Subject to and as set forth in the introductory paragraph directly above, to the best knowledge of the individual signatory signing this questionnaire, without independent inquiry, BANA further clarifies its response to this statement, as follows:

B. FURTHER CERTIFICATIONS

The Corporation, for itself and its affiliates and subsidiaries including BANA, makes all disclosures required by its regulators in its Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q, which are updated in Reports on Form 8-K, all of which are filed with the U.S. Securities and Exchange Commission (collectively, the "Reports"). These Reports include all disclosures as required by federal law including those pertaining to material business matters such as litigation, criminal convictions, and other legal actions, and may contain information which is further responsive to items addressed in the FIES FORM and this Addendum. These Reports are publicly available at the following website: <http://investor.bankofamerica.com/phoenix.zhtml?c=71595&p=irol-sec>. Further, BANA has been the subject of certain formal enforcement actions by the Office of the Comptroller of the Currency (the "OCC"), and information which can be publicly disclosed regarding these formal enforcement actions may be found on the Legal and Regulatory: Enforcement Actions page on the OCC's website at: <http://apps.occ.gov/EnforcementActions/>. In addition, BANA's registered brokerdealer and investment adviser subsidiaries make all required disclosures on their Form BDs as filed with FINRA (formerly the NASD) and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the SRO's and federal law, and are also publicly available. Outside of such Reports and the publicly available filings as noted above, BANA and the Corporation cannot otherwise disclose such information of material non-public nature except where required by applicable law or legal process.

Bank of America, National Association has been the subject of certain formal enforcement actions by the Office of the Comptroller of the Currency (the "OCC"). Information regarding these formal enforcement actions may be found on the Legal and Regulatory: Enforcement Actions page on the OCC's website at: <http://www.occ.treas.gov/EnforcementActions/>

In addition, Bank of America, National Association's registered broker-dealer and investment adviser subsidiaries make all required disclosures on their Form BDs as filed with FINRA (formerly the NASD) and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the SRO's and federal law, and are publicly available. Bank of America, National Association cannot confirm or deny the existence of any other non-public investigation conducted by any governmental agency unless required to do so by law.

Bank of America, National Association's indirect parent, Bank of America Corporation, also makes all required disclosures in its Form 10-K as filed with the Securities and Exchange Commission and its Annual Report as posted on its website at <http://investor.bankofamerica.com/phoenix.zhtml?c=71595&p=irol-reportsannual>.

On December 7, 2010, Bank of America entered into agreements with the Internal Revenue Service (IRS), the Office of the Comptroller of Currency (OCC), a Working Group of 28 State Attorneys General and the Federal Reserve Board, and was also subject to an administrative cease and desist order from the U.S. Securities and Exchange Commission (SEC). The global resolution with these federal and state entities provided for payment of restitution to the IRS and to municipal derivative counterparties allegedly harmed by Bank of America's alleged anticompetitive conduct (including bid rigging) in connection with the marketing and sale of municipal bond derivatives from 1998 to 2003, as well as requiring the Bank to take certain remedial measures.

Importantly, Bank of America was the first and only entity to self-report evidence of the bid-rigging to the Department of Justice (“DOJ”). The Bank’s self-report enabled the various government agencies (including numerous state attorneys general described above) to identify and pursue industry-wide misconduct that may have affected municipalities and others on a nationwide scale, as well as pursue numerous potential violators. In January 2007, as a result of the Bank’s self-reporting and cooperation, DOJ conditionally accepted the Bank into Part A of its Corporate Leniency Program—the highest level of leniency DOJ can provide. Pursuant to Part A of the Leniency Program, subject to the Bank’s continuing cooperation, DOJ will not bring any criminal antitrust prosecution against the Bank in connection with the matters that the Bank reported to DOJ. DOJ has acknowledged that through the agreements outlined above, Bank of America met its obligation, under the Leniency Program, to pay full restitution to the IRS and municipalities. Bank of America paid restitution to the IRS on December 8, 2010.

The Bank also promptly agreed to cooperate with the State Attorneys General (including the New York Attorney General) in their industry-wide investigation. As noted above, the Bank reached a settlement agreement with numerous State Attorneys General (including the New York Attorney General). In recognition of the Bank’s self-reporting and substantial cooperation, the Attorneys General added an exhibit (Exhibit 3) to the end of that settlement agreement. This exhibit describes, in detail, the Bank’s extensive cooperation with the investigations in this matter. In addition, this exhibit describes the importance of the Bank’s cooperation to the Attorneys General investigation. In recognition of the Bank’s agreement to make restitution and its truthful cooperation, the exhibit affirmatively states that “no provision contained in the settlement agreement is intended to be construed as a mandate or recommendation to any independent suspension and/or debarment authority regarding a decision to disqualify, suspend or debar Bank of America . . . from engaging in the provision of any financial services including, but not limited to, the marketing sale or placement of municipal bond derivatives or any other state business”

On or about March 18, 2008, the Office of the Comptroller of the Currency entered a Consent Order against Douglas L. Campbell related to improper payments made to brokers on municipal derivative transactions in 2001 and 2002 while Mr. Campbell was a member of Bank of America’s Municipal Derivatives Desk. Pursuant to the Order, Mr. Campbell was prohibited from a number of activities, including participating in any manner in the conduct of the affairs of various depository and other institutions identified in the Order. The Order also imposed a \$25,000 civil monetary penalty on Mr. Campbell. On or about September 9, 2010, Mr. Campbell pled guilty to (i) conspiracy to restrain trade in violation of 15 U.S.C. § 1, (ii) conspiracy to commit wire fraud in violation of 18 U.S.C. § 371 and §1343, and (iii) wire fraud in violation of 18 U.S.C. § 1343 in the United States District Court for the Southern District of New York. This conduct related to improper bidding practices on Bank of America’s Municipal Derivatives Desk. Mr. Campbell was sentenced on April 22, 2014. On or about December 7, 2010, the Securities and Exchange Commission entered an Administrative Order against Mr. Campbell, related to alleged improper bidding practices on Bank of America’s Municipal Derivatives Desk. The Order barred Mr. Campbell from association with any broker, dealer, or investment adviser. Mr. Campbell was suspended by Bank of America on or about July 24, 2002 and was terminated by Bank of America on or about August 16, 2002.

On or about March 30, 2011, Brian Zwerner pled guilty to conspiracy to make false entries in bank records in violation of 18 U.S.C. § 371 and §1005 in the United States District Court for the Southern District of New York. This conduct related to improper bidding practices on Bank of America’s Municipal Derivatives Desk. Mr. Zwerner was sentenced on July 25, 2014.

On or about December 8, 2011, the Securities and Exchange Commission entered a Cease and Desist Order against Dean Z. Pinard related to alleged improper bidding practices on Bank of America's Municipal Derivatives Desk. Among other things, the Order barred Mr. Pinard from association with any broker, dealer, investment adviser, municipal securities dealer, or municipal advisor and required him to pay approximately \$41,500 in disgorgement and prejudgment interest. In April 2013, Mr. Pinard entered into a Consent Order with the Office of the Comptroller of the Currency pursuant to which the OCC found that, among other things, Mr. Pinard engaged in improper anticompetitive bidding practices while part of Bank of America's Municipal Derivatives Desk. Pursuant to the Order, Mr. Pinard was prohibited from, among other things, participating in any manner in the conduct of the affairs of various depository and other institutions identified in the Order. Mr. Pinard was suspended by Bank of America on or about November 15, 2006 and was terminated by Bank of America on or about April 26, 2007.

On or about February 10, 2014, Phillip D. Murphy pled guilty to (i) conspiracy to commit wire fraud in violation of 18 U.S.C. § 371 and § 1343, (ii) wire fraud in violation of 18 U.S.C. § 1343, and (iii) conspiracy to make false entries in bank records in violation of 18 U.S.C. § 371 and § 1005 in the United States District Court for the Western District of North Carolina. This conduct related to improper bidding practices on Bank of America's Municipal Derivatives Desk. Mr. Murphy is awaiting sentencing. Mr. Murphy was suspended by Bank of America on or about July 25, 2002, and resigned from Bank of America on or about September 4, 2002.

Subject to and as set forth in the introductory paragraph directly above, to the best knowledge of the individual signatory signing this questionnaire, without independent inquiry, BANA further clarifies its response to this statement, as follows:

B. FURTHER CERTIFICATIONS

The Corporation, for itself and its affiliates and subsidiaries including BANA, makes all disclosures required by its regulators in its Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q, which are updated in Reports on Form 8-K, all of which are filed with the U.S. Securities and Exchange Commission (collectively, the "Reports"). These Reports include all disclosures as required by federal law including those pertaining to material business matters such as litigation, criminal convictions, and other legal actions, and may contain information which is further responsive to items addressed in the FIES FORM and this Addendum. These Reports are publicly available at the following website: <http://investor.bankofamerica.com/phoenix.zhtml?c=71595&p=irol-sec>. Further, BANA has been the subject of certain formal enforcement actions by the Office of the Comptroller of the Currency (the "OCC"), and information which can be publicly disclosed regarding these formal enforcement actions may be found on the Legal and Regulatory: Enforcement Actions page on the OCC's website at: <http://apps.occ.gov/EnforcementActions/>. In addition, BANA's registered brokerdealer and investment adviser subsidiaries make all required disclosures on their Form BDs as filed with FINRA (formerly the NASD) and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the SRO's and federal law, and are also publicly available. Outside of such Reports and the publicly available filings as noted above, BANA and the Corporation cannot otherwise disclose such information of material non-public nature except where required by applicable law or legal process.

Bank of America, National Association has been the subject of certain formal enforcement actions by the Office of the Comptroller of the Currency (the "OCC"). Information regarding these formal enforcement actions may be found on the Legal and Regulatory: Enforcement Actions page on the OCC's website at: <http://www.occ.treas.gov/EnforcementActions/>

In addition, Bank of America, National Association's registered broker-dealer and investment adviser subsidiaries make all required disclosures on their Form BDs as filed with FINRA (formerly the NASD) and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the SRO's and federal law, and are publicly available. Bank of America, National Association cannot confirm or deny the existence of any other non-public investigation conducted by any governmental agency unless required to do so by law.

Bank of America, National Association's indirect parent, Bank of America Corporation, also makes all required disclosures in its Form 10-K as filed with the Securities and Exchange Commission and its Annual Report as posted on its website at <http://investor.bankofamerica.com/phoenix.zhtml?c=71595&p=irol-reportsannual>.

On December 7, 2010, Bank of America entered into agreements with the Internal Revenue Service (IRS), the Office of the Comptroller of Currency (OCC), a Working Group of 28 State Attorneys General and the Federal Reserve Board, and was also subject to an administrative cease and desist order from the U.S. Securities and Exchange Commission (SEC). The global resolution with these federal and state entities provided for payment of restitution to the IRS and to municipal derivative counterparties allegedly harmed by Bank of America's alleged anticompetitive conduct (including bid rigging) in connection with the marketing and sale of municipal bond derivatives from 1998 to 2003, as well as requiring the Bank to take certain remedial measures.

Importantly, Bank of America was the first and only entity to self-report evidence of the bid-rigging to the Department of Justice (“DOJ”). The Bank’s self-report enabled the various government agencies (including numerous state attorneys general described above) to identify and pursue industry-wide misconduct that may have affected municipalities and others on a nationwide scale, as well as pursue numerous potential violators. In January 2007, as a result of the Bank’s self-reporting and cooperation, DOJ conditionally accepted the Bank into Part A of its Corporate Leniency Program—the highest level of leniency DOJ can provide. Pursuant to Part A of the Leniency Program, subject to the Bank’s continuing cooperation, DOJ will not bring any criminal antitrust prosecution against the Bank in connection with the matters that the Bank reported to DOJ. DOJ has acknowledged that through the agreements outlined above, Bank of America met its obligation, under the Leniency Program, to pay full restitution to the IRS and municipalities. Bank of America paid restitution to the IRS on December 8, 2010.

The Bank also promptly agreed to cooperate with the State Attorneys General (including the New York Attorney General) in their industry-wide investigation. As noted above, the Bank reached a settlement agreement with numerous State Attorneys General (including the New York Attorney General). In recognition of the Bank’s self-reporting and substantial cooperation, the Attorneys General added an exhibit (Exhibit 3) to the end of that settlement agreement. This exhibit describes, in detail, the Bank’s extensive cooperation with the investigations in this matter. In addition, this exhibit describes the importance of the Bank’s cooperation to the Attorneys General investigation. In recognition of the Bank’s agreement to make restitution and its truthful cooperation, the exhibit affirmatively states that “no provision contained in the settlement agreement is intended to be construed as a mandate or recommendation to any independent suspension and/or debarment authority regarding a decision to disqualify, suspend or debar Bank of America . . . from engaging in the provision of any financial services including, but not limited to, the marketing sale or placement of municipal bond derivatives or any other state business”

On or about March 18, 2008, the Office of the Comptroller of the Currency entered a Consent Order against Douglas L. Campbell related to improper payments made to brokers on municipal derivative transactions in 2001 and 2002 while Mr. Campbell was a member of Bank of America’s Municipal Derivatives Desk. Pursuant to the Order, Mr. Campbell was prohibited from a number of activities, including participating in any manner in the conduct of the affairs of various depository and other institutions identified in the Order. The Order also imposed a \$25,000 civil monetary penalty on Mr. Campbell. On or about September 9, 2010, Mr. Campbell pled guilty to (i) conspiracy to restrain trade in violation of 15 U.S.C. § 1, (ii) conspiracy to commit wire fraud in violation of 18 U.S.C. § 371 and § 1343, and (iii) wire fraud in violation of 18 U.S.C. § 1343 in the United States District Court for the Southern District of New York. This conduct related to improper bidding practices on Bank of America’s Municipal Derivatives Desk. Mr. Campbell was sentenced on April 22, 2014. On or about December 7, 2010, the Securities and Exchange Commission entered an Administrative Order against Mr. Campbell, related to alleged improper bidding practices on Bank of America’s Municipal Derivatives Desk. The Order barred Mr. Campbell from association with any broker, dealer, or investment adviser. Mr. Campbell was suspended by Bank of America on or about July 24, 2002 and was terminated by Bank of America on or about August 16, 2002.

On or about March 30, 2011, Brian Zwerner pled guilty to conspiracy to make false entries in bank records in violation of 18 U.S.C. § 371 and § 1005 in the United States District Court for the Southern District of New York. This conduct related to improper bidding practices on Bank of America’s Municipal Derivatives Desk. Mr. Zwerner was sentenced on July 25, 2014.

On or about December 8, 2011, the Securities and Exchange Commission entered a Cease and Desist Order against Dean Z. Pinard related to alleged improper bidding practices on Bank of America's Municipal Derivatives Desk. Among other things, the Order barred Mr. Pinard from association with any broker, dealer, investment adviser, municipal securities dealer, or municipal advisor and required him to pay approximately \$41,500 in disgorgement and prejudgment interest. In April 2013, Mr. Pinard entered into a Consent Order with the Office of the Comptroller of the Currency pursuant to which the OCC found that, among other things, Mr. Pinard engaged in improper anticompetitive bidding practices while part of Bank of America's Municipal Derivatives Desk. Pursuant to the Order, Mr. Pinard was prohibited from, among other things, participating in any manner in the conduct of the affairs of various depository and other institutions identified in the Order. Mr. Pinard was suspended by Bank of America on or about November 15, 2006 and was terminated by Bank of America on or about April 26, 2007.

On or about February 10, 2014, Phillip D. B. FURTHER CERTIFICATIONS

The Corporation, for itself and its affiliates and subsidiaries including BANA, makes all disclosures required by its regulators in its Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q, which are updated in Reports on Form 8-K, all of which are filed with the U.S. Securities and Exchange Commission (collectively, the "Reports"). These Reports include all disclosures as required by federal law including those pertaining to material business matters such as litigation, criminal convictions, and other legal actions, and may contain information which is further responsive to items addressed in the FIES FORM and this Addendum. These Reports are publicly available at the following website: <http://investor.bankofamerica.com/phoenix.zhtml?c=71595&p=irol-sec>. Further, BANA has been the subject of certain formal enforcement actions by the Office of the Comptroller of the Currency (the "OCC"), and information which can be publicly disclosed regarding these formal enforcement actions may be found on the Legal and Regulatory: Enforcement Actions page on the OCC's website at: <http://apps.occ.gov/EnforcementActions/>. In addition, BANA's registered brokerdealer and investment adviser subsidiaries make all required disclosures on their Form BDs as filed with FINRA (formerly the NASD) and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the SRO's and federal law, and are also publicly available. Outside of such Reports and the publicly available filings as noted above, BANA and the Corporation cannot otherwise disclose such information of material non-public nature except where required by applicable law or legal process.

Bank of America, National Association has been the subject of certain formal enforcement actions by the Office of the Comptroller of the Currency (the "OCC"). Information regarding these formal enforcement actions may be found on the Legal and Regulatory: Enforcement Actions page on the OCC's website at: <http://www.occ.treas.gov/EnforcementActions/>

In addition, Bank of America, National Association's registered broker-dealer and investment adviser subsidiaries make all required disclosures on their Form BDs as filed with FINRA (formerly the NASD) and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the SRO's and federal law, and are publicly available. Bank of America, National Association cannot confirm or deny the existence of any other non-public investigation conducted by any governmental agency unless required to do so by law.

Bank of America, National Association's indirect parent, Bank of America Corporation, also makes all required disclosures in its Form 10-K as filed with the Securities and Exchange Commission and its Annual Report as posted on its website at <http://investor.bankofamerica.com/phoenix.zhtml?c=71595&p=irol-reportsannual>.

On December 7, 2010, Bank of America entered into agreements with the Internal Revenue Service (IRS), the Office of the Comptroller of Currency (OCC), a Working Group of 28 State Attorneys General and the Federal Reserve Board, and was also subject to an administrative cease and desist order from the U.S. Securities and Exchange Commission (SEC). The global resolution with these federal and state entities provided for payment of restitution to the IRS and to municipal derivative counterparties allegedly harmed by Bank of America's alleged anticompetitive conduct (including bid rigging) in connection with the marketing and sale of municipal bond derivatives from 1998 to 2003, as well as requiring the Bank to take certain remedial measures.

Importantly, Bank of America was the first and only entity to self-report evidence of the bid-rigging to the Department of Justice (“DOJ”). The Bank’s self-report enabled the various government agencies (including numerous state attorneys general described above) to identify and pursue industry-wide misconduct that may have affected municipalities and others on a nationwide scale, as well as pursue numerous potential violators. In January 2007, as a result of the Bank’s self-reporting and cooperation, DOJ conditionally accepted the Bank into Part A of its Corporate Leniency Program—the highest level of leniency DOJ can provide. Pursuant to Part A of the Leniency Program, subject to the Bank’s continuing cooperation, DOJ will not bring any criminal antitrust prosecution against the Bank in connection with the matters that the Bank reported to DOJ. DOJ has acknowledged that through the agreements outlined above, Bank of America met its obligation, under the Leniency Program, to pay full restitution to the IRS and municipalities. Bank of America paid restitution to the IRS on December 8, 2010.

The Bank also promptly agreed to cooperate with the State Attorneys General (including the New York Attorney General) in their industry-wide investigation. As noted above, the Bank reached a settlement agreement with numerous State Attorneys General (including the New York Attorney General). In recognition of the Bank’s self-reporting and substantial cooperation, the Attorneys General added an exhibit (Exhibit 3) to the end of that settlement agreement. This exhibit describes, in detail, the Bank’s extensive cooperation with the investigations in this matter. In addition, this exhibit describes the importance of the Bank’s cooperation to the Attorneys General investigation. In recognition of the Bank’s agreement to make restitution and its truthful cooperation, the exhibit affirmatively states that “no provision contained in the settlement agreement is intended to be construed as a mandate or recommendation to any independent suspension and/or debarment authority regarding a decision to disqualify, suspend or debar Bank of America . . . from engaging in the provision of any financial services including, but not limited to, the marketing sale or placement of municipal bond derivatives or any other state business”

On or about March 18, 2008, the Office of the Comptroller of the Currency entered a Consent Order against Douglas L. Campbell related to improper payments made to brokers on municipal derivative transactions in 2001 and 2002 while Mr. Campbell was a member of Bank of America’s Municipal Derivatives Desk. Pursuant to the Order, Mr. Campbell was prohibited from a number of activities, including participating in any manner in the conduct of the affairs of various depository and other institutions identified in the Order. The Order also imposed a \$25,000 civil monetary penalty on Mr. Campbell. On or about September 9, 2010, Mr. Campbell pled guilty to (i) conspiracy to restrain trade in violation of 15 U.S.C. § 1, (ii) conspiracy to commit wire fraud in violation of 18 U.S.C. § 371 and §1343, and (iii) wire fraud in violation of 18 U.S.C. § 1343 in the United States District Court for the Southern District of New York. This conduct related to improper bidding practices on Bank of America’s Municipal Derivatives Desk. Mr. Campbell was sentenced on April 22, 2014. On or about December 7, 2010, the Securities and Exchange Commission entered an Administrative Order against Mr. Campbell, related to alleged improper bidding practices on Bank of America’s Municipal Derivatives Desk. The Order barred Mr. Campbell from association with any broker, dealer, or investment adviser. Mr. Campbell was suspended by Bank of America on or about July 24, 2002 and was terminated by Bank of America on or about August 16, 2002.

On or about March 30, 2011, Brian Zwerner pled guilty to conspiracy to make false entries in bank records in violation of 18 U.S.C. § 371 and §1005 in the United States District Court for the Southern District of New York. This conduct related to improper bidding practices on Bank of America’s Municipal Derivatives Desk. Mr. Zwerner was sentenced on July 25, 2014.

On or about December 8, 2011, the Securities and Exchange Commission entered a Cease and Desist Order against Dean Z. Pinard related to alleged improper bidding practices on Bank of America's Municipal Derivatives Desk. Among other things, the Order barred Mr. Pinard from association with any broker, dealer, investment adviser, municipal securities dealer, or municipal advisor and required him to pay approximately \$41,500 in disgorgement and prejudgment interest. In April 2013, Mr. Pinard entered into a Consent Order with the Office of the Comptroller of the Currency pursuant to which the OCC found that, among other things, Mr. Pinard engaged in improper anticompetitive bidding practices while part of Bank of America's Municipal Derivatives Desk. Pursuant to the Order, Mr. Pinard was prohibited from, among other things, participating in any manner in the conduct of the affairs of various depository and other institutions identified in the Order. Mr. Pinard was suspended by Bank of America on or about November 15, 2006 and was terminated by Bank of America on or about April 26, 2007.

On or about February 10, 2014, Phillip D. Murphy pled guilty to (i) conspiracy to commit wire fraud in violation of 18 U.S.C. § 371 and § 1343, (ii) wire fraud in violation of 18 U.S.C. § 1343, and (iii) conspiracy to make false entries in bank records in violation of 18 U.S.C. § 371 and § 1005 in the United States District Court for the Western District of North Carolina. This conduct related to improper bidding practices on Bank of America's Municipal Derivatives Desk. Mr. Murphy is awaiting sentencing. Mr. Murphy was suspended by Bank of America on or about July 25, 2002, and resigned from Bank of America on or about September 4, 2002.

Subject to and as set forth in the introductory paragraph directly above, to the best knowledge of the individual signatory signing this questionnaire, without independent inquiry, BANA further clarifies its response to this statement, as follows:

B. FURTHER CERTIFICATIONS

The Corporation, for itself and its affiliates and subsidiaries including BANA, makes all disclosures required by its regulators in its Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q, which are updated in Reports on Form 8-K, all of which are filed with the U.S. Securities and Exchange Commission (collectively, the "Reports"). These Reports include all disclosures as required by federal law including those pertaining to material business matters such as litigation, criminal convictions, and other legal actions, and may contain information which is further responsive to items addressed in the FIES FORM and this Addendum. These Reports are publicly available at the following website: <http://investor.bankofamerica.com/phoenix.zhtml?c=71595&p=irol-sec>. Further, BANA has been the subject of certain formal enforcement actions by the Office of the Comptroller of the Currency (the "OCC"), and information which can be publicly disclosed regarding these formal enforcement actions may be found on the Legal and Regulatory: Enforcement Actions page on the OCC's website at: <http://apps.occ.gov/EnforcementActions/>. In addition, BANA's registered brokerdealer and investment adviser subsidiaries make all required disclosures on their Form BDs as filed with FINRA (formerly the NASD) and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the SRO's and federal law, and are also publicly available. Outside of such Reports and the publicly available filings as noted above, BANA and the Corporation cannot otherwise disclose such information of material non-public nature except where required by applicable law or legal process.

Bank of America, National Association has been the subject of certain formal enforcement actions by the Office of the Comptroller of the Currency (the "OCC"). Information regarding these formal enforcement actions may be found on the Legal and Regulatory: Enforcement Actions page on the OCC's website at: <http://www.occ.treas.gov/EnforcementActions/>

In addition, Bank of America, National Association's registered broker-dealer and investment adviser subsidiaries make all required disclosures on their Form BDs as filed with FINRA (formerly the NASD) and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the SRO's and federal law, and are publicly available. Bank of America, National Association cannot confirm or deny the existence of any other non-public investigation conducted by any governmental agency unless required to do so by law.

Bank of America, National Association's indirect parent, Bank of America Corporation, also makes all required disclosures in its Form 10-K as filed with the Securities and Exchange Commission and its Annual Report as posted on its website at <http://investor.bankofamerica.com/phoenix.zhtml?c=71595&p=irol-reportsannual>.

On December 7, 2010, Bank of America entered into agreements with the Internal Revenue Service (IRS), the Office of the Comptroller of Currency (OCC), a Working Group of 28 State Attorneys General and the Federal Reserve Board, and was also subject to an administrative cease and desist order from the U.S. Securities and Exchange Commission (SEC). The global resolution with these federal and state entities provided for payment of restitution to the IRS and to municipal derivative counterparties allegedly harmed by Bank of America's alleged anticompetitive conduct (including bid rigging) in connection with the marketing and sale of municipal bond derivatives from 1998 to 2003, as well as requiring the Bank to take certain remedial measures.

Importantly, Bank of America was the first and only entity to self-report evidence of the bid-rigging to the Department of Justice (“DOJ”). The Bank’s self-report enabled the various government agencies (including numerous state attorneys general described above) to identify and pursue industry-wide misconduct that may have affected municipalities and others on a nationwide scale, as well as pursue numerous potential violators. In January 2007, as a result of the Bank’s self-reporting and cooperation, DOJ conditionally accepted the Bank into Part A of its Corporate Leniency Program—the highest level of leniency DOJ can provide. Pursuant to Part A of the Leniency Program, subject to the Bank’s continuing cooperation, DOJ will not bring any criminal antitrust prosecution against the Bank in connection with the matters that the Bank reported to DOJ. DOJ has acknowledged that through the agreements outlined above, Bank of America met its obligation, under the Leniency Program, to pay full restitution to the IRS and municipalities. Bank of America paid restitution to the IRS on December 8, 2010.

The Bank also promptly agreed to cooperate with the State Attorneys General (including the New York Attorney General) in their industry-wide investigation. As noted above, the Bank reached a settlement agreement with numerous State Attorneys General (including the New York Attorney General). In recognition of the Bank’s self-reporting and substantial cooperation, the Attorneys General added an exhibit (Exhibit 3) to the end of that settlement agreement. This exhibit describes, in detail, the Bank’s extensive cooperation with the investigations in this matter. In addition, this exhibit describes the importance of the Bank’s cooperation to the Attorneys General investigation. In recognition of the Bank’s agreement to make restitution and its truthful cooperation, the exhibit affirmatively states that “no provision contained in the settlement agreement is intended to be construed as a mandate or recommendation to any independent suspension and/or debarment authority regarding a decision to disqualify, suspend or debar Bank of America . . . from engaging in the provision of any financial services including, but not limited to, the marketing sale or placement of municipal bond derivatives or any other state business”

On or about March 18, 2008, the Office of the Comptroller of the Currency entered a Consent Order against Douglas L. Campbell related to improper payments made to brokers on municipal derivative transactions in 2001 and 2002 while Mr. Campbell was a member of Bank of America’s Municipal Derivatives Desk. Pursuant to the Order, Mr. Campbell was prohibited from a number of activities, including participating in any manner in the conduct of the affairs of various depository and other institutions identified in the Order. The Order also imposed a \$25,000 civil monetary penalty on Mr. Campbell. On or about September 9, 2010, Mr. Campbell pled guilty to (i) conspiracy to restrain trade in violation of 15 U.S.C. § 1, (ii) conspiracy to commit wire fraud in violation of 18 U.S.C. § 371 and § 1343, and (iii) wire fraud in violation of 18 U.S.C. § 1343 in the United States District Court for the Southern District of New York. This conduct related to improper bidding practices on Bank of America’s Municipal Derivatives Desk. Mr. Campbell was sentenced on April 22, 2014. On or about December 7, 2010, the Securities and Exchange Commission entered an Administrative Order against Mr. Campbell, related to alleged improper bidding practices on Bank of America’s Municipal Derivatives Desk. The Order barred Mr. Campbell from association with any broker, dealer, or investment adviser. Mr. Campbell was suspended by Bank of America on or about July 24, 2002 and was terminated by Bank of America on or about August 16, 2002.

On or about March 30, 2011, Brian Zwerner pled guilty to conspiracy to make false entries in bank records in violation of 18 U.S.C. § 371 and § 1005 in the United States District Court for the Southern District of New York. This conduct related to improper bidding practices on Bank of America’s Municipal Derivatives Desk. Mr. Zwerner was sentenced on July 25, 2014.

On or about December 8, 2011, the Securities and Exchange Commission entered a Cease and Desist Order against Dean Z. Pinard related to alleged improper bidding practices on Bank of America's Municipal Derivatives Desk. Among other things, the Order barred Mr. Pinard from association with any broker, dealer, investment adviser, municipal securities dealer, or municipal advisor and required him to pay approximately \$41,500 in disgorgement and prejudgment interest. In April 2013, Mr. Pinard entered into a Consent Order with the Office of the Comptroller of the Currency pursuant to which the OCC found that, among other things, Mr. Pinard engaged in improper anticompetitive bidding practices while part of Bank of America's Municipal Derivatives Desk. Pursuant to the Order, Mr. Pinard was prohibited from, among other things, participating in any manner in the conduct of the affairs of various depository and other institutions identified in the Order. Mr. Pinard was suspended by Bank of America on or about November 15, 2006 and was terminated by Bank of America on or about April 26, 2007.

On or about February 10, 2014, Phillip D. Murphy pled guilty to (i) conspiracy to commit wire fraud in violation of 18 U.S.C. § 371 and § 1343, (ii) wire fraud in violation of 18 U.S.C. § 1343, and (iii) conspiracy to make false entries in bank records in violation of 18 U.S.C. § 371 and § 1005 in the United States District Court for the Western District of North Carolina. This conduct related to improper bidding practices on Bank of America's Municipal Derivatives Desk. Mr. Murphy is awaiting sentencing. Mr. Murphy was suspended by Bank of America on or about July 25, 2002, and resigned from Bank of America on or about September 4, 2002.

ATTACHMENTS FOR CITIGROUP INC.

ATTACHMENT B FURTHER CERTIFICATION

In the ordinary course of business, Citigroup Inc. ("Citigroup") and its subsidiaries and affiliates are defendants or co-defendants in various litigation matters incidental to and typical of the broad range of businesses in which they are engaged. For example, typical actions in broker-dealer subsidiaries are civil suits, arbitration proceedings, and other matters related to activities occurring in the normal course of business as a broker and dealer in securities, as an underwriter of securities, as an investment banker or otherwise. From time to time Citigroup, and certain affiliated entities, are the subjects of inquiries and investigations conducted by federal or state regulatory agencies. Citigroup and its affiliated entities routinely cooperate with such investigations.

On May 20, 2015, Citigroup Inc. announced settlements with the U.S. Department of Justice (DOJ) and the Board of Governors of the Federal Reserve System (FRB) to resolve the previously disclosed investigations into Citi's foreign exchange business. Under the terms of the settlement with the DOJ, Citicorp, a financial services holding company subsidiary of Citigroup, will plead guilty to a violation of the Sherman Antitrust Act, pay a fine of \$925 million and be subject to a three-year probation period, the conditions of which include the continued implementation, remediation and strengthening of Citi's compliance and internal controls. Under the terms of the settlement with the FRB, Citi will pay a civil money penalty of \$342 million and agree to further enhance the control framework governing its foreign exchange business. The payments due under the settlements are covered by Citi's existing legal reserves and will not require a charge to earnings in the second quarter of 2015.

Citigroup is a public company, and as such files periodic and current reports with the U.S. Securities and Exchange Commission as required by the Securities Exchange Act of 1934 that include current descriptions of material regulatory proceedings, investigations and litigation. Copies of Citigroup's periodic reports are on file with the SEC, which can be located at the SEC's website (www.sec.gov).

ATTACHMENT B FURTHER CERTIFICATION

In the ordinary course of business, Citigroup Inc. ("Citigroup") and its subsidiaries and affiliates are defendants or co-defendants in various litigation matters incidental to and typical of the broad range of businesses in which they are engaged. For example, typical actions in broker-dealer subsidiaries are civil suits, arbitration proceedings, and other matters related to activities occurring in the normal course of business as a broker and dealer in securities, as an underwriter of securities, as an investment banker or otherwise. From time to time Citigroup, and certain affiliated entities, are the subjects of inquiries and investigations conducted by federal or state regulatory agencies. Citigroup and its affiliated entities routinely cooperate with such investigations.

On May 20, 2015, Citigroup Inc. announced settlements with the U.S. Department of Justice (DOJ) and the Board of Governors of the Federal Reserve System (FRB) to resolve the previously disclosed investigations into Citi's foreign exchange business. Under the terms of the settlement with the DOJ, Citicorp, a financial services holding company subsidiary of Citigroup, will plead guilty to a violation of the Sherman Antitrust Act, pay a fine of \$925 million and be subject to a three-year probation period, the conditions of which include the continued implementation, remediation and strengthening of Citi's compliance and internal controls. Under the terms of the settlement with the FRB, Citi will pay a civil money penalty of \$342 million and agree to further enhance the control framework governing its foreign exchange business. The payments due under the settlements are covered by Citi's existing legal reserves and will not require a charge to earnings in the second quarter of 2015.

Citigroup is a public company, and as such files periodic and current reports with the U.S. Securities and Exchange Commission as required by the Securities Exchange Act of 1934 that include current descriptions of material regulatory proceedings, investigations and litigation. Copies of Citigroup's periodic reports are on file with the SEC, which can be located at the SEC's website (www.sec.gov).

ATTACHMENTS FOR CITIGROUP INC.

ATTACHMENT B FURTHER CERTIFICATION

In the ordinary course of business, Citigroup Inc. ("Citigroup") and its subsidiaries and affiliates are defendants or co-defendants in various litigation matters incidental to and typical of the broad range of businesses in which they are engaged. For example, typical actions in broker-dealer subsidiaries are civil suits, arbitration proceedings, and other matters related to activities occurring in the normal course of business as a broker and dealer in securities, as an underwriter of securities, as an investment banker or otherwise. From time to time Citigroup, and certain affiliated entities, are the subjects of inquiries and investigations conducted by federal or state regulatory agencies. Citigroup and its affiliated entities routinely cooperate with such investigations.

On May 20, 2015, Citigroup Inc. announced settlements with the U.S. Department of Justice (DOJ) and the Board of Governors of the Federal Reserve System (FRB) to resolve the previously disclosed investigations into Citi's foreign exchange business. Under the terms of the settlement with the DOJ, Citicorp, a financial services holding company subsidiary of Citigroup, will plead guilty to a violation of the Sherman Antitrust Act, pay a fine of \$925 million and be subject to a three-year probation period, the conditions of which include the continued implementation, remediation and strengthening of Citi's compliance and internal controls. Under the terms of the settlement with the FRB, Citi will pay a civil money penalty of \$342 million and agree to further enhance the control framework governing its foreign exchange business. The payments due under the settlements are covered by Citi's existing legal reserves and will not require a charge to earnings in the second quarter of 2015.

Citigroup is a public company, and as such files periodic and current reports with the U.S. Securities and Exchange Commission as required by the Securities Exchange Act of 1934 that include current descriptions of material regulatory proceedings, investigations and litigation. Copies of Citigroup's periodic reports are on file with the SEC, which can be located at the SEC's website (www.sec.gov).

FIFTH THIRD
BANK

RESOLVED FURTHER, that notwithstanding the foregoing, the authority conferred by the above resolutions is hereby restricted to exclude any person who, as an officer of the Bank, would otherwise have been authorized to act, in all situations in which that officer, or any member of his immediate family, shall have any existing or potential economic interest, any existing or potential tax relationship, or any existing or potential conflict of interest, with respect to any trust in which the officer is grantor, settlor, beneficiary or trustee, it being the intent of this restricting resolution to authorize only officers of the Bank who shall have no individual interest in the subject matter of the proposed fiduciary action; specifically, no officer who shall have created any interest subject to fiduciary action by the Bank, or who shall hold any power over such interest, including a beneficial interest, created by another shall have any authority to act on behalf of the Bank with respect to that interest;

RESOLVED FURTHER, that the Officers of the Bank be, and each are hereby, authorized, directed and empowered to perform any and all other acts and things as in such Officer's opinion may be necessary or appropriate in order to carry out the intent and purposes of the foregoing resolution with respect to the Bank, respectively; and

RESOLVED FURTHER, that any act of any Director or Officer of the Bank and of any person designated or authorized to act by any Officer of the Bank, which act would have been authorized by the foregoing resolutions except that such act was taken prior to the adoption of such resolutions, is hereby ratified, confirmed, approved, and adopted as the act of the Bank, respectively.

SECRETARY'S CERTIFICATE

The undersigned does hereby certify that he is the duly elected, qualified, and acting Assistant Secretary of Fifth Third Bank, National Association, a national banking association organized under the laws of the United States and having a main office in Cincinnati, Ohio, and the undersigned does hereby further certify that:

1. Pursuant to Section 805 ILCS 5/1.80, a foreign corporation is defined as a corporation for profit organized under laws other than the laws of Illinois but shall not include a banking corporation organized under the laws of another state or of the United States.

2. Further, 805 ILCS 5/13.05 states that any foreign corporation may secure from the Secretary of State the authority to do business in Illinois excluding corporations engaged in the business of banking, insurance, suretyship, or a business of the character of a building and loan corporation.

3. As a national banking association, Fifth Third Bank is unable to obtain from the Illinois Secretary of State the authority to do business and is, therefore, unable to produce a Certificate of Good Standing evidencing its ability to transact business within the State.

4. Title 12, Section 36 of the United States Code authorizes national banks, regardless of the location of its main office and subject to approval by the Office of the Comptroller of the Currency, to establish and operate branch offices in other states in the same manner as the applicable state law would permit a branch office to be established by a bank chartered by that state. Accordingly, Fifth Third Bank has established branch offices in Illinois in a manner conforming to the Illinois Banking Act and transacts business within the State.

IN WITNESS WHEREOF, I hereunto subscribe my name as of this 26th day of October, 2020.

B.2 The Authorized Representative certifies on behalf of the Disclosing Party, as to the statements contained in Section V. B.2 that based on the Authorized Representative's knowledge, information, and belief, upon due inquiry, that neither the Disclosing Party nor its affiliates are delinquent in paying any fine, fee, tax or other charge owed to the State of Illinois or the City of Chicago except for taxes that are being contested in good faith by appropriate legal proceeding and possible delinquencies in paying a fine, fee, tax or other charge related to (i) property mortgaged to the Disclosing Party or its affiliates, (ii) property owned by the Disclosing Party or its affiliates and leased to others, (iii) foreclosed property now owned by the Disclosing Party or its affiliates, (iv) property owned or held by the Disclosing Party or its affiliates as a fiduciary or nominee, and (v) fines, fees, taxes or other charges that are being contested in good faith by the Disclosing Party or its affiliates by appropriate legal proceeding. If there are any outstanding claims that the Disclosing Party is notified of that Disclosing Party was not aware of previously, Disclosing Party will immediately address them.

B.3 (a-e) With respect to Section V, B.3 (a-e) of the EDS, JPMorgan Chase & Co and JPMorgan Chase Bank, N.A. (hereinafter the "Disclosing Party") certify based on the Disclosing Party's knowledge, information, and belief, upon due inquiry, that such statements are accurate with respect to the executive officers and directors of the Disclosing Party. Based on the Disclosing Party's knowledge, information, and belief, upon due inquiry, JPMorgan Chase & Co. and/or its subsidiaries (collectively, the "Firm") are defendants or putative defendants in numerous legal proceedings, including private civil litigations and regulatory/government investigations. The litigations range from individual actions involving a single plaintiff to class action lawsuits with potentially millions of class members. Investigations involve both formal and informal proceedings, by both governmental agencies and self-regulatory organizations. These legal proceedings are at varying stages of adjudication, arbitration or investigation, and involve each of the Firm's lines of business and geographies and a wide variety of claims (including common law tort and contract claims and statutory antitrust, securities and consumer protection claims), some of which present novel legal theories. Based on current knowledge, the Firm believes it has asserted meritorious defenses to the claims asserted against it in its currently outstanding legal proceedings, intends to defend itself vigorously in all such

matters and does not believe that any pending legal proceeding would have a material effect on the Firm's performance of the services contemplated by the RFP. For further discussion, please refer to JPMorgan Chase & Co.'s publicly-filed disclosures, including its most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q filed with the U.S. Securities and Exchange Commission (available at: <https://investor.shareholder.com/jpmorganchase/sec.cfm>). Moreover, the following matters may be of interest:

JPMorgan Chase & Co. (the "Firm") announced on September 29, 2020 that the Firm has entered into agreements with the U.S. Department of Justice (DOJ), the U.S. Commodity Futures Trading Commission (CFTC) and the U.S. Securities & Exchange Commission (SEC) to resolve investigations into historical trading practices by former employees in the precious metals and U.S. treasuries markets, and related conduct between 2008 and 2016. In connection with the agreements, the Firm will pay a total of approximately \$920 million and has entered into a deferred prosecution agreement (DPA) with the DOJ. The DPA will expire after three years so long as the firm and its subsidiaries, JPMorgan Chase Bank, N.A. and J.P. Morgan Securities LLC, fully comply with their respective obligations under the DPA. The Firm does not expect any disruption of service to clients as a result of these resolutions. The agreements fully resolve investigations by the DOJ, CFTC and SEC facing the Firm on these matters.

JPMorgan Chase Bank, N.A., a national banking association with operations throughout the world has numerous facilities in multiple jurisdictions, but to our knowledge, we are not aware of any such convictions, pending actions and/or prosecutions for environmental laws other than the following actions listed below:

- As a result of environmental audits of operations that JPMorgan Chase Bank, N.A. and certain affiliated entities voluntarily conducted in 2014, 2015 and 2016, the Company discovered a number of compliance issues that it voluntarily self-disclosed to the U.S. Environmental Protection Agency (EPA), and subsequently voluntarily entered into a Consent Agreement and Final Order with EPA in June 2017 (In re: JPMorgan Chase Bank, N.A., Docket Nos. CWA-HQ-2017-6001, EPCRA-HQ-2017-6001, CAA-HQ-2017-6001, RCRA-HQ-2017-6001).
- JPMC entered into the following consent orders with the New York State Department of Environmental Conservation within the past five (5) years:
 - In the Matter of the Violations of Article 17 of the New York State Environmental Conservation Law and Title 6 of the Official Compilation of Codes, Rules, and Regulations of the State of New York by Gregory/Madison Avenue LLC, NYSDEC File No. R2-20140512-262.
 - In the Matter of the Violations of Article 17 of the New York State Environmental Conservation Law and Title 6 of the Official Compilation of Codes, Rules, and Regulations of the State of New York by JPMorgan Chase Bank, N.A., NYSDEC File Nos. R2-20130718-325, R2-20130718-326.
 - In the Matter of the Alleged Violation of Title 10 of Article 17 of the Environmental Conservation Law, as implemented pursuant to Part 613 of Title 6 of the Official Compilation of Codes, Rules and Regulations of the State of New York by JPMorgan Chase & Co., Case No. PBS.OT.2-611102.6.2018.
 - In the Matter of the Alleged Violation of Title 10 of Article 17 of the Environmental Conservation Law, as implemented pursuant to Part 613 of Title 6 of the Official Compilation of Codes, Rules and Regulations of the

State of New York by JPMorgan Chase & Co., Case No. PBS.OT.2-611103.6.2018.

- In the Matter of the Violation of Article 17 of the New York State Environmental Conservation Law by Chase Bank, Case No. R3-074128-14R.

Additionally, JPMC may periodically receive notices from federal, state, and/or local environmental agencies alleging minor compliance issues. JPMC takes these matters seriously and responds promptly to address the issues.

B.11 Except as otherwise set forth in this Attachment A, the Authorized Representative on behalf of the Disclosing Party does not make any certification whatsoever with respect to any Applicable Party other than the Disclosing Party. The Authorized Representative on behalf of the Disclosing Party also certifies that it has not engaged any sub-contractor with respect to this transaction.

The following response is true, accurate and complete based on the Authorized Representative's knowledge, information, and belief relying on information prepared on February 24, 2009, by a consultant at the direction of JPMorgan Chase & Co.

SECTION V -- CERTIFICATIONS

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS.

The Disclosing Party assumed its current name on November 13, 2004, when JPMorgan Chase Bank, a New York banking corporation, was converted into a national banking association under the name JPMorgan Chase Bank, National Association, and both Bank One, National Association (main office Chicago) and Bank One, National Association (main office Columbus) merged into it with the Disclosing Party being the surviving entity.

With regard to predecessors of the Disclosing Party as it existed prior to such merger ("JPMorgan Chase"), the Disclosing Party reports that J. Pierpont Morgan, Sr. was associated with George Peabody & Company and J.S. Morgan & Company (the "Peabody Firms") before he founded Drexel Morgan & Company, which ultimately became part of JPMorgan Chase. Capital supplied by Junius S. Morgan and J. Pierpont Morgan, Sr. appears to have been used to capitalize Drexel Morgan & Company in 1871. Upon the death of Junius S. Morgan, J.S. Morgan & Company came under the control of J. Pierpont Morgan, Sr. and became affiliated with J.P. Morgan & Co. Records indicate that the Peabody Firms had customers that appear to have used enslaved individuals.

JPMorgan Chase and the Bank One banks referred to above (collectively, "Bank One") had predecessor banks in states outside the South that purchased notes issued by, issued letters of credit or made loans to, and/or maintained correspondent accounts with municipalities, banks, companies and individuals located in Southern states where slavery was practiced during the slavery era. These municipalities, banks, companies and individuals are listed on Attachment 1.

Bank One had predecessor banks before 1866 in three Southern states: Kentucky, Louisiana and Virginia. Searches revealed slavery-related information about two Louisiana banks, the Canal Bank (formed in 1831) and the Citizens Bank (formed in 1833), and the Lexington branch of the second Bank of Kentucky (formed in 1835). In 1924 Citizens Bank and Canal Bank merged. Predecessors of JPMorgan Chase had longstanding banking relationships with Canal Bank and its predecessors (see Attachment 1), were creditors of Canal Bank and, in 1931, it appears that a predecessor of JPMorgan Chase led a group of investors that provided capital to Canal Bank and this predecessor of JPMorgan Chase became a shareholder and took a controlling management interest in the Canal Bank. The Canal Bank was placed into liquidation in March-May 1933 based on actions by the State of Louisiana and the federal government. In May 1933, The National Bank of Commerce in New Orleans was formed pursuant to an executive order approved by President Roosevelt and its assets included some of the deposits and loans of the old Canal Bank. Most of the capital for The National Bank of Commerce was provided by the Reconstruction Finance Corporation (owned by the U.S. government), with the remainder coming

from new shareholders. The U.S. government also provided over \$13 million toward the liquidation of the old Canal Bank. In 1947 and 1969, The National Bank of Commerce in New Orleans made two grants to Tulane University, which included archives of the Citizens Bank and Canal Bank. These materials are held at the Tulane Manuscripts Department, Special Collections Division, Howard-Tilton Memorial Library at Tulane University in New Orleans, Louisiana (collectively, the "Tulane Records"). In 1865, the First National Bank of Lexington (subsequently a part of First Security Corporation of Kentucky which was acquired by Bank One in 1992) was formed and assumed the operations of the Lexington Branch of the second Bank of Kentucky. Public records pertaining to the Lexington Branch of the second Bank of Kentucky have been discovered that contain records relevant to this certification (the "Lexington Records"). The Tulane Records, the Lexington Records and other records indicate that:

1. Citizens Bank and Canal Bank provided credit to plantation owners and accepted mortgages from them. The collateral covered by these mortgages included land, equipment and/or enslaved individuals. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1831 to 1865, taking into account the duplication and/or absence of exact data, approximately 21,000 enslaved individuals were listed among the collateral covered by mortgages given to the Louisiana banks.
2. The Lexington Branch of the second Bank of Kentucky also provided credit to plantation owners and accepted mortgages from them. The collateral covered by these mortgages included land, equipment and/or enslaved individuals. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1835 to 1865, taking into account the duplication and/or absence of exact data, approximately 55 enslaved individuals were listed among the collateral covered by mortgages given to the Lexington Branch of the second Bank of Kentucky.
3. When mortgages went unpaid, the banks could initiate foreclosure proceedings. When this occurred, the bank could take ownership of the collateral. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1831 to 1865, taking into account the duplication and/or absence of exact data, approximately 1,300 enslaved individuals were listed among the collateral that the Louisiana banks came to own. There is no evidence of foreclosure proceedings initiated by the Lexington Branch of the second Bank of Kentucky.

Attachment 2 lists information on mortgages as to which one of the Louisiana banks came to own enslaved individuals through foreclosure proceedings, including, where available, the names of those individuals and their prior or subsequent owners. Attachment 3 lists information on mortgages as to which one of the three banks held collateral that included enslaved individuals, including, where available, the names of those individuals and their prior or subsequent owners. The attachments will be supplemented as necessary to reflect any additional information located.

On September 25, 2008, the Disclosing Party acquired from the Federal Deposit Insurance Corporation, as the Receiver of Washington Mutual Bank, Henderson, NV (the "Receiver") certain assets of Washington Mutual Bank.

A review of the records of Washington Mutual Bank, including the records of its predecessor entities, has disclosed no evidence that Washington Mutual Bank nor any of its predecessors had any investments or profits from slavery, any direct involvement in the slave trade, any direct ownership in slaves, or any slaveholder insurance policies from the slavery era. There is evidence, however, that one predecessor entity, The Bowery Savings Bank, New York (1834)

("Bowery Savings"), purchased a \$100,000 bond of a slave holding state, North Carolina. A total of \$44,000 was paid to Bowery Savings by North Carolina in 1868 on account of the bond.

B.3 (a-e) With respect to Section V, B.3 (a-e) of the EDS, JPMorgan Chase & Co. and JPMorgan Chase Bank, N.A. (hereinafter the "Disclosing Party") certify based on the Disclosing Party's knowledge, information, and belief, upon due inquiry, that such statements are accurate with respect to the executive officers and directors of the Disclosing Party. Based on the Disclosing Party's knowledge, information, and belief, upon due inquiry, JPMorgan Chase & Co. and/or its subsidiaries (collectively, the "Firm") are defendants or putative defendants in numerous legal proceedings, including private civil litigations and regulatory/government investigations. The litigations range from individual actions involving a single plaintiff to class action lawsuits with potentially millions of class members. Investigations involve both formal and informal proceedings, by both governmental agencies and self-regulatory organizations. These legal proceedings are at varying stages of adjudication, arbitration or investigation, and involve each of the Firm's lines of business and geographies and a wide variety of claims (including common law tort and contract claims and statutory antitrust, securities and consumer protection claims), some of which present novel legal theories. Based on current knowledge, the Firm believes it has asserted meritorious defenses to the claims asserted against it in its currently outstanding legal proceedings, intends to defend itself vigorously in all such matters and does not believe that any pending legal proceeding would have a material effect on the Firm's performance of the services contemplated by the RFP. For further discussion, please refer to JPMorgan Chase & Co.'s publicly-filed disclosures, including its most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q filed with the U.S. Securities and Exchange Commission (available at: <https://investor.shareholder.com/jpmorganchase/sec.cfm>). Moreover, the following matters may be of interest:

JPMorgan Chase & Co. (the "Firm") announced on September 29, 2020 that the Firm has entered into agreements with the U.S. Department of Justice (DOJ), the U.S. Commodity Futures Trading Commission (CFTC) and the U.S. Securities & Exchange Commission (SEC) to resolve investigations into historical trading practices by former employees in the precious metals and U.S. treasuries markets, and related conduct between 2008 and 2016. In connection with the agreements, the Firm will pay a total of approximately \$920 million

and has entered into a deferred prosecution agreement (DPA) with the DOJ. The DPA will expire after three years so long as the firm and its subsidiaries, JPMorgan Chase Bank, N.A. and J.P. Morgan Securities LLC, fully comply with their respective obligations under the DPA. The Firm does not expect any disruption of service to clients as a result of these resolutions. The agreements fully resolve investigations by the DOJ, CFTC and SEC facing the Firm on these matters.

JPMorgan Chase Bank, N.A., a national banking association with operations throughout the world has numerous facilities in multiple jurisdictions, but to our knowledge, we are not aware of any such convictions, pending actions and/or prosecutions for environmental laws other than the following actions listed below:

- As a result of environmental audits of operations that JPMorgan Chase Bank, N.A. and certain affiliated entities voluntarily conducted in 2014, 2015 and 2016, the Company discovered a number of compliance issues that it voluntarily self-disclosed to the U.S. Environmental Protection Agency (EPA), and subsequently voluntarily entered into a Consent Agreement and Final Order with EPA in June 2017 (In re: JPMorgan Chase Bank, N.A., Docket Nos. CWA-HQ-2017-6001, EPCRA-HQ-2017-6001, CAA-HQ- 2017-6001, RCRA-HQ-2017-6001).
- JPMC entered into the following consent orders with the New York State Department of Environmental Conservation within the past five (5) years:
 - In the Matter of the Violations of Article 17 of the New York State Environmental Conservation Law and Title 6 of the Official Compilation of Codes, Rules, and Regulations of the State of New York by Gregory/Madison Avenue LLC, NYSDEC File No. R2-20140512-262.

 - In the Matter of the Alleged Violation of Title 10 of Article 17 of the Environmental Conservation Law, as implemented pursuant to Part 613 of Title 6 of the Official Compilation of Codes, Rules and Regulations of the State of New York by JPMorgan Chase & Co., Case No. PBS.OT.2-611102.6.2018.
 - In the Matter of the Alleged Violation of Title 10 of Article 17 of the Environmental Conservation Law, as implemented pursuant to Part 613 of Title 6 of the Official Compilation of Codes, Rules and Regulations of the State of New York by JPMorgan Chase & Co., Case No. PBS.OT.2-611103.6.2018.
 - In the Matter of the Violation of Article 17 of the New York State Environmental Conservation Law by Chase Bank, Case No. R3-074128-14R.

Additionally, JPMC may periodically receive notices from federal, state, and/or local environmental agencies alleging minor compliance issues. JPMC takes these matters seriously and responds promptly to address the issues.

The following response is true, accurate and complete based on the Authorized Representative's knowledge, information, and belief relying on information prepared on February 24, 2009, by a consultant at the direction of JPMorgan Chase & Co.

SECTION V -- CERTIFICATIONS

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS.

The Disclosing Party was formed on July 1, 2004, when JPMorgan Chase & Co. acquired Bank One Corporation ("Bank One").

With regard to predecessors of the Disclosing Party as it existed prior to the Bank One Corporation acquisition ("JPMorgan Chase"); the Disclosing Party reports that J. Pierpont Morgan, Sr. was associated with George Peabody & Company and J.S. Morgan & Company (the "Peabody Firms") before he founded Drexel Morgan & Company, which ultimately became part of JPMorgan Chase. Capital supplied by Junius S. Morgan and J. Pierpont Morgan, Sr. appears to have been used to capitalize Drexel Morgan & Company in 1871. Upon the death of Junius S. Morgan, J.S. Morgan & Company came under the control of J. Pierpont Morgan, Sr. and became affiliated with J.P. Morgan & Co. Records indicate that the Peabody Firms had customers that appear to have used enslaved individuals.

JPMorgan Chase and Bank One had predecessor banks in states outside the South that purchased notes issued by, issued letters of credit or made loans to, and/or maintained correspondent accounts with municipalities, banks, companies and individuals located in Southern states where slavery was practiced during the slavery era. These municipalities, banks, companies and individuals are listed on Attachment 1.

Bank One had predecessor banks before 1866 in three Southern states: Kentucky, Louisiana and Virginia. Searches revealed slavery-related information about two Louisiana banks, the Canal Bank (formed in 1831) and the Citizens Bank (formed in 1833), and the Lexington branch of the second Bank of Kentucky (formed in 1835). In 1924 Citizens Bank and Canal Bank merged. Predecessors of JPMorgan Chase had longstanding banking relationships with Canal Bank and its predecessors (see Attachment 1), were creditors of Canal Bank and, in 1931, it appears that a predecessor of JPMorgan Chase led a group of investors that provided capital to Canal Bank and this predecessor of JPMorgan Chase became a shareholder and took a controlling management interest in the Canal Bank. The Canal Bank was placed into liquidation in March-May 1933 based on actions by the State of Louisiana and the federal government. In May 1933, The National Bank of Commerce in New Orleans was formed pursuant to an executive order approved by President Roosevelt and its assets included some of the deposits and loans of the old Canal Bank. Most of the capital for The National Bank of Commerce was provided by the Reconstruction Finance Corporation (owned by the U.S. government), with the remainder coming from new shareholders. The U.S. government also provided over \$13 million toward the liquidation of the old Canal Bank. In 1947 and 1969, The National Bank of Commerce in New

Orleans made two grants to Tulane University, which included archives of the Citizens Bank and Canal Bank. These materials are held at the Tulane Manuscripts Department, Special Collections Division, Howard-Tilton Memorial Library at Tulane University in New Orleans, Louisiana (collectively, the "Tulane Records"). In 1865, the First National Bank of Lexington (subsequently a part of First Security Corporation of Kentucky which was acquired by Bank One in 1992) was formed and assumed the operations of the Lexington Branch of the second Bank of Kentucky. Public records pertaining to the Lexington Branch of the second Bank of Kentucky have been discovered that contain records relevant to this certification (the "Lexington Records"). The Tulane Records, the Lexington Records and other records indicate that:

1. Citizens Bank and Canal Bank provided credit to plantation owners and accepted mortgages from them. The collateral covered by these mortgages included land, equipment and/or enslaved individuals. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1831 to 1865, taking into account the duplication and/or absence of exact data, approximately 21,000 enslaved individuals were listed among the collateral covered by mortgages given to the Louisiana banks.
2. The Lexington Branch of the second Bank of Kentucky also provided credit to plantation owners and accepted mortgages from them. The collateral covered by these mortgages included land, equipment and/or enslaved individuals. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1835 to 1865, taking into account the duplication and/or absence of exact data, approximately 55 enslaved individuals were listed among the collateral covered by mortgages given to the Lexington Branch of the second Bank of Kentucky.
3. When mortgages went unpaid, the banks could initiate foreclosure proceedings. When this occurred, the bank could take ownership of the collateral. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1831 to 1865, taking into account the duplication and/or absence of exact data, approximately 1,300 enslaved individuals were listed among the collateral that the Louisiana banks came to own. There is no evidence of foreclosure proceedings initiated by the Lexington Branch of the second Bank of Kentucky.

Attachment 2 lists information on mortgages as to which one of the Louisiana banks came to own enslaved individuals through foreclosure proceedings, including, where available, the names of those individuals and their prior or subsequent owners. Attachment 3 lists information on mortgages as to which one of the three banks held collateral that included enslaved individuals, including, where available, the names of those individuals and their prior or subsequent owners. The attachments will be supplemented as necessary to reflect any additional information located.

On September 25, 2008, JPMorgan Chase Bank, National Association (a subsidiary of the Disclosing Party) acquired from the Federal Deposit Insurance Corporation, as the Receiver of Washington Mutual Bank, Henderson NV, certain assets of Washington Mutual Bank.

A review of the records of Washington Mutual Bank, including the records of its predecessor entities, has disclosed no evidence that Washington Mutual Bank nor any of its predecessors had any investments or profits from slavery, any direct involvement in the slave trade, any direct ownership in slaves, or any slaveholder insurance policies from the slavery era. There is evidence, however, that one predecessor entity, The Bowery Savings Bank, New York (1834)

("Bowery Savings"), purchased a \$100,000 bond of a slave holding state, North Carolina. A total of \$44,000 was paid to Bowery Savings by North Carolina in 1868 on account of the bond.

Attachment 2

The following list identifies enslaved individuals owned by Citizens Bank of Louisiana and New Orleans Canal & Banking Company in Louisiana from 1831 to 1865.¹ The information is drawn from two sources. The first is a collection of Citizens Bank minute books and papers held at Tulane University. The second is a survey of conveyance and land records held either at the New Orleans Public Library or at local parishes throughout Louisiana.

The list includes every reference to ownership of enslaved individuals by the banks located in these records. The list is arranged by parish and thereafter by date. General references to ownership that did not indicate a specific parish are listed separately.

Each entry includes information on previous (P) and subsequent (S) owners where known. Any available information on the location of the plantation is also recorded and appears in brackets after the previous and subsequent owners. Each entry includes a reference identifying the historical sources used to compile the information.

The information on individuals includes all names identified in the records. In some cases, the same individuals appear to have been involved in several different transactions. However, the records are often not consistent in the spelling of names and are often only partially or poorly indexed. Accordingly, each transaction is listed separately. The names in italics are ones that were difficult to decipher because of handwriting or because the records have faded over time.

ENSLAVED INDIVIDUALS MORTGAGED TO
CITIZENS BANK OF LOUISIANA,

Attachment 3

The following list identifies cases where enslaved individuals were pledged to Citizens Bank of Louisiana, the New Orleans Canal Bank, or the Bank of Kentucky (Lexington Branch) as collateral for mortgages or loans from 1831 to 1865.¹ The information is drawn from three sources. The first is a collection of Citizens Bank minute books and papers held at Tulane University. The second consists of conveyance and mortgage records held at local parishes throughout Louisiana. The final source consists of conveyance records held at the Fayette County Courthouse in Lexington, Kentucky.

The list includes every reference to Citizens Bank, Canal Bank, or Bank of Kentucky (Lexington Branch) customers who secured loans or mortgages with enslaved individuals. The list is arranged alphabetically by parish or county and thereafter by owner. Each entry also includes information on the property and individual names included in the records. Names in italics reflect places where the documents were difficult to decipher because of the handwriting or because the documents have faded over time. The final column identifies the source for the information.

Many loans or mortgages were recorded more than once, including when borrowers died and plantations were sold or passed to others by will or other conveyance, or when loans were changed and had to be re-recorded. The existing records do not always provide enough information to identify when this occurred. Thus, related transactions may appear in separate entries listed under separate individuals. Complicating matters, there was no standardized spelling for many names in the source materials, and no standardized descriptions for many of the properties involved. Duplicate entries were avoided wherever possible, but where there was doubt, multiple entries were provided. Accordingly, some enslaved individuals listed may appear in several different entries.

Attachment B
To: City of Chicago
Economic Disclosure Statement and Affidavit
Filed by: PNC Bank, National Association

This Attachment B modifies and supplements the information provided in the City of Chicago Economic Disclosure Statement and Affidavit executed by the Disclosing Party as of 10/30/20 (the "EDS"). Any capitalized term used in this Attachment B will have the definition set forth in the EDS, except as provided below.

SECTION III: INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

To the best knowledge of the Disclosing Party, after reasonable inquiry, the Disclosing Party has not provided nor reasonably expects to provide any income or compensation during the 12 months preceding or following the date that the Disclosing Party executed the EDS. For purposes of this certification, the term "City elected official" is treated as including only the City's Mayor, Aldermen, Treasurer and Clerk and not including their spouses, domestic partners (as defined in Chapter 2-156 of the Municipal Code) or any entity in which any such person has an interest.

SECTION V – CERTIFICATIONS

B. FURTHER CERTIFICATIONS

With respect to the statements contained in Section V, paragraph B.2, the Disclosing Party certifies, to the best of its knowledge, after reasonable inquiry, that neither the Disclosing Party nor any Affiliated Entity is delinquent in paying any fine, fee, tax or other source of indebtedness owed to the City other than fines, fees, taxes or other charges that are being contested in good faith by the Disclosing Party or such Affiliated Entity by appropriate legal proceedings.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, (x) the statement contained in Section V, paragraph B.3. a, B.3.d and B.3.8 is accurate with respect to itself (the Disclosing Party); and (y) the statements contained in Section V, paragraphs B.3.a through and including B.3.d and B.8 are accurate with respect to the executive officers and directors of the Disclosing Party. With respect to Section V, paragraph B.3.e, due to an error by a third party tax preparer, an executive officer of the Disclosing Party was subject to a civil proceeding in 2020 with regard to payment of State of Illinois State Income taxes for 2018. The lien has since been cleared as of May 2020. With respect to Section V, paragraphs B.3.b, c and e, the Disclosing Party hereby makes reference to the information on legal proceedings set forth in the filings made by its ultimate parent company, The PNC Financial Services Group, Inc., with the Securities and Exchange Commission, which may be found at www.sec.gov or www.pnc.com/secfilings. Copies of the most current such disclosures are attached as Annex I to this Attachment B. Specifically, On the Form 10Q(s) (Quarterly Period Ending June 30, 2020 and Quarterly Period Ending Mar 31, 2020) of the PNC Financial Services Group, Inc., please see Note 14 Legal Proceedings section on pages 1-3 and Note 13 Legal Proceedings section on pages 4-6. On 10K (Fiscal Year Ending December 31, 2019), please see Note 19 Legal Proceedings section on pages 7-12. The Disclosing Party certifies that none of the judgments set forth therein, individually or in the aggregate, would have a material adverse effect on its ability to perform with respect to the Matter. With respect to Section V, paragraph B.3.d., PNC can certify to the best of its knowledge that no public transaction agreements have been terminated for cause or default.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, the statements contained in Section V, paragraphs B.5.a through and including B.5.d and B.6 are accurate with respect to any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity. The Disclosing Party makes no certification concerning (x) any Contractor, any Affiliated Entity of a Contractor or any Agent of any such Contractor or Affiliated Entity; or (y) any agent of the Disclosing Party or any Affiliated Entity of the Disclosing Party. With respect to the statements contained in Section V, paragraph B.7, the Disclosing Party is only certifying with respect to the Disclosing Party and any Affiliated Entity of the Disclosing Party.

D. FINANCIAL INTEREST IN CITY BUSINESS

As to the disclosure set forth in Section V, paragraph D.1., to the best knowledge of the Disclosing Party, after reasonable inquiry, no official or employee of the City of Chicago has a financial interest in his or her own name or in the name of any other person in the Matter.

As to the disclosure set forth in Section V, paragraph D.4., the Disclosing Party only certifies that no official or employee of the City of Chicago will acquire a prohibited financial interest in the Matter from the Disclosing Party, any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

The PNC Financial Services Group, Inc. reviewed the historical records of acquired institutions and discovered two instances of reportable pre-1865 business activities in the records of the National Bank of Kentucky, a predecessor of National City Bank, which is a predecessor of PNC Bank.

- In 1836, the National Bank of Kentucky loaned \$200,000 to the City of Louisville. Records indicate the City then invested in the Lexington & Ohio Railroad Company.
- In 1852, the National Bank of Kentucky loaned \$135,000 to the Louisville & Nashville Railroad Company.

Research indicates that both railroads used slave labor. There is no evidence that any additional transactions were conducted with either railroad.

Certain derivative agreements contain various credit-risk related contingent provisions, such as those that require our debt to maintain a specified credit rating from one or more of the major credit rating agencies. If our debt ratings were to fall below such specified ratings, the counterparties to the derivative instruments could request immediate payment or demand immediate and ongoing full collateralization on derivative instruments in net liability positions. The aggregate fair value of all derivative instruments with credit-risk-related contingent features that were in a net liability position on June 30, 2020 was \$3.1 billion for which we had posted collateral of \$2.5 billion in the normal course of business. The maximum additional amount of collateral we would have been required to post if the credit-risk-related contingent features underlying these agreements had been triggered on June 30, 2020 would be \$.6 billion.

NOTE 14 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of possible losses or ranges of possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings (“Disclosed Matters,” which are those matters disclosed in Note 19 Legal Proceedings in Part II, Item 8 of our 2019 Form 10-K and in Note 13 Legal Proceedings in Part I, Item 1 of our first quarter 2020 Form 10-Q (such prior disclosure referred to as “Prior Disclosure”). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of June 30, 2020, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$100 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

As a result of the types of factors described in Note 19 in our 2019 Form 10-K, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the matters disclosed, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under “Other.”

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff’s claim against us as alleged in the plaintiff’s pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Other Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries, including those described in Prior Disclosure, may involve or lead to regulatory enforcement actions and other administrative proceedings, and may lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences.

Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries, including those described in Prior Disclosure.

Other

In addition to the proceedings or other matters described in Prior Disclosure, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for

monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

NOTE 15 SEGMENT REPORTING

We have three reportable business segments:

- Retail Banking
- Corporate & Institutional Banking
- Asset Management Group

Results of individual businesses are presented based on our internal management reporting practices. There is no comprehensive, authoritative body of guidance for management accounting equivalent to GAAP; therefore, the financial results of our individual businesses are not necessarily comparable with similar information for any other company. We periodically refine our internal methodologies as management reporting practices are enhanced. To the extent significant and practicable, retrospective application of new methodologies is made to prior period reportable business segment results and disclosures to create comparability with the current period.

During the second quarter, we divested our entire 22.4% investment in BlackRock. See Note 2 Discontinued Operations for additional information on the sale and details on our results and cash flows for the three and six months ended June 30, 2020 and 2019. Following the sale and donation, PNC and its affiliates only hold shares of BlackRock stock in a fiduciary capacity for clients of PNC and its affiliates.

Total business segment financial results differ from total consolidated net income. These differences are reflected in the “Other” category in the business segment tables. “Other” includes residual activities that do not meet the criteria for disclosure as a separate reportable business, such as asset and liability management activities including net securities gains or losses, other-than-temporary impairment of investment securities, certain trading activities, certain runoff consumer loan portfolios, private equity investments, intercompany eliminations, certain corporate overhead, tax adjustments that are not allocated to business segments, exited businesses and differences between business segment performance reporting and financial statement reporting (GAAP), including the presentation of net income attributable to noncontrolling interests as the segments’ results exclude their portion of net income attributable to noncontrolling interests. The “Other” category also includes our BlackRock held for sale asset. Assets, revenue and earnings attributable to foreign activities were not material in the period presented for comparison.

Financial results are presented, to the extent practicable, as if each business operated on a stand-alone basis. Additionally, we have aggregated the results for corporate support functions within “Other” for financial reporting purposes.

Net interest income in business segment results reflects our internal funds transfer pricing methodology. Assets receive a funding charge and liabilities and capital receive a funding credit based on a transfer pricing methodology that incorporates product repricing characteristics, tenor and other factors.

We have allocated the ALLL and the allowance for unfunded lending related commitments based on the loan exposures within each business segment’s portfolio. Key reserve assumptions and estimation processes react to and are influenced by observed changes in loan portfolio performance experience, the financial strength of the borrower and economic conditions. Key reserve assumptions are periodically updated.

requirements. These totals may differ from the amounts presented in the preceding offsetting table because these totals may include collateral exchanged under an agreement that does not qualify as a master netting agreement or because the total amount of collateral held or pledged exceeds the net derivative fair values with the counterparty as of the balance sheet date due to timing or other factors, such as initial margin. To the extent not netted against the derivative fair values under a master netting agreement, the receivable for cash pledged is included in Other assets and the obligation for cash held is included in Other liabilities on our Consolidated Balance Sheet. Securities held from counterparties are not recognized on our balance sheet. Likewise securities we have pledged to counterparties remain on our balance sheet.

Certain derivative agreements contain various credit-risk related contingent provisions, such as those that require our debt to maintain a specified credit rating from one or more of the major credit rating agencies. If our debt ratings were to fall below such specified ratings, the counterparties to the derivative instruments could request immediate payment or demand immediate and ongoing full collateralization on derivative instruments in net liability positions. The maximum additional amount of collateral we would have been required to post if the credit-risk-related contingent features underlying these agreements had been triggered on March 31, 2020 would be \$1.1 billion.

NOTE 13 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of March 31, 2020, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$100 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

As a result of the types of factors described in Note 19 in our 2019 Form 10-K, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the matters disclosed, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Pre-need Funeral Arrangements

In March 2020, in the lawsuit pending in the U.S. District Court for the Eastern District of Missouri under the caption *Jo Ann Howard and Associates, P.C., et al. v. Cassity, et al.* (No. 4:09-CV-1252-ERW), on the plaintiffs' motion, the court dismissed the plaintiffs' cross appeal of our appeal of the July 2019 district court award to the plaintiffs. We have also appealed the February 2020 district court award of \$7 million in fees and costs to the plaintiffs.

Other Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries, including those described in Prior Disclosure, may involve or lead to regulatory enforcement actions and other administrative proceedings, and may lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences.

Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries, including that described in Prior Disclosure.

Other

In addition to the proceedings or other matters described in Prior Disclosure, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

NOTE 14 SEGMENT REPORTING

We have four reportable business segments:

- Retail Banking
- Corporate & Institutional Banking
- Asset Management Group
- BlackRock

Results of individual businesses are presented based on our internal management reporting practices. There is no comprehensive, authoritative body of guidance for management accounting equivalent to GAAP; therefore, the financial results of our individual businesses are not necessarily comparable with similar information for any other company. We periodically refine our internal methodologies as management reporting practices are enhanced. To the extent significant and practicable, retrospective application of new methodologies is made to prior period reportable business segment results and disclosures to create comparability with the current period.

Total business segment financial results differ from total consolidated net income. These differences are reflected in the “Other” category in the business segment tables. “Other” includes residual activities that do not meet the criteria for disclosure as a separate reportable business, such as asset and liability management activities including net securities gains or losses, other-than-temporary impairment of investment securities, certain trading activities, certain runoff consumer loan portfolios, private equity investments, intercompany eliminations, certain corporate overhead, tax adjustments that are not allocated to business segments, gains or losses related to BlackRock transactions, exited businesses and differences between business segment performance reporting and financial statement reporting (GAAP), including the presentation of net income attributable to noncontrolling interests as the segments’ results exclude their portion of net income attributable to noncontrolling interests. Assets, revenue and earnings attributable to foreign activities were not material in the period presented for comparison.

Financial results are presented, to the extent practicable, as if each business operated on a stand-alone basis. Additionally, we have aggregated the results for corporate support functions within “Other” for financial reporting purposes.

Net interest income in business segment results reflects our internal funds transfer pricing methodology. Assets receive a funding charge and liabilities and capital receive a funding credit based on a transfer pricing methodology that incorporates product repricing characteristics, tenor and other factors.

We have allocated the ACL and allowances for loan and lease losses and unfunded commitments and letters of credit based on the loan exposures within each business segment’s portfolio. Key reserve assumptions and estimation processes react to and are influenced by

(a) Calculated using the regulatory capital methodology applicable to us during both 2019 and 2018.

The principal source of parent company cash flow is the dividends it receives from PNC Bank, which may be impacted by the following:

- Capital needs;
- Laws and regulations;
- Corporate policies;
- Contractual restrictions; and
- Other factors.

Also, there are statutory and regulatory limitations on the ability of national banks to pay dividends or make other capital distributions. The amount available for dividend payments to the parent company by PNC Bank without prior regulatory approval was approximately \$3.1 billion at December 31, 2019.

Under federal law, a bank subsidiary generally may not extend credit to, or engage in other types of covered transactions (including the purchase of assets) with, the parent company or its non-bank subsidiaries on terms and under circumstances that are not substantially the same as comparable transactions with nonaffiliates. A bank subsidiary may not extend credit to, or engage in a covered transaction with, the parent company or a non-bank subsidiary if the aggregate amount of the bank's extensions of credit and other covered transactions with the parent company or non-bank subsidiary exceeds 10% of the capital stock and surplus of such bank subsidiary or the aggregate amount of the bank's extensions of credit and other covered transactions with the parent company and all non-bank subsidiaries exceeds 20% of the capital stock and surplus of such bank subsidiary. Such extensions of credit, with limited exceptions, must be at least fully collateralized in accordance with specified collateralization thresholds, with the thresholds varying based on the type of assets serving as collateral. In certain circumstances, federal regulatory authorities may impose more restrictive limitations.

Federal Reserve Board regulations require depository institutions to maintain cash reserves with a Federal Reserve Bank. At December 31, 2019, the balance outstanding at the Federal Reserve Bank was \$23.2 billion.

NOTE 19 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of possible losses or ranges of possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in this Note 19). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of December 31, 2019, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$100 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in

question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

In our experience, legal proceedings are inherently unpredictable. One or more of the following factors frequently contribute to this inherent unpredictability: the proceeding is in its early stages; the damages sought are unspecified, unsupported or uncertain; it is unclear whether a case brought as a class action will be allowed to proceed on that basis or, if permitted to proceed as a class action, how the class will be defined; the other party is seeking relief other than or in addition to compensatory damages (including, in the case of regulatory and governmental investigations and inquiries, the possibility of fines and penalties); the matter presents meaningful legal uncertainties, including novel issues of law; we have not engaged in meaningful settlement discussions; discovery has not started or is not complete; there are significant facts in dispute; the possible outcomes may not be amenable to the use of statistical or quantitative analytical tools; predicting possible outcomes depends on making assumptions about future decisions of courts or regulatory bodies or the behavior of other parties; and there are a large number of parties named as defendants (including where it is uncertain how damages or liability, if any, will be shared among multiple defendants). Generally, the less progress that has been made in the proceedings or the broader the range of potential results, the harder it is for us to estimate losses or ranges of losses that it is reasonably possible we could incur.

As a result of these types of factors, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the matters disclosed, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Interchange Litigation

Beginning in June 2005, a series of antitrust lawsuits were filed against Visa®, Mastercard®, and several major financial institutions, including cases naming National City (since merged into The PNC Financial Services Group, Inc.) and its subsidiary, National City Bank of Kentucky (since merged into National City Bank which in turn was merged into PNC Bank). The plaintiffs in these cases are merchants operating commercial businesses throughout the U.S., as well as trade associations. Some of these cases (including those naming National City entities) were brought as class actions on behalf of all persons or business entities that have accepted Visa or Mastercard. The cases have been consolidated for pre-trial proceedings in the U.S. District Court for the Eastern District of New York under the caption *In re Payment Card Interchange Fee and Merchant-Discount Antitrust Litigation* (Master File No. 1:05-md-1720-MKB-JO).

In July 2012, the parties entered into a memorandum of understanding with the class plaintiffs and an agreement in principle with certain individual plaintiffs with respect to a settlement of these cases, under which the defendants agreed to pay approximately \$6.6 billion collectively to the class and individual settling plaintiffs and agreed to changes in the terms applicable to their respective card networks (including an eight-month reduction in default credit interchange rates). The parties entered into a definitive agreement with respect to this settlement in October 2012. The court granted final approval of the settlement in December 2013. Several objectors appealed the order of approval to the U.S. Court of Appeals for the Second Circuit, which issued an order in June 2016, reversing approval of the settlement and remanding for further proceedings. In November 2016, the plaintiffs filed a petition for a writ of certiorari with the U.S. Supreme Court to challenge the court of appeal's decision. The Supreme Court denied the petition in March 2017.

As a result of the reversal of the approval of the settlement, the class actions have resumed in the district court. In November 2016, the district court appointed separate interim class counsel for a proposed class seeking damages and a proposed class seeking equitable (injunctive) relief. In February 2017, each of these counsel filed a proposed amended and supplemental complaint on behalf of its respective proposed class. These complaints make similar allegations, including that the defendants conspired to monopolize and to fix the prices for general purpose card network services, that the restructuring of Visa and Mastercard, each of which included an initial public offering, violated the antitrust laws, and that the defendants otherwise imposed unreasonable restraints on trade, resulting in the

payment of inflated interchange fees and other fees, which also violated the antitrust laws. In their complaints, collectively the plaintiffs seek, among other things, injunctive relief, unspecified damages (trebled under the antitrust laws) and attorneys' fees. PNC is named as a defendant in the complaint seeking damages but is not named as a defendant in the complaint that seeks equitable relief.

In September 2017, the magistrate judge at the district court granted in part and denied in part the plaintiffs' motions to file their proposed amended complaints. The dispute over amendment arose in part from the decision in *United States v. American Express, Co.*, 838 F.3d 179 (2d Cir. 2016), in which the court held that the relevant market in a similar complaint against American Express is "two-sided," *i.e.*, requires consideration of effects on consumers as well as merchants. In June 2018, the U.S. Supreme Court affirmed (under the caption *Ohio v. American Express Co.*) the court of appeals decision. Previously, the plaintiffs in this litigation had alleged a one-sided market, and, as a result of the court's decision in *American Express*, they sought leave to add claims based on a two-sided market. The order allowed the complaint to be amended to include allegations pertaining to a two-sided market only to the extent those claims are not time-barred, but held that the two-sided market allegations do not relate back to the time of the original complaint and are not subject to tolling. In October 2017, the plaintiffs appealed this order to the presiding district court judge. In August 2018, the judge overruled this decision, finding that the two-sided market allegations do relate back.

In September 2018, the relevant parties entered an amended definitive agreement to resolve the claims of the class seeking damages. In this amended settlement agreement, the parties agreed, among other things, to the following terms:

- An additional settlement payment from all defendants of \$900 million, with Visa's share of the additional settlement payment being \$600 million. The additional settlement payment will be added to the approximately \$5.3 billion previously paid by the defendants pursuant to the original 2012 settlement agreement.
- Up to \$700 million may be returned to the defendants (with up to \$467 million to Visa) if more than 15% of class members (by payment volume) opt out of the class. As more than 15% of class members opted out of the class, \$700 million has been returned to the defendants (\$467 million to Visa).

This amended settlement agreement is subject to court approval. Following preliminary approval in January 2019, and after class notice, the submission of opt-outs, and the filing of objections, the district court granted final approval of the settlement in December 2019. Several objectors have appealed the district court's order granting final approval to the U.S. Court of Appeals for the Second Circuit. Some merchants that opted out from the settlement have brought lawsuits against Visa and Mastercard and one or more of the other issuing banks. Resolution by Visa of claims by merchants that opted out of the settlement, including those that file lawsuits, have been or will be paid from the Visa litigation escrow account.

National City and National City Bank entered into judgment and loss sharing agreements with Visa and certain other banks with respect to all of the above referenced litigation. We were not originally named as defendants in any of the Visa or Mastercard related antitrust litigation nor were we initially parties to the judgment or loss sharing agreements. However, we became responsible for National City's and National City Bank's position in the litigation and responsibilities under the agreements through our acquisition of National City. In addition, following Visa's reorganization in 2007 in contemplation of its initial public offering, U.S. Visa members received shares of Class B Visa common stock, convertible upon resolution of specified litigation, including the remaining litigation described above, into shares of Class A Visa common stock, with the conversion rate adjusted to reflect amounts paid or escrowed to resolve the specified litigation, and also remained responsible for indemnifying Visa against the specified litigation. Our Class B Visa common stock is all subject to this conversion adjustment provision, and we are now responsible for the indemnification obligations of our predecessors as well as ourselves. We have also entered into a Mastercard Settlement and Judgment Sharing Agreement with Mastercard and other financial institution defendants and an Omnibus Agreement Regarding Interchange Litigation Sharing and Settlement Sharing with Visa, Mastercard and other financial institution defendants. The Omnibus Agreement, in substance, apportions resolution of the claims in this litigation into a Visa portion and a Mastercard portion, with the Visa portion being two-thirds and the Mastercard portion being one-third. This apportionment only applies in the case of either a global settlement involving all defendants or an adverse judgment against the defendants, to the extent that damages either are related to the merchants' inter-network conspiracy claims or are otherwise not attributed to specific Mastercard or Visa conduct or damages. The Mastercard portion (or any Mastercard-related liability not subject to the Omnibus Agreement) will then be apportioned under the Mastercard Settlement and Judgment Sharing Agreement among Mastercard and PNC and the other financial institution defendants that are parties to this agreement. The responsibility for the Visa portion (or any Visa-related liability not subject to the Omnibus Agreement) will be apportioned under the pre-existing indemnification responsibilities and judgment and loss sharing agreements.

Residential Mortgage-Backed Securities Indemnification Demands

We have received indemnification demands from several entities sponsoring residential mortgage-backed securities and their affiliates where purchasers of the securities, trustees for the securitization trusts, or monoline insurers have asserted claims against the sponsors and other parties involved in the securitization transactions. National City Mortgage and its predecessors had sold whole loans to the sponsors or their affiliates that were allegedly included in certain of these securitization transactions. According to the indemnification

demands, the claims for which indemnity is being sought are based on alleged misstatements and omissions in the offering documents for these transactions or breaches of representations and warranties relating to the loans made in connection with the transactions. The indemnification demands assert that agreements governing the sale of these loans or the securitization transactions to which National City Mortgage was a party require us to indemnify the sponsors and their affiliates for losses suffered in connection with these claims. The parties have settled several of these disputes. Several of the entities asserting a right to indemnification submitted a demand for our purported share of the settlement amount of claims asserted against it and its affiliates. There has not been any determination that the parties seeking indemnification have any liability to the plaintiffs in connection with the other claims and the amount, if any, for which we are responsible in the settled cases has not been determined.

Pre-need Funeral Arrangements

National City Bank and PNC Bank are defendants in a lawsuit filed in the U.S. District Court for the Eastern District of Missouri under the caption *Jo Ann Howard and Associates, P.C., et al. v. Cassity, et al.* (No. 4:09-CV-1252-ERW) arising out of trustee services provided by Allegiant Bank, a National City Bank and PNC Bank predecessor, with respect to Missouri trusts that held pre-need funeral contract assets. Under a pre-need funeral contract, a customer pays an amount up front in exchange for payment of funeral expenses following the customer's death. In a number of states, including Missouri, pre-need funeral contract sellers are required to deposit a portion of the proceeds of the sale of pre-need funeral contracts in a trust account.

The lawsuit was filed in August 2009 by the Special Deputy Receiver for three insolvent affiliated companies, National Precarranged Services, Inc. a seller of pre-need funeral contracts (NPS), Lincoln Memorial Life Insurance Company (Lincoln), and Memorial Service Life Insurance Company (Memorial). Seven individual state life and health insurance guaranty associations, who claim they are liable under state law for payment of certain benefits under life insurance policies sold by Lincoln and Memorial, and the National Organization of Life & Health Guaranty Associations have also joined the action as plaintiffs. In addition to National City Bank and PNC Bank (added following filing of the lawsuit as successor-in-interest to National City Bank) (the PNC defendants), other defendants included members of the Cassity family, who controlled NPS, Lincoln, and Memorial; officers and directors of NPS, Lincoln, and Memorial; auditors and attorneys for NPS, Lincoln, and Memorial; the trustees of each of the trusts that held pre-need funeral contract assets; and the investment advisor to the Pre-need Trusts. NPS retained several banks to act as trustees for the trusts holding NPS pre-need funeral contract assets (the NPS Trusts), with Allegiant Bank acting as one of these trustees with respect to seven Missouri NPS Trusts. All of the other defendants have settled with the plaintiffs, are otherwise no longer a party to the lawsuit, or are insolvent.

In their Third Amended Complaint, filed in 2012 following the granting by the court in part of motions to dismiss made by the PNC defendants and the other NPS Trust trustees, the plaintiffs allege that Allegiant Bank breached its fiduciary duties and acted negligently as the trustee for the Missouri NPS Trusts. In part as a result of these breaches, the plaintiffs allege, members of the Cassity family, acting in concert with other defendants, were able to improperly remove millions of dollars from the NPS Trusts, which in turn caused NPS, Lincoln, and Memorial to become insolvent. The complaint alleges \$600 million in present and future losses to the plaintiffs due to the insolvency of NPS, Lincoln, and Memorial. The lawsuit seeks, among other things, unspecified actual and punitive damages, various equitable remedies including restitution, attorneys' fees, costs of suit and interest.

In July 2013, five of the six defendants in a parallel federal criminal action, including two members of the Cassity family, entered into plea agreements with the U.S. to resolve criminal charges arising out of their conduct at NPS, Lincoln and Memorial. In August 2013, after a jury trial, the sixth defendant, the investment advisor to the NPS Trusts, was convicted on all criminal counts against him. The criminal charges against the defendants alleged, among other thing, a scheme to defraud Allegiant Bank and the other trustees of the NPS Trusts.

In May 2014, the court granted the plaintiffs' motion to disallow the PNC defendants' affirmative defense relating to the plaintiffs' alleged failure to mitigate damages. In July 2014, the PNC defendants' motion for reconsideration was denied. In September 2014, the plaintiffs filed a motion seeking leave to amend their complaint to reassert aiding and abetting claims, previously dismissed by the court in 2012. The court denied this motion in December 2014. Also in December 2014, the court granted in part and denied in part the PNC defendants' motion for summary judgment.

In March 2015, following a jury trial, the court entered a judgment against the PNC defendants in the amount of \$356 million in compensatory damages and \$36 million in punitive damages. In April 2015, the plaintiffs filed motions with the court seeking \$179 million in pre-judgment interest. Also, in April 2015, the PNC defendants filed motions with the court to reduce the compensatory damages by the amounts paid in settlement by other defendants, to strike the punitive damages award, for judgment as a matter of law, and for a new trial. In November 2015, the court granted the motion to reduce the compensatory damages by amounts paid in settlement by other defendants and denied the other motions by the PNC defendants, with the judgment being reduced as a result to a total of \$289 million, and also denied the plaintiffs' motion for pre-judgment interest.

In December 2015, the PNC defendants appealed the judgment to the U.S. Court of Appeals for the Eighth Circuit. Also in December 2015, the plaintiffs cross-appealed from the court's orders reducing the judgment by amounts paid in settlement by other defendants, denying plaintiffs' motion for pre-judgment interest, and dismissing the plaintiffs' aiding and abetting claims. In August 2017, the court of appeals reversed the judgment to the extent that it was based on tort rather than trust law. The court accordingly held that any damages awarded to the plaintiff will be limited to losses to the trusts in Missouri caused by Allegiant's breaches during the time it acted as trustee; plaintiffs cannot recover for damages to the Missouri trusts after Allegiant's trusteeship or outside of the Missouri trusts, which had been included in the judgment under appeal. The court of appeals otherwise affirmed the judgment, including the dismissal of the aiding and abetting claims, and remanded the case to the district court for further proceedings in light of its decision. In September 2017, plaintiffs filed a motion for rehearing by the panel solely seeking to remove the prohibition on damages being sought for the period following Allegiant's trusteeship. In December 2017, the court denied the petition for rehearing. In July 2019, following a new trial on remand from the court of appeals, the district court awarded the plaintiffs \$72 million in compensatory damages, \$15 million in interest, and \$15 million in punitive damages. The PNC defendants have appealed this judgment to the court of appeals, and plaintiffs have cross-appealed. In December 2019, the court reduced the judgment by approximately \$2.6 million to correct a mathematical error in calculating pre-judgment interest, reducing the total judgment to \$99.5 million. In February 2020, the district court awarded \$7 million in fees and costs to the plaintiffs.

Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries involve or lead to regulatory enforcement actions and other administrative proceedings, and may lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences.

As has been publicly reported, the U.S. Department of Justice is conducting an inquiry relating to the federal Low Income Housing Tax Credit (LIHTC) program directed at program participants. In connection with that inquiry, the Department of Justice has requested information from PNC Bank. We are cooperating with the inquiry.

Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries, including that described in this Note 19.

Other

In addition to the proceedings or other matters described above, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):

Any capitalized term used in this Attachment B will have the definition set forth in the EDS, except as provided below.

SECTION III: INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

To the best knowledge of the Disclosing Party, after reasonable inquiry, the Disclosing Party has not provided nor reasonably expects to provide any income or compensation during the 12 months preceding or following the date that the Disclosing Party executed the EDS. For purposes of this certification, the term "City elected official" is treated as including only the City's Mayor, Aldermen, Treasurer and Clerk and not including their spouses, domestic partners (as defined in Chapter 2-156 of the Municipal Code) or any entity in which any such person has an interest.

SECTION V – CERTIFICATIONS

B. FURTHER CERTIFICATIONS

With respect to the statements contained in Section V, paragraph B.2, the Disclosing Party certifies, to the best of its knowledge, after reasonable inquiry, that neither the Disclosing Party nor any Affiliated Entity is delinquent in paying any fine, fee, tax or other source of indebtedness owed to the City other than fines, fees, taxes or other charges that are being contested in good faith by the Disclosing Party or such Affiliated Entity by appropriate legal proceedings.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, (x) the statement contained in Section V, paragraph B.3. a and B.3.d is accurate with respect to itself (the Disclosing Party); and (y) the statements contained in Section V, paragraphs B.3.a through and including B.3.e are accurate with respect to the executive officers and directors of the Disclosing Party. With respect to Section V, paragraphs B.3.b, c and e, the Disclosing Party hereby makes reference to the information on legal proceedings set forth in the filings made by its parent company, The PNC Financial Services Group, Inc., with the Securities and Exchange Commission, which may be found at www.sec.gov or www.pnc.com/secfilings. Copies of the most current such disclosures are attached as Annex I to this Attachment B. Specifically, On the Form 10Q(s) (Quarterly Period Ending June 30, 2020 and Quarterly Period Ending Mar 31, 2020) of the PNC Financial Services Group, Inc., please see Note 14 Legal Proceedings section on pages 1-3 and Note 13 Legal Proceedings section on pages 4-6. On 10K (Fiscal Year Ending December 31, 2019), please see Note 19 Legal Proceedings section on pages 7-12. The Disclosing Party certifies that none of the judgments set forth therein, individually or in the aggregate, would have a material adverse effect on the Applicant's ability to perform with respect to the Matter. With respect to Section V, paragraph B.3.d., PNC can certify to the best of its knowledge that no public transaction agreements have been terminated for cause or default.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, the statements contained in Section V, paragraphs B.5.a through and including B.5.d and B.6 are accurate with respect to any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity. The Disclosing Party makes no certification concerning (x) any Contractor, any Affiliated Entity of a Contractor or any Agent of any such Contractor or Affiliated Entity; or (y) any agent of the Disclosing Party or any Affiliated Entity of the Disclosing Party.

As to the disclosure set forth in Section V, paragraph D.1., to the best knowledge of the Disclosing Party, after reasonable inquiry, no official or employee of the City of Chicago has a financial interest in his or her own name or in the name of any other person in the Matter.

As to the disclosure set forth in Section V, paragraph D.4., the Disclosing Party only certifies that no official or employee of the City of Chicago will acquire a prohibited financial interest in the Matter from the Disclosing Party, any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

The PNC Financial Services Group, Inc. reviewed the historical records of acquired institutions and discovered two instances of reportable pre-1865 business activities in the records of the National Bank of Kentucky, a predecessor of National City Bank, which is a predecessor of PNC Bank.

- In 1836, the National Bank of Kentucky loaned \$200,000 to the City of Louisville. Records indicate the City then invested in the Lexington & Ohio Railroad Company.
- In 1852, the National Bank of Kentucky loaned \$135,000 to the Louisville & Nashville Railroad Company.

Research indicates that both railroads used slave labor. There is no evidence that any additional transactions were conducted with either railroad.

Certain derivative agreements contain various credit-risk related contingent provisions, such as those that require our debt to maintain a specified credit rating from one or more of the major credit rating agencies. If our debt ratings were to fall below such specified ratings, the counterparties to the derivative instruments could request immediate payment or demand immediate and ongoing full collateralization on derivative instruments in net liability positions. The aggregate fair value of all derivative instruments with credit-risk-related contingent features that were in a net liability position on June 30, 2020 was \$3.1 billion for which we had posted collateral of \$2.5 billion in the normal course of business. The maximum additional amount of collateral we would have been required to post if the credit-risk-related contingent features underlying these agreements had been triggered on June 30, 2020 would be \$.6 billion.

NOTE 14 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of possible losses or ranges of possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings (“Disclosed Matters,” which are those matters disclosed in Note 19 Legal Proceedings in Part II, Item 8 of our 2019 Form 10-K and in Note 13 Legal Proceedings in Part I, Item 1 of our first quarter 2020 Form 10-Q (such prior disclosure referred to as “Prior Disclosure”). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of June 30, 2020, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$100 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

As a result of the types of factors described in Note 19 in our 2019 Form 10-K, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the matters disclosed, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under “Other.”

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff’s claim against us as alleged in the plaintiff’s pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Other Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries, including those described in Prior Disclosure, may involve or lead to regulatory enforcement actions and other administrative proceedings, and may lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences.

Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries, including those described in Prior Disclosure.

Other

In addition to the proceedings or other matters described in Prior Disclosure, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for

monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

NOTE 15 SEGMENT REPORTING

We have three reportable business segments:

- Retail Banking
- Corporate & Institutional Banking
- Asset Management Group

Results of individual businesses are presented based on our internal management reporting practices. There is no comprehensive, authoritative body of guidance for management accounting equivalent to GAAP; therefore, the financial results of our individual businesses are not necessarily comparable with similar information for any other company. We periodically refine our internal methodologies as management reporting practices are enhanced. To the extent significant and practicable, retrospective application of new methodologies is made to prior period reportable business segment results and disclosures to create comparability with the current period.

During the second quarter, we divested our entire 22.4% investment in BlackRock. See Note 2 Discontinued Operations for additional information on the sale and details on our results and cash flows for the three and six months ended June 30, 2020 and 2019. Following the sale and donation, PNC and its affiliates only hold shares of BlackRock stock in a fiduciary capacity for clients of PNC and its affiliates.

Total business segment financial results differ from total consolidated net income. These differences are reflected in the “Other” category in the business segment tables. “Other” includes residual activities that do not meet the criteria for disclosure as a separate reportable business, such as asset and liability management activities including net securities gains or losses, other-than-temporary impairment of investment securities, certain trading activities, certain runoff consumer loan portfolios, private equity investments, intercompany eliminations, certain corporate overhead, tax adjustments that are not allocated to business segments, exited businesses and differences between business segment performance reporting and financial statement reporting (GAAP), including the presentation of net income attributable to noncontrolling interests as the segments’ results exclude their portion of net income attributable to noncontrolling interests. The “Other” category also includes our BlackRock held for sale asset. Assets, revenue and earnings attributable to foreign activities were not material in the period presented for comparison.

Financial results are presented, to the extent practicable, as if each business operated on a stand-alone basis. Additionally, we have aggregated the results for corporate support functions within “Other” for financial reporting purposes.

Net interest income in business segment results reflects our internal funds transfer pricing methodology. Assets receive a funding charge and liabilities and capital receive a funding credit based on a transfer pricing methodology that incorporates product repricing characteristics, tenor and other factors.

We have allocated the ALLL and the allowance for unfunded lending related commitments based on the loan exposures within each business segment’s portfolio. Key reserve assumptions and estimation processes react to and are influenced by observed changes in loan portfolio performance experience, the financial strength of the borrower and economic conditions. Key reserve assumptions are periodically updated.

requirements. These totals may differ from the amounts presented in the preceding offsetting table because these totals may include collateral exchanged under an agreement that does not qualify as a master netting agreement or because the total amount of collateral held or pledged exceeds the net derivative fair values with the counterparty as of the balance sheet date due to timing or other factors, such as initial margin. To the extent not netted against the derivative fair values under a master netting agreement, the receivable for cash pledged is included in Other assets and the obligation for cash held is included in Other liabilities on our Consolidated Balance Sheet. Securities held from counterparties are not recognized on our balance sheet. Likewise securities we have pledged to counterparties remain on our balance sheet.

Certain derivative agreements contain various credit-risk related contingent provisions, such as those that require our debt to maintain a specified credit rating from one or more of the major credit rating agencies. If our debt ratings were to fall below such specified ratings, the counterparties to the derivative instruments could request immediate payment or demand immediate and ongoing full collateralization on derivative instruments in net liability positions. The aggregate fair value of all derivative instruments with credit-risk-related contingent features that were in a net liability position on March 31, 2020 was \$3.5 billion for which we had posted collateral of \$2.4 billion in the normal course of business. The maximum additional amount of collateral we would have been required to post if the credit-risk-related contingent features underlying these agreements had been triggered on March 31, 2020 would be \$1.1 billion.

NOTE 13 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of possible losses or ranges of possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in this Note 13 as well as those matters disclosed in Note 19 Legal Proceedings in Part II, Item 8 of our 2019 Form 10-K (such prior disclosure referred to as "Prior Disclosure")). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of March 31, 2020, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$100 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

As a result of the types of factors described in Note 19 in our 2019 Form 10-K, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the matters disclosed, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Pre-need Funeral Arrangements

In March 2020, in the lawsuit pending in the U.S. District Court for the Eastern District of Missouri under the caption *Jo Ann Howard and Associates, P.C., et al. v. Cassity, et al.* (No. 4:09-CV-1252-ERW), on the plaintiffs' motion, the court dismissed the plaintiffs' cross appeal of our appeal of the July 2019 district court award to the plaintiffs. We have also appealed the February 2020 district court award of \$7 million in fees and costs to the plaintiffs.

Other Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries, including those described in Prior Disclosure, may involve or lead to regulatory enforcement actions and other administrative proceedings, and may lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences.

Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries, including that described in Prior Disclosure.

Other

In addition to the proceedings or other matters described in Prior Disclosure, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

NOTE 14 SEGMENT REPORTING

We have four reportable business segments:

- Retail Banking
- Corporate & Institutional Banking
- Asset Management Group
- BlackRock

Results of individual businesses are presented based on our internal management reporting practices. There is no comprehensive, authoritative body of guidance for management accounting equivalent to GAAP; therefore, the financial results of our individual businesses are not necessarily comparable with similar information for any other company. We periodically refine our internal methodologies as management reporting practices are enhanced. To the extent significant and practicable, retrospective application of new methodologies is made to prior period reportable business segment results and disclosures to create comparability with the current period.

Total business segment financial results differ from total consolidated net income. These differences are reflected in the “Other” category in the business segment tables. “Other” includes residual activities that do not meet the criteria for disclosure as a separate reportable business, such as asset and liability management activities including net securities gains or losses, other-than-temporary impairment of investment securities, certain trading activities, certain runoff consumer loan portfolios, private equity investments, intercompany eliminations, certain corporate overhead, tax adjustments that are not allocated to business segments, gains or losses related to BlackRock transactions, exited businesses and differences between business segment performance reporting and financial statement reporting (GAAP), including the presentation of net income attributable to noncontrolling interests as the segments’ results exclude their portion of net income attributable to noncontrolling interests. Assets, revenue and earnings attributable to foreign activities were not material in the period presented for comparison.

Financial results are presented, to the extent practicable, as if each business operated on a stand-alone basis. Additionally, we have aggregated the results for corporate support functions within “Other” for financial reporting purposes.

Net interest income in business segment results reflects our internal funds transfer pricing methodology. Assets receive a funding charge and liabilities and capital receive a funding credit based on a transfer pricing methodology that incorporates product repricing characteristics, tenor and other factors.

We have allocated the ACL and allowances for loan and lease losses and unfunded commitments and letters of credit based on the loan exposures within each business segment’s portfolio. Key reserve assumptions and estimation processes react to and are influenced by

(a) Calculated using the regulatory capital methodology applicable to us during both 2019 and 2018.

The principal source of parent company cash flow is the dividends it receives from PNC Bank, which may be impacted by the following:

- Capital needs;
- Laws and regulations;
- Corporate policies;
- Contractual restrictions; and
- Other factors.

Also, there are statutory and regulatory limitations on the ability of national banks to pay dividends or make other capital distributions. The amount available for dividend payments to the parent company by PNC Bank without prior regulatory approval was approximately \$3.1 billion at December 31, 2019.

Under federal law, a bank subsidiary generally may not extend credit to, or engage in other types of covered transactions (including the purchase of assets) with, the parent company or its non-bank subsidiaries on terms and under circumstances that are not substantially the same as comparable transactions with nonaffiliates. A bank subsidiary may not extend credit to, or engage in a covered transaction with, the parent company or a non-bank subsidiary if the aggregate amount of the bank's extensions of credit and other covered transactions with the parent company or non-bank subsidiary exceeds 10% of the capital stock and surplus of such bank subsidiary or the aggregate amount of the bank's extensions of credit and other covered transactions with the parent company and all non-bank subsidiaries exceeds 20% of the capital stock and surplus of such bank subsidiary. Such extensions of credit, with limited exceptions, must be at least fully collateralized in accordance with specified collateralization thresholds, with the thresholds varying based on the type of assets serving as collateral. In certain circumstances, federal regulatory authorities may impose more restrictive limitations.

Federal Reserve Board regulations require depository institutions to maintain cash reserves with a Federal Reserve Bank. At December 31, 2019, the balance outstanding at the Federal Reserve Bank was \$23.2 billion.

NOTE 19 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of possible losses or ranges of possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in this Note 19). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of December 31, 2019, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$100 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in

question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

In our experience, legal proceedings are inherently unpredictable. One or more of the following factors frequently contribute to this inherent unpredictability: the proceeding is in its early stages; the damages sought are unspecified, unsupported or uncertain; it is unclear whether a case brought as a class action will be allowed to proceed on that basis or, if permitted to proceed as a class action, how the class will be defined; the other party is seeking relief other than or in addition to compensatory damages (including, in the case of regulatory and governmental investigations and inquiries, the possibility of fines and penalties); the matter presents meaningful legal uncertainties, including novel issues of law; we have not engaged in meaningful settlement discussions; discovery has not started or is not complete; there are significant facts in dispute; the possible outcomes may not be amenable to the use of statistical or quantitative analytical tools; predicting possible outcomes depends on making assumptions about future decisions of courts or regulatory bodies or the behavior of other parties; and there are a large number of parties named as defendants (including where it is uncertain how damages or liability, if any, will be shared among multiple defendants). Generally, the less progress that has been made in the proceedings or the broader the range of potential results, the harder it is for us to estimate losses or ranges of losses that it is reasonably possible we could incur.

As a result of these types of factors, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the matters disclosed, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Interchange Litigation

Beginning in June 2005, a series of antitrust lawsuits were filed against Visa®, Mastercard®, and several major financial institutions, including cases naming National City (since merged into The PNC Financial Services Group, Inc.) and its subsidiary, National City Bank of Kentucky (since merged into National City Bank which in turn was merged into PNC Bank). The plaintiffs in these cases are merchants operating commercial businesses throughout the U.S., as well as trade associations. Some of these cases (including those naming National City entities) were brought as class actions on behalf of all persons or business entities that have accepted Visa or Mastercard. The cases have been consolidated for pre-trial proceedings in the U.S. District Court for the Eastern District of New York under the caption *In re Payment Card Interchange Fee and Merchant-Discount Antitrust Litigation* (Master File No. 1:05-md-1720-MKB-JO).

In July 2012, the parties entered into a memorandum of understanding with the class plaintiffs and an agreement in principle with certain individual plaintiffs with respect to a settlement of these cases, under which the defendants agreed to pay approximately \$6.6 billion collectively to the class and individual settling plaintiffs and agreed to changes in the terms applicable to their respective card networks (including an eight-month reduction in default credit interchange rates). The parties entered into a definitive agreement with respect to this settlement in October 2012. The court granted final approval of the settlement in December 2013. Several objectors appealed the order of approval to the U.S. Court of Appeals for the Second Circuit, which issued an order in June 2016, reversing approval of the settlement and remanding for further proceedings. In November 2016, the plaintiffs filed a petition for a writ of certiorari with the U.S. Supreme Court to challenge the court of appeal's decision. The Supreme Court denied the petition in March 2017.

As a result of the reversal of the approval of the settlement, the class actions have resumed in the district court. In November 2016, the district court appointed separate interim class counsel for a proposed class seeking damages and a proposed class seeking equitable (injunctive) relief. In February 2017, each of these counsel filed a proposed amended and supplemental complaint on behalf of its respective proposed class. These complaints make similar allegations, including that the defendants conspired to monopolize and to fix the prices for general purpose card network services, that the restructuring of Visa and Mastercard, each of which included an initial public offering, violated the antitrust laws, and that the defendants otherwise imposed unreasonable restraints on trade, resulting in the

payment of inflated interchange fees and other fees, which also violated the antitrust laws. In their complaints, collectively the plaintiffs seek, among other things, injunctive relief, unspecified damages (trebled under the antitrust laws) and attorneys' fees. PNC is named as a defendant in the complaint seeking damages but is not named as a defendant in the complaint that seeks equitable relief.

In September 2017, the magistrate judge at the district court granted in part and denied in part the plaintiffs' motions to file their proposed amended complaints. The dispute over amendment arose in part from the decision in *United States v. American Express, Co.*, 838 F.3d 179 (2d Cir. 2016), in which the court held that the relevant market in a similar complaint against American Express is "two-sided," i.e., requires consideration of effects on consumers as well as merchants. In June 2018, the U.S. Supreme Court affirmed (under the caption *Ohio v. American Express Co.*) the court of appeals decision. Previously, the plaintiffs in this litigation had alleged a one-sided market, and, as a result of the court's decision in *American Express*, they sought leave to add claims based on a two-sided market. The order allowed the complaint to be amended to include allegations pertaining to a two-sided market only to the extent those claims are not time-barred, but held that the two-sided market allegations do not relate back to the time of the original complaint and are not subject to tolling. In October 2017, the plaintiffs appealed this order to the presiding district court judge. In August 2018, the judge overruled this decision, finding that the two-sided market allegations do relate back.

In September 2018, the relevant parties entered an amended definitive agreement to resolve the claims of the class seeking damages. In this amended settlement agreement, the parties agreed, among other things, to the following terms:

- An additional settlement payment from all defendants of \$900 million, with Visa's share of the additional settlement payment being \$600 million. The additional settlement payment will be added to the approximately \$5.3 billion previously paid by the defendants pursuant to the original 2012 settlement agreement.
- Up to \$700 million may be returned to the defendants (with up to \$467 million to Visa) if more than 15% of class members (by payment volume) opt out of the class. As more than 15% of class members opted out of the class, \$700 million has been returned to the defendants (\$467 million to Visa).

This amended settlement agreement is subject to court approval. Following preliminary approval in January 2019, and after class notice, the submission of opt-outs, and the filing of objections, the district court granted final approval of the settlement in December 2019. Several objectors have appealed the district court's order granting final approval to the U.S. Court of Appeals for the Second Circuit. Some merchants that opted out from the settlement have brought lawsuits against Visa and Mastercard and one or more of the other issuing banks. Resolution by Visa of claims by merchants that opted out of the settlement, including those that file lawsuits, have been or will be paid from the Visa litigation escrow account.

National City and National City Bank entered into judgment and loss sharing agreements with Visa and certain other banks with respect to all of the above referenced litigation. We were not originally named as defendants in any of the Visa or Mastercard related antitrust litigation nor were we initially parties to the judgment or loss sharing agreements. However, we became responsible for National City's and National City Bank's position in the litigation and responsibilities under the agreements through our acquisition of National City. In addition, following Visa's reorganization in 2007 in contemplation of its initial public offering, U.S. Visa members received shares of Class B Visa common stock, convertible upon resolution of specified litigation, including the remaining litigation described above, into shares of Class A Visa common stock, with the conversion rate adjusted to reflect amounts paid or escrowed to resolve the specified litigation, and also remained responsible for indemnifying Visa against the specified litigation. Our Class B Visa common stock is all subject to this conversion adjustment provision, and we are now responsible for the indemnification obligations of our predecessors as well as ourselves. We have also entered into a Mastercard Settlement and Judgment Sharing Agreement with Mastercard and other financial institution defendants and an Omnibus Agreement Regarding Interchange Litigation Sharing and Settlement Sharing with Visa, Mastercard and other financial institution defendants. The Omnibus Agreement, in substance, apportions resolution of the claims in this litigation into a Visa portion and a Mastercard portion, with the Visa portion being two-thirds and the Mastercard portion being one-third. This apportionment only applies in the case of either a global settlement involving all defendants or an adverse judgment against the defendants, to the extent that damages either are related to the merchants' inter-network conspiracy claims or are otherwise not attributed to specific Mastercard or Visa conduct or damages. The Mastercard portion (or any Mastercard-related liability not subject to the Omnibus Agreement) will then be apportioned under the Mastercard Settlement and Judgment Sharing Agreement among Mastercard and PNC and the other financial institution defendants that are parties to this agreement. The responsibility for the Visa portion (or any Visa-related liability not subject to the Omnibus Agreement) will be apportioned under the pre-existing indemnification responsibilities and judgment and loss sharing agreements.

Residential Mortgage-Backed Securities Indemnification Demands

We have received indemnification demands from several entities sponsoring residential mortgage-backed securities and their affiliates where purchasers of the securities, trustees for the securitization trusts, or monoline insurers have asserted claims against the sponsors and other parties involved in the securitization transactions. National City Mortgage and its predecessors had sold whole loans to the sponsors or their affiliates that were allegedly included in certain of these securitization transactions. According to the indemnification

demands, the claims for which indemnity is being sought are based on alleged misstatements and omissions in the offering documents for these transactions or breaches of representations and warranties relating to the loans made in connection with the transactions. The indemnification demands assert that agreements governing the sale of these loans or the securitization transactions to which National City Mortgage was a party require us to indemnify the sponsors and their affiliates for losses suffered in connection with these claims. The parties have settled several of these disputes. Several of the entities asserting a right to indemnification submitted a demand for our purported share of the settlement amount of claims asserted against it and its affiliates. There has not been any determination that the parties seeking indemnification have any liability to the plaintiffs in connection with the other claims and the amount, if any, for which we are responsible in the settled cases has not been determined.

Pre-need Funeral Arrangements

National City Bank and PNC Bank are defendants in a lawsuit filed in the U.S. District Court for the Eastern District of Missouri under the caption *Jo Ann Howard and Associates, P.C., et al. v. Cassity, et al.* (No. 4:09-CV-1252-ERW) arising out of trustee services provided by Allegiant Bank, a National City Bank and PNC Bank predecessor, with respect to Missouri trusts that held pre-need funeral contract assets. Under a pre-need funeral contract, a customer pays an amount up front in exchange for payment of funeral expenses following the customer's death. In a number of states, including Missouri, pre-need funeral contract sellers are required to deposit a portion of the proceeds of the sale of pre-need funeral contracts in a trust account.

The lawsuit was filed in August 2009 by the Special Deputy Receiver for three insolvent affiliated companies, National Prearranged Services, Inc. a seller of pre-need funeral contracts (NPS), Lincoln Memorial Life Insurance Company (Lincoln), and Memorial Service Life Insurance Company (Memorial). Seven individual state life and health insurance guaranty associations, who claim they are liable under state law for payment of certain benefits under life insurance policies sold by Lincoln and Memorial, and the National Organization of Life & Health Guaranty Associations have also joined the action as plaintiffs. In addition to National City Bank and PNC Bank (added following filing of the lawsuit as successor-in-interest to National City Bank) (the PNC defendants), other defendants included members of the Cassity family, who controlled NPS, Lincoln, and Memorial; officers and directors of NPS, Lincoln, and Memorial; auditors and attorneys for NPS, Lincoln, and Memorial; the trustees of each of the trusts that held pre-need funeral contract assets; and the investment advisor to the Pre-need Trusts. NPS retained several banks to act as trustees for the trusts holding NPS pre-need funeral contract assets (the NPS Trusts), with Allegiant Bank acting as one of these trustees with respect to seven Missouri NPS Trusts. All of the other defendants have settled with the plaintiffs, are otherwise no longer a party to the lawsuit, or are insolvent.

In their Third Amended Complaint, filed in 2012 following the granting by the court in part of motions to dismiss made by the PNC defendants and the other NPS Trust trustees, the plaintiffs allege that Allegiant Bank breached its fiduciary duties and acted negligently as the trustee for the Missouri NPS Trusts. In part as a result of these breaches, the plaintiffs allege, members of the Cassity family, acting in concert with other defendants, were able to improperly remove millions of dollars from the NPS Trusts, which in turn caused NPS, Lincoln, and Memorial to become insolvent. The complaint alleges \$600 million in present and future losses to the plaintiffs due to the insolvency of NPS, Lincoln, and Memorial. The lawsuit seeks, among other things, unspecified actual and punitive damages, various equitable remedies including restitution, attorneys' fees, costs of suit and interest.

In July 2013, five of the six defendants in a parallel federal criminal action, including two members of the Cassity family, entered into plea agreements with the U.S. to resolve criminal charges arising out of their conduct at NPS, Lincoln and Memorial. In August 2013, after a jury trial, the sixth defendant, the investment advisor to the NPS Trusts, was convicted on all criminal counts against him. The criminal charges against the defendants alleged, among other thing, a scheme to defraud Allegiant Bank and the other trustees of the NPS Trusts.

In May 2014, the court granted the plaintiffs' motion to disallow the PNC defendants' affirmative defense relating to the plaintiffs' alleged failure to mitigate damages. In July 2014, the PNC defendants' motion for reconsideration was denied. In September 2014, the plaintiffs filed a motion seeking leave to amend their complaint to reassert aiding and abetting claims, previously dismissed by the court in 2012. The court denied this motion in December 2014. Also in December 2014, the court granted in part and denied in part the PNC defendants' motion for summary judgment.

In March 2015, following a jury trial, the court entered a judgment against the PNC defendants in the amount of \$356 million in compensatory damages and \$36 million in punitive damages. In April 2015, the plaintiffs filed motions with the court seeking \$179 million in pre-judgment interest. Also, in April 2015, the PNC defendants filed motions with the court to reduce the compensatory damages by the amounts paid in settlement by other defendants, to strike the punitive damages award, for judgment as a matter of law, and for a new trial. In November 2015, the court granted the motion to reduce the compensatory damages by amounts paid in settlement by other defendants and denied the other motions by the PNC defendants, with the judgment being reduced as a result to a total of \$289 million, and also denied the plaintiffs' motion for pre-judgment interest.

In December 2015, the PNC defendants appealed the judgment to the U.S. Court of Appeals for the Eighth Circuit. Also in December 2015, the plaintiffs cross-appealed from the court's orders reducing the judgment by amounts paid in settlement by other defendants, denying plaintiffs' motion for pre-judgment interest, and dismissing the plaintiffs' aiding and abetting claims. In August 2017, the court of appeals reversed the judgment to the extent that it was based on tort rather than trust law. The court accordingly held that any damages awarded to the plaintiff will be limited to losses to the trusts in Missouri caused by Allegiant's breaches during the time it acted as trustee; plaintiffs cannot recover for damages to the Missouri trusts after Allegiant's trusteeship or outside of the Missouri trusts, which had been included in the judgment under appeal. The court of appeals otherwise affirmed the judgment, including the dismissal of the aiding and abetting claims, and remanded the case to the district court for further proceedings in light of its decision. In September 2017, plaintiffs filed a motion for rehearing by the panel solely seeking to remove the prohibition on damages being sought for the period following Allegiant's trusteeship. In December 2017, the court denied the petition for rehearing. In July 2019, following a new trial on remand from the court of appeals, the district court awarded the plaintiffs \$72 million in compensatory damages, \$15 million in interest, and \$15 million in punitive damages. The PNC defendants have appealed this judgment to the court of appeals, and plaintiffs have cross-appealed. In December 2019, the court reduced the judgment by approximately \$2.6 million to correct a mathematical error in calculating pre-judgment interest, reducing the total judgment to \$99.5 million. In February 2020, the district court awarded \$7 million in fees and costs to the plaintiffs.

Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries involve or lead to regulatory enforcement actions and other administrative proceedings, and may lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences.

As has been publicly reported, the U.S. Department of Justice is conducting an inquiry relating to the federal Low Income Housing Tax Credit (LIHTC) program directed at program participants. In connection with that inquiry, the Department of Justice has requested information from PNC Bank. We are cooperating with the inquiry.

Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries, including that described in this Note 19.

Other

In addition to the proceedings or other matters described above, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

Attachment B
To: City of Chicago
Economic Disclosure Statement and Affidavit
Filed by: The PNC Financial Services Group, Inc.

This Attachment B modifies and supplements the information provided in the City of Chicago Economic Disclosure Statement and Affidavit executed by the Disclosing Party as of 10/30/20 (the “EDS”). Any capitalized term used in this Attachment B will have the definition set forth in the EDS, except as provided below.

SECTION III: INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

To the best knowledge of the Disclosing Party, after reasonable inquiry, the Disclosing Party has not provided nor reasonably expects to provide any income or compensation during the 12 months preceding or following the date that the Disclosing Party executed the EDS. For purposes of this certification, the term “City elected official” is treated as including only the City’s Mayor, Aldermen, Treasurer and Clerk and not including their spouses, domestic partners (as defined in Chapter 2-156 of the Municipal Code) or any entity in which any such person has an interest.

SECTION V – CERTIFICATIONS

B. FURTHER CERTIFICATIONS

With respect to the statements contained in Section V, paragraph B.2, the Disclosing Party certifies, to the best of its knowledge, after reasonable inquiry, that neither the Disclosing Party nor any Affiliated Entity is delinquent in paying any fine, fee, tax or other source of indebtedness owed to the City other than fines, fees, taxes or other charges that are being contested in good faith by the Disclosing Party or such Affiliated Entity by appropriate legal proceedings.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, (x) the statement contained in Section V, paragraph B.3. a and B.3.d is accurate with respect to itself (the Disclosing Party); and (y) the statements contained in Section V, paragraphs B.3.a through and including B.3.d are accurate with respect to the executive officers and directors of the Disclosing Party. With respect to Section V, paragraph B.3.e, due to an error by a third party tax preparer, an executive officer of the Disclosing Party was subject to a civil proceeding in 2020 with regard to payment of State of Illinois State Income taxes for 2018. The lien has since been cleared as of May 2020. With respect to Section V, paragraphs B.3.b, c and e, the Disclosing Party hereby makes reference to the information on legal proceedings set forth in the filings made by its parent company, The PNC Financial Services Group, Inc., with the Securities and Exchange Commission, which may be found at www.sec.gov or www.pnc.com/secfilings. Copies of the most current such disclosures are attached as Annex I to this Attachment B. Specifically, On the Form 10Q(s) (Quarterly Period Ending June 30, 2020 and Quarterly Period Ending Mar 31, 2020) of the PNC Financial Services Group, Inc., please see Note 14 Legal Proceedings section on pages 1-3 and Note 13 Legal Proceedings section on pages 4-6. On 10K (Fiscal Year Ending December 31, 2019), please see Note 19 Legal Proceedings section on pages 7-12. The Disclosing Party certifies that none of the judgments set forth therein, individually or in the aggregate, would have a material adverse effect on the Applicant’s ability to perform with respect to the Matter. With respect to Section V, paragraph B.3.d., PNC can certify to the best of its knowledge that no public transaction agreements have been terminated for cause or default.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, the statements contained in Section V, paragraphs B.5.a through and including B.5.d and B.6 are accurate with respect to any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity. The Disclosing Party makes no certification concerning (x) any Contractor, any Affiliated Entity of a Contractor or any Agent of any such Contractor or Affiliated Entity; or (y) any agent of the Disclosing Party or any Affiliated Entity of the Disclosing Party.

D. FINANCIAL INTEREST IN CITY BUSINESS

As to the disclosure set forth in Section V, paragraph D.1., to the best knowledge of the Disclosing Party, after reasonable inquiry, no official or employee of the City of Chicago has a financial interest in his or her own name or in the name of any other person in the Matter.

As to the disclosure set forth in Section V, paragraph D.4., the Disclosing Party only certifies that no official or employee of the City of Chicago will acquire a prohibited financial interest in the Matter from the Disclosing Party, any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

The PNC Financial Services Group, Inc. reviewed the historical records of acquired institutions and discovered two instances of reportable pre-1865 business activities in the records of the National Bank of Kentucky, a predecessor of National City Bank, which is a predecessor of PNC Bank.

- In 1836, the National Bank of Kentucky loaned \$200,000 to the City of Louisville. Records indicate the City then invested in the Lexington & Ohio Railroad Company.
- In 1852, the National Bank of Kentucky loaned \$135,000 to the Louisville & Nashville Railroad Company.

Research indicates that both railroads used slave labor. There is no evidence that any additional transactions were conducted with either railroad.

Certain derivative agreements contain various credit-risk related contingent provisions, such as those that require our debt to maintain a specified credit rating from one or more of the major credit rating agencies. If our debt ratings were to fall below such specified ratings, the counterparties to the derivative instruments could request immediate payment or demand immediate and ongoing full collateralization on derivative instruments in net liability positions. The aggregate fair value of all derivative instruments with credit-risk-related contingent features that were in a net liability position on June 30, 2020 was \$3.1 billion for which we had posted collateral of \$2.5 billion in the normal course of business. The maximum additional amount of collateral we would have been required to post if the credit-risk-related contingent features underlying these agreements had been triggered on June 30, 2020 would be \$.6 billion.

NOTE 14 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of possible losses or ranges of possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in Note 19 Legal Proceedings in Part II, Item 8 of our 2019 Form 10-K and in Note 13 Legal Proceedings in Part I, Item 1 of our first quarter 2020 Form 10-Q (such prior disclosure referred to as "Prior Disclosure")). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of June 30, 2020, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$100 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

As a result of the types of factors described in Note 19 in our 2019 Form 10-K, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the matters disclosed, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Other Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries, including those described in Prior Disclosure, may involve or lead to regulatory enforcement actions and other administrative proceedings, and may lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences.

Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries, including those described in Prior Disclosure.

Other

In addition to the proceedings or other matters described in Prior Disclosure, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for

monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

NOTE 15 SEGMENT REPORTING

We have three reportable business segments:

- Retail Banking
- Corporate & Institutional Banking
- Asset Management Group

Results of individual businesses are presented based on our internal management reporting practices. There is no comprehensive, authoritative body of guidance for management accounting equivalent to GAAP; therefore, the financial results of our individual businesses are not necessarily comparable with similar information for any other company. We periodically refine our internal methodologies as management reporting practices are enhanced. To the extent significant and practicable, retrospective application of new methodologies is made to prior period reportable business segment results and disclosures to create comparability with the current period.

During the second quarter, we divested our entire 22.4% investment in BlackRock. See Note 2 Discontinued Operations for additional information on the sale and details on our results and cash flows for the three and six months ended June 30, 2020 and 2019. Following the sale and donation, PNC and its affiliates only hold shares of BlackRock stock in a fiduciary capacity for clients of PNC and its affiliates.

Total business segment financial results differ from total consolidated net income. These differences are reflected in the “Other” category in the business segment tables. “Other” includes residual activities that do not meet the criteria for disclosure as a separate reportable business, such as asset and liability management activities including net securities gains or losses, other-than-temporary impairment of investment securities, certain trading activities, certain runoff consumer loan portfolios, private equity investments, intercompany eliminations, certain corporate overhead, tax adjustments that are not allocated to business segments, exited businesses and differences between business segment performance reporting and financial statement reporting (GAAP), including the presentation of net income attributable to noncontrolling interests as the segments’ results exclude their portion of net income attributable to noncontrolling interests. The “Other” category also includes our BlackRock held for sale asset. Assets, revenue and earnings attributable to foreign activities were not material in the period presented for comparison.

Financial results are presented, to the extent practicable, as if each business operated on a stand-alone basis. Additionally, we have aggregated the results for corporate support functions within “Other” for financial reporting purposes.

Net interest income in business segment results reflects our internal funds transfer pricing methodology. Assets receive a funding charge and liabilities and capital receive a funding credit based on a transfer pricing methodology that incorporates product repricing characteristics, tenor and other factors.

We have allocated the ALLL and the allowance for unfunded lending related commitments based on the loan exposures within each business segment’s portfolio. Key reserve assumptions and estimation processes react to and are influenced by observed changes in loan portfolio performance experience, the financial strength of the borrower and economic conditions. Key reserve assumptions are periodically updated.

requirements. These totals may differ from the amounts presented in the preceding offsetting table because these totals may include collateral exchanged under an agreement that does not qualify as a master netting agreement or because the total amount of collateral held or pledged exceeds the net derivative fair values with the counterparty as of the balance sheet date due to timing or other factors, such as initial margin. To the extent not netted against the derivative fair values under a master netting agreement, the receivable for cash pledged is included in Other assets and the obligation for cash held is included in Other liabilities on our Consolidated Balance Sheet. Securities held from counterparties are not recognized on our balance sheet. Likewise securities we have pledged to counterparties remain on our balance sheet.

Certain derivative agreements contain various credit-risk related contingent provisions, such as those that require our debt to maintain a specified credit rating from one or more of the major credit rating agencies. If our debt ratings were to fall below such specified ratings, the counterparties to the derivative instruments could request immediate payment or demand immediate and ongoing full collateralization on derivative instruments in net liability positions. The aggregate fair value of all derivative instruments with credit-risk-related contingent features that were in a net liability position on March 31, 2020 was \$3.5 billion for which we had posted collateral of \$2.4 billion in the normal course of business. The maximum additional amount of collateral we would have been required to post if the credit-risk-related contingent features underlying these agreements had been triggered on March 31, 2020 would be \$1.1 billion.

NOTE 13 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of possible losses or ranges of possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in this Note 13 as well as those matters disclosed in Note 19 Legal Proceedings in Part II, Item 8 of our 2019 Form 10-K (such prior disclosure referred to as "Prior Disclosure")). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of March 31, 2020, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$100 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

As a result of the types of factors described in Note 19 in our 2019 Form 10-K, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the matters disclosed, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Pre-need Funeral Arrangements

In March 2020, in the lawsuit pending in the U.S. District Court for the Eastern District of Missouri under the caption *Jo Ann Howard and Associates, P.C., et al. v. Cassity, et al.* (No. 4:09-CV-1252-ERW), on the plaintiffs' motion, the court dismissed the plaintiffs' cross appeal of our appeal of the July 2019 district court award to the plaintiffs. We have also appealed the February 2020 district court award of \$7 million in fees and costs to the plaintiffs.

Other Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries, including those described in Prior Disclosure, may involve or lead to regulatory enforcement actions and other administrative proceedings, and may lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences.

Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries, including that described in Prior Disclosure.

We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

To the extent significant and practicable, retrospective application of new methodologies is made to prior period reportable business segment results and disclosures to create comparability with the current period.

Total business segment financial results differ from total consolidated net income. These differences are reflected in the “Other” category in the business segment tables. “Other” includes residual activities that do not meet the criteria for disclosure as a separate reportable business, such as asset and liability management activities including net securities gains or losses, other-than-temporary impairment of investment securities, certain trading activities, certain runoff consumer loan portfolios, private equity investments, intercompany eliminations, certain corporate overhead, tax adjustments that are not allocated to business segments, gains or losses related to BlackRock transactions, exited businesses and differences between business segment performance reporting and financial statement reporting (GAAP), including the presentation of net income attributable to noncontrolling interests as the segments’ results exclude their portion of net income attributable to noncontrolling interests. Assets, revenue and earnings attributable to foreign activities were not material in the period presented for comparison.

Financial results are presented, to the extent practicable, as if each business operated on a stand-alone basis. Additionally, we have aggregated the results for corporate support functions within “Other” for financial reporting purposes.

Net interest income in business segment results reflects our internal funds transfer pricing methodology. Assets receive a funding charge and liabilities and capital receive a funding credit based on a transfer pricing methodology that incorporates product repricing characteristics, tenor and other factors.

We have allocated the ACL and allowances for loan and lease losses and unfunded commitments and letters of credit based on the loan exposures within each business segment’s portfolio. Key reserve assumptions and estimation processes react to and are influenced by

(a) Calculated using the regulatory capital methodology applicable to us during both 2019 and 2018.

The principal source of parent company cash flow is the dividends it receives from PNC Bank, which may be impacted by the following:

- Capital needs;
- Laws and regulations;
- Corporate policies;
- Contractual restrictions; and
- Other factors.

Also, there are statutory and regulatory limitations on the ability of national banks to pay dividends or make other capital distributions. The amount available for dividend payments to the parent company by PNC Bank without prior regulatory approval was approximately \$3.1 billion at December 31, 2019.

Under federal law, a bank subsidiary generally may not extend credit to, or engage in other types of covered transactions (including the purchase of assets) with, the parent company or its non-bank subsidiaries on terms and under circumstances that are not substantially the same as comparable transactions with nonaffiliates. A bank subsidiary may not extend credit to, or engage in a covered transaction with, the parent company or a non-bank subsidiary if the aggregate amount of the bank's extensions of credit and other covered transactions with the parent company or non-bank subsidiary exceeds 10% of the capital stock and surplus of such bank subsidiary or the aggregate amount of the bank's extensions of credit and other covered transactions with the parent company and all non-bank subsidiaries exceeds 20% of the capital stock and surplus of such bank subsidiary. Such extensions of credit, with limited exceptions, must be at least fully collateralized in accordance with specified collateralization thresholds, with the thresholds varying based on the type of assets serving as collateral. In certain circumstances, federal regulatory authorities may impose more restrictive limitations.

Federal Reserve Board regulations require depository institutions to maintain cash reserves with a Federal Reserve Bank. At December 31, 2019, the balance outstanding at the Federal Reserve Bank was \$23.2 billion.

NOTE 19 LEGAL PROCEEDINGS

We establish accruals for legal proceedings, including litigation and regulatory and governmental investigations and inquiries, when information related to the loss contingencies represented by those matters indicates both that a loss is probable and that the amount of loss can be reasonably estimated. Any such accruals are adjusted thereafter as appropriate to reflect changed circumstances. When we are able to do so, we also determine estimates of possible losses or ranges of possible losses, whether in excess of any related accrued liability or where there is no accrued liability, for disclosed legal proceedings ("Disclosed Matters," which are those matters disclosed in this Note 19). For Disclosed Matters where we are able to estimate such possible losses or ranges of possible losses, as of December 31, 2019, we estimate that it is reasonably possible that we could incur losses in excess of related accrued liabilities, if any, in an aggregate amount less than \$100 million. The estimates included in this amount are based on our analysis of currently available information and are subject to significant judgment and a variety of assumptions and uncertainties. As new information is obtained we may change our estimates. Due to the inherent subjectivity of the assessments and unpredictability of outcomes of legal proceedings, any amounts accrued or included in this aggregate amount may not represent the ultimate loss to us from the legal proceedings in

question. Thus, our exposure and ultimate losses may be higher, and possibly significantly so, than the amounts accrued or this aggregate amount.

In our experience, legal proceedings are inherently unpredictable. One or more of the following factors frequently contribute to this inherent unpredictability: the proceeding is in its early stages; the damages sought are unspecified, unsupported or uncertain; it is unclear whether a case brought as a class action will be allowed to proceed on that basis or, if permitted to proceed as a class action, how the class will be defined; the other party is seeking relief other than or in addition to compensatory damages (including, in the case of regulatory and governmental investigations and inquiries, the possibility of fines and penalties); the matter presents meaningful legal uncertainties, including novel issues of law; we have not engaged in meaningful settlement discussions; discovery has not started or is not complete; there are significant facts in dispute; the possible outcomes may not be amenable to the use of statistical or quantitative analytical tools; predicting possible outcomes depends on making assumptions about future decisions of courts or regulatory bodies or the behavior of other parties; and there are a large number of parties named as defendants (including where it is uncertain how damages or liability, if any, will be shared among multiple defendants). Generally, the less progress that has been made in the proceedings or the broader the range of potential results, the harder it is for us to estimate losses or ranges of losses that it is reasonably possible we could incur.

As a result of these types of factors, we are unable, at this time, to estimate the losses that are reasonably possible to be incurred or ranges of such losses with respect to some of the matters disclosed, and the aggregate estimated amount provided above does not include an estimate for every Disclosed Matter. Therefore, as the estimated aggregate amount disclosed above does not include all of the Disclosed Matters, the amount disclosed above does not represent our maximum reasonably possible loss exposure for all of the Disclosed Matters. The estimated aggregate amount also does not reflect any of our exposure to matters not so disclosed, as discussed below under "Other."

We include in some of the descriptions of individual Disclosed Matters certain quantitative information related to the plaintiff's claim against us as alleged in the plaintiff's pleadings or other public filings or otherwise publicly available information. While information of this type may provide insight into the potential magnitude of a matter, it does not necessarily represent our estimate of reasonably possible loss or our judgment as to any currently appropriate accrual.

Some of our exposure in Disclosed Matters may be offset by applicable insurance coverage. We do not consider the possible availability of insurance coverage in determining the amounts of any accruals (although we record the amount of related insurance recoveries that are deemed probable up to the amount of the accrual) or in determining any estimates of possible losses or ranges of possible losses.

Interchange Litigation

Beginning in June 2005, a series of antitrust lawsuits were filed against Visa®, Mastercard®, and several major financial institutions, including cases naming National City (since merged into The PNC Financial Services Group, Inc.) and its subsidiary, National City Bank of Kentucky (since merged into National City Bank which in turn was merged into PNC Bank). The plaintiffs in these cases are merchants operating commercial businesses throughout the U.S., as well as trade associations. Some of these cases (including those naming National City entities) were brought as class actions on behalf of all persons or business entities that have accepted Visa or Mastercard. The cases have been consolidated for pre-trial proceedings in the U.S. District Court for the Eastern District of New York under the caption *In re Payment Card Interchange Fee and Merchant-Discount Antitrust Litigation* (Master File No. 1:05-md-1720-MKB-JO).

In July 2012, the parties entered into a memorandum of understanding with the class plaintiffs and an agreement in principle with certain individual plaintiffs with respect to a settlement of these cases, under which the defendants agreed to pay approximately \$6.6 billion collectively to the class and individual settling plaintiffs and agreed to changes in the terms applicable to their respective card networks (including an eight-month reduction in default credit interchange rates). The parties entered into a definitive agreement with respect to this settlement in October 2012. The court granted final approval of the settlement in December 2013. Several objectors appealed the order of approval to the U.S. Court of Appeals for the Second Circuit, which issued an order in June 2016, reversing approval of the settlement and remanding for further proceedings. In November 2016, the plaintiffs filed a petition for a writ of certiorari with the U.S. Supreme Court to challenge the court of appeal's decision. The Supreme Court denied the petition in March 2017.

As a result of the reversal of the approval of the settlement, the class actions have resumed in the district court. In November 2016, the district court appointed separate interim class counsel for a proposed class seeking damages and a proposed class seeking equitable (injunctive) relief. In February 2017, each of these counsel filed a proposed amended and supplemental complaint on behalf of its respective proposed class. These complaints make similar allegations, including that the defendants conspired to monopolize and to fix the prices for general purpose card network services, that the restructuring of Visa and Mastercard, each of which included an initial public offering, violated the antitrust laws, and that the defendants otherwise imposed unreasonable restraints on trade, resulting in the

payment of inflated interchange fees and other fees, which also violated the antitrust laws. In their complaints, collectively the plaintiffs seek, among other things, injunctive relief, unspecified damages (trebled under the antitrust laws) and attorneys' fees. PNC is named as a defendant in the complaint seeking damages but is not named as a defendant in the complaint that seeks equitable relief.

In September 2017, the magistrate judge at the district court granted in part and denied in part the plaintiffs' motions to file their proposed amended complaints. The dispute over amendment arose in part from the decision in *United States v. American Express, Co.*, 838 F.3d 179 (2d Cir. 2016), in which the court held that the relevant market in a similar complaint against American Express is "two-sided," i.e., requires consideration of effects on consumers as well as merchants. In June 2018, the U.S. Supreme Court affirmed (under the caption *Ohio v. American Express Co.*) the court of appeals decision. Previously, the plaintiffs in this litigation had alleged a one-sided market, and, as a result of the court's decision in *American Express*, they sought leave to add claims based on a two-sided market. The order allowed the complaint to be amended to include allegations pertaining to a two-sided market only to the extent those claims are not time-barred, but held that the two-sided market allegations do not relate back to the time of the original complaint and are not subject to tolling. In October 2017, the plaintiffs appealed this order to the presiding district court judge. In August 2018, the judge overruled this decision, finding that the two-sided market allegations do relate back.

In September 2018, the relevant parties entered an amended definitive agreement to resolve the claims of the class seeking damages. In this amended settlement agreement, the parties agreed, among other things, to the following terms:

- An additional settlement payment from all defendants of \$900 million, with Visa's share of the additional settlement payment being \$600 million. The additional settlement payment will be added to the approximately \$5.3 billion previously paid by the defendants pursuant to the original 2012 settlement agreement.
- Up to \$700 million may be returned to the defendants (with up to \$467 million to Visa) if more than 15% of class members (by payment volume) opt out of the class. As more than 15% of class members opted out of the class, \$700 million has been returned to the defendants (\$467 million to Visa).

This amended settlement agreement is subject to court approval. Following preliminary approval in January 2019, and after class notice, the submission of opt-outs, and the filing of objections, the district court granted final approval of the settlement in December 2019. Several objectors have appealed the district court's order granting final approval to the U.S. Court of Appeals for the Second Circuit. Some merchants that opted out from the settlement have brought lawsuits against Visa and Mastercard and one or more of the other issuing banks. Resolution by Visa of claims by merchants that opted out of the settlement, including those that file lawsuits, have been or will be paid from the Visa litigation escrow account.

National City and National City Bank entered into judgment and loss sharing agreements with Visa and certain other banks with respect to all of the above referenced litigation. We were not originally named as defendants in any of the Visa or Mastercard related antitrust litigation nor were we initially parties to the judgment or loss sharing agreements. However, we became responsible for National City's and National City Bank's position in the litigation and responsibilities under the agreements through our acquisition of National City. In addition, following Visa's reorganization in 2007 in contemplation of its initial public offering, U.S. Visa members received shares of Class B Visa common stock, convertible upon resolution of specified litigation, including the remaining litigation described above, into shares of Class A Visa common stock, with the conversion rate adjusted to reflect amounts paid or escrowed to resolve the specified litigation, and also remained responsible for indemnifying Visa against the specified litigation. Our Class B Visa common stock is all subject to this conversion adjustment provision, and we are now responsible for the indemnification obligations of our predecessors as well as ourselves. We have also entered into a Mastercard Settlement and Judgment Sharing Agreement with Mastercard and other financial institution defendants and an Omnibus Agreement Regarding Interchange Litigation Sharing and Settlement Sharing with Visa, Mastercard and other financial institution defendants. The Omnibus Agreement, in substance, apportions resolution of the claims in this litigation into a Visa portion and a Mastercard portion, with the Visa portion being two-thirds and the Mastercard portion being one-third. This apportionment only applies in the case of either a global settlement involving all defendants or an adverse judgment against the defendants, to the extent that damages either are related to the merchants' inter-network conspiracy claims or are otherwise not attributed to specific Mastercard or Visa conduct or damages. The Mastercard portion (or any Mastercard-related liability not subject to the Omnibus Agreement) will then be apportioned under the Mastercard Settlement and Judgment Sharing Agreement among Mastercard and PNC and the other financial institution defendants that are parties to this agreement. The responsibility for the Visa portion (or any Visa-related liability not subject to the Omnibus Agreement) will be apportioned under the pre-existing indemnification responsibilities and judgment and loss sharing agreements.

Residential Mortgage-Backed Securities Indemnification Demands

We have received indemnification demands from several entities sponsoring residential mortgage-backed securities and their affiliates where purchasers of the securities, trustees for the securitization trusts, or monoline insurers have asserted claims against the sponsors and other parties involved in the securitization transactions. National City Mortgage and its predecessors had sold whole loans to the sponsors or their affiliates that were allegedly included in certain of these securitization transactions. According to the indemnification

demands, the claims for which indemnity is being sought are based on alleged misstatements and omissions in the offering documents for these transactions or breaches of representations and warranties relating to the loans made in connection with the transactions. The indemnification demands assert that agreements governing the sale of these loans or the securitization transactions to which National City Mortgage was a party require us to indemnify the sponsors and their affiliates for losses suffered in connection with these claims. The parties have settled several of these disputes. Several of the entities asserting a right to indemnification submitted a demand for our purported share of the settlement amount of claims asserted against it and its affiliates. There has not been any determination that the parties seeking indemnification have any liability to the plaintiffs in connection with the other claims and the amount, if any, for which we are responsible in the settled cases has not been determined.

Pre-need Funeral Arrangements

National City Bank and PNC Bank are defendants in a lawsuit filed in the U.S. District Court for the Eastern District of Missouri under the caption *Jo Ann Howard and Associates, P.C., et al. v. Cassity, et al.* (No. 4:09-CV-1252-ERW) arising out of trustee services provided by Allegiant Bank, a National City Bank and PNC Bank predecessor, with respect to Missouri trusts that held pre-need funeral contract assets. Under a pre-need funeral contract, a customer pays an amount up front in exchange for payment of funeral expenses following the customer's death. In a number of states, including Missouri, pre-need funeral contract sellers are required to deposit a portion of the proceeds of the sale of pre-need funeral contracts in a trust account.

The lawsuit was filed in August 2009 by the Special Deputy Receiver for three insolvent affiliated companies, National Precarranged Services, Inc. a seller of pre-need funeral contracts (NPS), Lincoln Memorial Life Insurance Company (Lincoln), and Memorial Service Life Insurance Company (Memorial). Seven individual state life and health insurance guaranty associations, who claim they are liable under state law for payment of certain benefits under life insurance policies sold by Lincoln and Memorial, and the National Organization of Life & Health Guaranty Associations have also joined the action as plaintiffs. In addition to National City Bank and PNC Bank (added following filing of the lawsuit as successor-in-interest to National City Bank) (the PNC defendants), other defendants included members of the Cassity family, who controlled NPS, Lincoln, and Memorial; officers and directors of NPS, Lincoln, and Memorial; auditors and attorneys for NPS, Lincoln, and Memorial; the trustees of each of the trusts that held pre-need funeral contract assets; and the investment advisor to the Pre-need Trusts. NPS retained several banks to act as trustees for the trusts holding NPS pre-need funeral contract assets (the NPS Trusts), with Allegiant Bank acting as one of these trustees with respect to seven Missouri NPS Trusts. All of the other defendants have settled with the plaintiffs, are otherwise no longer a party to the lawsuit, or are insolvent.

In their Third Amended Complaint, filed in 2012 following the granting by the court in part of motions to dismiss made by the PNC defendants and the other NPS Trust trustees, the plaintiffs allege that Allegiant Bank breached its fiduciary duties and acted negligently as the trustee for the Missouri NPS Trusts. In part as a result of these breaches, the plaintiffs allege, members of the Cassity family, acting in concert with other defendants, were able to improperly remove millions of dollars from the NPS Trusts, which in turn caused NPS, Lincoln, and Memorial to become insolvent. The complaint alleges \$600 million in present and future losses to the plaintiffs due to the insolvency of NPS, Lincoln, and Memorial. The lawsuit seeks, among other things, unspecified actual and punitive damages, various equitable remedies including restitution, attorneys' fees, costs of suit and interest.

In July 2013, five of the six defendants in a parallel federal criminal action, including two members of the Cassity family, entered into plea agreements with the U.S. to resolve criminal charges arising out of their conduct at NPS, Lincoln and Memorial. In August 2013, after a jury trial, the sixth defendant, the investment advisor to the NPS Trusts, was convicted on all criminal counts against him. The criminal charges against the defendants alleged, among other thing, a scheme to defraud Allegiant Bank and the other trustees of the NPS Trusts.

In May 2014, the court granted the plaintiffs' motion to disallow the PNC defendants' affirmative defense relating to the plaintiffs' alleged failure to mitigate damages. In July 2014, the PNC defendants' motion for reconsideration was denied. In September 2014, the plaintiffs filed a motion seeking leave to amend their complaint to reassert aiding and abetting claims, previously dismissed by the court in 2012. The court denied this motion in December 2014. Also in December 2014, the court granted in part and denied in part the PNC defendants' motion for summary judgment.

In March 2015, following a jury trial, the court entered a judgment against the PNC defendants in the amount of \$356 million in compensatory damages and \$36 million in punitive damages. In April 2015, the plaintiffs filed motions with the court seeking \$179 million in pre-judgment interest. Also, in April 2015, the PNC defendants filed motions with the court to reduce the compensatory damages by the amounts paid in settlement by other defendants, to strike the punitive damages award, for judgment as a matter of law, and for a new trial. In November 2015, the court granted the motion to reduce the compensatory damages by amounts paid in settlement by other defendants and denied the other motions by the PNC defendants, with the judgment being reduced as a result to a total of \$289 million, and also denied the plaintiffs' motion for pre-judgment interest.

In December 2015, the PNC defendants appealed the judgment to the U.S. Court of Appeals for the Eighth Circuit. Also in December 2015, the plaintiffs cross-appealed from the court's orders reducing the judgment by amounts paid in settlement by other defendants, denying plaintiffs' motion for pre-judgment interest, and dismissing the plaintiffs' aiding and abetting claims. In August 2017, the court of appeals reversed the judgment to the extent that it was based on tort rather than trust law. The court accordingly held that any damages awarded to the plaintiff will be limited to losses to the trusts in Missouri caused by Allegiant's breaches during the time it acted as trustee; plaintiffs cannot recover for damages to the Missouri trusts after Allegiant's trusteeship or outside of the Missouri trusts, which had been included in the judgment under appeal. The court of appeals otherwise affirmed the judgment, including the dismissal of the aiding and abetting claims, and remanded the case to the district court for further proceedings in light of its decision. In September 2017, plaintiffs filed a motion for rehearing by the panel solely seeking to remove the prohibition on damages being sought for the period following Allegiant's trusteeship. In December 2017, the court denied the petition for rehearing. In July 2019, following a new trial on remand from the court of appeals, the district court awarded the plaintiffs \$72 million in compensatory damages, \$15 million in interest, and \$15 million in punitive damages. The PNC defendants have appealed this judgment to the court of appeals, and plaintiffs have cross-appealed. In December 2019, the court reduced the judgment by approximately \$2.6 million to correct a mathematical error in calculating pre-judgment interest, reducing the total judgment to \$99.5 million. In February 2020, the district court awarded \$7 million in fees and costs to the plaintiffs.

Regulatory and Governmental Inquiries

We are the subject of investigations, audits, examinations and other forms of regulatory and governmental inquiry covering a broad range of issues in our consumer, mortgage, brokerage, securities and other financial services businesses, as well as other aspects of our operations. In some cases, these inquiries are part of reviews of specified activities at multiple industry participants; in others, they are directed at PNC individually. From time to time, these inquiries involve or lead to regulatory enforcement actions and other administrative proceedings, and may lead to civil or criminal judicial proceedings. Some of these inquiries result in remedies including fines, penalties, restitution, or alterations in our business practices, and in additional expenses and collateral costs and other consequences. Such remedies and other consequences typically have not been material to us from a financial standpoint, but could be in the future. Even if not financially material, they may result in significant reputational harm or other adverse consequences.

As has been publicly reported, the U.S. Department of Justice is conducting an inquiry relating to the federal Low Income Housing Tax Credit (LIHTC) program directed at program participants. In connection with that inquiry, the Department of Justice has requested information from PNC Bank. We are cooperating with the inquiry.

Our practice is to cooperate fully with regulatory and governmental investigations, audits and other inquiries, including that described in this Note 19.

Other

In addition to the proceedings or other matters described above, PNC and persons to whom we may have indemnification obligations, in the normal course of business, are subject to various other pending and threatened legal proceedings in which claims for monetary damages and other relief are asserted. We do not anticipate, at the present time, that the ultimate aggregate liability, if any, arising out of such other legal proceedings will have a material adverse effect on our financial position. However, we cannot now determine whether or not any claims asserted against us or others to whom we may have indemnification obligations, whether in the proceedings or other matters described above or otherwise, will have a material adverse effect on our results of operations in any future reporting period, which will depend on, among other things, the amount of the loss resulting from the claim and the amount of income otherwise reported for the reporting period.

Specifically, we made due inquiry with respect to the City's Aldermen, the Mayor, the Treasurer and the City Clerk.

ATTACHMENT TO SECTION V, PART B-CERTAIN OFFENSES INVOLVING CCC AND SISTER AGENCIES AND SECTION V, PART C-FURTHER CERTIFICATIONS

Inclusive of the paragraphs that follow, the Applicant certifies the accuracy of the certifications contained in Section V, paragraphs B and C (to its most current certification) only as to itself, and certifies that to the best of the Applicant's knowledge after due inquiry, and as of October 2020, the statements in paragraphs B are accurate with respect to the executive officers and directors of the Applicant identified in Section II.B.1.

As with any large diversified financial services company of its size in the highly-regulated banking and securities field, Wells Fargo Bank, N.A. and Wells Fargo & Company (collectively, “Wells Fargo”) are subject to receiving inquiries and subpoenas from regulators and law enforcement from time to time, as well as being subject to civil litigation. Wells Fargo responds regularly to inquiries and investigations by governmental entities and, as a highly regulated diversified financial institution has in the past entered into settlements of some of those investigations, including those specified below.

Wells Fargo Bank, N.A. (“WFBNA”) has paid municipal fines and judgments in connection with alleged violations of local housing laws (regarding certain homes the bank repossessed or that were subject to mortgages in which the Bank had a legal interest or role), some of which are characterized as misdemeanors. However, there have been no judgments, injunctions or liens arising out of such litigations or proceedings in the last five years that would materially impair Wells Fargo's ability as of this date to conduct its business or meet its obligations under the transaction to which this EDS relates.

During the third quarter of 2016, WFBNA entered into settlement agreements with the City of Los Angeles, the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency regarding certain sales practices. See press release dated September 8, 2016 at https://www.wellsfargo.com/about/press/2016/sales-practices-agreements_0908.content (the “2016 Settlement”).

Following the announcement of the 2016 Settlement discussed above, certain state and local governmental bodies and municipal entities have temporarily suspended or removed WFBNA from providing certain commercial and investment banking services.

The Community Reinvestment Act (“CRA”) of 1977 requires banks to meet the credit needs of all the communities where they do business, especially low- and moderate-income communities. In its most recent CRA Performance Examination, which covers the years 2012-2018, the Office of the Comptroller of the Currency (OCC) gave WFBNA an overall CRA rating “Outstanding.” In its current performance evaluation, the Office of the Comptroller of the Currency recognized WFBNA for being “a leader in making community development loans,” and cited our “significant use of innovative and/or flexible loan products” to meet credit needs. The performance evaluation also noted that WFBNA's retail banking options are accessible in a majority of the areas surveyed and that we serve our customers through full-service ATMs, phone banking, online and mobile banking, and mobile payments. On the individual components of the Examination, WFBNA received an “Outstanding” on the Lending Test, a “High Satisfactory” on the Investment Test, and a “High Satisfactory” on the Service Test. WFBNA was rated “Needs to Improve” in the OCC's previous CRA Performance Evaluation, covering the years 2009-2012 (“Prior Evaluation”). In the Prior Evaluation, WFBNA's overall performance under the Lending and Investment tests was rated Outstanding and under the Service test was rated High Satisfactory; however, the overall rating was lowered two rating levels from “Outstanding” to “Needs to Improve” due to previously issued regulatory consent orders. A number of jurisdictions suspended WFBNA as

a provider of certain banking services in response to the Prior Evaluation.

On February 2, 2018, Wells Fargo & Company (the “Company”) entered into a consent order with the Federal Reserve Board (“FRB”). As required by the consent order, the Board submitted to the FRB a plan to further enhance the Board’s governance and oversight of the Company, and the Company submitted to the FRB a plan to further improve the Company’s compliance and operational risk management program.

On April 20, 2018, the Company entered into consent orders with the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency to pay an aggregate of \$1 billion in civil money penalties to resolve matters regarding the Company’s compliance risk management program and past practices involving certain automobile collateral protection insurance policies and certain mortgage interest rate lock extensions.

In August 2018, the Company announced that it entered into an agreement with the U.S. Department of Justice (DOJ) to resolve a previously disclosed investigation by the DOJ regarding claims related to certain 2005–07 residential mortgage-backed securities activities.

On December 28, 2018, the Company entered into a settlement with all 50 state Attorneys General and the District of Columbia regarding previously disclosed retail sales practices, auto collateral protection insurance and guaranteed asset/auto protection, and mortgage interest rate lock matters.

Also in the ordinary course of its business, Wells Fargo regularly enters into financial transactions of various types with public entities throughout the United States. It is possible that one or more public entities have terminated a transaction for cause or default.

For a description of certain legal proceedings, please see the Company’s SEC filings 2020 10-Q (Q1 & Q2) and 2019 10-K <https://www.wellsfargo.com/about/investor-relations/filings/> a summary of which are on file with the City and our 2019 Annual report, <https://www.wellsfargo.com/about/investor-relations/annual-reports/>. ATTACHMENT E

SLAVERY ERA BUSINESS SUMMARY

After years of research, Wells Fargo has found no records that indicate it – or any entities it acquired before the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery.

With the Wachovia merger, Wells Fargo inherited hundreds of Wachovia's predecessor financial institutions, including two that had extensive involvement in slavery. In 2005 Wachovia announced these findings and apologized for the role its predecessors played and renewed its commitment to preserve and promote the history of the African-American experience in our nation. Wells Fargo shares that commitment and affirms its long-standing opposition to slavery.

Furthermore, Wells Fargo has found no records that any entities it acquired subsequent to the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery, which research has been updated to include all legal entities acquired since its last submission of December, 2017.

The following narrative summarizes the results of the research that has been performed regarding Wachovia Bank and its ties to slavery.

SUMMARY OF RESEARCH

External research has revealed that two predecessor institutions of the undersigned, the Georgia Railroad & Banking Company and the Bank of Charleston, owned slaves.

Due to incomplete records, the undersigned cannot determine exactly how many slaves either the Georgia Railroad and Banking Company or the Bank of Charleston owned. Through specific transactional records, researchers determined that the Georgia Railroad and Banking Company owned at least 162 slaves, and the Bank of Charleston accepted at least 529 slaves as collateral on mortgaged properties or loans, and acquired an undetermined number of these individuals when customers defaulted on their loans.

The Georgia Railroad and Banking Company was founded in 1833 to complete a railroad line between the City of Augusta and the interior of the state of Georgia. The company relied on slave labor for the construction and maintenance of this railway. According to the existing and searchable bank records, 162 slaves were owned or authorized to be purchased by the Georgia Railroad and Banking Company between 1836 and 1842. In addition, the company awarded work to contractors who purchased at least 400 slaves to perform work on the railways.

The Bank of Charleston, founded in 1834, issued loans and mortgages where enslaved individuals were used as collateral. A review of the bank's account ledgers revealed a minimum of 24 transactions involving reference to 529 enslaved individuals being used

as collateral. In most cases, the loan was paid on schedule, and the bank never took possession of slaves that were pledged as collateral on the loan. In several documented instances, however, customers defaulted on their loans and the Bank of Charleston took actual possession of slaves. The total number of slaves of whom the bank took possession cannot be accurately tallied due to the lack of records.

In addition, ten predecessor companies were determined to have profited more indirectly from slavery through the following means:

- Founders, directors, or account holders who owned slaves and/or profited directly from slavery;
- Investing in or transacting business with companies or individuals that owned slaves;
- Investing in the bonds of slave states and municipalities;
- Investing in U.S. government bonds during years when the United States permitted and profited from slave labor directly through taxation.

These institutions are:

- Bank of North America (Philadelphia, Pa.)
- Bank of Baltimore
- The Philadelphia Bank (later Philadelphia National Bank)
- Farmers' & Mechanics' Bank of Philadelphia
- Pennsylvania Company for Insurances on Lives and the Granting of Annuities
- State Bank of Elizabeth (Elizabeth, N.J.)
- State Bank of Newark (Newark, N.J.)
- Savings Bank of Baltimore
- Girard National Bank
- The Carswell Group (established in 1868, acquired by Palmer & Cay, Inc. in 1985)
- The Trenton Banking Company

ATTACHMENT TO SECTION V, PART B-CERTAIN OFFENSES INVOLVING CCC AND SISTER AGENCIES AND SECTION V, PART C-FURTHER CERTIFICATIONS

Inclusive of the paragraphs that follow, the Applicant certifies the accuracy of the certifications contained in Section V, paragraphs B and C (to its most current certification) only as to itself, and certifies that to the best of the Applicant's knowledge after due inquiry, and as of October 2020, the statements in paragraphs B are accurate with respect to the executive officers and directors of the Applicant identified in Section II.B.1.

As with any large diversified financial services company of its size in the highly-regulated banking and securities field, Wells Fargo Bank, N.A. and Wells Fargo & Company (collectively, “Wells Fargo”) are subject to receiving inquiries and subpoenas from regulators and law enforcement from time to time, as well as being subject to civil litigation. Wells Fargo responds regularly to inquiries and investigations by governmental entities and, as a highly regulated diversified financial institution has in the past entered into settlements of some of those investigations, including those specified below.

Wells Fargo Bank, N.A. (“WFBNA”) has paid municipal fines and judgments in connection with alleged violations of local housing laws (regarding certain homes the bank repossessed or that were subject to mortgages in which the Bank had a legal interest or role), some of which are characterized as misdemeanors. However, there have been no judgments, injunctions or liens arising out of such litigations or proceedings in the last five years that would materially impair Wells Fargo's ability as of this date to conduct its business or meet its obligations under the transaction to which this EDS relates.

During the third quarter of 2016, WFBNA entered into settlement agreements with the City of Los Angeles, the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency regarding certain sales practices. See press release dated September 8, 2016 at https://www.wellsfargo.com/about/press/2016/sales-practices-agreements_0908.content (the “2016 Settlement”).

Following the announcement of the 2016 Settlement discussed above, certain state and local governmental bodies and municipal entities have temporarily suspended or removed WFBNA from providing certain commercial and investment banking services.

The Community Reinvestment Act (“CRA”) of 1977 requires banks to meet the credit needs of all the communities where they do business, especially low- and moderate-income communities. In its most recent CRA Performance Examination, which covers the years 2012-2018, the Office of the Comptroller of the Currency (OCC) gave WFBNA an overall CRA rating “Outstanding.” In its current performance evaluation, the Office of the Comptroller of the Currency recognized WFBNA for being “a leader in making community development loans,” and cited our “significant use of innovative and/or flexible loan products” to meet credit needs. The performance evaluation also noted that WFBNA's retail banking options are accessible in a majority of the areas surveyed and that we serve our customers through full-service ATMs, phone banking, online and mobile banking, and mobile payments. On the individual components of the Examination, WFBNA received an “Outstanding” on the Lending Test, a “High Satisfactory” on the Investment Test, and a “High Satisfactory” on the Service Test. WFBNA was rated “Needs to Improve” in the OCC's previous CRA Performance Evaluation, covering the years 2009-2012 (“Prior Evaluation”). In the Prior Evaluation, WFBNA's overall performance under the Lending and Investment tests was rated Outstanding and under the Service test was rated High Satisfactory; however, the overall rating was lowered two rating levels from “Outstanding” to “Needs to Improve” due to previously issued regulatory consent orders. A number of jurisdictions suspended WFBNA as

a provider of certain banking services in response to the Prior Evaluation.

On February 2, 2018, Wells Fargo & Company (the “Company”) entered into a consent order with the Federal Reserve Board (“FRB”). As required by the consent order, the Board submitted to the FRB a plan to further enhance the Board’s governance and oversight of the Company, and the Company submitted to the FRB a plan to further improve the Company’s compliance and operational risk management program.

On April 20, 2018, the Company entered into consent orders with the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency to pay an aggregate of \$1 billion in civil money penalties to resolve matters regarding the Company’s compliance risk management program and past practices involving certain automobile collateral protection insurance policies and certain mortgage interest rate lock extensions.

In August 2018, the Company announced that it entered into an agreement with the U.S. Department of Justice (DOJ) to resolve a previously disclosed investigation by the DOJ regarding claims related to certain 2005–07 residential mortgage-backed securities activities.

On December 28, 2018, the Company entered into a settlement with all 50 state Attorneys General and the District of Columbia regarding previously disclosed retail sales practices, auto collateral protection insurance and guaranteed asset/auto protection, and mortgage interest rate lock matters.

Also in the ordinary course of its business, Wells Fargo regularly enters into financial transactions of various types with public entities throughout the United States. It is possible that one or more public entities have terminated a transaction for cause or default.

For a description of certain legal proceedings, please see the Company’s SEC filings 2020 10-Q (Q1 & Q2) and 2019 10-K <https://www.wellsfargo.com/about/investor-relations/filings/> a summary of which are on file with the City and our 2019 Annual report, <https://www.wellsfargo.com/about/investor-relations/annual-reports/>. Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

 X 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

ATTACHMENT E

SLAVERY ERA BUSINESS SUMMARY

After years of research, Wells Fargo has found no records that indicate it – or any entities it acquired before the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery.

With the Wachovia merger, Wells Fargo inherited hundreds of Wachovia's predecessor financial institutions, including two that had extensive involvement in slavery. In 2005 Wachovia announced these findings and apologized for the role its predecessors played and renewed its commitment to preserve and promote the history of the African-American experience in our nation. Wells Fargo shares that commitment and affirms its long-standing opposition to slavery.

Furthermore, Wells Fargo has found no records that any entities it acquired subsequent to the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery, which research has been updated to include all legal entities acquired since its last submission of December, 2017.

The following narrative summarizes the results of the research that has been performed regarding Wachovia Bank and its ties to slavery.

SUMMARY OF RESEARCH

External research has revealed that two predecessor institutions of the undersigned, the Georgia Railroad & Banking Company and the Bank of Charleston, owned slaves.

Due to incomplete records, the undersigned cannot determine exactly how many slaves either the Georgia Railroad and Banking Company or the Bank of Charleston owned. Through specific transactional records, researchers determined that the Georgia Railroad and Banking Company owned at least 162 slaves, and the Bank of Charleston accepted at least 529 slaves as collateral on mortgaged properties or loans, and acquired an undetermined number of these individuals when customers defaulted on their loans.

The Georgia Railroad and Banking Company was founded in 1833 to complete a railroad line between the City of Augusta and the interior of the state of Georgia. The company relied on slave labor for the construction and maintenance of this railway. According to the existing and searchable bank records, 162 slaves were owned or authorized to be purchased by the Georgia Railroad and Banking Company between 1836 and 1842. In addition, the company awarded work to contractors who purchased at least 400 slaves to perform work on the railways.

The Bank of Charleston, founded in 1834, issued loans and mortgages where enslaved individuals were used as collateral. A review of the bank's account ledgers revealed a minimum of 24 transactions involving reference to 529 enslaved individuals being used

as collateral. In most cases, the loan was paid on schedule, and the bank never took possession of slaves that were pledged as collateral on the loan. In several documented instances, however, customers defaulted on their loans and the Bank of Charleston took actual possession of slaves. The total number of slaves of whom the bank took possession cannot be accurately tallied due to the lack of records.

In addition, ten predecessor companies were determined to have profited more indirectly from slavery through the following means:

- Founders, directors, or account holders who owned slaves and/or profited directly from slavery;
- Investing in or transacting business with companies or individuals that owned slaves;
- Investing in the bonds of slave states and municipalities;
- Investing in U.S. government bonds during years when the United States permitted and profited from slave labor directly through taxation.

These institutions are:

- Bank of North America (Philadelphia, Pa.)
- Bank of Baltimore
- The Philadelphia Bank (later Philadelphia National Bank)
- Farmers' & Mechanics' Bank of Philadelphia
- Pennsylvania Company for Insurances on Lives and the Granting of Annuities
- State Bank of Elizabeth (Elizabeth, N.J.)
- State Bank of Newark (Newark, N.J.)
- Savings Bank of Baltimore
- Girard National Bank
- The Carswell Group (established in 1868, acquired by Palmer & Cay, Inc. in 1985)
- The Trenton Banking Company

Section III – Income or Compensation to, or Ownership by, City Elected Officials

The undersigned warrants, to the best of his knowledge after due inquiry, that the Disclosing Party has not provided any income or compensation to any City elected official in 12 months before, nor does the undersigned reasonably expect to during the 12-month period following, the date the undersigned has signed this EDS. As the date of this filing, the undersigned is in the process of completing our due diligence on Independent Contracts, when completed we will update this response if needed.

Note that in the ordinary course of its business, Wells Fargo makes loans of various types with individuals and businesses. We have determined that these loans do not constitute a "business relationship" as defined in Chapter 2-156 of the Municipal Code.

Note further that the Disclosing Party has no way of identifying spouses or domestic partners of any City elected official, or the identities of any entities in which any city elected official or his or her spouse or domestic partner has a financial interest, and thus limits its certification to "City elected officials" as specially required by Section III. Specifically, we made due inquiry with respect to the City's Aldermen, the Mayor, the Treasurer and the City Clerk.

ATTACHMENT TO SECTION V, PART B-CERTAIN OFFENSES INVOLVING CCC AND SISTER AGENCIES AND SECTION V, PART C-FURTHER CERTIFICATIONS

Inclusive of the paragraphs that follow, the Applicant certifies the accuracy of the certifications contained in Section V, paragraphs B and C (to its most current certification) only as to itself, and certifies that to the best of the Applicant's knowledge after due inquiry, and as of October 2020, the statements in paragraphs B are accurate with respect to the executive officers and directors of the Applicant identified in Section II.B.1.

As with any large diversified financial services company of its size in the highly-regulated banking and securities field, Wells Fargo Bank, N.A. and Wells Fargo & Company (collectively, “Wells Fargo”) are subject to receiving inquiries and subpoenas from regulators and law enforcement from time to time, as well as being subject to civil litigation. Wells Fargo responds regularly to inquiries and investigations by governmental entities and, as a highly regulated diversified financial institution has in the past entered into settlements of some of those investigations, including those specified below.

Wells Fargo Bank, N.A. (“WFBNA”) has paid municipal fines and judgments in connection with alleged violations of local housing laws (regarding certain homes the bank repossessed or that were subject to mortgages in which the Bank had a legal interest or role), some of which are characterized as misdemeanors. However, there have been no judgments, injunctions or liens arising out of such litigations or proceedings in the last five years that would materially impair Wells Fargo's ability as of this date to conduct its business or meet its obligations under the transaction to which this EDS relates.

During the third quarter of 2016, WFBNA entered into settlement agreements with the City of Los Angeles, the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency regarding certain sales practices. See press release dated September 8, 2016 at https://www.wellsfargo.com/about/press/2016/sales-practices-agreements_0908.content (the “2016 Settlement”).

Following the announcement of the 2016 Settlement discussed above, certain state and local governmental bodies and municipal entities have temporarily suspended or removed WFBNA from providing certain commercial and investment banking services.

The Community Reinvestment Act (“CRA”) of 1977 requires banks to meet the credit needs of all the communities where they do business, especially low- and moderate-income communities. In its most recent CRA Performance Examination, which covers the years 2012-2018, the Office of the Comptroller of the Currency (OCC) gave WFBNA an overall CRA rating “Outstanding.” In its current performance evaluation, the Office of the Comptroller of the Currency recognized WFBNA for being “a leader in making community development loans,” and cited our “significant use of innovative and/or flexible loan products” to meet credit needs. The performance evaluation also noted that WFBNA's retail banking options are accessible in a majority of the areas surveyed and that we serve our customers through full-service ATMs, phone banking, online and mobile banking, and mobile payments. On the individual components of the Examination, WFBNA received an “Outstanding” on the Lending Test, a “High Satisfactory” on the Investment Test, and a “High Satisfactory” on the Service Test. WFBNA was rated “Needs to Improve” in the OCC's previous CRA Performance Evaluation, covering the years 2009-2012 (“Prior Evaluation”). In the Prior Evaluation, WFBNA's overall performance under the Lending and Investment tests was rated Outstanding and under the Service test was rated High Satisfactory; however, the overall rating was lowered two rating levels from “Outstanding” to “Needs to Improve” due to previously issued regulatory consent orders. A number of jurisdictions suspended WFBNA as

a provider of certain banking services in response to the Prior Evaluation.

On February 2, 2018, Wells Fargo & Company (the “Company”) entered into a consent order with the Federal Reserve Board (“FRB”). As required by the consent order, the Board submitted to the FRB a plan to further enhance the Board’s governance and oversight of the Company, and the Company submitted to the FRB a plan to further improve the Company’s compliance and operational risk management program.

On April 20, 2018, the Company entered into consent orders with the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency to pay an aggregate of \$1 billion in civil money penalties to resolve matters regarding the Company’s compliance risk management program and past practices involving certain automobile collateral protection insurance policies and certain mortgage interest rate lock extensions.

In August 2018, the Company announced that it entered into an agreement with the U.S. Department of Justice (DOJ) to resolve a previously disclosed investigation by the DOJ regarding claims related to certain 2005–07 residential mortgage-backed securities activities.

On December 28, 2018, the Company entered into a settlement with all 50 state Attorneys General and the District of Columbia regarding previously disclosed retail sales practices, auto collateral protection insurance and guaranteed asset/auto protection, and mortgage interest rate lock matters.

Also in the ordinary course of its business, Wells Fargo regularly enters into financial transactions of various types with public entities throughout the United States. It is possible that one or more public entities have terminated a transaction for cause or default.

For a description of certain legal proceedings, please see the Company’s SEC filings 2020 10-Q (Q1 & Q2) and 2019 10-K <https://www.wellsfargo.com/about/investor-relations/filings/> a summary of which are on file with the City and our 2019 Annual report, <https://www.wellsfargo.com/about/investor-relations/annual-reports/>. E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

 1. The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

 X 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:

Please see Attachment E (eDocs# 19787144)

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

A. CERTIFICATION REGARDING LOBBYING – N/A

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

ATTACHMENT E

SLAVERY ERA BUSINESS SUMMARY

After years of research, Wells Fargo has found no records that indicate it – or any entities it acquired before the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery.

With the Wachovia merger, Wells Fargo inherited hundreds of Wachovia's predecessor financial institutions, including two that had extensive involvement in slavery. In 2005 Wachovia announced these findings and apologized for the role its predecessors played and renewed its commitment to preserve and promote the history of the African-American experience in our nation. Wells Fargo shares that commitment and affirms its long-standing opposition to slavery.

Furthermore, Wells Fargo has found no records that any entities it acquired subsequent to the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery, which research has been updated to include all legal entities acquired since its last submission of December, 2017.

The following narrative summarizes the results of the research that has been performed regarding Wachovia Bank and its ties to slavery.

SUMMARY OF RESEARCH

External research has revealed that two predecessor institutions of the undersigned, the Georgia Railroad & Banking Company and the Bank of Charleston, owned slaves.

Due to incomplete records, the undersigned cannot determine exactly how many slaves either the Georgia Railroad and Banking Company or the Bank of Charleston owned. Through specific transactional records, researchers determined that the Georgia Railroad and Banking Company owned at least 162 slaves, and the Bank of Charleston accepted at least 529 slaves as collateral on mortgaged properties or loans, and acquired an undetermined number of these individuals when customers defaulted on their loans.

The Georgia Railroad and Banking Company was founded in 1833 to complete a railroad line between the City of Augusta and the interior of the state of Georgia. The company relied on slave labor for the construction and maintenance of this railway. According to the existing and searchable bank records, 162 slaves were owned or authorized to be purchased by the Georgia Railroad and Banking Company between 1836 and 1842. In addition, the company awarded work to contractors who purchased at least 400 slaves to perform work on the railways.

The Bank of Charleston, founded in 1834, issued loans and mortgages where enslaved individuals were used as collateral. A review of the bank's account ledgers revealed a minimum of 24 transactions involving reference to 529 enslaved individuals being used

as collateral. In most cases, the loan was paid on schedule, and the bank never took possession of slaves that were pledged as collateral on the loan. In several documented instances, however, customers defaulted on their loans and the Bank of Charleston took actual possession of slaves. The total number of slaves of whom the bank took possession cannot be accurately tallied due to the lack of records.

In addition, ten predecessor companies were determined to have profited more indirectly from slavery through the following means:

- Founders, directors, or account holders who owned slaves and/or profited directly from slavery;
- Investing in or transacting business with companies or individuals that owned slaves;
- Investing in the bonds of slave states and municipalities;
- Investing in U.S. government bonds during years when the United States permitted and profited from slave labor directly through taxation.

These institutions are:

- Bank of North America (Philadelphia, Pa.)
- Bank of Baltimore
- The Philadelphia Bank (later Philadelphia National Bank)
- Farmers' & Mechanics' Bank of Philadelphia
- Pennsylvania Company for Insurances on Lives and the Granting of Annuities
- State Bank of Elizabeth (Elizabeth, N.J.)
- State Bank of Newark (Newark, N.J.)
- Savings Bank of Baltimore
- Girard National Bank
- The Carswell Group (established in 1868, acquired by Palmer & Cay, Inc. in 1985)
- The Trenton Banking Company

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.
