Subsequent Phase Improvements that contain modifications which would otherwise be considered minor changes to the Planned Development shall be deemed to be in substantial conformance therewith. If the Subsequent Phase Site Plan Approval Submittals substantially conform with the provisions of this Planned Development, the Department of Planning and Development shall approve same within thirty (30) days from submission thereof. Following approval thereof by the Department of Planning and Development, said Subsequent Phase Site Plan Approval Submittals, and each of them, shall be kept on permanent file with the Department of Planning and Development and shall be deemed to be an integral part of this Planned Development. After approval of the Subsequent Phase Site Plan Approval Submittals by the Department of Planning and Development, the same may be changed or modified pursuant to the provisions of Statement Number 13 of this Planned Development. In the event of any inconsistency between Subsequent Phase Site Plan Approval Submittals and the terms of this Planned Development in effect at the time of approval of such Subsequent Phase Site Plan Approval Submittals or of the changes or modifications thereto, the terms of this Planned Development shall govern.

Notwithstanding the foregoing, no Site Plan Approval shall be required in connection with the development of the Phase I improvements, the new construction building located in Subarea D contemplated by the 2017 amendment to this Planned Development or the buildings proposed in Subareas B or D contemplated by this amendment.

- (f) building elevations; and
- (g) compliance with the Street Character Guidelines.

Subsequent Phase Site Plan Approval Submittals shall include such other information as may be necessary to illustrate substantial conformance with the applicable provisions of this Planned Development.

13. The terms, conditions and exhibits of this Planned Development may be modified administratively by the Commissioner of the Department of Planning and Development upon the request of the Applicant, the Affiliates or their successors, assignees or grantees and after a determination by the Commissioner that such a modification is minor, appropriate and consistent with the nature of the development of the Property contemplated herein and will not result in increasing the maximum floor area ratio for the total net site area or the maximum number of units for the total net site area established in this planned development. Any such modification shall be deemed a minor change in the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance. Notwithstanding the provisions of Section 11.11-3(c) of the Chicago Zoning Ordinance, such minor changes may include, but are not limited to, a reduction in the minimum required distance between structures, a reduction in periphery setbacks and an increase in the maximum percent of land covered.
14. The Applicant, the Affiliates, and their successors, assignees or grantees acknowledge that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The Applicant and Affiliates shall use best and commercially reasonable efforts to design, construct and maintain all new buildings located within this Planned Development in an energy efficient manner, generally consistent with the most current energy efficiency standards published by the American Society of Heating, Refrigeration and Air Conditioning Engineers ("A.S.H.R.A.E.") and the Illuminating Engineering Society ("I.E.S.").

The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. 15. The Applicant, the Affiliates and their successors, assignees or grantees acknowledge that it is in the public interest to design, construct and maintain all buildings in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all new buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities ("M.O.P.D.") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility. No approvals shall be granted pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance until the Director of M.O.P.D. has approved detailed construction drawings for each building or improvement.
16. Applicant and Affiliates acknowledges that it is in the public interest to design, construct and maintain all buildings and improvements on the Property in a manner that promotes energy efficiency and maximizes the conservation of natural resources. To promote these objectives, the Applicant and Affiliates agree to review with the Department of Planning and Development to determine if any features, materials or resources would be cost-effective to include as a part of the design, construction, and maintenance of the buildings and improvements on the Property. Cost-effectiveness shall be in the sole discretion of the Applicant and Affiliates. Provided funding is available as indicated below, this review process shall specifically include the use of computer modeling programs recommended by the Department of Planning and Development. The types of features, materials and resources that will be analyzed and considered during this process are enumerated on Exhibit 12. This listing is not intended to be exhaustive and other features, materials and resources may also be reviewed and evaluated. All features, materials or resources shall be evaluated in the context of the Home Energy Rating System. To the extent that design, construction and maintenance of any of these features materials or resources requires supplemental funding from the City or other funding sources, design, construction or maintenance shall be subject to the receipt of such funding.

- (1) Facades. Front facades, including end walls which front public streets or open spaces, be of brick, have windows and be ornamented with artificial stone or concrete. They shall be varied in material, roofline and window style. The front facade brick should turn the corner for a minimum of four (4) feet at the side walls. (d) Fencing, Walls And Gates. Fencing separating the private yards from the street or common open space should be no less than seventy percent (70%) transparent and no more than five (5) feet in height.

18. The Applicant acknowledges and agrees that the rezoning of the Property in Subarea D that was the subject of the 2017 amendment (the “2017 Amendment Property”) and the buildings proposed in Subareas B or D contemplated by this amendment (the “Subject Property”) from Planned Development Number 896 to Planned Development Number 896, as amended, triggers the requirements of Section 2-45-115 of the Municipal Code (the “Affordable Requirements Ordinance” or “ARO”). Any developer of a “residential housing project” within the meaning of the ARO must: (i) set aside 10% of the housing units in the residential housing project (the “Required Units”) as affordable units, or with the Commissioner’s approval, provide the Required Units in an approved off-site location; (ii) pay a fee in lieu of the development of the Required Units; or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25% of the Required Units on-site or off-site. If the developer elects to provide affordable units off-site, the off-site affordable units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district.

The 2017 Amendment Property is located in a “higher income area” within the meaning of the ARO, and the project had a total of 73 units. As a result, the Applicant’s affordable housing obligation is 7 affordable units (10% of 73 rounded down), 2 of which are Required Units (25% of 7, rounded up). Applicant agreed to satisfy its affordable housing obligation by providing 7 affordable units in the rental building to be constructed in the Planned Development. The Applicant agrees that the affordable rental units must be affordable to households earning no more than 60% of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development (“DPD”) for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in on the Subject Property, including, without limitation, excavation or foundation permits, the Applicant executed and recorded an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement was recorded against the 2017 Amendment Property and constituted a lien against such property.

The Subject Property is located in a “higher income area” within the meaning of the ARO, and the project has a total of 222 units. As a result, the Applicant’s affordable housing obligation is 44 affordable units (20% of ~~XX~~ rounded down), 11 of which are Required Units (25% of 44, rounded up). Applicant has agreed to satisfy its affordable housing obligation by providing 44 affordable units in the rental building to be constructed in the Planned Development. The Applicant agrees that the affordable rental units must be affordable to households earning no more than 60% of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development (“DPD”) for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in on the Subject Property, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/or execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property.

The Commissioner of DPD may enforce remedies for any breach of this Statement 18, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development. Notwithstanding the foregoing, if the Applicant receives Low-Income Housing Tax Credits, tax increment financing or other financial assistance whose affordability requirements exceed those of the Affordable Housing Ordinance from the City to develop affordable housing in any portion of the Planned Development, the regulatory, redevelopment, loan or other agreement(s) to be executed by the City and the Applicant in connection with such tax credits or other financial assistance shall govern and control the Applicant's obligation to provide affordable housing for such subsidized portion of the Planned Development.

19. The Applicant acknowledges the city’s ongoing and evolving initiatives to enhance awareness of, and support and encourage participation by, Minority and Women’s Business Enterprise certified contractors and local city residents.
