Dear Mr. Kalayil:

This letter is in response to your inquiry dated March 22, 2019 concerning the proposed vacation. After reviewing our records, we have determined the following:

I) The Department of Water Management - Water Section

There is one 8-inch water main within the proposed vacation that was installed in 1940. There are also three fire hydrants, two 6-inch valves, two 8-inch valves and three 12-inch valves associated with this main.

These facilities must be abandoned at the owner's expense for the vacation to be approved by the Water Section, subject to the following conditions:

- a. Disconnecting the water main to be abandoned at W. 40th Street and at W. Ann Lurie Place, removing all three fire hydrants and abandoning the valve basins outside of the proposed vacation will be done by the Department of Water Management (DWM) at the owner's expense. Removal of the four valve basins within the proposed vacation are the responsibility of the owner.
- b. The DWM will perform the excavation, pipe work and backfilling to grade associated with the work described above. The owner will be responsible for obtaining all applicable permits and all restoration to CDOT standards.
- c. The estimated cost to do this work is \$40,800.00. This estimate is based on current rates for labor, materials, equipment and overhead charges, but actual costs will be billed to the owner upon DWM's completion of the work.

- d. The existing water main is not fully amortized. The total fixed unamortized cost for this water main is \$641.03.
- e. All water services no longer in use must be permanently terminated as part of the proposed development by permit per DWM Standards.
- f. Because the existing water main cannot be located within private property (the proposed vacation), this work must be done before the vacation can be approved.
- g. Detailed instructions for payment of the estimated cost of \$40,800.00 and the fixed unamortized cost of \$641.03 will follow under separate cover.

For questions regarding water facilities, please contact Andrew McFarland at (312) 742-7027.

II) The Department of Water Management - Sewer Section

The following sewer facilities are within the proposed vacation:

- a. One 15" public sewer main and appurtenances on S. Keeler Avenue extending from W. 40th Street approximately 92 feet south.
- b. One 15" to 21" public sewer main and appurtenances on S. Keeler Avenue extending from W. Ann Lurie Place approximately 756 feet north.

The Sewer Section has no objections to the proposed vacation, provided the following are part of the vacation ordinance:

- 1. The existing 15" public sewer main and appurtenances on S. Keeler Avenue extending south from W. 40th Street must become a private sewer maintained by the owner.
- 2. The existing 15" to 21" public sewer main and appurtenances on S. Keeler Avenue extending north from W. Ann Lurie Place must become a private sewer maintained by the owner.
- 3. The area to be vacated will be subject to the Stormwater Regulation requirements upon development.
- 4. If the owner wants to abandon any of the sewer facilities on S. Keeler Avenue, the abandonment plans must meet the Sewer Section's requirements. Abandonment of these facilities must be approved by the Sewer Section and installed at the owner's expense.

For questions regarding sewer facilities, please contact Anupam Verma at (312) 742-7108 or Sid Osakada at (312) 744-0344.

Very truly yours,

Randy Conner
Commissioner
