CITY OF CHICAGO OFFICE OF INSPECTOR GENERAL

THIRD ANNUAL PROGRESS REPORT ON THE PROCUREMENT REFORM TASK FORCE

RÉPORT OF THE OFFICE OF INSPECTOR GENERAL

2019 JUN -6 PM 12: 05

CITY OF CHICAGO OFFICE OF INSPECTOR GENERAL 740 NORTH SEDGWICK STREET, SUITE 200 CHICAGO, ILLINOIS 60654 TELEPHONE (773) 478-7799 FAX (773) 478-3949

JUNE 4, 2019

TO THE MAYOR, MEMBERS OF THE CHICAGO PROCUREMENT REFORM TASK FORCE, MEMBERS OF CITY COUNCIL, CITY CLERK, CITY TREASURER, AND RESIDENTS OF THE CITY OF CHICAGO:

On May 27, 2015, Mayor Rahm Emanuel convened the Chicago Procurement Reform Task Force (PRTF). The Chief Procurement Officer (CPO) and the Inspector General (OIG) for the City of the Chicago co-chaired PRTF, which included the CEO, Executive Director, or Chancellor of six of the City's sister agencies: the Chicago Public Schools (CPS), the Chicago Transit Authority (CTA), the Chicago Housing Authority (CHA), the City Colleges of Chicago (CCC), the Chicago Park District (Parks), and the Public Building Commission (PBC).

PRTF undertook a six-month project to identify opportunities for these entities (collectively, the Participating Members) to implement, in a uniform manner, best practices for awarding, managing, and overseeing public contracts. The Task Force's mission was to maximize operational efficiency, increase accountability, and economize public funds.

On November 17, 2015, PRTF reported its findings, grouped into five categories representing the essential principles of government procurement: competition, efficiency, transparency, integrity, and uniformity. The Task Force also made recommendations designed to advance these principles, a 31-point blueprint for refining and standardizing the Participating Members' procurement operations. The recommendations in the 2015 Report of the Chicago Procurement Reform Task Force (2015 PRTF Report) fall into three categories: the first 15 were proposed for "immediate" implementation (i.e., by March 30, 2016), the next 12 for "mid-term" implementation (by December 31, 2016), and last 4 for "long-term" implementation (in "2017 and beyond").

Pursuant to an intergovernmental agreement executed under the authority of an ordinance passed by City Council and approved by Mayor Emanuel in January 2016, the Participating Members fulfilled PRTF's Recommendation #1 by creating a

committee of CPOs (CPO Committee), and charging it with addressing the Task Force's recommendations, tracking their implementation, and issuing quarterly and annual reports. The ordinance also directed the Members to begin work on Recommendation #5 by establishing a committee of Chief Information Officers (the Chicago Government IT Coordination Committee, or ITCC) to manage the technical aspects of the implementation process, and directed OIG to prepare and publish, within 90 days following the issuance of each Annual Report, an independent evaluation of the Members' progress toward implementing the recommendations.

On March 1, 2017, the CPO Committee issued the 2016 Annual Report of the Chicago Procurement Reform Task Force (Annual Report), indicating that the Participating Members had addressed, in whole or part, 27 of the 31 recommendations. On May 30, 2017, OIG issued its First Annual Progress Report on the Chicago Procurement Reform Task Force (Annual Progress Report). Our review concluded that the Members had fully implemented 7 of the PRTF recommendations, formulated policies and processes for implementing 7 others, partially implemented an additional 13, and not yet begun to address the remaining 4. OIG suggested that the CPO Committee set target completion deadlines for the 24 open recommendations.

On March 1, 2018, the CPO Committee issued the 2017 Annual Report, indicating that the Participating Members had fully implemented 18 recommendations and partially implemented the remaining 13. On May 30, 2018, OIG issued its Second Annual Progress Report. Our review concluded that the Members had fully implemented 14 of the recommendations and partially implemented 15 others, and that 2 of the recommendations remained in the "process completed; implementation ongoing" category. The Second Annual Progress Report announced OIG's intention to request the assistance of the inspectors general for the other Participating Members to assess whether the implemented recommendations have been fully and consistently integrated into the Members' day-to-day operations.

On March 6, 2019, the CPO Committee issued the 2018 Annual Report, indicating that the Participating Members had fully addressed 23 recommendations and partially addressed the remaining 8. Prior Annual Progress Reports were based upon a comparison of representations from the Participating Members with the PRTF recommendations required to be implemented pursuant to the IGA approved by the City Council. In preparing this Third Annual Progress Report, OIG solicited the assistance of and worked in coordination with the IGs of the Participating Members to more closely assess whether represented actions have, in fact, been undertaken Based on that joint-IG undertaking, we conclude that the Participating Members have fully implemented 13 of the recommendations and partially implemented 9 others, and that the remaining 9 recommendations, which are designated as completed, have not yet been fully and consistently operationalized across the board

This report closes the final reporting cycle for actions undertaken by and during the Emanuel Administration Mayor Emanuel is to be credited for the creation of the PRTF and his leadership in driving its recommendations to action. Substantial progress has been and continues to be made. However, this report reflects areas of slippage in follow-through and pace that can be addressed only through renewed and express impetus, emphasis, and commitment of resources from the new Administration, most particularly with respect to Stage Three recommendations around data technology and organizationally based information, compliance, and enforcement systems. Notwithstanding the distinct and separate statutory foundations of the Participating Members, the public rightfully regards the constellation of Sister Agencies as constituting the government of the City of Chicago. Ultimately, realization of the core values animating the creation of the PATF—the promotion of uniformity as embodied in standardization of systems where possible, the creation of efficiencies through simplification and joint or unified administration of procurement and contract compliance and enforcement systems, and the resulting mitigation of vulnerabilities for fraud and abuse, as well as the removal of barriers to entry to new and smaller businesses—rests upon the leadership and refreshed priority on the part of the Mayor, who exercises significant influence, if not outright authority, over these systems as a whole.

OIG hopes this report serves as a useful tool for the new Administration in renewing the PRTF's charge and prioritizing the completion of the good work done to date. We also hope the report serves the new City Council well at the next annual PRTF hearing through its efforts to drill down into the areas where implementation is lagging and the recommendations remain works-in-progress. Finally, we thank the Participating Members' Inspectors General and their staff for their invaluable assistance in this year's assessment and for moving forward on the important goals of the PRTF.

Respectfully,

Joseph M. Ferguson Inspector General City of Chicago

PROGRESS ON TASK FORCE RECOMMENDATIONS

The following table illustrates the Participating Members' progress in implementing PRTF's 31 recommendations, from the outset of the reform process to date. According to the 2018 Annual Report, as supplemented by subsequent conversations with the CPO Committee, the Members have completed 23 recommendations, and work is ongoing or partially completed for the remaining 8 OIG undertook independent review of all recommendations. Further, regarding the 23 ostensibly completed recommendations, OIG and the other Members' inspectors general made inquiries into a sample of 15 (those marked with asterisks in the table). These inquiries discovered inconsistencies in operational implementation. Ultimately, only 13 of the recommendations designated "completed" in the 2018 Annual Report fully merit that designation.

¹ In our First and Second Annual Progress Reports, OIG described the entries marked with a diamond (o) as either "process completed, implementation ongoing" or "policy completed, implementation ongoing". Here, to maximize clarity and present a more straightforward picture of the Participating Members' progress, we change the designations to simply "completed."

² OIG selected these 15 recommendations for further inquiry because they are susceptible to assessment at the operational level. In other words, the nature of these recommendations allowed OIG and our IG colleagues to take an in-the-weeds approach, asking questions and requesting documentation to show not only that each Participating Member has formally adopted the policies and procedures necessary to implement a particular recommendation, but also actual compliance with those policies and procedures in the Member's everyday work.

As we discuss below, in addition to continuing to work collaboratively to complete the recommendations reported as "partially completed" or "ongoing," each Participating Member needs to ensure that it fully and consistently meets its commitments and obligations under all of the recommendations reported as completed. In 2020, when OIG prepares its Fourth Annual Progress Report, we anticipate working again with the other Members' IGs; we trust that our follow-up inquiries will find full and consistent implementation of all completed recommendations at the operational level.

A. THE IMMEDIATE RECOMMENDATIONS

RECOMMENDATION #4

o Lead agency: City

Hire or secure pro bono services from a law firm to. (a) Identify contract provisions that could be subject to standardization across Participating Members' templates, and draft uniform contract templates incorporating the required terms of the Participating Members, including contract duration and number of renewals and

	level seiting the need to "assess the feasibility that the forganization of contract template sections could be a potential way to achieve a level of uniformity that does not reduce operational efficiencies or impact the desired legal effect of contract documents or provisions," they have set a new target date of June 30, 2019. Given that this is a full three years after the original date set by the Task Force, we strongly urge the Members to prioritize completing this aspect of the reform project.

RECOMMENDATION #5

o Lead agency: ITCC

Charge the Chicago Government IT Coordination Committee [ITCC], which consists of the CIOs, of the Participating Members, with identifying the procurement-related

systems that can be shared and developed jointly and developing a schedule for implementation.

o Lead agency: ITCC

Create an easily accessible website for vendors and the public that provides a single location for: all of the Participating Members' current procurement opportunity listings and other procurement related information such as the buying plan, notices

of award, and prequalified pools, a list of all debarred vendors, and all current contract and vendor databases.

	contemplates "uniform standards." And in the annual
	report, the Participating Members commit to the
	"incorporation" of specific policies and procedures related
	to small and emergency purchases. (The issue of sole-
	source purchases is addressed above under
	Recommendation #3.) However, IG review discovered that
	not all Members' relevant policies and procedures match
	those required under this recommendation. Indeed,

	some Members operations bear little resemblance to	
	these standards.

2019 OIG Evaluation 🌁	<u>Partially completed.</u> As noted in last year's progress
	report; the City decided to engage a third party to assist
	Participating Members with compliance audits. The
	Members collaborated to draft the terms of the task:
	forder focusing on collecting, reviewing, analyzing and
	reporting, separately and cumulatively on
	MBE/WBE/DBE utilization as well as Equal Employment
	Opportunity and Chicago residency/local hiring aspects of
	current contracting practices. The Task Order Request is
	Junderviewand pending award OIG recommends that
	once the third party is engaged, the CPO Committee
	developian action plan including timelines. This will
	prompt City Council to focusion this area at its next PRTF
	hearing and enable OIG to measure progress against
	clear benchmarks
