions) up to the maximum total amounts per year shown below based on amounts deferred by each employee in those same years to that employee's 457 Plan, as follows:

a. January 1, 2020 - up to $250 per year

b. January 1, 2021 - up to $250 per year

c. January 1, 2022 - up to $500 per year

The City shall advise the unions at least semi-annually, of the total contributions it has made.

Section 14.5 Rules of Conduct Changes

When the Employer proposes to initiate reasonable changes or additions to its rules of conduct, which could subject Employees to discipline, the Employer shall transmit four (4) copies of the proposed changes or additions to the Union. The Union will consider the proposals, and upon request, the Employer will meet with the Union within twenty (20) calendar days of the receipt of the proposals to receive the Union's comments. Absent an emergency, the Employer will not implement its proposed changes or additions until the Union has had a reasonable opportunity to present its views and discuss the proposals with the Employer. No such changes or additions shall

be implemented without prior publication and notice to the affected Employees.

Section 14.6 Safety

(a) The Employer shall provide a safe and healthful working environment for employees covered by this agreement including in accordance with applicable federal and state occupational safety and health laws, and shall maintain in good and safe working condition all equipment necessary for the safe and proper performance of the job.

(b) In furtherance of those efforts, a joint safety committee shall be established which shall be composed of six (6) representatives of the Union Coalition and six (6) representatives of the Employer. The purpose of the committee shall be to discuss and to make recommendations concerning occupational safety and health issues affecting employees. All recommendations of the committee with respect to safety and health issues shall be submitted in writing to the appropriate Department Head with a copy to the Union and the Director of Labor Relations. The Department Head shall promptly issue a written response to the committee concerning the Department's views regarding the committee's recommendations.

The parties may decide, from time to time, to refer certain safety issues and concerns to the personnel of the affected Department(s) responsible for safety matters and Union representatives of the affected employee(s). The Department safety personnel will meet and confer with a representative of

the affected Union about such issues and report back to the Committee on any decisions or recommendations concerning them.

(c) The joint safety committee shall meet at least once a month, or otherwise by mutual agreement.

(d) The parties agree and understand that if an employee is faced with an unsafe working condition, the employee is required to perform the task in question unless the employee's performance of an assigned task presented the strong likelihood of subjecting the employee to imminent danger of death or serious injury. If the employee, with no reasonable alternative, refuses in good faith to perform that task and expose himself to that dangerous condition, he will not be subject to discipline. In order to avoid discipline under this paragraph, the condition must be of such a nature that a reasonable person, under the circumstances, would conclude that there is a real, substantial, and imminent danger of death or serious injury. In addition, the employee must also have sought from the Employer, and have been unable to obtain, correction of the situation before refusing to perform the task in question.

Section 14.8 Subcontracting

The Employer shall not contract or subcontract out bargaining unit work to any person, contractor or employer who is not in compliance with the area standards established under and pursuant to the formula used by the United States Department of Labor administering the Davis-Bacon Act. Notice of any such contracting or subcontracting shall be given to the Union at least thirty (30) days prior to its effective date. The notice shall be in writing and shall contain the name and address of the party who will perform the work, a description of the work to be performed and any other relevant data to enable the Union to determine compliance with this Section. In the event such party is determined not to be in compliance with the said area standards, the Employer shall withhold payouts and shall not contract or subcontract further with any such party until the Union and the Employer receive a written and enforceable assurance of compliance.

training. However, the employee shall be provided with a reasonable amount of orientation to allow him or her to perform the work.

Prior to sub-contracting of bargaining unit work, the Employer, the Union, and the proposed sub-contractor shall meet to discuss the employment of employees subject to layoff. During that meeting the Employer will request and urge that the sub-contractor hire laid off employees.

Section 14.9 Automobile Reimbursement

Employees who are required by the Employer to use their own automobiles in the performance of their job shall receive mileage reimbursement at the then effective rate recognized by the Internal Revenue Service, with a maximum of $250 per month. On the effective date of this Agreement, following its ratification by all parties, the maximum reimbursement will increase to $350.00 per month. Effective February 1, 2008, the maximum reimbursement will increase to $450.00 per month. Effective February 1, 2009, the maximum reimbursement will increase to $550.00 per month. Thereafter, the maximum reimbursement will increase effective each February 1 by the percentage increase in the Transportation Expenditure Category of the Consumer Price Index for All Urban Consumers (CPI-U): U.S. City Average for the previous year, as rounded to the nearest $5 increment. Employees seeking mileage reimbursement

must submit that request on a form provided by the Employer. Payment for mileage expenses will be made on a monthly basis. In the event that during the life of this Agreement the Employer shall implement for any group of employees an automobile expense reimbursement program which is more favorable to employees than the provisions of this paragraph, upon notice from the Union, the Employer will meet and discuss with representatives of the Union the possible application of said new program to employees covered by this Agreement.

Upon request by either party made no earlier than January 1, 2010, the parties shall meet to discuss any proposed changes to this Section 14.9.

Section 14.10 Filling of Permanent Vacancies

The Employer will post vacancies electronically on the City of Chicago CAREERS website. A copy of the posting will be provided to the Union at least 72 hours prior to the electronic posting. Said vacancy shall be posted for 14 days on the CAREERS website. The posting shall contain at least the following information: job title, qualifications, days off, shift, hours, work location, if known, and rate of pay. The posting shall also identify the number of positions to be filled. If the number to be filled changes, the Employer shall promptly notify the Union. Prior to the commencement of the selection process, the Employer will provide the Union with a list of qualified bidders.

Prior to notifying the successful bidder/applicant, the Employer shall give the Union a list of bidders identifying, where applicable, the successful bidder(s). Upon request, the Employer shall schedule a meeting with the Union to review the selection process, including the reasons for selection and rejection of bidders. This meeting shall include a review and discussion of documents considered during the hiring process, including documents such as the referral list, employment decision form, hiring information summary, and hiring criteria rating form. If requested, the Employer will furnish copies of such documents to the Union. Bidders who are not selected shall be so notified by the Department Head and informed of the reasons for non-selection.

The successful bidder for any jobs under this Section shall have an evaluation period, not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based on the employee's job performance at any time during that period that the successful bidder cannot perform the job, then the successful bidder shall be returned to the job he/she held just prior to the awarding of the bid, displacing, if necessary, any employee who has been placed into said job.

Section 14.11 Fitness for Duty

limitation that prevents the employee from being able to perform the essential duties of the position, an employee may be sent for a Fitness for Duty examination at the Employer's sole expense.

If the examination results in a determination that the employee is unfit for duty and the employee's physician certifies that the employee is fit for duty, the employee may elect or the Employer may require the employee, at the Employer's sole expense, to be subject to an independent medical examination ("IME") to determine if the employee is fit for duty. The Union shall select an examining independent physician who will conduct the IME from a list of at least three physicians with the appropriate medical specialty who have successfully completed the City's procurement process and are on a list of approved vendors. A laid-off employee may displace (bump) the least senior employee, if any, in the most recent lower job title the employee to be laid off has held, provided the employee to be laid off has the then present ability to perform the job to the Employer's satisfaction without further training.

Employees shall be recalled in the reverse order they were laid off.

The City of Chicago's essential mission is to provide service to its citizens in a safe and economic manner. the parties to this Agreement recognize that drug and alcohol abuse in the workplace has a deleterious effect on the health and safety of employees, as well as their morale and productivity, all of which creates an undue burden on the persons which the City and employees covered by this Agreement serve. Furthermore, the economic cost of providing health care services

to employees who abuse drugs and alcohol has put an increasing burden on the City's finance.

The Employer and the Union maintain a strong commitment to protect people and property, and to provide a safe working environment. To this end, the employer has also established its confidential Employee Assistance Program for employees with personal problems, including alcohol and substance abuse, and the parties to this Agreement urge employees who have such problems to utilize the Program's services.

To maintain a workplace which provides a safe and health work environment for all employees, the following drug and alcohol program is also established.

Section 18.2 Definitions

(h) Test: the taking and analysis of any body component sample, whether by blood, breath, urine, or in any other scientifically reliable manner, for the purpose of identifying, measuring or quantifying the presence or absence of drugs, alcohol or any metabolite thereof.

Section 18.3 Disciplinary Action

Further, employees shall not use, possess, dispense or receive prohibited items or substances on or at the Employer's premises, nor shall they report to work under the influence of drugs and/or alcohol.

(b) When, based upon the direct observation of two supervisors, the Employer has reasonable cause to believe that an employee is under the influence of a prohibited substance, the Employer shall have the right to subject that employee to a drug and alcohol test. At the Employer's discretion, the employee may be placed on administrative leave with pay until test results are available. If the test results prove negative,

the employee shall be reinstated. In all other cases, the Employer will terminate all employees who:

(c) Drug and alcohol testing will be conducted by an independent laboratory accredited by NIDA or any successor agency, and may consist of either blood or urine tests, or both. The Employer reserves the right to utilize a breathalyzer to test for the presence of alcohol, in lieu of other clinical testing.

(d) Laboratory testing procedures will conform to the procedures specified in the NIDA guidelines for federal workplace drug testing programs, dated April 11, 1988 and as may be amended hereafter by the relevant agency of the Department of Health and Human Services.

Any portion not used in the test will be preserved by scientifically reliable means for one (1) year following the test. Any employee whose test result is positive may elect, at his or her expense, to be retested by the same or other laboratory satisfactory to the Commissioner of Personnel, provided that the Employer's testing laboratory shall arrange for transmitting said sample to the second laboratory. Positive results of said retesting shall be conclusive as to the presence of alcohol or drugs. The failure to take a sufficient sample, or to preserve such sample, to allow for retesting, shall not affect the removal from eligibility of an applicant or personnel action, including discharge, of any employee.

(j) No laboratory report or test results shall appear in the incumbent's personnel file unless they are part of a

personnel action under this program, but shall be placed in a special locked file maintained by the Commissioner of Personnel, except as such disclosure may be required by this policy, law or ordinance.

Section 18.5 Employee Assistance Program

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary matter and may participate if they wish in the voluntary Employee Assistance Program. This article will not diminish any language to the contrary in any other Coalition Union Agreement.

Each party reserves the right to reopen this Agreement in order to further negotiate the Health Plan set forth in Article 9 for the following reasons:

1. Any change(s) in the applicable law(s), including but not limited to a universal, national or state health care program mandating significant changes in health insurance benefits that becomes law and is effective during the term of this Agreement;
2. The lack of achievement of health care cost containment as anticipated by the parties pursuant to the establishment and administration of the Labor-Management Cooperation Committee on health care, as defined below:
   (a) The parties charge the LMCC with the responsibility of approving Plan changes that will result in significant cost containment or savings, as measured by a projected increase of costs for any individual plan of no more than 8% in Fiscal Year 2009 and each fiscal year thereafter when compared to health care costs in Fiscal Year 2008 and each previous fiscal year thereafter, respectively.

(b) Should the Plan changes approved by the LMCC fail to result in such cost containment or savings as stated in subsection (a) above, the LMCC shall make such adjustments to the Plan as are necessary, including but not limited to adjustments in deductibles, co-pays and co-insurance, to prevent the cost increase from exceeding 8% as measured in subsection (a) above.

(c) Should the plan changes approved by the LMCC fail to achieve cost containment or savings as stated in subsections (a) and (b) above by the end of following fiscal year, either party may elect to reopen negotiations as set forth herein on the following specific topics:

- Health Plan set forth in Article 9;
- Structure of the LMCC;

FOUR 10-HOUR DAY WORKWEEK

Agree to the following in a side letter to this Agreement:

Since the Arbitrator issued his Opinion and Award dated June 21, 2007 in the Matter of Arbitration between the City of Chicago and Laborers Local 1001/Teamsters Local 726 ("Award"), the City and affected Coalition Unions have explored various approaches to resolving their dispute over the scope of the Award and the application of Section 3(a) of the Memorandum of Understanding dated July 18, 2005 entered into between the City and Coalition ("Section 3(a)"). In addition to amending Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek, the parties, in return, have discussed an agreement by the Unions to waive some or all of the monetary make whole remedies directed by the Arbitrator in his Award. Although the City is willing to amend Section 3(a) as requested by the Unions in order to conclude negotiations at the Coalition level, such willingness is contingent on the expectation that the affected Unions will reach agreement with the City to waive some or all of the monetary make whole remedies. Until such an agreement is reached, the affected Unions agree that the City shall not be obligated to implement the monetary make whole remedies in the Award. In addition, if such an agreement is not

reached by December 1, 2007, the parties shall submit the issues of the Unions' proposed amendment to Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek and the City's proposed relief from the monetary make whole remedy to an arbitrator for resolution.

TABLE OF CONTENTS

CITY OF CHICAGO
AGREEMENT WITH

Operating Engineers 150 - Deckhands

AGREEMENT

This Agreement is entered into by and between the City of Chicago, an Illinois Municipal Corporation (hereinafter called the "Employer") and the Operating Engineers 150 - Deckhands (hereinafter called "the Union"), for the purpose of establishing, through the process of collective bargaining certain provisions covering wages, and other terms and conditions of employment for the employees represented by the Union.

In recognition of the above, the Employer and the Union agree as follows:

ARTICLE 1
RECOGNITION

Section 1.1

The Employer recognizes the Union as the sole and exclusive bargaining agent for all employees in the following job classification:

Deck Hand

The Union is authorized to bargain collectively for such employees with respect to rates of pay, wages, hours and other terms and conditions of employment. The term "employee" as used

herein, refers to the above job classification, unless specified to the contrary.

ARTICLE 2
MANAGEMENT RIGHTS

Section 2.1

The Union recognizes that certain rights, powers, and responsibilities belong solely to and are exclusively vested in the Employer, except only as they may be subject to a specific and express obligation of this Agreement. Among these rights, powers, and responsibilities, but not wholly inclusive, are all matters concerning or related to the management of the Employer's operations and the administration thereof, and the direction of the working forces, including (but not limited to) the right to suspend, discipline, or discharge for just cause; to layoff by reason of lack of work, by reason of lack of funds or work, or abolition of a position, or material changes in duties or organization of the Employer's operations, or other economic reasons; to hire, classify, transfer and assign work, promote, demote, or recall; to make and enforce reasonable rules and regulations, to maintain order and efficiency; to schedule the hours of work; to determine the services, processes, and extent of the Employer's operation, the types and quantities of machinery, equipment and materials to be used, the nature, extent, duration, character and method of operation, including

(but not limited to) the right to contract out or subcontract; the right to determine the number of employees and how they shall be employed, and the quality and quantity of workmanship and work required to insure maximum efficiency of operations; to establish and enforce fair production standards; and to determine the size, number and location of its departments and facilities. All of the provisions of this Article are vested exclusively in the Employer, except as expressly abridged by a specific provision of this Agreement.

ARTICLE 3
NON-DISCRIMINATION

Section 3.1 Equal Employment Opportunities

The Union agrees to work cooperatively with the Employer to insure equal employment opportunities as required by law in all aspects of the Employer's personnel policies, and nothing in this Agreement shall be interpreted to cause a negative effect on said efforts. It is understood and agreed that this Article shall neither affect nor be interpreted to adversely ~~effect~~ **affect** the seniority provisions of this Agreement.

Section 3.2 No Discrimination

Neither the Employer nor the Union shall discriminate against any employee covered by this Agreement in a manner which would violate any applicable laws because of race, color,

religion, national origin, age, sex, marital status, mental and/or physical handicap or activity on behalf of the Union.

Section 3.3 Grievance of Alleged Violation

Grievances by employees alleging violations of this Article shall be resolved through Step II of the Grievance procedure of this Agreement, but shall not be subject to arbitration unless mutually agreed by the parties.

The provisions of Article 11 of this Agreement shall be available, and the Arbitrator may balance the Employer's obligations under the ADA and this Agreement and the employee's rights under this Agreement, provided that no incumbent employee shall be displaced by such decision of the Arbitrator.

ARTICLE 4

Similarly, if a majority of City unionized employees in non-prevailing wage rate classifications** receive a lump sum payment in any contract year, employees in non-prevailing rate classifications covered by this Agreement shall receive the same lump sum payment in any such year. The parties agree to confer regarding the timing, amount and implementation of any wage adjustment or lump sum payment under this Section prior to such adjustment being paid.

Section 4.6 Out of Grade Pay

An employee covered by this Agreement who is directed to and does perform substantially all of the duties and responsibilities of a higher rated job within the bargaining unit shall be paid at the higher rate or classification consistent with his own tenure for all such time from the first day of the assignment. The Employer agrees that it will make such assignments for not less than an employee's full work day. Such payment shall be made on the next regular payday or as soon thereafter as is possible, but in no event later than the pay period following the pay period in which the payment was earned.

The time limits for acting into higher rated jobs shall not exceed one hundred eighty (180) days, except where a regular incumbent is on leave of absence, in which case the time limit for acting into such position may not exceed one (1) year, and

no individual employee can act up into that position for more than ninety (90) days. The time limits may be extended by mutual agreement of the parties. If the one hundred eighty (180) day limit is extended to one (1) year due to a regular incumbent on leave of absence or by mutual agreement of the parties, individual employees shall not act into higher rated jobs for more than ninety (90) days per employee. To the extent that the Employer continues to require the performance of the duties of the higher rated job beyond the time limits set forth herein, the position shall be treated as a "permanent vacancy" within the meaning of Section - of this Agreement and the Employer shall post and fill the job as a "permanent vacancy" subject to the applicable provisions of that Section.

Section 4.7 Payment of Wages

(a) All regular base wages will be paid to employees not later than the next regular pay day following the end of the payroll period in which it is earned. All overtime or premium pay shall be paid to employees not later than the second regular pay day following the end of the payroll period in which it is earned. In the event of an arbitration involving a dispute arising solely under this Section, the losing party will pay the entire amount of the arbitrator's fee.

(b) In the event an employee's pay check, at the time specified in paragraph (a) above, fails to include all of the regular

base, overtime and/or premium pay to which he/she is entitled, the Department will correct that shortage provided the employee promptly notifies the Department's timekeeper in writing. Employees shall submit a payroll dispute to the Department timekeeper on the "Employee Payroll Inquiry Form" attached hereto as Appendix B. The employee's submission of such Form shall toll the period for processing a grievance filed by the employee or Union over such dispute. If the Department concludes that there is a shortage in the employee's paycheck, and if the amount in question exceeds $100.00, the Department will submit a supplemental payroll to the Comptroller to cover the shortage, and will issue the employee a check in that amount on the next scheduled check/deposit advice delivery date after the timekeeper is notified of the employee's complaint. Shortages less than $100.00 will be added to the employee's next regular pay check.

(c) Should an employee not receive this supplemental check (for a sum greater than $100.00) within the aforementioned check/deposit advice delivery date period, the Employer will pay to the employee the sum of $5.00 for every pay period thereafter until the full supplemental check is received.

(d) It is understood that pay shortages relating to newly-hired employees, persons returning from leaves of absence (including but not limited to duty disability), overtime earned under the City's emergency snow removal program, and

inaccuracies due to changes in payroll deductions, are excluded from the provisions of this Section. This paragraph does not supersede any other payment obligations with respect to the payments referred to in this paragraph which may be contained elsewhere in this Agreement.

(e) In order to provide a basis for ongoing discussion concerning the City's payroll practices, the parties will form a Labor Management Committee consisting of four (4) persons appointed respectively by the City and by the Coalition. The City's members of the Committee will consist of representatives from the Department of Personnel, the Office of Budget and Management, the Comptroller and the Director of Labor Relations. The Coalition, as it shall determine, shall select four (4) representatives to serve as members of the Committee. The Committee will meet not less than quarterly, or more frequently as the need may arise, to review ongoing issues regarding payroll, compliance with this Section, or other issues of mutual concern which may arise during the life of the parties' Agreement. In addition, at the request of the Coalition, the City may include from time-to-time a representative of the Coalition at the Comptroller's weekly staff meetings with Department heads to review and address pending payroll inquiries from bargaining unit employees.

ARTICLE 5
HOURS OF WORK AND OVERTIME

Section 5.1 The Workday and Work Week

This Article shall be to calculate overtime and shall not be a guarantee of work or hours for any day or week.

The normal work week shall consist of five (5) consecutive 8-hour days and two (2) consecutive days off, except where the Employer's operations require different scheduling needs. The Employer will notify the Union of these exceptions.

The work week shall be a regular recurring seven (7) day period beginning at 12:00 midnight (one minute after 11:59 P.M. Saturday) Sunday and ending at 12:00 midnight the following Sunday. The normal workday shall begin at 7:30 A.M. and end at 3:30 P.M., as directed by the Employer.

The Employer may change the time of its normal work day or work week upon reasonable notice to, and upon request, discussion with the Union.

Notwithstanding the foregoing, it is agreed that the Employer may change the established starting time of the Monday through Friday work day for a department, bureau, work unit, crew or individual upon fourteen (14) days written notice to the Union and affected employees, and discussion with the Union. Said starting times shall not be scheduled more than two (2) hours before the regular starting times currently in effect in

this Agreement. All such changes, unless otherwise agreed to by the parties, shall be in effect for a minimum of one (1) week, and shall provide for the same starting times each day of that period. No employee shall be placed on a split shift without agreement by the Union. Failure to comply with this provision shall result in the payment of appropriate premium time to affected employees.

Section 5.2 Overtime

All work performed in excess of 40 hours worked per week; or in excess of 8 hours worked per day when the employee has 40 hours of work or excused absences; or on Saturday as such when Saturday is not part of the employee's regular work week; or on the sixth consecutive day worked, shall be paid for at one and one-half (1 1/2) times the regular straight time hourly rate of pay. All work performed on Sunday, when Sunday is not part of the employee's regular work week; or the seventh consecutive day worked, shall be paid for at two (2) times the regular hourly rate of pay. Such overtime shall be computed on the basis of completed fifteen minute segments. Employees exempt from the Fair Labor Standards Act shall not be eligible for overtime under this Section. There shall be no pyramiding of overtime and/or premium pay. Daily and/or weekly overtime and/or premium pay shall not be paid for the same hours worked.

All overtime earned under this Section shall be paid to employees, not later than the second regular payday following the end of the payroll period in which it is earned.

Section 5.3 Overtime Equalization

A reasonable amount of overtime and/or premium time shall be a condition of continued employment. Overtime and/or premium time referred to in this Agreement, shall be offered first to the employee doing the job. All overtime will be distributed as equally as feasible over a reasonable period of time among the employees within the same classification and within the same work location.

Section 5.4 Reporting Pay

When an employee reports for his or her regularly scheduled shift, the employee shall receive a minimum of two (2) hours work or pay at the employee's regular straight time hourly rate, unless the employee was told at least three hours prior to his or her normal starting time not to report for work, except for reasons beyond the Employer's control. To be eligible for pay under this provision, employees must advise the designated person within the Department of his or her current telephone number.

If the employee works more than two (2) hours, he or she shall receive a minimum of four (4) hours work or pay for that day. If the employee works more than four (4) hours, he or she

shall be guaranteed eight (8) hours work or pay for that day. An employee who does not complete a normal eight (8) hour shift because he or she is sent home by the Employer shall have the option of using a portion of accrued vacation, personal or compensatory time for that day upon notice to the Employer.

Section 5.5 Call-In Pay

Except as otherwise agreed in writing, employees called in outside of their regular working hours shall receive a minimum of two (2) hours pay at the appropriate overtime rate from the time that they arrive at their workplace.

The term "call-in pay" as used in this Section shall refer to an employee being brought back to work outside of his/her normal work day, and shall not refer to any situation where the employee is brought into work or required to stay at work during periods which are contiguous to his/her regularly scheduled shift.

Section 5.6 Emergency Call Pay

In the event a General Foreman or Foreman is directed by the Employer to respond to emergency calls from home and outside of his or her regular working hours, he or she will be granted compensatory time at the appropriate rate for all verified time spent responding to the emergency from home, with a minimum of 15 minutes of compensatory time to be granted in any calendar

day on which any such emergency responses were required, up to a maximum of two hours of compensatory time in any calendar day.

Section 5.7 Compensatory Time

Any banked overtime and/or compensatory time which employees have accumulated as of June 1, 2018 in excess of 160 hours shall be paid to employees in the form of cash within 30 days following June 1, 2018.

Employees who receive compensatory time under this agreement may elect to have such compensatory time paid out in the form of pay not later than the second regular payday following the end of the payroll period in which it is earned or may accumulate such time up to a maximum of 160 hours.

Use of compensatory time shall be subject to the operational needs of the Employer. All accumulated compensatory time in excess of 160 hours which has not been used or scheduled by June 1 in any calendar year will be paid to employees in the form of cash at their current rate of pay. Nothing herein shall be construed as to allow the Employer to force an employee to use accrued compensatory time.

Section 6.1 Current Holidays

a) Full-time hourly employees shall receive eight hours straight-time pay for the holidays set forth below:

1. New Year's Day
2. Dr. Martin Luther King's Birthday
3. Casimir Pulaski Day
4. Memorial Day
5. Independence Day
6. Labor Day
7. Columbus Day
8. Thanksgiving Day
9. Christmas Day

provided the employee works the full scheduled workday immediately preceding and the full scheduled workday immediately following such holiday.

b) The benefits set forth in (a) above shall be paid provided the employee is in pay status the full scheduled work day immediately preceding and the full scheduled work day immediately following such holiday, or is absent from work on one or both of those days with the Employer's permission; such permission shall not be unreasonably denied.

c) Employees covered by this Agreement including probationary employees shall be entitled to one (1) paid personal day in each year of this Agreement. At the employee's option, the personal day may be scheduled in accordance with the vacation selection procedures set forth in Article 7 of this

Agreement. If the employee elects not to schedule said personal day in advance under the vacation selection procedures as provided above, such day shall be designated by the employee and shall not be denied by the Employer. If the employee is required or allowed to work on such designated day, the employee shall receive the appropriate holiday premium rate. An employee may elect to carry over the personal day to the following calendar year provided such carry over shall not exceed five (5) personal days. Employees may not designate such personal day in connection with an existing holiday, Good Friday, or a vacation schedule unless requested by the employee upon ten (10) days written notice and approved by the Employer. New employees who commence work for the Employer after June 30 shall not be eligible for this personal day until the following calendar year.

Section 6.2 Payment for Holiday

If an employee is scheduled to work on any calendar holiday as specified in Section 6.1 he/she shall be paid at the rate of two (2) times (which includes holiday pay) his/her normal hourly rate for all hours worked.

If the employee is not required to work on a calendar holiday specified in Section 6.1, such employee shall be paid eight hours at straight time for such holiday.

All holiday time shall be considered time worked for the purposes of computing overtime except where the holiday falls on the employee's day off.

Whenever said holiday falls during an employee's vacation period the Employer shall have the option of granting the employee an extra day's pay or an extra day of vacation at a time mutually agreed upon between the employee and the department head, provided the employee works the full scheduled workday immediately preceding and the full scheduled workday immediately following such vacation period, unless such absence is for a reason the Employer finds to be valid.

ARTICLE 7
VACATIONS

Section 7.1 Amount

Employees shall be eligible for paid vacations as of January 1 of each year following the year in which they were employed. An employee will earn the following amounts of paid vacation, based on such employee's continuous service prior to July 1, following his/her January 1 eligibility.

Continuous Service prior to July 1	Vacation
Less than 6 years	13 days
6 years or more, but less than 14 years	18 days
14 years or more	23 days
after 24 years	24 days
after 25 years	25 days

Section 7.2 Pro Rata Vacation

An employee shall be eligible for pro rata vacation if:

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by 12; the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 7.1 above. Any fraction is rounded off to the nearest whole number of days. Employees separated from employment, other than for cause, will be paid on a supplemental payroll as soon as practicable following the last day worked.

Part-time employees who work at least 80 hours per month earn vacation on a pro rata basis calculated in accordance with the formula used by the Employer in accordance with past practice.

Section 7.3 Forfeit of Vacation

All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee elects in writing to carry over **vacation days (**up to three **(3)** ~~such~~ ~~vacation~~ days **of accrued and unused vacation days for employees with less than ten (10) years of service, and up to five (5) days of accrued and unused vacation days for employees with ten (10) or more years of service)** for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to the employer before

December 15 of the vacation year. **Carry over days shall not count against an employee's maximum number of single use vacation days provided for under this Agreement.** ~~Such~~ carry over vacation days must be scheduled **in the then current year for use in the next year. Cancellation or re-scheduling of carry over days shall be controlled by the provisions set forth in the Agreement under Vacation Picks,** ~~upon mutual agreement of the employer, which agreement shall not be unreasonably denied or withheld,~~ and such carry over days must be taken on or before ~~April~~ **June** 30 of the next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). **Nothing herein shall limit or prohibit the Employer from allowing the employee to reschedule carry over before June 30th, or approving the rescheduling of carry over days beyond June 30th.** Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 7.4 Employees Laid-Off or Discharged

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of**

discharge is entitled to the amount of vacation pay in their bank at the time of resignation. Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of 30 days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 12 of this Agreement. In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 7.5 Rate of Pay

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being taken, times 8 hours per day, times the number of days' vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 7.6 Selection

Vacation picks will be granted by classification seniority, in the department, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who can be on vacation at any one time without hindering the operation of the Department. The Department will not designate any time or period during the calendar year when

eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall

occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

~~Section 7.7 Reciprocity With Other Agencies~~

~~Any employee of the City of Chicago hired prior to April 9, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation time accrued while working for another public agency is not transferable. Employees hired after April 9, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the~~

~~City for vacations, provided a majority of other employees of the Employer receive such credit.~~

Section 7.8 Non-Consecutive Vacation Days

Employees may receive up to ~~five~~ **six** of their vacations days one or more days(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection)**. Such days(s) off shall be approved by the employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday - Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the**

employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.

Employees may designate and use at their option up to ~~five (5)~~ **six (6)** of their vacation days in each year of this Agreement as sick days to cover periods of bonafide medical illness **or the illness of family members, who shall include (or may be expanded upon by the City): (i) mother, father, husband, wife, brother or sister (including blood, step or half), son or daughter (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic partner is registered with the Department of Human Resources.** The Employer reserves the right to ask the employee to furnish proof of said illness. An employee desiring to use vacation days as sick days under this provision shall inform the representative of the Employer who employees are told is designated for such purposes of that fact at the time he/she calls in to report an illness. Salaried employees who currently are receiving sick days under this Agreement shall be ineligible to use vacation days as sick days while they have available unused sick days.

ARTICLE 8

Section 8.1 Definition

Continuous service means continuous paid employment from the employee's last date of hire, without a break or interruption in such paid employment. In addition, an employee earns continuous service credit even though he or she is not paid for:

1. An unpaid leave of absence of one year or less or layoff of 30 days or less; or
2. An absence where the employee is adjudged eligible for duty disability compensation.

Section 8.2 Interruption in Service

(a) Non-seasonal employees who work a minimum of eighty (80) hours per month shall be credited with continuous service for the time worked. Continuous service credit will not be earned for:

(1) absences without leave

(2) absences due to suspension

(3) Unpaid leaves of absence for more than 30 days or layoff for more than 30 days, unless employees are allowed to accumulate seniority under this Agreement.

(b) Seasonal employment of 120 days or less in any calendar year shall not be credited toward continuous service for the time worked.

(c) Seasonal employment in excess of 120 days in any calendar year shall be credited toward continuous service.

~~**Section 8.3 Reciprocity**~~

~~Employees hired prior to April 9, 1986 who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Housing Authority, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, Public Building Commission of Chicago, the Chicago Urban Transportation District and the Regional Transportation Authority shall have the period of such service credited and counted for the purpose of advancement within longevity salary schedules. However, employees hired after April 9, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules provided a majority of other employees of the Employer receive such credit.~~

Section 8.4 Break in Service

Notwithstanding the provisions of any ordinance or rule to the contrary, continuous service of an employee is broken, the employment relationship is terminated, and the employee shall have no right to be rehired, if the employee quits, is discharged, retires, is absent for five (5) consecutive work days without notifying the employee's authorized Employer representative unless the circumstances preclude the Employee, or someone on his behalf, from giving such notice, does not actively work for the Employer for twelve (12) months (except for approved full time Union representative leaves or medical leaves of absence and duty disability leaves), or is on layoff for more than twelve (12) consecutive months if the employee has less than five (5) years of service at the time of the layoff, or is on layoff for more than two (2) years if the employee has five (5) or more years of service at the time of the layoff.

Section 8.5 Probationary Employment

New employees, **hired after ratification of this Agreement,** will be regarded as probationary employees for the first ~~six (6)~~ **twelve (12)** months of their employment and will receive no seniority or continuous service credit during such probationary period. Probationary employees continuing in the service of the Employer after ~~six (6)~~ **twelve (12)** months shall be career service employees and shall have their seniority date made retroactive to the date of their original hiring. Probationary

employees may be disciplined or discharged as exclusively determined by the Employer and such Employer action shall not be subject to the grievance procedures, provided that, **(1) after the first six (6) months of the probationary period, if the Employer intends to impose a disciplinary suspension on the probationary employee where the suspension would result in a loss of pay, prior to imposing the suspension, except in emergency or where the employee is unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee to discuss and allow the employee to respond to the accusations, and/or (2)** if the Employer, within its discretion, rehires a former employee who did not complete his/her probationary period within one year from the employee's termination, and said former employee had served 90 days or more of his/her probationary period, all time previously served in the probationary period shall be counted for purposes of determining when the said employee completes his/her probationary period. A probationary employee who has served 90 days or more of his/her probationary period and who is laid off shall be given preference over other applicants for employment in the same job title in the department from which he/she was laid off, so long as he/she does not refuse an offer of employment, and does not suffer a break in service under Section 8.4 of this Agreement. **Seasonal**

employees who have worked without a break in service or who have worked more than twelve (12) consecutive months and bid into (or otherwise become) career service position/employees, shall not have to serve the above twelve (12) month probationary period, but shall have an evaluation period not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based upon the employee's job performance at any time during the evaluation period that the employee cannot perform the job, then he/she shall be returned to the seasonal position held just prior, displacing, if necessary, any employee who has been placed into said job.

Probationary employees shall not be eligible for dental or vision insurance but shall receive all other benefits under this Agreement. Probationary employees shall be compensated at the same rate as career service employees.

Section 9.2 Joint Labor Management Cooperation Committee On Health Care

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Labor Management Cooperation Committee ("LMCC") pursuant to applicable state and federal law. The purpose of the LMCC is to research and make recommendations and decisions within its authority related to the achievement of significant and measurable savings in the cost of employee

health care during the term of this Agreement. The Parties shall memorialize their intent to create this LMCC by executing an Agreement and Declaration of Trust ("Trust Agreement") contemporaneously with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago. The parties will work through the LMCC to identify changes that will result in the required savings. If, prior to January 1, 2020, the parties have not reached agreement upon the proposed changes, each party will submit its offer of proposed changes and the amount proposed to be reduced, including the methodology for estimating the value of the proposed changes, to a mutually agreed upon arbitrator, who will be limited to selecting either the City's or the Coalition Unions' offer. The offer selected by the arbitrator will be binding on the parties and on the LMCC.

Section 9.6

The City agrees to provide representatives from the Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant

Section 10.6 Medical Leaves

Non-probationary employees shall be granted medical leaves of absence upon request. - Up to four (4) weeks paid maternity leave to a birth mother to recover from a non-surgical delivery; or
- Up to six (6) weeks paid maternity leave to a birth mother to recover from a C-section delivery; or
- Up to two (2) weeks paid parental leave for the birth of a child or children by an employee spouse or domestic partner of the birth mother; or
- Up to two (2) weeks paid parental leave for the adoption of a child or children by an employee or the spouse or domestic partner of the employee.

For eligible non-salaried employees compensation shall be based on the employee's scheduled work hours.

Paid parental leave may be combined with other earned paid time-off, such as vacation and/or sick time, to achieve the

maximum amount of paid time off from work while taking FMLA leave. Notwithstanding any other provision of this agreement, paid parental leave shall be granted only as part of an approved FMLA leave and may not be used as intermittent leave.

Section 10.9 Sick Leave

Effective January 1, 1998 and thereafter, salaried employees who receive paid sick time shall accrue sick time at the rate of one (1) day for each month of employment. Employees may use up to six (6) days of sick time per year for the bona fide illness of family members, who shall include (or may be expanded upon by the City): (i) mother, father, husband, wife, brother or sister (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic partner is registered with the Department of Human Resources. In the event an employee experiences a serious health condition within the meaning of the Family Medical Leave Act, ~~is hospitalized,~~ upon request of the employee, the Employer will make available to said employee up to the full amount of sick time the employee would have accrued for the remainder of that calendar year as if he/she were actively employed, in order to cover the absence resulting from the hospitalization and

recovery. Upon his/her return to work, the employee will begin to accrue sick time with the start of the next calendar year. The Employer reserves the right to require an employee to provide documentation of the illness in question.

ARTICLE 11
DISCIPLINE AND GRIEVANCE/ARBITRATION

Section 11.1

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union. Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearings, provided that said employee shall be guaranteed, upon a request, a full hearing before said Board in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has seven (7) days from receipt of the notice to appeal. If the employee does not file an appeal within the seven (7) day period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30 day notice period and the employee shall remain on the payroll for the full notice period, except if prior to completion of the 30 day notice period, (1) the Hearing Officer affirms the

discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event many the employee require the Employer to retain the employee on the payroll beyond the 30 day period. The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that he/she is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the

employee's immediate supervisor shall meet with the employee and notify him/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy Section 11.1 shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a statement of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not to exceed eighteen (18) months and shall thereafter not be used as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not

use said record of the discipline action against the employee, or in the case of promotions or transfers.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is the subject of the disciplinary investigation of the pendency of the investigation and its subject matter, within 30 calendar days of the Employer being made aware of the alleged rule violation. For purposes of this Section, the term "non-egregious offense" shall not include indictable criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a pre-disciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police Board is reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee

petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this Agreement.

Section 11.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1.

Within five (5) working days after an employee receives written notice of any proposed disciplinary action, including a suspension for ten (10) days or less which is not appealable to the Personnel or Police Board, or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union, the Employer shall conduct a meeting with the Union and employee. Discipline shall be administered as soon as possible after the Employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting or further investigation, the Employer may request in writing to the department head for review of the said disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days of receipt of written notice of

discipline. Said review form shall be printed on the back of or attached to the notice or discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2.

Within three (3) working days or any mutually agreed upon extension after the department head or designee receives the employee's request for review, the department head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and Union representative, if any, will be heard and provided the opportunity to ask questions. The department head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required. The absence of such agreement or failure to decide and communicate such decision will result in automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3.

Where further investigation is agreed upon, a second meeting shall be held between the department head or designee and the employee and the Union representative to discuss the results of the investigation. Said meeting shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The department head or designee shall render a written decision within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4.

If the matter is not settled in Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedure for arbitration shall be the same as in 11.3, Step III.

Section 11.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 11.1 and 11.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next Step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - Immediate Supervisor

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union Representative and/or the employee shall have the right to make an appeal in writing to the Department Head or the Department Head's designee, within seven (7) working days after the date of the receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head's designee shall be posted for employees in areas where employee notices are normally posted and submitted to the Union. Failure to post and so notify the Union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or the Department Head's designee shall have the

requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this paragraph shall be construed to relieve the City and the Union from their obligations to otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second Step, the Union or the Employer may request final and

binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected employee representative of the group or class. A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following instructions or orders the employee does not waive his/her right to process the grievance. Refusal to follow instructions or orders, shall be cause for discipline.

Step III - Arbitration

If the matter is not settled in Step II, the Union or the Employer, but not an individual employee or employees, may

submit the dispute to arbitration by serving a written request to arbitrate to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the

Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party

Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this Agreement shall be the sole source of any

rights which either party may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. ADVANCED GRIEVANCE STEP FILING

Certain issues which by nature are not capable of being settled at a preliminary step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the grievant/Union at Step II.

B. PERTINENT WITNESSES AND INFORMATION

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance

under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone, to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator from a group of arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-established hearing date per month for the arbitration of grievances.

Section 11.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her

administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any non-governmental agency relating to any matter or issue under investigation.

K. The results of a polygraph examination shall not be used against an employee in any forum adverse to the employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to the administration of the examination. The results of

any polygraph examination shall be known to the employee within one week.

L. This Section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the charges against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the same forum as, grievances which protest said disciplinary action, except as provided in paragraph O(2) below. If no disciplinary action is brought against the employee following the conclusion of the Inspector General's investigation, no grievance concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights enumerated in this Section 11.4, shall be suppressed

and shall not be used by the Employer for any disciplinary action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the Municipal Code of the City of Chicago regarding the Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2)(b)(2) Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators. Thereafter, the parties will meet to strike names from the list, with the Employer striking first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may mutually agree. The arbitrator's jurisdiction shall be limited to determining if the Inspector

General obtained evidence or statements in violation of paragraph O(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to rule on the merits of any underlying discipline or take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

ARTICLE 12
NO STRIKES-NO LOCKOUT

Section 12.1 No Strikes

The Union agrees that during the life of this Agreement, there shall be no strikes (including, but not limited to sympathy strikes and strikes to protect union or third party

conduct), work stoppages, slowdowns, picketing, delays of work of any kind.

Section 12.2 Union Efforts

The Union agrees that it will use its best efforts to prevent any acts forbidden in this Article and that in the event any such acts take place or are engaged in by any employee or group of employees in the Union's bargaining unit, the Union further agrees it will use its best efforts to cause an immediate cessation thereof. If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 12.3 Discipline

The Employer may terminate the employment of or otherwise discipline any employee or employees who have been found to have engaged in any act forbidden in this Article.

Section 12.4 No Lockout

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 13
DUES CHECK-OFF AND FAIR SHARE

Section 13.1 Indemnification/Authorization

The Employer, upon receipt of a validly executed written authorization card, shall deduct Union dues and initiation fees from the payroll checks of all employees so authorizing the deduction in an amount certified by the Union, and shall remit such deductions on a semi-monthly basis to the Union. Authorization for such deduction shall be irrevocable unless revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court and other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 13.1, 13.2, 13.3 and 13.4 of this Article, or in reliance on any list, notice, certification or assignment furnished under any of such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The Employer shall provide to the Union within thirty (30) days the name, address, classification, rate of salary and starting date of any new employee hired into the Union's bargaining unit.

The City and the Coalition Unions will create a committee to review and explore the feasibility of using electronic records and/or electronic signatures consistent with state and federal law which allows the City and the Union to use electronic authorization to verify union membership and/or authorize voluntary deduction of Union dues and fees from wages or payments for remittance to the Union.

Section 13.2 Fair Share

It is further agreed that 30 days after the later of the execution of the Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union and shall remit such deductions to the Union at the same time that the dues check-off is remitted. It is understood that the amount of deductions from said non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.3 Right of Non-Association

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

Section 13.4 Condition of Employment

Each employee who on the effective date of this Agreement is a member of the Union, and each employee who becomes a member after that date, shall, as a condition of employment, maintain his/her membership in the Union during the term of this Agreement.

Any present employee who is not a member of the Union shall, as a condition of employment, be required to pay a fair share (not to exceed the amount of Union dues) of the cost of the collective bargaining process and contract administration. All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, 30 days after the later of the execution of this Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and contract administration and pursuing matters affecting wages, hours and other conditions of employment.

ARTICLE 14
MISCELLANEOUS

Section 14.1 Job Titles

The Employer will notify the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto. If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the jurisdiction of another bargaining unit without the mutual agreement of the unions involved.

Section 14.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day, or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another Union shall not perform the work of said employees. For example, if a Deck Hand is on

vacation, a Marine Pilot shall not be assigned as a replacement Deck Hand. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 14.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 11 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 11 of this

Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

Section 14.4 Deferred Compensation

The Employer's policy which is in effect at the execution of this Agreement, pertaining to deferred compensation, shall be

afforded to all employees of the Employer without change during the term of this Agreement.

The Employer will make contributions, on a dollar-for-dollar basis, under a 401(a) Plan (or any similar successor Plan agreed to by the Coalition Unions) up to the maximum total amounts per year shown below based on amounts deferred by each employee in those same years to that employee's 457 Plan, as follows:

a. January 1, 2020 - up to $250 per year

b. January 1, 2021 - up to $250 per year

c. January 1, 2022 - up to $500 per year

The City shall advise the unions at least semi-annually, of the total contributions it has made.

Section 14.5 Rules of Conduct Changes

When the Employer proposes to initiate reasonable changes or additions to its rules of conduct, which could subject Employees to discipline, the Employer shall transmit four (4) copies of the proposed changes or additions to the Union. The Union will consider the proposals, and upon request, the Employer will meet with the Union within twenty (20) calendar days of the receipt of the proposals to receive the Union's comments. Absent an emergency, the Employer will not implement its proposed changes or additions until the Union has had a reasonable opportunity to present its views and discuss the

proposals with the Employer. No such changes or additions shall be implemented without prior publication and notice to the affected Employees.

Section 14.6 Safety

The Employer shall provide a safe and healthful working environment for employees covered by this agreement including in accordance with applicable federal and state occupational safety and health laws, and shall maintain in good and safe working condition all equipment necessary for the safe and proper performance of the job.

In furtherance of those efforts, a City joint safety committee shall be established which shall be composed of six (6) representatives of the Union Coalition and six (6) representatives of the Employer. The purpose of the committee shall be to discuss, examine and to make recommendations concerning occupational safety and health issues affecting employees. All recommendations of the committee with respect to safety and health issues shall be submitted in writing to the appropriate Department Head with a copy to the Union and the Director of Labor Relations. The Department Head shall promptly issue a written response to the committee as to the Department's views regarding the committee's recommendations.

The parties may decide, from time to time, to refer certain safety issues and concerns to the personnel of the affected

Department(s) responsible for safety matters and Union representatives of the affected employee(s). The Department safety personnel will meet and confer with a representative of the affected Union about such issues and report back to the Committee on any decisions or recommendations concerning them.

The joint safety committee shall meet at least once a month, or otherwise by mutual agreement.

The parties agree and understand that if an employee is faced with an unsafe working condition, the employee is required to perform the task in question unless the employee's performance of an assigned task presents the strong likelihood of subjecting the employee to imminent danger of death or serious injury. If the employee, with no reasonable alternative, refuses in good faith to perform that task and expose himself to that dangerous condition, the employee will not be subject to discipline. In order to avoid discipline under this paragraph, the condition must be of such a nature that a reasonable person, under the circumstances, would conclude that there is a real, substantial, and imminent danger of death or serious injury. In addition, the employee must also have sought from the Employer, and have been unable to obtain, correction of the situation before refusing to perform the task in question.

Section 14.8 Subcontracting

The Employer shall not contract or subcontract out bargaining unit work to any person, contractor or employer who is not in compliance with the area standards established under and pursuant to the formula used by the United States Department of Labor in administering the Davis-Bacon Act. Notice of any such contracting or subcontracting shall be given to the Union at least thirty (30) days prior to its effective date. The notice shall be in writing and shall contain the name and address of the party who will perform the work, a description of the work to be performed and any other relevant data to enable

the Union to determine compliance with this Section. In the event such party is determined not to be in compliance with the said area standards, the Employer shall withhold payouts and shall not contract or subcontract further with any such party until the Union and the Employer receive a written and enforceable assurance of compliance.

In the event that the Employer determines to subcontract unit work under this Agreement, and as a result bargaining unit employees would be laid off by the proposed subcontracting, the Employer shall make available, on a seniority basis, equal-rated permanent jobs which the Employer has declared to be vacant in the affected Department, or other departments, as the case may be, in that order, provided the laid off employees have the then present ability to perform the required work without further training. However, the employee shall be provided with a reasonable amount of orientation to allow him or her to perform the work.

Prior to sub-contracting of bargaining unit work, the Employer, the Union, and the proposed sub-contractor shall meet to discuss the employment of employees subject to layoff. During that meeting the Employer will request and urge that the sub-contractor hire laid off employees.

Section 14.9 Automobile Reimbursement

Employees who are required by the Employer to use their own automobiles in the performance of their job shall receive mileage reimbursement at the then effective rate recognized by the Internal Revenue Service, with a maximum of $250 per month. On the effective date of this Agreement, following its ratification by all parties, the maximum reimbursement will increase to $350.00 per month. Effective February 1, 2008, the maximum reimbursement will increase to $450.00 per month. Effective February 1, 2009, the maximum reimbursement will increase to $550.00 per month. Thereafter, the maximum reimbursement will increase effective each February 1 by the percentage increase in the Transportation Expenditure Category of the Consumer Price Index for All Urban Consumers (CPI-U): U.S. City Average for the previous year, as rounded to the nearest $5 increment. Employees seeking mileage reimbursement must submit that request on a form provided by the Employer. Payment for mileage expenses will be made on a monthly basis. In the event that during the life of this Agreement the Employer shall implement for any group of employees an automobile expense reimbursement program which is more favorable to employees than the provisions of this paragraph, upon notice from the Union, the Employer will meet and discuss with representatives of the

Union the possible application of said new program to employees covered by this Agreement.

Upon request by either party made no earlier than January 1, 2010, the parties shall meet to discuss any proposed changes to this Section 14.9.

Section 14.10 Filling of Permanent Vacancies

The Employer will post vacancies electronically on the City of Chicago CAREERS website. A copy of the posting will be provided to the Union at least 72 hours prior to the electronic posting. Said vacancy shall be posted for 14 days on the CAREERS website. The posting shall contain at least the following information: job title, qualifications, days off, shift, hours, work location, if known, and rate of pay. The posting shall also identify the number of positions to be filled. If the number to be filled changes, the Employer shall promptly notify the Union. Prior to the commencement of the selection process, the Employer will provide the Union with a list of qualified bidders.

Prior to notifying the successful bidder/applicant, the Employer shall give the Union a list of bidders identifying, where applicable, the successful bidder(s). Upon request, the Employer shall schedule a meeting with the Union to review the selection process, including the reasons for selection and rejection of bidders. This meeting shall include a review and discussion of documents considered during the hiring process,

including documents such as the referral list, employment decision form, hiring information summary, and hiring criteria rating form. If requested, the Employer will furnish copies of such documents to the Union. Bidders who are not selected shall be so notified by the Department Head and informed of the reasons for non-selection.

The successful bidder for any jobs under this Section shall have an evaluation period, not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based on the employee's job performance at any time during that period that the successful bidder cannot perform the job, then the successful bidder shall be returned to the job he/she held just prior to the awarding of the bid, displacing, if necessary, any employee who has been placed into said job.

Section 14.11 Fitness for Duty

If the Employer observes and has reasonable cause to believe the employee has a medical condition or significant limitation that prevents the employee from being able to perform the essential duties of the position, an employee may be sent for a Fitness for Duty examination at the Employer's sole expense.

If the examination results in a determination that the employee is unfit for duty and the employee's physician certifies that the employee is fit for duty, the employee may

elect or the Employer may require the employee, at the Employer's sole expense, to be subject to an independent medical examination ("IME") to determine if the employee is fit for duty. The Union shall select an examining independent physician who will conduct the IME from a list of at least three physicians with the appropriate medical specialty who have successfully completed the City's procurement process and are on a list of approved vendors. The determination of the independent physician and the IME shall be final and binding. The employee shall execute all HIPAA waivers and other forms necessary in order to permit access to all medical records related to his/her condition, and the City shall agree to secure and maintain the confidential nature of all medical records obtained through this process.

Thereafter, the least senior employee in the affected job classification shall be laid off first, provided the ability, qualifications to perform the required work, and the employee's job performance are equal among the other employees in the job in the department. "Seniority" shall

mean, for purposes of this Section, the employee's continuous service in the job title (time-in-title).

Employees shall be recalled in reverse order they were laid off.

ARTICLE 16

Section 16.1

In the event any ~~of the~~ provision~~s~~ of this Agreement shall be or become invalid or unenforceable by reason of any **final and binding court decision, as well as any** Federal or State Law or Local Ordinance now existing or hereinafter enacted, such invalidity or unenforceability shall not affect the remainder of the provisions hereof, **which shall remain in full force and effect. The invalid or unenforceable provision shall be subject to re-negotiation by the Parties within a reasonable period of time.** ~~The parties agree to meet and adopt revised provisions which would be in conformity with the law.~~

The Employer may be able to change or set rules of access, provided that any change in current practices must be reasonable and subject to the grievance procedure.

ARTICLE 18
DRUG AND ALCOHOL PROGRAM

Section 18.1 Policy Statements

The City of Chicago's essential mission is to provide services to its citizens in a safe and economic manner. The parties to this Agreement recognize that drug and alcohol abuse in the workplace has a deleterious effect on the health and safety of employees, as well as their morale and productivity, all of which creates an undue burden on the persons which the City and the employees covered by this Agreement serve. Furthermore, the economic cost of providing health care services to employees who abuse drugs and alcohol has put an increasing burden on the City's finances.

The Employer and the Union maintain a strong commitment to protect people and property, and to provide a safe working environment. To this end, the employer has also established its confidential Employee Assistance Program for employees with personal problems, including alcohol and substance abuse, and the parties to this Agreement urge employees who have such problems to utilize the Program's services.

To maintain a workplace which provides a safe and healthy work environment for all employees, the following drug and alcohol program is also established.

Section 18.2 Definitions

(a) Alcohol: Ethyl alcohol

(b) Prohibited Items and Substances: all illegal drugs and controlled substances, alcoholic beverages, and drug paraphernalia in the possession of, or being used by, an employee on the job or the premises of the Employer.

(c) Employer Premises: all property, facilities, land, buildings, structures, automobiles, trucks and other vehicles owned, leased or used by the Employer, job sites or work locations and over which the Employer has authority as employer.

(g) Under the Influence: any mental, emotional, sensory or physical impairment due to the use of drugs or alcohol.

(h) Test: The taking and analysis of any body component sample, whether by blood, breath, urine, or in any other scientifically reliable manner, for the purpose of identifying, measuring or quantifying the presence or absence of drugs, alcohol or any metabolite thereof.

Section 18.3 Disciplinary Action

(a) All employees must report to work in a physical condition that will enable them to perform their jobs in a safe manner. Further, employees shall not use, possess, dispense or receive prohibited items or substances on or at the Employer's premises, nor shall they report to work under the influence of drugs and/or alcohol.

(b) When, based upon the direct observation of two supervisors, the Employer has reasonable cause to believe that an employee is under the influence of a prohibited substance, the Employer shall have the right to subject that employee to a drug and alcohol test. At the Employer's discretion, the employee may be placed on administrative leave with pay until test

results are available. If the test results prove negative, the employee shall be reinstated. In all other cases, the Employer will terminate all employees who:

(i) test positive for drug and/or alcohol use;

(ii) refuse to cooperate with testing procedures;

(iii) are found to be under the influence of drugs or alcohol while on duty and on the Employer's premises;

Section 18.4 Drug and Alcohol Testing

(a) The Employer may require drug and/or alcohol testing under the following conditions:

(i) a test may be administered in the event that two supervisors have reasonable cause to believe that an employee has reported to work under the influence of or is at work under the influence of drugs or alcohol;

(ii) a test may be required if an employee is involved in a workplace accident or fighting;

(iii) a test may be required as part of a follow-up to counseling or rehabilitation for substance abuse for up to a one year period.

(iv) a random test may be required in accordance with the Federal regulations applicable to marine employers, and consistent with the applicable protocols and procedures established by the City for the random testing of employees holding commercial driver's licenses.

(b) Employees to be tested will be required to sign a consent form and chain of custody form, assuring proper documentation and accuracy. If an employee refuses to sign a consent from authorizing the test, he or she will be subject to termination.

(c) Drug and alcohol testing will be conducted by an independent laboratory accredited by the NIDA or any successor agency, and may consist of either blood or urine tests, or both. The Employer reserves the right to utilize a breath analyzer to test for the presence of alcohol, in lieu of other clinical testing.

(d) Laboratory testing procedures will conform to the procedures specified in the NIDA guidelines for federal

workplace drug testing programs, dated April 11, 1988 and as may be amended hereafter by the relevant agency of the Department of Health and Human Services.

(e) Initial and confirmatory test results which meet or exceed the cutoff levels for drugs set forth in the NIDA guidelines (and as they may be amended) shall be regarded as "positive," and shall presumptively establish that the tested employee was under the influence of drugs.

(g) The cost of initial and confirmatory testing will be borne by the Employer.

(h) Drug and alcohol test results shall be reported to the Commissioner of Personnel or his designee in the manner to be prescribed by the Commissioner. The applicant or incumbent shall be notified of the test results in writing. The Commissioner will inform the applicable department head of any employee who tests positive for alcohol or drugs, who in turn will initiate disciplinary proceedings under Section 18.3 above.

(i) All urine or blood samples shall be taken in sufficient quantity as to allow for retesting. Any portion not

used in the test will be preserved by scientifically reliable means for one (1) year following the test. Any employee whose test result is positive may elect, at his or her expense, to be retested by the same or other laboratory satisfactory to the Commissioner of Personnel, provided that the Employer's testing laboratory shall arrange for transmitting said sample to the second laboratory. Positive results of said retesting shall be conclusive as to the presence of alcohol or drugs. The failure to take a sufficient sample, or to preserve such sample, to allow for retesting, shall not affect the removal from eligibility of an applicant or personnel action, including discharge, of any employee.

(j) No laboratory report or test results shall appear in the incumbent's personnel file unless they are part of a personnel action under this program, but shall be placed in a special locked file maintained by the Commissioner of Personnel, except as such disclosure may be required by this policy, law or ordinance.

Section 18.5 Employee Assistance Program

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary matter and may participate if they wish in the voluntary Employee Assistance Program.

ARTICLE 19

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Apprenticeship and Training Program Initiative ("Initiative") in conjunction with certain third parties including, but without limitation, the Chicago Public Schools ("CPS"), the City Colleges of Chicago ("City Colleges") and External Contractors. The purpose of the Initiative is to increase the opportunities for participation of graduates of CPS and/or City Colleges in Union apprenticeship and training programs and to provide expanded post-apprenticeship and training employment opportunities for such graduates. In conjunction with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago, the Parties shall enter into a supplemental memorandum of understanding regarding the structure, implementation, monitoring and enforcement of this Initiative. Said memorandum shall be attached to this Agreement as Appendix D.

Section 19.2

The Initiative shall generally include the following:

a. A commitment by each Coalition Union to establish or otherwise expand available apprenticeship and training opportunities; a commitment by the Coalition to fill at

c. The Parties shall appoint a Chair and an Auditor to oversee this Initiative and ensure that the parties take appropriate steps to fulfill the commitments set forth in this Article and supplemental memorandum attached hereto.

ARTICLE 20
RATIFICATION AND TERMINATION

The terms of this Agreement shall be subject to ratification by the City Council of the City of Chicago and

concurrent adoption in ordinance form. The Employer and the Union will cooperate to secure this legislative approval.

This Agreement shall be effective as of said date of ratification by the City Counsel and shall remain in full force and effect from said date to June 30, ~~2017~~**2022**, both inclusive. Thereafter, it shall automatically renew itself from year to year unless at least 60 days and not more than 120 days prior to the termination date or anniversary thereof, either party gives written notice to the other by Certified Mail, return receipt requested, of a desire to amend, add to, subtract from or terminate this Agreement.

In the event such notice of a desire to amend, add to, or subtract from the terms of this Agreement is given the parties shall, within a reasonable time thereafter, enter into negotiations concerning the request. If the parties are unable to agree upon a successor Agreement before the 30th day of June following the date on which notice was given, this Agreement shall expire on such 30th day of June unless both parties agree to extend this Agreement. The notices referred to shall be considered to have been given as of the date shown on the postmark, written notices may be tendered in person, in which case the date of notice shall be the written date of receipt.

This Agreement constitutes the entire contract between the Employer and the Union and settles all demands and issues with

respect to all matters subject to collective bargaining. The Employer and the Union, therefore, voluntarily waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any matter which is subject to collective bargaining whether or not such matter is specifically referred to herein, and even though such matter may not have been within the knowledge or contemplation of the parties at the time this Agreement was negotiated or signed.

In the event the City of Chicago agrees to or authorizes additional vacation, holiday or other paid time off, or voluntary unpaid time off with any other bargaining unit (excluding police and/or fire) during the term of this Agreement, such additional time off shall be granted to all employees covered by this Agreement.

ARTICLE 21

Each party reserves the right to reopen this Agreement in order to further negotiate the Health Plan set forth in Article 9 for the following reasons:

1. Any change(s) in the applicable law(s), including but not limited to a universal, national or state health care program mandating significant changes in health insurance benefits that becomes law and is effective during the term of this Agreement;

2. The lack of achievement of health care cost containment as anticipated by the parties pursuant to the establishment and administration of the Labor-Management Cooperation Committee on health care, as defined below:

   (a) The parties charge the LMCC with the responsibility of approving Plan changes that will result in significant cost containment or savings, as measured by a projected increase of costs for any individual plan of no more than 8% in Fiscal Year 2009 and each fiscal year thereafter when compared to health care costs in Fiscal Year 2008 and each previous fiscal year thereafter, respectively.

   (b) Should the Plan changes approved by the LMCC fail to result in such cost containment or savings as stated in subsection (a) above, the LMCC shall make such adjustments to the

Plan as are necessary, including but not limited to adjustments in deductibles, co-pays and co-insurance, to prevent the cost increase from exceeding 8% as measured in subsection (a) above.

(c) Should the plan changes approved by the LMCC fail to achieve cost containment or savings as stated in subsections (a) and (b) above by the end of following fiscal year, either party may elect to reopen negotiations as set forth herein on the following specific topics:

- Health Plan set forth in Article 9;
- Structure of the LMCC;
- Composition of the LMCC;
- Funding of the LMCC.

~~provided, however, each party reserves the right to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9 no later than June 30, 2011 and June 30, 2015, or in the event the City of Chicago is awarded the 2016 Olympic Games, June 30, 2014.~~

(d) The LMCC will continue to work cooperatively in seeking to limit health care costs pursuant to the terms of this

Agreement, and the City agrees, for the term of this Agreement, that it will not invoke the 8% trigger provision.

If any one of the foregoing events or conditions occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.

~~Four-Year: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current four-year agreement expiring on June 30, 2011 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by March 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by March 31, 2012.~~

~~Five-Year: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current five-year agreement expiring on June 30, 2012 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by October 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by October 31, 2012.~~

~~If any one of the foregoing events occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) set forth in Article 4, Section 4. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party and the City shall not be obligated to make the wage adjustments set forth in Article 4, Section 4. FOUR 10-HOUR DAY WORKWEEK

Agree to the following in a side letter to this Agreement:

Since the Arbitrator issued his Opinion and Award dated June 21, 2007 in the Matter of Arbitration between the City of Chicago and Laborers Local 1001/Teamsters Local 726 ("Award"), the City and affected Coalition Unions have explored various approaches to resolving their dispute over the scope of the Award and the application of Section 3(a) of the Memorandum of Understanding dated July 18, 2005 entered into between the City and Coalition ("Section 3(a)"). In addition to amending Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek, the parties, in return, have discussed an agreement by the Unions to waive some or all of the monetary make whole remedies directed by the Arbitrator in his Award. Although the City is willing to amend Section 3(a) as requested by the Unions in order to conclude negotiations at the Coalition level, such willingness is contingent on the expectation that the affected Unions will reach agreement with the City to waive some or all of the monetary make whole remedies. Until such an agreement is reached, the affected Unions agree that the City shall not be obligated to implement the monetary make whole remedies in the Award. In addition, if such an agreement is not

reached by December 1, 2007, the parties shall submit the issues of the Unions' proposed amendment to Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek and the City's proposed relief from the monetary make whole remedy to an arbitrator for resolution.

Section 4.6 Out of Grade Pay

An employee covered by this Agreement who is directed to and does perform substantially all of the duties and responsibilities of a higher rated job within the bargaining unit shall be paid at the higher rate or classification consistent with his own tenure for all such time from the first

day of the assignment. The Employer agrees that it will make such assignments for not less than an employee's full work day. Such payment shall be made on the next regular payday or as soon thereafter as is possible, but in no event later than the pay period following the pay period in which the payment was earned.

The time limits for acting into higher rated jobs shall not exceed one hundred eighty (180) days, except where a regular incumbent is on leave of absence, in which case the time limit for acting into such position may not exceed one (1) year, and no individual employee can act up into that position for more than ninety (90) days. The time limits may be extended by mutual agreement of the parties. If the one hundred eighty (180) day limit is extended to one (1)year due to a regular incumbent on leave of absence or by mutual agreement of the parties, individual employees shall not act into higher rated jobs for more than ninety (90) days per employee. To the extent that the Employer continues to require the performance of the duties of the higher rated job beyond the time limits set forth herein, the position shall be treated as a "permanent vacancy" within the meaning of Section - of this Agreement and the Employer shall post and fill the job as a "permanent vacancy" subject to the applicable provisions of that Section.

Section 4.7 Payment of Wages

(a) All regular base wages will be paid to employees not later than the next regular pay day following the end of the

payroll period in which it is earned. All overtime or premium pay shall be paid to employees not later than the second regular pay day following the end of the payroll period in which it is earned. In the event of an arbitration involving a dispute arising solely under this Section, the losing party will pay the entire amount of the arbitrator's fee.

(b) In the event an employee's pay check, at the time specified in paragraph (a) above, fails to include all of the regular base, overtime and/or premium pay to which he/she is entitled, the Department will correct that shortage provided the employee promptly notifies the Department's timekeeper in writing. Employees shall submit a payroll dispute to the Department timekeeper on the "Employee Payroll Inquiry Form" attached hereto as Appendix B. The employee's submission of such Form shall toll the period for processing a grievance filed by the employee or Union over such dispute. If the Department concludes that there is a shortage in the employee's paycheck, and if the amount in question exceeds $100.00, the Department will submit a supplemental payroll to the Comptroller to cover the shortage, and will issue the employee a check in that amount on the next scheduled check/deposit advice delivery date after the timekeeper is notified of the employee's

complaint. Shortages less than $100.00 will be added to the employee's next regular pay check.

(c) Should an employee not receive this supplemental check (for a sum greater than $100.00) within the aforementioned check/deposit advice delivery date period, the Employer will pay to the employee the sum of $5.00 for every pay period thereafter until the full supplemental check is received.

(d) It is understood that pay shortages relating to newly-hired employees, persons returning from leaves of absence (including but not limited to duty disability), overtime earned under the City's emergency snow removal program, and inaccuracies due to changes in payroll deductions, are excluded from the provisions of this Section. This paragraph does not supersede any other payment obligations with respect to the payments referred to in this paragraph which may be contained elsewhere in this Agreement.

(e) In order to provide a basis for ongoing discussion concerning the City's payroll practices, the parties will form a Labor Management Committee consisting of four (4) persons appointed respectively by the City and by the Coalition. The City's members of the Committee will consist of representatives from the Department of Personnel, the Office of Budget and Management, the Comptroller and the Director of Labor Relations. The

Coalition, as it shall determine, shall select four (4) representatives to serve as members of the Committee. The Committee will meet not less than quarterly, or more frequently as the need may arise, to review ongoing issues regarding payroll, compliance with this Section, or other issues of mutual concern which may arise during the life of the parties' Agreement. In addition, at the request of the Coalition, the City may include from time-to-time a representative of the Coalition at the Comptroller's weekly staff meetings with Department heads to review and address pending payroll inquiries from bargaining unit employees.

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by 12; the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 7.1 above. Any fraction is rounded off to the nearest whole number of days. Employees separated from employment, other than for cause, will be paid on a supplemental payroll as soon as practicable following the last day worked.

Section 7.4 Employees Laid-Off or Discharged

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.** Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of 30 days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 12 of this Agreement.

In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 7.5 Rate of Pay

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being taken, times 8 hours per day, times the number of days' vacation to which the employee is entitled. The Department will not designate any time or period during the calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel

an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

~~**Section 7.7 Reciprocity with Other Agencies**~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation~~

~~District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation time accrued while working for another public agency is not transferable. Employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

Section 7.8 Non-Consecutive Vacation Days

Employees may receive up to ~~five~~ **six (6)** of their vacations days one or more day(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection)**. Such day(s) off shall be approved by the employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday - Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be**

charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.

Employees may designate and use at their option up to ~~five (5)~~ **six (6)** of their vacation days in each year of this Agreement as sick days to cover periods of bonafide medical illness **or the illness of family members, who shall include (or may be expanded upon by the City): (i)mother, father, husband, wife, brother or sister (including blood, step or half), son or daughter (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic partner is registered with the Department of Human Resources.** The Employer reserves the right to ask the employee to furnish proof of said illness. An employee desiring to use vacation days as sick days under this provision shall inform the representative of the Employer who employees are told is designated for such purposes of that fact at the time he/she calls in to report an illness. Salaried employees who currently are receiving sick days under this Agreement shall be ineligible

to use vacation days as sick days while they have available unused sick days.

Section 8.1 Definition

2. An absence where the employee is adjudged eligible for duty disability compensation.

Section 8.2 Interruption in Service

(2) absences due to suspension

(3) unpaid leaves of absence for more than 30 days or layoff for more than 30 days, unless employees are allowed to accumulate seniority under this Agreement.

(b) Seasonal employment which does not exceed 120 calendar days in any calendar year shall not be credited toward continuous service for the time worked.

(c) Seasonal employment in excess of 120 calendar days in any calendar year shall be credited toward continuous service.

~~**Section 8.3 Reciprocity**~~

~~Employees hired prior to February 13, 1986 who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Housing Authority, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, Public Building Commission of Chicago, the Chicago Urban Transportation District and the Regional Transportation Authority shall have the period of such service credited and counted for the purpose of advancement within longevity salary schedules. However, employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules provided a majority of other employees of the Employer receive such credit.~~

Section 8.4 Break in Service

Notwithstanding the provisions of any ordinance or rule to the contrary, continuous service of an employee is broken, the employment relationship is terminated, and the employee shall have no right to be rehired, if the employee quits, is discharged, retires, is absent for five (5) consecutive work days without notifying the employee's authorized Employer representative unless the circumstances preclude the Employee,

or someone on his behalf, from giving such notice, does not actively work for the Employer for twelve (12) months (except for approved full time Union representative leaves or medical leaves of absence and duty disability leaves), or is on layoff for more than twelve (12) consecutive months if the employee has less than five (5) years of service at the time of the layoff, or is on layoff for more than two (2) years if the employee has five (5) or more years of service at the time of the layoff.

Probationary employees may be disciplined or discharged as exclusively determined by the Employer and such Employer action shall not be subject to the grievance procedures, provided that, **(1) after the first six (6) months of the probationary period, if the Employer intends to impose a disciplinary suspension on the probationary employee where the suspension would result in a loss of pay, prior to imposing the suspension, except in emergency or where the employee is unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee to discuss and allow the employee to respond to the accusations, and/or (2)**

if the Employer, within its discretion, rehires a former employee who did not complete his/her probationary period within one year from the employee's termination, and said former employee had served 90 days or more of his/her probationary period, all time previously served in the probationary period shall be counted for purposes of determining when the said employee completes his/her probationary period. A probationary employee who has served 90 days or more of his/her probationary period and who is laid off shall be given preference over other applicants for employment in the same job title in the department from which he/she was laid off, so long as he/she does not refuse an offer of employment, and does not suffer a break in service under Section 8.4 of this Agreement. **Seasonal employees who have worked without a break in service or who have works more than twelve (12) cumulative months and bid into (or otherwise become) career service position/employees, shall not have to serve the above twelve (12) month probationary period, but shall have an evaluation period not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based upon the employee's job performance at any time during the evaluation period that the employee cannot perform the job, then he/she shall be returned to the seasonal position held just prior, displacing, if necessary, any employee who has been placed into said job.**

Section 9.2 Joint Labor Management Cooperation Committee On Health Care

The City of Chicago and each Coalition Union (the "Parties") agree to ~~create~~ **maintain** a Joint Labor Management

Cooperation Committee ("LMCC") pursuant to applicable state and federal Law. The purpose of the LMCC is to research and make recommendations and decisions within its authority related to the achievement of significant and measurable savings in the cost of employee health care during the term of this Agreement. The Parties shall memorialize their intent to create this LMCC by executing an Agreement and Declaration of Trust ("Trust Agreement") contemporaneously with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago. The parties will work through the LMCC to identify changes that will result in the required savings. If, prior to January 1, 2020, the parties have not reached agreement upon the proposed changes, each party will submit its offer of proposed changes and the amount proposed to be reduced, including the methodology for estimating the value of the proposed changes, to a mutually agreed upon arbitrator, who will be limited to selecting either the City's or Coalition Unions' offer. The offer selected by the arbitrator will be binding on the parties and on the LMCC.

Section 9.6

The City agrees to provide representatives from the Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that the Coalition Unions can explore the

Employees who return from said leaves shall be reinstated to their former job classification, if it is vacant or if it is then occupied by an employee with lower seniority. If the employee's former job classification is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with the subject to the layoff, recall and break-in-service provisions of this Agreement.

The Employer will mail the initial Duty Disability payment within fourteen (14) days of the Employer's designated medical officer being advised by the employee or his physician of the occurrence of a job-related injury, provided that there is no dispute as to the employee's entitlement to Duty Disability.

After one year on an approved medical leave of absence, employees who return to work promptly after their doctor's release and who meet the following continuous service requirements shall be reinstated as described above according to the following formula: three (3) months of such reinstatement rights for every year of service to a maximum of five (5) years reinstatement rights.

An employee who does not meet the above eligibility requirements and who returns to work promptly after his/her doctor's release after more than one year on a medical leave of absence, shall be returned to his/her former job classification if the job is vacant. If not, the employee will be placed on a list for reinstatement.

Seniority shall accumulate for employees on medical leaves of absence for only up to one year. After one year, an employee on a medical leave of absence shall retain, but not accumulate, seniority.

ARTICLE 11
DISCIPLINE AND GRIEVANCE/ARBITRATION

Section 11.1 Disciplinary Action

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the

Personnel or Police Board upon the written request of the Union. Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearing, provided that said employee shall be guaranteed, upon request, a full hearing before said Board, in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has seven (7) days from receipt of the notice to appeal. If the employee does not file an appeal within the seven (7) day appeal period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30-day

notice period and the employee shall remain on the payroll for the full notice period, except if prior to completion of the 30-day notice period (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event may the employee require the employer to retain the employee on the payroll beyond the 30-day period. The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration, and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that she/he is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the employee's immediate supervisor shall meet with the employee and

notify him/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy this Section 11.1(c) shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a stating of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not to exceed eighteen (18) months and shall thereafter not be used as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not use said record of the discipline action against the employee, or in the case of promotions or transfers.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee

who is the subject of the disciplinary investigation of the pendency of the investigation and its subject matter, within 30 days of the employer being made aware of the allege rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include indictable criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a predisciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police board is reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this agreement.

Section 11.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1. Within 5 working days after an employee receives written notice of any proposed disciplinary action, including a suspension for ten (10) days or less which is not appealable to the Personnel or Police Board, or in the case of suspension of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union, the Employer shall conduct a meeting with the Union and employee. Discipline shall be administered as soon as possible after the employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting or further investigation, the employer may request in writing to the department head for review of the said disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days of receipt of written notice of discipline. Said review form shall be printed on the back of or attached to the notice or discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2. Within three (3) working days or any mutually agreed upon extension after the department head or designee receives the employee's request for review, the department

head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and Union representative, if any, will be heard and provided the opportunity to ask questions. The department head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required. The absence of such agreement or failure to decide and communicate such decision will result in automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3. Where further investigation is agreed upon, a second meeting shall be held between the department head or designee and the employee and the Union representative to discuss the results of the investigation. Said meeting shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The department head or designee shall render a written decision within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so

notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4. If the matter is not settled in Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedure for arbitration shall be the same as in Section 11.3, Step III.

Section 11.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 11.1 and 11.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a

grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - Immediate Supervisor

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the

employee has knowledge of the grievance more than twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union Representative and/or the employee shall have the right to make an appeal in writing to the Department Head or the Department Head's designee within seven (7) working days after the date of receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head designee shall be posted for employees in areas where employee notices are normally posted and submitted to the Union. Failure to post and so notify the Union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the

Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or the Department Head's designee shall have the requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this paragraph shall be construed to relieve the City and the Union from their obligations to otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or

employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second step, the Union or the Employer may request final and binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected employee representative of the group or class. A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following instructions or orders the employee does not waive his/her right to process the grievance. Refusal to

follow instructions or orders, shall be cause for discipline.

Step III - Arbitration

If the matter is not settled in Step II, the Union or the Employer, but not an individual employee or employees, may submit the dispute to arbitration by serving a written request to arbitrate, to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party.

Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this

Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this Agreement shall be the sole source of any rights which either party may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. ADVANCED GRIEVANCE STEP FILING

Certain issues which by nature are not capable of being settled at a preliminary step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the Union at Step II or Step III.

B. PERTINENT WITNESSES AND INFORMATION

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone, to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator from a group of arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-

established hearing date per month for the arbitration of grievances.

Section 11.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a

representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any non-governmental agency relating to any matter or issue under investigation.

K. The results of a polygraph examination shall not be used against an employee in any forum adverse to the employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to the administration of the examination. The results of any polygraph examination shall be known to the employee within one week.

L. This Section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the charges

against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the same forum as, grievances which protest said disciplinary action, except as provided in paragraph O(2) below. If no disciplinary action is brought against the employee following the conclusion of the Inspector General's investigation, no grievance concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights enumerated in this Section, shall be suppressed and shall not be used by the Employer for any disciplinary action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than

ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the Municipal Code of the City of Chicago regarding the Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2) Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators. Thereafter, the parties will meet to strike names from the list, with the Employer striking

first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may mutually agree. The arbitrator's jurisdiction shall be limited to determining if the Inspector General obtained evidence or statements in violation of paragraph O(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to rule on the merits of any underlying discipline or take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

ARTICLE 12
NO STRIKES-NO LOCKOUT

Section 12.1 No Strikes

The Union agrees that during the life of this Agreement, there shall be no strikes (including, but not limited to sympathy strikes and strikes to protect union or third party conduct), work stoppages, slowdowns, picketing, delays of work of any kind.

Section 12.2 Union Efforts

The Union agrees that it will use its best efforts to prevent any acts forbidden in this Article and that in the event any such acts take place or are engaged in by any employee or group of employees in the Union's bargaining unit, the Union further agrees it will use its best efforts to cause an immediate cessation thereof. If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 12.3 Discipline

The Employer may terminate the employment of or otherwise discipline any employee or employees who have been found to have engaged in any act forbidden in this Article.

Section 12.4 No Lockout

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 13
DUES CHECK-OFF AND FAIR SHARE

Section 13.1 Indemnification/Authorization

The Employer, upon receipt of a validly executed written authorization card, shall deduct Union dues and initiation fees from the payroll checks of all employees so authorizing the deduction in an amount certified by the Union, and shall remit such deductions on a semi-monthly basis to the Union. Authorization for such deduction shall be irrevocable unless revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court and other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 13.1, 13.2, 13.3, and 13.4 of this Article, or in reliance on any list, notice, certification or assignment furnished under any such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The City and Coalition Unions will create a committee to review and explore the feasibility of using electronic records and/or electronic signatures consistent with state and federal law which allows the City and the Union to use electronic authorization to verify union membership and/or authorize

voluntary deduction of Union dues and fees from wages or payments for remittance to the Union.

The Employer shall provide to the Union within thirty (30) days name, address, classification, rate of salary and starting date of any new employee hired into the Union's bargaining unit.

Section 13.2 Fair Share

It is further agreed that 30 days after the later of the execution of the Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union and shall remit such deductions to the Union at the same time that the dues check-off is remitted. It is understood that the amount of deductions from said non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.3 Right of Non-Association

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

Section 13.4 Condition of Employment

Each employee who on the effective date of this Agreement is a member of the Union, and each employee who becomes a member after that date, shall, as a condition of employment, maintain

his/her membership in the Union during the term of this Agreement.

Any present employee who is not a member of the Union shall, as a condition of employment, be required to pay a fair share (not to exceed the amount of Union dues) of the cost of the collective bargaining process and contract administration. All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, 30 days after the later of the execution of this Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and contract administration and pursuing matters affecting wages, hours and other conditions of employment.

ARTICLE 14
MISCELLANEOUS

Section 14.1 Job Titles

The Employer will notify the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto. If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the jurisdiction of another bargaining unit without the mutual agreement of the unions involved.

Section 14.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be

performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day, or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another Union shall not perform the work of said employees. For example, if a Marine Pilot is on vacation, a Tug Fireman shall not be assigned as a replacement Marine Pilot. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 14.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by

assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 11.3 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 11.3 of this Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

Section 14.4 Deferred Compensation

The Employer's policy which is in effect at the execution of this Agreement, pertaining to deferred compensation, shall be afforded to all employees of the Employer without change during the term of this Agreement.

The Employer will make contributions, on a dollar-for-dollar basis, under a 401(a)Plan (or any similar successor plan agreed to by Coalition Unions) up to the maximum total amounts per year shown below based on amounts deferred by each employee in those same years to the employee's 457 Plan, as follows:

a. January 1, 2020 - up to $250 per year

b. January 1, 2021 - up to $250 per year

c. January 1, 2022 - up to $500 per year

The City shall advise the unions, at least semi-annually, of the total contributions it has made.

The City agrees to provide representatives from Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Such information to be provided will include, but not be limited to, a census for the current non-Medicare retirees including the birthdate, gender, coverage tier (single, couple, family, etc.), and zip code of residence, as well as the claims information and enrollment counts for the last three (3) years. The Unions agree to execute any appropriate confidentiality agreements necessary for the release of such information. The parties understand and agree that the identity of any specific individual will not be ascertainable from the information supplied.

Section 14.5 Rules of Conduct Changes

When the Employer proposes to initiate reasonable changes or additions to its rules of conduct, which could subject employees to discipline, the Employer shall transmit four (4) copies of the proposed changes or additions to the Union. The Union will consider the proposals, and upon request, the Employer will meet with the Union within twenty (20) calendar days of the receipt of the proposals to receive the Union's comments. Absent an emergency, the Employer will not implement its proposed changes or additions until the Union has had a reasonable opportunity to present its views and discuss the proposals with the Employer. No such changes or additions shall be implemented without prior publication and notice to the affected Employees.

Section 14.6 Safety

(a) The Employer shall provide a safe and healthful working environment for employees covered by this agreement including in accordance with applicable federal and state occupational safety and health laws, and shall maintain in good and safe working condition all equipment necessary for the safe and proper performance of the job.

(b) In furtherance of those efforts, a joint safety committee shall be established which shall be composed of six (6) representatives of the Union Coalition and six (6) representatives of the Employer. The purpose of the committee shall be to discuss, examine and to make recommendations concerning occupational safety and health issues affecting

employees. All recommendations of the committee with respect to safety and health issues shall be submitted in writing to the appropriate Department Head with a copy to the Union and the Director of Labor Relations. The Department Head shall promptly issue a written response to the committee concerning the Department's views regarding the committee's recommendations.

The parties may decide, from time to time, to refer certain safety issues and concerns to the personnel of the affected Department(s) responsible for safety matters and Union representatives of the affected employee(s). The Department safety personnel will meet and confer with a representative of the affected Union about such issues and report back to the Committee on any decisions or recommendations concerning them.

(c) The joint safety committee shall meet at least once a month, or otherwise by mutual agreement.

(d) The parties agree and understand that if an employee is faced with an unsafe working condition, the employee is required to perform the task in question unless the employee's performance of an assigned task presented the strong likelihood of subjecting the employee to imminent danger of death or serious injury. If the employee, with no reasonable alternative, refuses in good faith to perform that task and expose himself to that dangerous condition, the employee will not be subject to discipline. In order to avoid discipline under this paragraph, the condition must be of such a nature that a reasonable person, under the circumstances, would conclude that there is a real, substantial, and imminent danger of death or serious injury. In addition, the employee must also

have sought from the Employer, and have been unable to obtain, correction of the situation before refusing to perform the task in question.

Section 14.7 Information to Union

The Employer will provide to the Union **Bargaining Unit, Dues and Hours reports for its bargaining unit employees, which will contain, at the minimum, the following information:**

~~Each month the Employer will provide to the Union the current month's bargaining unit activity report and the updated report from the previous month.~~

Section 14.8 Subcontracting

The Employer shall not contract or subcontract out bargaining unit work to any person, contractor or employer who is not in compliance with the area standards established under and pursuant to the formula used by the United States Department of Labor administering the Davis-Bacon Act. Notice of any such contracting or subcontracting shall be given to the Union at least thirty (30) days prior to its effective date. The notice shall be in writing and shall contain the name and address of the party who will perform the work, a description of the work to be performed and any other relevant data to enable the Union to determine compliance with this Section. In the event such party is determined not to be in compliance with the said area standards, the Employer shall withhold payouts and shall not contract or subcontract further with any such party until the

Union and the Employer receive a written and enforceable assurance of compliance.

In the event that the Employer determines to subcontract unit work under this Agreement, and as a result bargaining unit employees would be laid off by the proposed subcontracting, the Employer shall make available, on a seniority basis, equal-rated permanent jobs which the Employer has declared to be vacant in the affected Department, or other departments, as the case may be, in that order, provided the laid off employees have the then present ability to perform the required work without further training. However, the employee shall be provided with a reasonable amount of orientation to allow him or her to perform the work.

Prior to sub-contracting of bargaining unit work, the Employer, the Union, and the proposed sub-contractor shall meet to discuss the employment of employees subject to layoff. During that meeting the Employer will request and urge that the sub-contractor hire laid off employees.

Section 14.9 Automobile Reimbursement

Employees who are required by the Employer to use their own automobiles in the performance of their job shall receive mileage reimbursement at the then effective rate recognized by the Internal Revenue Service, with a maximum of $250 per month. On the effective date of this Agreement, following its ratification by all parties, the maximum reimbursement will increase to $350.00 per month. Effective February 1, 2008, the maximum reimbursement will increase to $450.00 per month. Effective February 1, 2009, the maximum reimbursement will

increase to $550.00 per month. Thereafter, the maximum reimbursement will increase effective each February 1 by the percentage increase in the Transportation Expenditure Category of the Consumer Price Index for All Urban Consumers (CPI-U): U.S. City Average for the previous year, as rounded to the nearest $5 increment. Employees seeking mileage reimbursement must submit that request on a form provided by the Employer. Payment for mileage expenses will be made on a monthly basis. In the event that during the life of this Agreement the Employer shall implement for any group of employees an automobile expense reimbursement program which is more favorable to employees than the provisions of this paragraph, upon notice from the Union, the Employer will meet and discuss with representatives of the Union the possible application of said new program to employees covered by this Agreement.

Upon request by either party made no earlier than January 1, 2010, the parties shall meet to discuss any proposed changes to this Section 14.9.

Section 14.10 Filling of Permanent Vacancies

The Employer shall determine if there is a permanent vacancy to be filled, and at any time before said vacancy is filled, whether or not said vacancy shall be filled.

~~**The Employer will post vacancy announcements for fourteen (14) days, and provide the Union with a copy of the announcement at the time it is posted.**~~

The Employer will post vacancies electronically on the City of Chicago CAREERS website. A copy of the posting will be provided to the Union at least 72 hours prior to the electronic posting. Said vacancies shall be posted for fourteen (14) days on the CAREERS WEBSITE. The posting shall contain at least the following information: job title, qualifications, days off, shift, hours, work location, if known, and the rate of pay. The posting shall also identify the number of positions to be filled. If the number to be filled changes, the Employer shall promptly notify. Prior to the commencement of the selection process, the employer will provide the Union with a list of qualified bidders.

Qualified bargaining unit employees shall be given an opportunity to bid on permanent vacancies declared by the Employer. The Employer shall select the most qualified applicant. In making selections, the Employer shall give preference to bargaining unit applicants over non-bargaining unit applicants, except where non-bargaining unit applicants have demonstrably greater skill and ability to perform the work required. In making a selection between two or more bargaining unit applicants who are relatively equally qualified, the Employer shall select the most senior bidder. For purposes of this Section, seniority shall be determined by the employee's total service in any bargaining unit title(s).

Prior to notifying the successful bidder/applicant, the Employer shall give the Union a list of bidders identifying, where applicable, the successful bidder(s). Upon request, the Employer shall schedule a meeting with the Union to review the selection process, including the reasons for selection and rejection of bidders. This meeting shall include a review and discussion of documents such as the referral list, employment decision form, hiring information summary, and hiring criteria rating form. If requested, the Employer will furnish copies of such documents to the Union. Bidders who are not selected shall be so notifies by the Department Head and information of the reason for non-selection.

The successful bidder for any job under this Section shall have an evaluation period, not to exceed sixty (60) days, to demonstrate that he or she can perform the job. If the Employer has just cause based upon the employee's job performance at any time during that period to believe that the successful bidder cannot perform the job, then the successful bidder shall be returned to the job he/she held just prior to the awarding of the bid, displacing, if necessary, any employee who has been placed into said job.

Section 14.11 Fitness for Duty

If the Employer observes and has reasonable cause to believe the employee has a medical condition or significant

limitation that prevents the employee from being able to perform the essential duties of the position, an employee may be sent for a Fitness for Duty examination at the Employer's sole expense.

If the examination results in a determination that the employee is unfit for duty and the employee's physician certified that the employee is fit for duty, the employee may elect or Employer may require the employee, at the Employer's sole expense, to be subject to an independent medical examination ("IME") to determine if the employee is fit for duty. The Union shall select an examining independent physician who will conduct the IME from a list of at least three physicians with the appropriate medical specialty who have successfully completed the City's procurement process and are on a list of approved vendors. The determination of the independent physician and the IME shall be final and binding. The Employee shall execute all HIPAA waivers and other forms necessary in order to permit access to all medical records related to his/her condition, and the City shall agree to secure and maintain the confidential nature of all medical records obtained through the process.

ARTICLE 15
LAYOFFS/RECALL

Section 15.1

Probationary employees with more than 90 days of service shall be laid off first. Thereafter, the least senior employee in the affected job classification in the department shall be laid off first, provided the ability, qualifications to perform the required work, and the employee's job performance are equal among the other employees in the job, in the department. "Seniority" shall mean, for purposes of this Section, the employee's service in the job title (time-in-title). Employees shall be recalled in the reverse order they were laid off.

ARTICLE 16
SEPARABILITY

Section 16.1

In the event any ~~of the~~ provision~~s~~ of this Agreement shall be or become invalid or unenforceable by reason of any **final and binding court decision, as well as any** Federal or State Law or Local Ordinance now existing or hereinafter enacted, such invalidity or unenforceability shall not affect the remainder of the provisions hereof, **which shall remain in full force and effect. The invalid or unenforceable provision shall be subject to re-negotiation by the Parties within a reasonable period of time.** ~~The parties agree to meet and adopt revised provisions which would be in conformity with the law.~~

ARTICLE 17

Stewards will be permitted to handle and process grievances referred by employees at the appropriate steps of the grievance procedure during normal hours, without the loss of pay, provided that such activity shall not exceed a reasonable period of time, or unreasonably interrupt the work of employees. Stewards shall notify their immediate supervisors in advance of their intention to handle and process grievances. Supervisors may not unreasonably withhold permission to the stewards to engage in such activities.

Employees acting as Union Stewards, shall not be discriminated against nor be transferred from their job classifications or departments because of their activities on behalf of the Union. Any transfers of Union Stewards from their job classifications or departments, other than in an emergency, will be discussed with the Union in advance of any such transfers.

Section 17.2 Union Rights

The Union shall have the right and responsibility to represent the interests of all employees in the Unit, to present its views to the City on matters of concern, either orally or in writing, and to consult and be consulted with, in respect to the

The Union will not abuse this privilege, and such right of entry shall be consistent with current practices, and shall at all times be conducted in a manner so as not to interfere with normal operations. The Employer may be able to change or set rules of access, provided that any change in current practices must be reasonable and subject to the grievance procedure.

ARTICLE 18
DRUG AND ALCOHOL PROGRAM

The City proposes to add the following new provision to all Agreements:

Section 18.1 Policy Statement

The City of Chicago's essential mission is to provide services to its citizens in a safe and economic manner. The parties to this Agreement recognize that drug and alcohol abuse in the workplace has a deleterious effect on the health and safety of employees, as well as their moral and productivity, all of which creates an undue burden on the persons which the City and the employees covered by this Agreement serve. Furthermore, the economic cost of providing health care services to employees who abuse drugs and alcohol has put an increasing burden on the City's finances.

The Employer and the Union maintain a strong commitment to protect people and property, and to provide a safe working environment. To this end, the employer has also established its confidential Employee Assistance Program for employees with personal problems, including alcohol and substance abuse, and the parties to this Agreement urge employees who have such problems to utilize the Program's services.

To maintain a workplace which provides a safe and health work environment for all employees, the following drug and alcohol program is also established.

Section 18.2 Definitions

(a) Alcohol: Ethyl alcohol

(b) Prohibited Items & Substances: all illegal drugs and controlled substances, alcoholic beverages, and drug paraphernalia in the possession of, or being used by, an employee on the job or the premises of the Employer.

(c) Employer Premises: all property, facilities, land, buildings, structures, automobiles, trucks and other vehicles owned, leased or used by the Employer job sites or work locations and over which the Employer has authority as employer.

(d) Employee: all persons covered by this Agreement.

(e) Accident: an event resulting in injury to a person requiring medical attention or causing significant damage to property to which an employee contributed as a direct or indirect cause.

(f) Reasonable Cause: erratic or unusual behavior by and employee, including but not limited to noticeable imbalance, incoherence and disorientation, which would lead a person of

ordinary sensibilities to conclude that the employee is under the influence of drugs and/or alcohol.

(g) Under the Influence: any mental, emotional, sensory or physical impairment due to the use of drugs or alcohol.

(h) Test: the taking and analysis of any body component sample, whether by blood, breath, urine, or in any other scientifically reliable manner, for the purpose of identifying, measuring or quantifying the presence or absence of drugs, alcohol or any metabolite thereof.

Section 18.3 Disciplinary Action

(a) All employees must report to work in a physical condition that will enable them to perform their jobs in a safe manner. Further, employees shall not use, possess, dispense or receive prohibited items or substances on or at the Employer's premises, nor shall they report to work under the influence or drugs and/or alcohol.

(b) When, based upon the direct observation of two supervisors, the Employer has a reasonable cause to believe that an employee is under the influence of a prohibited substance, the Employer shall have the right to subject that employee to a drug and alcohol test. At the Employer's discretion, the employee may be placed on administrative leave with pay until test results are available. If the test results prove negative, the employee shall be reinstated. In all other cases, the Employer will terminate all employees who:

(i) test positive for drug and/or alcohol use;

(ii) refuse to cooperate with testing procedures;

(iii) are found to be under the influence of drugs or alcohol while on duty and on the Employer's premises;

(iv) are found in possession of alcohol, drugs or drug paraphernalia, or are found selling or distributing drugs or drug paraphernalia, on the Employer's premises.

(c) All adverse employment action taken against an employee under this program shall be subject to the grievance and arbitration procedures of this Agreement.

Section 18.4 Drug and Alcohol Testing

(a) The Employer may require drug and/or alcohol testing under the following conditions:

(i) a test may be administered in the event that two supervisors have reasonable cause to believe that an employee has reported to work under the influence of or is at work under the influence of drugs or alcohol.

(ii) a test may be required as part of a follow-up to counseling or rehabilitation for substance abuse for up to a one year period.

(b) Employees to be tested will be required to sign a consent form and chain of custody form, assuring proper documentation and accuracy. If an employee refuses to sign a consent form authorizing the test, he or she will be subject to termination.

(c) Drug and alcohol testing will be conducted by an independent laboratory accredited but NIDA or any successor

agency, and may consist of either blood or urine test, or both. The Employer reserves the right to utilize a breathalyzer to test for the presence of alcohol, in lieu of other clinical testing.

(d) Laboratory testing procedures will conform to the procedures specified in the NIDA guidelines for federal workplace drug testing programs, dated April 11, 1988 and as may be amended hereafter by the relevant agency of the Department of Health and Human Services.

(e) Initial and confirmatory test results which meet or exceed the cutoff levels for drugs set forth in the NIDA guidelines (and as they may be amended) shall be regarded as "positive," and shall presumptively establish that the tested employee was under the influence of drugs.

(f) Initial and confirmatory (or breathalyzer) test results which meet or exceed the level of blood alcohol established in the Illinois Motor Vehicle Act as legal intoxication shall presumptively establish that the tested employee was under the influence of alcohol.

(g) The cost of initial and confirmatory testing will be borne by the Employer.

(h) Drug and alcohol test results shall be reported to the Commissioner of Personnel or his designee in the manner to be prescribed by the Commissioner. The applicant or incumbent shall be notified of the test results in writing. The Commissioner will inform the applicable department head of any employee who tests positive for alcohol or drugs, who in turn will initiate disciplinary proceedings under Section 18.3 above.

(i) All urine or blood samples shall be taken in sufficient quantity as to allow for testing. Any portion not used in the test will be preserved by scientifically reliable means for one (1) year following the test. Any employee whose test result is positive may elect, at his or her expense, to be retested by the same or other laboratory satisfactory to the Commissioner of Personnel, provided that the Employer's testing laboratory shall arrange for transmitting said sample to the second laboratory. Positive results of said retesting shall be conclusive as to the presence of alcohol or drugs. The failure to take a sufficient sample, or to preserve such sample, to allow for retesting, shall not affect the removal from eligibility of an applicant or personnel action, including discharge, of any employee.

(j) No laboratory report or test results shall appear in the incumbent's personnel file unless they are part of a personnel action under this program, but shall be placed in a special locked file maintained by the Commissioner of Personnel, except as such disclosure may be required by this policy, law or ordinance.

Section 18.5 Employee Assistance Program

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary matter and may participate if they wish in the voluntary Employee Assistance Program.

ARTICLE 19
JOINT APPRENTICESHIP AND TRAINING PROGRAM INITIATIVE

Section 19.1

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Apprenticeship and Training Program Initiative ("Initiative") in conjunction with certain third parties including, but without limitation, the Chicago Public Schools ("CPS"), the City Colleges of Chicago ("City Colleges") and External Contractors. The purpose of the Initiative is to increase the opportunities for participation of graduates of CPS and/or City Colleges in Union apprenticeship and training programs and to provide expanded post-apprenticeship and training employment opportunities for such graduates. In conjunction with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago, the Parties shall enter into a supplemental memorandum of understanding regarding the structure, implementation, monitoring and enforcement of this Initiative. Said memorandum shall be attached to this Agreement as Appendix D.

Section 19.2

The Initiative shall generally include the following:

a. A commitment by each Coalition Union to establish or otherwise expand available apprenticeship and training opportunities; a commitment by the Coalition to fill at least 100 apprenticeship slots across Coalition Unions with

CPS students, graduates or former students with a GED and/or City College students and graduates by June 30 of each year of this Agreement.

b. A commitment by the Coalition and the City to collaborate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to prepare CPS and City Colleges students to enter Union apprenticeship and training programs. In particular, the Coalition and the City will cooperate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to publicize available building and trades apprenticeship and training programs and subsequent careers; to consider establishing training programs as appropriate; and to expand post-apprenticeship and training employment opportunities.

c. The Parties shall appoint a Chair and an Auditor to oversee this Initiative and ensure that the parties take appropriate steps to fulfill the commitments set forth in this Article and supplemental memorandum attached hereto.

ARTICLE 20
RATIFICATION AND TERMINATION

The terms of this Agreement shall be subject to ratification by the City Council of the City of Chicago and concurrent adoption in ordinance form. The Employer and the Union will cooperate to secure this legislative approval.

This Agreement shall be effective as of said date of ratification by the City Council and shall remain in full force and effect from said date to June 30, ~~2017~~ **2022**, both inclusive. Thereafter, it shall automatically renew itself from year to year unless at least 60 days and not more than 120 days prior to the termination date or anniversary thereof, either party gives written notice to the other by Certified Mail, return receipt requested, of a desire to amend, add to, subtract from, or terminate this Agreement.

In the event such notice of a desire to amend, add to, or subtract from the terms of this Agreement is given the parties shall, within a reasonable time thereafter, enter into negotiations concerning the request. If the parties are unable to agree upon a successor agreement before the 30th day of June following the date on which notice was given, this Agreement shall expire on such 30th day of June unless both parties agree to extend this Agreement. The notices referred to shall be considered to have been given as of the date shown on the postmark, written notices may be tendered in person, in which case the date of notice shall be the written date or receipt.

This Agreement constitutes the entire contract between the Employer and the Union and settles all demands and issues with respect to all matters subject to collective bargaining. The Employer and the Union, therefore, voluntarily waive the right, and each agrees that the other shall not be obligated to bargain

collectively with respect to any matter which is subject to collective bargaining whether or not such matter is specifically referred to herein, and even though such matter may not have been within the knowledge or contemplation of the parties at the time this Agreement was negotiated or signed.

In the event the City of Chicago agrees to or authorizes additional vacation, holiday or other paid time off, or voluntary unpaid time off with any other bargaining unit (excluding police and/or fire) during the term of this agreement, such additional time off shall be granted to all employees covered by this Agreement.

ARTICLE 21
TERM OF AGREEMENT

This Agreement shall be effective from the date upon which it is ratified by the City Council of the City of Chicago, but no earlier than July 1, ~~2007~~ **2017**, and shall remain in effect through 11:59 p.m. on June 30, ~~2017~~ **2022**.

Health Plan Reopener

Each party reserves the right to reopen this Agreement in order to further negotiate the Health Plan set forth in Article 9 for the following reasons:

1. Any change(s) in the applicable law(s), including but not limited to a universal, national or state health care program mandating significant changes

in health insurance benefits that becomes law and is effective during the term of this Agreement;

2. The lack of achievement of health care cost containment as anticipated by the parties pursuant to the establishment and administration of the Labor-Management Cooperation Committee on health care, as defined below:

   (a) The parties charge the LMCC with the responsibility of approving Plan changes that will result in significant cost containment or savings, as measured by a projected increase of costs for any individual plan of no more than 8% in Fiscal Year 2009 and each fiscal year thereafter when compared to health care costs in Fiscal Year 2008 and each previous fiscal year thereafter, respectively.

   (b) Should the Plan changes approved by the LMCC fail to result in such cost containment or savings as stated in subsection (a) above, the LMCC shall make such adjustments to the Plan as are necessary, including but not limited to adjustments in deductibles, co-pays and co-insurance, to prevent the cost

increase from exceeding 8% as measured in subsection (a) above.

(c) Should the plan changes approved by the LMCC fail to achieve cost containment or savings as stated in subsections (a) and (b) above by the end of following fiscal year, either party may elect to reopen negotiations as set forth herein on the following specific topics:

- Health Plan set forth in Article 9;
- Structure of the LMCC;
- Composition of the LMCC;
- Funding of the LMCC.

~~provided, however, each party reserves the right to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9 no later than June 30, 2011 and June 30, 2015, or in the event the City of Chicago is awarded the 2016 Olympic Games, June 30, 2014.~~

(d) The LMCC will continue to work cooperatively in seeking to limit health care costs pursuant to the terms of this Agreement, and the City agrees, for the term of this Agreement, that it will not invoke the 8% trigger provision.

If any one of the foregoing events or conditions occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order

to negotiate the Health Plan set forth in Article 9. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.

~~**Non-Prevailing Wage Rate Reopener**~~

~~**Four-Year**: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4.4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current four-year agreement expiring on June 30, 2011 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by March 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by March 31, 2012.~~

~~**Five-Year**: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4.4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current five-year agreement expiring on June 30, 2012~~

~~regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by October 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by October 31, 2012.~~

~~If any one of the foregoing events occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) set forth in Article 4, Section 4.4. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party and the City shall not be obligated to make the wage adjustments set forth in Article 4, Section 4.4. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.~~

Agree to the following in a side letter to this Agreement:

Since the Arbitrator issued his Opinion and Award dated June 21, 2007 in the Matter of Arbitration between the City of Chicago and Laborers Local 1001/Teamsters Local 726 ("Award"), the City and affected Coalition Unions have explored various approaches to resolving their dispute over the scope of the Award and the application of Section 3(a) of the Memorandum of Understanding dated July 18, 2005 entered into between the City and Coalition ("Section 3(a)"). In addition to amending Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek, the parties, in return, have discussed an agreement by the Unions to waive some or all of the monetary make whole remedies directed by the Arbitrator in his Award. Although the City is willing to amend Section 3(a) as requested by the Unions in order to conclude negotiations at the Coalition level, such willingness is contingent on the expectation that the affected Unions will reach agreement with the City to waive some or all of the monetary make whole remedies. Until such an agreement is reached, the affected Unions agree that the City shall not be obligated to implement the monetary make whole remedies in the Award. In addition, if such an agreement is not

reached by December 1, 2007, the parties shall submit the issues of the Unions' proposed amendment to Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek and the City's proposed relief from the monetary make whole remedy to an arbitrator for resolution.

Tuck Pointer

The Union is authorized to bargain collectively for such employees with respect to rates of pay, wages, hours and other terms and conditions of employment. The term "employee" as used herein, refers to the above job classifications, unless specified to the contrary.

ARTICLE 2
MANAGEMENT RIGHTS

Section 2.1

The Union recognizes that certain rights, powers, and responsibilities belong solely to and are exclusively vested in the Employer, except only as they may be subject to a specific and express obligation of this Agreement. Among these rights, powers, and responsibilities, but not wholly inclusive, are all matters concerning or related to the management of the Employer's operations and the administration thereof, and the direction of the working forces, including (but not limited to) the right to suspend, discipline, or discharge for just cause; to layoff by reason of lack of work, by reason of lack of funds or work, or abolition of a position, or material changes in duties or organization of the Employer's operations, or other economic reasons; to hire, classify, transfer and assign work, promote, demote, or recall; to make and enforce reasonable rules and regulations, to maintain order and efficiency; to schedule the hours of work; to determine the services, processes, and extent of the Employer's operation, the types and quantities of machinery, equipment and materials to be used, the nature, extent, duration, character and method of operation, including (but not limited to) the right to contract out or subcontract; the right to determine the number of employees and how they shall be employed, and the quality and quantity of workmanship and work required to ensure maximum efficiency of operations; to establish and enforce fair production standards; and to

determine the size, number and location of its departments and facilities. All of the provisions of this Article are vested exclusively in the Employer, except as expressly abridged by a specific provision of this Agreement.

ARTICLE 3
NON-DISCRIMINATION

Section 3.1 Equal Employment Opportunities

The Union agrees to work cooperatively with the Employer to insure equal employment opportunities as required by law in all aspects of the Employer's personnel policies, and nothing in this Agreement shall be interpreted to cause a negative effect on said efforts. It is understood and agreed that this Article shall neither affect nor be interpreted to adversely affect the seniority provisions of this Agreement.

Section 3.2 No Discrimination

Neither the Employer nor the Union shall discriminate against any employee covered by this Agreement in a manner which would violate any applicable laws because of race, color, religion, national origin, age, sex, marital status, mental and/or physical handicap or activity on behalf of the Union.

Grievances by employees alleging violations of this Article shall be resolved through Step II of the Grievance procedure of this Agreement, but shall not be subject to arbitration unless mutually agreed by the parties.

The provisions of Article 11 of this Agreement shall be available, and the Arbitrator may balance the Employer's obligations under the ADA and this Agreement and the employee's rights under this Agreement, provided that no incumbent employee shall be displaced by such decision of the Arbitrator.

ARTICLE 4

"Me Too" Clause: If a majority of City unionized employees in non-prevailing wage rate classifications** receive an across-the-board percentage increase in their regular base rate of pay in any contract year higher than the increase set forth above in

any such year, employees in non-prevailing rate classifications covered by this Agreement shall have their wage adjustment set forth above increased by the difference between the above increase and the higher across-the-board percentage increase in any such year. Similarly, if a majority of City unionized employees in non-prevailing wage rate classifications** receive a lump sum payment in any contract year, employees in non-prevailing rate classifications covered by this Agreement shall receive the same lump sum payment in any such year. The parties agree to confer regarding the timing, amount and implementation of any wage adjustment or lump sum payment under this Section prior to such adjustment being paid.

**Exclusive of sworn employees of the Chicago Police Department and uniformed members of the Chicago Fire Department.

Section 4.5 Retroactivity

The increases set forth in Article 4, Sections 4.1 and 4.3, are payable to affected employees who, as of ~~August 2, 2007~~ **the date of final ratification of this Agreement by the City Council**, are either on the payroll, or are on approved leave, or are on layoff with recall rights, or are seasonal employees who are eligible for rehire, or are former employees who retired effective between July 1, ~~2007~~ **2017** and the date of final ratification of the Agreement by the City Council, inclusive.

Section 4.6 Out of Grade Pay

An employee covered by this Agreement who is directed to and does perform substantially all of the duties and responsibilities of a higher rated job within the bargaining unit shall be paid at the higher rate or classification consistent with his own tenure for all such time from the first day of the assignment. The Employer agrees that it will make such assignments for not less than an employee's full work day. Such payment shall be made on the next regular payday or as soon thereafter as is possible, but in no event later than the pay period following the pay period in which the payment was earned.

The time limits for acting into higher rated jobs shall not exceed one hundred eighty (180) days, except where a regular incumbent is on leave of absence, in which case the time limit for acting into such position may not exceed one (1) year, and no individual employee can act up into that position for more than ninety (90) days. The time limits may be extended by mutual agreement of the parties. If the one hundred eighty (180) day limit is extended to one (1) year due to a regular incumbent on leave of absence or by mutual agreement of the parties, individual employees shall not act into higher rated jobs for more than ninety (90) days per employee. To the extent that the Employer continues to require the performance of the duties of the higher rated job beyond the time limits set forth herein,

the position shall be treated as a "permanent vacancy" within the meaning of Section - of this Agreement and the Employer shall post and fill the job as a "permanent vacancy" subject to the applicable provisions of that Section.

Section 4.7 Payment of Wages

(a) All regular base wages will be paid to employees not later than the next regular pay day following the end of the payroll period in which it is earned. All overtime or premium pay shall be paid to employees not later than the second regular pay day following the end of the payroll period in which it is earned. In the event of an arbitration involving a dispute arising solely under this Section, the losing party will pay the entire amount of the arbitrator's fee.

(b) In the event an employee's pay check, at the time specified in paragraph (a) above, fails to include all of the regular base, overtime and/or premium pay to which he/she is entitled, the Department will correct that shortage provided the employee promptly notifies the Department's timekeeper in writing. Employees shall submit a payroll dispute to the Department timekeeper on the "Employee Payroll Inquiry Form" attached hereto as Appendix B. The employee's submission of such Form shall toll the period

for processing a grievance filed by the employee or Union over such dispute. If the Department concludes that there is a shortage in the employee's paycheck, and if the amount in question exceeds $100.00, the Department will submit a supplemental payroll to the Comptroller to cover the shortage, and will issue the employee a check in that amount on the next scheduled check/deposit advice delivery date after the timekeeper is notified of the employee's complaint. Shortages less than $100.00 will be added to the employee's next regular pay check.

(c) Should an employee not receive this supplemental check (for a sum greater than $100.00) within the aforementioned check/deposit advice delivery date period, the Employer will pay to the employee the sum of $5.00 for every pay period thereafter until the full supplemental check is received.

(d) It is understood that pay shortages relating to newly-hired employees, persons returning from leaves of absence (including but not limited to duty disability), overtime earned under the City's emergency snow removal program, and inaccuracies due to changes in payroll deductions, are excluded from the provisions of this Section. This paragraph does not supersede any other payment obligations

with respect to the payments referred to in this paragraph which may be contained elsewhere in this Agreement.

(e) In order to provide a basis for ongoing discussion concerning the City's payroll practices, the parties will form a Labor Management Committee consisting of four (4) persons appointed respectively by the City and by the Coalition. The City's members of the Committee will consist of representatives from the Department of Personnel, the Office of Budget and Management, the Comptroller and the Director of Labor Relations. The Coalition, as it shall determine, shall select four (4) representatives to serve as members of the Committee. The Committee will meet not less than quarterly, or more frequently as the need may arise, to review ongoing issues regarding payroll, compliance with this Section, or other issues of mutual concern which may arise during the life of the parties' Agreement. In addition, at the request of the Coalition, the City may include from time-to-time a representative of the Coalition at the Comptroller's weekly staff meetings with Department heads to review and address pending payroll inquiries from bargaining unit employees.

ARTICLE 5
HOURS OF WORK

Section 5.1

This Article shall be to calculate overtime and shall not be a guarantee of work or hours for any day or week.

The normal work week shall consist of five (5) consecutive 8-hour days and two (2) consecutive days off, except where the Employer's operations require different scheduling needs. The Employer will notify the Union of these exceptions.

The work week shall be a regular recurring seven (7) day period beginning at 12:00 midnight (one minute after 11:59 p.m. Saturday) Sunday and ending at 12:00 midnight the following Sunday. The normal work day shall begin at 8:00 a.m. and end at 4:30 p.m. as determined by the Employer.

Notwithstanding the foregoing, it is agreed that the Employer may change the established starting time of the Monday through Friday work day for a department, bureau, work unit, crew or individual upon fourteen (14) days written notice to the Union and affected employees, and discussion with the Union. Said starting times shall not be scheduled more than two (2) hours before the regular starting times currently in effect in this Agreement. All such changes, unless otherwise agreed to by the parties, shall be in effect for a minimum of one (1) week, and shall provide for the same starting times each day of that period. No employee shall be placed on a split shift without agreement by the Union. Failure to comply with this provision

shall result in the payment of appropriate premium time to affected employees.

Section 5.2 Overtime

Overtime and premium pay for employees shall be defined and paid in accordance with the historical and traditional practices of employers and the Union pursuant to the applicable collective bargaining agreement which is negotiated in the private sector and which historically and traditionally governs said payment. The Union shall certify and provide evidence to the Employer of said overtime and premium definitions and rates as described above.

All work performed after eight (8) hours worked in any 24 hour period shall be considered overtime and paid for at the rate of one and one-half (1 1/2) times the regular straight time hourly rate of pay provided the employee completes the normal work week or is absent with the Employer's permission. Work performed on Saturday, when Saturday is not part of the employee's regular work week; or the sixth consecutive day worked, shall be paid for at one and one-half (1 1/2) times the regular hourly rate of pay for the first eight hours of overtime work; all other overtime work shall be paid for at two (2) times the regular straight time hourly rate of pay.

All work performed on Sunday, when Sunday is not part of the employee's regular work week; or the seventh consecutive day worked, shall be paid for at two (2) times the regular hourly rate of pay. Such overtime shall be computed on the basis of

completed fifteen minute segments. Employees exempt from the Fair Labor Standards Act shall not be eligible for overtime under this Section. There shall be no pyramiding of overtime and/or premium pay. Daily and/or weekly overtime and/or premium pay shall not be paid for the same hours worked.

All overtime earned under this Section shall be paid to employees, not later than the second regular payday following the end of the payroll period in which it is earned.

Section 5.3 Overtime Equalization

A reasonable amount of overtime and/or premium time shall be a condition of continued employment. Overtime and/or premium time referred to in this Agreement, shall be offered first to the employee doing the job. All overtime will be distributed as equally as feasible over a reasonable period of time among the employees within the same classification and within the same work location.

Section 5.4 Reporting Pay

When an employee reports for his or her regularly scheduled shift, the employee shall receive a minimum of two (2) hours work or pay at the employee's regular straight time hourly rate, unless the employee was told at least three hours prior to his or her normal starting time not to report for work, except for reasons beyond the Employer's control. To be eligible for pay

under this provision, employees must advise the designated person within the Department of his or her current telephone number.

If the employee works more than two (2) hours, he or she shall receive a minimum of four(4) hours work or pay for that day. If the employee works more than four (4) hours, he or she shall be guaranteed eight (8) hours work or pay for that day. An employee who does not complete a normal eight (8) hour shift because he or she is sent home by the Employer shall have the option of using a portion of accrued vacation, personal or compensatory time for that day upon notice to the Employer.

Section 5.5 Call-In Pay

Except as otherwise agreed in writing, employees called in outside of their regular working hours shall receive a minimum of two (2) hours pay at the appropriate overtime rate from the time that they arrive at their workplace.

The term "call-in pay" as used in this Section shall refer to an employee being brought back to work outside of his/her normal work day, and shall not refer to any situation where the employee is brought into work or required to stay at work during periods which are contiguous to his/her regularly scheduled shift.

Section 5.6 Emergency Call Pay

In the event a General Foreman or Foreman is directed by the Employer to respond to emergency calls from home and outside of his or her regular working hours, he or she will be granted compensatory time at the appropriate rate for all verified time spent responding to the emergency from home, with a minimum of 15 minutes of compensatory time to be granted in any calendar day on which any such emergency responses were required, up to a maximum of two hours of compensatory time in any calendar day.

Section 5.7 Compensatory Time

Any banked overtime and/or compensatory time which employees have accumulated as of June 1, 2018 in excess of 160 hours shall be paid to employees in the form of cash within 30 days following June 1, 2018.

Employees who receive compensatory time under this agreement may elect to have such compensatory time paid out in the form of pay not later than the second regular payday following the end of the payroll period in which it is earned or may accumulate such time up to a maximum of 160 hours.

Use of compensatory time shall be subject to the operational needs of the Employer. All accumulated compensatory time in excess of 160 hours which has not been used or scheduled by June 1 in any calendar year will be paid to employees in the

form of cash at their current rate of pay. Nothing herein shall be construed as to allow the Employer to force an employee to use accrued compensatory time.

1. New Years Day
2. Dr. Martin Luther King's Birthday

(c) Employees covered by this Agreement including probationary employees shall be entitled to one (1) paid personal day in each year of this Agreement. At the employee's

option, the personal day may be scheduled in accordance with the vacation selection procedures set forth in Article 7 of this Agreement. If the employee elects not to schedule said personal day in advance under the vacation selection procedures as provided above, such day shall be designated by the employee and shall not be denied by the Employer. If the employee is required or allowed to work on such designated day, the employee shall receive the appropriate holiday premium rate. An employee may elect to carry over the personal day to the following calendar year provided such carry over shall not exceed five (5) personal days. Employees may not designate such personal day in connection with an existing holiday, Good Friday, or a vacation schedule unless requested by the employee upon ten (10) days written notice and approved by the Employer. New employees who commence work for the Employer after June 30 shall not be eligible for this personal day until the following calendar year.

(d) The benefits set forth in (a),(b) and (c) above shall be paid provided the employee is in pay status the full scheduled work day immediately preceding and the full scheduled work day immediately following such holiday, or is absent from work on one or both of those days with the Employer's permission; such permission shall not be unreasonably denied.

Section 6.2 Payment for Holiday

If an employee is scheduled to work on any calendar holiday as specified in Section 6.1, he/she shall be paid at the rate of

two (2) times (which includes holiday pay) his/her normal hourly rate for all hours worked.

If the employee is not required to work on a calendar holiday specified in Section 6.1, such employee shall be paid eight hours at straight time for such holiday.

All holiday time shall be considered time worked for the purposes of computing overtime except where the holiday falls on the employee's day off.

Section 6.3 Failure to Report to Work on Scheduled Holiday

If an employee is scheduled to work on a holiday and fails to report to work, the employee shall forfeit his/her right to pay for that holiday unless his/her absence is due to illness, injury, or other emergency.

Section 6.4 Holiday Observance

Except for employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on Saturday will be observed the Friday before the holiday; said holidays which fall on Sunday will be observed on the Monday after the holiday. For employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on either Saturday or Sunday will be observed on that day.

Whenever said holiday falls during an employee's vacation period the Employer shall have the option of granting the employee an extra day's pay or an extra day of vacation at a time mutually agreed upon between the employee and the

department head, provided the employee works the full scheduled workday immediately preceding and the full scheduled workday immediately following such vacation period, unless such absence is for a reason the Employer finds to be valid.

ARTICLE 7
VACATIONS

Section 7.1

Employees shall be eligible for paid vacations as of January 1 of each year following the year in which they were employed. An employee will earn the following amounts of paid vacation, based on such employee's continuous service as of July 1, following his/her January 1 eligibility.

Continuous Service Prior to July 1	Vacation
Less than 6 years	13 days
6 years or more, but less than 14 years	18 days
14 years or more	23 days
After 24 years	24 days
After 25 years	25 days

Section 7.2 Pro Rata Vacation

An employee shall be eligible for pro rata vacation if:

1. The employee did not have twelve (12) months of continuous service in the preceding calendar year and is on the payroll as of January 1 of the current calendar year; or

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by 12; the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 7.1 above. Any fraction is rounded off to the nearest whole number of days. Employee separated from employment, other than for cause, will be paid on a supplemental payroll as soon as practicable following the last day worked.

Part-time employee who work at least 80 hours per month earn vacation on a pro rata basis calculated in accordance with the formula used by the Employer in accordance with past practice.

Section 7.3 Forfeit of Vacation

All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee elects in writing to carry over **vacation days (**up to three **(3)** ~~such~~ ~~vacation~~ days **of accrued and unused vacation days for employees with less than ten (10) years of service, and up to five (5) days of accrued and unused vacation days for employees with ten (10) or more years of service)** for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to the employer before

December 15 of the vacation year. **Carry over days shall not count against an employee's maximum number of single use vacation days provided for under this Agreement.** ~~Such~~ carry over vacation days must be scheduled **in the then current year for use in the next year. Cancellation or re-scheduling of carry over days shall be controlled by the provisions set forth in the Agreement under Vacation Picks,** ~~upon mutual agreement of the employer, which agreement shall not be unreasonably denied or withheld,~~ and such carry over days must be taken on or before ~~April~~ **June** 30 of the next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). **Nothing herein shall limit or prohibit the Employer from allowing the employee to reschedule carry over before June 30th, or approving the rescheduling of carry over days beyond June 30th.** Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 7.4 Employee Laid Off or Discharged

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.** Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of 30 days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 12 of this Agreement. In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 7.5 Rate of Pay

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being taken, times 8 hours per day, times the number of days' vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 7.6 Selection

Vacation picks will be granted by classification seniority, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who

can be on vacation at any one time without hindering the operation of the Department. The Department will not designate any time or period during the calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal

work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

~~**Section 7.7 Reciprocity With Other Assemblies**~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation time accrued while~~

~~working for another public agency is not transferable. Employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

Section 7.8 Non-Consecutive Vacation Days

Employees may receive up to ~~five~~ **six** of their vacations days one or more days(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection)**. Such days(s) off shall be approved by the employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday - Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be**

charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.

Section 9.2 Joint Labor Management Cooperation Committee on Health Care

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Labor Management Cooperation Committee ("LMCC") pursuant to applicable state and federal law. The purpose of the LMCC is to research and make recommendations and decisions within its authority related to the achievement of

significant and measurable savings in the cost of employee health care during the term of this Agreement. The Parties shall memorialize their intent to create this LMCC by executing an Agreement and Declaration of Trust ("Trust Agreement") contemporaneously with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago. Said Trust Agreement shall be attached to this Agreement as Appendix C.

Section 9.3

The Trust Agreement shall address, without limitation, the following:

The parties will work through the LMCC to identify changes that will result in the required savings. If, prior to January 1, 2020, the parties have not reached agreement upon the proposed changes, each party will submit its offer of proposed changes and the amount proposed to be reduced, including the methodology for estimating the value of the proposed changes, to a mutually agreed upon arbitrator, who will be limited to selecting either the City's or the Coalition Unions' offer. The offer selected by the arbitrator will be binding on the parties and on the LMCC.

Section 9.6

The City agrees to provide representatives from the Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that the Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Such information to be provided will include, but not be limited to, a census for the current non-Medicare retirees including the birthdate, gender, coverage tier (single, couple, family, etc.), and zip code of residence, as well as the claims information and enrollment counts for the last three (3) years. The Employer reserves the right to require an employee to provide documentation of the illness in question.

Section 10.5 Personal Leave

Reasonable advance notice shall be no less than ten (10) days; and where advance notice cannot be provided, the

Employees shall have a right to return to their regular assignment and location.

Section 10.6 Duty Disability Leave

Any employee who is absent from work due to an injury on duty shall be granted a leave of absence. The Employer will mail the initial Duty Disability payment within ten working days upon receipt of verified authorization from the approving authority. Employees on medical leaves of absence shall return to work promptly after their doctor releases them to return to work.

Employees who return from said medical leaves of absence promptly after their doctor's release within one year shall be reinstated to their former job classification if it is vacant or if it is then occupied by an employee of lower seniority. After one year on an approved medical leave of absence, employees who return to work promptly after their doctor's release and who meet the following continuous service requirements shall be reinstated as described above according to the following formula: three (3) months of such reinstatement rights for every year of service to a maximum of five (5) years reinstatement rights.

An employee who does not meet the above eligibility requirements and who returns to work promptly after his/her doctor's release after more than one year on a medical leave of absence, shall be returned to his/her former job classification if the job is vacant. If not, the employee will be placed on a list for reinstatement.

While on such leave the employee shall not incur a break in continuous service. An employee on said leave of absence shall not be eligible for any benefits as an employee.

Employees who return from Union leaves of absence shall have the same rights as employees who return from medical leaves of absence.

Union Pension Fund Trustees who have been duly elected and/or appointed to a City/Municipal Pension Fund (including but not limited to the Municipal and Laborers' Funds) shall be granted leave without loss of pay to attend Pension Fund Trustee meetings that take place during their regularly scheduled shift.

Section 10.9 Paid Parental Leave

An employee wishing to take paid parental leave must apply and be eligible for Family Medical Leave Act (FMLA) leave. An employee is eligible for FMLA leave if he or she has been employed by the City for at least twelve (12) months before

taking the leave and has worked at least 1250 hours during the 12-month period prior to the leave. Eligible employees may be granted the following paid parental leaves, in conjunction with and as part of an approved FMLA leave:

- Up to four (4) weeks paid maternity leave to a birth mother to recover from a non-surgical delivery; or
- Up to six (6) weeks paid maternity leave to a birth mother to recover from a C-section delivery; or

For eligible non-salaried employees compensation shall be based on the employee's scheduled work hours.

Notwithstanding any other provision of this agreement, paid parental leave shall be granted only as part of an approved FMLA leave and may not be used as intermittent leave.

Section 11.1

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union. Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearing, provided that said employee

shall be guaranteed, upon request, a full hearing before said Board, in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has 7 days from receipt of the notice to appeal. If the employee does not file an appeal within the 7-day appeal period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30-day notice period and the employee shall remain on the payroll for the full notice period, except if prior to completion of the 30-day notice period (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event may the employee require the employer to retain the employee on the payroll beyond the 30-day period. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed.

The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration, and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that she/he is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the employee's immediate supervisor shall meet with the employee and notify him/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent

documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy this Section 11.1 shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a statement of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not to exceed eighteen (18) months and shall thereafter not be used as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not use said record of the discipline action against the employee, or in the case of promotions or transfers.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court

of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police board is reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this agreement.

Section 11.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1. Within five (5) working days after an employee receives written notice of any proposed disciplinary action, including a suspension for ten (10) days or less which is not appealable to the Personnel or Police Board, or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union, the Employer shall conduct a meeting with the Union and employee. Discipline shall be administered as soon as possible after the Employer has had a reasonable

opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting or further investigation, the employee may request in writing to the department head for review of said disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days of receipt of written notice of discipline. Said review form shall be printed on the back of or attached to the notice of discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2. Within three (3) working days or any mutually agreed upon extension after the department head or designee receives the employee's request for review, the department head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and Union representative, if any, will be heard and provided the opportunity to ask questions. The department head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required.

The absence of such agreement or failure to decide and communicate such decision will result in automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union. In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is the subject of the disciplinary investigation of the pendency of the investigation and its subject matter, within 30 days of the Employer being made aware of the alleged rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include indictable criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a predisciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

Step 3. Where further investigation is agreed upon, a second meeting shall be held between the department head or designee and the employee and the Union representative to discuss the results of the investigation. Said meeting shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The department head or designee shall render a written decision within two (2) working days of the second

meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4. If the matter is not settled in Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedure for arbitration shall be the same as in 11.3, Step III.

Section 11.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 11.1 and 11.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of the employees of the Employer it represents, arising out of the

circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - IMMEDIATE SUPERVISOR

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in

letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the Union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union Representative and/or the employee shall have the right to make an appeal in writing to the Department Head or the Department Head's designee within seven (7) working days after the date of receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department

Head's designee shall be posted for employees in areas where employee notices are normally posted and submitted to the Union. Failure to post and so notify the union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or the Department Head's designee shall have the requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this paragraph shall be construed to relieve the City and the Union from their obligations to otherwise process

and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second Step, the Union or the Employer may request final and binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected employee representative of the group or class. A

class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following instructions or orders the employee does not waive his/her right to process the grievance. Refusal to follow instructions or orders shall be cause for discipline.

Step III - ARBITRATION

If the matter is not settled in Step II the Union or the Employer, but not an individual employee or employees, may submit the dispute to arbitration by serving a written request to arbitrate to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief

requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection

and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party.

Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this agreement shall be the sole source of any rights which either party may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from,

or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. ADVANCED GRIEVANCE STEP FILING

Certain issues which by nature are not capable of being settled at a preliminary step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the grievant/union at Step II.

B. PERTINENT WITNESSES AND INFORMATION

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable

laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone, to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator from a group of arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-established hearing date per month for the arbitration of grievances.

Section 11.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees

covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her

administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any non-governmental agency relating to any matter or issue under investigation.

K. The results of a polygraph examination shall not be used against an employee in any forum adverse to the employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to the administration of the examination. The results of

any polygraph examination shall be known to the employee within one week.

L. This Section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the charges against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the same forum as, grievances which protest said disciplinary action, except as provided in paragraph O(2) below. If no disciplinary action is brought against the employee following the conclusion of the Inspector General's investigation, no grievance concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights enumerated in this Section, shall be suppressed and shall not be used by the Employer for any disciplinary

action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the Municipal Code of the City of Chicago regarding the Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2) Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as

follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators. Thereafter, the parties will meet to strike names from the list, with the Employer striking first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may mutually agree. The arbitrator's jurisdiction shall be limited to determining if the Inspector General obtained evidence or statements in violation of paragraph O(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to rule on the merits of any underlying discipline or

take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

ARTICLE 12
NO STRIKES-NO LOCKOUT

Section 12.1

The Union agrees that during the life of this Agreement, there shall be no strikes (including, but not limited to sympathy strikes and strikes to protest Union or third party conduct), work stoppages, slowdowns, picketing, delays of work of any kind.

Section 12.2

The Union agrees that it will use its best efforts to prevent any acts forbidden in this Article and that in the event any such acts take place or are engaged in by any employee or group of employees in the Union's bargaining unit, the Union

further agrees it will use its best efforts to cause an immediate cessation thereof. If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 12.3

The Employer may terminate the employment of or otherwise discipline any employee or employees who have been found to have engaged in any act forbidden in this Article.

Section 12.4

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 13
DUES CHECK-OFF AND FAIR SHARE

Section 13.1

The Employer, upon receipt of a validly executed written authorization card, shall deduct Union dues and initiation fees from the payroll checks of all employees so authorizing the deduction in an amount certified by the Union, and shall remit

such deductions on a semi-monthly basis to the Union. Authorization for such deduction shall be irrevocable unless revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court and other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 13.1, 13.2, 13.3 and 13.4 of this Article, or in reliance on any list, notice, certification or assignment furnished under any of such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The Employer shall provide to the Union within thirty (30) days name, address, classification, rate of salary and starting date of any new employee hired into the Union's bargaining unit.

The City and the Coalition Unions will create a committee to review and explore the feasibility of using electronic records and/or electronic signatures consistent with state and federal law which allows the City and the Union to use electronic authorization to verify union membership and/or

authorize voluntary deduction of Union dues and fees from wages or payments for remittance to the Union.

Section 13.2

It is further agreed that 30 days after the later of the execution of the Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union and shall remit such deductions to the Union at the same time that the dues check-off is remitted. It is understood that the amount of deductions from said non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.3

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

Section 13.4

Each employee who on the effective date of this Agreement is a member of the Union, and each employee who becomes a member after that date, shall, as a condition of employment, maintain

his/her membership in the Union during the term of this Agreement.

Any present employee who is not a member of the Union shall, as a condition of employment, be required to pay a fair share (not to exceed the amount of Union dues) of the cost of the collective bargaining process and contract administration. All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, 30 days after the later of the execution of this Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and contract administration and pursuing matters affecting wages, hours and other conditions of employment.

ARTICLE 14
MISCELLANEOUS

Section 14.1 Job Titles

The Employer will notify the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto. If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the jurisdiction of another bargaining unit without the mutual agreement of the unions involved.

Section 14.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day, or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another Union shall not perform the work of said employees. For example, if a Tuck Pointer is on vacation, a Carpenter shall not be assigned as a replacement Tuck Pointer. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing

herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 14.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 11.3 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 11.3 of this Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only

which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

Section 14.4 Deferred Compensation

The Employer's policy which is in effect at the execution of this Agreement, pertaining to deferred compensation, shall be afforded to all employees of the Employer without change during the term of this Agreement.

The Employer will make contributions, on a dollar-for-dollar basis, under a 401(a) Plan (or any similar successor Plan agreed to by the Coalition Unions) up to the maximum total amounts per year shown below based on amounts deferred by each

employee in those same years to that employee's 457 Plan, as follows:

a. January 1, 2020 - up to $250 per year

b. January 1, 2021 - up to $250 per year

c. January 1, 2022 - up to $500 per year

The City shall advise the unions at least semi-annually, of the total contributions it has made.

Section 14.5 Rules of Conduct Changes

When the Employer proposes to initiate reasonable changes or additions to its rules of conduct, which could subject employees to discipline, the Employer shall transmit four (4) copies of the proposed changes or additions to the Union. The Union will consider the proposals, and upon request, the Employer will meet with the Union within twenty (20) calendar days of the receipt of the proposals to receive the Union's comments. Absent an emergency, the Employer will not implement its proposed changes or additions until the Union has had a reasonable opportunity to present its views and discuss the proposals with the Employer. No such changes or additions shall be implemented without prior publication and notice to the affected Employees.

Section 14.6 Safety

(a) The Employer shall provide a safe and healthful working environment for employees covered by this Agreement including in accordance with applicable federal and state occupational safety and health laws, and shall maintain in good and safe working condition all equipment necessary for the safe and proper performance of the job.

(b) In furtherance of those efforts, a joint safety committee shall be established which shall be composed of six (6) representatives of the Union Coalition and six (6) representatives of the Employer. The purpose of the committee shall be to discuss, examine and to make recommendations concerning occupational safety and health issues affecting employees. All recommendations of the committee with respect to safety and health issues shall be submitted in writing to the appropriate Department Head with a copy to the Union and the Director of Labor Relations. The Department Head shall promptly issue a written response to the committee concerning the Department's views regarding the committee's recommendations.

The parties may decide, from time to time, to refer certain safety issues and concerns to the personnel of the affected Department(s) responsible for safety matters and Union representatives of the affected employee(s). The Department safety personnel will meet and confer with a representative of the affected Union about such issues and report back to the Committee on any decisions or recommendations concerning them.

(c) The joint safety committee shall meet at least once a month, or otherwise by mutual agreement.

(d) The parties agree and understand that if an employee is faced with an unsafe working condition, the employee is required to perform the task in question unless the employee's performance of an assigned task presents the strong likelihood of subjecting the employee to imminent danger of death or serious injury. If the employee, with no reasonable alternative, refuses in good faith to perform that task and expose himself to that dangerous condition, the employee will not be subject to discipline. In order to avoid discipline under this paragraph, the condition must be of such a nature that a reasonable person, under the circumstances, would conclude that there is a real, substantial, and imminent danger of death or serious injury. In addition, the employee must also have sought from the Employer, and have been unable to obtain, correction of the situation before refusing to perform the task in question.

Section 14.7 Information to Union

The Employer will provide to the Union **Bargaining Unit, Dues and Hours reports for its bargaining unit employees, which will contain, at the minimum, the following information:**

~~The Employer shall also provide to the Union on a monthly basis a bargaining unit activity report of current active employees that will list Career Service Retirements; Career Service Resignations; Career Service Discharges; Non-Career~~

~~Service Terminations; Leaves of Absence; Suspensions; Reinstatements; Reappointments; Transfers (change of department and change of payroll); Appointments (which also includes promotions and demotions); and Deaths.~~

~~Each month the Employer will provide to the Union the current month's bargaining unit activity report and the updated report from the previous month.~~

Section 14.8 Transfers

The current practice in regard to transfer between departments will continue, provided that both Department Heads are in agreement.

Section 14.9 Subcontracting

The Employer shall not contract or subcontract out bargaining unit work to any person, contractor or employer who is not in compliance with the area standards established under and pursuant to the formula used by the United States Department of Labor in administering the Davis-Bacon Act. Notice of any such contracting or subcontracting shall be given to the Union at least thirty (30) days prior to its effective date. The notice shall be in writing and shall contain the name and address of the party who will perform the work, a description of the work to be performed and any other relevant data to enable the Union to determine compliance with this Section. In the event such party is determined not to be in compliance with the said area standards, the Employer shall withhold payouts and

shall not contract or subcontract further with any such party until the Union and the Employer receive a written and enforceable assurance of compliance.

In the event that the Employer determines to subcontract unit work under this Agreement, and as a result bargaining unit employees would be laid off by the proposed subcontracting, the Employer shall make available, on a seniority basis, equal-rated permanent jobs which the Employer has declared to be vacant in the affected Department, or other departments, as the case may be, in that order, provided the laid off employees have the then present ability to perform the required work without further training. However, the employee shall be provided with a reasonable amount of orientation to allow him or her to perform the work.

Prior to sub-contracting of bargaining unit work, the Employer, the Union, and the proposed sub-contractor shall meet to discuss the employment of employees subject to layoff. During that meeting the Employer will request and urge that the sub-contractor hire laid off employees.

Section 14.10 Automobile Reimbursement

Employees who are required by the Employer to use their own automobiles in the performance of their job shall receive mileage reimbursement at the then effective rate recognized by the Internal Revenue Service, with a maximum of $250 per month. On the effective date of this Agreement, following its ratification by all parties, the maximum reimbursement will

increase to $350.00 per month. Effective February 1, 2008, the maximum reimbursement will increase to $450.00 per month. Effective February 1, 2009, the maximum reimbursement will increase to $550.00 per month. Thereafter, the maximum reimbursement will increase effective each February 1 by the percentage increase in the Transportation Expenditure Category of the Consumer Price Index for All Urban Consumers (CPI-U): U.S. City Average for the previous year, as rounded to the nearest $5 increment. Employees seeking mileage reimbursement must submit that request on a form provided by the Employer. Payment for mileage expenses will be made on a monthly basis. In the event that during the life of this Agreement the Employer shall implement for any group of employees an automobile expense reimbursement program which is more favorable to employees than the provisions of this paragraph, upon notice from the Union, the Employer will meet and discuss with representatives of the Union the possible application of said new program to employees covered by this Agreement.

Upon request by either party made no earlier than January 1, 2010, the parties shall meet to discuss any proposed changes to this Section 14.10.

Section 14.11 Filling of Permanent Vacancies

The Employer will post vacancies electronically on the City of Chicago CAREERS website. A copy of the posting will be provided to the Union at least 72 hours prior to the electronic

posting. Said vacancy shall be posted for 14 days on the CAREERS website. The posting shall contain at least the following information: job title, qualifications, days off, shift, hours, work location, if known, and rate of pay. The posting shall also identify the number of positions to be filled. If the number to be filled changes, the Employer shall promptly notify the Union. Prior to the commencement of the selection process, the Employer will provide the Union with a list of qualified bidders.

Prior to notifying the successful bidder/applicant, the Employer shall give the Union a list of bidders identifying, where applicable, the successful bidder(s). Upon request, the Employer shall schedule a meeting with the Union to review the selection process, including the reasons for selection and rejection of bidders. This meeting shall include a review and discussion of documents considered during the hiring process, including documents such as the referral list, employment decision form, hiring information summary, and hiring criteria rating form. If requested, the Employer will furnish copies of such documents to the Union. Bidders who are not selected shall be so notified by the Department Head and informed of the reasons for non-selection.

The successful bidder for any jobs under this Section shall have an evaluation period, not to exceed sixty (60) days, to

demonstrate that he/she can perform the job. If the Employer has just cause based on the employee's job performance at any time during that period that the successful bidder cannot perform the job, then the successful bidder shall be returned to the job he/she held just prior to the awarding of the bid, displacing, if necessary, any employee who has been placed into said job.

Section 14.12 Fitness for Duty

If the Employer observes and has reasonable cause to believe the employee has a medical condition or significant limitation that prevents the employee from being able to perform the essential duties of the position, an employee may be sent for a Fitness for Duty examination at the Employer's sole expense.

If the examination results in a determination that the employee is unfit for duty and the employee's physician certifies that the employee is fit for duty, the employee may elect or the Employer may require the employee, at the Employer's sole expense, to be subject to an independent medical examination ("IME") to determine if the employee is fit for duty. The Union shall select an examining independent physician who will conduct the IME from a list of at least three physicians with the appropriate medical specialty who have successfully completed the City's procurement process and are on

a list of approved vendors. The determination of the independent physician and the IME shall be final and binding. The employee shall execute all HIPAA waivers and other forms necessary in order to permit access to all medical records related to his/her condition, and the City shall agree to secure and maintain the confidential nature of all medical records obtained through this process.

ARTICLE 15
LAYOFF AND RECALL

Section 15.1

Probationary employees with more than 90 days of service shall be laid off first. Thereafter, the least senior employee in the affected job classification in the department shall be laid off first, provided the ability, qualifications to perform the required work, and the employee's job performance are equal among the other employees in the job in the department. "Seniority" shall mean, for purposes of this Section, the employee's service in the job title (time-in-title).

A laid-off employee may displace (bump) the least senior employee, if any, in the most recent lower job title the employee to be laid off has held in the department, provided the employee to be laid off has the then present ability to perform the job to the Employer's satisfaction without further training.

Employees shall be recalled in the reverse order in which they were laid off.

ARTICLE 16
SEPARABILITY

Section 16.1

In the event any ~~of the~~ provision~~s~~ of this Agreement shall be or become invalid or unenforceable by reason of any **final and binding court decision, as well as any** Federal or State Law or Local Ordinance now existing or hereinafter enacted, such invalidity or unenforceability shall not affect the remainder of the provisions hereof, **which shall remain in full force and effect. The invalid or unenforceable provision shall be subject to re-negotiation by the Parties within a reasonable period of time.** ~~The parties agree to meet and adopt revised provisions which would be in conformity with the law.~~

ARTICLE 17
UNION REPRESENTATION

Section 17.1 Union Stewards

The Union will advise the Employer in writing, of the names of the Stewards in each department or area agreed upon with the Employer and shall notify the Employer promptly of any changes.

Stewards will be permitted to handle and process grievances referred by employees at the appropriate steps of the grievance procedure during normal hours, without the loss of pay, provided that such activity shall not exceed a reasonable period of time, or unreasonably interrupt the work of employees. Stewards shall notify their immediate supervisors in advance of their intention to handle and process grievances. Supervisors may not

unreasonably withhold permission to the stewards to engage in such activities.

Employees acting as Union Stewards shall not be discriminated against nor be transferred from their job classifications or departments because of their activities on behalf of the Union. Any transfers of Union Stewards from their job classifications or departments, other than in an emergency, will be discussed with the Union in advance of any such transfers.

Section 17.2

The Union shall have the right and responsibility to represent the interest of all employees in the unit, to present its views to the City on matters of concern, either orally or in writing, and to consult and be consulted with, in respect to the formulation, development and implementation of policies and programs affecting working conditions.

Section 17.3 Right of Access

Duly authorized Officials of the Union will be permitted during normal working hours, to enter Employer facilities for purposes of handling grievances or observing conditions under which employees are working. The Union will not abuse this privilege, and such right of entry shall be consistent with current practices, and shall at all times be conducted in a manner so as not to interfere with normal operations. The Employer may change or set rules of access, provided that any

change in current practices must be reasonable and subject to the grievance procedure.

ARTICLE 18
DRUG AND ALCOHOL PROGRAM

Section 18.1 Policy Statement

The City of Chicago's essential mission is to provide services to its citizens in a safe and economic manner. The parties to this Agreement recognize that drug and alcohol abuse in the workplace has a deleterious effect of the health and safety of employees, as well as their morale and productivity, all of which creates an undue burden on the persons which the City and the employees covered by this Agreement serve. Furthermore, the economic cost of providing health care services to employees who abuse drugs and alcohol has put an increasing burden on the City's finances.

The Employer and the Union maintain a strong commitment to protect people and property, and to provide a safe working environment. To this end, the Employer has also established its confidential Employee Assistance Program for employees with personal problems, including alcohol and substance abuse, and the parties to this Agreement urge employees who have such problems to utilize the Program's services.

To maintain a workplace which provides a safe and healthy work environment for all employees the following drug and alcohol program is also established.

Section 18.2 Definitions

(a) Alcohol: Ethyl alcohol

(b) Prohibited Items & Substances: all illegal drugs and controlled substances, alcoholic beverages, and drug paraphernalia in the possession of, or being used by, and employee on the job or the premises of the Employer.

(c) Employer Premises: a property, facilities, land, buildings, structures, automobiles, trucks and other vehicles owned, leased or used by the Employer as job sites or work locations and over the Employer has authority as employer.

(d) Employees: all persons covered by this Agreement.

(e) Accident: an event resulting in injury to a person requiring medical attention or causing significant damage to property to which an employee contributed as a direct or indirect cause.

(f) Reasonable Cause: erratic or unusual behavior by an employee, including but not limited to noticeable imbalance, incoherence and disorientation, which would lead a person of ordinary sensibilities to conclude that the employee is under the influence of drugs and/or alcohol.

(g) Under the Influence: any mental, emotional, sensory or physical impairment due to the use of drugs or alcohol.

(h) Test: the taking and analysis of any body component sample, whether by blood, breath, urine, or in any other scientifically reliable manner, for the purpose of identifying,

measuring or quantifying the presence or absence of drugs, alcohol or any metabolite thereof.

Section 18.3 Disciplinary Action

(a) All employees must report to work in a physical condition that will enable them to perform their jobs in a safe manner. Further, employees shall not use, possess, dispense or receive prohibited items or substances on or at the Employer's premises, nor shall they report to work under the influence of drugs and/or alcohol.

(b) When, based upon the direct observation of two supervisors, the Employer has reasonable cause to believe that an employee is under the influence of a prohibited substance, the Employer shall have the right to subject that employee to a drug and alcohol test. At the Employer's discretion, the employee may be placed on administrative leave with pay until test results are available. If the test results prove negative, the employee shall be reinstated. In all other cases, the Employer will terminate all employees who:

(i) test positive for drug and/or alcohol use;

(ii) refuse to cooperate with testing procedures;

(iii) are found to be under the influence of drugs or alcohol while on duty and on the Employer's premises;

(iv) are found in possession of alcohol, drugs or drug paraphernalia, or are found selling or

distributing drugs or drug paraphernalia, on the Employer's premises.

(c) All adverse employment action taken against an employee under this program shall be subject to the grievance and arbitration procedures of this Agreement.

Section 18.4 Drug and Alcohol Testing

(a) The Employer may require drug and/or alcohol testing under the following conditions:

(i) a test may be administered in the event that two supervisors have reasonable cause to believe that an employee has reported to work under the influence of or is at work under the influence of drugs or alcohol.

(ii) a test may be required if an employee is involved in a workplace accident or fighting;

(iii) a test may be required as part of a follow-up to counseling or rehabilitation for substance abuse for up to a one year period.

(b) Employees to be tested will be required to sign a consent form and chain of custody form, assuring proper documentation and accuracy. If an employee refuses to sign a consent form authorizing the test, he or she will be subject to termination.

(c) Drug and alcohol testing will be conducted by an independent laboratory accredited by NIDA or any successor agency, and may consist of either blood or urine tests, or both.

The Employer reserves the right to utilize a breathalyzer to test for the presence of alcohol, in lieu of clinical testing.

(d) Laboratory testing procedures will conform to the procedures specified in the NIDA guidelines for federal workplace drug testing programs, dated April 11, 1988 and as may be amended hereafter by the relevant agency of the Department of Health and Human Services.

(e) Initial and confirmatory test results which meet or exceed the cutoff levels for drugs set forth in the NIDA guidelines (and as they may be amended) shall be regarded as "positive," and shall presumptively established that the tested employee was under the influence of drugs.

(f) Initial and confirmatory (or breathalyzer) test results which meet or exceed the level of blood alcohol established in the Illinois Motor Vehicle Act as legal intoxication shall presumptively establish that the tested employee was under the influence of alcohol.

(g) The cost of initial and confirmatory testing will be borne by the Employer.

(h) Drug and alcohol test results shall be reported to the Commissioner of Personnel or his designee in the manner to be prescribed by the Commissioner. The applicant or incumbent shall be notified of the test results in writing. The Commissioner will inform the applicable department head of any employee who tests positive for alcohol or drugs, who in turn will initiate disciplinary proceedings under Section 18.3 above.

(i) All urine or blood samples shall be taken in sufficient quantity as to allow for retesting. Any portion not used in the test will be preserved by scientifically reliable means for one (1) year following the test. Any employee whose test result is positive may elect, at his or her expense, to be retested by the same or other laboratory satisfactory to the Commissioner of Personnel, provided that the Employer's testing laboratory shall arrange for transmitting said sample to the second laboratory. Positive results of said retesting shall be conclusive as to the presence of alcohol or drugs. The failure to take a sufficient sample, or to preserve such sample, to allow for retesting, shall not affect the removal from eligibility of an applicant or personnel action, including discharge, or any employee.

(j) No laboratory report or test results shall appear in the incumbent's personnel file unless they are part of a personnel action under this program, but shall be placed in a special locked file maintained by the Commissioner of personnel, except as such disclosure may be required by this policy, law or ordinance.

Section 18.5 Employee Assistance Program

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary matter and may participate if they wish in the voluntary Employee Assistance Program.

ARTICLE 19
JOINT APPRENTICESHIP AND TRAINING PROGRAM INITIATIVE

Section 19.1

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Apprenticeship and Training Program Initiative ("Initiative") in conjunction with certain third parties including, but without limitation, the Chicago Public Schools ("CPS"), the City Colleges of Chicago ("City Colleges") and External Contractors. The purpose of the Initiative is to increase the opportunities for participation of graduates of CPS and/or City Colleges in Union apprenticeship and training programs and to provide expanded post-apprenticeship and training employment opportunities for such graduates. In conjunction with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago, the Parties shall enter into a supplemental memorandum of understanding regarding the structure, implementation, monitoring and enforcement of this Initiative. Said memorandum shall be attached to this Agreement as Appendix D.

Section 19.2

The Initiative shall generally include the following:

a. A commitment by each Coalition Union to establish or otherwise expand available apprenticeship and training opportunities; a commitment by the Coalition to fill at

least 100 apprenticeship slots across Coalition Unions with CPS students, graduates or former students with a GED and/or City College students and graduates by June 30 of each year of this Agreement.

b. A commitment by the Coalition and the City to collaborate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to prepare CPS and City Colleges students to enter Union apprenticeship and training programs. In particular, the Coalition and the City will cooperate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to publicize available building and trades apprenticeship and training programs and subsequent careers; to consider establishing training programs as appropriate; and to expand post-apprenticeship and training employment opportunities.

c. The Parties shall appoint a Chair and an Auditor to oversee this Initiative and ensure that the parties take appropriate steps to fulfill the commitments set forth in this Article and supplemental memorandum attached hereto.

ARTICLE 20
RATIFICATION AND TERMINATION

The terms of this Agreement shall be subject to ratification by the City Council of the City of Chicago and

concurrent adoption in ordinance form. The Employer and the Union will cooperate to secure this legislative approval.

This Agreement shall be effective as of said date of ratification by the City Council and shall remain in full force and effect from said date to June 30, 20~~17~~**22**, both inclusive. Thereafter, it shall automatically renew itself from year to year unless at least 60 days and not more than 120 days prior to the termination date or anniversary thereof, either party gives written notice to the other by Certified Mail, return receipt requested, of a desire to amend, add to, subtract from, or terminate this Agreement.

In the event such notice of a desire to amend, add to, or subtract from the terms of this Agreement is given the parties shall, within a reasonable time thereafter, enter into negotiations concerning the request. If the parties are unable to agree upon a successor agreement before the 30th day of June following the date on which notice was given, this Agreement shall expire on such 30th day of June unless both parties agree to extend this Agreement. The notices referred to shall be considered to have been given as of the date shown on the postmark. Written notices may be tendered in person, in which case the date of notice shall be the written date of receipt.

This Agreement constitutes the entire contract between the Employer and the Union and settles all demands and issues with respect to all matters subject to collective bargaining. The Employer and the Union, therefore, voluntarily waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any matter which is subject to collective bargaining whether or not such matter is specifically referred to herein, and even though such matter may not have been within the knowledge or contemplation of the parties at the time this Agreement was negotiated or signed.

In the event the City of Chicago agrees to or authorizes additional vacation, holiday or other paid time off, or voluntary unpaid time off with any other bargaining unit (excluding police and/or fire) during the term of this Agreement, such additional time off shall be granted to all employees covered by this Agreement.

ARTICLE 21
TERM OF AGREEMENT

This Agreement shall be effective from the date upon which it is ratified by the City Council of the City of Chicago, but no earlier than July 1, ~~2007~~**2017**, and shall remain in effect through 11:59 p.m. on June 30, ~~2017~~**2022**.

Health Plan Reopener

Each party reserves the right to reopen this Agreement in order to further negotiate the Health Plan set forth in Article 9 for the following reasons:

1. Any change(s) in the applicable law(s), including but not limited to a universal, national or state health care program mandating significant changes in health insurance benefits that becomes law and is effective during the term of this Agreement;

2. The lack of achievement of health care cost containment as anticipated by the parties pursuant to the establishment and administration of the Labor-Management Cooperation Committee on health care, as defined below:

   (a) The parties charge the LMCC with the responsibility of approving Plan changes that will result in significant cost containment or savings, as measured by a projected increase of costs for any individual plan of no more than 8% in Fiscal Year 2009 and each fiscal year thereafter when compared to health care costs in Fiscal Year 2008 and each previous fiscal year thereafter, respectively.

(b) Should the Plan changes approved by the LMCC fail to result in such cost containment or savings as stated in subsection (a) above, the LMCC shall make such adjustments to the Plan as are necessary, including but not limited to adjustments in deductibles, co-pays and co-insurance, to prevent the cost increase from exceeding 8% as measured in subsection (a) above.

(c) Should the plan changes approved by the LMCC fail to achieve cost containment or savings as stated in subsections (a) and (b) above by the end of following fiscal year, either party may elect to reopen negotiations as set forth herein on the following specific topics:

- Health Plan set forth in Article 9;
- Structure of the LMCC;
- Composition of the LMCC;
- Funding of the LMCC.

~~provided, however, each party reserves the right to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9 no later than June 30, 2011 and June 30, 2015, or in~~

~~the event the City of Chicago is awarded the 2016 Olympic Games, June 30, 2014.~~

(d) The LMCC will continue to work cooperatively in seeking to limit health care costs pursuant to the terms of this Agreement, and the City agrees, for the term of this Agreement, that it will not invoke the 8% trigger provision.

If any one of the foregoing events or conditions occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.

~~Non-Prevailing Wage Rate Reopener~~

~~Four-Year: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current four-year agreement expiring on June 30, 2011 regarding an~~

~~across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by March 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by March 31, 2012.~~

~~Five-Year: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current five-year agreement expiring on June 30, 2012 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by October 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by October 31, 2012.~~

~~If any one of the foregoing events occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) set forth in Article 4, Section 4. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other~~

~~party and the City shall not be obligated to make the wage adjustments set forth in Article 4, Section 4. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.~~

Other Reopener

In the event of an emergency, cataclysmic event or other similar exigency affecting the City's financial condition, each party reserves the right to reopen the entire Agreement.

FOUR 10-HOUR DAY WORKWEEK

Agree to the following in a side letter to this Agreement:

Since the Arbitrator issued his Opinion and Award dated June 21, 2007 in the Matter of Arbitration between the City of Chicago and Laborers Local 1001/Teamsters Local 726 ("Award"), the City and affected Coalition Unions have explored various approaches to resolving their dispute over the scope of the Award and the application of Section 3(a) of the Memorandum of Understanding dated July 18, 2005 entered into between the City and Coalition ("Section 3(a)"). In addition to amending Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek, the parties, in return, have discussed an agreement by the Unions to waive some or all of the monetary make whole remedies directed by the Arbitrator in his Award. Although the City is willing to amend Section 3(a) as requested by the Unions in order to conclude negotiations at the Coalition level, such willingness is contingent on the expectation that the affected Unions will reach agreement with the City to waive some or all of the monetary make whole remedies. Until such an agreement is reached, the affected Unions agree that the City shall not be obligated to implement the monetary make whole

remedies in the Award. In addition, if such an agreement is not reached by December 1, 2007, the parties shall submit the issues of the Unions' proposed amendment to Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek and the City's proposed relief from the monetary make whole remedy to an arbitrator for resolution.

In recognition of the above the Employer and the Union agree as follows:

ARTICLE 1

The Employer recognizes the Union as the sole and exclusive bargaining agent for all employees in the following job classifications:

Stationary Fireman

The Union is authorized to bargain collectively for such employees with respect to rates of pay, wages, hours and other terms and conditions of employment. The "employee" as used

herein, refers to the two above job classifications, unless specified to the contrary.

ARTICLE 2
MANAGEMENT RIGHTS

The Union recognizes that certain rights, powers, and responsibilities belong solely to and are exclusively vested in the Employer, except only as they may be subject to a specific and express obligation of this Agreement. Among these rights, powers, and responsibilities, but not wholly exclusive, are all matters concerning or related to the management of the Employer's operations and the administration thereof, and the direction of the working forces, including (but not limited to) the right to suspend, discipline, or discharge for just cause; to layoff by reason of lack of work, by reason of lack of funds or work, or abolition of a position, or material changes in duties or organization of the Employer's operations, or other economic reasons; to hire, classify, transfer and assign work, promote, demote, or recall; to make and enforce reasonable rules and regulations; to maintain order and efficiency; to schedule the hours of work; to determine the services, processes, and extent of the Employer's operation, the types and quantities of machinery, equipment and materials to be used, the nature, extent, duration, character and method of operation, including (but not limited to) the right to contract out or subcontract; the right to determine the number of employees and how they shall be employed, and the quality and quantity of workmanship and work required to insure maximum efficiency of operations; to

establish and enforce fair production standards; and to determine the size, number and location of its departments and facilities. All of the provisions of this Article are vested exclusively in the Employer, except as expressly abridged by specific provision of this Agreement.

In the event that the Employer determines to subcontract unit work under this Agreement, and as a result bargaining unit employees would be laid off by the proposed subcontracting, the Employer shall make available, on a seniority basis, equal-rated permanent jobs which the Employer has declared to be vacant in the affected Department, or other departments, as the case may be, in that order, provided the laid off employees have the then present ability to perform the required work without further training. However, the employee shall be provided with a reasonable amount of orientation to allow him or her to perform the work.

Prior to sub-contracting of bargaining unit work, the Employer, the Union, and the proposed sub-contractor shall meet to discuss the employment of employees subject to layoff. During that meeting the Employer will request and urge that the sub-contractor hire laid off employees.

ARTICLE 3
HOURS OF WORK

Section 3.1 The Workday and Work Week

The normal work week shall consist of five consecutive days of eight hours each, beginning on Monday and ending on Friday. For shift positions requiring a seven day continuous operation,

the work week shall be a regular recurring 7 day period. The starting time of employees shall be between the hours of 6 to 8 a.m., 2 to 4 p.m. or 10 p.m. to 12 p.m. as determined by the Employer. Other starting times are permissible upon reasonable prior notice to, and upon request, discussion with the Union, and the approval of the Director of Labor Relations. Such changes shall not be made for arbitrary or capricious reasons. All overtime will be distributed as equally as feasible over a reasonable period of time among the employees within the same classification and within the same work location.

Section 3.2 Overtime

For an employee who has an excused absence or absence due to illness and who works less than forty (40) hours in any work week, all work performed after eight (8) hours worked in any 24 our period shall be considered overtime and paid for at the rate of time and one-half the hourly rate.

All work performed over forty (40) hours worked in the normal work week shall be considered overtime and paid for at one and one-half (1-1/2) times the regular hourly rate.

All employees who are scheduled on a seven day continuous operation work week will be paid at straight time for Saturday, providing it is part of their normal work week. Employees working on a Monday through Friday schedule will be paid at the rate of time and one-half for Saturday work. Employees working other than a Monday through Friday schedule will be paid at time and one-half for all hours worked on the sixth day of their work week.

Commencing November 1, 1988, employees, who are scheduled on a seven day continuous operation work week and who work a sixth consecutive day in the Employer's work week as part of the regular work schedule, may elect to receive eight (8) hours compensatory time plus four (4) hours of pay at the regular straight time hourly rate of pay in lieu of one and one-half (1 1/2) times the regular straight time hourly rate of pay. Accumulation and use of any such earned compensatory time shall be limited to one hundred and twenty (120) hours.

All employees who are scheduled on a seven day continuous operation work week will be paid at straight time for Sunday, providing it is part of their normal work week. Employees working on a Monday through Friday schedule will be paid at a rate of two times their hourly rate for Sunday work. Employees working other than a Monday through Friday schedule will be paid at double time for all hours worked on the seventh day of the work week. Employees required to work a seventh consecutive day in a normal work week will be paid two (2) times their hourly rate for all hours worked on such seventh day.

There shall be no pyramiding of overtime. An employee shall not be paid twice for the same hours of work. No shift employee is subject to work more than two (2) shifts in any twenty-four (24) hour period. It is the immediate supervisor's responsibility to provide bargaining unit relief after sixteen (16) hours. **All overtime earned under this Section shall be paid to employees, not later than the second regular payday following the end of the payroll period in which it is earned.**

Section 3.3 Early Call-In

If an employee is called in to work earlier than his/her normal starting time, the employee will be allowed to work his/her regular shift hours following such call-in, unless the employee is prevented from working for reasons beyond the control of the Employer.

Section 3.4 Call-In Pay

Except as otherwise agreed in writing, employees called in outside of their regular working hours shall receive a minimum of two (2) hours pay at the appropriate overtime rate from the time that they arrive at their workplace.

The term "call-in pay" as used in this Section shall refer to an employee being brought back to work outside of his/her normal work day, and shall not refer to any situation where the employee is brought into work or required to stay at work during periods which are contiguous to his/her regularly scheduled shift.

Section 3.5 No Schedule Changes to Avoid Overtime

The Employer will not change an employee's normal work week or normal work day for the purpose of avoiding payment of overtime or holiday pay. It is understood that work forces may be reduced on holidays without change in schedule.

Section 3.6 Reporting Pay

When an employee reports for his or her regularly scheduled shift, the employee shall receive a minimum of two (2) hours work or pay at the employee's regular straight time hourly rate, unless the employee was told at least three hours prior to his

or her normal starting time not to report for work, except for reasons beyond the Employer's control. To be eligible for pay under this provision, employees must advise the designated person within the Department of his or her current telephone number.

If the employee works more than two (2) hours, he or she shall receive a minimum of four (4) hours work or pay for that day. If the employee works more than four (4) hours, he shall be guaranteed eight (8) hours work or pay for that day. An employee who does not complete a normal eight (8) hour shift because he or she is sent home by the Employer shall have the option of using a portion of accrued vacation, personal or compensatory time for that day upon notice to the Employer.

Section 3.7 Emergency Call Pay

In the event a General Foreman or Foreman is directed by the Employer to respond to emergency calls from home and outside of his or her regular working hours, he or she will be granted compensatory time at the appropriate rate for all verified time spent responding to the emergency from home, with a minimum of 15 minutes of compensatory time to be granted in any calendar day on which any such emergency responses were required, up to a maximum of two hours of compensatory time in any calendar.

Section 3.8 Compensatory Time

Any banked overtime and / or compensatory time which employees have accumulated as of June 1, 2018 in excess of 160

hours shall be paid to employees in the form of cash within 30 days following June 1, 2018.

Employees who receive compensatory time under this agreement may elect to have such compensatory time paid out in the form of pay not later than the second regular payday following the end of the payroll period in which it is earned or may accumulate such time up to a maximum of 160 hours.

Use of compensatory time shall be subject to the operational needs of the Employer. All accumulated compensatory time in excess of 160 hours which has not been used or scheduled by June 1 in any calendar year will be paid to employees in the form of cash at their current rate of pay. Nothing herein shall be construed as to allow the Employer to force an employee to use accrued compensatory time.

ARTICLE 4
HOLIDAYS

Section 4.1 Current Holidays

(a) Full time hourly employees shall receive eight hours straight time pay for the holidays set forth below:

1. New Year's Day
2. Dr. Martin Luther King's Birthday
3. Casimir Pulaski Day
4. Memorial Day
5. Independence Day
6. Labor Day
7. Columbus Day
8. Thanksgiving Day
9. Christmas Day

(b) The benefits set forth in (a) above shall be paid provided the employee is in pay status the full scheduled work

day immediately preceding and the full scheduled work day immediately following such holiday, or is absent from work on one or both of those days with the Employer's permission; such permission shall not be unreasonably denied.

(c) Employees covered by this Agreement including probationary employees shall be entitled to one (1) paid personal day in each year of this Agreement. At the employee's option, the personal day may be scheduled in accordance with the vacation selection procedures set forth in Article 5 of this Agreement. If the employee elects not to schedule said personal day in advance under the vacation selection procedures as provided above, such day shall be designated by the employee and shall not be denied by the Employer. If the employee is required or allowed to work on such designated day, the employee shall receive the appropriate holiday premium rate. An employee may elect to carry over the personal day to the following calendar year provided such carry over shall not exceed five (5) personal days. Employees may not designate such personal day in connection with an existing holiday, Good Friday, or a vacation schedule unless requested by the employee upon ten (10) days written notice and approved by the Employer. New employees who commence work for the Employer after June 30 shall not be eligible for this personal day until the following calendar year.

Section 4.2 Payment for Holiday

If an employee is scheduled to work on any calendar holiday as specified in Section 4.1, he/she shall be paid at the rate of

two and one-half (2-1/2) times (which includes holiday pay) his/her normal hourly rate for all hours worked.

If the employee is not required to work on a calendar holiday specified in Section 4.1, such employee shall be paid eight hours at straight time for such holiday.

If a calendar holiday as specified in Section 4.1 falls on the employee's normal day off, such employee shall receive his/her normal week's pay in addition to eight hours holiday pay at straight time.

All holiday time shall be considered time worked for the purposes of computing overtime except where the holiday falls on the employee's day off.

Section 4.3 Determining Work Days as Holidays

A holiday is the calendar day running from midnight to midnight. An employee whose workday extends over parts of two (2) calendar days, one of which is a holiday, shall be considered to have worked on the holiday if the majority of the hours worked fall on the holiday.

Section 4.4 Failure to Report to Work on Scheduled Holiday

If an employee is scheduled to work on a holiday and fails to report to work, the employee shall forfeit his/her right to pay for that holiday unless his/her absence is due to illness, injury, or other emergency.

Section 4.5 Holiday Observance

Except for employees whose regularly scheduled work week includes Saturday and/or Sunday, said holidays which fall on Saturday will be observed the Friday before the holidays; said

holidays which fall on Sunday will be observed the Monday after the holidays. For employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on either Saturday or Sunday will be observed on that day.

Whenever said holiday falls during an employee's vacation period the Employer shall have the option of granting the employee an extra day's pay or an extra day of vacation at a time mutually agreed upon between the employee and the department head, provided the employee works the full scheduled work day immediately preceding and the full scheduled workday immediately following such vacation period, unless such absence is for a reason the Employer finds to be valid.

ARTICLE 5
VACATIONS

Section 5.1 Amount

Employees shall be eligible for paid vacations as of January of each year following the year in which they were employed. An employee will earn the following amounts of paid vacation, based on such employee's continuous service prior to July 1, following his/her January 1 eligibility.

Continuous Service prior to July 1	Vacation
Less than 6 years	13 days
6 years or more, but less than 14 years	8 days
14 years or more	23 days
after 24 years	24 days
after 25 years	25 days

Section 5.2 Pro Rata Vacations

An employee shall be eligible for pro rata vacation if:

1. The employee did not have twelve (12) months of continuous service in the preceding calendar year and is on the payroll as of January 1 of the current calendar year; or

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by 12; the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 5.1 above and will be paid on a supplemental payroll as soon as practicable following the last day worked. Any fraction is rounded off to the nearest whole number of days.

Part-time employees who work at least 80 hours per month earn vacation on a pro rata basis calculated in accordance with the formula used by the Employer in accordance with past practice.

Section 5.3

All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee elects in writing to carry over **vacation days** (up to three **(3)** ~~such vacation~~ days **of accrued and unused vacation days for employees**

with less than ten (10) years of service, and up to five (5) days of accrued and unused vacation days for employees with ten (10) or more years of service) for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to the employer before December 15 of the vacation year. **Carry over days shall not count against an employee's maximum number of single use vacation days provided for under this Agreement.** ~~Such~~ carry over vacation days must be scheduled **in the then current year for use in the next year. Cancellation or re-scheduling of carry over days shall be controlled by the provisions set forth in the Agreement under Vacation Picks,** ~~upon mutual agreement of the employer, which agreement shall not be unreasonably denied or withheld,~~ and such carry over days must be taken on or before ~~April~~ **June** 30 of the next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). **Nothing herein shall limit or prohibit the Employer from allowing the employee to reschedule carry over before June 30th, or approving the rescheduling of carry over days beyond June 30th.** Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 5.4 Employees Laid-Off or Discharged

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.** Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of 30 days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 12 of this Agreement. In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 5.5 Rate of Pay

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in affect for the employee's regular job at the time the vacation is being taken, times 8 hours per day, times the number of days' vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 5.6 Selection

Vacation picks will be granted by classification seniority among the employees in the same work location, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who can be on vacation at any one time without hindering the operation of the Department. The Department will not designate any time or period during the

calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the

cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

Section 5.7 Non-Consecutive Vacation Days

Employees may receive up to ~~five~~ **six (6)** of their vacations days one or more day(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection)**. Such day(s) off shall be approved by the employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday - Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.**

Employees may designate and use at their option up to ~~five (5)~~ **six (6)** of their vacation days in each year of this Agreement as sick days to cover periods of bonafide medical illness **or the illness of family members, who shall include (or may be expanded upon by the City): (i)mother, father, husband, wife, brother or sister (including blood, step or half), son or daughter (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic partner is registered with the Department of Human Resources.** The Employer reserves the right to ask the employee to furnish proof of said illness. An employee desiring to use vacation days as sick days under this provision shall inform the representative of the Employer who employees are told is designated for such purposes of that fact at the time he/she calls in to report an illness. Salaried employees who currently are receiving sick days under this Agreement shall be ineligible to use vacation days as sick days while they have available unused sick days.

~~**Section 5.8 Reciprocity With Other Agencies**~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of~~

~~Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation time accrued while working for another public agency is not transferable. Employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

ARTICLE 6
CONTINUOUS SERVICE

Section 6.1 Definition

Continuous service means continuous paid employment from the employee's last date of hire, without a break or interruption in such paid employment. In addition, an employee earns continuous service credit even though he or she is not paid for:

1. An unpaid leave of absence of one year or less or layoff of 30 days or less; or

2. An absence where the employee is adjudged eligible for duty disability compensation.

Section 6.2 Interruption In Service

(a) Non-seasonal employees who work a minimum of eighty (80) hours per month shall be credited with continuous service for the time worked. Continuous service credit will not be earned for:

(1) absences without leave

(2) absences due to suspension

(3) unpaid leaves of absence for more than 30 days or layoff for more than 30 days, unless employees are allowed to accumulate seniority under this Agreement.

(b) Seasonal employment of 120 days or less in any calendar year shall not be credited toward continuous service for the time worked.

(c) Seasonal employment in excess of 120 days in any calendar year shall be credited toward continuous service.

~~**Section 6.3 Reciprocity**~~

~~Employees hired prior to February 13, 1986 who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Housing Authority, the Metropolitan Sanitary District of Greater Chicago the State of Illinois, the Chicago Board of Education, City Colleges of Chicago, Community College District 508, the Chicago~~

~~Transit Authority, Public Building Commission of Chicago, the Chicago Urban Transportation District and the Regional Transportation Authority shall have the period of such service credited and counted for the purpose of advancement within longevity salary schedules. However, employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules provided a majority of other employees of the Employer receive such credit.~~

Section 6.4 Break In Service

Notwithstanding the provisions of any ordinance or rule to the contrary, continuous service of an employee is broken, the employment relationship is terminated, and the employee shall have no right to be rehired, if the employee quits, is discharged, retires, is absent for five (5) consecutive work days without notifying the employee's authorized Employer representative unless the circumstances preclude the Employee, or someone on his behalf, from giving such notice, does not actively work for the Employer for twelve (12) months (except for approved full time Union representative leaves or medical leaves of absence and duty disability leaves), or is on layoff for more than twelve (12) consecutive months if the employee has less than five (5) years of service at the time of the layoff, or is on layoff for more than two (2) years if the employee has five (5) or more years of service at the time of the layoff.

Section 6.5 Probationary Employment

New employees, **hired after ratification of this Agreement,** will be regarded as probationary employees for the first **twelve (12)** ~~six (6)~~ months of their employment and will receive no seniority or continuous service credit during such probationary period. Probationary employees continuing in the service of the Employer after **twelve (12)** ~~six (6)~~ months shall be career service employees and shall have their seniority date made retroactive to the date of their original hiring. Probationary employees may be disciplined or discharged as exclusively determined by the Employer and such Employer action shall not be subject to the grievance procedures, provided that, **(1) after the first six (6) months of the probationary period, if the Employer intends to impose a disciplinary suspension on the probationary employee where the suspension would result in a loss of pay, prior to imposing the suspension, except in emergency or where the employee is unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee to discuss and allow the employee to respond to the accusations, and/or (2)** if the Employer, within its discretion, rehires a former employee who did not complete his/her probationary period within one year from the employee's termination, and said former employee had served 90 days or more of his/her probationary period, all time previously served in the probationary period shall be counted for purposes of determining when the said employee completes his/her probationary period. A probationary employee who has served 90 days or more of his/her probationary

period and who is laid off shall be given preference over other applicants for employment in the same job title in the department from which he/she was laid off, so long as he/she does not refuse an offer of employment, and does not suffer a break in service under Section 6.4 of this Agreement. **Seasonal employees who have worked without a break in service or who have works more than twelve (12) cumulative months and bid into (or otherwise become) career service position/employees, shall not have to serve the above twelve (12) month probationary period, but shall have an evaluation period not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based upon the employee's job performance at any time during the evaluation period that the employee cannot perform the job, then he/she shall be returned to the seasonal position held just prior, displacing, if necessary, any employee who has been placed into said job.**

Probationary employees shall not be eligible for dental or vision insurance but shall receive all other benefits under this Agreement. Probationary employees shall be compensated at the same rate as career service employees.

Section 6.6 Seasonal Employment

A seasonal employee is an employee who is employed in a job title for a period not to exceed 180 calendar days for temporary work related to or caused by seasonal needs. Such appointments shall expire automatically at midnight on the 180th day. Such

employees may be reappointed for temporary work related to or caused by seasonal needs, with the written concurrence of the Budget Director and Commissioner of Personnel, to an additional thirty-day term which shall expire at midnight of the 30th day. One further said thirty-day reappointment for the same purposes may be made upon similar Budget Director and Commissioner of Personnel approval. The Employer shall notify the Union of the number and job titles of any such reappointments. It is understood and agreed that the hiring and retention of seasonal employees shall be at the discretion of the Employer.

Seasonal appointees shall not become Probationary Career Service or Career Service employees by virtue of length of service in a seasonal appointment.

Seasonal employees shall not be eligible for holidays, vacations, sick leave for salaried employees, vision care, dental, life and accident benefits, bereavement pay or jury duty, but will be provided with group health insurance under the same eligibility and conditions as other employees covered by this Agreement, except that elective medical care and pre-existing conditions, as those terms are defined in the standard group insurance policy, shall be excluded.

Seasonal employees shall be compensated at the same rate as career service employees. Seasonal employees may be disciplined or discharged as exclusively determined by the Employer and such

Employer action shall not be subject to the grievance procedures.

Seasonal employees shall be eligible for recall to seasonal positions in which they have accumulated either (a) four (4) months of said seasonal service during the 1984-85 winter season, or (b) five (5) months of said seasonal service from and after July 1, 1983, provided that such employees:

(1) shall not have received a negative evaluation during their last seasonal appointment and shall not have received (a) more than one written warning or (b) a disciplinary suspension in any Employer position;

(2) shall be available, fit for duty and subject to the same pre-employment screening procedures as are new applicants for employment when recalled, and shall have the present ability without further training to immediately perform the duties of the position to which they are recalled;

(3) shall not refuse recall. Upon recall, the employee shall promptly notify the Employer of his/her desire to return to work and shall be available to report for employment within seventy-two (72) hours of said notice or the employee shall be deemed to have refused recall;

(4) shall have been recalled within one year of the expiration of their last seasonal employment; and

(5) shall not have resigned or incurred a break in service during a period of appointment.

Employees who do not meet and continue to meet all of the five (5) conditions stated above, shall have their names permanently removed from the recall list.

Evaluations shall not be subject to the grievance procedure, except that the Employer shall not, after January 1, 1985, give a seasonal employee a negative evaluation for an arbitrary or capricious reason for the purpose of preventing the employee from becoming eligible for recall under this Section, and, only to that limited extent may such Employer action be subject to grievance.

A seasonal employee who is hired on an annual recurring basis within one year of his/her last termination; and who accumulates twelve (12) months of said seasonal service from and after July 1, 1983, shall not be a career service employee but shall receive the benefits under this Agreement which are given to probationary employees.

Effective January 1, 2001, a seasonal employee who is hired on an annual recurring basis within one year of his/her last termination, and who accumulates 12 months of said seasonal service, shall receive the benefits under this Agreement which

are given to career service employees, and shall remit full contributions toward their health care coverage.

Effective January 1, 2001, seasonal employees with less than 12 months of seasonal service will continue to receive their current benefit package, but will pay a pro-rata share of the full contribution toward their health care coverage. The amount of that contribution shall be approximately 90% of the employee medical contribution for career service employees.

Effective upon ratification, in the event the Employer intends to impose a disciplinary suspension with respect to a seasonal employee with at least five (5) years of seasonal service, as defined herein, and where the suspension would result in a loss of pay for the employee, prior to imposing the suspension, except in an emergency or where the employee is unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee. At the meeting the Employer will notify the employee and the Union of the contemplated disciplinary action and the reason(s) underlying it. The employee and the Union will be given the opportunity to respond to the accusations at the meeting. This meeting shall be informal and there shall be no witnesses present unless both parties agree. The Employer may, at its option, conduct further investigation after this meeting. In the event discipline is

imposed it shall not be subject to the grievance procedure, as nothing in this provision shall be deemed as altering the non-Career Service status of seasonal employees. This provision shall not apply where the suspension is the result of application of progressive discipline for violation of the Employer's time and attendance policies, provided that the Employer shall, upon request, provide the Union with copies of the employee's time and attendance record.

Upon request by either party made after one year from the date of ratification of this Agreement, the parties shall meet to discuss any proposed changes to this Section 6.6.

ARTICLE 7
SENIORITY - TRANSFER AND LAYOFFS WITHIN THE BARGAINING UNIT

Section 7.1 Policy

The Employer agrees to abide by the seniority rules herein. In the event of layoff, bargaining unit seniority in the affected classification (also known as time-in-title) shall prevail, provided the remaining employees have the skill, ability, knowledge and efficiency to perform the Employer's required work, and further provided, that there is not a negative effect on the effort to insure equal employment opportunities consistent with Article 16 of this Agreement. In the event the Employer recalls employees after a layoff, the employees will be recalled in the reverse order of that in which they were laid off.

Further, the Employer will hire no new employees if any bargaining unit employees are on layoff status and do not suffer a break in service, as such laid off employee or employees are qualified to do the Employer's required work.

Seniority means the length of continuous service of any employee in the bargaining unit covered by the Agreement from the date of his/her last hire in the bargaining unit.

Section 7.2 Vacancies Within Classification

When a permanent bargaining unit vacancy occurs, the Employer shall first offer the position to employees in the same classification at the job location where the vacancy exists without regard to transfer requests. The Employer shall select the employee at the job location who has requested such vacancy with the greatest bargaining unit seniority, provided the employee has the skill, ability, knowledge and efficiency to perform the Employer's required job duties of the said vacant job.

After the shift vacancies have been filled in accordance with the above paragraph, the remaining classification vacancies shall be filled by the most senior employee in the bargaining unit who has a transfer request on file, with the Department where the vacancy occurs on the prescribed Employer form prior to such vacancy, provided the employee has the skill, ability, knowledge and efficiency to perform the Employer's required job duties of the said vacant job. The employee shall receive a time stamped copy of such transfer request and the Department shall keep a list of all transfer requests which will be

available to the Union. Employees filing multiple requests and accepting a transfer shall only be allowed a single transfer in the six (6) month period.

If no said employee has a transfer request on file, the vacancy shall be filled first by the most senior employee in the bargaining unit on layoff status who the Employer finds to be qualified for the job and second by hiring a new employee.

Section 7.3 Posting and Bidding

The Employer shall determine if there is a permanent vacancy to be filled, and at any time before said vacancy is filled, whether or not said vacancy shall be filled.

The Employer will post vacancies electronically on the City of Chicago CAREERS website. A copy of the posting will be provided to the Union at least 72 hours prior to the electronic posting. Said vacancies shall be posted for fourteen (14) days on the CAREERS WEBSITE. The posting shall contain at least the following information: job title, qualifications, days off, shift, hours, work location, if known, and the rate of pay. The posting shall also identify the number of positions to be filled. If the number to be filled changes, the Employer shall promptly notify. Prior to the commencement of the selection process, the employer will provide the Union with a list of qualified bidders.

Qualified bargaining unit employees shall be given an opportunity to bid on permanent vacancies declared by the Employer. In making selections, the Employer shall give preference to bargaining unit applicants over non-bargaining unit applicants, except where non-bargaining unit applicants have demonstrably greater skill and ability to perform the work. In making a selection between two or more bargaining unit applicants who are equally qualified, the Employer shall select the most senior bidder.

Prior to notifying the successful bidder/applicant, the Employer shall give the Union a list of bidders identifying, where applicable, the successful bidder(s). Upon request, the Employer shall schedule a meeting with the Union to review the selection process, including the reasons for selection and rejection of bidders. This meeting shall include a review and discussion of documents such as the referral list, employment decision form, hiring information summary, and hiring criteria rating form. If requested, the Employer will furnish copies of such documents to the Union. Bidders who are not selected shall be so notifies by the Department Head and information of the reason for non-selection.

The successful bidder for any job under this Section shall have an evaluation period, not to exceed sixty (60) days, to demonstrate that he or she can perform the job. If the Employer

has just cause based upon the employee's job performance at any time during that period to believe that the successful bidder cannot perform the job, then the successful bidder shall be returned to the job he/she held just prior to the awarding of the bid, displacing, if necessary, any employee who has been placed into said job.

Section 7.4 Fitness for Duty

If the Employer observes and has reasonable cause to believe the employee has a medical condition or significant limitation that prevents the employee from being able to perform the essential duties of the position, an employee may be sent for a Fitness for Duty examination at the Employer's sole expense.

If the examination results in a determination that the employee is unfit for duty and the employee's physician certified that the employee is fit for duty, the employee may elect or Employer may require the employee, at the Employer's sole expense, to be subject to an independent medical examination ("IME") to determine if the employee is fit for duty. The Union shall select an examining independent physician who will conduct the IME from a list of at least three physicians with the appropriate medical specialty who have successfully completed the City's procurement process and are on a list of approved vendors. The determination of the

independent physician and the IME shall be final and binding. The Employee shall execute all HIPAA waivers and other forms necessary in order to permit access to all medical records related to his/her condition, and the City shall agree to secure and maintain the confidential nature of all medical records obtained through the process.

(b) In the event an employee's pay check, at the time specified in paragraph (a) above, fails to include all of the regular base, overtime and/or premium pay to which he/she is entitled, the Department will correct that shortage provided the employee promptly notifies the Department's timekeeper in writing. Employees shall submit a payroll dispute to the Department timekeeper on the "Employee Payroll Inquiry Form" attached hereto as Appendix B. The employee's submission of such Form shall toll the period for processing a grievance filed by the employee or Union over such dispute. If the Department concludes that there is a shortage in the employee's paycheck, and if the amount in question exceeds $100.00, the Department will submit a supplemental payroll to the Comptroller to cover the shortage, and will issue the employee a check in that amount on the next scheduled check/deposit advice delivery date after the timekeeper is notified of the employee's complaint. Shortages less than $100.00 will be added to the employee's next regular pay check.

(c) Should an employee not receive this supplemental check (for a sum greater than $100.00) within the aforementioned check/deposit advice delivery date period, the Employer will pay to the employee the sum of $5.00 for every pay period thereafter until the full supplemental check is received.

(d) It is understood that pay shortages relating to newly-hired employees, persons returning from leaves of absence (including but not limited to duty disability), overtime earned under the City's emergency snow removal program, and inaccuracies due to changes in payroll deductions, are excluded from the provisions of this Section. The Coalition, as it shall determine, shall select four (4)

The Employer agrees that it will make such assignments for not less than an employee's full work day. Such payment shall be made on the next regular payday or as soon thereafter as is possible, but in no event later than the pay period following the pay period in which the payment was earned. In addition, the Employer will return an employee to the same geographic location of his or her previous job assignment for a period of up to one year after the start of the leave. If the employee's former job is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with and subject to layoff, recall and break-in-service provisions in this Agreement.

After one year on an approved medical leave of absence, employees who return to work promptly after their doctor's release and who meet the following continuous service requirements shall be reinstated as described above according to the following formula: three (3) months of such reinstatement rights for every year of service to a maximum of five (5) years reinstatement rights.

An employee who does not meet the above eligibility requirements and who returns to work promptly after his/her doctor's release after more than one year on a medical leave of absence, shall be returned to his/her former job classification if the job is vacant. If not, the employee will be placed on a list for reinstatement.

Seniority shall accumulate for employees on medical leaves of absence for only up to one year. After one year, an employee on a medical leave of absence shall retain, but not accumulate, seniority.

Employees who return from Union leaves of absence shall have the same rights as employees who return from medical leaves of absence.

Section 10.8 Union Leave

The Employer shall grant request for leaves of absence for up to 2 employees for the purpose of service as a Labor Representative or Officer with the International, State, District Council or Local Organization of the Union for the duration of his/her appointment to the Union, provided reasonable advance notice in writing is given to the employer. While on such leave to employee shall not incur a break in continuous service. An employee on said leave of absence shall not be eligible for any benefits as an employee.

Employees who return from Union leaves of absence shall have the same rights as employees who return from medical leaves of absence.

Union Pension Fund Trustees who have been duly elected and/or appointed to a City/Municipal Pension Fund (including but not limited to the Municipal and Laborers' Funds) shall be granted leave without loss of pay to attend Pension Fund Trustee meetings that take place during their regularly scheduled shift.

Section 10.9 Paid Parental Leave

Paid Parental Leave: An employee wishing to take paid parental leave must apply and be eligible for Family Medical Leave Act (FMLA) leave. An employee is eligible for FMLA leave if he or she has been employed by the City for at least twelve (12) months before taking the leave and has worked at least 1250 hours during the 12-month period prior to the leave. Eligible employees may be granted the following paid parental leaves, in conjunction with and as a part of an approved FMLA leave:

- Up to four (4) weeks paid maternity leave to a birth mother to recover from a non-surgical delivery; or
- Up to six (6) weeks paid maternity leave to a birth mother to recover from a C-section delivery; or
- Up to two (2) weeks paid parental leave for the birth of a child or children by an employee spouse or domestic partner of the birth mother; or
- Up to two (2) weeks paid parental leave for the adoption of a child or children by an employee or the spouse or domestic partner of the employee.

For eligible non-salaried employees compensation shall be based on the employee's scheduled work hours.

Paid parental leave may be combined with other earned paid time-off, such as vacation and/or sick time, to achieve the maximum amount of paid time off from work while taking FMLA leave. Notwithstanding any other provision of this agreement, paid parental leave shall be granted only as part of an approved FMLA leave and may not be used as intermittent leave.

ARTICLE 11
DISCIPLINE AND GRIEVANCE/ARBITRATION

Section 11.1

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union. Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearings, provided that said employee

shall be guaranteed, upon a request, a full hearing before said Board in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has seven (7) days from receipt of the notice to appeal. If the employee does not file an appeal within the seven (7) day period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30 day notice period and the employee shall remain on the payroll for the full notice period, except if prior to completion of the 30 day notice period, (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event many the employee require the Employer to retain the employee on the payroll beyond the 30 day period. The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall

be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfers shall not be part of an employee's discipline. In cases of oral warnings, the supervisor shall inform the employee that he/she is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the employee's immediate supervisor shall meet with the employee and notify his/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy this Section 11.1 shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a statement of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not exceed eighteen (18) months and shall thereafter not be used as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not use said record of the discipline action against the employee, or in the case of promotions or transfers.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is the subject of the disciplinary investigation of the pendency of the investigation and its subject matter, within 30 days of the Employer being made aware of the alleged rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include indictable criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a predisciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police Board is

reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this agreement.

Section 11.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1 Within five (5) working days after an employee receives written notice of any proposed disciplinary action, including a suspension for ten (10) days or less which is not appealable to the Personnel or Police Board, or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union, the Employer shall conduct a meeting with the Union and employee. Discipline shall be administered as soon as possible after the Employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting or further investigation, the employee may request in writing to the Department Head for review of said

disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days of receipt of written notice of discipline. Said review form shall be printed on the back of or attached to the notice of discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2 Within three (3) working days or any mutually agreed upon extension after the Department Head or designee receives the employee's request for review, the Department Head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and Union representative, if any, will be heard and provided the opportunity to ask questions. The Department Head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required. The absence of such agreement or failure to decide and communicate such decision will result in automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3 Where further investigation is agreed upon, a second meeting shall be held between the Department Head or designee and the employee and the Union representative to discuss the results of the investigation. Said meeting shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The Department Head or designee shall render a written decision within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4 If the matter is not settled at Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules govern procedure for arbitration shall be the same as in 11.3, Step III.

Section 11.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 11.1 and 11.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - IMMEDIATE SUPERVISOR

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form,

employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union representative and/or the employee shall have the right to make an appeal in writing to the Department Head or the Department Head's designee within seven (7) working days after the date of receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head's designee shall be posted for employees in areas where employee notices are normally posted and submitted to the Union. Failure to post and so notify

the Union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or the Department Head's designee shall have the requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this paragraph shall be construed to relieve the City and the Union from their obligations to otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the

Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second step, the Union or the Employer may request final and binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected employee representative of the group or class. A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following

instructions or orders the employee does not waive his/her right to process the grievance. Refusal to follow instructions or orders shall be cause for discipline.

Step III - ARBITRATION

If the matter is not settled in Step II the Union or the Employer, but not an individual employee or employees, may submit the dispute to arbitration by serving a written request to arbitrate to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party. Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this Agreement shall be the sole source of any

rights which either party may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. ADVANCED GRIEVANCE STEP FILING

Certain issues which by nature are not capable of being settled at a preliminary step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the grievant/union at Step II.

B. PERTINENT WITNESSES AND INFORMATION

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable

laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone, to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator from a group of arbitrators approved by the parties. The

expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-established hearing date per month for the arbitration of grievances.

Section 11.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment,

normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any non-governmental agency relating to any matter or issue under investigation.

K. The results of a polygraph examination shall not be used against an employee in any forum adverse to the employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to the administration of the examination. The results of any polygraph examination shall be known to the employee within one week.

L. This section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the charges against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the same forum as, grievances which protest said disciplinary action, except as provided in paragraph O(2) below. If no disciplinary action is brought against the employee following the conclusion of the Inspector General's investigation, no grievance

concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights enumerated in this Section, shall be suppressed and shall not be used by the Employer for any disciplinary action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the Municipal Code of the City of Chicago regarding the

Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2) Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators. Thereafter, the parties will meet to strike names from the list, with the Employer striking first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may mutually agree. The arbitrator's jurisdiction shall be limited to determining if the Inspector General obtained evidence or statements in violation of

paragraph O(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to rule on the merits of any underlying discipline or take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

ARTICLE 12
NO STRIKES-NO LOCKOUT

Section 12.1 No Strikes

The Union agrees that during the life of this Agreement, there shall be no strikes (including, but not limited to sympathy strikes and strikes to protect Union or third party conduct), work stoppages, slowdowns, picketing, delay of work of any kind.

Section 12.2 Union Efforts

The Union agrees that it will use its best efforts to prevent any acts forbidden in this Article and that in the event

any such acts take place or are engaged in by any employee or group of employees in the Union's bargaining unit, the Union further agrees it will use its best efforts to cause an immediate cessation thereof. If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 12.3 Discipline

The Employer may terminate the employment of or otherwise discipline any employee or employees who have been found to have engaged in any act forbidden in this Article.

Section 12.4 No Lockout

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 13
DUES CHECK-OFF AND FAIR SHARE

Section 13.1 Indemnification/Authorization

The Employer, upon receipt of a validly executed written authorization card, shall deduct Union dues and initiation fees from the payroll checks of all employees so authorizing the deduction in an amount certified by the Union, and shall remit

such deductions on a semi-monthly basis to the Union. Authorization for such deduction shall be irrevocable unless revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court and other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 13.1, 13.2, 13.3, and 13.4 of this Article, or in reliance on any list, notice, certification or assignment furnished under any such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The City and Coalition Unions will create a committee to review and explore the feasibility of using electronic records and/or electronic signatures consistent with state and federal law which allows the City and the Union to use electronic authorization to verify union membership and/or authorize voluntary deduction of Union dues and fees from wages or payments for remittance to the Union.

The Employer shall provide to the Union within thirty (30) days name, address, classification, rate of salary and starting date of any new employee hired into the Union's bargaining unit.

Section 13.2 Fair Share

It if further agreed that 30 days after the later of the execution of this Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union and shall remit such deductions to the Union at the same time that the dues check-off is remitted or on a monthly or quarterly basis as directed by the Union under terms and procedures as shall be agreed upon in negotiations between the Employer and Union. It is understood that the amount of deduction from said non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.3 Right of Non-Association

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

Section 13.4 Condition of Employment

Each employee who on the effective date of this Agreement is a member of the Union, and each employee who becomes a member after that date, shall, as a condition of employment, maintain his/her membership in the Union during the term of this Agreement.

Any present employee who is not a member of the Union shall, as a condition of employment, be required to pay a fair share (not to exceed the amount of Union dues) of the cost of the collective bargaining process and contract administration. All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, 30 days after the later of the execution of this Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and contract administration and pursuing matters affecting wages, hours and other conditions of employment.

ARTICLE 14
MISCELLANEOUS

Section 14.1 Job Titles

The Employer will notify the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto. If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the

jurisdiction of another bargaining unit without the mutual agreement of the unions involved.

Section 14.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day, or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another local union of the Coalition shall not perform the work of said employees. For example, if a truck driver is on vacation, a plumber shall not be assigned as a replacement truck driver. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing herein shall deprive members of the bargaining unit of the right

to perform historical and traditional unit work; nor shall the City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 14.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 11 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have

the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 11 of this Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek

review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

Section 14.4 Deferred Compensation

The Employer's policy which is in effect at the execution of this Agreement, pertaining to deferred compensation, shall be afforded to all employees of the Employer without change during the term of this Agreement.

The Employer will make contributions, on a dollar-for-dollar basis, under a 401(a)Plan (or any similar successor plan agreed to by Coalition Unions) up to the maximum total amounts per year shown below based on amounts deferred by each employee in those same years to the employee's 457 Plan, as follows:

a. January 1, 2020 - up to $250 per year

b. January 1, 2021 - up to $250 per year

c. January 1, 2022 - up to $500 per year

The City shall advise the unions, at least semi-annually, of the total contributions it has made.

The City agrees to provide representatives from Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Such information to be provided will include, but not be limited to, a census for the current non-

Medicare retirees including the birthdate, gender, coverage tier (single, couple, family, etc.), and zip code of residence, as well as the claims information and enrollment counts for the last three (3) years. The Unions agree to execute any appropriate confidentiality agreements necessary for the release of such information. The parties understand and agree that the identity of any specific individual will not be ascertainable from the information supplied.

Section 14.5 Access By Union Representatives

Duly authorized Officials of the Union will be permitted at reasonable times to enter Employer facilities for purposes of handling grievances or observing conditions under which employees are working. The Union will not abuse this privilege, and such right of entry shall be consistent with current practices and shall at all times be conducted in a manner so as not to interfere with normal operations. The Employer may be able to change or set rules of access, provided that whether or not such rules are reasonable shall be subject to the arbitration procedure of the agreement.

Section 14.6 Stewards

The Union will advise the Employer in writing, of the names of the stewards in each department or area agreed upon with the Employer and shall notify the Employer promptly of any changes.

Stewards will be permitted to handle and process grievances referred by employees at the appropriate steps of the grievance procedure during normal hours, without the loss of pay, provided

that such activity shall not exceed a reasonable period of time, or unreasonably interrupt the work of employees. Stewards shall notify their immediate supervisors in advance of their intention to handle and process grievances. Supervisors may not unreasonably withhold permission to the stewards to engage in such activities.

Employees acting as Union stewards shall not be discriminated against nor be transferred from their job classifications or departments because of their activities on behalf of the Union. Any transfers of Union stewards from their job classifications or departments, other than in an emergency, will be discussed with the Union in advance of any such transfers.

Section 14.7 Safety

(a) The Employer shall provide a safe and healthful working environment for employees covered by this agreement including in accordance with applicable federal and state occupational safety and health laws, and shall maintain in good and safe working condition all equipment necessary for the safe and proper performance of the job.

(b) In furtherance of those efforts, a City joint safety committee shall be established which shall be composed of six (6) representatives of the Union Coalition and six (6) representatives of the Employer. The purpose of the committee shall be to discuss and to make recommendations concerning occupational safety and health issues affecting employees. All recommendations of the committee with respect to safety and

health issues shall be submitted in writing to the appropriate Department Head with a copy to the Union and the Director of Labor Relations. The Department Head shall promptly issue a written response to the committee concerning the Department's views regarding the committee's recommendations.

The parties may decide, from time to time, to refer certain safety issues and concerns to the personnel of the affected Department(s) responsible for safety matters and Union representatives of the affected employee(s). The Department safety personnel will meet and confer with a representative of the affected Union about such issues and report back to the Committee on any decisions or recommendations concerning them.

(c) The joint safety committee shall meet at least once a month, or otherwise by mutual agreement.

(d) The parties agree and understand that if an employee is faced with an unsafe working condition, the employee is required to perform the task in question unless the employee's performance of an assigned task presents the strong likelihood of subjecting the employee to imminent danger of death or serious injury. If the employee, with no reasonable alternative, refuses in good faith to perform that task and expose himself to that dangerous condition, the employee will not be subject to discipline. In order to avoid discipline under this paragraph, the condition must be of such a nature that a reasonable person, under the circumstances, would conclude that there is a real, substantial, and imminent danger of death or serious injury. In addition, the employee must also

have sought from the Employer, and have been unable to obtain, correction of the situation before refusing to perform the task in question.

Section 14.8 Automobile Reimbursement

Employees who are required by the Employer to use their own automobiles in the performance of their job shall receive mileage reimbursement at the then effective rate recognized by the Internal Revenue Service, with a maximum of $250 per month. On the effective date of this Agreement, following its ratification by all parties, the maximum reimbursement will increase to $350.00 per month. Effective February 1, 2008, the maximum reimbursement will increase to $450.00 per month. Effective February 1, 2009, the maximum reimbursement will increase to $550.00 per month. Thereafter, the maximum reimbursement will increase effective each February 1 by the percentage increase in the Transportation Expenditure Category of the Consumer Price Index for All Urban Consumers (CPI-U): U.S. City Average for the previous year, as rounded to the nearest $5 increment. Employees seeking mileage reimbursement must submit that request on a form provided by the Employer. Payment for mileage expenses will be made on a monthly basis. In the event that during the life of this Agreement the Employer shall implement for any group of employees an automobile expense reimbursement program which is more favorable to employees than the provisions of this paragraph, upon notice from the Union, the Employer will meet and discuss with representatives of the

Union the possible application of said new program to employees covered by this Agreement.

Upon request by either party made no earlier than January 1, 2010, the parties shall meet to discuss any proposed changes to this Section 14.9.

Section 14.9 Information to Union

The Employer will provide to the Union Bargaining Unit, Dues and Hours reports for its bargaining unit employees, which will contain, at the minimum, the following information:

- **Payroll period**
- **Payroll Number**
- **Employee number**
- **Name**
- **Title code**
- **Overtime dollar amount per pay period**
- **Gross pay per pay period**
- **Contact information (i.e. address, phone, email, if available)**
- **Date of hire and continuous service date**
- **Base hourly rate**

This information will be sent or provided to the Union electronically following the conclusion of each pay period. To ensure the safety and security of the information the City will make a secured transfer protocol (SFTP) available to the Union to receive the information.

ARTICLE 15
SEPARABILITY

In the event any ~~of the~~ provision~~s~~ of this Agreement shall be or become invalid or unenforceable by reason of any **final and binding court decision, as well as any** Federal or State Law or Local Ordinance now existing or hereinafter enacted, such invalidity or unenforceability shall not affect the remainder of the provisions hereof, **which shall remain in full force and effect. The invalid or unenforceable provision shall be subject to re-negotiation by the Parties within a reasonable period of time.** ~~The parties agree to meet and adopt revised provisions which would be in conformity with the law.~~

ARTICLE 16
NON-DISCRIMINATION

Section 16.1 Equal Employment Opportunities

The Union agrees to work cooperatively with the Employer to insure equal employment opportunities as required by law in all aspects of the Employer's personnel policies.

Section 16.2 No Discrimination

Neither the Employer nor the Union shall discriminate against any employee covered by this Agreement in a manner which would violate any applicable laws because of race, creed, color, national origin, ancestry, age, sex, marital status, mental and/or physical handicap or activity on behalf of the Union. Allegations of discrimination shall not be pursued through the grievance procedure of this Agreement, but shall be submitted to the appropriate State or Federal agency.

Section 16.3 Reasonable Accommodation

In the event the Employer shall be required to make a reasonable accommodation under the Americans With Disabilities Act ("ADA") to the disability of an applicant or incumbent employee that may be in conflict with the rights of an employee under this Agreement, the Employer shall bring this matter to the attention of the union. The provisions of Article 11 of this Agreement shall be available, and the Arbitrator may balance the Employer's obligations under the ADA and this Agreement and the employee's rights under this Agreement, provided that no incumbent employee shall be displaced by such decision of the Arbitrator.

ARTICLE 17
AMENDMENTS

The Employer and the Union may jointly modify this Agreement and its Addenda which shall be binding on the Employer, the Union and the employees.

ARTICLE 18
DRUG AND ALCOHOL PROGRAM

Section 18.1 Policy Statement

The City of Chicago's essential mission is to provide services to its citizens in a safe and economic manner. The parties to this Agreement recognize that drug and alcohol abuse in the workplace has a deleterious effect on the health and safety of employees, as well as their morale and productivity, all of which creates an undue burden on the persons which the City and the employees covered by this Agreement serve.

Furthermore, the economic cost of providing health care services to employees who abuse drugs and alcohol has put an increasing burden on the City's finances.

The Employer and the Union maintain a strong commitment to protect people and property, and to provide a safe working environment. To this end, the employer has also established its confidential Employee Assistance Program for employees with personal problems, including alcohol and substance abuse, and the parties to this Agreement urge employees who have such problems to utilize the Program's services.

To maintain a workplace which provides a safe and health work environment for all employees, the following drug and alcohol program is also established.

Section 18.2 Definitions

(a) Alcohol: Ethyl alcohol

(b) Prohibited Items & Substances: all illegal drugs and controlled substances, alcoholic beverages, and drug paraphernalia in the possession of, or being used by, an employee on the job or the premises of the Employer.

(c) Employer Premises: all property, facilities, land, buildings, structures, automobiles, trucks and other vehicles owned, leased or used by the Employer as job sites or work locations and over which the Employer has authority as employer.

(d) Employee: all persons covered by this Agreement.

(e) Accident: an event resulting in injury to a person requiring medical attention or causing significant damage to

property to which an employee contributed as a direct or indirect cause.

(f) Reasonable Cause: erratic or unusual behavior by an employee, including but not limited to noticeable imbalance, incoherence and disorientation, which would lead a person of ordinary sensibilities to conclude that the employee is under the influence of drugs and/or alcohol.

(g) Under the Influence: any mental, emotional, sensory or physical impairment due to the use of drugs or alcohol.

(h) Test: the taking and analysis of any body component sample, whether by blood, breath, urine, or in any other scientifically reliable manner, for the purpose of identifying, measuring or quantifying the presence or absence of drugs, alcohol or any metabolite thereof.

Section 18.3 Disciplinary Action

(a) All employees must report to work in a physical condition that will enable them to perform their jobs in a safe manner. Further, employees shall not use, possess, dispense or receive prohibited items or substances on or at the Employer's premises, nor shall they report to work under the influence of drugs and/or alcohol.

(b) When, based upon the direct observation of two supervisors, the Employer has reasonable cause to believe that an employee is under the influence of a prohibited substance, the Employer shall have the right to subject that employee to a drug and alcohol test. At the Employer's discretion, the employee may be placed on administrative leave with pay until

test results are available. If the test results prove negative, the employee shall be reinstated. In all other cases, the Employer will terminate all employees who:

(i) test positive for drug and/or alcohol use;

(ii) refuse to cooperate with testing procedures;

(iii) are found to be under the influence of drugs or alcohol while on duty and on the Employer's premises;

(iv) are found in possession of alcohol, drugs or drug paraphernalia, or are found selling or distributing drugs or drug paraphernalia, on the Employer's premises.

(c) All adverse employment action taken against an employee under this program shall be subject to the grievance and arbitration procedures of this Agreement.

Section 18.4 Drug and Alcohol Testing

(a) The Employer may require drug and /or alcohol testing under the following conditions:

(i) a test may be administered in the event that two supervisors have reasonable cause to believe that an employee has reported to work under the influence of or is at work under the influence of drugs or alcohol.

(ii) a test may be required if an employee is involved in a workplace accident or fighting;

(iii) a test may be required as part of a follow-up to counseling or rehabilitation for substance abuse for up to a one year period.

(b) Employees to be tested will be required to sign a consent form and chain of custody form, assuring proper

documentation and accuracy. If an employee refuses to sign a consent form authorizing the test, he or she will be subject to termination.

(c) Drug and alcohol testing will be conducted by an independent laboratory accredited by NIDA or any successor agency, and may consist of either blood or urine tests, or both. The Employer reserves the right to utilize a breathalyzer to test for the presence of alcohol, in lieu of other clinical testing.

(d) Laboratory testing procedures will conform to the procedures specified in the NIDA guidelines for federal workplace drug testing programs, dated April 11, 1988 and as may be amended hereafter by the relevant agency of the Department of Health and Human Services.

(e) Initial and confirmatory test results which meet or exceed the cutoff levels for drugs set forth in the NIDA guidelines (and as they may be amended) shall be regarded as "positive," and shall presumptively establish that the tested employee was under the influence of drugs.

(f) Initial and confirmatory (or breathalyzer) test results which meet or exceed the level of blood alcohol established in the Illinois Motor Vehicle Act as legal intoxication shall presumptively establish that the tested employee was under the influence of alcohol.

(g) The cost of initial and confirmatory testing will be borne by the Employer.

(h) Drug and alcohol test results shall be reported to the Commissioner of Personnel or his/her designee in the manner to be prescribed by the Commissioner. The applicant or incumbent shall be notified of the test results in writing. The Commissioner will inform the applicable department head of any employee who tests positive for alcohol or drugs, who in turn will initiate disciplinary proceedings under Section 18.3 above.

(i) All urine or blood samples shall be taken in sufficient quantity as to allow for retesting. Any portion not used in the test will be preserved by scientifically reliable means for one (1) year following the test. Any employee whose test result is positive may elect, at his or her expense, to be retested by the same or other laboratory satisfactory to the Commissioner of Personnel, provided that the Employer's testing laboratory shall arrange for transmitting said sample to the second laboratory. Positive results of said retesting shall be conclusive as to the presence of alcohol or drugs. The failure to take a sufficient sample, or to preserve such sample, to allow for retesting, shall not affect the removal from eligibility of an applicant or personnel action, including discharge, of any employee.

(j) No laboratory report or test results shall appear in the incumbent's personnel file unless they are part of a personnel action under this program, but shall be placed in a special locked file maintained by the Commissioner of Personnel, except as such disclosure may be required by this policy, law or ordinance.

Section 18.5 Employee Assistance Program

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary matter and may participate if they wish in the voluntary Employee Assistance Program.

ARTICLE 19
JOINT APPRENTICESHIP AND TRAINING PROGRAM INITIATIVE

Section 19.1

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Apprenticeship and Training Program Initiative ("Initiative") in conjunction with certain third parties including, but without limitation, the Chicago Public Schools ("CPS"), the City Colleges of Chicago ("City Colleges") and External Contractors. The purpose of the Initiative is to increase the opportunities for participation of graduates of CPS and/or City Colleges in Union apprenticeship and training programs and to provide expanded post-apprenticeship and training employment opportunities for such graduates. In conjunction with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago, the Parties shall enter into a supplemental memorandum of understanding regarding the structure, implementation, monitoring and enforcement of this Initiative. Said memorandum shall be attached to this Agreement as Appendix D.

Section 19.2

The Initiative shall generally include the following:

a. A commitment by each Coalition Union to establish or otherwise expand available apprenticeship and training opportunities; a commitment by the Coalition to fill at least 100 apprenticeship slots across Coalition Unions with CPS students, graduates or former students with a GED and/or City College students and graduates by June 30 of each year of this Agreement.

b. A commitment by the Coalition and the City to collaborate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to prepare CPS and City Colleges students to enter Union apprenticeship and training programs. In particular, the Coalition and the City will cooperate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to publicize available building and trades apprenticeship and training programs and subsequent careers; to consider establishing training programs as appropriate; and to expand post-apprenticeship and training employment opportunities.

c. The Parties shall appoint a Chair and an Auditor to oversee this Initiative and ensure that the parties take appropriate steps to fulfill the commitments set forth in this Article and supplemental memorandum attached hereto.

ARTICLE 20
RATIFICATION AND TERMINATION

The terms of this Agreement shall be subject to ratification by the City Council of the City of Chicago and concurrent adoption in ordinance form. The Employer and the Union will cooperate to secure this legislative approval.

This Agreement shall be effective as of said date of ratification by the City Council and shall remain in full force and effect from said date to June 30, ~~2017~~ **2022**, both inclusive. Thereafter, it shall automatically renew itself from year to year unless at least 60 days and not more than 120 days prior to the termination date or anniversary thereof, either party gives written notice to the other by Certified Mail, return receipt requested, of a desire to amend, add to, subtract from, or terminate this Agreement.

In the event such notice of a desire to amend, add to, or subtract from the terms of this Agreement is given the parties shall, within a reasonable time thereafter, enter into negotiations concerning the request. If the parties are unable to agree upon a successor agreement before the 30th day of June following the date on which notice was given, this Agreement shall expire on such 30th day of June unless both parties agree to extend this Agreement. The notices referred to shall be considered to have been given as of the date shown on the

postmark, written notices may be tendered in person, in which case the date of notice shall be the written date or receipt.

This Agreement constitutes the entire contract between the Employer and the Union and settles all demands and issues with respect to all matters subject to collective bargaining. The Employer and the Union, therefore, voluntarily waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any matter which is subject to collective bargaining whether or not such matter is specifically referred to herein, and even though such matter may not have been within the knowledge or contemplation of the parties at the time this Agreement was negotiated or signed.

In the event the City of Chicago agrees to or authorizes additional vacation, holiday or other paid time off, or voluntary unpaid time off with any other bargaining unit (excluding police and/or fire) during the term of this agreement, such additional time off shall be granted to all employees covered by this Agreement.

ARTICLE 21
TERM OF AGREEMENT

This Agreement shall be effective from the date upon which it is ratified by the City Council of the City of Chicago, but no earlier than July 1, ~~2007~~ **2017**, and shall remain in effect through 11:59 p.m. on June 30, ~~2017~~ **2022**.

Health Plan Reopener

Each party reserves the right to reopen this Agreement in order to further negotiate the Health Plan set forth in Article 9 for the following reasons:

1. Any change(s) in the applicable law(s), including but not limited to a universal, national or state health care program mandating significant changes in health insurance benefits that becomes law and is effective during the term of this Agreement;
2. The lack of achievement of health care cost containment as anticipated by the parties pursuant to the establishment and administration of the Labor-Management Cooperation Committee on health care, as defined below:
   (a) The parties charge the LMCC with the responsibility of approving Plan changes that will result in significant cost containment or savings, as measured by a

projected increase of costs for any individual plan of no more than 8% in Fiscal Year 2009 and each fiscal year thereafter when compared to health care costs in Fiscal Year 2008 and each previous fiscal year thereafter, respectively.

(b) Should the Plan changes approved by the LMCC fail to result in such cost containment or savings as stated in subsection (a) above, the LMCC shall make such adjustments to the Plan as are necessary, including but not limited to adjustments in deductibles, co-pays and co-insurance, to prevent the cost increase from exceeding 8% as measured in subsection (a) above.

(c) Should the plan changes approved by the LMCC fail to achieve cost containment or savings as stated in subsections (a) and (b) above by the end of following fiscal year, either party may elect to reopen negotiations as set forth herein on the following specific topics:

- Health Plan set forth in Article 9;
- Structure of the LMCC;

- Composition of the LMCC;
- Funding of the LMCC.

~~provided, however, each party reserves the right to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9 no later than June 30, 2011 and June 30, 2015, or in the event the City of Chicago is awarded the 2016 Olympic Games, June 30, 2014.~~

(d) The LMCC will continue to work cooperatively in seeking to limit health care costs pursuant to the terms of this Agreement, and the City agrees, for the term of this Agreement, that it will not invoke the 8% trigger provision.

If any one of the foregoing events or conditions occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.

~~**Non-Prevailing Wage Rate Reopener**~~

~~**Four-Year**: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second~~

~~five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4.4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current four-year agreement expiring on June 30, 2011 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by March 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by March 31, 2012.~~

~~Five-Year~~: ~~This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4.4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current five-year agreement expiring on June 30, 2012 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by October 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by October 31, 2012.~~

~~If any one of the foregoing events occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the non-prevailing wage rates governing the second five-year term~~

~~(07/01/2012 to 06/30/2017) set forth in Article 4, Section 4.4. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party and the City shall not be obligated to make the wage adjustments set forth in Article 4, Section 4.4. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.~~

Other Reopener

In the event of an emergency, cataclysmic event or other similar exigency affecting the City's financial condition, each party reserves the right to reopen the entire Agreement.

SIDE LETTER

FOUR 10-HOUR DAY WORKWEEK

Agree to the following in a side letter to this Agreement:

Since the Arbitrator issued his Opinion and Award dated June 21, 2007 in the Matter of Arbitration between the City of Chicago and Laborers Local 1001/Teamsters Local 726 ("Award"), the City and affected Coalition Unions have explored various approaches to resolving their dispute over the scope of the Award and the application of Section 3(a) of the Memorandum of Understanding dated July 18, 2005 entered into between the City and Coalition ("Section 3(a)"). In addition to amending Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek, the parties, in return, have discussed an agreement by the Unions to waive some or all of the monetary make whole remedies directed by the Arbitrator in his Award. Although the City is willing to amend Section 3(a) as requested by the Unions in order to conclude negotiations at the Coalition level, such willingness is contingent on the expectation that the affected Unions will reach agreement with the City to waive some or all of the monetary make whole remedies. Until such an agreement is reached, the affected Unions agree that the City shall not be obligated to implement the monetary make whole

remedies in the Award. In addition, if such an agreement is not reached by December 1, 2007, the parties shall submit the issues of the Unions' proposed amendment to Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek and the City's proposed relief from the monetary make whole remedy to an arbitrator for resolution.

This Agreement is entered into by and between the City of Chicago, an Illinois Municipal Corporation (hereinafter called the "Employer") and the International Brotherhood of Boilermakers Iron Ship Builders, Blacksmiths, Forgers and Helpers Local Lodge 1 (hereinafter called "the Union"), for the purpose of establishing, through the process of collective bargaining certain provisions covering wages, and other terms and conditions of employment for the employees represented by the Union.

In recognition of the above, the Employer and the Union agree as follows:

ARTICLE 1
RECOGNITION

Section 1.1

The Employer recognizes the Union as the sole and exclusive bargaining agent for all employees in the following job classifications:

Blacksmith Helper

Blacksmith

Foreman of Blacksmith

Boiler Inspector

Chief Boiler Inspector

Supervising Boiler Inspector

The Union is authorized to bargain collectively for such employees with respect to rates of pay, wages, hours and other

terms and conditions of employment. The term "employee" as used herein, refers to the above job classifications, unless specified to the contrary.

ARTICLE 2
MANAGEMENT RIGHTS

Section 2.1

The Union recognizes that certain rights, powers, and responsibilities belong solely to and are exclusively vested in the Employer, except only as they may be subject to a specific and express obligation of this Agreement. Among these rights, powers, and responsibilities, but not wholly inclusive, are all matters concerning or related to the management of the Employer's operations and the administration thereof, and the direction of the working forces, including (but not limited to) the right to suspend, discipline, or discharge for just cause; to layoff by reason of lack of work, by reason of lack of funds or work, or abolition of a position, or material changes in duties or organization of the Employer's operations, or other economic reasons; to hire, classify, transfer and assign work, promote, demote, or recall; to make and enforce reasonable rules and regulations, to maintain order and efficiency; to schedule the hours of work; to determine the services, processes, and extent of the Employer's operation, the types and quantities of machinery, equipment and materials to be used, the nature, extent, duration, character and method of operation, including (but not limited to) the right to contract out or subcontract; the right to determine the number of employees and how they shall be employed, and the quality and quantity of workmanship

and work required to insure maximum efficiency of operations; to establish and enforce fair production standards; and to determine the size, number and location of its departments and facilities. All of the provisions of this Article are vested exclusively in the Employer, except as expressly abridged by a specific provision of this Agreement.

ARTICLE 3
NON-DISCRIMINATION

Section 3.1 Equal Employment Opportunities

The Union agrees to work cooperatively with the Employer to insure equal employment opportunities as required by law in all aspects of the Employer's personnel policies, and nothing in this Agreement shall be interpreted to cause a negative effect on said efforts. It is understood and agreed that this Article shall neither affect nor be interpreted to adversely affect the seniority provisions of this Agreement.

Section 3.2 No Discrimination

Neither the Employer nor the Union shall discriminate against any employee covered by this Agreement in a manner which would violate any applicable laws because of race, color, religion, national origin, age, sex, marital status, mental and/or physical handicap or activity on behalf of the Union.

The provisions of Article 11 of this Agreement shall be available, and the Arbitrator may balance the Employer's obligations under the ADA and this Agreement and the employee's rights under this Agreement, provided that no incumbent employee shall be displaced by such decision of the Arbitrator.

ARTICLE 4

"Me Too" Clause: If a majority of City unionized employees in non-prevailing wage rate classifications** receive an across-the-board percentage increase in their regular base rate of pay in any contract year higher than the increase set forth above in any such year, employees in non-prevailing rate classifications covered by this Agreement shall have their wage adjustment set forth above increased by the difference between the above increase and the higher across-the-board percentage increase in any such year. Similarly, if a majority of City unionized

employees in non-prevailing wage rate classifications** receive a lump sum payment in any contract year, employees in non-prevailing rate classifications covered by this Agreement shall receive the same lump sum payment in any such year. The parties agree to confer regarding the timing, amount and implementation of any wage adjustment or lump sum payment under this Section prior to such adjustment being paid.

**Exclusive of sworn employees of the Chicago Police Department and uniformed members of the Chicago Fire Department.

Section 4.4 Retroactivity

The increases set forth in Article 4, Sections 4.1 and 4.3, are payable to affected employees who, as of ~~August 2, 2007~~ **the date of final ratification of this Agreement by the City Council**, are either on the payroll, or are on approved leave, or are on layoff with recall rights, or are seasonal employees who are eligible for rehire, or are former employees who retired effective between July 1, ~~2007~~ **2017** and the date of final ratification of the Agreement by the City Council, inclusive.

Section 4.5 Payment of Wages

(a) All regular base wages will be paid to employees not later than the next regular pay day following the end of the payroll period in which it is earned. All overtime or premium pay shall be paid to employees not later than the second regular pay day following the end of the payroll period in which it is earned. In the event of an

arbitration involving a dispute arising solely under this Section, the losing party will pay the entire amount of the arbitrator's fee.

(b) In the event an employee's pay check, at the time specified in paragraph (a) above, fails to include all of the regular base, overtime and/or premium pay to which he/she is entitled, the Department will correct that shortage provided the employee promptly notifies the Department's timekeeper in writing. Employees shall submit a payroll dispute to the Department timekeeper on the "Employee Payroll Inquiry Form" attached hereto as Appendix B. The employee's submission of such Form shall toll the period for processing a grievance filed by the employee or Union over such dispute. If the Department concludes that there is a shortage in the employee's paycheck, and if the amount in question exceeds $100.00, the Department will submit a supplemental payroll to the Comptroller to cover the shortage, and will issue the employee a check in that amount on the next scheduled check/deposit advice delivery date after the timekeeper is notified of the employee's complaint. Shortages less than $100.00 will be added to the employee's next regular pay check.

(c) Should an employee not receive this supplemental check (for a sum greater than $100.00) within the aforementioned check/deposit advice delivery date period, the Employer

will pay to the employee the sum of $5.00 for every pay period thereafter until the full supplemental check is received.

(d) It is understood that pay shortages relating to newly-hired employees, persons returning from leaves of absence (including but not limited to duty disability), overtime earned under the City's emergency snow removal program, and inaccuracies due to changes in payroll deductions, are excluded from the provisions of this Section. This paragraph does not supersede any other payment obligations with respect to the payments referred to in this paragraph which may be contained elsewhere in this Agreement.

(e) In order to provide a basis for ongoing discussion concerning the City's payroll practices, the parties will form a Labor Management Committee consisting of four (4) persons appointed respectively by the City and by the Coalition. The City's members of the Committee will consist of representatives from the Department of Personnel, the Office of Budget and Management, the Comptroller and the Director of Labor Relations. The Coalition, as it shall determine, shall select four (4) representatives to serve as members of the Committee. The Committee will meet not less than quarterly, or more frequently as the need may arise, to review ongoing issues regarding payroll, compliance with this Section, or other

issues of mutual concern which may arise during the life of the parties' Agreement. In addition, at the request of the Coalition, the City may include from time-to-time a representative of the Coalition at the Comptroller's weekly staff meetings with Department heads to review and address pending payroll inquiries from bargaining unit employees.

Section 4.6 Out of Grade Pay

An employee covered by this Agreement who is directed to and does perform substantially all of the duties and responsibilities of a higher rated job within the bargaining unit shall be paid at the higher rate or classification consistent with his own tenure for all such time from the first day of the assignment. The Employer agrees that it will make such assignments for not less than an employee's full work day. Such payment shall be made on the next regular payday or as soon thereafter as is possible, but in no event later than the pay period following the pay period in which the payment was earned. The time limits for ~~such individual assignments to~~ **acting into higher-rated jobs shall not exceed one hundred eighty (180) days** ~~be ninety (90) days~~, except where a regular incumbent is on leave of absence, in which case the time limit **for acting into such position may not exceed one (1) year** ~~be six (6) months~~ **and no individual employee can act into that position for more than ninety (90) days.** The time limits may be extended by mutual agreement of the parties. **If the one hundred eighty (180) day time limit is extended to one year due to a regular incumbent on**

leave of absence or by mutual agreement of the parties, individual employees shall not act into higher rated jobs for more than ninety (90) days per employee. To the extent the Employer continues to require the performance of the duties of the higher-rated job beyond the time limits set forth herein, the ~~assignment~~ **position** shall be treated as a "permanent vacancy" within the meaning of Section 14.10 of this Agreement, and **the employer** shall ~~be subject to the applicable~~ **posting** and **fill the job as a "permanent vacancy" subject to the applicable provisions of that Section.**

ARTICLE 5
HOURS OF WORK

Section 5.1

This Article shall be to calculate overtime and shall not be a guarantee of work or hours for any day or week.

The normal work week shall consist of five (5) consecutive eight hour days, Monday through Friday, and two (2) consecutive days off, except where the Employer's operations require different scheduling needs. The Employer will notify the Union of these exceptions.

The work week shall be a regular recurring seven (7) day period beginning at 12:00 midnight (one minute after 11:59 P.M. Saturday) Sunday and ending at 12:00 midnight the following Sunday. The starting times of employees currently vary between 7:00 a.m. and 8:00 a.m. or 4:00 p.m., as determined by the Employer.

Notwithstanding the foregoing, it is agreed that the Employer may change the established starting time of the Monday through Friday work day for a department, bureau, work unit, crew or individual upon fourteen (14) days written notice to the Union and affected employees, and discussion with the Union. Said starting times shall not be scheduled more than two (2) hours before the regular starting times currently in effect in this Agreement. All such changes, unless otherwise agreed to by the parties, shall be in effect for a minimum of one (1) week, and shall provide for the same starting times each day of that period. No employee shall be placed on a split shift without agreement by the Union. Failure to comply with this provision shall result in the payment of appropriate premium time to affected employees.

Section 5.2 Overtime

All work performed in excess of 40 hours worked per week; or in excess of 8 hours worked per day where the employee has 40 hours of work or excused absences; or on Saturday or Sunday as such when Saturday and Sunday are not part of the employee's regular work week; or on the sixth or seventh consecutive day worked, shall be paid for at two (2) times the regular straight time hourly rate of pay. Such overtime shall be computed on the basis of completed fifteen minute segments. Employees exempt from the Fair Labor Standards Act shall not be eligible for overtime under this Section. There shall be no pyramiding of overtime and/or premium pay. Daily and/or weekly overtime and/or premium pay shall not be paid for the same hours worked.

All overtime earned under this Section shall be paid to employees, not later than the second regular payday following the end of the payroll period in which it is earned.

Section 5.3 Overtime Distribution

(a) Overtime and/or premium time referred to in this Agreement shall be offered first to the employee performing the job and thereafter by seniority to the most senior employee in the classification at the work location being given the opportunity to work, provided the employee has the present ability to perform the work to the satisfaction of the Employer without further training. A reasonable amount of overtime shall be a condition of continued employment, provided however, that in the event such offers of overtime are not accepted by such employees, the Employer may mandatorily assign such overtime by reverse seniority.

(b) Employees in the classification at the work location who have been given the option to work the overtime and/or premium time, whether the option was accepted or rejected, will not be afforded the option to work subsequent overtime and/or premium time until all employees in the classification at the work location have been reasonably afforded the opportunity to work the overtime and/or premium time, subject to the same provision as in Section 5.3(a).

Section 5.4 Reporting Pay

When an employee reports for his or her regularly scheduled shift, the employee shall receive a minimum of two (2) hours work or pay at the employee's regular straight time hourly rate, unless the employee was told at least three hours prior to his

or her normal starting time not to report for work, except for reasons beyond the Employer's control. To be eligible for pay under this provision, employees must advise the designated person within the Department of his or her current telephone number.

If the employee works more than two (2) hours, he or she shall receive a minimum of four (4) hours work or pay for that day. If the employee works more than four (4) hours, he or she shall be guaranteed eight (8) hours work or pay for that day. An employee who does not complete a normal eight (8) hour shift because he or she is sent home by the Employer shall have the option of using a portion of accrued vacation, personal or compensatory time for that day upon notice to the Employer.

Section 5.5 Call-In Pay

Except as otherwise agreed in writing, employees called in outside of their regular working hours shall receive a minimum of two (2) hours pay at the appropriate overtime rate from the time that they arrive at their workplace.

The term "call-in pay" as used in this Section shall refer to an employee being brought back to work outside of his/her normal work day, and shall not refer to any situation where the employee is brought into work or required to stay at work during periods which are contiguous to his/her regularly scheduled shift.

Section 5.6 Emergency Call Pay

In the event a General Foreman or Foreman is directed by the Employer to respond to emergency calls from home and outside

of his or her regular working hours, he or she will be granted compensatory time at the appropriate rate for all verified time spent responding to the emergency from home, with a minimum of 15 minutes of compensatory time to be granted in any calendar day on which any such emergency responses were required, up to a maximum of two hours of compensatory time in any calendar day.

Section 5.7 Compensatory Time

Any banked overtime and / or compensatory time which employees have accumulated as of June 1, 2018 in excess of 160 hours shall be paid to employees in the form of cash within 30 days following June 1, 2018.

Employees who receive compensatory time under this agreement may elect to have such compensatory time paid out in the form of pay not later than the second regular payday following the end of the payroll period in which it is earned or may accumulate such time up to a maximum of 160 hours.

Use of compensatory time shall be subject to the operational needs of the Employer. All accumulated compensatory time in excess of 160 hours which has not been used or scheduled by June 1 in any calendar year will be paid to employees in the form of cash at their current rate of pay. Nothing herein shall be construed as to allow the Employer to force an employee to use accrued compensatory time.

(a) Full-time hourly employees shall receive eight hours straight-time pay for the holidays set forth below:

1. New Year's Day

5. Independence Day

(c) Employees covered by this Agreement including probationary employees shall be entitled to one (1) paid personal day in each year of this Agreement. At the employee's option, the personal day may be scheduled in accordance with the vacation selection procedures set forth in Article 7 of this Agreement. If the employee elects not to schedule said personal day in advance under the vacation selection procedures as provided above, such day shall be designated by the employee and shall not be denied by the Employer. If the employee is required or allowed to work on such designated day, the employee shall receive the appropriate holiday premium rate. An employee may

elect to carry over the personal day to the following calendar year provided such carry over shall not exceed five (5) personal days. Employees may not designate such personal day in connection with an existing holiday, Good Friday, or a vacation schedule unless requested by the employee upon ten (10) days written notice and approved by the Employer. New employees who commence work for the Employer after June 30 shall not be eligible for this personal day until the following calendar year.

(d) The benefits set forth in (a), (b) and (c) above shall be paid provided the employee is in pay status the full scheduled work day immediately preceding and the full scheduled work day immediately following such holiday, or is absent from work on one or both of those days with the Employer's permission; such permission shall not be unreasonably denied.

Section 6.2 Payment for Holiday

If an employee is scheduled to work on any calendar holiday as specified in Section 6.1 he/she shall be paid at the rate of two (2) times (which includes holiday pay) his/her normal hourly rate for all hours worked.

If the employee is not required to work on a calendar holiday specified in Section 6.1, such employee shall be paid eight hours at straight time for such holiday.

All holiday time shall be considered time worked for the purposes of computing overtime except where the holiday falls on the employee's day off.

An employee working on Christmas, New Year's Day and Dr. Martin Luther King's Birthday, shall be paid at the rate of two

(2) times his/her regular hourly rate for all hours worked plus eight (8) hours off with pay (comp time) if the employee is a full-time employee and pro rate time off if the employee is part-time.

Section 6.3 Failure to Report to Work on Scheduled Holiday

If an employee is scheduled to work on a holiday and fails to report to work, the employee shall forfeit his/her right to pay for that holiday unless his/her absence is due to illness, injury, or other emergency.

Section 6.4 Holiday Observance

Except for employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on Saturday will be observed the Friday before the holiday; said holidays which fall on Sunday will be observed on the Monday after the holiday. For employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on either Saturday or Sunday will be observed on that day.

Whenever said holiday falls during an employee's vacation period the Employer shall have the option of granting the employee an extra day's pay or an extra day of vacation at a time mutually agreed upon between the employee and the department head, provided the employee works the full scheduled workday immediately preceding and the full scheduled workday immediately following such vacation period, unless such absence is for a reason the Employer finds to be valid.

ARTICLE 7
VACATIONS

Section 7.1 Amount

Employees shall be eligible for paid vacations as of January 1 of each year following the year in which they were employed. An employee will earn the following amounts of paid vacation, based on such employee's continuous service prior to July 1, following his/her January 1 eligibility.

Continuous Service Prior to July 1	Vacation
Less than 6 years	13 days
6 years or more, but less than 14 years	18 days
14 years or more	23 days
After 24 years	24 days
After 25 years	25 days

Section 7.2 Pro Rata Vacation

An employee shall be eligible for pro rata vacation if:

1. The employee did not have twelve (12) months of continuous service in the preceding calendar year and is on the payroll as of January 1 of the current calendar year; or

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by 12; the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 7.1 above. Any fraction is rounded off to the nearest whole number of days. Employees separated from employment,

other than for cause, will be paid on a supplemental payroll as soon as practicable following the last day worked.

Part-time employees who work at least 80 hours per month earn vacation on a pro rata basis calculated in accordance with the formula used by the Employer in accordance with past practice.

Section 7.3

All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee elects in writing to carry over **vacation days (**up to three **(3)** ~~such vacation~~ days **of accrued and unused vacation days for employees with less than ten (10) years of service, and up to five (5) days of accrued and unused vacation days for employees with ten (10) or more years of service)** for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to the employer before December 15 of the vacation year. **Carry over days shall not count against an employee's maximum number of single use vacation days provided for under this Agreement.** ~~Such~~ carry over vacation days must be scheduled **in the then current year for use in the next year. Cancellation or re-scheduling of carry over days shall be controlled by the provisions set forth in the Agreement under Vacation Picks,** ~~upon mutual agreement of the employer, which agreement shall not be unreasonably denied or withheld,~~ and such carry over days must be taken on or before ~~April~~ **June** 30 of the

next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). **Nothing herein shall limit or prohibit the Employer from allowing the employee to reschedule carry over before June 30th, or approving the rescheduling of carry over days beyond June 30th.** Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 7.4 Employees Laid-Off or Discharged

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.** Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of 30 days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 12 of this Agreement. In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 7.5 Rate of Pay

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being

taken, times 8 hours per day, times the number of days vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 7.6 Selection

Vacation picks will be granted by classification seniority, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who can be on vacation at any one time without hindering the operation of the Department. The Department will not designate any time or period during the calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel an approved vacation selection absent a severe emergency situation caused by an act of God (e.g. snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby

reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

~~**Section 7.7 Reciprocity With Other Agencies**~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation time accrued while working for another public agency is not transferable. Employees hired after February 13, 1986 who~~

~~render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

Section 7.7 Non-Consecutive Vacation Days

Employees may receive up to ~~five~~ **six (6)** of their vacations days one or more day(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection).** Such day(s) off shall be approved by the employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday - Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day.**

Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.

Section 9.2 Joint Labor Management Cooperation Committee On Health Care

The City of Chicago and each Coalition Union (the "Parties") agree to ~~create~~ **maintain** a Joint Labor Management Cooperation Committee ("LMCC") pursuant to applicable state and

federal Law. The purpose of the LMCC is to research and make recommendations and decisions within its authority related to the achievement of significant and measurable savings in the cost of employee health care during the term of this Agreement. The Parties shall memorialize their intent to create this LMCC by executing an Agreement and Declaration of Trust ("Trust Agreement") contemporaneously with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago. The parties will work through the LMCC to identify changes that will result in the required savings. If, prior to January 1, 2020, the parties have not reached agreement upon the proposed changes, each party will submit its offer of proposed changes and the amount proposed to be reduced, including the methodology for estimating the value of the proposed changes, to a mutually agreed upon arbitrator, who will be limited to selecting either the City's or Coalition Unions' offer. The offer selected by the arbitrator will be binding on the parties and on the LMCC.

Section 9.6

Employees who return from said leaves shall be reinstated to their former job classification, if it is vacant or if it is then occupied by an employee with lower seniority. If the employee's former job classification is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with and subject to the layoff, recall and break-in-service provisions of this Agreement.

The Employer will mail the initial Duty Disability payment within fourteen (14) days of the Employer's designated medical officer being advised by the employee or his physician of the occurrence of a job-related injury, provided that there is no dispute as to the employee's entitlement to Duty Disability.

Employees shall have a right to return to their regular assignment and location.

Section 10.7 Medical Leave

Non-probationary employees shall be granted medical leaves of absence upon request. Said medical leaves of absence shall be granted for up to 3 months, provided said leaves shall be renewable for like 3-month periods. Notwithstanding any other provision of this agreement, paid parental leave shall be granted only as part of an approved FMLA leave and may not be used as intermittent leave.

ARTICLE 11
DISCIPLINE AND GRIEVANCE/ARBITRATION

Section 11.1 Discipline and Discharge

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearing, provided that said employee shall be guaranteed, upon request, a full hearing before said Board, in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has 7 days from receipt of the notice to appeal. If the employee does not file an appeal within the 7-day appeal period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30-day notice period and the employee shall remain on the payroll for the full notice

period, except if prior to completion of the 30-day notice period (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event may the employee require the Employer to retain the employee on the payroll beyond the 30-day period. The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration, and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that she/he is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the employee's immediate supervisor shall meet with the employee and notify him/her of the accusations against the employee and give

the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy this Section 11.1 shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a statement of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not to exceed eighteen (18) months and shall thereafter not be used as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not use said record of the discipline action against the employee, or in the case of promotions or transfers.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is the subject of the disciplinary investigation of the

pendency of the investigation and its subject matter, within 30 calendar days of the employer being made aware of the alleged rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include indictable criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a pre-disciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police board is reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this agreement.

Section 11.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1. Within five (5) working days after an employee receives written notice of any proposed disciplinary

action, including a suspension for ten (10) days or less which is not appealable to the Personnel or Police Board, or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union, the Employer shall conduct a meeting with the Union and employee. Discipline shall be administered as soon as possible after the Employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting or further investigation, the employee may request in writing to the department head for review of the said disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days of receipt of written notice of discipline. Said review form shall be printed on the back of or attached to the notice of discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2. Within three (3) working days or any mutually agreed upon extension after the department head or designee receives the employee's request for review, the department head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the Union shall so notify the Employer. At the meeting, the

Department will give the basis for its action and the employee and union representative, if any, will be heard and provided the opportunity to ask questions. The department head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required. The absence of such agreement or failure to decide and communicate such decision will result in automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3. Where further investigation is agreed upon, a second meeting shall be held between the department head or designee and the employee and the Union representative to discuss the results of the investigation. Said meeting shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The department head or designee shall render a written decision within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the

said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4. If the matter is not settled in Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedure for arbitration shall be the same as in 11.3, Step III.

Section 11.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 11.1 and 11.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next step. The Union will be informed of and allowed to be

in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - Immediate Supervisor

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the Union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union representative and/or the employee shall have the right to make an appeal in writing to the Department Head or the Department Head's designee within seven (7) working days after the date of receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head's designee shall be posted for employees in areas where employee notices are normally posted and submitted to the Union. Failure to post and so notify the Union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as

many grievances as possible. The Department Head or the Department Head's designee shall have the requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this paragraph shall be construed to relieve the City and the Union from their obligations to otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second step, the Union or the Employer may request final and binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected employee representative of the group or class. A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following instructions or orders the employee does not waive his/her right to process the grievance. Refusal to follow instructions or orders shall be cause for discipline.

Step III - ARBITRATION

If the matter is not settled in Step II the Union or the Employer, but not an individual employee or employees, may submit the dispute to arbitration by serving a written request to arbitrate to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation

and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party.

Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated

by reference in this Agreement shall be the sole source of any rights which either party may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. ADVANCED GRIEVANCE STEP FILING

Certain issues which by nature are not capable of being settled at a preliminary step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the grievant/union at Step II.

B. PERTINENT WITNESSES AND INFORMATION

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance

under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone, to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator from a group of arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-established hearing date per month for the arbitration of grievances.

Section 11.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate

reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any non-governmental agency relating to any matter or issue under investigation.

K. The results of a polygraph examination shall not be used against an employee in any forum adverse to the employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to the administration of the examination. The results of any polygraph examination shall be known to the employee within one week.

L. This Section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the charges against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the same forum as, grievances which protest said disciplinary action, except as provided in paragraph O(2) below. If no disciplinary action is brought

against the employee following the conclusion of the Inspector General's investigation, no grievance concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights enumerated in this Section, shall be suppressed and shall not be used by the Employer for any disciplinary action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the

Municipal Code of the City of Chicago regarding the Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2)(b)(2) Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators. Thereafter, the parties will meet to strike names from the list, with the Employer striking first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may mutually agree. The arbitrator's jurisdiction shall be limited to determining if the Inspector General obtained evidence or statements in violation of

paragraph O(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to rule on the merits of any underlying discipline or take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

ARTICLE 12
NO STRIKES-NO LOCKOUT

Section 12.1 No Strikes

The Union agrees that during the life of this Agreement, there shall be no strikes (including, but not limited to sympathy strikes and strikes to protect union or third party conduct), work stoppages, slowdowns, picketing, delays of work of any kind.

Section 12.2 Union Efforts

The Union agrees that it will use its best efforts to prevent any acts forbidden in this Article and that in the event any such acts take place or are engaged in by any employee or

group of employees in the Union's bargaining unit, the Union further agrees it will use its best efforts to cause an immediate cessation thereof. If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 12.3 Discipline

The Employer may terminate the employment of or otherwise discipline any employee or employees who have been found to have engaged in any act forbidden in this Article.

Section 12.4 No Lockout

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 13
DUES CHECK-OFF AND FAIR SHARE

Section 13.1 Indemnification/Authorization

The Employer, upon receipt of a validly executed written authorization card, shall deduct Union dues and initiation fees from the payroll checks of all employees so authorizing the deduction in an amount certified by the Union, and shall remit such deductions on a semi-monthly basis to the Union. Authorization for such deduction shall be irrevocable unless

revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court and other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 13.1, 13.2, 13.3, and 13.4 of this Article, or in reliance on any list, notice, certification or assignment furnished under any such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The City and Coalition Unions will create a committee to review and explore the feasibility of using electronic records and/or electronic signatures consistent with state and federal law which allows the City and the Union to use electronic authorization to verify union membership and/or authorize voluntary deduction of Union dues and fees from wages or payments for remittance to the Union.

The Employer shall provide to the Union within thirty (30) days name, address, classification, rate of salary and starting date of any new employee hired into the Union's bargaining unit.

Section 13.2 Fair Share

It is further agreed that 30 days after the later of the execution of the Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union

and shall remit such deductions to the Union at the same time that the dues check-off is remitted. It is understood that the amount of deductions from said non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.3 Right of Non-Association

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

Section 13.4 Condition of Employment

Each employee who on the effective date of this Agreement is a member of the Union, and each employee who becomes a member after that date, shall, as a condition of employment, maintain his/her membership in the Union during the term of this Agreement.

Any present employee who is not a member of the Union shall, as a condition of employment, be required to pay a fair share (not to exceed the amount of Union dues) of the cost of the collective bargaining process and contract administration. All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, 30 days after the later of the execution of this

Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and contract administration and pursuing matters affecting wages, hours and other conditions of employment.

ARTICLE 14
MISCELLANEOUS

Section 14.1 Job Titles

The Employer will notify the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto. If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the jurisdiction of another bargaining unit without the mutual agreement of the unions involved.

Section 14.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day,

or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another Union shall not perform the work of said employees. For example, if a Blacksmith is on vacation, a Plumber shall not be assigned as a replacement Blacksmith. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 14.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to the Union, and on the other affected union(s), of the existence

of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 11 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 11 of this Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the

other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

Section 14.4 Deferred Compensation

The Employer's policy which is in effect at the execution of this Agreement, pertaining to deferred compensation, shall be afforded to all employees of the Employer without change during the term of this Agreement.

The Employer will make contributions, on a dollar-for-dollar basis, under a 401(a)Plan (or any similar successor plan agreed to by Coalition Unions) up to the maximum total amounts per year shown below based on amounts deferred by each employee in those same years to the employee's 457 Plan, as follows:

a. January 1, 2020 - up to $250 per year

b. January 1, 2021 - up to $250 per year

c. January 1, 2022 - up to $500 per year

The City shall advise the unions, at least semi-annually, of the total contributions it has made.

The City agrees to provide representatives from Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Such information to be provided will include, but not be limited to, a census for the current non-Medicare retirees including the birthdate, gender, coverage tier (single, couple, family, etc.), and zip code of residence, as well as the claims information and enrollment counts for the last three (3) years. The Unions agree to execute any appropriate confidentiality agreements necessary for the release of such information. The parties understand and agree that the identity of any specific individual will not be ascertainable from the information supplied.

Section 14.5 Rules of Conduct Changes

When the Employer proposes to initiate reasonable changes or additions to its rules of conduct, which could subject Employees to discipline, the Employer shall transmit four (4) copies of the proposed changes or additions to the Union. The Union will consider the proposals, and upon request, the

Employer will meet with the Union within twenty (20) calendar days of the receipt of the proposals to receive the Union's comments. Absent an emergency, the Employer will not implement its proposed changes or additions until the Union has had a reasonable opportunity to present its views and discuss the proposals with the Employer. No such changes or additions shall be implemented without prior publication and notice to the affected Employees.

Section 14.6 Safety

(a) The Employer shall provide a safe and healthful working environment for employees covered by this agreement including in accordance with applicable federal and state occupational safety and health laws, and shall maintain in good and safe working condition all equipment necessary for the safe and proper performance of the job.

(b) In furtherance of those efforts, a joint safety committee shall be established which shall be composed of six (6) representatives of the Union Coalition and six (6) representatives of the Employer. The purpose of the committee shall be to discuss, examine and to make recommendations concerning occupational safety and health issues affecting employees. All recommendations of the committee with respect to safety and health issues shall be submitted in writing to the appropriate Department Head with a copy to the Union and the Director of Labor Relations. The Department Head shall promptly issue a written response to the committee concerning the Department's views regarding the committee's recommendations.

The parties may decide, from time to time, to refer certain safety issues and concerns to the personnel of the affected Department(s) responsible for safety matters and Union representatives of the affected employee(s). The Department safety personnel will meet and confer with a representative of the affected Union about such issues and report back to the Committee on any decisions or recommendations concerning them.

(c) The joint safety committee shall meet at least once a month, or otherwise by mutual agreement.

(d) The parties agree and understand that if an employee is faced with an unsafe working condition, the employee is required to perform the task in question unless the employee's performance of an assigned task presented the strong likelihood of subjecting the employee to imminent danger of death or serious injury. If the employee, with no reasonable alternative, refuses in good faith to perform that task and expose himself to that dangerous condition, he will not be subject to discipline. In order to avoid discipline under this paragraph, the condition must be of such a nature that a reasonable person, under the circumstances, would conclude that there is a real, substantial, and imminent danger of death or serious injury. In addition, the employee must also have sought from the Employer, and have been unable to obtain, correction of the situation before refusing to perform the task in question.

Section 14.7 Information to Union

The Employer will provide to the Union **Bargaining Unit, Dues and Hours reports for its bargaining unit employees, which will contain, at the minimum, the following information:**

- **Payroll period**
- **Payroll Number**
- **Employee number**

- **Overtime dollar amount per pay period**
- **Gross pay per pay period**
- **Contact information (i.e. address, phone, email, if available)**
- **Date of hire and continuous service date**

This information will be sent or provided to the Union electronically following the conclusion of each pay period. To ensure the safety and security of the information the City will make a secured transfer protocol (SFTP) available to the Union to receive the information. ~~on a monthly basis a bargaining unit report of current active employees, the list to include employee name, address, social security number, title, pay schedule, grade, current pay rate, status, continuous service date, time in title, date of birth, race and sex.~~

~~Each month the Employer will provide to the Union the current month's bargaining unit activity report and the updated report from the previous month.~~

Section 14.8 Subcontracting

The Employer shall not contract or subcontract out bargaining unit work to any person, contractor or employer who is not in compliance with the area standards established under and pursuant to the formula used by the United States Department of Labor in administering the Davis-Bacon Act. Notice of any such contracting or subcontracting shall be given to the Union at least thirty (30) days prior to its effective date. The notice shall be in writing and shall contain the name and address of the party who will perform the work, a description of the work to be performed and any other relevant data to enable the Union to determine compliance with this Section. In the event such party is determined not to be in compliance with the said area standards, the Employer shall withhold payouts and shall not contract or subcontract further with any such party until the Union and the Employer receive a written and enforceable assurance of compliance.

In the event that the Employer determines to subcontract unit work under this Agreement, and as a result bargaining unit employees would be laid off by the proposed subcontracting, the Employer shall make available, on a seniority basis, equal-rated permanent jobs which the Employer has declared to be vacant in the affected Department, or other departments, as the case may be, in that order, provided the laid off employees have the then

present ability to perform the required work without further training. However, the employee shall be provided with a reasonable amount of orientation to allow him or her to perform the work.

Prior to sub-contracting of bargaining unit work, the Employer, the Union, and the proposed sub-contractor shall meet to discuss the employment of employees subject to layoff. During that meeting the Employer will request and urge that the sub-contractor hire laid off employees.

Section 14.9 Automobile Reimbursement

Employees who are required by the Employer to use their own automobiles in the performance of their job shall receive mileage reimbursement at the then effective rate recognized by the Internal Revenue Service, with a maximum of $250 per month. On the effective date of this Agreement, following its ratification by all parties, the maximum reimbursement will increase to $350.00 per month. Effective February 1, 2008, the maximum reimbursement will increase to $450.00 per month. Effective February 1, 2009, the maximum reimbursement will increase to $550.00 per month. Thereafter, the maximum reimbursement will increase effective each February 1 by the percentage increase in the Transportation Expenditure Category of the Consumer Price Index for All Urban Consumers (CPI-U): U.S. City Average for the previous year, as rounded to the nearest $5 increment. Employees seeking mileage reimbursement must submit that request on a form provided by the Employer. Payment for mileage expenses will be made on a monthly basis. In the event that during the life of this Agreement the Employer

shall implement for any group of employees an automobile expense reimbursement program which is more favorable to employees than the provisions of this paragraph, upon notice from the Union, the Employer will meet and discuss with representatives of the Union the possible application of said new program to employees covered by this Agreement.

Upon request by either party made no earlier than January 1, 2010, the parties shall meet to discuss any proposed changes to this Section 14.9.

Section 14.10 Filling of Permanent Vacancies

The Employer shall determine if there is a permanent vacancy to be filled, and at any time before said vacancy is filled, whether or not said vacancy shall be filled.

The Employer will post ~~vacancy~~ **vacancies electronically on the City of Chicago CAREERS website. A copy of the posting will be provided to the Union at least 72 hours prior to the electronic posting. Said vacancy shall be posted for 14 days on the CAREERS website. The posting shall contain at least the following information: job title, qualifications, days off, shift, hours, work location, if known, and rate of pay. The posting shall also identify the number of positions to be filled. If the number to be filled changes, the Employer shall promptly notify the Union. Prior to the commencement of the selection process, the Employer will provide the Union with a list of qualified bidders.** ~~announcements for fourteen (14) days,~~

~~and provide the Union with a copy of the announcement at the time it is posted.~~

Qualified bargaining unit employees shall be given an opportunity to bid on permanent vacancies declared by the Employer. In making selections, the Employer shall give preference to bargaining unit applicants over non-bargaining unit applicants, except where non-bargaining unit applicants have demonstrably greater skill and ability to perform the work. In making a selection between two or more bargaining unit applicants who are equally qualified, the Employer shall select the most senior bidder. For purposes of this Section, seniority shall be determined by the employee's service in the employee's current job title (time-in-title) city-wide.

Prior to notifying the successful bidder/applicant, the Employer shall give the Union a list of bidders identifying, where applicable, the successful bidder(s). Upon request, the Employer shall schedule a meeting with the Union to review the selection process, including the reasons for selection and rejection of bidders. This meeting shall include a review and discussion of documents considered during the hiring process, including documents such as the referral list, employment decision form, hiring information summary, and hiring criteria rating form. If requested, the Employer will furnish copies of such documents to the Union. Bidders who are not selected shall

be so notified by the Department Head and informed of the reasons for non-selection.

The successful bidder for any jobs under this Section shall have an evaluation period, not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based on the employee's job performance at any time during that period that the successful bidder cannot perform the job, then the successful bidder shall be returned to the job he/she held just prior to the awarding of the bid, displacing, if necessary, any employee who has been placed into said job.

Section 14.11 Fitness for Duty

If the Employer observes and has reasonable cause to believe the employee has a medical condition or significant limitation that prevents the employee from being able to perform the essential duties of the position, an employee may be sent for a Fitness for Duty examination at the Employer's sole expense.

If the examination results in a determination that the employee is unfit for duty and the employee's physician certified that the employee is fit for duty, the employee may elect or Employer may require the employee, at the Employer's sole expense, to be subject to an independent medical examination ("IME") to determine if the employee is fit for duty. The Union shall select an examining independent physician who will conduct the IME from a list of at least three

physicians with the appropriate medical specialty who have successfully completed the City's procurement process and are on a list of approved vendors. The determination of the independent physician and the IME shall be final and binding. The Employee shall execute all HIPAA waivers and other forms necessary in order to permit access to all medical records related to his/her condition, and the City shall agree to secure and maintain the confidential nature of all medical records obtained through the process.

ARTICLE 15
LAYOFF AND RECALL

Section 15.1

Probationary employees with more than 90 days of service shall be laid off first. Thereafter, the least senior employee in the affected job classification shall be laid off first, provided the ability, qualifications to perform the required work, and the employee's job performance are equal among the other employees in the job.

"Seniority" shall mean, for purposes of this Section, the employee's service in the job title (time-in-title) City-wide.

A laid-off employee may displace (bump) the least senior employee, if any, in the most recent lower job title the employee to be laid off has held, provided the employee to be laid off has the then present ability to perform the job to the Employer's satisfaction without further training.

Employees shall be recalled in the reverse order they were laid off.

ARTICLE 16
SEPARABILITY

Section 16.1

In the event any of the provisions of this Agreement shall be or become invalid or unenforceable by reason of any Federal or State Law or Local Ordinance now existing or hereinafter enacted, such invalidity or unenforceability shall not affect the remainder of the provisions hereof. The parties agree to meet and adopt revised provisions which would be in conformity with the law.

ARTICLE 17
UNION REPRESENTATION

Section 17.1 Union Stewards

The Union will advise the Employer in writing, of the names of the Stewards in each department or area agreed upon with the Employer and shall notify the Employer promptly of any changes.

Stewards will be permitted to handle and process grievances referred by employees at the appropriate steps of the grievance procedure during normal hours, without the loss of pay, provided that such activity shall not exceed a reasonable period of time, or unreasonably interrupt the work of employees. Stewards shall notify their immediate supervisors in advance of their intention to handle and process grievances. Supervisors may not unreasonably withhold permission to the stewards to engage in such activities.

Employees acting as Union Stewards shall not be discriminated against nor be transferred from their job classifications or departments because of their activities on behalf of the Union. Any transfers of Union Stewards from their

job classifications or departments, other than in an emergency, will be discussed with the Union in advance of any such transfers.

Section 17.2 Union Rights

The Union shall have the right and responsibility to represent the interests of all employees in the Unit, to present its views to the City on matters of concern, either orally or in writing, and to consult and be consulted with, in respect to the formulation, development and implementation of policies and programs affecting working conditions.

Section 17.3 Right of Access

Duly authorized Officials of the Union will be permitted during normal working hours, to enter Employer facilities for purposes of handling grievances or observing conditions under which employees are working. The Union will not abuse this privilege, and such right of entry shall be consistent with current practices, and shall at all times be conducted in a manner so as not to interfere with normal operations. The Employer may be able to change or set rules of access, provided that any change in current practices must be reasonable and subject to the grievance procedure.

ARTICLE 18
DRUG AND ALCOHOL PROGRAM

Section 18.1 Policy Statement

The City of Chicago's essential mission is to provide services to its citizens in a safe and economic manner. The parties to this Agreement recognize that drug and alcohol abuse in the workplace has a deleterious effect on the health and

safety of employees, as well as their morale and productivity, all of which creates an undue burden on the persons which the City and the employees under this Agreement serve. Furthermore, the economic cost of providing health care services to employees who abuse drugs and alcohol has put an increasing burden on the City's finances.

The Employer and the Union maintain a strong commitment to protect people and property, and to provide a safe working environment. To this end, the employer has also established its confidential Employee Assistance Program for employees with personal problems, including alcohol and substance abuse, and the parties to this Agreement urge employees who have such problems to utilize the Program's services.

To maintain a workplace which provides a safe and health work environment for all employees, the following drug and alcohol program is also established.

Section 18.2 Definitions

(a) Alcohol: Ethyl alcohol

(b) Prohibited Items & Substances: all illegal drugs and controlled substances, alcoholic beverages, and drug paraphernalia in the possession of, or being used by, an employee on the job or the premises of the Employer.

(c) Employer Premises: all property, facilities, land, buildings, structures, automobiles, trucks and other vehicles owned, leased or used by the Employer as job sites or work locations and over which the Employer has authority as employer.

(d) Employee: all persons covered by this Agreement.

(e) Accident: an event resulting in injury to a person requiring medical attention or causing significant damage to property to which an employee contributed as a direct or indirect cause.

(f) Reasonable Cause: erratic or unusual behavior by an employee, including but not limited to noticeable imbalance, incoherence and disorientation, which would lead a person of ordinary sensibilities to conclude that the employee is under the influence of drugs and/or alcohol.

(g) Under the Influence: any mental, emotional, sensory or physical impairment due to the use of drugs or alcohol.

(h) Test: the taking and analysis of any body component sample, whether by blood, breath, urine, or in any other scientifically reliable manner, for the purpose of identifying, measuring or quantifying the presence or absence of drugs, alcohol or any metabolite thereof.

Section 18.3 Disciplinary Action

(a) All employees must report to work in a physical condition that will enable them to perform their jobs in a safe manner. Further, employees shall not use, possess, dispense or receive prohibited items or substances on or at the Employer's premises, nor shall they report to work under the influence of drugs and/or alcohol.

(b) When, based upon the direct observation of two supervisors, the Employer has reasonable cause to believe that an employee is under the influence of a prohibited substance, the Employer shall have the right to subject that employee to a drug and alcohol test. At the Employer's discretion, the

employee may be placed on administrative leave with pay until test results are available. If the test results prove negative, the employee shall be reinstated. In all other cases, the Employer will terminate all employees who:

(i) test positive for drug and/or alcohol use;

(ii) refuse to cooperate with testing procedures;

(iii) are found to be under the influence of drugs or alcohol while on duty and on the Employer's premises;

(iv) are found in possession of alcohol, drugs or drug paraphernalia, or are found selling or distributing drugs or drug paraphernalia, on the Employer's premises.

(c) All adverse employment action taken against an employee under this program shall be subject to the grievance and arbitration procedures of this Agreement.

Section 18.4 Drug and Alcohol Testing

(a) The Employer may require drug and/or alcohol testing under the following conditions:

(i) a test may be administered in the event that two supervisors have reasonable cause to believe that an employee has reported to work under the influence of or is at work under the influence of drugs or alcohol.

(ii) a test may be required if an employee is involved in a workplace accident or fighting;

(iii) a test may be required as part of a follow-up to counseling or rehabilitation for substance abuse for up to a one year period.

(b) Employees to be tested will be required to sign a consent form and chain of custody form, assuring proper documentation and accuracy. If an employee refuses to sign a

consent form authorizing the test, he or shall will be subject to termination.

(c) Drug and alcohol testing will be conducted by an independent laboratory accredited by NIDA or any successor agency, and may consist of either blood or urine tests, or both. The Employer reserves the right to utilize a breathalyzer to test for the presence of alcohol, in lieu of other clinical testing.

(d) Laboratory testing procedures will conform to the procedures specified in NIDA guidelines for federal workplace drug testing programs, dated April 11, 1988 and as may be amended hereafter by the relevant agency of the Department of Health and Human Services.

(e) Initial and confirmatory test results which meet or exceed the cutoff levels for drugs set forth in the NIDA guidelines (and as they may be amended) shall be regarded as "positive," and shall presumptively establish that the tested employee was under the influence of drugs.

(f) Initial and confirmatory (or breathalyzer) test results which meet or exceed the level of blood alcohol established in the Illinois Motor Vehicle Act as legal intoxication shall presumptively establish that the tested employee was under the influence of alcohol.

(g) The cost of initial and confirmatory testing will be borne by the Employer.

(h) Drug and alcohol test results shall be reported to the Commissioner of Personnel or his designee in the manner to be prescribed by the Commissioner. The applicant or incumbent

shall be notified of the test results in writing. The Commissioner will inform the applicable department head of any employee who tests positive for alcohol or drugs, who in turn will initiate disciplinary proceedings under Section 18.3 above.

(i) All urine or blood samples shall be taken in sufficient quantity as to allow for retesting. Any portion not used in the test will be preserved by scientifically reliable means for one (1) year following the test. Any employee whose test result is positive may elect, at his or her expense, to be retested by the same or other laboratory satisfactory to the Commissioner of Personnel, provided that the Employer's testing laboratory shall arrange for transmitting said sample to the second laboratory. Positive results of said retesting shall be conclusive as to the presence of alcohol or drugs. The failure to take a sufficient sample, or to preserve such sample, to allow for retesting, shall not affect the removal from eligibility of an applicant or personnel action, including discharge, of any employee.

(j) No laboratory report or test results shall appear in the incumbent's personnel file unless they are part of a personnel action under this program, but shall be placed in a special locked file maintained by the Commissioner of Personnel, except as such disclosure may be required by this policy, law or ordinance.

Section 18.5 Employee Assistance Program

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary matter and

may participate if they wish in the voluntary Employee Assistance Program.

ARTICLE 19
JOINT APPRENTICESHIP AND TRAINING PROGRAM INITIATIVE

Section 19.1

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Apprenticeship and Training Program Initiative ("Initiative") in conjunction with certain third parties including, but without limitation, the Chicago Public Schools ("CPS"), the City Colleges of Chicago ("City Colleges") and External Contractors. The purpose of the Initiative is to increase the opportunities for participation of graduates of CPS and/or City Colleges in Union apprenticeship and training programs and to provide expanded post-apprenticeship and training employment opportunities for such graduates. In conjunction with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago, the Parties shall enter into a supplemental memorandum of understanding regarding the structure, implementation, monitoring and enforcement of this Initiative. Said memorandum shall be attached to this Agreement as Appendix D.

Section 19.2

The Initiative shall generally include the following:

a. A commitment by each Coalition Union to establish or otherwise expand available apprenticeship and training opportunities; a commitment by the Coalition to fill at

least 100 apprenticeship slots across Coalition Unions with CPS students, graduates or former students with a GED and/or City College students and graduates by June 30 of each year of this Agreement.

b. A commitment by the Coalition and the City to collaborate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to prepare CPS and City Colleges students to enter Union apprenticeship and training programs. In particular, the Coalition and the City will cooperate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to publicize available building and trades apprenticeship and training programs and subsequent careers; to consider establishing training programs as appropriate; and to expand post-apprenticeship and training employment opportunities.

c. The Parties shall appoint a Chair and an Auditor to oversee this Initiative and ensure that the parties take appropriate steps to fulfill the commitments set forth in this Article and supplemental memorandum attached hereto.

ARTICLE 20
RATIFICATION AND TERMINATION

The terms of this Agreement shall be subject to ratification by the City Council of the City of Chicago and concurrent adoption in ordinance form. The Employer and the Union will cooperate to secure this legislative approval.

This Agreement shall be effective as of said date of ratification by the City Council and shall remain in full force and effect from said date to June 30, ~~2017~~ 2022, both inclusive. Thereafter, it shall automatically renew itself from year to year unless at least 60 days and not more than 120 days prior to the termination date or anniversary thereof, either party gives written notice to the other by Certified Mail, return receipt requested, of a desire to amend, add to, subtract from or terminate this Agreement.

In the event such notice of a desire to amend, add to, or subtract from the terms of this Agreement is given the parties shall, within a reasonable time thereafter, enter into negotiations concerning the request. If the parties are unable to agree upon a successor agreement before the 30th day of June following the date on which notice was given, this Agreement shall expire on such 30th day of June unless both parties agree to extend this Agreement. The notices referred to shall be considered to have been given as of the date shown on the postmark, written notices may be tendered in person, in which case the date of notice shall be the written date of receipt.

This Agreement constitutes the entire contract between the Employer and the Union and settles all demands and issues with respect to all matters subject to collective bargaining. The Employer and the Union, therefore, voluntarily waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any matter which is subject to collective bargaining whether or not such matter is specifically referred to herein, and even though such matter may not have

been within the knowledge or contemplation of the parties at the time this Agreement was negotiated or signed.

In the event the City of Chicago agrees to or authorizes additional vacation, Holiday or other paid time off, or voluntary unpaid time off with any other bargaining unit (excluding police and/or fire) during the term of this agreement, such additional time off shall be granted to all employees covered by this Agreement.

ARTICLE 21
TERM OF AGREEMENT

This Agreement shall be effective from the date upon which it is ratified by the City Council of the City of Chicago, but no earlier than July 1, 2017, and shall remain in effect through 11:59 p.m. on June 30, 2022.

Health Plan Reopener

Each party reserves the right to reopen this Agreement in order to further negotiate the Health Plan set forth in Article 9 for the following reasons:

1. Any change(s) in the applicable law(s), including but not limited to a universal, national or state health care program mandating significant changes in health insurance benefits that becomes law and is effective during the term of this Agreement;
2. The lack of achievement of health care cost containment as anticipated by the parties pursuant to the establishment and administration of the Labor-

Management Cooperation Committee on health care, as defined below:

(a) The parties charge the LMCC with the responsibility of approving Plan changes that will result in significant cost containment or savings, as measured by a projected increase of costs for any individual plan of no more than 8% in Fiscal Year 2009 and each fiscal year thereafter when compared to health care costs in Fiscal Year 2008 and each previous fiscal year thereafter, respectively.

(b) Should the Plan changes approved by the LMCC fail to result in such cost containment or savings as stated in subsection (a) above, the LMCC shall make such adjustments to the Plan as are necessary, including but not limited to adjustments in deductibles, co-pays and co-insurance, to prevent the cost increase from exceeding 8% as measured in subsection (a) above.

(c) Should the plan changes approved by the LMCC fail to achieve cost containment or savings as stated in subsections (a) and (b) above by the end of following fiscal year, either party may elect to reopen negotiations as set forth herein on the following specific topics:

- Health Plan set forth in Article 9;
- Structure of the LMCC;
- Composition of the LMCC;
- Funding of the LMCC.

~~provided, however, each party reserves the right to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9 no later than June 30, 2011 and June 30, 2015, or in the event the City of Chicago is awarded the 2016 Olympic Games, June 30, 2014.~~

(d) The LMCC will continue to work cooperatively in seeking to limit health care costs pursuant to the terms of this Agreement, and the City agrees, for the term of this Agreement, that it will not invoke the 8% trigger provision.

If any one of the foregoing events or conditions occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.

~~Non-Prevailing Wage Rate Reopener~~

~~Four-Year: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current four-year agreement expiring on June 30, 2011 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by March 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by March 31, 2012.~~

~~Five-Year: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current five-year agreement expiring on June 30, 2012 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by October 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by October 31, 2012.~~

~~If any one of the foregoing events occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the~~

~~non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) set forth in Article 4, Section 4. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party and the City shall not be obligated to make the wage adjustments set forth in Article 4, Section 4. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.~~

Other Reopener

In the event of an emergency, cataclysmic event or other similar exigency affecting the City's financial condition, each party reserves the right to reopen the entire Agreement.

SIDE LETTER

FOUR 10-HOUR DAY WORKWEEK

Agree to the following in a side letter to this Agreement:

Since the Arbitrator issued his Opinion and Award dated June 21, 2007 in the Matter of Arbitration between the City of Chicago and Laborers Local 1001/Teamsters Local 726 ("Award"), the City and affected Coalition Unions have explored various approaches to resolving their dispute over the scope of the Award and the application of Section 3(a) of the Memorandum of Understanding dated July 18, 2005 entered into between the City and Coalition ("Section 3(a)"). In addition to amending Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek, the parties, in return, have discussed an agreement by the Unions to waive some or all of the monetary make whole remedies directed by the Arbitrator in his Award. Although the City is willing to amend Section 3(a) as requested by the Unions in order to conclude negotiations at the Coalition level, such willingness is contingent on the expectation that the affected Unions will reach agreement with the City to waive some or all of the monetary make whole remedies. Until such an agreement is reached, the affected Unions agree that the City shall not be obligated to implement the monetary make whole remedies in the Award. In addition, if such an agreement is not reached by December 1, 2007, the parties shall submit the issues

of the Unions' proposed amendment to Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek and the City's proposed relief from the monetary make whole remedy to an arbitrator for resolution.

Section 2.1

The Union recognizes that certain rights, powers, and responsibilities belong solely to and are exclusively vested in the Employer, except only as they may be subject to a specific and express obligation of this Agreement. Among these rights, powers, and responsibilities, but not wholly inclusive, are all matters concerning or related to the management of the Employer's operations and the administration thereof, and the direction of the working forces, including (but not limited to) the right to suspend, discipline, or discharge for just cause; to layoff by reason of lack of work, by reason of lack of funds or work, or abolition of a position, or material changes in duties or organization of the Employer's operations, or other economic reasons; to hire, classify, transfer and assign work, promote, demote, or recall; to make and enforce reasonable rules and regulations, to maintain order and efficiency; to schedule the hours of work; to determine the services, processes, and extent of the Employer's operation, the types and quantities of machinery, equipment and materials to be used, the nature, extent, duration, character and method of operation, including (but not limited to) the right to contract out or subcontract; the right to determine the number of employees and how they shall be employed, and the quality and quantity of workmanship and work required to insure maximum efficiency of operations; to establish and enforce fair production standards; and to determine the size, number and location of its departments and

facilities. All of the provisions of this Article are vested exclusively in the Employer, except as expressly abridged by a specific provision of this Agreement.

ARTICLE 3
NON-DISCRIMINATION

Section 3.1 Equal Employment Opportunities

The Union agrees to work cooperatively with the Employer to insure equal employment opportunities as required by law in all aspects of the Employer's personnel policies, and nothing in this Agreement shall be interpreted to cause a negative effect on said efforts. It is understood and agreed that this Article shall neither affect nor be interpreted to adversely effect the seniority provisions of this Agreement.

Section 3.2 No Discrimination

Neither the Employer nor the Union shall discriminate against any employee covered by this Agreement in a manner which would violate any applicable laws because of race, color, religion, national origin, age, sex, marital status, mental and/or physical handicap or activity on behalf of the Union.

Section 3.3 Grievance of Alleged Violation

Grievances by employees alleging violations of this Article shall be resolved through Step II of the Grievance procedure of this Agreement, but shall not be subject to arbitration unless mutually agreed by the parties.

Section 3.4 Reasonable Accommodation

In the event the Employer shall be required to make a reasonable accommodation under the Americans With Disabilities Act ("ADA") to the disability of an applicant or incumbent

employee that may be in conflict with the rights of an employee under this Agreement, the Employer shall bring this matter to the attention of the union. The provisions of Article 11 of this Agreement shall be available, and the Arbitrator may balance the Employer's obligations under the ADA and this Agreement and the employee's rights under this Agreement, provided that no incumbent employee shall be displaced by such decision of the Arbitrator.

ARTICLE 4

Section 4.1 Prevailing Wage Rates

Effective July 1, 20~~0~~17, employees covered by this Agreement shall continue to receive the hourly rate being paid to crafts or job classifications doing similar kinds of work in Cook County pursuant to the formula currently used by the United States Department of Labor in administering the Davis-Bacon Act as currently being paid to said employees as set forth in Appendix A appended to and made a part of this Agreement.

In the event

the hourly wage rates effective July of each year covered by this Agreement are established at an effective date later than July 1, then such rates, when established, shall be paid as of said effective date. In no event will the Employer adjust said wage rates more than one time in any calendar year.

"Me Too" Clause: If a majority of City unionized employees in non-prevailing wage rate classifications** receive an across-the-board percentage increase in their regular base rate of pay in any contract year higher than the increase set forth above in any such year, employees in non-prevailing rate classifications covered by this Agreement shall have their wage adjustment set forth above increased by the difference between the above increase and the higher across-the-board percentage increase in any such year. Similarly, if a majority of City unionized employees in non-prevailing wage rate classifications** receive

a lump sum payment in any contract year, employees in non-prevailing rate classifications covered by this Agreement shall receive the same lump sum payment in any such year. The parties agree to confer regarding the timing, amount and implementation of any wage adjustment or lump sum payment under this Section prior to such adjustment being paid.

**Exclusive of sworn employees of the Chicago Police Department and uniformed members of the Chicago Fire Department.

Section 4.4 Retroactivity

The increases set forth in Article 4, Sections 4.1 and 4.3, are payable to affected employees who, as of ~~August 2, 2007~~ **the date of final ratification of this Agreement by the City Council**, are either on the payroll, or are on approved leave, or are on layoff with recall rights, or are seasonal employees who are eligible for rehire, or are former employees who retired effective between July 1, ~~2007~~ **2017** and the date of final ratification of the Agreement by the City Council, inclusive.

Section 4.6 Out of Grade Pay

An employee covered by this Agreement who is directed to and does perform substantially all of the duties and responsibilities of a higher rated job within the bargaining unit shall be paid at the higher rate or classification consistent with his own tenure for all such time from the first day of the assignment. The Employer agrees that it will make such assignments for not less than an employee's full work day. Such payment shall be made on the next regular payday or as soon

thereafter as is possible, but in no event later than the pay period following the pay period in which the payment was earned. The time limits for ~~such individual assignments to~~ **acting into higher-rated jobs shall not exceed one hundred eighty (180) days** ~~be ninety (90) days~~, except where a regular incumbent is on leave of absence, in which case the time limit **for acting into such position may not exceed one (1) year** ~~be six (6) months~~ **and no individual employee can act into that position for more than ninety (90) days.** The time limits may be extended by mutual agreement of the parties. **If the one hundred eighty (180) day time limit is extended to one year due to a regular incumbent on leave of absence or by mutual agreement of the parties, individual employees shall not act into higher rated jobs for more than ninety (90) days per employee.** To the extent the Employer continues to require the performance of the duties of the higher-rated job beyond the time limits set forth herein, the ~~assignment~~ **position** shall be treated as a "permanent vacancy" within the meaning of Section 14.10 of this Agreement~~,~~ and **the employer** shall ~~be subject to the applicable~~ **post~~ing~~** and **fill the job as a "permanent vacancy" subject to the applicable posting and bidding provisions of that Section.**

Section 4.5 Payment of Wages

(a) All regular base wages will be paid to employees not later than the next regular pay day following the end of the

payroll period in which it is earned. All overtime or premium pay shall be paid to employees not later than the second regular pay day following the end of the payroll period in which it is earned. In the event of an arbitration involving a dispute arising solely under this Section, the losing party will pay the entire amount of the arbitrator's fee.

(b) In the event an employee's pay check, at the time specified in paragraph (a) above, fails to include all of the regular base, overtime and/or premium pay to which he/she is entitled, the Department will correct that shortage provided the employee promptly notifies the Department's timekeeper in writing. Employees shall submit a payroll dispute to the Department timekeeper on the "Employee Payroll Inquiry Form" attached hereto as Appendix B. The employee's submission of such Form shall toll the period for processing a grievance filed by the employee or Union over such dispute. If the Department concludes that there is a shortage in the employee's paycheck, and if the amount in question exceeds $100.00, the Department will submit a supplemental payroll to the Comptroller to cover the shortage, and will issue the employee a check in that amount on the next scheduled check/deposit advice delivery date after the timekeeper is notified of the employee's

complaint. Shortages less than $100.00 will be added to the employee's next regular pay check.

(c) Should an employee not receive this supplemental check (for a sum greater than $100.00) within the aforementioned check/deposit advice delivery date period, the Employer will pay to the employee the sum of $5.00 for every pay period thereafter until the full supplemental check is received.

(d) It is understood that pay shortages relating to newly-hired employees, persons returning from leaves of absence (including but not limited to duty disability), overtime earned under the City's emergency snow removal program, and inaccuracies due to changes in payroll deductions, are excluded from the provisions of this Section. This paragraph does not supersede any other payment obligations with respect to the payments referred to in this paragraph which may be contained elsewhere in this Agreement.

(e) In order to provide a basis for ongoing discussion concerning the City's payroll practices, the parties will form a Labor Management Committee consisting of four (4) persons appointed respectively by the City and by the Coalition. The City's members of the Committee will consist of representatives from the Department of Personnel, the Office of Budget and Management, the Comptroller and the Director of Labor Relations. The

Coalition, as it shall determine, shall select four (4) representatives to serve as members of the Committee. The Committee will meet not less than quarterly, or more frequently as the need may arise, to review ongoing issues regarding payroll, compliance with this Section, or other issues of mutual concern which may arise during the life of the parties' Agreement. In addition, at the request of the Coalition, the City may include from time-to-time a representative of the Coalition at the Comptroller's weekly staff meetings with Department heads to review and address pending payroll inquiries from bargaining unit employees.

ARTICLE 5
HOURS OF WORK AND OVERTIME

Section 5.1

This Article shall be to calculate overtime and shall not be a guarantee of work or hours for any day or week.

The normal work week shall consist of five (5) consecutive 8-hour days, Monday through Friday, and two (2) consecutive days off, Saturday and Sunday.

The work week shall be a regular recurring seven (7) day period beginning at 12:00 midnight (one minute after 11:59 P.M. Saturday) Sunday and ending at 12:00 midnight the following Sunday. The normal work day shall begin between 8:00 A.M. to 4:30 P.M., except where different hours are currently in effect.

Notwithstanding the foregoing, it is agreed that the Employer may change the established starting time of the Monday through Friday work day for a department, bureau, work unit,

crew or individual upon fourteen (14) days written notice to the Union and affected employees, and discussion with the Union. Said starting times shall not be scheduled more than two (2) hours before the regular starting times currently in effect in this Agreement. All such changes, unless otherwise agreed to by the parties, shall be in effect for a minimum of one (1) week, and shall provide for the same starting times each day of that period. No employee shall be placed on a split shift without agreement by the Union. Failure to comply with this provision shall result in the payment of appropriate premium time to affected employees.

Section 5.2 Overtime

Overtime and premium pay for employees shall be defined and paid in accordance with the historical and traditional practices of the Employer and the Union pursuant to the applicable collective bargaining agreement which is negotiated in the private sector and which historically and traditionally governs said payment. The Union shall certify and provide evidence to the Employer of said overtime and premium definitions and rates as described above.

All work performed in excess of 40 hours worked per week; or in excess of 8 hours worked per day where the employee has 40 hours of work or excused absences; or on Saturday as such, when Saturday is not part of the employee's regular work week; or on the sixth consecutive day worked, shall be paid for at one and one-half (1-1/2) times the regular straight time hourly rate of pay. All work performed on Sunday, when Sunday is not part of

the employee's regular work week; or the seventh consecutive day worked, shall be paid for at one and one-half (1-1/2) times the regular hourly rate of pay. Such overtime shall be computed on the basis of completed fifteen minute segments. Employees exempt from the Fair Labor Standards Act shall not be eligible for overtime under this Section. There shall be no pyramiding of overtime and/or premium pay. Daily and/or weekly overtime and/or premium pay shall not be paid for the same hours worked. **All overtime earned under this Section shall be paid to employees, not later than the second regular payday following the end of the payroll period in which it is earned.**

Section 5.3 Overtime Distribution

(a) Overtime and/or premium time referred to in this Agreement shall be offered first to the employee performing the job and thereafter by seniority to the most senior employee in the classification at the work location being given the opportunity to work, provided the employee has the present ability to perform the work to the satisfaction of the Employer without further training. A reasonable amount of overtime shall be a condition of continued employment, provided however, that in the event such offers of overtime are not accepted by such employees, the Employer may mandatory assign such overtime by reverse seniority.

(b) Employees in the classification at the work location who have been given the option to work the overtime and/or premium time, whether the option was accepted or rejected, will

not be afforded the option to work subsequent overtime and/or premium time until all employees in the classification at the work location have been reasonably afforded the opportunity to work the overtime and/or premium time, subject to the same provision as in Section 5.3(a).

Section 5.4 Reporting Pay

When an employee reports for his or her regularly scheduled shift, the employee shall receive a minimum of two (2) hours work or pay at the employee's regular straight time hourly rate, unless the employee was told at least three hours prior to his or her normal starting time not to report for work, except for reasons beyond the Employer's control. To be eligible for pay under this provision, employees must advise the designated person within the Department of his or her current telephone number.

If the employee works more than two (2) hours, he or she shall receive a minimum of four(4) hours work or pay for that day. If the employee works more than four (4) hours, he or she shall be guaranteed eight (8) hours work or pay for that day. An employee who does not complete a normal eight (8) hour shift because he or she is sent home by the Employer shall have the option of using a portion of accrued vacation, personal or compensatory time for that day upon notice to the Employer.

Section 5.6 Call-In Pay

Except as otherwise agreed in writing, employees called in outside of their regular working hours shall receive a minimum

of two (2) hours pay at the appropriate overtime rate from the time that they arrive at their workplace.

The term "call-in pay" as used in this Section shall refer to an employee being brought back to work outside of his/her normal work day, and shall not refer to any situation where the employee is brought into work or required to stay at work during periods which are contiguous to his/her regularly scheduled shift.

Section 5.7 Emergency Call Pay

In the event a General Foreman or Foreman is directed by the Employer to respond to emergency calls from home and outside of his or her regular working hours, he or she will be granted compensatory time at the appropriate rate for all verified time spent responding to the emergency from home, with a minimum of 15 minutes of compensatory time to be granted in any calendar day on which any such emergency responses were required, up to a maximum of two hours of compensatory time in any calendar day.

Section 5.8 Compensatory Time

Any banked overtime and / or compensatory time which employees have accumulated as of June 1, 2018 in excess of 160 hours shall be paid to employees in the form of cash within 30 days following June 1, 2018.

Employees who receive compensatory time under this agreement may elect to have such compensatory time paid out in the form of pay not later than the second regular payday following the end of the payroll period in which it is earned or may accumulate such time up to a maximum of 160 hours.

Use of compensatory time shall be subject to the operational needs of the Employer. All accumulated compensatory time in excess of 160 hours which has not been used or scheduled by June 1 in any calendar year will be paid to employees in the form of cash at their current rate of pay. Nothing herein shall be construed as to allow the Employer to force an employee to use accrued compensatory time.

ARTICLE 6
HOLIDAYS

Section 6.1 Current Holidays

(a) Full-time hourly employees shall receive eight hours straight-time pay for the holidays set forth below:

1. New Year's Day
2. Dr. Martin Luther King's Birthday
3. Casimir Pulaski Day
4. Memorial Day
5. Independence Day
6. Labor Day
7. Columbus Day
8. Thanksgiving Day
9. Christmas Day

(b) Employees covered by this Agreement including probationary employees shall be entitled to one (1) paid personal day in each year of this Agreement. At the employee's option, the personal day may be scheduled in accordance with the vacation selection procedures set forth in Article 7 of this Agreement. If the employee elects not to schedule said personal day in advance under the vacation selection procedures as provided above, such day shall be designated by the employee and shall not be denied by the Employer. If the employee is required

or allowed to work on such designated day, the employee shall receive the appropriate holiday premium rate. An employee may elect to carry over the personal day to the following calendar year provided such carry over shall not exceed five (5) personal days. Employees may not designate such personal day in connection with an existing holiday, Good Friday, or a vacation schedule unless requested by the employee upon ten (10) days written notice and approved by the Employer. New employees who commence work for the Employer after June 30 shall not be eligible for this personal day until the following calendar year.

(c) The benefits set forth in (a) and (b) above shall be paid provided the employee is in pay status the full scheduled work day immediately preceding and the full scheduled work day immediately following such holiday, or is absent from work on one or both of those days with the Employer's permission; such permission shall not be unreasonably denied.

Section 6.2 Payment for Holiday

If an employee is scheduled to work on any calendar holiday as specified in Section 6.1 he/she shall be paid at the rate of two (2) times (which includes holiday pay) his/her normal hourly rate for all hours worked. If the employee is not required to work on calendar holiday specified in Section 6.1, such employee shall be paid eight hours at straight time for such holiday.

All holiday time shall be considered time worked for the purposes of computing overtime except where the holiday falls on the employee's day off.

Section 6.3 Failure to Report to Work on Scheduled Holiday

If an employee is scheduled to work on a holiday and fails to report to work, the employee shall forfeit his/her right to pay for that holiday unless his/her absence is due to illness, injury, or other emergency.

Section 6.4 Holiday Observance

Except for employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on Saturday will be observed the Friday before the holiday; said holidays which fall on Sunday will be observed on the Monday after the holiday. For employees whose regularly scheduled workweek includes Saturday and/or Sunday, said holidays which fall on either Saturday or Sunday will be observed on that day.

Whenever said holiday falls during an employee's vacation period the Employer shall have the option of granting the employee an extra day's pay or an extra day of vacation at a time mutually agreed upon between the employee and the department head, provided the employee works the full scheduled workday immediately preceding and the full scheduled workday immediately following such vacation period, unless such absence is for a reason the Employer finds to be valid.

ARTICLE 7
VACATIONS

Section 7.1 Amount

Employees shall be eligible for paid vacations as of January 1 of each year following the year in which they were employed. An employee will earn the following amounts of paid vacation, based on such employee's continuous service prior to July 1, following his/her January 1 eligibility.

Continuous Service Prior to July 1	Vacation
Less than 6 years	13 days
6 years or more, but less than 14 years	18 days
14 years or more	23 days
After 24 years	24 days
After 25 years	25 days

Section 7.2 Pro Rata Vacation

An employee shall be eligible for pro rata vacation if:

1. The employee did not have twelve (12) months of continuous service in the preceding calendar year and is on the payroll as of January 1 of the current calendar year; or

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by 12; the resulting figure is multiplied by the amount of paid vacation for which the employee is eligible in Section 7.1 above. Any fraction is rounded off to the nearest whole number of days. Employees separated from employment,

other than for cause, will be paid on a supplemental payroll as soon as practicable following the last day worked.

Part-time employees who work at least 80 hours per month earn vacation on a pro rata basis calculated in accordance with the formula used by the Employer in accordance with past practice.

Section 7.3

All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee elects in writing to carry over **vacation days** (up to three **(3)** ~~such vacation~~ days **of accrued and unused vacation days for employees with less than ten (10) years of service, and up to five (5) days of accrued and unused vacation days for employees with ten (10) or more years of service)** for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to the employer before December 15 of the vacation year. **Carry over days shall not count against an employee's maximum number of single use vacation days provided for under this Agreement.** ~~Such~~ carry over vacation days must be scheduled **in the then current year for use in the next year. Cancellation or re-scheduling of carry over days shall be controlled by the provisions set forth in the Agreement under Vacation Picks,** ~~upon mutual agreement of the employer, which~~

~~agreement shall not be unreasonably denied or withheld,~~ and such carry over days must be taken on or before ~~April~~ **June** 30 of the next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). **Nothing herein shall limit or prohibit the Employer from allowing the employee to reschedule carry over before June 30th, or approving the rescheduling of carry over days beyond June 30th.** Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 7.4 Employees Laid Off or Discharged

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.** Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of 30 days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 12 of this Agreement. In the event of the death of an eligible employee, the surviving

widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 7.5 Rate of Pay

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being taken, times 8 hours per day, times the number of days vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 7.6 Selection

Vacation picks will be granted by classification seniority, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who can be on vacation at any one time without hindering the operation of the Department. The Department will not designate any time or period during the calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel

an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

~~**Section 7.7 Reciprocity With Other Agencies**~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building~~

~~Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation time accrued while working for another public agency is not transferable. Employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

Section 7.8 Non-Consecutive Vacation Days

Employees may receive up to ~~five~~ **six (6)** of their vacations days one or more day(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection).** Such day(s) off shall be approved by the employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the week (for example, the employee works a Monday - Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation**

days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.

Employees may designate and use at their option up to ~~five (5)~~ **six (6)** of their vacation days in each year of this Agreement as sick days to cover periods of bonafide medical illness **or the illness of family members, who shall include (or may be expanded upon by the City): (i)mother, father, husband, wife, brother or sister (including blood, step or half), son or daughter (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic partner is registered with the Department of Human Resources.** The Employer reserves the right to ask the employee to furnish proof of said illness. An employee desiring to use vacation days as sick days under this provision shall inform the representative of the Employer who employees are told is

designated for such purposes of that fact at the time he/she calls in to report an illness. Salaried employees who currently are receiving sick days under this Agreement shall be ineligible to use vacation days as sick days while they have available unused sick days.

ARTICLE 8
CONTINUOUS SERVICE

Section 8.1 Definition

Continuous service means continuous paid employment from the employee's last date of hire, without a break or interruption in such paid employment. In addition, an employee earns continuous service credit even though he or she is not paid for:

1. An unpaid leave of absence of one year or less or layoff of 30 days or less; or
2. An absence where the employee is adjudged eligible for duty disability compensation.

Section 8.2 Interruption in Service

(a) Non-seasonal employees who work a minimum of eighty (80) hours per month shall be credited with continuous service for the time worked. Continuous service credit will not be earned for:

(1) absences without leave

(2) absences due to suspension

(3) Unpaid leaves of absence for more than 30 days or layoff for more than 30 days, unless employees

are allowed to accumulate seniority under this Agreement.

(b) Seasonal employment of 120 calendar days or less in any calendar year shall not be credited toward continuous service for the time worked.

(c) Seasonal employment in excess of 120 days in any calendar year shall be credited toward continuous service.

~~**Section 8.3 Reciprocity**~~

~~Employees hired prior to February 13, 1986 who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Housing Authority, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, Public Building Commission of Chicago, the Chicago Urban Transportation District and the Regional Transportation Authority shall have the period of such service credited and counted for the purpose of advancement within longevity salary schedules. However, employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules provided a majority of other employees of the Employer receive such credit.~~

Section 8.4 Break in Service

Section 9.2 Joint Labor Management Cooperation Committee On Health Care

The City of Chicago and each Coalition Union (the "Parties") agree to ~~create~~ **maintain** a Joint Labor Management Cooperation Committee ("LMCC") pursuant to applicable state and federal Law. The purpose of the LMCC is to research and make recommendations and decisions within its authority related to the achievement of significant and measurable savings in the cost of employee health care during the term of this Agreement. The Parties shall memorialize their intent to create this LMCC by executing an Agreement and Declaration of Trust ("Trust Agreement") contemporaneously with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago. The parties will work through the LMCC to identify changes that will result in the required savings. If, prior to January 1, 2020, the parties have not reached agreement upon the proposed changes, each party will submit its offer of proposed changes and the amount proposed to be reduced, including the methodology for estimating the value of the proposed changes, to a mutually agreed upon arbitrator, who will be limited to selecting either the City's or Coalition Unions'

offer. The offer selected by the arbitrator will be binding on the parties and on the LMCC.

Section 9.6

The City agrees to provide representatives from the Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that the Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Seniority shall accumulate for employees on said leaves. Employees who return from said leave shall be reinstated to their former job classification, if the Employer determines it is vacant or if it is then occupied by an employee with lower seniority. If the employee's former job is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with and subject to the layoff, recall and break-in-service provisions of this Agreement.

Bargaining unit employees who have completed their first 12 months of employment and who have worked 1,250 hours in the preceding 12 month period shall thereafter be entitled to family and medical leave for a period of up to twelve (12) work weeks

Any employee desiring to take leave under this Section shall provide reasonable advance notice to the employer on a form provided by the employer, which form shall be approved by the Union. Reasonable advance notice shall be no less than ten (10) days; and where advance notice cannot be provided, the employee shall provide notice within 48 hours after the employee is able to do so. Failure to provide the notice provided for in this Section shall not affect the validity of the leave where the employer has actual notice. Act, including its rules and regulations. Employees shall have a right to return to their regular assignment and location.

After the first year, such medical leaves shall be extended in up to one-year segments. Employees on medical leaves of absence shall return to work promptly after their doctor releases them to return to work.

Employees who return from said medical leaves of absence promptly after their doctor's release within one year shall be reinstated to their former job classification if it is vacant or if it is then occupied by an employee of lower seniority. While on such leave to employee shall not incur a break in continuous service. An employee on said leave of absence shall not be eligible for any benefits as an employee.

Employees who return from Union leaves of absence shall have the same rights as employees who return from medical leaves of absence.

Union Pension Fund Trustees who have been duly elected and/or appointed to a City/Municipal Pension Fund (including but not limited to the Municipal and Laborers' Funds) shall be

granted leave without loss of pay to attend Pension Fund Trustee meetings that take place during their regularly scheduled shift.

Section 10.9 Paid Parental Leave

An employee wishing to take paid parental leave must apply and be eligible for Family Medical Leave Act (FMLA) leave. An employee is eligible for FMLA leave if he or she has been employed by the City for at least twelve (12) months before taking the leave and has worked at least 1250 hours during the 12-month period prior to the leave. Eligible employees may be granted the following paid parental leaves, in conjunction with and as part of an approved FMLA leave:

- Up to four (4) weeks paid maternity leave to a birth mother to recover from a non-surgical delivery; or

Notwithstanding any other provision of this agreement, paid parental leave shall be granted only as part of an approved FMLA leave and may not be used as intermittent leave.

ARTICLE 11
DISCIPLINE AND GRIEVANCE/ARBITRATION

Section 11.1

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union. Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the

Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearing, provided that said employee shall be guaranteed, upon request, a full hearing before said Board, in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has 7 days from receipt of the notice to appeal. If the employee does not file an appeal within the 7-day appeal period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30-day notice period and the employee shall remain on the payroll for the full notice period, except if prior to completion of the 30-day notice period (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event may the employee require the Employer to retain the employee on the payroll beyond the 30-day period. The Union shall have the right to have its representatives present at either of the Board(s) or the grievance procedure, including arbitration, and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written

reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that he/she is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the employee's immediate supervisor shall meet with the employee and notify him/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy this Section 11.1 shall not in and of itself result in a reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a stating of the reasons therefore. The employee shall initial a copy, noting receipt

only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not to exceed eighteen (18) months and shall thereafter not be used as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not use said record of the discipline action against the employee, or in the case of promotions or transfers.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is the subject of the disciplinary investigation of the pendency of the investigation and its subject matter, within 30 calendar days of the employer being made aware of the alleged rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include indictable criminal offenses, gross insubordination, residency issues, or drug and alcohol violations. Thereafter, the employee shall be granted a predisciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police Board is reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this agreement.

Section 11.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1 Within 5 working days after an employee receives written notice of any proposed disciplinary action, including a suspension for ten (10) days or less which is not appealable to the Personnel or Police Board, or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the written request of the Union, the Employer shall conduct a meeting with the Union and employee. Discipline shall be administered as soon as possible after the Employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary

action is taken after the meeting or further investigation, the employer may request in writing to the department head for review of the said disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days of receipt of written notice of discipline. Said review form shall be printed on the back of attached to the notice of discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2 Within three (3) working days or any mutually agreed upon extension after the department head or designee receives the employee's request for review, the department head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and Union representative, if any, will be heard and provided the opportunity to ask questions. The department head or designee shall render a written decision within two (2) working days of the meeting, except where both parties agree a further investigation is required. The absence of such agreement or failure to decide and communicate such decision will result in automatic

advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3 Where further investigation is agreed upon, a second meeting shall be held between the department head or designee and the employee and the Union representative to discuss the results of the investigation. Said meeting shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The department head or designee shall render a written decision within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4 If the matter is not settled in Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedure for arbitration shall be the same as in 11.3, Step III.

Section 11.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 11.1 and 11.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of automatic advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the

problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - IMMEDIATE SUPERVISOR

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the Union in writing of the decision.

Step II

A. If the grievance is not settled at the Step I, the Union Representative and/or the employee shall have

the right to make an appeal in writing to the Department Head or the Department Head's designee within seven (7) working days after the date of receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head's designee shall be posted for employees in areas where employee notices are normally posted and submitted to the Union. Failure to post and so notify the Union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or the Department Head's designee shall have the requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and

discussion would be beneficial. Nothing in this paragraph shall be construed to relieve the City and the Union from their obligations to otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second Step, the Union or the Employer may request final and binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one employee, it may be presented by a single selected

employee representative of the group or class. A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following instructions or orders the employee does not waive his/her right to process the grievance. Refusal to follow instructions or orders shall be cause for discipline.

Step III - ARBITRATION

If the matter is not settled in Step II the Union or the Employer, but not an individual employee or employees, may submit the dispute to arbitration by serving a written request to arbitrate to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief

requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must

be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party.

Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this Agreement shall be the sole source of any rights which either party may assert in arbitration. Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the

evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. ADVANCED GRIEVANCE STEP FILING

Certain issues which by nature are not capable of being settled at a preliminary step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps, or which the Union believes which would be resolved more expeditiously, may be filed at the option of the grievant/Union at Step II.

B. PERTINENT WITNESSES AND INFORMATION

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance under consideration. Such request shall not be unreasonably denied, and if granted shall be in conformance with applicable laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union representative, a grievant, and Union steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient

operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone, to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator from a group of arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the

parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-established hearing date per month for the arbitration of grievances.

Section 11.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be

questioned by, any non-governmental agency relating to any matter or issue under investigation.

K. The results of a polygraph examination shall not be used against an employee in any forum adverse to the employee's interests. The Employer will not require a polygraph examination if it is illegal to do so. If an employee is asked to take a polygraph examination, he/she will be advised in writing 24 hours prior to the administration of the examination. The results of any polygraph examination shall be known to the employee within one week.

L. This Section shall not apply to employee witnesses.

M. The identity of an employee under investigation shall not be made available to the media during the course of an investigation until charges are filed by the Employer and the employee has the opportunity to respond thereto. If an employee is exonerated after the City initially informed the media of the charges against the employee, the City will make that fact available to the media where the employee requests it.

N. In the event that disciplinary action is taken against an employee, any allegations of violations of this Section shall be heard in connection with, and in the same forum as, grievances which protest said disciplinary action, except as provided in paragraph

O(2) below. If no disciplinary action is brought against the employee following the conclusion of the Inspector General's investigation, no grievance concerning the conduct of the investigation shall exist.

O. (1) Any evidence or information including employee statements that is obtained in violation of the rights enumerated in this Section, shall be suppressed and shall not be used by the Employer for any disciplinary action against the employee, or in the case of promotions or transfers.

(2)(a) Notwithstanding the provisions of paragraph N above, at the option of the Union, a claim that the Inspector General has violated the provisions of this Section may be raised in a suppression hearing before a member of the permanent hearing panel listed herein, rather than in the disciplinary hearing as required in paragraph N above.

(2)(b)(1) The Union may exercise this option by notifying the employee's Department Head and the Employer's Law Department in writing not later than ten (10) calendar days before an arbitration or the Personnel or Police Board hearing, in accordance with the foregoing provisions of this Agreement. The appeal shall specify the particular contract provisions

allegedly violated, together with a factual summary of the conduct alleged to have violated the Agreement. It is understood that by exercising this option, any and all time limits set forth in Chapter 2-74-060 of the Municipal Code of the City of Chicago regarding the Personnel Board hearing shall be tolled until the arbitrator renders a decision as provided below.

(2) Upon receipt of said notice, the parties will select in order of rotation one of the three permanent hearing panel members who are chosen as follows. To be eligible for service on this panel, members must be willing to convene a suppression hearing within thirty (30) days of receiving notice of his or her selection. To select the initial panel, or should any member of the panel resign or be removed upon mutual agreement of the parties during the life of this Agreement, the parties will meet to reach agreement on new panel member who must be an arbitrator listed with the Federal Mediation and Conciliation Service. If no agreement can be reached, the Employer will request a panel of seven (7) arbitrators from FMCS, all of whom must be members of the National Academy of Arbitrators. Thereafter, the parties will meet to strike names from the list, with

the Employer striking first, until one name remains, which person shall be named to the panel.

2(c) The suppression hearing shall be convened within thirty (30) calendar days of the selection of the panel member, or at such other time as the parties may mutually agree. The arbitrator's jurisdiction shall be limited to determining if the Inspector General obtained evidence or statements in violation of paragraph O(1) above, and if such evidence should be suppressed. The arbitrator shall have no authority to rule on the merits of any underlying discipline or take any other action beyond that specifically set forth in this subparagraph.

2(d) The panel member shall render an expedited decision which shall be final and binding upon the parties. It shall not be subject to collateral attack in any further disciplinary proceeding involving the employee in question.

P. Notwithstanding any other provision in this Section to the contrary, no interview by the Inspector General will be conducted at a police station or other correctional facility unless the employee works at the police station or correctional facility, or if the employee has been incarcerated for more than 72 hours.

ARTICLE 12
NO STRIKES-NO LOCKOUT

Section 12.1 No Strikes

The Union agrees that during the life of this Agreement, there shall be no strikes (including, but not limited to sympathy strikes and strikes to protect union or third party conduct), work stoppages, slowdowns, picketing, delays of work of any kind.

Section 12.2 Union Efforts

The Union agrees that it will use its best efforts to prevent any acts forbidden in this Article and that in the event any such acts take place or are engaged in by any employee or group of employees in the Union's bargaining unit, the Union further agrees it will use its best efforts to cause an immediate cessation thereof. If the Union immediately takes all necessary steps in good faith to end any stoppages, strikes, picketing, intentional slowdown or suspension of work, including: (a) publicly disclaiming such action as not called or sanctioned by the Union, and (b) posting notices in conspicuous places which notify involved employees that the action was not called or sanctioned by the Union, in addition to instructing employees to immediately cease such activity, the Employer agrees that it will not bring action against the Union to establish responsibility for such unauthorized conduct.

Section 12.3 Discipline

The Employer may terminate the employment of or otherwise discipline any employee or employees who have been found to have engaged in any act forbidden in this Article.

Section 12.4 No Lock Out

The Employer will not lock out bargaining unit employees during the term of this Agreement.

ARTICLE 13
DUES CHECK-OFF AND FAIR SHARE

Section 13.1 Indemnification/Authorization

The Employer, upon receipt of a validly executed written authorization card, shall deduct Union dues and initiation fees from the payroll checks of all employees so authorizing the deduction in an amount certified by the Union, and shall remit such deductions on a semi-monthly basis to the Union. Authorization for such deduction shall be irrevocable unless revoked by written notice to the Employer and the Union during the fifteen (15) day period prior to the expiration of this Agreement. The Union shall indemnify, defend and hold the Employer harmless against any and all claims, demands, suits or other forms of liability, including damages, attorney's fees and court and other costs, that shall arise out of, or by reason of action taken or not taken by the Employer for the purpose of complying with Sections 13.1, 13.2, 13.3, and 13.4 of this Article, or in reliance on any list, notice, certification or assignment furnished under any such provisions or in reliance upon employee payroll deduction authorization cards submitted by the Union to the Employer.

The City and Coalition Unions will create a committee to review and explore the feasibility of using electronic records and/or electronic signatures consistent with state and federal law which allows the City and the Union to use electronic

authorization to verify union membership and/or authorize voluntary deduction of Union dues and fees from wages or payments for remittance to the Union.

The Employer shall provide to the Union within thirty (30) days name, address, classification, rate of salary and starting date of any new employee hired into the Union's bargaining unit.

Section 13.2 Fair Share

It is further agreed that 30 days after the later of the execution of the Agreement or the employee's date of hire, the Employer shall deduct from the earnings of employees who are not members of the Union, a monthly amount as certified by the Union and shall remit such deductions to the Union at the same time that the dues check-off is remitted. It is understood that the amount of deductions from said non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment.

Section 13.3 Right of Non-Association

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

Section 13.4 Condition of Employment

Each employee who on the effective date of this Agreement is a member of the Union, and each employee who becomes a member after that date, shall, as a condition of employment, maintain his/her membership in the Union during the term of this Agreement.

Any present employee who is not a member of the Union shall, as a condition of employment, be required to pay a fair share (not to exceed the amount of Union dues) of the cost of the collective bargaining process and contract administration. All employees hired on or after the effective date of this Agreement and who have not made application for membership shall be required, 30 days after the later of the execution of this Agreement or their hire date, to pay a fair share of the cost of the collective bargaining process and contract administration and pursuing matters affecting wages, hours and other conditions of employment.

ARTICLE 14
MISCELLANEOUS

Section 14.1 Job Titles

The Employer will notify the Union of any change in job title. If the Employer makes any substantial change in job duties it will discuss such changes with the Union prior thereto. If the Employer changes a job title without substantially changing the duties of the job, the Union will retain its existing jurisdiction over the new job title. The Employer will not permanently assign bargaining unit work to the

jurisdiction of another bargaining unit without the mutual agreement of the unions involved.

Section 14.2 Traditional Work

Any work which has been traditionally performed by employees who are represented by the Union shall continue to be performed by said employees, except where non-unit employees have in the past performed unit work, or in emergencies, to train or instruct employees, to do layout, demonstration, experimental, or testing duties, to do troubleshooting or where special knowledge is required, provided however, where employees do not report to work because of vacations, or other absences or tardiness, or for personal reasons during the course of the day, or because all of the employees are or will be occupied with assigned duties, or to complete a rush assignment, employees of any other unit represented by another Union shall not perform the work of said employees. For example, if a Sign Painter is on vacation, a Clerk shall not be assigned as a replacement Sign Painter. The Employer shall not arbitrarily extend the period of any emergency beyond the need for that emergency.

Notwithstanding the foregoing, it is understood that it shall not be a violation of this Agreement if the following functions are performed by members of management, regardless of whether they are also performed by the bargaining unit: (a) crew assignment and scheduling; (b) work inspection; (c) discipline; (d) ordering of equipment and materials from vendors. Nothing herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the

City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 14.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 11 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that

claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 11 of this Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

Section 14.4 Deferred Compensation

The Employer's policy which is in effect at the execution of this Agreement, pertaining to deferred compensation, shall be afforded to all employees of the Employer without change during the term of this Agreement.

The Employer will make contributions, on a dollar-for-dollar basis, under a 401(a)Plan (or any similar successor plan agreed to by Coalition Unions) up to the maximum total amounts per year shown below based on amounts deferred by each employee in those same years to the employee's 457 Plan, as follows:

a. January 1, 2020 - up to $250 per year

b. January 1, 2021 - up to $250 per year

c. January 1, 2022 - up to $500 per year

The City shall advise the unions, at least semi-annually, of the total contributions it has made.

The City agrees to provide representatives from Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Such information to be provided will include, but not be limited to, a census for the current non-Medicare retirees including the birthdate, gender, coverage tier (single, couple, family, etc.), and zip code of residence, as

well as the claims information and enrollment counts for the last three (3) years. The Unions agree to execute any appropriate confidentiality agreements necessary for the release of such information. The parties understand and agree that the identity of any specific individual will not be ascertainable from the information supplied.

Section 14.5 Rules of Conduct Changes

When the Employer proposes to initiate reasonable changes or additions to its rules of conduct, which could subject Employees to discipline, the Employer shall transmit four (4) copies of the proposed changes or additions to the Union. The Union will consider the proposals, and upon request, the Employer will meet with the Union within twenty (20) calendar days of the receipt of the proposals to receive the Union's comments. Absent an emergency, the Employer will not implement its proposed changes or additions until the Union has had a reasonable opportunity to present its views and discuss the proposals with the Employer. No such changes or additions shall be implemented without prior publication and notice to the affected employees.

Section 14.6 Safety

(a) The Employer shall provide a safe and healthful working environment for employees covered by this agreement including in accordance with applicable federal and state occupational safety and health laws, and shall maintain in good and safe working

condition all equipment necessary for the safe and proper performance of the job.

(b) In furtherance of those efforts, a joint safety committee shall be established which shall be composed of six (6) representatives of the Union Coalition and six (6) representatives of the Employer. The purpose of the committee shall be to discuss, examine and to make recommendations concerning occupational safety and health issues affecting employees. All recommendations of the committee with respect to safety and health issues shall be submitted in writing to the appropriate Department Head with a copy to the Union and the Director of Labor Relations. The Department Head shall promptly issue a written response to the committee concerning the Department's views regarding the committee's recommendations.

The parties may decide, from time to time, to refer certain safety issues and concerns to the personnel of the affected Department(s) responsible for safety matters and Union representatives of the affected employee(s). The Department safety personnel will meet and confer with a representative of the affected Union about such issues and report back to the Committee on any decisions or recommendations concerning them.

(c) The joint safety committee shall meet at least once a month, or otherwise by mutual agreement.

(d) The parties agree and understand that if an employee is faced with an unsafe working condition, the employee is required to perform the task in question unless the employee's performance of an assigned task presents the strong likelihood

of subjecting the employee to imminent danger of death or serious injury. If the employee, with no reasonable alternative, refuses in good faith to perform that task and expose himself to that dangerous condition, the employee will not be subject to discipline. In order to avoid discipline under this paragraph, the condition must be of such a nature that a reasonable person, under the circumstances, would conclude that there is a real, substantial, and imminent danger of death or serious injury. In addition, the employee must also have sought from the Employer, and have been unable to obtain, correction of the situation before refusing to perform the task in question.

Section 14.7 Information to Union

The Employer will provide to the Union **Bargaining Unit, Dues and Hours reports for its bargaining unit employees, which will contain, at the minimum, the following information:**

- **Payroll period**
- **Payroll Number**
- **Employee number**
- **Name**
- **Title code**
- **Overtime dollar amount per pay period**
- **Gross pay per pay period**
- **Contact information (i.e. address, phone, email, if available)**
- **Date of hire and continuous service date**
- **Base hourly rate**

This information will be sent or provided to the Union electronically following the conclusion of each pay period. To ensure the safety and security of the information the City will make a secured transfer protocol (SFTP) available to the Union to receive the information. ~~on a monthly basis a bargaining unit report of current active employees, the list to include employee name, address, social security number, title, pay schedule, grade, current pay rate, status, continuous service date, time in title, date of birth, race and sex.~~

~~The Employer shall also provide to the Union on a monthly basis a bargaining unit activity report of current active employees that will list Career Service Retirements; Career Service Resignations; Career Service Discharges; Non-Career Service Terminations; Leaves of Absence; Suspensions; Reinstatements; Reappointments; Transfers (change of department and change of payroll); Appointments (which also includes promotions and demotions); and Deaths.~~

~~Each month the Employer will provide to the Union the current month's bargaining unit activity report and the updated report from the previous month.~~

Section 14.8 Subcontracting

The Employer shall not contract or subcontract out bargaining unit work to any person, contractor or employer who is not in compliance with the area standards established under and pursuant to the formula used by the United States Department of Labor in administering the Davis-Bacon Act. Notice of any

such contracting or subcontracting shall be given to the Union at least thirty (30) days prior to its effective date. The notice shall be in writing and shall contain the name and address of the party who will perform the work, a description of the work to be performed and any other relevant data to enable the Union to determine compliance with this Section. In the event such party is determined not to be in compliance with the said area standards, the Employer shall withhold payouts and shall not contract or subcontract further with any such party until the Union and the Employer receive a written and enforceable assurance of compliance.

In the event that the Employer determines to subcontract unit work under this Agreement, and as a result bargaining unit employees would be laid off by the proposed subcontracting, the Employer shall make available, on a seniority basis, equal-rated permanent jobs which the Employer has declared to be vacant in the affected Department, or other departments, as the case may be, in that order, provided the laid off employees have the then present ability to perform the required work without further training. However, the employee shall be provided with a reasonable amount of orientation to allow him or her to perform the work.

Prior to sub-contracting of bargaining unit work, the Employer, the Union, and the proposed sub-contractor shall meet to discuss the employment of employees subject to layoff. During that meeting the Employer will request and urge that the sub-contractor hire laid off employees.

Section 14.9 Automobile Reimbursement

Employees who are required by the Employer to use their own automobiles in the performance of their job shall receive mileage reimbursement at the then effective rate recognized by the Internal Revenue Service, with a maximum of $250 per month. On the effective date of this Agreement, following its ratification by all parties, the maximum reimbursement will increase to $350.00 per month. Effective February 1, 2008, the maximum reimbursement will increase to $450.00 per month. Effective February 1, 2009, the maximum reimbursement will increase to $550.00 per month. Thereafter, the maximum reimbursement will increase effective each February 1 by the percentage increase in the Transportation Expenditure Category of the Consumer Price Index for All Urban Consumers (CPI-U): U.S. City Average for the previous year, as rounded to the nearest $5 increment. Employees seeking mileage reimbursement must submit that request on a form provided by the Employer. Payment for mileage expenses will be made on a monthly basis. In the event that during the life of this Agreement the Employer shall implement for any group of employees an automobile expense reimbursement program which is more favorable to employees than the provisions of this paragraph, upon notice from the Union, the Employer will meet and discuss with representatives of the Union the possible application of said new program to employees covered by this Agreement.

Upon request by either party made no earlier than January 1, 2010, the parties shall meet to discuss any proposed changes to this Section 14.9.

Section 14.10 Filling of Permanent Vacancies

The Employer shall determine if there is a permanent vacancy to be filled, and at any time before said vacancy is filled, whether or not said vacancy shall be filled.

The Employer will post ~~vacancy~~ **vacancies electronically on the City of Chicago CAREERS website. A copy of the posting will be provided to the Union at least 72 hours prior to the electronic posting. Said vacancies shall be posted** ~~announcements~~ for fourteen (14) days **on the CAREERS WEBSITE. The posting shall contain at least the following information: job title, qualifications, days off, shift, hours, work location, if known, and the rate of pay. The posting shall also identify the number of positions to be filled. If the number to be filled changes, the Employer shall promptly notify. Prior to the commencement of the selection process, the employer will provide the Union with a list of qualified bidders**~~., and provide the Union with a copy of the announcement at the time it is posted.~~

Qualified bargaining unit employees shall be given an opportunity to bid on permanent vacancies declared by the Employer. In making selections, the Employer shall give preference to bargaining unit applicants over non-bargaining

unit applicants, except where non-bargaining unit applicants have demonstrably greater skill and ability to perform the work. In making a selection between two or more bargaining unit applicants who are equally qualified, the Employer shall select the most senior bidder. For purposes of this Section, seniority shall be determined by the employee's service in the employee's current job title (time-in-title) City-wide.

Prior to notifying the successful bidder/applicant, the Employer shall give the Union a list of bidders identifying, where applicable, the successful bidder(s). Upon request, the Employer shall schedule a meeting with the Union to review the selection process, including the reasons for selection and rejection of bidders. This meeting shall include a review and discussion of documents such as the referral list, employment decision form, hiring information summary, and hiring criteria rating form. If requested, the Employer will furnish copies of such documents to the Union. Bidders who are not selected shall be so notifies by the Department Head and information of the reason for non-selection.

The successful bidder for any job under this Section shall have an evaluation period, not to exceed sixty (60) days, to demonstrate that he or she can perform the job. If the Employer has just cause based upon the employee's job performance at any time during that period to believe that the successful bidder cannot perform the job, then the successful bidder shall be

returned to the job he/she held just prior to the awarding of the bid, displacing, if necessary, any employee who has been placed into said job.

Section 14.11 Fitness for Duty

If the Employer observes and has reasonable cause to believe the employee has a medical condition or significant limitation that prevents the employee from being able to perform the essential duties of the position, an employee may be sent for a Fitness for Duty examination at the Employer's sole expense.

If the examination results in a determination that the employee is unfit for duty and the employee's physician certified that the employee is fit for duty, the employee may elect or Employer may require the employee, at the Employer's sole expense, to be subject to an independent medical examination ("IME") to determine if the employee is fit for duty. The Union shall select an examining independent physician who will conduct the IME from a list of at least three physicians with the appropriate medical specialty who have successfully completed the City's procurement process and are on a list of approved vendors. The determination of the independent physician and the IME shall be final and binding. The Employee shall execute all HIPAA waivers and other forms necessary in order to permit access to all medical records related to his/her condition, and the City shall agree to secure

and maintain the confidential nature of all medical records obtained through the process.

ARTICLE 15
LAYOFFS & RECALL

Section 15.1 Layoffs/Recall

Probationary employees with more than 90 days of service shall be laid-off first. Thereafter, the least senior employee in the affected job classification at the work location shall be laid-off first, provided the ability, qualifications to perform the required work, and the employee's job performance are equal among the other employees in the job at the work location. "Seniority" shall mean, for purposes of this Section, the employee's service in the job title (time-in-title).

A laid-off employee may displace (bump) the least senior employee, if any, in the most recent lower job title the employee to be laid off has held at the work location, provided the employee to be laid off has the then present ability to perform the job to the Employer's satisfaction without further training.

Employees shall be recalled in the reverse order they were laid off.

Section 15.2 Notice of Layoff

The Union and employees (except probationary employees with less than 90 days of service) shall be provided with at least 14 days advance notice of a layoff, except in emergencies beyond the control of the Employer, in which event, such notice shall be given as soon as reasonably possible after the Employer knows. Such notice shall contain the name, position

classification, department, work location, if available in the Employer's records, and seniority date of each employee scheduled to be laid off.

ARTICLE 16
SEPARABILITY

Section 16.1

In the event any of the provisions of this Agreement shall be or become invalid or unenforceable by reason of any Federal or State Law or Local Ordinance now existing or hereinafter enacted, such invalidity or unenforceability shall not affect the remainder of the provisions hereof. The parties agree to meet and adopt revised provisions which would be in conformity with the law.

ARTICLE 17
UNION REPRESENTATION

Section 17.1 Union Stewards

The Union will advise the Employer in writing, of the names of the Stewards in each department or area agreed upon with the Employer and shall notify the Employer promptly of any changes.

Stewards will be permitted to handle and process grievances referred by employees at the appropriate steps of the grievance procedure during normal hours, without the loss of pay, provided that such activity shall not exceed a reasonable period of time, or unreasonably interrupt the work of employees. Stewards shall notify their immediate supervisors in advance of their intention to handle and process grievances. Supervisors may not unreasonably withhold permission to the stewards to engage in such activities.

Employees acting as Union Stewards shall not be discriminated against nor be transferred from their job classifications or departments because of their activities on behalf of the Union. Any transfers of Union Stewards from their job classifications or departments, other than in an emergency, will be discussed with the Union in advance of any such transfers.

Section 17.2 Union Rights

The Union shall have the right and responsibility to represent the interests of all employees in the Unit, to present its views to the City on matters of concern, either orally or in writing, and to consult and be consulted with, in respect to the formulation, development and implementation of policies and programs affecting working conditions.

Section 17.3 Right of Access

Duly authorized Officials of the Union will be permitted during normal working hours, to enter Employer facilities for purposes of handling grievances or observing conditions under which employees are working. The Union will not abuse this privilege, and such right of entry shall be consistent with current practices, and shall at all times be conducted in a manner so as not to interfere with normal operations. The Employer may be able to change or set rules of access, provided that any change in current practices must be reasonable and subject to the grievance procedure.

ARTICLE 18
DRUG AND ALCOHOL PROGRAM

Section 18.1 Policy Statement

The City of Chicago's essential mission is to provide services to its citizens in a safe and economic manner. The parties to this Agreement recognize that drug and alcohol abuse in the workplace has a deleterious effect on the health and safety of employees, as well as their morale and productivity, all of which creates an undue burden on the persons which the City and the employees covered by this Agreement serve. Furthermore, the economic cost of providing health care services to employees who abuse drugs and alcohol has put an increasing burden on the City's finances.

The Employer and the Union maintain a strong commitment to protect people and property, and to provide a safe working environment. To this end, the employer has also established its confidential Employee Assistance Program for employees with personal problems, including alcohol and substance abuse, and the parties to this Agreement urge employees who have such problems who utilize the Program's services.

To maintain a workplace which provides a safe and health work environment for all employees, the following drug and alcohol program is also established.

Section 18.2 Definitions

(a) Alcohol: Ethyl alcohol

(b) Prohibited Items & Substances: all illegal drugs and controlled substances, alcoholic beverages, and drug

paraphernalia in the possession of, or being used by, an employee on the job or the premises of the Employer.

(c) Employer Premises: all property, facilities, land, buildings, structures, automobiles, trucks and other vehicles owned, leased or used by the Employer on job sites or work locations and over which the Employer has authority as employer.

(d) Employee: all persons covered by this Agreement.

(e) Accident: an event resulting in injury to a person requiring medical attention or causing significant damage to property to which an employee contributed as a direct or indirect cause.

(f) Reasonable Cause: erratic or unusual behavior by an employee, including but not limited to noticeable imbalance, incoherence and disorientation, which would lead a person of ordinary sensibilities to conclude that the employee is under the influence of drugs and/or alcohol.

(g) Under the Influence: any mental, emotional, sensory or physical impairment due to the use of drugs or alcohol.

(h) Test: the taking and analysis of any body component sample, whether by blood, breath, urine, or in any other scientifically reliable manner, for the purpose of identifying, measuring or quantifying the presence or absence of drugs, alcohol or any metabolite thereof.

Section 18.3 Disciplinary Action

(a) All employees must report to work in a physical condition that will enable them to perform their jobs in a safe manner. Further, employees shall not use, possess, dispense or

receive prohibited items or substances on or at the Employer's premises, nor shall they report to work under the influence of drugs and/or alcohol.

(b) When, based upon the direct observation of two supervisors, the Employer has reasonable cause to believe that an employee is under the influence of a prohibited substance, the Employer shall have the right to subject that employee to a drug and alcohol test. At the Employer's discretion, the employee may be placed on administrative leave with pay until test results are available. If the test results prove negative, the employee shall be reinstated. In other cases, the Employer will terminate all employees who:

i) test positive for drug and/or alcohol use;

ii) refuse to cooperate with testing procedures;

iii) are found to be under the influence of drugs or alcohol while on duty and on the Employer's premises.

(iv) are found in possession of alcohol, drugs or drug paraphernalia, or are found selling or distributing drugs or drug paraphernalia, on the Employer's premises.

(c) All adverse employment action taken against an employee under this program shall be subject to the grievance and arbitration procedures of this Agreement.

Section 18.4 Drug and Alcohol Testing

(a) The Employer may require drug and/or alcohol testing under the following conditions:

(i) a test may be administered in the event that two supervisors have reasonable cause to believe that an employee

has reported to work under the influence of or is at work under the influence of drugs or alcohol.

(ii) a test may be required if an employee is involved in a workplace accident or fighting;

(iii) a test may be required as part of a follow-up to counseling or rehabilitation for substance abuse for up to a one year period.

(b) Employees to be tested will be required to sign a consent form and chain of custody form, assuring proper documentation and accuracy. If an employee refuses to sign a consent from authorizing the test, he or she will be subject to termination.

(c) Drug and alcohol testing will be conducted by an independent laboratory accredited by NIDA or any successor agency, and may consist of either blood or urine tests, or both. The Employer reserves the right to utilize a breathalyzer to test for the presence of alcohol, in lieu of other clinical testing.

(d) Laboratory testing procedures will conform to the procedures specified in the NIDA guidelines for federal workplace drug testing programs, dated April 11, 1988 and as may be amended hereafter by the relevant agency of the Department of Health and Human Services.

(e) Initial and confirmatory test results which meet or exceed the cutoff levels for drugs set forth in the NIDA guidelines (and as they may be amended) shall be regarded as

"positive," and shall presumptively establish that the tested employee was under the influence of drugs.

(f) Initial and confirmatory (or breathalyzer) test results which meet or exceed the level of blood alcohol established in the Illinois Motor Vehicle Act as legal intoxication shall presumptively establish that the tested employee was under the influence of alcohol.

(g) The cost of initial and confirmatory testing will be borne by the Employer.

(h) Drug and alcohol test results shall be reported to the Commissioner of Personnel or his designee in the manner to be prescribed by the Commissioner. The applicant or incumbent shall be notified of the test results in writing. The Commissioner will inform the applicable department head of any employee who tests positive for alcohol or drugs, who in turn will initiate disciplinary proceedings under Section 18.3 above.

(i) All urine or blood samples shall be taken in sufficient quantity as to allow for retesting. Any portion not used in the test will be preserved by scientifically reliable means for one (1) year following the test. Any employee whose test result is positive may elect, at his or her expense, to retested by the same or other laboratory satisfactory to the Commissioner of Personnel, provided that the Employer's testing laboratory shall arrange for transmitting said sample to the second laboratory. Positive results of said retesting shall be conclusive as to the presence of alcohol or drugs. The failure to take a sufficient sample, or to preserve such sample, to

allow for retesting, shall not affect the removal from eligibility of an applicant or personnel action, including discharge, of any employee.

(j) No laboratory report or test results shall appear in the incumbent's personnel file unless they are part of a personnel action under this program, but shall be placed in a special locked file maintained by the Commissioner of Personnel, except as such disclosure may be required by this policy, law or ordinance.

Section 18.5 Employee Assistance Program

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary matter and may participate if they wish in the voluntary Employee Assistance Program.

ARTICLE 19

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Apprenticeship and Training Program Initiative ("Initiative") in conjunction with certain third parties including, but without limitation, the Chicago Public Schools ("CPS"), the City Colleges of Chicago ("City Colleges") and External Contractors. The purpose of the Initiative is to increase the opportunities for participation of graduates of CPS and/or City Colleges in Union apprenticeship and training programs and to provide expanded post-

apprenticeship and training employment opportunities for such graduates. In conjunction with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago, the Parties shall enter into a supplemental memorandum of understanding regarding the structure, implementation, monitoring and enforcement of this Initiative. Said memorandum shall be attached to this Agreement as Appendix D.

Section 19.2

The Initiative shall generally include the following:

a. A commitment by each Coalition Union to establish or otherwise expand available apprenticeship and training opportunities; a commitment by the Coalition to fill at least 100 apprenticeship slots across Coalition Unions with CPS students, graduates or former students with a GED and/or City College students and graduates by June 30 of each year of this Agreement.

b. A commitment by the Coalition and the City to collaborate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to prepare CPS and City Colleges students to enter Union apprenticeship and training programs. In particular, the Coalition and the City will cooperate with the Chicago Public Schools, City Colleges of Chicago and External Contractors to publicize available building and trades apprenticeship and training programs and subsequent careers; to consider establishing

training programs as appropriate; and to expand post-apprenticeship and training employment opportunities.

c. The Parties shall appoint a Chair and an Auditor to oversee this Initiative and ensure that the parties take appropriate steps to fulfill the commitments set forth in this Article and supplemental memorandum attached hereto.

ARTICLE 20
RATIFICATION AND TERMINATION

The terms of this Agreement shall be subject to ratification by the City Council of the City of Chicago and concurrent adoption in ordinance form. The Employer and the Union will cooperate to secure this legislative approval.

This Agreement shall be effective as of said date of ratification by the City Council and shall remain in full force and effect from said date to June 30, ~~2017~~ **2022**, both inclusive. Thereafter, it shall automatically renew itself from year to year unless at least 60 days and not more than 120 days prior to the termination date or anniversary thereof, either party gives written notice to the other by Certified Mail, return receipt requested, of a desire to amend, add to, subtract from, or terminate this Agreement.

In the event such notice of a desire to amend, add to, or subtract from the terms of this Agreement is given the parties shall, within a reasonable time thereafter, enter into negotiations concerning the request. If the parties are unable

to agree upon a successor agreement before the 30th day of June following the date on which notice was given, this Agreement shall expire on such 30th day of June unless both parties agree to extend this Agreement. The notices referred to shall be considered to have been given as of the date shown on the postmark, written notices may be tendered in person, in which case the date of notice shall be the written date or receipt.

This Agreement constitutes the entire contract between the Employer and the Union and settles all demands and issues with respect to all matters subject to collective bargaining. The Employer and the Union, therefore, voluntarily waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any matter which is subject to collective bargaining whether or not such matter is specifically referred to herein, and even though such matter may not have been within the knowledge or contemplation of the parties at the time this Agreement was negotiated or signed.

In the event the City of Chicago agrees to or authorizes additional vacation, holiday or other paid time off, or voluntary unpaid time off with any other bargaining unit (excluding police and/or fire) during the term of this agreement, such additional time off shall be granted to all employees covered by this Agreement.

ARTICLE 21
TERM OF AGREEMENT

This Agreement shall be effective from the date upon which it is ratified by the City Council of the City of Chicago, but no earlier than July 1, ~~2007~~ **2017**, and shall remain in effect through 11:59 p.m. on June 30, ~~2017~~ **2022**.

Health Plan Reopener

Each party reserves the right to reopen this Agreement in order to further negotiate the Health Plan set forth in Article 9 for the following reasons:

- Any change(s) in the applicable law(s), including but not limited to a universal, national or state health care program mandating significant changes in health insurance benefits that becomes law and is effective during the term of this Agreement;
- The lack of achievement of health care cost containment as anticipated by the parties pursuant to the establishment and administration of the Labor-Management Cooperation Committee on health care, as defined below:
  (a) The parties charge the LMCC with the responsibility of approving Plan changes that will result in significant cost containment or savings, as measured by a projected increase of costs for any

individual plan of no more than 8% in Fiscal Year 2009 and each fiscal year thereafter when compared to health care costs in Fiscal Year 2008 and each previous fiscal year thereafter, respectively.

(b) Should the Plan changes approved by the LMCC fail to result in such cost containment or savings as stated in subsection (a) above, the LMCC shall make such adjustments to the Plan as are necessary, including but not limited to adjustments in deductibles, co-pays and co-insurance, to prevent the cost increase from exceeding 8% as measured in subsection (a) above.

(c) Should the plan changes approved by the LMCC fail to achieve cost containment or savings as stated in subsections (a) and (b) above by the end of following fiscal year, either party may elect to reopen negotiations as set forth herein on the following specific topics:

- Health Plan set forth in Article 9;
- Structure of the LMCC;
- Composition of the LMCC;
- Funding of the LMCC.

~~provided, however, each party reserves the right to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9 no later than June 30, 2011 and June 30, 2015, or in the event the City of Chicago is awarded the 2016 Olympic Games, June 30, 2014.~~

(d) The LMCC will continue to work cooperatively in seeking to limit health care costs pursuant to the terms of this Agreement, and the City agrees, for the term of this Agreement, that it will not invoke the 8% trigger provision.

If any one of the foregoing events or conditions occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the Health Plan set forth in Article 9. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.

~~**Non-Prevailing Wage Rate Reopener**~~

~~**Four-Year**: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4.4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a~~

~~then current four-year agreement expiring on June 30, 2011 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by March 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by March 31, 2012.~~

~~**Five-Year**: This Agreement may be reopened to further negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) under Article 4, Section 4.4, in the event that (a) the City notifies the Coalition that it has not reached a successor agreement to a then current five-year agreement expiring on June 30, 2012 regarding an across-the-board percentage increase for other unionized employees in non-prevailing wage rate classifications defined in the "Me Too Clause" by October 31, 2012; or (b) the Coalition notifies the City of its intent to terminate the "Me Too Clause" by October 31, 2012.~~

~~If any one of the foregoing events occurs, either party to this Agreement has thirty (30) days to notify the other party of its intent to reopen this Agreement in order to negotiate the non-prevailing wage rates governing the second five-year term (07/01/2012 to 06/30/2017) set forth in Article 4, Section 4.4. Should either party elect to reopen negotiations pursuant to this provision, it shall submit written notice to the other party and the City shall not be obligated to make the wage~~

~~adjustments set forth in Article 4, Section 4.4. Thereafter, the parties have ninety (90) days within which to reach agreement on the Article. If the parties fail to reach agreement at the conclusion of that ninety (90) day period, each party reserves the right to reopen the entire Agreement.~~

Other Reopener

In the event of an emergency, cataclysmic event or other similar exigency affecting the City's financial condition, each party reserves the right to reopen the entire Agreement.

FOUR 10-HOUR DAY WORKWEEK

Agree to the following in a side letter to this Agreement:

Since the Arbitrator issued his Opinion and Award dated June 21, 2007 in the Matter of Arbitration between the City of Chicago and Laborers Local 1001/Teamsters Local 726 ("Award"), the City and affected Coalition Unions have explored various approaches to resolving their dispute over the scope of the Award and the application of Section 3(a) of the Memorandum of Understanding dated July 18, 2005 entered into between the City and Coalition ("Section 3(a)"). In addition to amending Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek, the parties, in return, have discussed an agreement by the Unions to waive some or all of the monetary make whole remedies directed by the Arbitrator in his Award. Although the City is willing to amend Section 3(a) as requested by the Unions in order to conclude negotiations at the Coalition level, such willingness is contingent on the expectation that the affected Unions will reach agreement with the City to waive some or all of the monetary make whole remedies. Until such an agreement is reached, the affected Unions agree that the City shall not be obligated to implement the monetary make whole remedies in the Award. In addition, if such an agreement is not

reached by December 1, 2007, the parties shall submit the issues of the Unions' proposed amendment to Section 3(a) to reflect the Unions' preferred approach to the four 10-hour workweek and the City's proposed relief from the monetary make whole remedy to an arbitrator for resolution.

Nothing herein shall deprive members of the bargaining unit of the right to perform historical and traditional unit work; nor shall the City lay-off a bargaining unit employee for the purpose of replacing that person with a member of management.

Section 1.3 Jurisdictional Disputes

In the event that the Union files a grievance claiming that the Employer has violated the terms of this Agreement by assigning certain work to City employees represented by another union, or where the Employer receives a grievance from another union protesting the assignment of work to employees covered under this Agreement, the Employer shall serve written notice to the Union, and on the other affected union(s), of the existence of said dispute. This notice shall describe the nature of the work in dispute.

In the event this dispute remains unresolved and is submitted to arbitration, the provisions of Article 8 herein regarding arbitration of grievances shall apply, except that in addition to the Employer and the Union, the other affected union(s) shall have the opportunity to participate in the hearing and to present evidence, but shall not be bound to the

results of that arbitration unless all parties so agree in advance of the hearing.

If the Union shall prevail in said arbitration and is awarded the work in dispute, and if, in that event, the other affected union(s) shall pursue a claim against the Employer that the reassignment of the work in dispute violates the Agreement of that other union, the provisions of this Section shall apply to that claim as well. All parties to the dispute shall have the right to participate in any arbitration hearing of that claim and to present evidence therein. Should the arbitrator in the second proceeding determine that the Employer's reassignment of the work in dispute violates the other union(s)' Agreement, thereby requiring the Employer to comply with two conflicting arbitration decisions as to which of the unions is entitled to perform the disputed work, the following provisions shall apply.

The Employer shall have the right to invoke arbitration of the dispute under the provisions of the grievance and arbitration procedures contained in Article 8 of this Agreement, except that the Union and the other affected union(s) shall select the arbitrator. The Employer, the Union and the other affected union(s) shall be parties to that proceeding, and shall have the right to fully participate in the hearing. During the pendency of this proceeding, the work assignment directed by the first arbitrator shall be followed by the parties. The arbitrator shall have the authority to decide only which of the two conflicting awards shall prevail. The arbitrator's decision shall be based solely upon the prior arbitration awards, the

record before both prior arbitrators, and the traditional work and other relevant provisions of this Agreement and of the collective bargaining agreement of the affected union(s). No other evidence or testimony shall be admitted in that hearing. The decision of the arbitrator in this proceeding shall be final and binding upon all parties to the dispute, and none of the parties to the dispute shall seek review of that award in any other judicial or administrative forum.

Nothing herein shall preclude all parties to the dispute from voluntarily resolving it at any time.

ARTICLE 2
MANAGEMENT RIGHTS

Local Union No. 9 recognizes that certain rights, powers, and responsibilities belong solely to and are exclusively vested in the Employer, except only as they may be subject to a specific and express obligation of this Agreement. Among these rights, powers, and responsibilities, but not wholly inclusive, are all matters concerning or related to the management of the Employer's operations and the administration thereof, and the direction of the working forces, including (but not limited to) the right to suspend, discipline, or discharge for just cause, to layoff by reason of lack of work, by reason of lack of funds or work, or abolition of a position, or material changes in duties or organization of the Employer's operations, or other economic reasons; to hire, classify, transfer and assign work,

promote, demote, or recall; to make and enforce reasonable rules and regulations; to maintain order and efficiency; to schedule the hours of work; to determine the services, processes, and extent of the Employer's operation, the types and quantities of machinery, equipment and materials to be used, the nature, extent, duration, character and method of operation, including (but not limited to) the right to contract out or subcontract; the right to determine the number of employees and how they shall be employed, and the quality and quantity of workmanship and work required to insure maximum efficiency of operations; to establish and enforce fair production standards; and to determine the size, number and location of its departments and facilities. All of the provisions of this Article are vested exclusively in the Employer, except as expressly abridged by a specific provision of this Agreement.

(c) Employees covered by this Agreement including probationary employees shall be entitled to one (1) paid personal day in each year of this Agreement. At the employee's option, the personal day may be scheduled in accordance with the vacation selection procedures set forth in Article 4 of this Agreement. If the employee elects not to schedule said personal day in advance under the vacation selection procedures as provided above, such day shall be designated by the employee and shall not be denied by the Employer. If the employee is required or allowed to work on such designated day, the employee shall receive the appropriate holiday premium rate. An employee may elect to carry over the personal day to the following calendar year provided such carry over shall not exceed five (5) personal days. Employees may not designate such personal day in connection with an existing holiday, Good Friday, or a vacation schedule unless requested by the employee upon ten (10) days written notice and approved by the Employer. New employees who commence work for the Employer after June 30 shall not be

eligible for this personal day until the following calendar year.

(d) The benefits set forth in (a), (b) and (c) above shall be paid provided the employee is in pay status the full scheduled work day immediately preceding and the full scheduled workday immediately following such holiday, or is absent from work on one or both of those days with the Employer's permission, such permission shall not be unreasonably denied.

Section 3.2 Payment for Holiday

If an employee is scheduled to work on any calendar holiday he/she shall be paid at the rate of two and one-half (2 1/2) times (which includes holiday pay) his/her normal hourly rate for all hours worked. When an employee is required to work on any holiday enumerated above, a minimum of four (4) hours of work must be paid. If an hourly paid employee is not required to work on a calendar holiday, such employee shall be paid eight (8) hours at straight time for such holiday.

If a calendar holiday falls on an employee's normal day off, such employee shall receive his/her normal week's pay in addition to eight (8) hours holiday pay at straight time.

All holiday time shall be considered time worked for the purposes of computing overtime, except where the holiday falls on the employee's day off.

Section 3.3 Determining Work Days as Holidays

A holiday is the calendar day running from midnight to midnight. An employee whose work day extends over parts of two (2) calendar days, one of which is a holiday, shall be

considered to have worked on the holiday if the majority of the hours worked fall on the holiday.

Section 3.4 Failure to Report to Work on Scheduled Holiday

If an employee is scheduled to work on a holiday and fails to report to work, the employee shall forfeit his/her right to pay for that holiday unless his/her absence is due to illness, injury, or other emergency.

Section 3.5 Holiday Observance

Except for employees whose regularly scheduled work week includes Saturday and/or Sunday, said holidays which fall on Saturday will be observed the Friday before the holiday; said holidays which fall on Sunday will be observed on the Monday after the holiday. For employees whose regularly scheduled work week includes Saturday and/or Sunday, said holidays which fall on either Saturday or Sunday will be observed on that day.

Whenever said holiday falls during an employee's vacation period, the Employer shall have the option of granting the employee an extra day's pay or an extra day of vacation at a time mutually agreed upon between the employee and the Department Head, provided the employee works the full scheduled work day immediately preceding and the full scheduled work day immediately following such vacation period, unless such absence is for a reason the Employer finds to be valid.

ARTICLE 4
VACATIONS

Section 4.1

Employees shall be eligible for paid vacations as of January 1 of each year following the year in which they were employed. An employee will earn the following amounts of paid vacation, based on such employee's continuous service prior to July 1, following his/her January 1 eligibility:

Continuous Service prior to July 1	Vacation
Less than 6 years	13 days
6 year or more, but less than 14 years	18 days
14 years or more	23 days
after 24 years	24 days
after 25 years	25 days

Section 4.2 Pro Rata Vacations

An employee shall be eligible for pro rata vacation if:

1. The employee did not have twelve (12) months of continuous service in the preceding calendar year and is on the payroll as of January 1 of the current calendar year; or

2. The employee was separated from employment, other than for cause, during a calendar year in which the employee did not have twelve (12) months of continuous service.

The amount of pro rata vacation is determined by dividing the number of months of continuous service the full-time employee worked in the previous/current calendar year, whichever is applicable, by twelve (12); the resulting figure is

multiplied by the amount of paid vacation for which the employee is eligible in Section 4.1 above. Any fraction is rounded off to the nearest whole number of days. Employees separated from employment, other than for cause, will be paid on a supplemental payroll as soon as practicable following the last day worked.

Part-time employees who work at least eighty (80) hours per month earn vacation on a pro rata basis calculated in accordance with the formula used by the Employer in accordance with past practice.

Section 4.3 Forfeit of Vacation All earned vacation leave shall be forfeited unless (1) the employee was denied vacation by the employer, or (2) the employee is on an approved leave of absence, or (3) the employee elects in writing to carry over **vacation days (**up to three **(3)** ~~such~~ ~~vacation~~ days **of accrued and unused vacation days for employees with less than ten (10) years of service, and up to five (5) days of accrued and unused vacation days for employees with ten (10) or more years of service)** for use individually or consecutively during the next vacation year, provided that notice of such election shall be given to the employer before December 15 of the vacation year. **Carry over days shall not count against an employee's maximum number of single use vacation days provided for under this Agreement.** ~~Such~~ carry over vacation days must be scheduled **in the then current year for use in the next year. Cancellation or re-scheduling of carry over**

days shall be controlled by the provisions set forth in the Agreement under Vacation Picks, ~~upon mutual agreement of the employer, which agreement shall not be unreasonably denied or withheld,~~ and such carry over days must be taken on or before ~~April~~ **June** 30 of the next vacation year (or within six (6) months, in the case of an employee's return from an approved leave of absence). **Nothing herein shall limit or prohibit the Employer from allowing the employee to reschedule carry over before June 30th, or approving the rescheduling of carry over days beyond June 30th.** Employees on duty disability shall retain any vacation leave earned prior to being placed on duty disability leave, together with all vacation time earned during the period of duty disability for the twelve (12) months following the date in which the person became disabled, and shall be entitled to use such vacation time within twelve (12) months following their return to work.

Section 4.4

Employees who are terminated for cause are not entitled to any vacation pay not taken. **An employee who resigns in lieu of discharge is entitled to the amount of vacation pay in their bank at the time of resignation.** Employees shall not earn vacation credit for any period during which they are on layoff or leave of absence without pay in excess of thirty (30) days (except where such leave was adjudged eligible for duty disability) or engaged in conduct in violation of Article 9 of

this Agreement. In the event of the death of an eligible employee, the surviving widow, widower or estate shall be entitled to any vacation pay to which the deceased employee was entitled.

Section 4.5

The rate of vacation pay shall be computed by multiplying the employee's straight time hourly rate of pay in effect for the employee's regular job at the time the vacation is being taken, times eight (8) hours per day, times the number of days' vacation to which the employee is entitled. Salaried employees shall receive their regular salary in effect at the time the scheduled vacation is taken.

Section 4.6

Vacation picks will be granted by classification seniority, in time-in-title at work locations, provided however, the Department Head shall have the right to determine the number and scheduling of crews and employees who can be on vacation at any one time without hindering the operation of the Department. The Department will not designate any time or period during the calendar year when eligible employees would be prohibited from scheduling and taking vacation time.

Employees shall make vacation picks at a time and in the manner currently provided for by their Department. The Department will respond to the employees' request for specific vacation dates within a reasonable period of time after the request is made, but not more than fourteen (14) days from the date the request is received by the Department, except in cases

where the request is made for a vacation to be scheduled within fourteen (14) days. The Department will not arbitrarily cancel an approved vacation selection absent a severe emergency situation caused by an act of God (e.g., snow, flood, storms), a severe manpower shortage which may seriously hinder the Department's operations, or where an employee possesses a unique skill indispensable to the immediate performance of a Department's operation. Any such cancellation of the vacation pick shall result in the payment of the vacation pay (thereby reducing the total of the employee's accrued vacation time) plus payment to the employee of the appropriate pay rate for all hours worked as if it were a normal work day, or for a normal work day, whichever is greater, unless the employee voluntarily agrees to reschedule the vacation days lost.

Cancellation of approved vacation requests which would result in serious provable financial loss to an employee shall occur only in the most extreme emergencies. In the event of such cancellation, the Employer will reimburse the employee for reasonable losses incurred as a direct result of the cancellation, (e.g., cost of rescheduling airline tickets, deposit forfeitures, and the like).

~~**Section 4.7**~~

~~Any employee of the City of Chicago hired prior to February 13, 1986 who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Forest Preserve District, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education,~~

~~the City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, the Public Building Commission of Chicago, the Chicago Urban Transportation District, and the Regional Transportation Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided that such service has been continuous service. However, vacation time accrued while working for another public agency is not transferable. Employees hired after February 13, 1986 who render service for any other employer as stated above shall have the right to have their period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacations, provided a majority of other employees of the Employer receive such credit.~~

Section 4.8 Non-Consecutive Vacation Days

Employees may receive up to ~~five~~ **six (6)** of their vacations days one or more day(s) at a time as days off in each year. Such days off shall be scheduled pursuant to Section 7.6 above **(Vacation Selection).** Such day(s) off shall be approved by the employee's supervisor and such approval shall not be unreasonably withheld. If the employee seeks such days so late in the vacation year that the employee's supervisor cannot reasonably grant the employee's request, such days shall be scheduled by the Employer prior to the year-end. **If an employee schedules a week-long vacation and a holiday falls within the**

week (for example, the employee works a Monday - Friday work week and the holiday falls on Tuesday) the vacation days scheduled for the week will be considered consecutive vacation days (for example, Monday will be considered consecutive with Wednesday, Thursday and Friday), and the employee would not be charged with a single, non-consecutive vacation day (VVF). Furthermore, if an employee schedules two (2) or more vacation days on either side of his/her regularly scheduled days off and then schedules a single vacation day on the opposite side of the regularly scheduled days off, then the single day shall be considered consecutive with the other vacation days and the employee shall not be charged with a single vacation day. Nothing herein shall limit or prohibit the Employer from approving additional single vacation days.

Employees may designate and use at their option up to ~~five (5)~~ **six (6)** of their vacation days in each year of this Agreement as sick days to cover periods of bonafide medical illness **or the illness of family members, who shall include (or may be expanded upon by the City): (i)mother, father, husband, wife, brother or sister (including blood, step or half), son or daughter (including blood, step or adopted), father-in-law, mother-in-law, daughter-in-law, son-in-law, grandparents or grandchildren; or (ii) domestic partner or the domestic partner's mother, father, son or daughter (including blood, half, step or adopted), provided that the employee's domestic partner is registered with the Department of Human Resources.** The Employer reserves the right to ask the employee to furnish

proof of said illness. An employee desiring to use vacation days as sick days under this provision shall inform the representative of the Employer who employees are told is designated for such purposes of that fact at the time he/she calls in to report an illness. Salaried employees who currently are receiving sick days under this Agreement shall be ineligible to use vacation days as sick days while they have available unused sick days.

ARTICLE 5
CONTINUOUS SERVICE

Section 5.1

Continuous service means continuous paid employment from the employee's last date of hire, without a break or interruption in such paid employment. In addition, an employee earns continuous service credit even though he or she is not paid for:

1. An unpaid leave of absence of one year or less or layoff of thirty (30) days or less; or

2. An absence where the employee is adjudged eligible for duty disability compensation.

Section 5.2 Interruption In Service

(a) Non-seasonal employees who work a minimum of eighty (80) hours per month shall be credited with continuous service for the time worked. Continuous service credit will not be earned for:

(1) absences without leave

(2) absences due to suspension

(3) unpaid leaves of absence for more than 30 days or layoff for more than (30) days, unless employees are allowed to accumulate seniority under this Agreement.

(b) Seasonal employment of 120 days or less in any calendar year shall not be credited toward continuous service for the time worked.

(c) Seasonal employment in excess of 120 days in any calendar year shall be credited toward continuous service.

~~Section 5.3 Reciprocity~~

~~Employees hired prior to February 13, 1986 who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Housing Authority, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, City Colleges of Chicago, Community College District 508, the Chicago Transit Authority, Public Building Commission of Chicago, the Chicago Urban Transportation District and the Regional Transportation Authority shall have the period of such service credited and counted for the purpose of advancement within longevity salary schedules. However, employees hired after February 13, 1986 who render service for any other Employer as stated above shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules provided a majority of other employees of the Employer receive such credit.~~

Section 5.4 Break in Service

Notwithstanding the provisions of any ordinance or rule to the contrary, continuous service of an employee is broken, the employment relationship is terminated, and the employee shall have no right to be rehired, if the employee quits, is discharged, retires, is absent for five (5) consecutive work days without notifying the employee's authorized Employer representative unless the circumstances preclude the Employee, or someone on his or her behalf, from giving such notice, does not actively work for the Employer for twelve (12) months (except for approved full time Union representative leaves or medical leaves of absence and duty disability leaves), or is on layoff for more than twelve (12) consecutive months if the employee has less than five (5) years of service at the time of the layoff, or is on layoff for more than two (2) years if the employee has five (5) or more years of service at the time of the layoff.

Section 5.5 Probationary Employment

New employees, **hired after ratification of this Agreement,** will be regarded as probationary employees for the first **twelve (12)** ~~six (6)~~ months of their employment and will receive no seniority or continuous service credit during such probationary period. Probationary employees continuing in the service of the Employer after **twelve (12)** ~~six (6)~~ months shall be career service employees and shall have their seniority date made retroactive to the date of their original hiring. Probationary employees may be disciplined or discharged as exclusively

determined by the Employer and such Employer action shall not be subject to the grievance procedures, provided that, **(1) after the first six (6) months of the probationary period, if the Employer intends to impose a disciplinary suspension on the probationary employee where the suspension would result in a loss of pay, prior to imposing the suspension, except in emergency or where the employee is unavailable, the Employer shall notify the employee and the Union and, upon request from the Union, will schedule a meeting with the Union and the employee to discuss and allow the employee to respond to the accusations, and/or (2)** if the Employer, within its discretion, rehires a former employee who did not complete his/her probationary period within one year from the employee's termination, and said former employee had served 90 days or more of his/her probationary period, all time previously served in the probationary period shall be counted for purposes of determining when the said employee completes his/her probationary period. A probationary employee who has served 90 days or more of his/her probationary period and who is laid off shall be given preference over other applicants for employment in the same job title in the department from which he/she was laid off, so long as he/she does not refuse an offer of employment, and does not suffer a break in service under Section 8.4 of this Agreement. **Seasonal employees who have worked without a break in service or who have works more than twelve (12) cumulative months and bid into (or otherwise become) career service position/employees, shall not have to serve the above twelve (12) month probationary period,**

but shall have an evaluation period not to exceed sixty (60) days, to demonstrate that he/she can perform the job. If the Employer has just cause based upon the employee's job performance at any time during the evaluation period that the employee cannot perform the job, then he/she shall be returned to the seasonal position held just prior, displacing, if necessary, any employee who has been placed into said job.

Probationary employees shall not be eligible for dental or vision insurance but shall receive all other benefits under this Agreement. Probationary employees shall be compensated at the same rate as career service employees.

Section 5.6 Layoffs/Recall

Probationary employees with less than ninety (90) days of service shall be terminated before the Employer lays off employees. Probationary employees with more than ninety (90) days of service shall be laid off first. Thereafter, the least senior employee in the affected job classification in the department shall be laid off first, provided the ability, qualifications to perform the required work, and the employee's job performance are equal among the other employees in the job in the department. "Seniority" shall mean, for purposes of this Section, the employee's **time in bargaining unit titles city-wide**~~service in the job title (time-in-title).~~

A laid off employee may displace (bump) the least senior employee, if any, in the most recent lower job title the employee to be laid off has held in the department, provided the

employee to be laid off has the then present ability to perform the job to the Employer's satisfaction without further training.

Employees shall be recalled in the reverse order they were laid off.

Section 5.7 Promotion

Qualified employees shall be given an equal opportunity with other applicants to bid on jobs which pay higher rates of pay and which are declared vacant by the Employer. The Employer shall select the most qualified applicant, provided that an employee applicant shall have preference over a non-employee applicant, unless the non-employee applicant has demonstrably greater skill and ability to perform the work required.

The Employer shall determine if there is a permanent vacancy to be filled, and at any time before said vacancy is filled, whether or not said vacancy shall be filled.

The Employer will post **vacancies electronically on the City of Chicago CAREERS website. A copy of the posting will be provided to the Union at least 72 hours prior to the electronic posting. Said vacancies shall be posted** for fourteen (14) days **on the CAREERS WEBSITE. The posting shall contain at least the following information: job title, qualifications, days off, shift, hours, work location, if known, and the rate of pay. The posting shall also identify the number of positions to be filled. If the number to be filled changes, the Employer shall promptly notify. Prior to the commencement of the selection**

process, the employer will provide the Union with a list of qualified bidders.~~.~~

Qualified bargaining unit employees shall be given an opportunity to bid on permanent vacancies declared by the Employer. In making selections, the Employer shall give preference to bargaining unit applicants over non-bargaining unit applicants, except where non-bargaining unit applicants have demonstrably greater skill and ability to perform the work. Where applicants are equally qualified, the Employer shall select the most senior employee (based on City-wide seniority) of those applying who has the greatest ability to fill the needs determined by the Employer. "Ability" shall be determined by the Employer based upon performance evaluations, experience, training, proven ability and similar criteria. In making a selection between two or more bargaining unit applicants who are equally qualified, the Employer shall select the most senior bidder. **For purposes of this Section, seniority shall be determined by the employee's service in the employee's** ~~**job title**~~ **time in the bargaining unit City-wide.**

Prior to notifying the successful bidder/applicant, the Employer shall give the Union a list of bidders identifying, where applicable, the successful bidder(s). Upon request, the Employer shall schedule a meeting with the Union to review the selection process, including the reasons for selection and

rejection of bidders. This meeting shall include a review and discussion of documents such as the referral list, employment decision form, hiring information summary, and hiring criteria rating form. If requested, the Employer will furnish copies of such documents to the Union. Bidders who are not selected shall be so notifies by the Department Head and information of the reason for non-selection.

The successful bidder for any job under this Section shall have an evaluation period, not to exceed sixty (60) days, to demonstrate that he or she can perform the job. If the Employer has just cause based upon the employee's job performance at any time during that period to believe that the successful bidder cannot perform the job, then the successful bidder shall be returned to the job he/she held just prior to the awarding of the bid, displacing, if necessary, any employee who has been placed into said job.

Section 5.8 Transfer

The Employer may permit an employee to transfer within a department from or to the same or a different job classification where there is no increase in pay, by City-wide seniority provided the employee has the then present ability to perform the job to the Employer's satisfaction without further training.

Section 5.9 Fitness for Duty

If the Employer observes and has reasonable cause to believe the employee has a medical condition or significant

limitation that prevents the employee from being able to perform the essential duties of the position, an employee may be sent for a Fitness for Duty examination at the Employer's sole expense.

If the examination results in a determination that the employee is unfit for duty and the employee's physician certified that the employee is fit for duty, the employee may elect or Employer may require the employee, et the Employer's sole expense, to be subject an independent medical examination ("IME") to determine if the employee is fit for duty. The Union shall select an examining independent physician who will conduct the IME from a list of at least three physicians with the appropriate medical specialty who have successfully completed the City's procurement process and are on a list of approved vendors. The determination of the independent physician and the IME shall be final and binding. The Employee shall execute all HIPAA waivers and other forms necessary in order to permit access to all medical records related to his/her condition, and the City shall agree to secure and maintain the confidential nature of all medical records obtained through the process.

ARTICLE 6
GROUP HEALTH, VISION CARE, DENTAL, LIFE AND ACCIDENT BENEFITS

Section 6.1

a) The Employer shall provide to employees and their eligible dependents Group Health, Vision Care, Dental, Life ($25,000) and Accident benefits as provided to a majority of other employees of the City under the same terms and conditions applicable to said other employees, provided further, said benefits shall be at no cost to employees and their eligible dependents.

b) Employees who participate in the Employer; medical care plan or an HMO, shall make the following contributions toward their health care coverage, **based on the applicable percentage of their base salary, subject to the then-applicable salary cap:**

i) Effective January 1, 2019, prescription drug benefits shall be subject to an annual deductible of $35 per household. Effective January 1, 2021, prescription drug benefits shall be subject to an annual deductible of $75 per household.

Section 6.2 Joint Labor Management Cooperation Committee On Health Care

The City of Chicago and each Coalition Union (the "Parties") agree to create a Joint Labor Management Cooperation Committee ("LMCC") pursuant applicable state and federal law.

The purpose of the LMCC is to research and make recommendations and decisions within its authority related to the achievement of significant and measurable savings in the cost of employee health care during the term of this Agreement. The Parties shall memorialize their intent to create this LMCC by executing an Agreement and Declaration of Trust ("Trust Agreement") contemporaneously with the execution of each Coalition Union's collective bargaining agreement with the City of Chicago. Said Trust Agreement shall be attached to this Agreement as Appendix C.

Section 6.3

The Trust Agreement shall address, without limitation, the following:

a. Formation of a Committee to govern the LMCC consisting of up to twenty (20) Trustees, half of the Trustees shall be appointed by the City of Chicago and half of the Trustees shall be appointed by the Coalition Unions.

b. Appointment by the City and Coalition of a Co-Chair and Vice-Cochair as designated in the Trust Agreement.

c. Authority of the LMCC to make recommendations and modifications in the health plan expected to result in savings and cost containment.

d. Establishment of a Trust Fund with contributions provided by the City of Chicago and third parties.

Section 6.4

For purposes of this Article, an "employee" shall mean a City employee represented by signatory labor organizations of this Agreement. A "Coalition Union" means signatories to this Agreement which have executed a collective bargaining agreement with the City.

Section 6.5

The parties commit to implementing Medical Plan Design changes that will result in estimated savings of at least $3 million (as calculated with respect to the Coalition Unions) by 2020. The parties will work through the LMCC to identify changes that will result in the required savings. If, prior to January 1, 2020, the parties have not reached agreement upon the proposed changes, each party will submit its offer of proposed changes and the amount proposed to be reduced, including the methodology for estimating the value of the proposed changes, to a mutually agreed upon arbitrator, who will be limited to selecting either the City's or the Coalition Unions' offer. The offer selected by the arbitrator will be binding on the parties and on the LMCC.

Section 6.6

The City agrees to provide representatives from the Coalition Unions information, such as the claims experience from the City retiree health plans, and other relevant data/information so that the Coalition Unions can explore the feasibility of establishing their own retiree health plan separate and independent from the City's plans that could cover certain City retirees in the future. Such information to be provided will include, but not be limited to, a census for the current non-Medicare retirees including the birthdate, gender, coverage tier (single, couple, family, etc.), and zip code of residence, as well as the claims information and enrollment counts for the last three (3) years. The Unions agree to execute any appropriate confidentiality agreements necessary for the release of such information. The parties understand and agree that the identity of any specific individual will not be ascertainable from the information supplied.

The right to this additional paid leave shall automatically terminate upon termination of active duty.

Said paid leaves of absence shall not reduce the employee's vacation or other leave benefits.

The Employer reserves the right to require an employee to provide documentation of the illness in question.

Section 7.5 Personal Leaves

Non-probationary employees may apply for leave of absence without pay for personal reasons. The grant and duration of such leaves shall be within the discretion of the Employer. Seniority shall accumulate for employees on said leaves. Employees who return from said leave shall be reinstated to their former job classification, if the Employer determines it is vacant or if it is then occupied by an employee with lower seniority. If the employee's former job is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with and subject to the layoff, recall and break-in-service provisions of this Agreement.

Bargaining unit employees who have completed their first 12 months of employment and who have worked 1,250 hours in the preceding 12 month period shall thereafter be entitled to family and medical leave for a period of up to twelve (12) work weeks during any twelve (12) month period for any of the following reasons:

(1) for the birth of an employee's child and to care for the newborn child;

(2) for the placement with the employee of a child for adoption or foster care;

(3) to care for the employee's spouse, child or parent with a serious health condition;

(4) due to a serious health condition affecting the employee.

Such leave shall be without pay unless the employee determines to substitute accrued paid leave for which the employee is eligible. During any leave taken under this Article, the employee's health care coverage shall be maintained and paid for by the employer, as if the employee was working and seniority shall accrue.

Any employee desiring to take leave under this Section shall provide reasonable advance notice to the employer on a form provided by the employer, which form shall be approved by the Union. Reasonable advance notice shall be no less than ten (10) days; and where advance notice cannot be provided, the employee shall provide notice within 48 hours after the employee is able to do so. Failure to provide the notice provided for in this Section shall not affect the validity of the leave where the employer has actual notice. Except as may be specifically stated in this Agreement, employees shall take leave provided

for as permitted by the provisions of the Family Medical Leave Act, including its rules and regulations. Employees shall have a right to return to their regular assignment and location.

Section 7.6 Duty Disability Leaves

Any employee who is absent from work due to an injury on duty shall be granted a leave of absence. The Employer will mail the initial Duty Disability payment within ten (10) working days upon receipt of verified authorization from the approving authority. Subsequent payment for eligible employees will be made twice a month. If duty disability is denied, and such denial is later reversed, the employee shall be paid up to date the amount the employee was eligible to receive. Employees who return from said leaves shall be reinstated to their former job classification, if it is vacant or if it is then occupied by an employee with lower seniority. If the employee's former job classification is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with and subject to the layoff, recall and break-in-service provisions of this Agreement.

The Employer will mail the initial Duty Disability payment within fourteen (14) days of the Employer's designated medical officer being advised by the employee or his physician of the occurrence of a job-related injury, provided that there is no dispute as to the employee's entitlement to Duty Disability.

Section 7.7 Medical Leave

Non-probationary employees shall be granted medical leaves of absence upon request. Said medical leaves of absence shall be granted for up to 3 months, provided said leaves shall be renewable for like 3-month periods. The employer may request satisfactory proof of medical leaves of absence. After the first year, such medical leaves shall be extended in up to one-year segments. Employees on medical leaves of absence shall return to work promptly after their doctor releases them to return to work.

Employees who return from said medical leaves of absence promptly after their doctor's release within one year shall be reinstated to their former job/classification if it is vacant or if it is then occupied by an employee of lower seniority. In addition, the Employer will return an employee to the same geographic location of his or her previous job assignment for a period of up to one year after the start of the leave. If the employee's former job is not available because the employee would have been laid off if the employee had not been on a leave of absence, the employee may exercise seniority rights in accordance with and subject to layoff, recall and break-in service provisions in this agreement.

After one year on an approved medical leave of absence, employees who return to work promptly after their doctor's release and who meet the following continuous service requirements shall be reinstated as described above according to the following formula: three (3) months of such reinstatement

rights for every year of service to a maximum of five (5) years reinstatement rights.

An employee who does not meet the above eligibility requirements and who returns to work promptly after his/her doctor's release after more than one year on a medical leave of absence, shall be returned to his/her former job classification if the job is vacant. If not, the employee will be placed on a list for reinstatement.

Seniority shall accumulate for employees on medical leaves of absence for only up to one year. After one year, an employee on a medical leave of absence shall retain, but not accumulate, seniority.

Section 7.8 Union Leave

The Employer shall grant request for leaves of absence for up to 2 employees for the purpose of service as a Labor Representative or Officer with the International, State, District Council or Local Organization of the Union for the duration of his/her appointment to the Union, provided reasonable advance notice in writing is given to the employer. While on such leave to employee shall not incur a break in continuous service. An employee on said leave of absence shall not be eligible for any benefits as an employee.

Employees who return from Union leaves of absence shall have the same rights as employees who return from medical leaves of absence.

Union Pension Fund Trustees who have been duly elected and/or appointed to a City/Municipal Pension Fund (including but not limited to the Municipal and Laborers' Funds) shall be granted leave without loss of pay to attend Pension Fund Trustee meetings that take place during their regularly scheduled shift.

Section 7.9 Paid Parental Leave

An employee wishing to take paid parental leave must apply and be eligible for Family Medical Leave Act (FMLA) leave. An employee is eligible for FMLA leave if he or she has been employed by the City for at least twelve (12) months before taking the leave and has worked at least 1250 hours during the 12-month period prior to the leave. Eligible employees may be granted the following paid parental leaves, in conjunction with and as part of an approved FMLA leave:

- Up to four (4) weeks paid maternity leave to a birth mother to recover from a non-surgical delivery; or
- Up to six (6) weeks paid maternity leave to a birth mother to recover from a C-section delivery; or
- Up to two (2) weeks paid parental leave for the birth of a child or children by an employee spouse or domestic partner of the birth mother; or
- Up to two (2) weeks paid parental leave for the adoption of a child or children by an employee or the spouse or domestic partner of the employee.

For eligible non-salaried employees compensation shall be based on the employee's scheduled work hours.

Paid parental leave may be combined with other earned paid time-off, such as vacation and/or sick time, to achieve the maximum amount of paid time off from work while taking FMLA leave. Notwithstanding any other provision of this agreement,

paid parental leave shall be granted only as part of an approvedFMLA leave and may not be used as intermittent leave.

ARTICLE 8
DISCIPLINE AND GRIEVANCE/ARBITRATION

Section 8.1

(a) Disciplinary action including discharge, shall be excluded from this grievance procedure. Suspensions over 10 days and discharges shall be governed exclusively by the City of Chicago's Personnel or Police Board Rules, whichever may be applicable. Notwithstanding the foregoing, suspensions of 11 days or more may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union. Disciplinary cases which are converted from a discharge to a suspension as a result of decision of the Personnel or Police Board do not thereafter become arbitrable as a result of said decision. The grievance procedure provisions herein and the Personnel or Police Board appeals procedure are mutually exclusive, and no relief shall be available under both.

(b) An employee who is subject to disciplinary action for any impropriety or cause has the right to ask for and receive a Union representative to be present at any interrogations or hearings prior to being questioned. The interrogation shall

take place at reasonable times and places and shall not commence until the Union representative arrives, provided that the Employer does not have to wait an unreasonable time and the Employer does not have to have the interrogation unduly delayed. An employee may be discharged for just cause before the Personnel or Police Board hearings, provided that said employee shall be guaranteed, upon a request, a full hearing before said Board in accordance with the said Board's rules. It is further provided that in the event of non-egregious offenses, not to include violent acts, criminal acts, drinking alcohol or taking illegal drugs on the job, insubordination or work stoppages, the employee will be given 30 days advance notice of discharge, and has seven (7) days from receipt of the notice to appeal. If the employee does not file an appeal within the seven (7) day period, the Employer may then remove the employee from the payroll. If the employee appeals the discharge, the Personnel Board shall be requested to set a hearing date within the 30 day notice period and the employee shall remain on the payroll for the full notice period, except if prior to completion of the 30 day notice period, (1) the Hearing Officer affirms the discharge; or (2) the employee continues the discharge hearing; or (3) the employee withdraws his appeal or otherwise engages in conduct which delays the completion of the hearing. However, in no event many the employee require the Employer to retain the employee on the payroll beyond the 30 day period. The Union shall have the right to have its representatives present at

either of the Board(s) or the grievance procedure, including arbitration and to actively participate.

(c) The Employer within its discretion may determine whether disciplinary action should be an oral warning, written reprimand, suspension or discharge, depending upon various factors, such as, but not limited to, the severity of the offense or the employee's prior record. Such discipline shall be administered as soon as practical after the Employer has had a reasonable opportunity to fully investigate the matter and conduct a meeting with the Union and employee. The Employer is not obligated to meet with the employee and Union prior to taking disciplinary action where the employee is unavailable or in emergency situations.

Demotions shall not be used as a part of discipline. Transfer shall not be part of an employee's discipline.

In cases of oral warnings, the supervisor shall inform the employee that he/she is receiving an oral warning and the reasons therefore. For discipline other than oral warnings, the employee's immediate supervisor shall meet with the employee and notify him/her of the accusations against the employee and give the employee an opportunity to answer said accusations. Specifically, the supervisor shall tell the employee the names of witnesses, if any, and make available copies of pertinent documents the employee or Union is legally entitled to receive, to the extent then known and available. Employer's failure to satisfy this Section 8.1 shall not in and of itself result in a

reversal of the Employer's disciplinary action or cause the Employer to pay back pay to the employee.

In the event disciplinary action is taken, the employee and the Union shall be given, in writing, a statement of the reasons therefore. The employee shall initial a copy, noting receipt only, which shall be placed in the employee's file. The employee shall have the right to make a response in writing which shall become part of the employee's file.

Any record of discipline may be retained for a period of time not to exceed eighteen (18) months and shall thereafter not be used as the basis of any further disciplinary action, unless a pattern of sustained infraction exists. A pattern shall be defined as at least two substantially similar offenses during said 18-month period. If an employee successfully appeals a disciplinary action, his/her file shall so record that fact. If the appeal fully exonerates the employee, the Employer shall not use said record of the discipline action against the employee, or in the case of promotions or transfers.

In any disciplinary investigation of a non-egregious offense conducted by the investigative staff of the Office of Budget and Management, the Employer shall notify the employee who is the subject of the disciplinary investigation of the pendency of the investigation and its subject matter, within 30 calendar days of the employer being made aware of the alleged rule violation. For the purposes of this Section, the term "non-egregious offense" shall not include indictable criminal offenses, gross insubordination, residency issues, or drug and

alcohol violations. Thereafter, the employee shall be granted a predisciplinary hearing if requested within thirty (30) days. Any discipline given in violation of this notice provision shall be null and void.

In the event that a discharged employee appeals an adverse decision of the Personnel or Police Board to the Circuit Court of Cook County, or thereafter to the Appellate Court of Illinois, and the decision of the Personnel or Police board is reversed or remanded resulting in restoration of the job, the Employer will pay the employee's reasonable attorney's fees which he or she has incurred in connection with the court proceeding, excluding fees incurred before the Personnel or Police Board. The employee shall submit a post-appeal fee petition to the Employer, which shall be supported by full documentation of the work performed, the hours expended, and the rates paid by the employee. Should the parties be unable to agree on the proper amount of the fees to be paid to the employee, either party may refer the dispute to arbitration under the relevant provisions of this agreement.

Section 8.2 Procedure For Department Review of Disciplinary Action Including Suspension

Step 1. Within five (5) working days after an employee receives written notice of any proposed disciplinary action, including a suspension for ten (10) days or less which is not appealable to the Personnel or Police Board, or in the case of suspensions of 11 or more days which may be appealed to arbitration in lieu of the Police or Personnel Board upon the

written request of the Union, the Employer shall conduct a meeting with the Union and employee. Discipline shall be administered as soon as possible after the Employer has had a reasonable opportunity to further investigate the matter as appropriate. If disciplinary action is taken after the meeting or further investigation, the Employee may request in writing to the department head for review of the said disciplinary action on a form provided by the Employer. Said request for review shall be in writing and submitted within three (3) working days of receipt of written notice of discipline. Said review form shall be printed on the back of or attached to the notice of discipline together with instructions for appeal. The failure to submit a written request for review of disciplinary action within three (3) working days of receipt of notice of disciplinary action will preclude the employee's right to review.

Step 2. Within three (3) working days or any mutually agreed upon extension after the Department Head or designee receives the employee's request for review, the Department Head or designee shall conduct a meeting to review the suspension. Failure to conduct said meeting in three (3) days will result in automatic advancement to Step 3 and the Union shall so notify the Employer. At the meeting, the Department will give the basis for its action and the employee and Union Representative, if any, will be heard and provided the opportunity to ask questions. The Department Head or designee shall render a written decision within two (2) working days of the meeting,

except where both parties agree a further investigation is required. The absence of such agreement or failure to decide and communicate such decision will result in automatic advancement to Step 4 and the Union shall so notify the Employer. A copy of such decision shall be sent to the employee and the Union.

Step 3. Where further investigation is agreed upon, a second meeting shall be held between the Department Head or designee and the employee and the Union Representative to discuss the results of the investigation. Said meeting shall be conducted within five (5) working days of the close of the Step 2 meeting, unless otherwise agreed by the parties. The Department Head or designee shall render a written decision within two (2) working days of the second meeting. A copy of such decision shall be sent to the employee and the Union. If the parties fail to meet within five (5) working days or a written decision is not submitted within two (2) working days, the appeal shall automatically proceed to Step 4 and the Union shall so notify the Employer. Except where otherwise indicated, the time limits set forth herein are to encourage the prompt reviews of said disciplinary action and failure to comply with these time limits will not affect the validity of the said disciplinary action. This procedure shall be the employee's exclusive remedy for all said disciplinary action, including suspension for ten (10) days or less, or for suspensions of 11 days through 30 days which may be appealed to arbitration in lieu of the Personnel or Police Board upon the written request of the Union.

Step 4. If the matter is not settled at Steps 2 or 3, the Union may submit the matter to arbitration under the terms of this Agreement. The rules governing procedure for arbitration shall be the same as in Section 8.3, Step III.

Section 8.3 Grievance and Arbitration

Except as in disciplinary provisions of Sections 8.1 and 8.2 above, a difference, complaint or dispute (hereinafter called a grievance) between the Employer and the Union or any of the employees of the Employer it represents, arising out of the circumstances or conditions of employment, shall be exclusively settled in the following manner.

There shall be no interruption of the operation of the Employer. It is agreed that the time limitations set forth herein are of the essence and that no action or matter not in compliance therewith shall be considered the subject of a grievance unless said time limitations are extended by written agreement of both parties to this Agreement.

Failure of the Employer to answer a grievance within the time limits herein shall permit the Union to advance the case to the next Step. The Union will be informed of and allowed to be in attendance at all grievance or disciplinary hearings. The Union shall send written notice to the Department Head notifying him/her of advancement to the next Step.

Before a formal grievance is initiated, the employee may discuss the matter with his/her immediate supervisor. If the problem is not resolved in discussion, the following procedure shall be used to adjust the grievance:

Step I - Immediate Supervisor

A. The employee or the Union shall put the grievance in writing on the form to be supplied by the Employer upon request, but in the absence of such a form, employee or the Union may submit the grievance in letter form, within twelve working days of either the employee or the Union having knowledge of the event which gives rise to the grievance. The employee or the Union will indicate what Section and part of the Agreement is in violation, a brief description of the facts underlying the grievance, and the requested remedy, and submit the grievance to the employee's immediate supervisor. It is understood that if the employee has knowledge of the grievance more than twelve working days than the Union, the Union shall not thereafter file any grievance concerning that same issue with the Employer.

B. Within five (5) working days of the written grievance, the immediate supervisor will notify the employee and the union in writing of the decision.

Step II

A. If the grievance is not settled at Step I, the Union representative and/or the employee shall have the right to make an appeal in writing to the Department Head or the Department Head's designee within seven (7) working days after the date of receipt of the decision or the date it was due under Step I, by the immediate supervisor. The name of the Department Head's designee shall be posted for employees in areas where employee notices are normally posted and submitted to the Union. Failure to post and so notify the union will permit immediate advancement to arbitration unless corrected within two (2) working days of notice of failure to post.

B. The Department Head or the Department Head's designee shall meet with the Union's representative at least once each month to discuss all pending grievances that have been advanced to Step II. The purpose of the Step II meeting will be for the Department and the Union to share relevant information and discuss their respective positions with respect to each grievance pending at Step II, and attempt to amicably resolve as many grievances as possible. The Department Head or the Department Head's designee shall have the

requisite authority to resolve grievances during the Step II meeting. No grievances will be discussed at more than one Step II meeting, unless the City and the Union mutually agree that further meeting and discussion would be beneficial. Nothing in this paragraph shall be construed to relieve the City and the Union from their obligations to otherwise process and respond to grievances in accordance with this Article.

C. The Department Head or the Department Head's designee will notify the employee and Union in writing with a copy to the Union of his/her decision within seven (7) working days of the completion of the Step II meeting. The response to the grievance shall state the Department's position with respect to the grievance together with a brief statement of the facts and reason(s) supporting that position.

D. Any settlement at Step I or II shall be binding upon the Employer, Union and the aggrieved employee or employees. Grievances may be withdrawn without prejudice at any Step of the grievance procedure if mutually agreed.

E. If the grievance is not settled at the second Step, the Union or the Employer may request final and

binding arbitration by serving written notice on the other within ten (10) working days from receipt of the Employer's Step II decision or the date it was due.

F. If the grievance or arbitration affects more than one (1) employee, it may be presented by a single selected employee representative of the group or class. A class action shall be identified to the Employer at Step I or as soon as practicable. The resolution of a grievance filed on behalf of a group of employees shall be made applicable to all of the affected employees within that group.

G. Even though a grievance has been filed, employees are obligated to follow instructions or orders of supervisors or the Employer, except where the instruction or order is so inherently dangerous to the employee that it could cause death or serious physical harm. The Employer agrees that by following instructions or orders the employee does not waive his/her right to process the grievance. Refusal to follow instructions or orders shall be cause for discipline.

Step III - ARBITRATION

If the matter is not settled in Step II the Union or the Employer, but not an individual employee or employees, may

submit the dispute to arbitration by serving a written request to arbitrate to the designated representative from the Employer's operating department, with copies of the request to the designated law department representative and counsel for the Coalition Unions, setting forth the facts and specific relief requested, within ten (10) working days after the answer is given or due at Step II hereof.

Within five (5) days of serving the request for arbitration, or as soon thereafter as the parties mutually may agree, the Union shall have the right to convene a meeting with the Employer's designated representative in an attempt to resolve the grievance prior to any further action being taken to advance the matter to arbitration. At such meeting, the Union shall set forth in writing the facts of the matter in dispute and the relief requested. The Employer will respond to the grievance in writing by giving the reasons which it contends support its position with respect to the grievance. In the event the parties are unable at such meeting to resolve the grievance, the Union and the Employer will proceed with the selection of an arbitrator as provided below.

Either party may submit the grievance to arbitration by serving a written request to arbitrate to the Federal Mediation and Conciliation Service under the rules of that tribunal with a copy to the other party. The foregoing shall not prevent the

Employer and Union from mutually agreeing to the selection of an arbitrator.

The panel of arbitrators submitted must agree as a whole to commencement of a hearing within sixty (60) days of selection and that they will render a decision within thirty (30) days of the close of hearing. Any extension of those time limits must be by written consent of the Union and the Employer. The failure of either side to agree to an extension of time shall not be disclosed to the arbitrator.

Arbitrators will advise the parties of their fees and expenses prior to selection and such fees and expenses shall be borne equally between the Union and the Employer. The arbitrator shall have the right to subpoena witnesses and require the production of pertinent documents at the request of either party. Each party shall be responsible for compensating its own representative and witnesses. The cost of a transcript shall be borne by the party requesting the reporter unless the parties agree to share such costs.

An arbitrable matter must involve the meaning and application or interpretation of a specific provision of this Agreement or a document incorporated by reference thereto. The provisions of this Agreement and any other document incorporated by reference in this Agreement shall be the sole source of any rights which either party may assert in arbitration.

Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall have no power to amend, add to, subtract from, or change the terms of this Agreement, and shall be authorized only to interpret the existing provisions of this Agreement and apply them to the specific facts of the grievance or dispute. The decision of the arbitrator shall be based wholly on the evidence and arguments presented to him by the parties in the presence of each other. No arbitration hearing shall be held unless both parties are present. The decision of the arbitrator shall be final and binding on all parties to the dispute, including the employee or employees involved. Where timeliness is in dispute, it shall be decided by the arbitrator.

A. Advanced Grievance Step Filing

Certain issues which by nature are not capable of being settled at a preliminary Step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance Steps, or which the Union believes would be resolved more expeditiously, may be filed at the option of the Grievant/Union at Step II.

B. Pertinent Witnesses and Information

The Union may request the production of specific documentation, books, papers or witnesses reasonably available from the Employer and substantially pertinent to the grievance under consideration. Such request shall not be unreasonably

denied, and if granted shall be in conformance with applicable laws and rules issued pursuant thereto governing the dissemination of such materials.

A Union Representative, a Grievant, and Union Steward will be permitted a reasonable amount of time without loss of pay during working hours to investigate and process grievances where this does not substantially interfere with the efficient operation of the Department, provided that representatives shall observe the Employer's reasonable visitation rules for Union representatives. The Steward shall notify his/her immediate supervisor for permission to handle grievances on work time, it being understood that the operation of the Department takes precedence unless there is an emergency, but such permission shall not be denied unreasonably. A reasonable number of employees may attend the meeting without loss of pay; such meetings shall be set by mutual agreement by the Employer and the Union. Where the Employer directs an employee to report for a meeting concerning a grievance at a time when the employee is not scheduled to work such time shall be considered time worked.

If there is space available, the Employer, upon request of the Union representative, shall provide the use of a room and telephone to discuss the grievance, subject to the Employer's reasonable rules for the Union's use of such facilities.

C. EXPEDITED ARBITRATION

The Employer and the Union may mutually agree to submit any grievance to expedited arbitration. Pursuant to expedited arbitration, the parties shall mutually select an arbitrator from a group of arbitrators approved by the parties. The expedited arbitration hearing shall be scheduled as early as possible from the date the parties agreed to submit the grievance to expedited arbitration. The parties agree to waive the stenographic recording of the hearing and the filing of post-hearing briefs. Pursuant to the parties' agreement, the arbitrator shall issue either an oral decision at the close of the hearing or a written decision within twenty (20) days of the date of the hearing. The arbitrator's decision shall be final and binding on all parties to the dispute.

D. MANAGEMENT OF ARBITRATION DOCKET

A representative from the Employer's law department and counsel for the Coalition Unions shall meet at least quarterly, or more frequently as necessary, in order to discuss the scheduling of specific cases for available hearing dates. At these meetings, the parties shall designate at least one pre-established hearing date per month for the arbitration of grievances.

Section 8.4 Conduct of Disciplinary Investigations

Supplementing all rights and processes due employees covered by this Agreement who may be the subject of a disciplinary investigation by the Inspector General, the interview will be conducted in the following manner:

A. The interview of the employee shall be scheduled at a reasonable time, preferably while the employee is on duty, or if feasible, during day shift hours.

B. The interview, depending upon the allegation, will take place at the employee's location of assignment, normal department location or other appropriate location.

C. Prior to an interview, the employee under investigation shall be informed of the person in charge of the investigation, the identity of the interviewer and all persons present during the interview. When a formal statement is being taken, all questions directed to the employee shall be asked by and through one interviewer at a time.

D. The length of the interview sessions will be reasonable, with reasonable interruptions permitted for personal necessities.

E. At the beginning of the interview, the employee shall be informed of the nature of the matters to be discussed.

F. An employee under investigation shall not be threatened with transfer, dismissal or disciplinary action, or

promised a reward, as an inducement to provide information relating to the matter under investigation, or for exercising any rights contained in this Agreement, provided, however, that this Section shall not prohibit or prevent an accurate reading of the employee's administrative rights, or the imposition of discipline in accordance therewith.

G. An employee under investigation will be provided without unreasonable delay with a copy of any written statement the employee has made.

H. (1) If the allegation under investigation indicates a recommendation for discipline is probable against the employee, said employee will be given the statutory administrative proceedings rights prior to the commencement of the interview. (2) If the allegation indicates that criminal prosecution may be probable against said employee, the provisions of this Section shall be inapplicable and said employee will be afforded his constitutional rights concerning self-incrimination prior to the commencement of the interview. An employee will not be read his/her administrative and Miranda rights during the same interview.

I. At the request of the employee under investigation, an employee who may be subject to discipline shall have the right to be represented in the interview by a representative of the Union. The employee shall be told that he/she has the right to Union representation before commencement of the interview. The interrogation shall be suspended until representation can be obtained, provided the suspension is not for an unreasonable

time and the Employer does not have the interview unduly delayed.

J. The Employer shall not compel an employee under investigation to speak or testify before, or to be questioned by, any non-governmental agency relating to any matter or issue under investigation.
