SECTION 1. If an emerging business permit to engage in the business of selling prepackaged food and non-alcoholic beverages using a mobile cart within a City of Chicago airport has been issued under Section 4-4-022 of the Code, then, notwithstanding any language to the contrary in subsection (d) of Section 4-4-022, the Department of Business Affairs and Consumer Protection is authorized to renew or reissue a permit to operate for an additional two-year period, subject to the condition that the permittee shall operate under the prior conditions of operation authorized by BACP when the original emerging business permit was issued.
